June 26 12 noon the port of GENOA has been closed to all traffic as a result of destruction yesterday with loss of 15 lives of a British minesweeper engaged in operations in the harbour. Prospects of reopening depend upon results of further efforts to remove the mines .

Prospects for using port of SAVONA reported better than GENOA it is hoped to have that port open early in July for vessels drawing up to 27 feet of water. This will permit discharge of badly needed coal which can be transported by carriers to industrial centres.

Did my wire of 17 June make clear that the hall is under USNAV requisition? Am delaying approach to commandant pending your reply in order to be sure there has been no misunderstanding. Does AFHQ policy go so far as to call for affirmative action on our part to provide place for political meetings? If hall had been given for Socialist meeting all the other parties would of course have equal rights.

This is MAP 1023.

1. During TRIESTE conference difference developed with JUGOSLAVS over interpretation para 3 BELGRADE agreement regarding continuance civil administration. JUGOSLAVS submitted memorandum containing proposals not acceptable to us. Memorandum and our comments attached to agreement forwarded to you. In view expressed attitude JUGOSLAVS, radio broadcasts of last few days and declaration local SLOVENE groups, desire confirmation our interpretation as basis for possible further discussion or action.

2. Para 3 BELGRADE agreement provides that use will be made of "Any JUGOSLAV civil administration which is already set up and which in the view of the Supreme Allied Commander is working satisfactorily".

3. Present status of civil administration in our area is generally as follows: Italian Administration is functioning in part but has in part been suspended by JUGOSLAV action during the period of their occupation. The prefecture staff is still on the payroll but has been relieved of any executive responsibility. Organizations such as Genio Civile, sepral and the Consorzio are still functioning executively with JUGOSLAV appointed chiefs. In place of the Prefecture Staff the JUGOSLAVS have set up committees of liberation with subcommittees having jurisdiction in various administrative fields which up to the present have been exercising executive powers.

1193

SECRET

SECRET

Page 2

This pattern has been followed down through the district and communal level with the regional committee exercising executive control over the whole area. Obviously, this JUGOSLAV Committee Administration is not completely or finally organized but it was the machinery which was functioning on the date of our occupation. The JUGOSLAVS are taking the position that the BELGRADE agreement commits us to adopt this committee structure as the "Existing Administration".

4. We have maintained that inasmuch as the basic law of this area is and must continue to be Italian the Italian Administrative System must in its essentials be continued; that it was the intention of the agreement that our commitment to continue existing administration related to personnel rather than to the system of administration itself; and that the committee system as an executive instrument of Local Government cannot be recognized but that committees where useful will be employed in an advisory capacity as in other parts of ITALY.

5. We are convinced that above position is the proper one and the only one we can take as practical matter. Some color may be given to JUGOSLAV claim by wording of para 3. You will recall that the draft which we submitted read "Administrators" in place of "Administration". Had this wording appeared in final agreement the position would have been perfectly clear. We of course have in mind the qualification that the administration must in view of SAC be working satisfactorily. However we do not believe we should rely on this as we might then have the wholly anomalous situation of a committee form of government in one commune and the Italian system functioning in the adjacent locality. This would obviously be unworkable in practice.

6. Request confirmation that our interpretation is correct and any further guidance you may wish to give us.

CONFIDENTIAL.

Our O.107 of 18 due to cipher error. Your FX 93720 cite FHGCT of 15. Recruitment of Patriots since last July is as follows:

1. War Ministry under MMIA instruction has been recruiting volunteers, patriot or otherwise, from all over ITALY as and when required to bring formations and units up to strength.

2. General GADORNA'S proposal to enlist 10,000 patriots from NW ITALY would partially be met by MMIA agreement to accept 4,000 for month of June and more if War Establishment of combat groups and Administrative Divisions permitted. Numbers of patriot volunteers, however, have in past fallen short of vacancies available and considered unlikely 4,000 suitable patriot volunteers will be found from NW ITALY for month of June.

SUBJECT: MURDER OF MARTIN LUTHER KING, JR.;
RE: NEW YORK TELETYPE TO BUREAU, JUNE 27, 1963.

IN CLERK.

RE: NEW YORK TELETYPE.

STEAMER MURDER CLEVELAND due June 27 with 8561 tons bagged wheat partial discharge. MURDER and complete at CLEVELAND. MURDER and bagged wheat space at NEW YORK and CLEVELAND are unable to handle this vessel with out serious delay particularly in view of the fact that the steamer MURDER is still at CLEVELAND averaging less than 300 tons per day and critical MURDER cargo presently being held at NEW YORK is now in line for CLEVELAND. Steamer MURDER is due July 4 therefore must refuse to accept cargo should MURDER CLEVELAND. An alternative suggest lightening MURDER CLEVELAND at other port for completion and complete at CLEVELAND as neither NEW YORK or CLEVELAND have sufficient storage space for any sizable quantity of bagged wheat also MURDER for shipping administration.

Steamer MONS CLEVELAND due June 27th with 8501 tons bagged wheat partial discharge BARLES and complete at PERMOUTH. Elevators and bagged storage space at TORRE ARUNZATA and CASTELLAMARE are unable to handle this vessel without serious delay particularly in view of the fact that the steamer JOHN HOLLAND is still at CASTELLAMARE averaging less than 500 tons per day and British Empire LAGO presently bagging grain at TORRE is next in line for CASTELLAMARE. Steamer MONS BROWN is due July 4th therefore must refuse to accept cargo aboard MONS CLEVELAND. An alternative suggest lightening MONS CLEVELAND at another port for completion and complete at BARLES as neither TORRE ARUNZATA or CASTELLAMARE have sufficient storage space for any sizeable quantity of bagged wheat cite HERRICK War Shipping Administration.
