Are 28000 workers here who have been receiving midday meal at factory or popular mess consisting of 100 grams of pasta 15 grams of fats and 85 grams of vegetables. In view of reported critical condition of world food supply see no justification for bringing in food for such messes which appear to be convenience rather than necessity. Also regard them as heavily favoring one class of people since food is distributed without cards. Have issued directive that imported supplies will not be issued by Sepral to such messes and that if local rationed foods are issued coupons will be taken. AG scale 16 provides for Mensa Aziendale but we interpret it to be applicable only to non heavy workers which would exclude great majority of 28000 mentioned above. May we have benefit of your advice about these messes and our action with respect thereto please treat as urgent.

N 17703. With reference to the conversation the Secretary of State of this presidency had to day with Admiral STONE, I wish to call the attention of the ALLIED COMMISSION of my preceding telegram dated the 24th of June last N.20441/11862 and I seize the opportunity to beg you again to kindly examine the possibility of excluding German Prisoners of War from mechanical workshops and factories in FLORENCE in order to avoid labor disoccupation and a possible resentment among the labourers of that city. I beg you also to suspend the projected settlement of the 10.000 German Prisoners of War in the central zone of LEGHORN, which, instead, could be profitably used to shelter greater part of the 35.000 inhabitants of same city, who presently are without a roof because of the destruction of houses by aerial bombings.

DIRECTOR HEAD AND STRIPES INFO ALLIED COMMISSION HOME

IN CLEAR.

N.0391 GAS Volume N 2 of the 19th of June 021 Stars and Stripes has published my interview from which it seems that the ALLIED COMMISSION has assigned inadequate naval means for transportation of cattle from SARDINIA to the continent. On the contrary the ALLIED COMMISSION has agreed with all my request for said means to such extent that the "YANBY BROTHER" was kept as superfluous because of particular reasons caused by the internal situation of the island and returned to the Allies. As for the shipment of coal by rail, the stocks imported from SARDINIA during March last should have been enough up to the month of September only that a greater consumption than that foreseen of that product, due to the special situation has exhausted the supplies so that they are enough only up to the 16th of June and not up to the 16th of July as published by the newspaper. Even on that occasion the ALLIED COMMISSION has generously helped us in our needs and allowed a further supply of more than 3000 tons from SARDINIA, which has occurred during my absence and therefore was not within my knowledge at the moment of said interview and which has improved conditions considerably. ALICE ROSE FREEDOM FOR ETHIO WASHINGTON FOR 0010

RESTRICTED.

TAF 123.

1. Subject is asphalt ROSE. Cipher TAF 96 refers.
2. It is not clear where ICE will come in. VAL DE TRAVERS does not propose to pay sterling arising from sale asphalt ROSE to ROYAL and BRIGION into Italian post-liberation account. They say that under terms of their concession before war they were permitted by Italian Govt to export ROSE from SICILY without returning currency for such exports. They understand from ALICE report by Capt READ that concession (cancelled during hostilities) has been returned them. They see no reason why they should not continue to operate it in that same way particularly since they have millions of lire at present locked up in ITALY which has resulted from business during hostilities which they think should be sufficient to pay for workings of (2 groups missing) since ROSE is already their property.
3. It is not clear from your para 3 whether Italian Govt are prepared to operate their concession in the same way. Grateful your advice.
