SUBJECT: Recommendations for the Legion of Merit.

TO : All Concerned.

1. By letter dated 7 September 1944, the Theater Commander has authorized this headquarters to submit recommendations for the award of the Legion of Merit during the 3-month period beginning 1 September and ending 30 November. The Theater Commander again invited attention to the existing policy that 50% of all recommendations should be for enlisted men.

2. In view of the limited quota allotted this command, it is not intended that a subdivision of quota be made. It is planned that recommendations for the Legion of Merit for members of this headquarters and units assigned thereto will be carefully considered and the most deserving cases will be submitted to the Theater Commander for approval.

3. Section Chiefs and commanders of subordinate elements are invited to submit to this headquarters full particulars relative to cases which they believe warrant the Award of the Legion of Merit.

4. In connection with the preparation of recommendations, attention is invited to MATOUSA Circular #89, dated 10 July 1944.

I --- MARRIAGE OF MILITARY PERSONNEL

Paragraph 2a (5), Section I, MATOUSA Circular Number 4, 1944, is rescinded and the following substituted therefor:

"(5) The rank, serial number, present assignment and a brief and concise description of the applicant's duties."

II -- AWARDS AND DECORATIONS

1. Instances have been noted wherein recommendations for awards have come into possession of the person recommended. Such recommendations are properly the concern of the initiating officer, each commander in the chain of command, and the awarding authority.

2. A recommendation which is administratively correct but which is disapproved for award should be filed at the headquarters or the office authorized to take final action and the recommending unit or agency notified by letter of the action taken. The reason for disapproval need not be stated by the letter of notification.

3. Strict compliance with the above procedure is a responsibility of all commanders in order to prevent an unnecessary administrative burden being caused by units in other commands or theaters of operations resubmitting copies of the recommendations with unfavorable indorsements withdrawn or causing needless letters of inquiry to be written.

2. AWARDS AND DECORATIONS

NATOUA Circular Number 26; Section II, Circular Number 38; Section II, Circular Number 44; Section II, Circular Number 52, 1944, are rescinded and the instructions below, together with War Department publications listed in Appendix "A", substituted therefor:

1. Authority to Award. a. Under the provisions of and subject to the limitations contained in paragraph 8, Section II, AR 600-45, 22 September 1943, as amended, the Theater Commander hereby delegates his authority to award United States military decorations as follows:

- See*
Par. 14
page 7-10
- (1) To commanders of any force or command which is commanded by, or the appropriate command of, a Major General or higher: Silver Star, Soldier's Medal, Bronze Star Medal (see par 3, below).
 - (2) To Commanding Generals of Fifth Army, Seventh Army, Army Air Forces, MTO and SOS NATOUA: Distinguished Service Cross.
 - (3) To commanders of any force or command of the Army Air Forces, MTO commanded by, or the appropriate command of, a Major General or higher: Distinguished Flying Cross, Air Medal.
 - (4) (a) To the Commanding Generals of Fifth and Seventh Armies: Air Medal to Field Artillery liaison pilots and observers.
(b) The Theater Commander's authority to award the Distinguished Flying Cross to Field Artillery liaison pilots and observers may not be delegated.
 - (5) Commanding Generals, Fifth Army, Seventh Army, and SOS NATOUA may award the Distinguished Service Cross, Silver Star, Soldier's Medal, and Bronze Star Medal to members of the French Armed Forces and Italian Armed Forces under the circumstances set forth in paragraph 8c (3), AR 600-45, as amended. (For awards to British personnel, see paragraph 15, below).
 - (6) Commanding General, Army Air Forces, MTO may award the Distinguished Service Cross, Distinguished Flying Cross, Silver Star, Soldier's Medal, Bronze Star Medal, and Air Medal to members of the French Armed Forces and Italian Armed Forces under the circumstances set forth in paragraph 8c (3), AR 600-45, as amended. (For awards to British personnel, see paragraph 15, below.)
 - (7) The authority to award the Purple Heart is contained in paragraph 8, Section II, AR 600-45, as amended. To expedite the award, it is further extended to include: commanders of combat

teams, regiments, or similar units and of separate battalions; commanding officers of base sections; Commanding Officer, Headquarters Command, Allied Force; United States Army medical officers on the staff of the Commander-in-Chief, Allied Force; and on the Theater Commander's staff; United States Army commanders of any hospital or medical installation including regimental, battalion, or similar organization dressing stations. (See paragraph 11a.)

