1. Reference your 15/AP/LG. of 19 September, we have made a thorough search in our office to trace the files stated in your letter as not being with Archives. Since the Master List of Files was compiled and a copy of it sent to you more than a year ago, some changes have taken place inasmuch as a few of the files mentioned in the original Master List are no longer in existence. In fact, some files had been opened at the time in anticipation of more correspondence to follow. This did not materialize and, as our records show, the relevant files were discontinued and subsequently destroyed after transferring the correspondence contained therein to other files.

2. We have thus been able to account for all the files mentioned in your letter of 19 September and, according to our records, the exact position with regard to each file is as follows :
