Staff on a "long-term" basis in order to continue its functions smoothly.

2. The importance of the Archives Branch needs no emphasis from this H.Q., as it is well known that the classification and microfilming of the Allied Military Government and Allied Commission files is considered of vital importance by the Combined Chiefs of Staff, Washington, and by the American and British Embassies in Italy.

3. Reinforcements are required who will have a minimum of six months further service in this theatre before release or Python. A total of five other ranks is required of this category. This H.Q. with its present all-round deficiencies in personnel, is quite unable to find these reinforcements from within the Commission, and it is most strongly requested that five I/Ops or Privates be posted to this H.Q. as soon as possible for duties with the Archives Branch, within the H.Q. of H.Q. Staff, AMG and AC for Italy (WE 24/266/3). It is not necessary that these men should be trained clerks, although some elementary knowledge of clerical duties is desirable. It is however necessary that they should be men of sufficient education and intelligence as to make them capable of classifying files and documents and of supervising Italian Staff. In view of the importance of the task of the Archives Branch, it is requested that this matter be given your most earnest attention.

Further to our letter of 5th July 46, Ref. 1/AB.

1. Confirming conversation (Mr. PAVITT - Major HARRISON) yesterday it is understood that the Treasury is concerned by the number of personnel which are required for transfer to British Embassy (3 B.O's, 5 B.O.R., 19 civilians).

2. Mr. Pavitt stated that a report had been sent to the Ministry explaining that either it will need this number to complete the work within the scheduled time or for a longer period with less staff.

3. Major Harrison explained that the increase of 18 civilians over the 20 originally estimated will reduce the work of the 100 Microfilm operators by nearly 30%, although owing to a great increase in the files arriving from various regions, the original estimate of 8 million will be nearer 10 million before everything is in.

4. It was agreed that the matter was difficult to explain in writing. Major Harrison suggested that either he or Capt. Cunnings should - during the next fortnight - go to England and explain the Archives situation to the Historical Section of the F.O. in collaboration with Mr. Hilary Jerkinson.

5. At a discussion this morning, the Executive Commissioner stated that if it is the wish of the British Embassy that a British Archives Officer shall go to England to explain the situation, a letter through Poled (B) to him upon the matter would receive careful consideration.

Pte. MASON	" PITCHON	15/1/43	" "
Pte. MURDIN	" PITCHON	20/10/42	July 7

1. Owing to the reduction in PITCHON period abroad, the position regarding BOR's in Archives has become acute and since the only promise appears that something may be able to be done "when the Liaison Groups pick up", it is felt that this should be placed on record.

2. Each of the above men are holding key positions in teams with an output of 20,000 documents per day or in charge of teams or in charge of Sections and the non-replacement will reduce the quota to about 5000 per day with a consequent reduction in due course in the rate of Microfilming.

3. To teach replacements, FOUR BOR clerks should be here in not less than seven to ten days if BORs are to be called forward for PITCHON/LILOP in early July, in order to take over the work.

4. It is suggested that since Archives now constitutes one of the Branches which is increasing daily, that a transfer of BOR clerks from some of those Branches/S.C.'s which are now nearly defunct, is a legitimate claim.

5. An unofficial enquiry for volunteers to remain as civilians after military has ended, has achieved no result since no definite offer of terms can be made at present. Will you please state whether you consider any further action is Archives responsibility, as it is felt that some proper directive upon the matter should be given by yourselves.