b. Under the authority contained in Civilian Personnel Regulations 104, revised, 12 April 1944, the Theater Commander delegates his authority as follows:

- (1) The Commanding Generals, Fifth Army, Seventh Army, Army Air Forces, MTO and SOS NATOUSA are authorized to award all civilian emblems described in CPR Number 104, revised 12 April 1944 (except Emblem for Exceptional Civilian Service), to qualified civilian employees of the War Department who are citizens of the United States.
- (2) The Commanding Generals, Fifth Army, Seventh Army, Army Air Forces, MTO and SOS NATOUSA are authorized to award the Emblem for Civilian Service (CPR 104, paragraphs 1-3, a(1) and 1-4, a(1)) to civilian employees of the War Department, not citizens of the United States, who have had not less than one year of continuous service and whose performance of duty has been outstanding.
 - (a) All recommendations for awards to non-citizen civilian employees other than those noted in (2), above, will be forwarded through channels for approval by the Theater Commander. (Attached form, Appendix "D")
 - (b) All recommendations for the award of the Emblem of Exceptional Service to both citizens and non-citizens will be forwarded through channels to this headquarters for dispatch to the War Department.

2. Legion of Merit - To provide a more comprehensive and uniform basis for the submission of recommendations for the Legion of Merit, the following instructions will apply:

a. The provision of AR 600-45 that:

"The accomplishment of the duty for which the award is recommended should have been completed, or it should have progressed to an exceptional degree if the person rendering the service has been transferred to other duties prior to its full accomplishment."

is interpreted as follows: A recommendation for an award may be made regardless of the fact that the officer or enlisted man continues in the same position, if the accomplishment can properly be considered as completed in connection with one of the following phase lines:

- (1) The end of the Tunisian Campaign, 13 May 1943.
- (2) The end of the Sicilian Campaign, 17 August 1943.
- (3) The capture of the Volturno River line in the Italian Campaign, 13 October 1943.

R E S T R I C T E D

Cir / 89, 10 July 1944
Hq Natouza

- (4) The fall of Rome in the Italian Campaign, 5 June 1944.
(Other phase lines will be announced from time to time.)

This will not be construed as authorit. to recommend a second or subsequent award of the Legion of Merit for duty performed while the officer or enlisted man occupies the T/O position in which he performed the duties on which the original award was based.

b. Unless otherwise directed, at least 50% of all recommendations will be for enlisted men.

c. An allotment of a certain number of awards will be granted by this headquarters each three months, first period ending 31 May 1944, to all major commands (i.e., higher headquarters, armies, air forces, base sections, etc) in this theater. Such commands will in turn divide their allotment among those units serving under them. Due care will be exercised to see that a proper balance is maintained between units. Prior to the start of a three months period each command will be advised by letter from this headquarters of the number of awards allotted for the period. This number will be based on the strength of a command at the time of the allotment, the number of Legion of Merit awards previously granted to members of the command, and its operational functions. The allotment granted will also eliminate the present disparity which exists in the number of awards granted personnel of higher headquarters and those granted lower units. It is the Theater Commander's desire that the number of awards to personnel of lower units be increased.

d. Once an allotment has been made by a command to a unit under it, it will not be changed by reason of reassignment or attachment of the unit to another command. However, units no longer under the headquarters which are granted their allotment will transmit their recommendations through their present headquarters to the headquarters which made the grant. Direct correspondence between headquarters is authorized in this connection.

e. Recommendations may be forwarded as soon as an allotment is received. It is strongly desired for administrative reasons that the recommendations be spread over the period. Higher commanders will take positive action to insure an even flow of recommendations to higher headquarters. Each recommendation will contain statement: "For allotment period ending _____ 1944."

f. The granting of an allotment to a command does not mean that each command is required to furnish the number involved or that all forwarded will be approved. If a unit does not use its total allotment in a particular period, the unused balance will be cancelled; it may not be transferred to another unit nor continued into the next allotment period. Unless each recommendation clearly shows the award to be justified, it will be returned disapproved and counted as part of the allotment. "Disapproved" recommendations will not be forwarded to this headquarters.

