(3) Escapees and Evaders not returned to the United States within the terms of 3a(2), above, will be disposed of as follows:

- (a) Those found physically qualified for further combat service and whose return to combat service is not precluded for reasons of security will be returned to their former unit, irrespective of the present station of that unit, provided the individual so elects. If the individual desires assignment to a unit other than that to which he was last assigned, he will be assigned to a combat unit of suitable arm in this theater.

- (c) Those found not physically qualified for further overseas service will be returned to the United States.
- (d) Those whose further retention in this theater is considered inadvisable for reasons of security, and those whose proper disposition cannot be determined from local interrogation by the United States Representative, will be reported by letter to this headquarters for final determination. - (b) Individuals who have been absent from United States control for periods of less than sixty (60) days may be reassigned to duty within this theater, within the discretion of the major commander concerned.

These officers will remain in close contact with the headquarters which they represent and will, insofar as their particular headquarters is concerned and when practicable to do so, determine the final disposition of Repatriates and assist and coordinate in their orderly and expeditious disposition. These representatives will also furnish the United States Liaison Officer with all information necessary for the maintenance of complete records of Repatriates.

However, pay records will note the amounts that were paid to the individual prisoners, except work pay, while in enemy custody.

(2) Each Repatriate may, if he so desires, be given a partial payment of not to exceed one full month's pay if pay for more than one month is due, or not to exceed 50% of one month's pay if pay for only one month is due.

h. Gratuitous issues of clothing and canteen supplies necessary for health and comfort are authorized and directed.

i. The individual will be informed that his return to Allied control has been reported to the War Department and, by the War Department, to his next of kin. He will be directed to refrain from corresponding by cable, RFM, or other means with relatives and friends for at least ten (10) days following return to Allied military control. This procedure will permit the War Department sufficient time to make official notification to the next of kin and clarify his status. Subsequent messages then received from the individual by the next of kin will not occasion doubt or alarm as to his safety and whereabouts. This procedure, together with the reason therefor, will be carefully explained to all Repatriates.

a. A radiogram report will be submitted by the headquarters listed in paragraph 6, above, to this headquarters (Attention: AG Casualty Section), showing the name, rank, ASN, former organization, date of internment, capture, separation from unit if evader, date of return to military control and proposed disposition. Names will be grouped by category, i.e., "Escapes", "Evaders", etc.

b. As soon as possible after issuance of orders and so as to arrive in the United States ten (10) days prior to arrival of personnel, one copy of each evacuation order for patients and one copy of each group movement order for other individuals, will be air mailed to The Adjutant General, Attention: Chief, Casualty Branch, Washington 25, D. C., by the issuing authority. In cases of returns by air, the issuing authority will make a radio report direct to The Adjutant General, Attention: Chief, Casualty Branch (Cable address AGWAR), at least three (3) days prior to departure, giving name, grade, and ASN of personnel returning by air. Where action prescribed herein is not practicable, copies of orders or radiogram reports will be furnished as early as possible.

c. The base section operating the port of embarkation will furnish the War Department the following information by radiogram as soon as such facts are determined:

- (1) The estimated time of departure.
- (2) The estimated time of arrival in the United States.
- (3) The mode of travel.
- (4) The number of individuals assigned each reception group.

9. Prior to embarkation for return to the United States a careful check will be made to ensure that partial payments, when desired, have been made; that a temporary service record has been procured, complete to the extent that conditions permit, and that all clothing and equipment required for comfort during the voyage have been issued.

10. At replacement installations, and other installations to which personnel may be forwarded for transshipment to the United States, Repatriates will be formed into reception station groups and thereafter processed in accordance with Hq, War Department, 15 August 1944, the same as rotation personnel. Each of these groups will be assigned a separate code designation. Care will be taken that personnel other than Repatriates are not assigned to these groups. Recovered prisoners of war will be accorded priority in return to the United States over all other casual personnel, including rotation personnel, except sick and wounded.

a. Preliminary (See paragraph 8e above).

b. Designated headquarters or agencies will make a detailed interrogation in accordance with instructions contained in letter, this headquarters, file AG 333.6-0, dated 6 July 1944, subject: "Detailed Interrogation of Escapees, Evaders", for the purpose of securing operational and other information and details of escape and assistance received. The security certificates required by the aforementioned letter will be executed even though a similar certificate may have been signed at a preliminary interrogation.

c. Security -- Each Repatriate returned to Allied control under circumstances described in this letter will be impressed at the earliest opportunity with the necessity for secrecy concerning his escape or evasion of capture and will be required to read and sign a security certificate.

