SUBJECT: Unauthorized Use of Water Supply.

: See Distribution.

1. Cases have occurred where Unit Commanders have made unauthorized connections to the Main Water Supply Conduits and Aqueducts. This has resulted in both waste of water and interference with the Rome city water supply. This practice will cease forthwith.

2. In future when a supply of water is required, application will be made to Engineer Services Rome Area Allied Command, V Ripartizione Governatorato, 46 Via del Foro, and no connection to the mains or interference with hydrants or valves will be permitted unless previously arranged with Engineer Services.

By command of Major General JOHNSON:
