SECRET

Copy No. 7A
Ref. AC/1014
22 October 1943

PLANNING DIRECTIVE No. 12
(Issued by the Joint Chiefs of Staff.)

1. Scope & Purpose.

(a) This Directive deals with the reorganization of AMC & the Allied Commission, the move of the latter overseas, and consequential arrangements.

It deals also with certain alterations in the number of Officers allotted to Staffs and Sub-Commissions, and with variations in the functions of Sub-Commissions.

(b) It supersedes all previous P.D.s where there is conflict.

2. References.

References in brackets after paragraph headings are to the relevant previous P.D.

3. Office Routine Orders.

Office Routine Orders, which apply to Staff-Orders only - see paras. 6 & 7 below - are under issue. They incorporate large portions of early Planning Directives. Details of portions cancelled are given in App. "A" to the Office Orders.

4. Structural Organization - Allied Commission (Final) (No. 8, para. 4).

(a) The only substantial change is that the Information Sub-Commission is transferred to the Finalized Sub-Commission. App. "A" hereto gives what it is hoped and expected will be the final set-up of the Commission.

(b) Appendixes to order are attached hereto, concerning the organization and duties of certain activities and elements of the Commission.

App. B1 Coordination of Telecommunications.

the

B

730

(b) It supersedes all previous E.O.s where there is conflict.

2. References.

References in brackets after paragraph headings are to the relevant previous E.O.

3. Office Routine Orders.

Office Routine Orders, which apply to Staff-Only - see paras. 5 & 7 below - are under issue. They incorporate large portions of early Planning Directives. Details of portions cancelled are given in App. "A" to the Office Orders.

4. Structural Organization - Allied Commission (Final) (No. 8, para. 1).

(a) The only substantial change is that the Information Sub-Commission is transferred to the Political Sub-Commission. App. "A" hereto gives what is hoped and expected will be the final set-up of the Commission.

(b) Appendices to under are attached hereto, concerning the organization and duties of certain activities and elements of the Commission.

App. 51 Coordination of Telecommunications.

App. 52 Organization of Intelligence Work.

App. 53 Duties of the Secretariat.

App. 54 Functions of the Headquarters Section (hitherto designated the "Military Adm. Staff").

App. 55 Industrial Planning.

It is emphasized that these Apps. are provisional. They are not yet had the approval of all concerned. Meanwhile they are as a guide.

5. Organization - AMB & Allied Commission (No. 11, para. 6)

(a) AMB L. of C. is solely to recognize so as to conform to the present organization of AMB, Staff-Only, and will be reinforced by personnel of present A.C. under the provisions of para. 6 below.

(b) It will be known as "HQ, Allied Commission & AMG" and will control all Regions not under command AMG, 15 Army Group, whether these are exercising the functions of Military Government or of the Allied Commission. In other words, HQ, AMG, I. of C., and HQ, Allied Commission will merge, and will act as the Integrated Staff. The detachment, A.C. already in Sicily (see P.D. No. 11, para. 5) will similarly be absorbed.

(c) A "Forward Command Post" of HQ, AMG & A.C. is established at Prandini under Lt. Gen. Norma McFarlane. Personnel of this Command Post will eventually join the Allied Commission when the latter is established at Rome.

(d) A chart showing the temporary organization outlined above is attached as App. "G" hereto.

6. Move of Present A.C. to Sicily.

(a) Ref. para. 5(a) above. A.C. Movement Order No. 2 dated 18 Oct. 43 is cancelled. All copies will be destroyed. A.C. less a rear party will move to Sicily and join AMG there on or after 23 Oct. Separate orders for the move will be issued. The party to move will consist of about 136 Officers & 150 RV/CB, with proportion of vehicles. Details of Officers' proceedings are given in App. "D" hereto. This list is subject to alteration.

(b) The organization referred to in paras. 7, 8(b) & 10 below, will take effect after the departure of the party in (a) above. Up to that time the organization remains as at present.

7. Organization - Rear Echelon, A.C.

A.C. (Rear) will consist of A.C. personnel remaining at Tiri-Ouca after departure of the party referred to in para. 6 above. It will continue to administer that portion of Region 6 in Tiri-Ouca.

8. IO/WE & Reporting of Casualties (No. 11, para. 16)

(a) A IO/WE for the entire Allied Commission (see App. "A") is being produced. Meanwhile, British personnel will be held on the strength either of the existing WE No. WA/147/1 dated 16 Sep. or of any Sicily. Personnel of the Forward Command Post will be held on the strength of the latter.

(b) It is possible that the IO/WE for the Allied Commission will be produced and authorized portion by portion - a.g. App. "D" hereto (see para. 9) may be authorized in advance of other portions.

orders for the move will be issued. The party to move will consist of about 136 Officers & 150 M/12, with proportion of vehicles. Details of Officers proceeding are given in app. "D" hereto. This list is subject to alteration.

(b) The organization referred to in para. 7, 2(b) & 10 below, will take effect after the departure of the party in (a) above. Up to that time the organization remains as at present.

7. Organization - Rear Echelon, A.C.

A.C. (Rear) will consist of A.C. personnel remaining at Tizi-Ouzou after departure of the party referred to in para. 8 above. It will continue to administer that portion of Region 5 in Tizi-Ouzou.

8. TO/WE & Reporting of Casualties (No. 11, para. 16)

(a) A TO/WE for the entire Allied Commission (see App. "A") is being produced. Meanwhile, British personnel will be held on the strength either of the existing WE No. NA/147/1 dated 18 Sep, or of later Sicily. Personnel of the Forward Command Post will be held on the strength of the latter.

(b) It is possible that the TO/WE for the Allied Commission will be produced and authorized portion by portion - a.g. app. "B" hereto (see para. 9) may be authorized in advance of other portions.

(c) American personnel will be held on the strength of the 2875 Regt., Allied Commission (American Contingent) (Provisional) Palermo, Sicily, (now forming). All administrative reports will be forwarded to the H.Q. of the Regt., copies to A.C. (Rear).

(d) A.C. (Rear) will be responsible for the reporting of British casualties to HQ 2nd Echelon. All casualties must therefore be reported by HQ. A/C & Allied Commission to A.C. (Rear) to enable this to be done.

9. Organization - A.C. Staff & Sub-Commissions (No. 8, para. 8)

The provisional TO/WE (Officers only) is given in app. "B" hereto. This replaces Apps. Cl, C2, & C3 to P.P. No. 8. All copies of the latter three Apps. (except file & War Diary copies) will be destroyed. This TO/WE will be worked to for planning purposes and for purposes of assignment of Officers.

10. Organization - Planning & Holding Center (No. 11, para. 5 as amended by Amts. No. 1).

No change except as required by the departure of the bulk of A.C. (para. 6). A.C. (Rear) will carry out the functions hitherto performed by A.C.

