Exports totalled approximately 2,000 tons, including 6½ tons of silk to U.K. and 38 tons of mercury to FRANCE.

Eleven industrial premises derequisitioned during past six weeks.

386 1½ ton trucks arrived at LEGHORN from the U.S. and are being railed to ROME for assembly.

Generation of electricity now sufficient to allow for increase in allocation to civilian needs.

Four additional telephone circuits were handed over by the Allied military authorities for Italian Government use between ROME and NAPLES, doubling previous facilities on this essential long-distance connection.

Total number of patriots at present held in centres is 1,212.

Expiration of local government officials (grades I to IV) in Italian Government territory has been completed. These grades comprise only Prefects, of which there are 98. 34 of these officials were sent to trial; 6 were dismissed from office while 16 others received minor punishments.

Valuable ANCONA Museum objects, buried under bomb-debris since August 1944, have been recovered substantially intact.

154 Italian refugees arrived in ROME from ~~Italy~~ Northern Army areas.
