WEEKLY SITREP NO. 32.

Political: At meeting of Council of Ministers (3 May) BONOMI declared Italian frontiers must remain unchanged until end of the war and added that AMG administration in VENEZIA GIULIA guarantee neutrality and impartiality. General CADORNA appointed Army Chief of Staff.

Communique from Press Office of Socialist Party (3 May) stated that time had come for revision of ITALY's political position, both external and internal. As for TRIESTE, communique stated that the problem must be solved by free agreement between the countries concerned, taking into consideration Italian character and European function of TRIESTE.

Over a hundred reported injured and numerous arrests in course of rival demonstrations on 4 May in ROME. Veterans and students demonstrating for TRIESTE were interrupted by Communist counter demonstration.

Delegates from CLNAI reached ROME 5 May. Received by BONOMI, NENNI, (Socialist) President of CLNAI, expressed desire of North for complete democratic revival in life of nation. CLNAI presented five point programme

Following received from SCAO FIFTH Army, 6 May :

"Reference our 5 Army Group signal CAS our 78, following is situation report as of midnight 4/5 May.

1. In all 3 cities military government has been established. CLN are well organised, running details of local administration efficiently and anxious to cooperate with AMG.

2. Partisans now disarmed in GENOVA but still in operational use in MILAN and TURIN. In MILAN disarmament will take place shortly.

3. Local utilities running normally and MILAN has exportable surplus of electric power. Communications have suffered little damage: all tramways and a few railroad trains are running.

4. Industry undamaged and factories working normally but difficulties will arise when present raw material stocks are exhausted. Wage structure is extremely complicated by variations in special bonuses, grants etc., but the general level appears to be around two thirds of that in Southern ITALY. Prices of manufactured goods are high and are at present thought to be about 75% of those in Southern ITALY.

5. North of APPENINES there is abundant food except in mountainous areas, but there is a distribution problem. Food for GENOVA is being sent in up LIGURIAN coast. Some imported food has also been sent to TURIN.

6. First echelon of CURR totalling 3,100 have now been delivered to their destinations.

7. General HUGH has visited all 3 cities but at present time the complete lack of communications makes it impossible submit accurate regular reports on GENOVA and TURIN."
