The image is a high-contrast, black and white photograph. The majority of the frame is filled with a dark, almost black, textured surface. This texture appears grainy and uneven, with some lighter specks and fibers visible. On the right side of the image, there is a distinct, lighter-colored area that transitions from the dark background. This area has a more uniform, slightly mottled appearance, possibly representing a different material or a reflective surface. The overall composition is abstract and focuses on the interplay of light and shadow across different textures.

WEEKLY SUMMARY NO. 26.

Political: Government set up new Commissariate for Veterans. Will take care of returning veterans, liberated civilians and patriots. ~~CHAPMAN~~ named High Commissioner.

Socialist and Communist parties issued joint statement of progress (10 February) urging a national convention of C.L.M. and formation of Consultative Assembly. They announced that both parties will participate in administrative elections with common programmes and candidates, not however excluding possible agreements with other parties.

Press statement from President (14 February) says Interministerial Committee working out plans with ALGERIA for trade relations with SWITZERLAND; similar action to be studied for other countries.

Food &

Supplies:

LIBYAN-TRIPOLI. Oil amassed during week double previous period. Cooperation from authorities in ROMANIA and PROTESTANT very poor.

Salt position generally is better but supplies of chlorine for ROMANIAN water supply critically low. Arrangements made for 150 tons rock salt to be loaded in SICILY on 12 February for delivery to CIVILIAN ROMANIA to relieve shortage.

ARMENIAN-MOUNTAIN. Olive oil collecting programme now under way in most important producing areas; 23% of goal amassed in region to-date.

5470

RM/.....

-2-

BARI olive oil collection decreasing. Control officers functioning with inadequate transport.

Crimes:

LAKIO-UMBRIA. Out of total of thirty seven reported crimes attributed to civilians eleven involved arms. Four armed attacks attributed to Allied soldiers.

SANDONIA. Shots fired at RUMMO train on night of 8 February. No casualties.

BARI, ANCONA, BRINDESI, LECCE, new cases forged AM currency under investigation.

Health:

Malaria control: A.C. is making available to the Italian Government 20 million Atabrin tablets and all captured stocks of quinine that are on hand.

TOSCANA Region. Typhoid outbreak in SAN GIOVANNI and CAVOGLIA.

Refugees:

Nothing unusual to report.

Price

Tendencies:

LAKIO-UMBRIA. Bread and flour rose by 33% on black market. Rice rose 100%.

Wheat

Collection:

Total to-date: 10,735,113 quintals.

General

Remarks:

LAKIO-UMBRIA. 600 types will be distributed through Prefects in the Region.

ANCONA-MARCHES. EMAC registration proceeding well.

Following industries have resumed production to-date, though hampered by lack of power: wool-spinning plant at AQUILA, cement and lime works at BARRA, various brick factories, MAJOLICA plant at TERNI, shoe factory at CHINI, MONTESAPONE chemical plant at BUSTI, leather tannery at TOLMESE, paper mills at PIERANO and PABIANI, silk industry at ANCONA, foundry at TOLMESE, match factory at JESI, producing largest number of

matchboxes/....

matcha of any factory in Liberated ITALY. Lignite mines at SCOPPIO and NEMO, asphalt mine at SCAPA, and sulphur mines at FORTICARA and CARIGNANO are all operating.

The VIRELLI rubber reclaiming factory at TORREBACCATA began operations and produced 3,000 kilograms of reclaimed rubber.

Permission given to ENEL gas works to increase consumption of coal to 300 tons a day, which should suffice to produce gas at full pressure for seven hours a day.

ULISSE CROCHI plant, TORREBACCATA (ALBA) began production of carbon bisulphide for olive oil refining and soap manufacture.

The plant of Officine Meccaniche e Fonderie at TARI has been reactivated and commenced the manufacture of olive oil presses.

Brigadier,
Chief of Staff.
