1. It is understood that your office is responsible for all matters concerning the forwarding of mails etc. This will become a question of considerable importance when Regional HQ moves north.

2. It is assumed that normal rules will apply and that you as the senior formation will be responsible for maintaining communication with us, the junior formation. On the other hand, it will be our business so to site our Headquarters as to be, as far as possible, on main arteries of communication.

3. Advance HQ moves tomorrow to the vicinity AMG 8 Army.

4. It is our intention to move Main HQ at an early date to the general area Cattolica-Pesaro. It is suggested that our mail might be sent c/o AMG 8 Army by air transport.

It is understood from the Swiss Legation here that the Swiss representatives in Italy have been informed that in future Swiss consular mail between Italy and here must be sent by ordinary mail and cannot be accepted for despatch by ADLS through military channels. SUBJECT: Vatican Communications

TO : Regional Commissioner, Region II, ACC

1. Forwarded herewith is a letter from the Bishop of Potenza which has been received from INC (CCB) AFHQ. The transmission of this communication - a purely personal letter, is not possible under existing arrangements.

2. Also received with this letter from AFHQ was an envelope containing five (5) 25 word Vatican messages. It would be appreciated if steps could be taken to invite the attention of the appropriate ecclesiastical authorities at Potenza to the provisions of letter, this headquarters, RC and NC Section 26 May 1944, reference, REF/25/54/CA, subject, "Vatican and International Red Cross Communications other than Ecclesiastical Correspondence". This directive specifies that such 25 word messages ought to be handed by Vatican representatives to the Allied Censorship Control Officer at either Naples, Palermo, or Cagliari.

3. This particular set of messages have been disposed of by this headquarters.

SUBJECT:- Mail for personnel A.M.G. Eighth Army.

TO:- Officer in Charge of Mail A.P.O. 394.

1. This morning a bag of mail arrived at this HQ carrying a tag "Caserta B". On opening the bag it was found to contain mail addressed mainly to personnel serving in AMG Fifth Army, but also containing about 20 letters addressed to various officers who have been assigned to and serving with AMG Eighth Army for months.
2. The memo attached was found in the bag and is forwarded herewith as possible help to the Postal Officer in identifying the personnel responsible. It is assumed that he will withdraw same and see that it reaches the Postal H.Q.O. AMG Fifth Army to whom it is addressed.
3. Mail in bag addressed to Eighth Army Officers, and referred to above, has been removed from the bag by the Mail Officer, this HQ, and the bag is being sent by special courier, ~~carrying this letter~~, to ~~A.P.O. 394~~, Co. B.
4. It would appear from the facts at hand that there has been careless handling of mail, and as there have been many instances of unexplainable delay in delivery of personal mail to this HQ, it would be appreciated if the officer addressed would investigate the circumstances.

1. In the absence (due to illness) of the Postal Officer, APO 394, the undersigned has personally investigated the error set forth in basic communication.

2. The method used in forwarding mail to AMG 5 and 8 Army is here set forth in brief, for your information:

a. All mail for 5 and 8 Army personnel (American) comes initially ⁸²⁵³ APO 394.

b. It is broken down by 5 and 8 Army, and the mail so made up is dispatched, through the 2d Base Post Office here, to AMG 5 Army (labelled Caserta B), AMG 5 Army (Company C). in turn, forward mail for 8 Army personnel on.

c. The mail for 8 Army is bundled and labelled as "for 8 Army".

3. Inquiry disclosed that since all such mail for 5 and 8 Army is sent through 2d Base Post Office, it is probable that the error occurred there. As mail bags for 8 Army are sent through British postal channels, the 2d Base Post Office people are of the opinion that the bag was picked up in error by the British postal people.

4. All concerned at APO 394, and at the 2d Base Post Office have been cautioned, and it is believed that there should be no recurrence of this error.

TO H.E. The Prefect

Bari

The undersigned, Engr. Conese Federico, begs to state the following: Engineer at the "Opera Nazionale per i Combattenti" of Foggia - recalled into the Army on March 1942; placed on reserve status again on 24 November 1943.

On 6 December of the same year he presented himself to the "Opera Nazionale per i Combattenti", office of Cerignola, to be reinstated into service. Engr. Balconi of the same office asked him to write a letter to the office of the "Opera" at Foggia and to await proper disposition. The office of the "Opera" at Foggia, and for it the Engr. Di Muro, informed the writer through the afore-mentioned Engr. Balconi that he could not be reinstated because he had been transferred to Aurana-Zara. Such a procedure on the part of Engr. Di Muro is arbitrary because Governmental regulations specify that Government and semi-governmental employees are to rejoin the nearest office.