11. Functions of Sub-Commissioners. (No. 7, para. 3 & App., No. 8, para. 5 & App.)

(a) Functions of Sub-Commissioners have been revised in the light of the higher set-up of the Commission and of other experience. A fresh set of Appendices, lettered "p" (numbered according to the sequence on the chart App. "a" reading from left to right), have therefore been prepared. In all they number seventeen, and are numbered P6 (Information Sub-Commission) to P22 (Education Sub-Commission) and P24 & P25 (Telecoms. Sub-Commission.) (See App. "a").

(b) They replace Apps. "A" to "Q" (sixteen, Food Distribution & Rationing ("L") having been abolished) to P.D. No. 7 ("p", "q", & "r" were issued with P.D. No. 8), and include one new one - Internees & Displaced Persons Sub-Commission.

(c) Apps. "p" Nos. 8, 11, 12, 14, 15, 17, ~~18~~ & 20 are issued herewith - the remainder will follow shortly. Corresponding Apps. to P.D. No. 7 will be destroyed (except Clio & War Diary copies) as and when the "p" Apps. to this Directive are received.

12. Organization of the Staff, Rear A.C. (No. 11, para. 11).

After the departure of the party referred to in para. 7 above, it is doubtful if any E & F, AS, or Comms. Staff can be organized. Further orders will be issued at the time.

13. Distribution Lists (No. 11, App. "C")

From now on it will be necessary to issue recipients of important documents with two copies each - one to take to Sicily, one for rear list, A.C.

A revised Distribution List is attached as App. "g" hereto. This replaces App. "C" to P.D. 11, all copies of which will be destroyed.

(S) Apps. #s 8, 11, 12, 14, 16, 17, ~~18~~ & 20 are listed herewith - the remainder will follow shortly. Corresponding Apps. to F.B. No. 7 will be destroyed (except file & War Diary copies) as and when the WFO Apps. to this Directorate are received.

After the departure of the party referred to in para. 7 above, it is doubtful if any E & F, AS, or COMSEC. Staff can be organized. Further orders will be issued at the time.

From now on, it will be necessary to issue requirements of important documents with two copies each - one to take to Sicily, and for your rank, A.C.

A revised Distribution List is attached as App. "C" hereto. This replaces App. "C" to P.D. 11, all copies of which, will be destroyed.

ALLIED COMMISSION

COORDINATION OF TELECOMMUNICATIONS

1. The following telecommunications operating agencies are controlled or supervised by the Allied Commission:

- (a) any signals allotted specifically to the Allied Commission.
- (b) Italian Naval Forces.
- (c) Italian Land Forces.
- (d) Italian Air Forces.
- (e) Italian civil telecommunications, including railway signals and merchant shipping.
- (f) Italian broadcasting stations.

2. The following sections and subcommittees of the Allied Commission are concerned with the above:

Military Section.

Naval Forces subcommittee.
Land Forces subcommittee.
Air Forces subcommittee.

Communications Section.

Shipping subcommittee.
Internal transportation subcommittee.
Telecommunications subcommittee.

3. There will also be factories and stocks of material suitable for the supply of telecommunications equipment, whether for United Nations' use or local use. The processes of planning factory output of signals equipment organization and supervision of factories and allocation of stocks are matters for the Industrial Planning Staff and Subcommittee of stocks are. But they will need certain technical signals guidance.

4. The coordination of all these telecommunications aspects of the work of the Allied Commission will be the responsibility of the Allied Telecommunications Committee, of which the Chief of Staff of the Allied Commission will normally be Chairman.

Military Section.

Naval Forces subcommission.
Land Forces subcommission.
Air Forces subcommission.

Communications Section.

Shipping subcommission.
Internal transportation subcommission.
Telecommunications subcommission.

3. There will also be factories and stocks of material suitable for the supply of telecommunications equipment, whether for United Nations' use or local use. The processes of planning factory output of signals equipment organization and supervision of factories and allocation of stocks are matters for the Industrial Planning Staff and Subcommissions concerned. But they will need certain technical signals guidance.

4. The coordination of all these telecommunications aspects of the work of the Allied Commission will be the responsibility of the Allied Telecommunications Committee, of which the Chief of Staff of the Allied Commission will normally be Chairman.

5. The permanent members of the Committee will include Signals representatives of all the Subcommissions mentioned in para. 2. If necessary both American and British, a Radio Broadcasting Engineer from the Telecommunications Subcommission and a staff officer each from H.Q.s. Military and Communications sections.

Additional members will be invited as required and will normally include representatives of the Subcommissions for war material factories, war material disposal, industry and commerce, public works and utilities and H.Q. command and administrative sections.

1936

6. The Allied Telecommunications Committee will maintain close touch with the chief signal officers of all services of the Allied Forces operating in the Italian area and with the Combined Signals Board, North Africa, from which they will receive technical instructions.

REF. HQ to P.D. No. 12
dated 22 Oct. 1945.

ORGANIZATION OF INTELLIGENCE WORK IN
THE ALLIED COMMISSION

1. General

Accuracy and timely information is required for two main purposes:

- (a) to provide a sound basis for plans and operations of the Commission.
- (b) to provide the United Nations with intelligence about Germany, Japan and enemy occupied territories which will assist the United Nations' war effort. It should be possible to obtain such information of the enemy outside the theatre of operations, which will nevertheless be of great value to our forces in other theatres, e.g. as targets selection or bombing objectives.

2. It must be remembered that this occupation was supervision of an enemy country provides a unique opportunity for gaining intelligence about our enemies. Full and early advantages must be taken of this.

3. Whereas normally military intelligence has to be obtained from observation of an enemy, in the case of the Allied Commission intelligence is gained from direct sources, i.e. from the ordinary work of subcommittees and from a co-belligerent and possibly co-operative basis. This information will be largely collected and collected in the normal course of work without necessitating setting up separate intelligence staffs. Information about enemy and enemy occupied territories will however demand special attention, as its value will not be immediately apparent in the work of collecting and supervising the Italian Government.

4. It follows that it will normally be unnecessary to allocate special intelligence officers in subcommittees.

5. Duties of Allied Intelligence Committee.

This committee will be responsible for:

- (a) collection of information received from subcommittees.
- (b) provision of collected information to sections, subcommittees staffs and committees of the Allied Commission as required.
- (c) providing intelligence for staffs with particular reference to intelligence about enemy and enemy occupied territories, including those

785016

3. Whereas normally military intelligence has to be obtained from observation of an enemy, in the case of the allied committee intelligence is gained from direct sources, i.e. from the ordinary work of submerging the from a co-belligerent and possibly co-operative nation. This information will be largely collected and collated in the normal course of work without resorting to setting up separate intelligence staffs. Information about enemy and enemy occupied territories will however demand special attention, as its value will not be immediately apparent in the work of assisting and supervising the Italian Government.
4. It follows that it will normally be unnecessary to employ special intelligence officers in subcommittees.

5. Duties of Allied Intelligence Committee.

This committee will be responsible for:

- (a) collection of information received from subcommittees,
- (b) provision of collated information to sections, subcommittees staffs and committees of the allied committee as required,
- (c) providing intelligence for AFHQ with particular reference to intelligence about enemy and enemy occupied territories, including those outside the theatre of operations,
- (d) liaison with the Joint Army Navy Intelligence Collecting Agency,
- (e) ensuring that the necessary records are established or maintained,
- (f) receiving and dealing with questions asked by AFHQ or the Staffs.

