It has been noted that Major James W. Cunliffe has on two occasions (Special Orders Nos. 182/21 dated 1 August and 238/24 dated 26 September) been entered on orders as belonging to this Sub-Commission.

Such is not the case as he was not or should never have been shown on the strength of this Sub-Commission.

The first entry in orders regarding Major Cunliffe was the cause of a rebuke to this Sub-Commission for not carrying out instructions properly and it is therefore requested that in future no order shall be issued coupling the name of Major Cunliffe with this Sub-Commission without the definite approval of the Director of War Materials Disposal and Italian Prisoners of War Sub-Commission.

TO : CG, MATOUSA, APO 534, U. S. ARMY.

1. The attached message containing a directive to the 2675 Regiment Allied Control Commission (U. S. Contingent) (Provisional) was received at Hq AMC in Palermo. No action can be taken here for the following reasons:-

a. The Regimental Headquarters was located at Tizi Ouzou by letter AFHQ, file AG 387.4-1 MGS-AGH, dated 3 November 1943 and is still located there. The Forward Echelon of Hq Co. of the Regiment at Palermo has no authority to issue the order directed.

b. The senior officer designated by the letter noted above as Commanding General AMC (ACC) is Major General Joyce, the Acting Deputy President of the Control Commission who is located at Brindisi. General Joyce has operational control of personnel of the Regiment but Region VI (Sardinia) to which Lt Col Berl is assigned, is under control of AFHQ and not under control of either ACC or Hq AMC.

2. Suggest that this matter be taken up with MGS-AFHQ.
