SUBJECT: Baggage Documentation.

TO : All Concerned.

1. Reference is made to War Department letter, file AG 52h (18 August 44) OR-S-SMOT-M, dated 29 August 1944, subject: "Processing of Baggage from Overseas".

2. Reference letter does not become effective in this theater until baggage tags are received. Nine (9) copies will be forwarded to the port of embarkation, one (1) copy to this headquarters and one (1) retained on file. Ports of embarkation will make distribution as prescribed by reference War Department letter, retaining one (1) file copy.

4. Unaccompanied baggage for shipment to United States should be delivered to appropriate agency of base sections and corresponding commands.

SECTION I

GENERAL

1. PURPOSE. The purpose of this publication is to provide a uniform system for the orderly return to the United States by water transportation of ALL baggage and personal property of military personnel and other persons who have baggage to be shipped to the United States at Government expense; also to assist commanding officers, command echelons and transportation agencies in the prompt and systematic processing and disposition of such baggage. The provisions of the directive apply to the baggage of only that personnel defined in paragraph 5 below. While this letter proscribes procedures for processing baggage by the Army, certain provisions have been included to accelerate customs clearance of baggage after arrival at US ports, in conjunction with Circular 335, WD, 1944, Subject: Inspection and Customs Clearance of Baggage 305?

PROCEDURES OVERSEAS

6. GENERAL.

a. Authority. Individuals or units are authorized to ship baggage to the United States as prescribed in movement, shipment, or travel orders. Commanders concerned are authorized to ship, at Government expense, from overseas commands to US ports, and thence to destinations in the United States designated by the owner thereof, at Government expense, accompanied and unaccompanied baggage of military personnel and persons described in paragraph 5 above, subject to the restrictions and conditions contained herein.

(1) Inclusion of captured material trophies in shipments of baggage is authorized.

(2) The authorized unaccompanied baggage of individuals returning to the United States by air, or by a vessel or convoy other than that carrying such baggage, will be shipped at Government expense.

(3) Personal items of individuals remaining overseas, declared excess by overseas commanders, may be shipped as unaccompanied baggage, at Government expense, as directed by overseas commanders. In addition, at the time a shipment of personal items declared excess is made, each individual is authorized to include in the shipment other personal items and captured material trophies not to exceed 25 pounds.

(4) Additional shipments for the convenience of an individual remaining overseas may be made, subject to availability of transportation.

R E S T R I C T E D

provided that no liability for safe passage of the shipment is assumed by the Government. Ocean transportation will be furnished without expense to the individual, when such shipments are carried aboard any vessel manned or operated by the War Department, or any vessel on which space has been allocated to the War Department (within the limits of the space allocated). When shipment is made on a vessel of the War Shipping Administration, as stated above, the property will be included in the weights stated on the warehouse bill of lading furnished the agent. Shipments from US ports to consignees in the United States will be made at the owner's expense (express collect).

(5) All shipments outlined above will be processed as prescribed in this publication.

For example, such requests may indicate a US port, a new duty station, the individual's home, or any place desired by the individual, other than a Government storage facility.

7. PERSONNEL PRECEDING BAGGAGE TO UNITED STATES.

a. Unaccompanied baggage of personnel who have returned or are returning to the United States by a means of transportation other than the vessel or convoy carrying the baggage will be processed under the provisions of this publication. Where the ultimate consignee address in the United States is unknown, overseas commanders will acquaint personnel concerned with the provisions of Section II, Circular 142, WD, 1944, furnish the individual with a copy of the letter suggested in paragraph 3 thereof, and instruct him to make the appropriate remark on the baggage tag. See Inclosure No. 7 for sample of tag in these cases and Inclosure No. 11 for sample of individual's notification of address to which baggage is to be forwarded.

b. In cases of return by air, travel orders of each individual will indicate the weight of baggage to accompany the individual, and will indicate disposition to be made of all unaccompanied baggage.

c. Each port commander will be responsible for the initial supply of tags to overseas commands for which he has primary supply responsibility. This supply will be obtained from the adjutant general depot serving each port.

15. OWNER'S INVENTORY AND CERTIFICATES AND CUSTOMS DECLARATION.

a. Prior to embarkation, each individual will accomplish, in triplicate, an inventory of the items in each container accompanying or being shipped by the individual, as illustrated in Inclosure No. 10. This inventory will also apply to hand baggage.