5. Bronze Star Medal. a. Letter, this headquarters, AG 200.6/417 A-O, dated 10 May 1944, subject: "Award of the Bronze Star Medal", is rescinded.

b. The Bronze Star Medal is awarded to any person, who, while serving on or after 7 December 1941, in any capacity in or with the Army of the United States, distinguishes or has distinguished himself by heroic or meritorious achievement or service in connection with military operations, not involving

4675

R E S T R I C T E D

Cir #89, 10 July 1944
Hq Natoussa

participation in aerial flight, against an enemy of the United States.

c. The Bronze Star Medal may be awarded for acts of gallantry or meritorious service either in actual combat or in direct support of combat operations. It provides a means for recognizing performance of duty beyond the ordinary but which is not sufficiently outstanding to warrant the award of a Silver Star or Legion of Merit. It should be used freely in the Infantry and other branches to recognize minor acts of heroism and courageous conduct in combat and with increasing restraint as the distance from the area of close combat increases, or as the conditions of combat decrease.

d. Announcement of the award will be made in general orders and include name, Army serial number, grade, arm or service, organization, date(s) and the geographical locality where the action occurred. Complete citations describing the actions for which the award is made will not be published in general orders. If it is so desired, the complete citation may be prepared for presentation to the individual and for recording in his 201 File with one additional copy for reading at the presentation ceremony.

e. In the case of posthumous awards or to personnel missing in action, or prisoners of war, the full citation will be prepared and forwarded to the War Department, along with the general orders announcing the award, for presentation to the next of kin.

4. Purple Heart - Awarded under the provisions of paragraph 16, AR 600-45, as amended. Borderline cases will be forwarded with all available information to higher headquarters for final decision.

5. Air Medal. a. Field Artillery liaison pilots and observers qualify for the award of the Air Medal only after completing the following pre-requisites:

- (1) Thirty-five (35) sorties.
- (2) Any single meritorious act while participating in aerial flight

b. Definition of "sorties" - A sortie is deemed to have taken place when a flight has been ordered which involves:

- (1) Adjustment of artillery fire on any enemy installation.
- (2) Surveillance of artillery fire on any enemy installation.
- (3) Registration of artillery fire in enemy territory.
- (4) Front line reconnaissance of at least one hour duration.
- (5) Any flight in which the airplane has been attacked by enemy aircraft.
- (6) Credit for only one sortie will be given regardless of any combination of the above missions which may be accomplished on any one flight.
- (7) Credit for sorties will be given only when every effort for the success of the mission has been made. Such credits will be specified and approved by the battalion, group, brigade, division, corps, or army artillery commander.

6. Awards to Units - In addition to the provisions of War Department Circular Number 333, 1943, the following procedure is prescribed:

R E S T R I C T E D

Cir #89, 10 July 1944
Hq Natoussa

a. A company, battalion (air force squadron or group), or similar unit which is cited by the commander of a division, or of a comparable organization, will be entitled to a battle streamer upon approval of the citation by the Theater Commander, Army Commander, or Commanding General, Army Air Forces, MTO. Such approved citations will automatically be confirmed by the War Department and published in War Department General Orders. Upon approval of the citation by the Army Commander or Commanding General, Army Air Forces, MTO, a request will be submitted to this headquarters to have citation published in War Department General Orders to which there will be attached two (2) official copies of the citation.

b. Any unit larger than a battalion, or group, which is cited by the commanding officer of the next higher unit, will become entitled to a streamer only when the citation is approved by the War Department and published in War Department General Orders. Two copies of the citations, together with supporting data, will be forwarded through channels to this headquarters for transmission to the War Department in exact compliance with paragraph 2d (2), Section IV, War Department Circular Number 333, 22 December 1943.

c. When a unit has been awarded a Distinguished Unit battle streamer, members of the unit are entitled to wear the Distinguished Unit Badge. Individuals who actually participated in the action for which the unit was cited may wear the badge permanently. Those who did not participate, and those who later became members of the organization, are entitled to wear the badge only during the time they are assigned as members of the organization.