6. The Allied Intelligence Committee will be composed of the Chief Intelligence Officers of Sections and the Principal Security Officer, provided over by the Chief of Staff or one of his Staff Officers, who will have secretariat and assistants. Additional members may be added as required for special purposes.

1955

7. Duties of Intelligence Staffs of Sections.

The Intelligence Staff of a Section will:

- (a) collate information collected by the subcommittees of that section,
- (b) provide collated information for the Allied Intelligence Committee,
- (c) deal with questions asked by the Allied Intelligence Committee,
- (d) frame questions for the subcommittees of that section.

- 2 -

(4) ensure that the necessary records and statistics are maintained in accordance with the instructions of the Allied Intelligence Committee.

9. The chief intelligence officer of each section will be ex officio a member of the Allied Intelligence Committee.

9. Diaison with combined chiefs of staff.

It will be the duty of liaison to forward intelligence from the Allied Commission to the CISC.

10. Security.

A small security staff will work in the Headquarters Section, and be responsible for issuing the necessary security orders for the Allied Commission and for general supervision of security.

11. The Principal Security Officer will maintain close touch with the security organization at AFHQ, and will be an ex officio member of the Allied Intelligence Committee.

APP. B3 to E.O. No. 12
 Dated 22 Oct. 1943.

DUTIES OF THE SECRETARIAT OF THE ALLIED COMMISSION

1. The Secretariat is the receiving office and the office of record and distribution for all communications, official documents, or other written instruments which are addressed to the Allied Commission, concern the Commission as a whole, or affect more than one Section of the Commission.
2. The Secretariat shall consist of an Executive in charge, a Deputy Executive, and two principal subdivisions - one for office duties; and one composed of secretaries of committees and staffs made up from more than one Section. The office duties subsection will be responsible for receiving, recording, routing and filing all the various papers mentioned in paragraph one, preceding; and for stenographic work and typing pertaining to the Secretariat and for others not separately provided for. There will also be a small archives staff for maintaining historical records.
3. Records sufficient to show the exact location of, or person responsible for, all papers of record in the Secretariat will be maintained.
4. A library of reference material useful to the Commission will be set up within the Secretariat.
5. To obtain papers of reference material recorded in the Secretariat requests will be made to the appropriate subdivision thereof, and receipt given.
6. The American system of filing (Hewey decimal system) will be used throughout the Commission.
7. All mail received or sent by the Headquarters of the Commission, or its personnel, will pass thru the mail subdivision of the message center. The mail address of the Headquarters Allied Commission is:

For American: APO No. _____ Care Postmaster _____

For British: _____

(To be furnished when known)

8. The Secretaries of the various separate Committees and Staffs are the permanent administrative officers of those agencies. They will keep the minutes

staff for maintaining historical records.

3. Records sufficient to show the exact location of, or person responsible for, all papers of record in the Secretariat will be maintained.
4. A library of reference material useful to the commission will be set up within the secretariat.
5. To obtain papers of reference material recorded in the Secretariat requests will be made to the appropriate subdivision thereof, and receipt given.
6. The American system of filing (Dewey decimal system) will be used throughout the Commission.
7. All mail received or sent by the Headquarters of the commission, or its personnel, will pass thru the mail subdivision of the message center. The mail address of the Headquarters Allied Commission is:

For Americans: APO No. _____ Care Postmaster _____

For British: _____
(To be furnished when known.)

8. The Secretaries of the various separate Committees and Staffs are the permanent administrative officers of those agencies. They will keep the minutes of meetings or other records of the agency, prepare the reports or other outgoing communications, notify members of meetings, secure the meeting place, provide the stationary or other property and supplies required, and obtain the necessary papers or documents for the action of, or to be referred to, by the Committee or staff. They will also secure the signatures required on documents.

9. Papers prepared within Sections, for the signature of the Deputy President or Chief of Staff of the Commission will pass thru the Secretariat to be put in final form; to obtain the signature; and for recording and filing.

10. The Secretariat is responsible for seeing that copies of documents and papers are sent to, or noted by, all concerned. **1904**

11. The Secretariat will obtain stationary and office supplies from supply agencies and distribute them to all elements of the Allied Commission requiring them.

App. B4 to P.D. No. 32
dated 22 Oct. 1943.

ALLIED COMMISSION

Functions of Headquarters Section

1. Whereas the other Sections of the Allied Commission are responsible for the operations of the Commission, the Headquarters Section is responsible for all administration of the personnel of the whole Commission including personnel of Regions under its control.

2. Its main tasks will be personnel records, postings (assignments), casualties (reports of changes), etc., i.e. C.I. matters; and provision of equipment, vehicles, accommodation, office requirements, also arrangements for movements of personnel, equipment and property of the Commission, i.e. G-4 matters.

All executive action in these matters will be taken by the Headquarters Section and NOT by other sections of the Secretariat.

3. Neither G-1 nor G-4 are responsible for any personnel or supply questions regarding Italian people, as these matters are dealt with by other sections of the Allied Commission.

4. The Headquarters section will also have some G-2 and G-3 duties.

(a) The G-2 duties are confined to Security. The senior G-2 officer will be an official Principal Security Officer for the whole Allied Commission. He will be the Security member on the Allied Intelligence Committee. He will be responsible to the Chief of Staff, through the Chief of the Headquarters Section, for coordination of security measures to be adopted in the operations, offices and work of the whole Commission.

(b) G-3 will be responsible for arranging guards, provision of mess and such matters affecting the internal working of the whole Commission. G-3 will not be responsible for any external operations of the Commission, as these are matters which are dealt with by the other sections of the Commission.

5. As the efficiency of the working of the Commission will largely depend on the proper administration of its personnel, the Headquarters Section will keep in close touch with the other sections of the Commission and with the Regional or Provincial groups of the Commission. The Headquarters section will always consult the other Sections etc. concerned before posting or moving personnel.

3. Neither G-1 nor G-2 are responsible for any personnel or supply questions regarding Italian people, as these matters are dealt with by other sections of the Allied Commission.

4. The Headquarters section will also have some G-2 and G-3 duties.

(a) The G-2 duties are confined to Security. The senior G-2 officer will be ex-officio Principal Security Officer for the whole Allied Commission. He will be the Security member on the Allied Intelligence Committee. He will be responsible to the Chief of Staff, the High the Chief of the Headquarters Section, for coordination of security measures to be adopted in the operations, offensives and work of the whole Commission.

(b) G-3 will be responsible for arranging guards, provision of maps and such matters affecting the internal working of the whole Commission. G-3 will not be responsible for any external operations of the Commission, as these are matters which are dealt with by the other sections of the Commission.

5. As the efficiency of the working of the Commission will largely depend on the proper administration of its personnel, the Headquarters Section will keep in close touch with the other sections of the Commission and with the Regional or Provincial Groups of the Commission. The Headquarters section will always consult the other Sections (i.e. concerned) before posting or moving personnel, supplying equipment, etc.

6. British and American Staff Officers will be appointed to the Headquarters section to deal with British and American aspects, respectively, of administrative functions.

APP. 25 to E.O. No. 12
dated 22 Oct. 1963.

ALLIED COMMISSION

INDUSTRIAL PLANNING

1. Functions of Industrial Planning Staff

The objective towards which the Allied Commission is to work are given in the directive No. 1 in considering how these objectives are to be attained, the following factors have to be borne in mind:

- (a) Germany is now a power, particularly United Nations' member.
- (b) Germany is shipping and imports.
- (c) Italy will remain an active theatre of operations for some time.
- (d) It will be a long time before the risk and shipping can be made available to meet the Italian situation, communications and industry, beyond the restoration required for immediate allied military operations.
- (e) The flow of the restoration is at least minimum standards of employment and living, the more change there will be of civil authorities and other administrations to the war effort at the United Nations.

It will be that there must be long term planning to ensure a variety of effort, in thinking objectives ultimately desired; and for the early furtherance of the United Nations' war effort Germany and Japan.

2. The Industrial Planning Staff will carry out the necessary planning on broad lines covering the whole of Germany, industrial and commercial activities. Specifically it will:

- (a) rely on submissions for carrying out industrial planning to their own spheres subject to the general policy formulated by the Industrial Planning Staff.
- (b) deal with problems which subcommittees submit for help and with which they cannot deal themselves.
- (c) coordinate the planning work of subcommittees in so far as it affects subjects with which the industrial planning staff is concerned, particularly when more than one section is interested.
- (d) obtain information on which to work, whether from the Allied Intelligence Staff or from subcommittees.
- (e) to the planning for projects which concern more than one section.
- (f) compile, amend, schedule or requirements from various.

3. The Industrial Planning Staff will consist of a chief and a number of Regu-

785016

2. It follows that there must be long term planning to insure continuity of effort, in attaining objectives ultimately achieved, even for the early participation of the United Nations' war against Germany and Japan.
3. The Industrial Planning Staff will carry out the necessary planning on target in co-ordinating the whole of economic, industrial and commercial activities. Specifically it will:
 - (a) rely on submissions for carrying out detailed planning in their own spheres subject to the general policy formulated by the Industrial Planning Staff;
 - (b) deal with problems which submissions as submit for help and with which they cannot deal themselves;
 - (c) co-ordinate the planning work of submissions in so far as it affects subjects with which the industrial planning staff is concerned, particularly when more than one section is interested;
 - (d) obtaining information on which to work, whether it is the filled intelligence Staff or from submissions;
 - (e) do the planning for projects which concern more than one section;
 - (f) compile phase schedules of requirements from various.
5. The Industrial Planning Staff will consist of a chief and a number of regularly assigned planning staff officers. Under instructions of the Chief of Staff, it may obtain additional planners from submissions or designate certain work to submissions concerned.
6. The Industrial Planning Staff reports through the Chief of Staff to the Deputy President, who will arrange, as may be required,
 - (a) to approve, review or reject reports etc.
 - (b) to forward reports to the staff or submission to the combined chief.
7. Responsibilities of Submissions

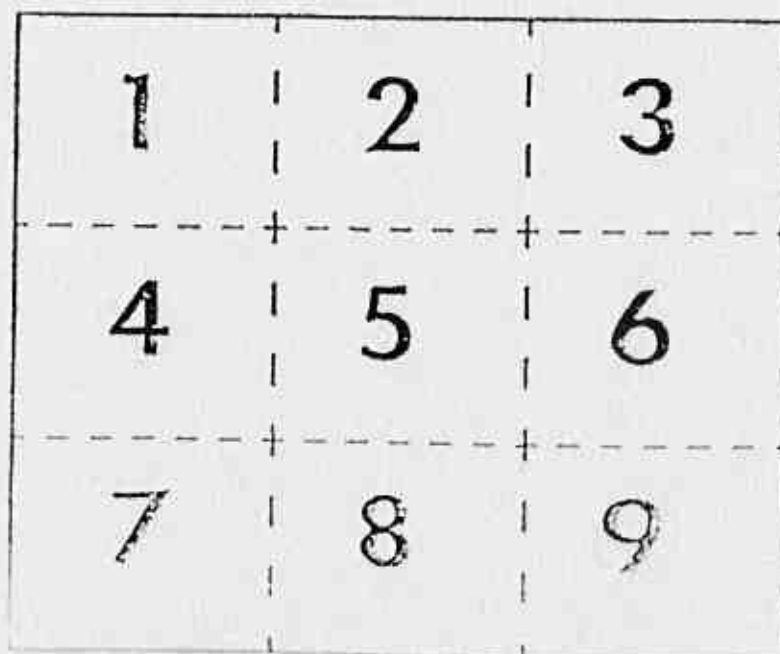

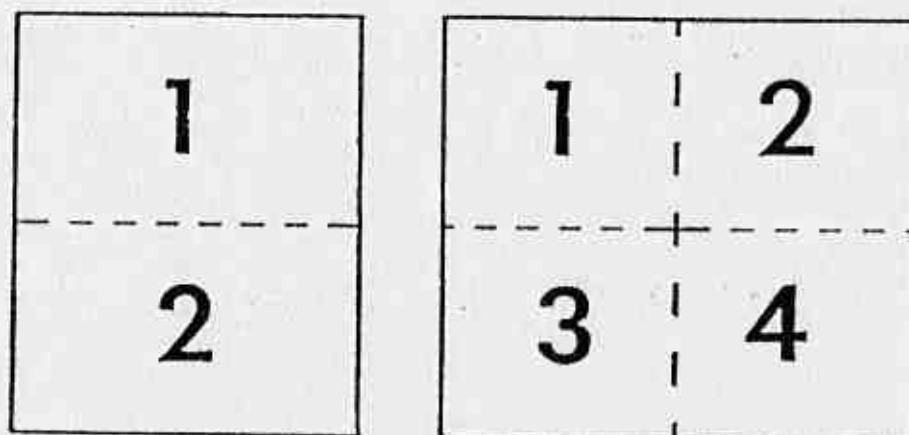

Submissions will:

 - (a) carry out work for the Industrial Planning Staff, in accordance with the Chief of Staff's orders;
 - (b) keep the Industrial Planning Staff informed of progress in their own sphere, and of any problems of such nature as to require the assistance of the Industrial Planning Staff.

FUNCTIONS OF

INFORMATION, PRESS, AND CENSORSHIP SUBCOMMISSION

1. Mission

The mission of the Information, Press and Censorship Subcommittee is to maintain a press favorable to the United Nations and to the work of the Allied Commission in the countries of the United Nations and in Italy; to deny to our enemies information of value to them, closing all hostile channels of information in rear of the combat zone; and to be the contact for both Allied and Italian press representatives with the Allied Commission.

2. Functions

(a) The principal functions of the Information, Press and Censorship Subcommittee are:

- (i) To formulate and secure approval of plans, policies, and procedures, within the field of activities of this subcommission, to guide this subcommission and all agencies under the control or supervision of the Allied Commission, which are concerned with information press and censorship.
- (ii) To maintain contact with all elements of the Allied Commission for the furtherance of the mission of this subcommission; and to advise them on matters of information, press and censorship.
- (iii) To collect and collate data concerning the Italian and Axis press and propaganda agencies, listing Italian press agencies according to their actual or likely sympathies and policies, with respect to support of the Allies. This information to be forwarded to appropriate agencies through the Allied Intelligence Committee.
- (iv) To be the agency and mouthpiece of Allied psychological warfare in Italy.
- (v) To issue communications and other data for publication from the Allied Commission, as approved by the Deputy President, to the Allied and Italian press.
- (vi) To take charge of accredited war correspondents visiting or assigned to the Allied Commission; to assist them in their work, and to censor their dispatches and other material for publication.
- (vii) To coordinate with, and to avoid any activities conflicting with, the press and censorship agencies of the senior Allied military commanders in Italy.
- (viii) To supervise the activities of Regional Information Officers and to assist them in their work.
- (ix) To maintain contact with the Psychological Warfare Board (PWB) and Information News and Censorship (INC) - agencies of the Allied Commission.

within the field of activities of this subcommission, to guide this subcommission and all agencies under the control or supervision of the Allied Commission, which are concerned with information press and censorship.

- (ii) To maintain contact with all elements of the Allied Commission for the furtherance of the mission of this subcommission; and to advise them on matters of information, press and censorship.
- (iii) To collect and collate data concerning the Italian and Axis press and propaganda agencies, listing Italian press agencies according to their actual or likely sympathies and policies, with respect to support of the Allies. This information to be forwarded to home governments thru the Allied Intelligence Committee.
- (iv) To be the agency and mouthpiece of Allied psychological warfare in Italy.
- (v) To issue communiques and other data for publication from the Allied Commission, as approved by the Deputy President, to the Allied and Italian press.
- (vi) To take charge of accredited war correspondents visiting or assigned to the Allied Commission; to assist them in their work, and to control their dispatches and other material for publication.
- (vii) To coordinate with, and to avoid any activities conflicting with, the press and censorship agencies of the senior Allied military commanders in Italy.
- (viii) To supervise the activities of Regional Information Officers and to assist them in their work.
- (ix) To maintain contact with the Psychological Warfare Board (PWB) and Information News and Censorship (INC), - agencies of the Allied governments.

3. This subcommission will so conduct all its activities as to elicit the full cooperation of the Italian people, and to obtain the support of public opinion in the home countries of the United Nations.

1835

APP. 11 to P.D. No. 12
Dated 22 Oct. 1943.

FUNCTIONS OF FOREIGN TRADE SUB-COMMISSION

1. Mission

To initiate and develop, together with the Industrial Planning Staff and Sub-Commissions concerned, policies and procedures relating to imports into and exports from Italy of industrial and agricultural commodities in the interests of the Allied Military effort, and of the restoration of economic order in Italy.

2. Major Functions

The Foreign Trade Sub-Commission performs the following staff functions:

- (a) In conjunction with the Industrial Planning Staff formulates and establishes policies, plans and procedures concerning imports into and exports from Italy so as to ensure that proper orders are placed and other measures taken to facilitate the flow of such imports and exports.
 - (b) Considers what measures ought to be taken with respect to Italian trade agreements and other arrangements, measures and action entered into or taken by Italy which affect the problem of Italy's foreign trade.
 - (c) Reviews progress of imports and exports for the purpose of planning the flow of imports and exports.
 - (d) Makes recommendations to the Commission with respect to the foreign trade.
 - (e) Collects and collates information regarding the foreign trade of Italy and enemy or enemy-occupied countries.
3. The Foreign Trade Sub-commission directly performs the following operating functions:
- (a) Supervises the execution by the Italian Government of instructions issued by the Commission.
 - (b) Supervises negotiations of Italian Government with purchasers and sellers of Italian imports and exports, and with Italian, British, American and other governmental agencies involved in or concerned with Italian imports and exports.

785016

Approved by E.E. No. 12
To 22 Oct. 1943.

FUNCTIONS OF INDUSTRY AND COMMERCE SUB-COMMISSION

1. Mission

To initiate policies and make plans for the development of Italian industry and commerce subject to the requirements of the Allied Forces. The prime object will be to harness the Italian potential to the Allied War Effort.

2. Major functions

The Industry and Commerce Sub-Commission performs the following Staff functions:

- (a) In conjunction with the Industrial Planning Staff, formulates and adopts policies, plans and procedures concerning Italian industry and Commerce.
- (b) Makes research and prepares statistics so as to estimate the capacity of Italian industry and sales, as may be possible, of German and Japanese controlled industries.
- (c) Co-ordinates with the Military Section on questions of production for Allied war effort, and maintains close touch with the war material factories subcommission.
- (d) Co-ordinates with Labour Sub-Commission on employment matters, with special attention to employment of demobilized men and returning evacuees.
- (e) Formulates plans, policies and procedures for the importation of food in Italy to supplement local production.
- (f) In conjunction with the Sub-Commission of Agriculture formulates plans, policies and procedures in respect of the supply and processing of food produced in, and imported into Italy, and to this end co-operates with the sub-commissions of Interior, Shipping, Foreign Trade and Transportation and with other sub-commissions as necessary.
- (g) Makes recommendations to the Commission and appropriate sub-commissions on matters affecting supplies of all commodities including raw materials, fuels, motive power, finished goods and semi-manufactured articles and all priorities appropriate thereto.
- (h) Obtains information and reports from A.E.C. 15 Army Group, as to regions under their control, from regional and control officers of

X

- Japanese controlled industries.
- (c) Coordinates with the Military Section on questions of production for allied war effort, and maintaining of as touch with the war material factories subcommittee.
- (d) Coordinates with Labor Sub-Commission on employment matters, with special attention to employment of mobilized men and returning ex-prisoners.
- (e) Formulates plans, policies and procedures for the importation of food in Italy to supplement local production.
- (f) In conjunction with the Sub-Commission of Agriculture formulates plans, policies and procedures in respect of the supply and production of food produced in, and imported into Italy, and to this end coordinates with the Sub-commissions of Interior, Maritime, Foreign Trade and Transport and with other sub-commissions as necessary.
- (g) Makes recommendations to the Commission and appropriate sub-commissions on matters affecting supplies of all commodities including raw materials, fuels, motive power, finished goods and semi-manufactured articles and all production opportunities thereto.
- (h) Obtains information and reports from A.M.F. 15 Army Group, as to regions under their control, from regional and central officers of Regions under the Commission's control and from all other available sources, and considers what planning can be done in the light of that information and makes recommendations accordingly.
- (i) Assists Sub-Commission for Interior in matters of rationing.
3. The Industry and Commerce Sub-Commission directly performs the following operating functions:
- (a) Supervises the execution by the Italian Government of instructions issued by the Commission.
- (b) Obtains and supplies specialists on particular industrial and commercial problems where necessary.

1807

APP. 1 to P.D. No. 12
 Dated 22 Oct. 1943.

FUNCTIONS OF FUEL SUB-COMMISSION

1. Mission

In conjunction with the Industrial Planning Staff and other Subcommittees concerned, to initiate policies and make plans for production, procurement, transportation and distribution, in order of determined priorities, of fuel of all kinds for industrial, utility, commercial and domestic needs, after requirements of Allied Forces are met.

2. Major Functions

The Fuel Sub-Commission performs the following major functions:

- (a) In conjunction with the Industrial Planning Staff, formulates policies, plans and procedures for the production, procurement, transportation, distribution and allocation of fuel of all kinds for industrial, utility, commercial and domestic use and for establishment of priorities, all after requirements of Allied Forces are met.
 - (b) Collaborates with other sub-committees with respect to features pertaining to their respective fields.
 - (c) Makes investigations and reports and prepares statistics concerning the fuel situation in Italy and enemy or enemy occupied countries from time to time as deemed necessary.
 - (d) Makes investigation of amount of fuel of different types to be imported to supplement local supplies for other than Allied Forces uses.
 - (e) Makes recommendations to the Commission with respect to the foregoing.
 - (f) Assists Subcommittee for Interior in matters of domestic rationing.
3. The Fuel Sub-Commission directly performs the following operating functions:
- (a) Supervises the execution by the Italian Government of instructions issued by the Commission.
 - (b) When necessary takes affirmative steps in furtherance of the execution of its mission.

REF ID: A66, No 12
Dated 22 Oct 1943.

FUNCTIONS OF
AGRICULTURE, FORESTRY AND FISHERIES SUB-COMMISSION

1. Mission

In conjunction with the Industrial Planning Staff and other Subcommittees concerned, to initiate and develop such agricultural, forestry and fishing undertakings as are essential to secure maximum production in conformity with Allied Military and Italian Civilian needs.

2. Major functions

The Agriculture, Forestry and Fisheries Sub-Commission performs the following six functions:

- (a) In conjunction with the Industrial Planning Staff, formulates and establishes National and Regional policies, plans and procedures concerning the production and gathering of agricultural crops, timber and fish.
- (b) Makes studies of the activities of the Italian Ministry of Agriculture and of other Italian Government and quasi-governmental agencies concerned with the production of agricultural, forestry and fishery crops and with the manufacture and distribution of production input requirements.
- (c) Establishes and maintains liaison and close working relations with the appropriate sections and sub-commissions of the Commission concerned with agriculture, forestry and fisheries.
- (d) Obtains and maintains a current inventory of agricultural, forestry and fishery production results, production input, requirements and other pertinent information needed to establish annual National and Regional production goals and to prepare policies, plans and procedures for obtaining maximum production to meet Military and Civilian needs and to obtain exportable surpluses of desired speciality crops. Collects and collates information about not only Italy but also enemy and enemy-occupied territories.
- (e) Establishes agriculture, forest and fish production goals by Regions and Provinces or other areas in conjunction with sub-commissions concerned with distribution and rationing and with Allied Naval and military authorities.
- (f) Arranges with the Shipping Subcommission for plans, coordination with safety requirements for the raising of sails and requisitioning of ships.

0855

FUNCTIONS OF THE SUBCOMMISSION FOR MONUMENTS, FINE ARTS & ARCHIVES.

I. Mission.

In complete with the
the National
General
To minimize to the greatest possible extent the effects of war upon the monuments, antiquities, works of art and historical records of Italy, to use all available means to preserve and repair them for future generations, and to assist in the recovery and restitution to their rightful owners of any works of art which have been looted, removed or otherwise misappropriated.

II. Major Functions.

add
1. The Sub-commission for Monuments, Fine Arts and Archives performs the following staff functions:-

Ch. L. L. L.
U. L. L.
(a) Investigated and reported on the condition of monuments etc., and formulated policies, plans and procedures for their preservation and safeguarding, for necessary repairs to those damaged, and for re-housing of works of art if required.

(b) Advised an expenditure to be incurred with respect to the foregoing.

(c) Investigated and reported with respect to works of art looted by the Germans from Italy, and formulated plans policies and procedures for their recovery and restitution in the future.

(d) Investigated and reported with respect to works of art etc. removed by the Italians from territory occupied by them, or received by them from the Germans from territory occupied by them, and formulated plans policies and procedures for their recovery, preservation and restitution in the future.

(e) Investigated and reported with respect to "black market" dealings in fine arts, and advised on measures to be taken for the suppression of such activities.

(f) Advised on the application to Allied nationals of the Italian laws relating to the export and sale of works of art, and to the protection of such works, antiquities and monuments generally.

(g) Advised on orders to be issued by Commanders to their troops for the protection and safe guarding of antiquities, monuments, galleries, libraries and works of art of all descriptions, and for the salvage, collection and preservation of those damaged, or of parts thereof.

(h) Collaborated with and secured assistance from other Sub-commissions in all matters relating to monuments and fine arts etc.

(i) Collaborated as directed in any efforts which may be appropriate

by the Germans from Italy, and repatriation in their future.

(d) Investigated and reports with respect to works of art etc. removed by the Italians from territory occupied by them, or received by them from the Germans from territory occupied by them, and formulated plans policies and procedures for their recovery, preservation and restitution in the future.

(e) Investigated and reported with respect to "black market" dealings in fine arts, and advised on measures to be taken for the suppression of such activities.

(f) Advised on the application to Allied nationals of the Italian laws relating to the export and sale of works of art, and to the protection of such works, antiquities and monuments generally.

(g) Advised on orders to be issued by Commanders to their troops for the protection and safe keeping of antiquities, monuments, galleries, libraries and works of art of all descriptions, and for the salvage, collection and preservation of those damaged, or of parts thereof.

(h) Collaborated with and secured assistance from either Sub-commissions in all matters relating to monuments and fine arts etc.

(i) Collaborated as directed in any efforts which may be approved and made to raise funds in Allied Countries for the restoration of monuments in Italy.

(j) Made recommendations to the Commission with respect to any of the foregoing matters.

2. The sub-commission ^{will} ~~directly~~ perform the following operating functions:-

1832

(a) Give active aid to the Italian Government with respect to the preservation, safeguarding, rehabilitation and housing of works of art or monuments, and supervises the execution of any instructions given to that Government in these matters by the Commission.

(b) Carry out independent inspections from time to time.

App. 35 to F.D. No. 12
 dated 23 Oct. 1963.

ALLIED COMMISSION

INDUSTRIAL PLANNING

1. Functions of Industrial Planning Staff

The objectives towards which the Allied Commission is to work are given in the introduction No. 1. In particular, the tasks of the Commission are to be attained, the following factors have to be taken into account:

- (a) Economy in man power, particularly United Nations' manpower.
- (b) Economy in shipping and tonnage.
- (c) Italy will remain an active theatre of operations for some time.
- (d) It will take a long time before material and shipping can be made available to restore Italian utilities, communications and industry, beyond the restoration required for immediate Allied military operations.
- (e) The slower the restoration of at least minimum standards of employment and living, the more serious there will be the civil disturbances and other manifestations of the war-torn situation of the United Nations.