(1) On all baggage, except Effects, in addition to the Customs Declaration prescribed above, the individual will accomplish a Customs Declaration on the proper tag and securely attach it to each container. This will facilitate customs processing and clearance upon arrival at the US port (see Inclosure No. 9 for sample of Customs Declaration tag).

d. The number of the tag on each container, except for hand baggage, as prescribed in paragraph 13 above, will be entered on the bottom of the front side of the corresponding Owner's Inventory.

e. One (1) copy of the Owner's Inventory, with certificates and Customs Declaration accomplished, will be retained by the owner. Upon inspection, and prior to loading aboard ship, as prescribed in paragraph 16 below, the Inspecting Officer will withdraw one (1) copy for his files and future reference.

f. Owners will be instructed to retain these copies of Inventories until determination of safe receipt of baggage in the United States by owners or addressees has been made. In the event of loss or damage, the owner's copy of the Inventory will be attached to any claim made against the Government.

16. PRE-EMBARKATION INSPECTION. Overseas commanders will cause all baggage shipped to the United States by agencies or individuals under their command to be inspected by a commissioned officer, designated by such commander as Inspecting Officer, prior to loading on board ship, to insure compliance with weight, packing, marking, and disease prevention requirements, and to withdraw items not authorized for shipment. Officers so designated must be informed that these inspections are vitally necessary in securing speedy clearance of individuals at US ports, in complying with laws of the United States, and in preventing the entry of diseases into the United States.

17. INVENTORY OF ITEMS WITHDRAWN BY INSPECTING OFFICER.

a. Whenever possible, owners should be present at the inspection of their baggage. In these cases, the inspecting officer will sign all copies of the Owner's Inventory, if correct. In event of withdrawal or discrepancy, the Owner's Inventory will be rewritten or corrected, signed by the owner and inspecting officer, and placed in each container.

RESTRICTED

R E S T R I C T E D

b. If the owner is not present at the inspection, the inspecting officer will make an inventory, in duplicate, of all items withdrawn from the baggage, including Government issue, with a brief description of each item removed. Discrepancies between the Owner's Inventory and the contents of the container will be noted. The original copy of the inventory, certified by the inspecting officer, will be placed in the container from which the items have been withdrawn, and the copy retained by the inspecting officer.

18. CERTIFICATE OF THE INSPECTING OFFICER. The tag (reverse side of Customs Declaration tag) upon which will be inscribed a certificate by the Inspecting Officer substantially as shown in Inclosure No. 9, will be securely attached to each container. In no case will hold baggage, accompanied or unaccompanied, be returned to the owner after the inspection prescribed above, or prior to loading aboard ship. Further processing of accompanied baggage for customs clearance purposes will be accomplished by inspecting officers in accordance with paragraph 5d, Circular 335, WD, 1944.

- (e) Civilians.
- (f) Others.

(2) All unaccompanied hold baggage will be segregated and placed aboard ship as follows:

- (a) Effects and unidentified baggage.

b. In ships utilizing two or more holds for baggage, it is desired, subject to other loading factors and circumstances, that all unaccompanied baggage be placed in one hold. Baggage of units and rotation groups may be placed in the same hold as top stowage for immediate discharge. All other baggage will be stowed in other holds as top stowage.

20. DOCUMENTATION.

a. Manifest. A separate sheet or sheets of the ocean manifest will be used for baggage only. One entry will be made on this sheet for each group of baggage indicated in paragraphs 19a(1) and (2) above, showing total pieces of baggage, identity of group and the location aboard ship (see sample entries in Inclosure No. 12).

R E S T R I C T E D

b. A Separate Baggage List of the Containers Comprising Each Segregated Shipment, as listed in paragraphs 19a(1) and (2) above, will be prepared as follows:

(1) Baggage List.

- (a) Name of owner, rank or other identification.
- (b) Number of tag on the baggage.
- (c) Type of container.

(2) Keys for unaccompanied baggage will be placed in one package and entered as the first item on the appropriate baggage list.

(3) Distribution of Baggage List.

(a) Four (4) copies of each Baggage List will be turned over to the ship's master (cargo security officer or transport commander). Three (3) copies will be delivered to the Superintendent, Water Division at the US port; the fourth copy will be retained for the ship's record.

(b) Four (4) advance copies of each Baggage List will be dispatched by air courier, with the advance copies of the manifest or bill of lading, to the Superintendent, Water Division at the US port at which debarkation or discharge is scheduled, who will forward two (2) copies to the Chief of Transportation, Washington 25, D. C. (one each for the Chief, Water Division and the Chief, Traffic Control Division). If the US port is unknown, they will be dispatched by air courier to the Chief of Transportation, Washington 25, D. C. (Attn: Chief, Ship Operations Branch, Water Division). Air mail will be used only when courier service is not available.

