SUBJECT: Security of Telephone Conversation

TO : Chiefs of all Staff Sections
Commanders of all Major Commands, Separate Units and Installations

1. Recent monitoring of telephone conversations has shown that there is a considerable lack of security on the part of all ranks.

2. It should be noted that due to the release of personnel, civilian operators and installations are being increasingly utilized. It is, therefore, the duty of all personnel to observe all the security precautions and to be just as security minded now as they were during the actual operations.

3. All personnel must realize that the telephone is definitely an unclassified means of communication. An indiscreet telephone conversation in any part of this theater might give rise to unfounded rumors.

4. Unit commanders will include telephone security in the normal security indoctrination of personnel in their units. Special attention will be given to personnel recently arrived in this theater.

5. Disciplinary action will be taken against offenders when a breach of security of this nature is reported in the future.

MEMORANDUM

SUBJECT: R.U.K.

Brig. Lush to-day gave a letter to Archives which was being sent to British and American Embassies upon the above subject.

After examination with Capt. Rowlands and Capt. Cannings it was decided to advise the Executive Commissioner to accept custody of the R.U.K. files in A.C. Archives, until the policy outlined in his letter (points A.B.C.D.E.) is confirmed.

Executive Commissioner agreed to suggestion that transport should be arranged by U.K.M.

SUBJECT: Final Reports of Sub-Commissions

TO : See Distribution Below

1. Before the Sub-Commissions of the Economic Section wind up their activities, it is desired that a final report of each Sub-Commission be written, for submission to the Executive Commissioner and the Chief Commissioner, to higher authority, and possibly for public release.

2. This report should not be a summary of all the facts in all the monthly reports of the sub-commission, although these monthly reports would be an excellent source of reminiscence for this purpose. Rather, the final report (not to exceed five single-spaced pages in length) should attempt to examine critically:

(a) The problems with which the sub-commission was faced at its inception.

(b) The changing nature of that problem during the last two and a half years.

(c) The activities of the sub-commission in solving the problems.

(d) The lessons for future civil affairs or relief and rehabilitation operations to be drawn from A.C.'s experience in the field which the sub-commission has covered.

3. Drafts of these final reports should be submitted to my office not later than 7 March 1946.

4. The type of job that is required in this connection does not, in my opinion, permit a very substantial amount of delegation to junior officers or late arrivals in the operation. Each director, and his immediate associates, should take it as a personal responsibility to distill into this form their experience of the past in this operation and their feelings about how it might have been done differently, if we had to do it over again.