The United States Consul General will submit particulars of all United States civilians to G-2 Section (C.I.) AFHQ, for security clearance prior to repatriation. G-2 Section (C.I.) Evacuation of Repatriates through medical channels will be accomplished.

in accordance with War Department letter, 3 June 1944, subject: "Procedure for Return of Patients".

b. Disposition of Repatriates whose last assignment was to an Air Force Unit not stationed in this theater. -- This class of personnel will be sent to Headquarters AAF/MTO for interrogation. Upon completion of interrogation and other immediate action deemed appropriate, they will be forwarded by Headquarters AAF/MTO to their former organization. Travel by military aircraft is authorized.

4. Liaison with Allied Prisoner of War Repatriation Unit -- An officer will be assigned by this Headquarters to serve as United States Liaison Officer with the Allied Prisoner of War Repatriation Unit. This officer will be responsible for keeping the necessary records pertaining to United States military "Repatriates" and coordinating among the various agencies concerned all matters pertaining to repatriation.

5. United States Representatives to the Allied Prisoner of War Repatriation Unit -- The Commanding General, AAF/MTO, Twelfth Air Force, Fifteenth Air Force, Peninsular Base Section, Continental Advance Section, and other commanders who may be later designated by this headquarters will each detail one officer to serve as United States Representative to the Allied Prisoner of War Repatriation Unit. The Commanding General, Continental Advance Section will detail an officer to serve as the United States Representative to the Allied Prisoner of War Repatriation Unit located in Southern France. These officers will remain on duty with the headquarters which they represent and will, insofar as their particular headquarters is concerned and when practicable to do so, determine the final disposition of Repatriates and assist and coordinate in their orderly and expeditious disposition. These representatives will also furnish the United States Liaison Officer with all information necessary for the maintenance of complete records of Repatriates.

6. Processing of Personnel within the Theater

a. Repatriates who return to Allied military control will be dispatched as expeditiously as possible, as follows:

- (1) To Headquarters, Twelfth Air Force - Those whose last assignment was to that command.
- (2) To Headquarters, Fifteenth Air Force - Those whose last assignment was to that command.
- (3) To Headquarters, AAF/MTO - All Air Force personnel other than personnel enumerated in (1) and (2), above. See par 3b, above.
- (4) To Headquarters, Peninsular Base Section - All personnel of ground and service force units, except as noted in 6a(5), below.
- (5) To Headquarters, Continental Advance Section - All personnel of ground and service force units returned to Allied military control in Southern France. Commanding General, Continental Advance Section, may forward such personnel to Delta Base Section for further disposition.

b. Personnel enumerated in (1), (2), (4), and (5), above, who are to be returned to the United States will, after processing at the headquarters

CONFIDENTIAL

concerned, be sent to the 7th Replacement Depot.

c. Personnel enumerated in a(4) and (5), above, who are selected for reassignment within the theater will, if classified for limited assignment, be sent to the 7th Replacement Depot; and, if classified for general assignment, will be forwarded to the 24th Replacement Depot.

d. Air Force personnel selected for reassignment in this theater will be reassigned to an Air Force organization by the appropriate headquarters shown in paragraph 6a (1) or (2), above.

e. Advance intelligence echelons will interrogate Repatriates only to the extent necessary to secure information of immediate tactical value, such as enemy plans, order of battle, installations, equipment, etc. A certificate will be given to each individual which will show that an interrogation has been made and that the individual is not to be interrogated further until a place of detailed interrogation is reached.

f. Upon reporting to one of the commands enumerated in paragraph 6a, above, the individual will be given a physical examination and hospitalized if necessary. He may, if he so desires, be given a partial payment of not to exceed one full month's pay if pay for more than one month is due, or not to exceed 50% of one month's pay if pay for only one month is due; will be issued United States military clothing and equipment and a Red Cross kit containing a razor and toilet articles; and will be provided with a billet and subsistence. Reports will be rendered as indicated in paragraph 8, below.

