1. S/Sgt Eugene J. Journalist, 31272732, has served under my command since 29 February 1944. During that time he has served as chief clerk, Orders and Bulletin Section, this department. S/Sgt Journalist's manner of performance of duty has been consistently superior. With a limited staff, and faced with administrative difficulties unheard of in a purely American Headquarters, he has turned out work which, both in volume and quality, has been remarkable.

2. I should be more than glad to have S/Sgt Journalist serve under my command at any time in the future, either in his present, or any higher grade.

During that period he has been in charge of files for the Adjutant General's and Adjutant's Departments, Hq AGC/AMG. Sgt Parisi's loyalty, intelligence, and devotion to duty have been an example to his fellow enlisted men. His manner of performance of duty has been consistently superior.

2. I should be more than glad to have Sgt Parisi serve under my command at any time in the future, either in his present or any higher grade.

1. Tec 4 Victor B. Dionisio, 38142236, has served under my supervision since 24 December 1943. During that time he has filled the position of chief clerk, Cable Section, in this department. His performance of duty has been of a superior nature. In a position which under normal circumstances would be filled by a very senior non-commissioned officer, he has done an outstanding job, and has carried heavy responsibilities, and long hours, in a manner calculated to reflect great credit upon himself and the service.

2. I should be more than glad to have Tec 4 Dionisio serve under my command at any time in the future, either in his present or any higher grade.

1. Pfc Karl B. Hess, 33606364, (A), has served under my command since approximately 15 July 1944. Upon his joining the Adjutant's Department, Pfc Hess was put in charge of the Courier and ADLS Section. His work, despite the short time I have been in a position to observe it has been obviously of a Superior Nature. It has been a source of personal regret to me that it has been impossible to secure a higher rating for him, since both the calibre of his work and the position which he is filling call for it.

2. I should be more than glad to have Pfc Hess serve under my command at any future time, in any higher grade.

1. S/Sgt Pierce Kavanagh, S/146864, (B), has served under my command since 11 November 1943. During that time he has been loyal, intelligent and conscientious. I could not ask for a more reliable man. He has discharged a variety of posts, and has, for some time past, acted as Chief Clerk of this Department. He has never failed to do a uniformly good job, to do all that could be expected of him, plus a little more.

2. I should be more than pleased to have S/Sgt Kavanagh serve with me at any time in the future, either in his present rank, or in the rank of WO II or WO I, which he has shown himself fully capable of holding.

1. Warrant Officer Class I, A. R. M. PICKEN, S/153698, RASC, has served under my command from 11 November 1943 to 2 October 1944, as Chief Clerk. During that time he has been loyal, conscientious, tactful and most intelligent, accepting arduous hours and unfavorable working conditions with grace and humour. He has discharged with great credit to himself responsibilities normally allotted only to an officer, and has proven himself a thoroughly first-class man in every respect.

2. His conduct, bearing, and manner of performance of his duties reflect great credit on his Service, and I am privileged to have had him as my Chief Clerk. I should be more than pleased to have him serve with me at any future time, either in his present rank, or as an officer.

SUBJECT: Recommendation.

TO : Whom it may concern.

1. I have known rec 5 Nicholas B. Miele, 12058013, and had occasion to observe his work over a considerable period of time, now close to a year.
2. During this period Corporal Miele has been assigned to supply duties with HQ, ACC/AMG.
3. Corporal Miele is a man of very unusual intelligence, force, and ingenuity. He has, over this period of time, performed duties normally assigned only to a very senior non-commissioned officer or warrant officer, and has discharged them in a most capable manner. He has an excellent familiarity with and a grasp of Army administrative procedures, in supply work.
4. The supply of an Allied unit from both American and British sources, as in the case of HQ, ACC/AMG, has presented, and presents, problems which would not confront the supply personnel of the normal unit. These problems Corporal Miele has, in many cases, solved himself, and with considerable ingenuity and credit to himself.
5. I would be delighted to have Corporal Miele under my command at any time.