It follows that there must be long-term planning to ensure economy in effort, in obtaining objectives ultimately achieved and for the early furtherance of the United Nations' war against Germany and Japan.

2. The Industrial Planning Staff will carry out the necessary planning on issues covering the whole of economic, industrial and commercial activities. Specifically it will:

- (a) rely on submissions for carrying out industrial planning in their own spheres subject to the general policy formulated by the Industrial Planning Staff.
- (b) deal with problems which submissions submit for help and with which they cannot deal themselves.
- (c) coordinate the planning work of the various industrial planning staffs in order as it affects subjects with which the industrial planning staff is concerned, particularly when more than one action is involved.
- (d) obtain information on which to work, whether from the Allied Intelligence Staff or from sub-committees.
- (e) do the planning for projects which concern more than one sector.
- (f) compile these submissions of a quarterly report.

2. It follows that there must be long term planning to ensure continuity of effort in attaining objectives ultimately attained and for the early furtherance of the United Nations' war-aimed Germany and Japan.
3. The Industrial Planning Staff will carry out the necessary planning on broad lines covering the whole of a country, industry and commercial activities. Specifically it will:
 - (a) rely on submissions for carrying out detailed planning in their own sphere subject to the general policy formulated by the Industrial Planning Staff.
 - (b) deal with problems which sub-committees submit for help and with which they cannot deal themselves.
 - (c) decide on the planning work of subcommittees in so far as it affects subjects with which the industrial planning staff is concerned, particularly when such work is relevant or important.
 - (d) obtaining information on which to work, whether from the Allied Intelligence Staff or from subcommittees.
 - (e) do the planning for projects which elements were then no section.
 - (f) deal with subcommittees' requirements from overseas.
4. The Industrial Planning Staff will consist of a chief and a number of regularly assigned planning staff officers. Under instructions of the Chief or Staff, it may bring additional planners from subcommittees or decentralize certain work to subcommittees and from them.
5. The Industrial Planning Staff reports through the Chief of Staff to the Deputy President, who will arrange, as may be required,
 - (a) to approve, revise or reject reports, etc.
 - (b) to forward reports to other staffs or to the combined chiefs of Staff.

7. Administrative of Subcommittees

Subcommittees will:

- (a) carry out work for the Industrial Planning Staff, in accordance with the Chief of Staff's orders.
- (b) keep the Industrial Planning Staff informed of progress in their own sphere, and of any problems of such nature as to require the assistance of the Industrial Planning Staff.

dated 27 Oct. 1943.

FUNCTIONS OF

INFORMATION, PRESS, AND CENSORSHIP SUBCOMMISSION

1. Mission

The mission of the Information, Press and Censorship Subcommittee is to maintain a press favorable to the United Nations and to the work of the Allied Commission in the countries of the United Nations and in Italy; to deny to our enemies information of value to them, closing all hostile channels of information in rear of the combat zone; and to be the contact for both Allied and Italian press representatives with the Allied Commission.

2. Functions

(a) The principal functions of the Information, Press and Censorship Subcommittee are:

- (1) To formulate and secure approval of plans, policies, and procedures, within the field of activities of this subcommittee, to guide this subcommittee and all agencies under the control or supervision of the Allied Commission, which are concerned with information press and censorship.
- (ii) To maintain contact with all elements of the Allied Commission for the furtherance of the mission of this subcommittee; and to advise them on matters of information, press and censorship.
- (iii) To collect and collate data concerning the Italian and Axis press and propaganda agencies, listing Italian press agencies according to their actual or likely sympathies and policies, with respect to support of the Allies. This information to be forwarded to home government through the Allied Intelligence Committee.
- (iv) To be the agency and mouthpiece of Allied psychological warfare in Italy.
- (v) To issue communications and other data for publication from the Allied Commission, as approved by the Deputy President, to the Allied and Italian press.
- (vi) To take charge of accreditation war correspondents visiting or assigned to the Allied Commission; to assist them in their work, and to censor their dispatches and other material for publication.
- (vii) To coordinate with, and to avoid any activities conflicting with, the press and censorship agencies of the senior Allied military commanders in Italy.
- (viii) To supervise the activities of Regional Information Officers and to assist them in their work.

subcommission and all agencies under the control or supervision of the Allied Commission, which are concerned with information press and censorship.