g. The individual will be informed that his return to Allied control has been reported to the War Department and, by the War Department, to his next of kin. He will be directed to refrain from corresponding by cable, EFM, or other means with relatives and friends for at least ten (10) days following return to Allied military control. This procedure will permit the War Department sufficient time to make official notification to the next of kin and to clarify his status. Subsequent messages then received from the individual by the next of kin will not occasion doubt or alarm as to his safety and whereabouts. This procedure, together with the reason therefor, will be carefully explained to all Repatriates.

h. A temporary service record will be prepared as outlined in paragraph 42, AR 345-125, paragraph 13, AR 345-155, and MATOUSA Circular Number 100, 1944. An entry will be made on the cover of the record that the individual is an escaped prisoner of war, has avoided capture in enemy or enemy held territory, has escaped or been released from internment in a neutral country, or has been liberated from custody in enemy or enemy controlled country.

i. Whenever possible, all decorations and service medals awarded an individual but not yet issued him will be supplied. Ribbons in lieu of medals, when medals are not available for issue, will be supplied. Appropriate entry of such award will be made in temporary service records.

j. Personnel will not be detained longer than three (3) days at any one place unless unavoidable circumstances necessitate a longer delay.

k. In the cases of personnel enumerated in a(4), above, matters pertaining to pay, supply, quarters, subsistence, preparation of records, and award

CONFIDENTIAL

of decorations and service medals will be accomplished at the replacement depot to which forwarded.

7. Orders

a. All orders issued pertaining to Repatriates, until their final destination is reached, will contain one of the following expressions, whichever is applicable, to explain the status of the individual:

- (1) Having escaped from enemy custody.
- (2) Having evaded capture in enemy held territory.
- (3) Having "escaped from" or been "released from" internment in (show name of neutral country).
- (4) Having been liberated from custody in enemy or enemy controlled country.

b. Any United States headquarters to which personnel initially report is hereby authorized to issue such orders as are necessary, including authorization for travel by air, to provide for travel to the proper headquarters shown in paragraph 6g, above.

c. Any of the headquarters listed in paragraph 6g will issue necessary orders to send personnel to their correct destination. Such orders will provide for travel by aircraft or any other means of available transportation.

d. Group movement orders issued to accomplish the actual return to the United States will:

- (1) Authorize the Commanding General, Port of Debarkation, to place all Repatriates on temporary duty with the POW Intelligence Service, Washington, D.C. for a period of not to exceed three (3) days.
- (2) Authorize the sending of personnel upon completion of temporary duty in Washington, D.C. to proper reception station, where leave of absence or furlough will be granted and further disposition accomplished.
- (3) Group movement orders, as provided for rotation personnel in PRI War Department, 16 August 1944, will be issued at replacement installations.

8. Reports

a. In the case of Evaders and Escapees, a radiogram report will be submitted by the headquarters listed in paragraph 5, above, to this headquarters, (Attention: AG Casualty), showing the name, rank, ASN, former organization, date of internment, capture, separation from unit if evader, and date of return to military control. Names will be grouped by category, i.e. "Escapees", "Evaders".

b. In the case of "Internees" and Recovered Prisoners of War, the

CONFIDENTIAL

information shown in 8g, above, will be reported and, in addition thereto, the name and address of emergency addressee, physical condition and proposed disposition. In describing physical condition, the expressions: good, fair, or, poor will be used. In the case of hospitalized personnel, the report should also show whether the individual is slightly ill or seriously ill, and diagnosis.

c. The base section operating the port of embarkation, will furnish the War Department the following information by radiogram as soon as such facts are determined:

- (1) The estimated time of departure.
- (2) The estimated time of arrival in the U.S.
- (3) The mode of travel.
- (4) The number of individuals assigned each reception group.

9. Prior to embarkation for return to the United States a careful check will be made to assure that partial payments, when desired, have been made; that a temporary service record has been prepared, complete to the extent that conditions permit and that all clothing and equipment required for comfort during the voyage have been issued.

10. At replacement installations, and other installations to which personnel may be forwarded for trans-shipment to the United States, Repatriates will be formed into reception station groups and thereafter processed in accordance with PRI, War Department, 16 August 1944, the same as rotation personnel. Each of these groups will be assigned a separate code designation. Care will be taken that personnel other than Repatriates are not assigned to these groups.