SUBJECT: Advance Party of Adjutant Section, Rear Hq ACC.

TO : Adjutant, Advance Headquarters, Allied Control Commission.

1. The following American and British personnel, alphabetically listed, make up the Advance Party of the Adjutant's Section at Rear Hq ACC, and who have been placed on permanent duty with Adv Hq ACC, per par 1 SO 130, 9 Jul 44, copies inclosed:

Pte	Boyes, W. (NMI)	4399486	(B)
Pfc	Kenig, Louis (NMI)	33776987	(A)
Pfc	Kruger, Saul (NMI)	32882728	(A)
Pfc	Marchiondo, Charles R.	38348025	(A)
Fus	Marks, A. E.	6981632	(B)
Pfc	Rodriguez, Augustin (NMI)	32803180	(A)
Pfc	Romero, Mario S.	38363951	(A)
Pfc	Sousa, Benjamin A.	39272619	(A)
Pfc	Younginer, Furman R.	34652085	(A)

2. In order to introduce to you these men in an all important and appropriate manner, and still informally so, though I had hoped to do it personally, a brief synopsis is given on each man showing the type of work he has been doing since being assigned to the Adjutant General Department at the Hq ACC, then at Brindisi, Italy and to the Adjutant's Section at Rear Hq ACC in Salerno. This brief introductory note also shows what type of work the individual is capable of doing, his educational background, experience in civilian life, and general adaptability.

a. Pte Boyes, W. (NMI), 4399486 (B), has been on duty with the Adjutant Section, Rear Hq ACC since February 1943, as a messenger and mimeograph operator. Pte Boyes has expressed his desire to continue his work as a mimeograph operator. He is a willing, capable and efficient worker.

b. Pfc Kenig, Louis (NMI), 32882728 (A), joined Hq ACC at Brindisi in November 1943 as official mail despatcher and has held the same job here at Rear Hq ACC ever since change of station occurred. He is a good, steady, reliable worker. A high school graduate; main experience and work in civilian life for over 6 years has been in warehouse work at the Quartermaster Depot in Philadelphia. He has a general adaptability in clerical work. If no suitable assignment can be found for him, it is recommended that he be transferred to some Section or Sub-commission needing personnel in warehousing experience. Suggestions - Food Sub-Commission or Industry & Commerce - (Clothing).

c. Pfc Kruger, Saul (NMI), 32882728 (A), joined the Allied Military Mission at Brindisi, Italy on 5 October 1943 and was assigned as Distribution Clerk and cable typist. Here at Rear Hq, Pfc Kruger has excellently handled Message Center work, including distribution, registration, cable typing, mimeograph work, etc. He has an excellent educational background, holding a Master's Degree in Music & Education. His main work in civilian life has been in Federal Civil Service for a period of 1 1/2 years as a foreman of a mimeograph unit. Pfc Kruger is a very capable individual, possessing a high sense of responsibility, excellent morals, character and industriousness. However, Pfc Kruger wishes to be transferred to work in Legal Sub-Commission. I have not denied him this but for the fact that the movement of personnel has been so fluctuating that it has been impossible to dispense with any personnel at this time. A recommendation that he be transferred to the Legal Sub-Commission is favorably considered.

d. Pfc Marchiondo, Charles R., 38348025 (A), joined the Allied Control Commission at Brindisi on 11 November 1943 and was originally assigned as file clerk but subsequently placed at information and reception desk because of his ability to interpret and translate Italian. Since his assignment at Rear Hq ACC, Pfc Marchiondo has worked on Special Orders, Daily Bulletins, Mimeograph operating and general typing, besides interpreting and translating whenever the need for such work arose. He is a high school graduate. He has a good and solid business and commercial background, his family owning several chain stores in New Mexico. He has an excellent knowledge of clerical and supply work and would be fully capable in some capacity with the Food Sub-Commission, Industry & Commerce, or any Section needing personnel experienced in Supply and Warehousing. Pfc Marchiondo has clean cut manners and a fine approach. His neat and orderly work and general adaptability to any assignment is quickly noticeable.