7. Battle Participation Awards. a. A list of battles and campaigns in this theater recognized by the War Department has been published in War Department General Orders Numbers 75 and 83, 1943.

b. A list of units entitled to battle honors, together with the campaigns for which such awards are authorized, has been published in secret NATOUSSA letter, dated 23 December 1943, file AG 200.6/263 P-O, subject: "Battle Participation Awards", as amended by secret NATOUSSA letters published monthly. As units become entitled to battle honors by virtue of participation in operations, this list will be amended to include such units. Units omitted from any list published by this headquarters announcing battle honors, which are entitled to such honors under the provisions of AR 260-10 and as outlined herein, may be included by making application to this headquarters through channels.

c. Streamers to indicate service in this theater, which are attached to the staffs of colors or standards, will bear the names and dates of campaigns or battles for participation in which the unit is entitled to battle honors. (See AR 260-10, as amended).

d. This headquarters will authorize battle honors, after careful study of official reports, for certain units not entitled to such honors for any designated campaign, who qualify under any of the items "antisubmarine", "ground combat", or "air combat" now listed without reference to combat zones, time limitations, or units in the general orders and publication referred to in paragraphs a and b, above. These items are to cover actual participation in combat against the enemy in areas or at times which, by reasonable interpretation, are definitely distinct from and cannot be associated with any of the named battles or campaigns. Such special credit will be accorded a unit or an individual only once during the current war.

R E S T R I C T E D

Cir # 89, 10 July 1944
Hq Matousa

c. Individuals who are eligible to wear the appropriate theater service ribbon, if qualified under the provisions stated below, may wear bronze service stars on the appropriate theater service ribbon to indicate battle participation. (See WD Circular 62, 1944 and WD Circular 195, 1944)

- (1) Provided the individual served honorably, and was present for duty, as a member of a unit, or attached to a unit at some time during the period in which the unit participated in battle and was awarded credit therefor under the provisions of paragraph 12, AR 260-10; or
- (2) In cases of individuals not members of or attached to units, provided the individual served honorably under competent orders in the combat zone at some time between the limiting dates of the battle or campaign as established by War Department General Orders and was:
 - (a) Awarded a combat decoration.

Regimental and similar commanders will have published in orders the names of former members, deemed to have qualified, and will mail two (2) copies to each recipient, through channels, for presentation.

9. Overseas Service Bars. a. Bars consisting of gold lace or bullion, $\frac{1}{4}$ " in width and $1\frac{3}{8}$ " in length, on a cloth background forming a border $\frac{1}{8}$ " around the bar, to be worn on the overcoat, service coat, or field jacket, are authorized for each six months period overseas, including Alaska, from 7 December 1942 until a date six months subsequent to termination of the bar. 10. Recommendations. a. Recommendations for all awards which must be acted upon by the Theater Commander, together with supporting papers, will be forwarded so as to reach this headquarters in duplicate.

c. Each recommendation will indicate all previous awards made to the individual or unit, including designation of the headquarters and general order number announcing the award. If the recommendation is being resubmitted, that fact will be shown.

d. Recommendations will be submitted in a manner similar to that shown on the Model Form (Appendix "B") and forwarded through proper command channels. Each commander will personally sign the recommendation, indicating his recommended approval or disapproval. Grade and assignment at the time service was rendered, as well as the grade and assignment at the time recommendation is made, must be shown.

11. Publication in Orders. a. Paragraph 4, Section I, AR 600-45, directs that awards of decorations made by authorized commanders be announced in general orders of their commands. Such announcement will include name, army serial number, grade, arm or service, organization, date(s), and the general geographic locality where the action occurred for which the award is made. The home address, address at the time of entry into the service, or entry into the United States Military Academy will be shown. In cases of posthumous, missing in action, or prisoner of war awards, the full name, relationship, and address of the next of kin will be included in the general orders.

b. The above instructions are also applicable to the general orders announcing the award of the Purple Heart. (For suggested form see Appendix "C").

c. The commanding general of the command will establish pertinent policies concerning the type of information which should be omitted from the citation as published in general orders and furnished the individual. Copies of the general orders furnished this headquarters and the War Department will contain all of the information required in subparagraph a, above.

d. General orders will be classified RESTRICTED and in addition to the copies required by the War Department, one (1) copy of all general orders will be furnished this headquarters marked: Attention, Personnel Division, AG Section. The three (3) copies for the War Department will be forwarded promptly direct to The Adjutant General, Attention: Decorations and Awards Branch, Munitions Building, Washington 25, D C.

f. Medal numbers will not be published.

12. Presentation. a. As prompt recognition of services increases the value of awards, every effort will be made to expedite their presentation.

b. No request to present a decoration awarded to any individual posthumously, missing in action, or prisoner of war will be sent to The Adjutant General or other headquarters, and under no circumstances will medals be forwarded. The War Department will make presentation to the next of kin upon receipt of general orders announcing such awards.

c. Should an individual to whom an award has been made, or for whom an award has been recommended to this headquarters, depart prior to presentation, a report will be forwarded this headquarters without delay setting forth all pertinent facts. A copy of the general orders announcing the award will be inclosed. If the recipient's new location is known and is within this theater, direct correspondence is authorized. No medal will be forwarded nor will any medal be engraved when it appears that the specific medal will not be presented.

13. Awards to be Noted in Records. a. Awards of decorations, dates, and places of presentation will be noted in the historical records of organizations and in the service records of enlisted men, and for all others on WD AGO Form No 66-1 (Officer's and Warrant Officer's Qualification Card), also where applicable in appropriate personnel files and efficiency records. This will include entries pertaining to eligibility of individuals to wear appropriate Service Medals, Bronze Battle Stars, Bronze Star for the American Defense Service Medal, Expert and Combat Infantryman Badges, Distinguished Unit Badge, and all other badges. Unit commanders will cause a periodic check to be made of such records to see that necessary entries are made for personnel now present in their organization.

b. The Purple Heart will be presented immediately after eligibility has been determined. In cases where the individual's personnel records are not available, entry of the award will be made on his Emergency Medical Tag or Report Card (WD MD Form No 52). The award will be announced in general orders and in addition to the distribution required in paragraph 11 above, one copy will be furnished the individual and the individual's unit commander.

14. Acceptance of Awards from Cobelligerent Nations. a. In accordance with paragraph 33b, Change 3, AR 600-45, dated 24 April 1944, offers by the governments of cobelligerent nations or the American republics of decorations, orders, medals, and emblems to United States Army personnel, except offers of immediate combat awards which may be concurred in by the senior field commander present, will be forwarded through channels to the Theater Commander for concurrence in their acceptance, containing the statement in paragraph 2 below.

b. Officers and enlisted men engaged in transactions involving the allocation of Lend Lease materials or credits will not be permitted to accept decorations from the nations with which they are dealing. This includes those individuals who participate in negotiations for Lend Lease allocations, or who make recommendations to any of the agencies authorized to act on such recommendations, or who are members of boards, rearmament committees, or other agencies charged with Lend Lease negotiations, recommendations for, or the allocations of Lend Lease materials. In recommendation for other awards, a detailed and factual description of the incident is of utmost importance. Do not use general statements. The most common error in recommendations is that they do not contain enough detail.

3. In recommendations for combat decorations, specific information should be included as nearly as is reasonably possible, regarding each of the following (using operations, maps, narrative statement, or any other convenient form):

- a. Character of the terrain, of hostile observations, and of enemy fire.
- b. Visibility, time of day, and atmospheric conditions.
- c. Location of enemy.
- d. Morale, that of our forces and that of the enemy.
- e. Casualties sustained.

4. Statement as to personal knowledge of the initiating officer. If he has no personal knowledge of the incident or service rendered, two affidavits from eye-witnesses or persons having knowledge must be inclosed.

5. Each basic recommendation for the award of a decoration will show the exact status of the person who is being recommended at the time of rendition by him of the service upon which the recommendation is based. Grade and assignment at the time of this incident or at the time service was rendered as well as the grade and assignment at the time recommendation is made.