11. Interrogations

a. Preliminary (See paragraph 6g, above.)

b. Designated headquarters or agencies will make a detailed interrogation in accordance with instructions contained in MATOUSA letter, AG 383.6-0, subject: "Detailed Interrogation of Escapees, Evaders", dated 6 July 1944, for the purpose of securing operational and other information, and details of escape and assistance received. The security certificate required by the aforementioned letter will be executed even though a similar certificate may have been signed at a preliminary interrogation.

c. Security -- Each Repatriate returned to Allied control under circumstances described in this letter will be impressed at the earliest opportunity with the necessity for secrecy concerning his escape or evasion of capture and will be required to read and sign a security certificate.

d. Inasmuch as CSDIC is the competent interrogating authority in this theater, close liaison must exist between the headquarters which are designated to conduct detailed interrogations, the US Representative, and CSDIC so that qualified interrogators may be made available by CSDIC when and if desired.

12. It is of primary importance that the emergency addressee be officially notified by the War Department before any publicity is given fact of return to

military [redacted] of repatriates will not be released to other than United States military sources.

13. Disposition of Naval and Merchant Marine Personnel - United States Naval and Merchant Marine personnel who return to Allied military control will be forwarded to the nearest base section headquarters for detailed interrogation, processing, clearance by U.S. Representative, and delivery to Naval control in this theater at the closest point.

- (2) Those who returned to Allied control unaided or with the sole assistance of Allied military personnel.

c. Internees - United States military personnel who have escaped or have been released from internment in a neutral country.

Personnel whose last assignment was to an organization not in this theater will be evacuated to the United States through their former organization.

d. When advisable, seriously ill personnel may be evacuated direct to the United States through medical channels. In these cases a full report of circumstances will be furnished this headquarters by the most expeditious means available.

e. When, because of security reasons, the return of personnel, whose return is not otherwise provided for in this letter, is considered advisable, a full report of circumstances and request for return of the individual will be furnished this headquarters through the proper US Representative attached to the Allied POW Repatriation Unit. Pending determination of action by this headquarters, Air Force personnel will not participate in operational flights, and other personnel will be removed from combat areas.

3. US Representatives Attached to Allied POW Repatriation Unit - The Commanding Generals, AAF/ETO, Twelfth Air Force, Fifteenth Air Force, and Peninsular Base Section, and other commanders who may be later designated by this headquarters will each detail one officer to serve as the US Representative on the Allied POW Repatriation Unit. (See paragraph 5 and Exhibit A)

c. Upon reporting to one of the commands enumerated in paragraph 4a, the individual will be given a thorough physical examination and hospitalized if advisable. He will be given a partial payment of not to exceed one full month's pay if pay for more than one month is due, or not to exceed 50% of one month's pay if pay for only one month is due, will be issued United States military clothing and equipment and a Red Cross kit containing a razor and toilet articles, and will be provided a billet and subsistence.

Reference attached letter from Regional Commissioner, Region 3.

In the absence of any detail in the matter from Provincial Officer of CAPRI, it is hard to say what it is all about except that a civilian who does not appear now to be a PW has forwarded a receipt for 4500 Lire purported to be signed by some one in 360 PW camp. These camps are presumably organised under authority of A.A.I. and have no connection with the Italian Army. It would therefore appear to be a matter for reference to the appropriate Allied authorities.

SUBJECT: Civilian Internie in Br. Camp in India.

TO : Commanding Officer, District No 1. (British)

THRU : R.C.A.O., Sicily Region Hq., APO 394.

1. The attached paper relates to a request from Rizzio Maria, Faggiana, wife of Girolamo Faggiana. Prior to the war their established home was in Trapani, at Corso Vittorio Emanuele 201, where the family stayed, while he spent most of his time at Aden (Arabia) as engineer for the salt works there. Shortly after England entered the war the Italian colony at Aden was sent to a British prison Camp at India, where he has been for the past three years or more. The wife recently received a letter which came through the Red Cross advising her that her husband was seriously ill (last May) and that an operation would be performed for stomach ulcers. Since then she has heard nothing. She now requests that arrangements be made to return her husband to Trapani as soon as shipping space is available, both on account of his health and for family and business reasons. His is prisoner No. 7083, Italian Wing 3, Central Internment Camp, Dehra Dun, Br. India.
