Terms of Reference for the Advisory Council
for Italy

5 November 1943

An Advisory Council for Italy will be established forthwith composed in the first instance of representatives of the U.K., U.S., Soviet Union, and French Committees of National Liberation. Representatives of Greece and Yugoslavia will be added as full members of the Council as soon as practicable in view of the special interest of these two countries arising from the aggressions of Fascist Italy upon their territory during the present war.

2. Each representative will be assisted when necessary by a small staff of technical advisers, civilian and military. The Council will establish itself as soon as possible in Italy at the same place as the Headquarters of the Allied Commander-in-Chief.

3. The Council will keep itself closely informed of current Italian affairs and advise the respective Governments and the French Committee of National Liberation in regard to problems relating to Italy, other than military operational problems. Members of the Council will be supplied by their respective Governments and by the French Committee of National Liberation with all relevant information on Political and Military developments affecting their work. They will make joint or several representations to their Governments or to the French Committee, but will not have the power to take final decisions. They will not of course concern themselves with military functions of the Allied Commander-in-Chief.

4. The Council will have the duty in particular of watching the operation of machinery of control in Italy which will enforce the terms of surrender.

5. The Council will advise the Allied Commander-in-Chief in his capacity as President of the Allied Control Commission on general policy connected with the work of control. For this

4. The Council will have the duty in particular of watching the operation of machinery of control in Italy which will enforce the terms of surrender.

5. The Council will advise the Allied Commander-in-Chief in his capacity as President of the Allied Control Commission on general policy connected with the work of control. For this purpose it will maintain close touch with the Allied Commander-in-Chief as President of the Control Commission and will have the right to ask him for information or explanations over matters affecting the Council's work. It will maintain close touch with such other technical inter-Allied bodies as may be established in Italy and will be entitled to obtain information and explanations from them on matters affecting its work.

6. The Allied Commander-in-Chief will continue as in the past to receive instructions from the U.K. and U.S. Governments through the Combined Chiefs of Staff in Washington.

6678

7. When, in the opinion of the Allied Commander-in-Chief, it is possible to bring direct military control of Italy's administration to an end, the Commander-in-Chief will relinquish the Presidency of the Allied Control Commission. The advisory council for Italy will thereupon assume direction of the work of the Allied Control Commission.