6. Statement that entire subsequent service of individual since performance of act cited has been honorable. In case of Distinguished Service Medal or Legion of Merit recommendation, statement that the individual has completed his service in the position, or that it was substantially complete at time he was transferred to other duty should be added.

1. Your attention is invited to the provisions of paragraph 4b (2), Circular 62, War Department, dated 11 February 1944, relative to award of the European African Middle-Eastern campaign medal.

CHANGES
No. 1

WAR DEPARTMENT,
WASHINGTON 25, D. C., 9 March 1944.

AR 600-45, 22 September 1943, is changed as follows:

2. War Department decorations.—In order of precedence, except that the Oak-Leaf Cluster is issued in lieu of an additional medal, and its precedence is that of the medal it represents.

- g. Soldiers Medal.
- h. Bronze Star Medal.
- i. Air Medal.
- j. Purple Heart.
- k. Medal for Merit (State, War, and Navy Departments).
- l. Oak-Leaf Cluster.
- m. Good Conduct Medal and Clasps. See AR 600-68.

[A. G. 200.0 (26 Feb 44):] (C 1, 9 Mar 44.)

8. Awards, by whom made.—*a. General provisions.*—Awards of decorations are made by the War Department or by designated commanders, acting for the President. The authority granted to any commander to award decorations (other than the Purple Heart) authorizes him to make awards only to individuals permanently assigned to that command, except that immediate combat awards may be made for acts performed by individuals physically present within that command under competent orders. Such commanders are also authorized to take final action on recommendations for acts or services performed while individuals or units were permanently assigned to that command but subsequently transferred or separated therefrom. In any case where the commander is not authorized to make an award, recommendations will be forwarded to the War Department.

b. To members of armed forces of United States.

(3) The Distinguished Service Cross, the Silver Star, the Distinguished Flying Cross, the Soldiers Medal, the Bronze Star Medal, and the Air Medal may be awarded by—

(4) The Purple Heart may be awarded by commanders named in (3) above, and the commander of any force which is commanded by, or the appropriate command of, a brigadier general or officer of higher grade and the commander of a named general hospital in the continental United States. Certain commanders may delegate this authority as provided in *e* above.

c. To members of armed forces of foreign nations.

(3) The commanders named in *b*(3) above may make immediate combat awards of the Distinguished Service Cross, the Silver Star, the Distinguished Flying Cross, the Bronze Star Medal, and the Air Medal, and awards of the Soldiers Medal for acts appropriate thereto, under the following conditions:

AR 600-45

C 1

PERSONNEL

c. Commanders authorized to make awards may delegate all or any part of their authority, except where specifically prohibited, to subordinate commanders of any force or command which is commanded by, or the appropriate command of, a major general or higher. Commanders listed in b(3) above may delegate authority to award the Purple Heart to United States military personnel to any United States Army officer of their commands.

[A. G. 200.6 (2 Feb 44) (6 Feb 44) (26 Feb 44).] (C 1, 9 Mar 44.)

13. Silver Star (fig. 5).

b. Those individuals who, prior to 7 December 1941, have been cited for gallantry in action in orders issued by the headquarters of a force commanded by a general officer, which citations do not warrant the award of the Medal of Honor or Distinguished-Service Cross, may make application for the Silver Star Medal to The Adjutant General, W. D., A. G. O. Form No. 0715 (Application for Silver Star), being used for this purpose.

[A. G. 200.6 (9 Mar 44).] (C 1, 9 Mar 44.)

15½. Bronze Star Medal.—a. The Bronze Star Medal is awarded to any person who, while serving in any capacity in or with the Army of the United States, on or after 7 December 1941, distinguishes, or has distinguished, himself by heroic or meritorious achievement or service not involving participation in aerial flight, in connection with military operations against an enemy of the United States.

b. The required achievement or service for award of the Bronze Star is less than that required for award of the Silver Star or the Legion of Merit, but must nevertheless be accomplished with distinction. The Bronze Star may be awarded to recognize minor acts of heroism in actual combat or single acts of merit, or meritorious service either in sustained operational activities against an enemy or in direct support of such operations.