e. Fus Marks, A. E., 6981632 (B), was assigned to the Adjutant Section, Rear Hq ACC on the 2nd of June 1944 during which time he has done messenger work. Fus Marks has had experience in Radio and Signal work having been trained for it. He has expressed his desire to get back to Signals if possible.

f. Pfc Rodriguez, Augustin (NMI), 32803180 (A), joined the Allied Control Commission at Brindisi, Italy, on 28 November 1943, and assigned as file clerk, which work he has continued to do here at Rear Hq ACC. He has worked diligently and industriously, almost alone on the tremendous amount of filing that had to be done and redone in the first four months at this Headquarters, when the files from Brindisi Hq were in a very malignant shape. He has managed to separate useless papers from important ones, doing away with endless cross-indexing, always employing the Dewey Decimal Point System. His work is accurate, neat and orderly and has a very flexible method of

filing. Pfc Rodriguez in civilian life is an experienced Accountant and Bookkeeper, having worked in the commercial field for several years. He has had 3 years of college education, graduating in 1924 majoring in Accounting. He would be most beneficial in the Finance Sub-Commission or Industry & Commerce Sub-Commission, if no suitable assignment exists for him in the Adjutant Section. He is a reliable, trustworthy person, full of good, staid qualities and character highly recommendable.

g. Pfc Romero, Mario S., 38263951 (A), joined the Allied Control Commission at Brindisi on 28 November 1943, and was assigned as typist for cables and general correspondence. His business experience in civilian life has been clerical work in the Export and Importing field. Pfc Romero has had 3 years of college, majoring in Law. Recommend that he be transferred to Legal Sub-Commission or Public Safety Sub-Commission.

h. Pfc Sousa, Benjamin A., 39272619 (A), joined the Allied Control Commission at Brindisi on 1 December 1943 as Registry Clerk and has performed the same type of duty here at Rear Hq ever since. He is a very capable typist, neat and orderly in his work; a conscientious worker. He has had 1 1/2 years of Business College and business experience in the Export and Importing field. A person to assume large responsibilities. He could continue his work as Registry Clerk and typist. If no suitable assignment can be found, recommend that he be transferred to Industry & Commerce Sub-Commission dealing with Foreign Trade. Pfc Sousa is a person with a high sense of duty, possessing excellent qualities of character, efficiency and diligence.

i. Pfc Younginer, Furman R., 34652085 (A), joined the Allied Control Commission at Brindisi on 2 December 1944 as a file clerk and performed such duty until the move the Hq to Salerno where he was assigned as mail clerk, which position he has held to date performing an excellent job. He is experienced in auditing in the Railroad Department and has been so employed for 2 years. Pfc Younginer is a high school graduate. Recommend that he continue working in U.S. Postal Office or a change to filing would be suitable.

3. I hope the above information on these men will be of use not only to you who will be their immediate officer, but to the men themselves. A great deal can be obtained from them if a little is known about them and their work.

4. I will be coming with the remainder of our Section at Rear Hq and I can assure you that these men are of the same excellent qualifications and better than some of the Advance Group which I am rightfully holding here temporarily.

SUBJECT: Commendation

TO : Regional Commissioner, Region IX

1. T/5 Abenicio Otero has served with the Adjutant's Department Hq, ACC, since December 1943. During that time he has acted as Assistant Chief, Cable Section.

2. Corporal Otero's technical skill as a typist, his devotion to duty, and his uncomplaining acceptance of long hours, monotonous work, and heavy responsibility have been deserving of the highest praise.

3. The fact that limitations on promotions, so far as this unit is concerned, have operated to prevent his receiving a higher rating have been a genuine source of regret to me, and I do not hesitate to recommend him for such advancement at the earliest opportunity.

4. I should be glad to have Corporal Otero under my command at any time.