(4) A sample Baggage List is shown in Inclosure No. 13.

SECTION III

22. LOCKED BAGGAGE. Where inspection is necessary, locked baggage for which keys are not supplied at time of arrival of the baggage will be opened by forcing the locks, or other appropriate means, under the supervision of an inspecting officer. After inspection, containers will be securely strapped or banded.

23. INVENTORY AT US PORTS.

a. Where containers are opened at US ports, an inventory of each will be prepared, in duplicate, indicating:

RESTRICTED

- (1) Name of owner.
- (2) Army serial number and grade, or civilian designation.
- (3) Address of consignee.
- (4) List of items in container.
- (5) Pertinent notations as to withdrawals, and so forth.

b. The inspecting officer will certify to the correctness of the inventory. The original will be packed with the contents of the container and the duplicate retained for the port files.

24. ITEMS TO BE WITHDRAWN. The inspecting officer will withdraw and turn over to an appropriate supply or salvage officer the following items, subject to the exceptions noted:

a. All Government Issued Property, except that listed in paragraphs 9a(1) and (2) above, and that packed in containers addressed to the owner at a duty station in the United States (see paragraph 25 below).

b. Captured Materiel Trophies not Accompanied by a Certificate of Retention (as required in paragraph 9d above), except when, in the opinion of the port commander, value as trophies outweighs usefulness in the service or value as critical scrap. Specific articles, the possession of which is forbidden by directives, will be withdrawn.

c. Items of Allied Nations Materiel not Accompanied by a Certificate of Ownership or Right to Possess (as required in paragraph 9e above), except when, in the opinion of the port commander, value as trophies outweighs usefulness in the service or value as critical scrap. Specific articles, the possession of which is forbidden by directives, will be withdrawn.

d. Items the Shipment of Which is Prohibited by Competent Authority, including narcotics, explosives, live bombs, and live ammunition, loaded weapons, certain fruits and vegetables, and others (see paragraph 9g above).

e. Clothing and Textile Items Requiring Disinfection, unless facilities exist at the port for performing this function prior to shipment from the port.

25. GOVERNMENT ISSUE PROPERTY, except that listed in paragraphs 9a(1) and (2) above, found in containers owned by a member of the military service and addressed to himself at a duty station in the United States, will not be withdrawn. A suitable notation will be made on the inventory and a copy mailed to the commanding officer of the new duty station for appropriate action upon arrival of the owner.

26. CUSTOMS INSPECTION. Customs clearance of the accompanied baggage of individuals will be accomplished as prescribed in Circular 335, WD, 1944. Other baggage will be submitted as desired by representatives of the Collector of Customs for appropriate customs examination which includes examination for censorship purposes.

RESTRICTED

27. RESHIPMENT FROM US PORT.

a. The appropriate port commander will forward baggage to the consignee in the United States at the address indicated on the baggage or to a new address of the consignee in the United States, and is authorized, upon request, to forward a portion of an individual's baggage to a duty station or hospital and the remainder to another designated address in the United States (the provisions of paragraph 16, AR 55-160 will not apply to the above shipments). Shipments to duty stations and hospitals will be made by express.

b. Baggage will be forwarded in accordance with the status of the owner or consignor at the time shipment was initiated. Information received by the transportation officer of the owner's subsequent change of status to deceased, missing, missing in action, captured, or interned will not warrant diverting the shipment to the Effects Quartermaster, Army Effects Bureau, Kansas City Quartermaster Depot, Kansas City, Missouri.

c. Keys will be mailed to the consignee, unless otherwise requested by the owner or his representative.

d. Unaccompanied baggage without a forwarding address will be delivered to individuals through use of the procedure prescribed in paragraph 7 above. Upon arrival at the port, all shipments of baggage not showing specific forwarding addresses will be reported to the Chief of Transportation (Traffic Control Division).

e. Upon being notified by the individual of the address to which the baggage should be forwarded, as prescribed in Section 11, Circular 142, WD, 1944, the Chief of Transportation (Traffic Control Division) will inform the proper port of such address so that delivery of the baggage may be made.

f. Upon receipt of this information from the Chief of Transportation, US port commanders will forward baggage of individuals to the designated addresses. Express shipments will be utilized to duty stations or to hospitals. Freight shipments will be utilized to other designated addresses, unless a more economical means of shipment is available.

28. MISCELLANEOUS.

a. The Chief of Transportation will establish a clearing agency in his office for collection of notifications from individuals, reports of arrival of baggage from US ports, and the appropriate dissemination of this information.

b. This publication will be cited as authority to ship baggage from US ports to consignee addresses in the United States.

c. As stated in paragraph 14 above, the forms outlined in Inclosures No. 1 to 9, inclusive, will be furnished from the United States; the forms outlined in Inclosures No. 10 to 13, inclusive, will be reproduced in each overseas command.

d. The forms prescribed in this letter in no way affect the "List A and B", prescribed in Circular 9, WD, 1944, and the "C and E Adjustment Form" prescribed in Circular 200, WD, 1944, which are necessary for property accounting purposes of unit commanders and individuals, respectively.

Provost Marshal General
Washington, D.C.

1. Generals GAZZERA, PINNA, GUASCO and Colonel PEZZI, former Italian prisoners of war in America state in a communication to the Italian General Staff and referred to this Headquarters that they have not received the following pieces of their baggage:

6 trunks with the name GAZZERA and the letters
A,B,C,D,E,F.

7 trunks with the name GENERAL PINNA

9 trunks (of whom 6 personal goods and 3 with files and books) with the name GENERAL GUASCO and the numbers 1,2,3,4,5,6 and the letters A-B-C.

3 trunks with the name COLONEL PEZZI.

2. When the Italian Officers named left the P.W. camp, at Monticello, Arkansas, it was their understanding that their luggage consisting of 25 pieces was to follow them by boat to Italy, they proceeding by air. They list 25 pieces but claim 30 pieces in making their report. Their baggage was to be accompanied by aide, Capt. Marino, Vincenzo and three orderlies. It is stated that this arrangement was made by Colonel Brown, Commanding Officer of the P.W. Camp with General Brian of your office. Capt. Marino, now in North Africa states that the baggage did not leave Arkansas with them but that a Lt. Steiner of the camp indicated that the baggage would be at the Port of Embarkation. The baggage did not leave the port with them on the 23rd December 1943.

3. The contents of the Italian Officers' baggage consisted of some of their original equipment taken with them from North Africa to the United States. In addition it contained articles purchased in India and America and "letters and documents of great importance."

4. Request that the baggage be traced and advise this headquarters of results.

In this connection, reference is made to War Department letter dated 14 December 1943, subject: "Supply Training", file 40-00 (7 Dec 43) OB-5-24, which was reproduced and distributed to all major commands in this theater by Headquarters MATOUSA.

In the accomplishment of the grave mission with which it is charged, the War Department is obliged to fill the real needs of the several theaters of operations with promptness geared to the speed of modern warfare, and at the same time as effectively to employ the resources at its disposal that irreparable damage to the economy affecting every citizen will not result. It is considered the duty of every uniformed member of this Command to keep faith with the officers and men of the Army elsewhere in the world by practicing the rigid economy in the use of United States property.

Daily Bulletin # 20, dated 20 Jan 1944 (Ser 5 Cont'd)

SUBJECT: Loss Of Kit

TO : H. G. Camp Commandant, AMG

1. I have to report the loss of one black tin uniform trunk which was left when I was ordered to leave Tizi Ouzou (Military Government School).

2. The circumstances were that I was ordered to leave by air at little more than an hour's notice. I reported to H.G. Algiers and was told that I could take 200 lbs. of baggage. Subsequently this was altered and my air ticket allowed only 125 lbs. In consequence I was compelled to leave my box and was instructed at Algiers to return the box to Tizi Ouzou.

3. I did this handing the box to the driver of a Peep which belonged to and was returning to Tizi Ouzou. The driver had brought in Major D'Albion who was to fly from Algiers also. This was on Wednesday, 20th October and I instructed the driver to hand the box to the Quartermaster's Office (British) with a note that instructions for forwarding it could be obtained from Finance Sub-Commission.

4. On Saturday, November 6, 1943, I asked the baggage officers of the party who arrived from Tizi Ouzou if my box had been brought with the party. I have subsequently been informed by Captain Lowe (A), the baggage officer of the party, and by Captain Severn (B), of Finance Sub-Commission, that each of them separately asked the Camp Commandant at H.G.S. if there was not a box to be sent to me. Each was informed that there was no kit in the Camp for me.

5. In view of the facts reported in the preceding paragraphs, May I be informed please as to whether any steps can be taken which may locate the kit which is missing. The box is marked CAPTAIN E. C. PATRICK, R.A., and also bears the serial letters RMTF of the draft which I reported from England in September.