In the meantime the undersigned is unable to procure a pass to proceed to Foggia because he cannot produce a paper proving his recall by the "Opera Nazionale Combattenti", because the latter refuses to reinstate him. The writer advises that he has a wife and three children to support and, due to the above, requests the intervention of Your Excellency so that the "Opera Nazionale per i Combattenti" reinstate him into service or pay him just the same his due allowances, including arrears from 24 November 1943.

Respectfully.

/s/ Engr. Conese Federico

Reference your letter Adj. 311.18 dated 11 April and Consular mail enclosed therewith.

It is regretted that it is not possible to deliver the package to Monsieur Closetta, as nothing is known of this person here. Enquiries have been made and it appears that a said Gugliermotti Casimiro residing at Dolianova, Province of Cagliari is dealing with Swiss affairs, but as we have no authentication as to his status we are returning the papers to you.

"I suggest that AFHQ (Military Government Section) would be glad to know one of the chief reasons for the re-addressing of mail. In the case of the last two (2) drafts of officers to arrive at Naples direct from England, their postal address was given by the War Office (M.G. Section, C/A) as

c/o The Military Government Section,
Algiers, North Africa

and each was instructed to notify the Postmaster there of their correct address on arrival. This means that for many weeks following the departure of the officers from England, all their mail will be sent to Algiers as instructed."

TO: Officer in Charge, C.M.T.A. Tripoli.
FROM: Lieutenant General Mason MacFarlane.

I enclose a report sent to the Allied Military Mission at Brindisi by the AMGOT Political Liaison Officer at Leeds. This report concerns two British subjects by birth, Mr and Mrs. GABRIOT, who were both born in Tripoli and have spent their whole lives there until January 1943, when they were obliged by the Italian Authorities to leave for Italy. Fortunately for them they were then looked after by their son-in-law, who is an Italian subject and was able to persuade the authorities to allow them to reside in his house, and on his charity. As you will see from the enclosure, they wish to know what has become of their property in Tripoli, and whether there are any funds deriving from it upon which they can draw. I should be most grateful therefore, if you could have their case investigated and let us know what I can tell them.

From what they said I understood that they also wish to return to their home in Tripoli. From our point of view here, this is clearly the right solution, but we shall not despatch them until you let us know whether for any reason they should not proceed to their normal place of domicile. In the event of your agreeing to allow them to return to Tripoli, we shall of course inform you of their date of departure and route of travel.

I have returned their passports to them after satisfying myself. They both appear to be entirely in order. They contain a certificate of registration as British subjects; reference numbers 327 and 128 signed by the British Consul in Tripoli.

3404TH QUARTERMASTER TRUCK COMPANY
APO #462, U.S. Army

20 February 1944

SUBJECT: Transmittal of Correspondence

TO : Commanding Officer, Allied Military Government,
APO 758

1. Enclosed is a letter written to Pvt. Clayton of this company (this company was formerly Co. "D" 2/nd QM Trk. Co.) in reply to a letter written by Pvt. Clayton to the wife of Mr. Joseph Settignano under the following circumstances:

a. Last September this company was bivouacked near Trabia, Sicily on a dirt road. This road leaves the main coast road at the stone archway in Trabia and eventually runs directly south from Trabia. We were bivouacked about five miles down that road from Trabia.

b. Mr. Joseph Settignano came to us one day and told about his wife and children who lived in Chicago and whom he had not seen in many years. He said he lived in a little town further south on the road which sounded something like "Ventemile". He spoke very good English.

c. Pvt. Clayton wrote a letter to Mrs. Settignano in Chicago telling her that her husband was alive and well. She evidently forwarded the letter to their son and he wrote this enclosed letter which contains a message to his father.

2. Because the son is in the Army and it would be of great service and benefit to him to make contact with his father, I believe this letter ought to be gotten to Mr. Settignano if possible.

3. Request your help in getting it to him.

British Army Post Office records show the following addresses
on location:-

Allied Military Government Region No. 1. - located Palermo.
Aviation Commission H.Q. A.M.G.C.T. - located Palermo.

Perhaps you would be good enough to say whether these
designations are correct, and if so, no doubt you would ensure that
correspondence is addressed accordingly. There is no known reason
why your correspondence should be delayed if it is being addressed
correctly.

In the meantime I have given instructions that all mail
addressed to A.C.C. and A.M.G. G.M.F. shall be circulated to
Palermo for collection.

Since the arrival of ACC and AMG in Sicily from North Africa, the Air Mail for Officers and O.Rs has not been arriving as regularly as it should, and letters by air are taking 3-4 weeks to arrive from England.

It is thought that this delay may be due to you not having been officially informed that all Mail addressed to ACC-AMG should be forwarded to H.Q. A/M.G. Palermo, with the exception of that addressed to 15 Army Group.

Will you therefore please cause an investigation to be made to see if there is any accumulated Mail for ACC-AMG in your department.