[A. G. 200.6 (26 Feb 44).] (C 1, 9 Mar 44.)

16. Purple Heart (fig. 8).—a. The Purple Heart, established by General George Washington at Newburgh, 7 August 1782, during the War of the Revolution and revived out of respect to his memory and military achievements by War Department General Orders, No. 3, 22 February 1832, is awarded to members of the armed forces of the United States and to civilians who are citizens of the United States serving with the Army, who are wounded in action against an enemy of the United States, or as a direct result of an act of such enemy, provided such wound necessitates treatment by a medical officer. (For the purpose of awarding the Purple Heart, a wound is defined as an injury to any part of the body from an outside force, element, or agent sustained as the result of a hostile act of the enemy or while in action in the face of the enemy.) One award (the Purple Heart for the first wound, and Oak-Leaf Cluster thereafter) is authorized for each such wound, except that only one award is authorized for two or more wounds received at the same instant.

[A. G. 200.6 (18 Feb 44).] (C 1, 9 Mar 44.)

Subject: Award of Legion of Merit.

1. To provide a more comprehensive and uniform basis for the submission of recommendations for the Legion of Merit, the following instructions are published:

a. The provisions of AR 600-45, 22 September that:

"The accomplishment of the duty for which the award is recommended should have been completed, or it should have progressed to an exceptional degree if the person rendering the service has been transferred to other duties prior to its full accomplishment"

is interpreted as follows:

A recommendation for an award may be made regardless of the fact that the officer or enlisted man continues in the same position, if the accomplishment can properly be considered as completed in connection with one of the following phase lines:

The end of the Tunisian Campaign, May 13, 1943.
The end of the Sicilian Campaign, August 17, 1943.
The capture of the Volturno River line in the Italian Campaign, October 15, 1943.
(Other phase lines will be announced from time to time).

This will not be construed as authority to recommend a second or subsequent award of the Legion of Merit for duty performed while the officer or enlisted man occupies the T/O position in which he performed the duties on which the original award was based.

b. Unless otherwise directed, at least 50% of all recommendations will be for enlisted men.

c. An allotment of a certain number of awards will be granted by this headquarters each three months, first period to end 31 May 1944, to all major

commands (i.e. higher headquarters, armies, air forces, base sections, etc) in this theater. Such commands will in turn divide their allotment among those units serving under them. Due care will be exercised to see that a proper balance is maintained between units. Prior to the start of a three months period each command will be advised by letter from this headquarters of the number of awards allotted for the period. This number will be based on the strength of a command at the time of the allotment, the number of Legion of Merit awards previously granted to members of the command, and its operational functions. The allotment granted will also eliminate the present disparity which exists in the number of awards granted personnel of higher headquarters and those granted lower units. It is the Theater Commander's desire that the number of awards to personnel of lower units be increased.

d. Once an allotment has been made by a command to a unit under it, it will not be changed by reason of reassignment or attachment of the unit to another command. However, units no longer under the headquarters which granted their allotment will transmit their recommendations through their present headquarters to the headquarters which made the grant. Direct correspondence between headquarters is authorized in this connection.

e. Recommendations may be forwarded as soon as an allotment is received, it being desirable for administrative reasons that the recommendations be spread over the period, and will contain a statement as to which allotment period they are for (i.e. For Allotment Period ending 31 Mar 1945).

f. The granting of an allotment to a command does not mean that each recommendation submitted to this headquarters as a part thereof will of necessity be approved, or that each command is required to furnish the number involved. If a unit does not fill its allotment in a particular period the unfilled part will be cancelled; it may not be transferred to another unit nor continued into the next allotment period. Unless each recommendation clearly shows the award to be justified, it will be returned disapproved and will be counted as part of the allotment.

g. Upon receipt of this letter all pending recommendations for Legion of Merit awards will be held for consideration against quota.

2. The above instructions are being incorporated in a circular on Awards and Decorations, soon to be published.

By command of Lieutenant General DEVELTS:

H. V. ROBERTS,
Colonel, AGC,
Adjutant General.