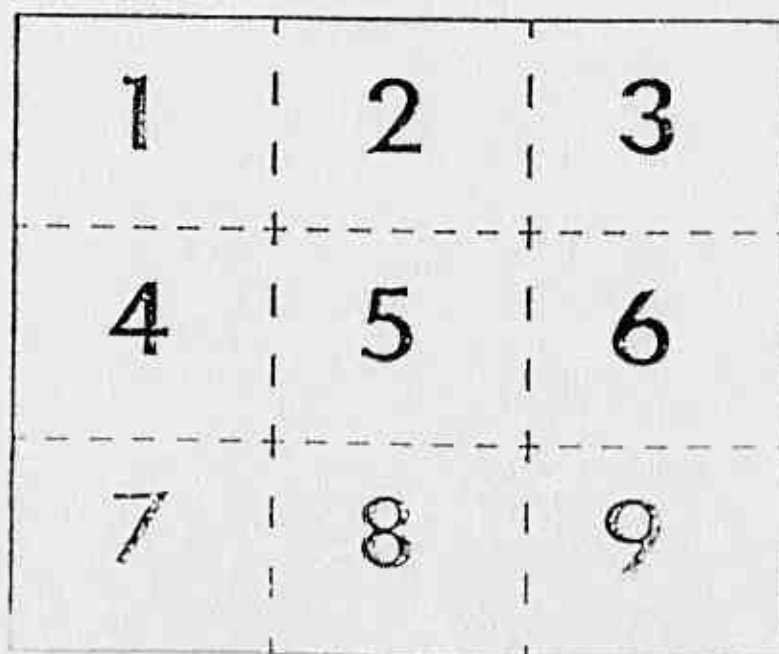

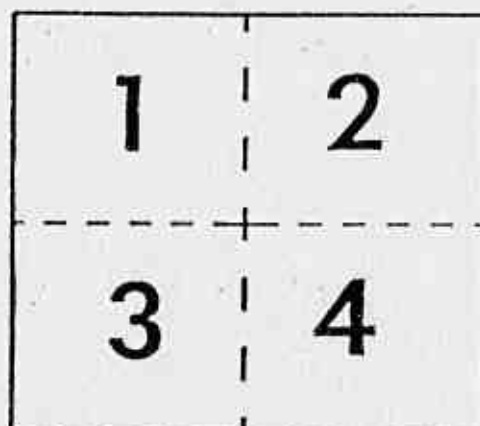

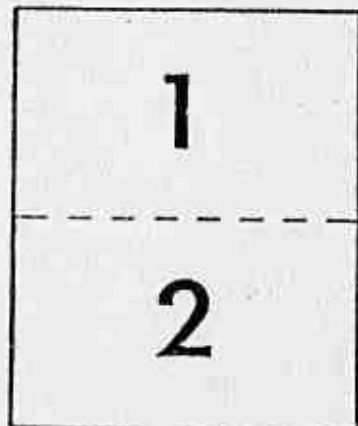

- (iii) To maintain contact with all elements of the Allied Commission for the furtherance of the mission of this subcommission; and to advise them on matters of information, press and censorship.
- (iii) To collect and collate data concerning the Italian and Axis press and propaganda agencies, listing Italian press agencies according to their actual or likely sympathies and policies, with respect to support of the Allies. This information to be forwarded to Home Government Intelligence Committee.
- (iv) To be the agency and headquarters of Allied psychological warfare in Italy.
- (v) To issue communications and other data for publication from the Allied Commission, as approved by the Deputy President, to the Allied and Italian press.
- (vi) To take charge of accredited war correspondents visiting or assigned to the Allied Commission; to assist them in their work, and to bring their dispatches and other material for publication.
- (vii) To coordinate with, and to avoid any activities conflicting with, the press and censorship agencies of the senior Allied military commands in Italy.
- (viii) To supervise the activities of Regional Information Officers and to assist them in their work.
- (ix) To maintain contact with the Psychological Warfare Board (PWB) and Information News and Censorship (INC), - agencies of the Allied Governments.

3. This subcommission will so conduct all its activities as to enlist the full cooperation of the Italian people, and to obtain the support of public opinion in the home countries of the United Nations.

APP. 51 to P.D. 12
DATED 12 OCT. 1943

ALLIED COMMISSION

COORDINATION OF TELECOMMUNICATIONS

1. The following telecommunications operating agencies are controlled or supervised by the Allied Commission:

- (a) any signals allotted specifically to the Allied Commission,
- (b) Italian Naval Forces,
- (c) Italian Land Forces,
- (d) Italian Air Forces,
- (e) Italian civil telecommunications, including railway signals and merchant shipping,
- (f) Italian broadcasting stations.

2. The following sections and subcommittees of the Allied Commission are concerned with the above:

Military Sector

Naval Forces subcommittee.
Land Forces subcommittee.
Air Forces subcommittee.

Communications Section

Shipping subcommittee.
Internal transportation subcommittee.
Telecommunications subcommittee.

3. There will also be factories and stocks of material suitable for the supply of telecommunications equipment, whether for United Nations' use or local use. The processes of planning factory output of signals equipment organization and supervision of factories and allocation of stocks are matters for the Industrial Planning Staff and Subcommittees concerned. But they will need certain technical signals guidance.

4. The coordination of all these telecommunications aspects of the work of the Allied Commission will be the responsibility of the Allied Telecommunications Committee, of which the Chief of Staff of the Allied Commission will

2. the following sections and subcommittees of the Allied Commission are concerned with the above:

Military Section

- Naval Forces subcommittee.
- Land Forces subcommittee.
- Air Forces subcommittee.

Communications Section.

- Shipping subcommittee.
- Internal transportation subcommittee.
- Telecommunications subcommittee.

3. There will also be factories and stocks of material suitable for the supply of telecommunications equipment, whether for United Nations' use or local use. The processes of planning factory output of signals equipment organization and supervision of factories and allocation of stocks are matters for the industrial planning Staff and Subcommittees concerned. But they will need certain technical signals guidance.

4. The coordination of all their telecommunications aspects of the work of the Allied Commission will be the responsibility of the Allied Telecommunications Committee, of which the Chief of Staff of the Allied Commission will normally be Chairman.

5. The permanent members of the Committee will include Signals representatives of all the Subcommittees mentioned in para. 2, if necessary both American and British, a Radio Broadcasting Engineer from the Telecommunications Subcommittee and a staff officer each from H.Q.s. Military and Communications sections.

Additional members will be invited as required and will normally include representatives of the Subcommittees for war material factories, war material disposal, industry and commerce, public works and utilities and H.Q. economic and administrative sections.

6. The Allied Telecommunications Committee will maintain close touch with the chief signal officers of all services of the Allied Forces operating in the Italian Area and with the Combined Signals Board, North Africa, from which they will receive technical instructions.

APP. 32 to P.D. No. 12
dated 22 Oct. 1943.

ORGANIZATION OF INVESTIGATION 2 WITHIN THE
THE ALLIED COMMISSION

1. General

Accurate and timely information is required for the purposes:

- (a) to provide a sound basis for plans and operations of the Commission.
- (b) to provide the United Nations with intelligence about Germany, Japan and enemy occupied territories which will assist the United Nations' war effort. It should be possible to obtain more information of the enemy outside the theatre of operations, which will nevertheless be of great value to our forces in other theatres, A.C. or regular selection of bombing objectives.

2. It must be remembered that this occupation can provide of an enemy country provides a unique opportunity for gaining intelligence about our enemies. Full and early advantages must be taken of this.

3. Whereas normally military intelligence has to be obtained from observation of an enemy, in the case of the Allied Commission intelligence is gained from direct sources, i.e. from the regular work of subcommittees and from a confidential informant and possibly an operative agent. This information will be largely collected and collated in the normal course of work without necessarily setting up separate intelligence staffs. It is essential that enemy and enemy occupied territories will however demand special attention, as all value will not be immediately apparent to the work of collecting and supervising the Italian Government.

4. It follows that it will normally be unnecessary to allocate an individual intelligence officers for subordination.

5. Duties of Allied Intelligence Committee.

This committee will be responsible for:

- (a) collection of information received from subcommittees.
- (b) provision of collected information to military, administrative staffs and committees of the Allied Commission as required.
- (c) providing intelligence for staff with particular reference to intelligence about enemy and enemy occupied territories, including those outside the theatre of operations.
- (d) liaison with the Joint Army Navy Intelligence Collecting Agency.

3. Whereas normally military intelligence has to be obtained from observation of an enemy, in the case of the Allied Commission, intelligence is gained from direct sources, i.e. from the military staff of the Commission and from a co-belligerent and possibly co-operative nation. This information will be largely collected and collected in the normal course of work without necessitating setting up separate intelligence sections. Information about enemy and enemy occupied territories will however be passed on to all staffs, as the value will not be immediately apparent to the staff of collecting and reporting to the Italian Government.

4. It follows that it will normally be necessary to allow a small intelligence officers to subcommittees.

5. Duties of Allied Intelligence Committee.

This committee will be responsible for:

- (a) collection of information received from subcommittees.
- (b) provision of collected information to sections, subcommittees, staffs and committees of the Allied Commission as required.
- (c) providing intelligence for AFHQ with particular reference to intelligence about enemy and enemy occupied territories, including those outside the theatre of operations.
- (d) liaison with the Joint Army Navy Intelligence Collecting Agency.
- (e) ensuring that the necessary records and statistics are maintained.
- (f) receiving and dealing with questions asked by AFHQ or the allies.

6. The Allied Intelligence Committee will be composed of the Chief Intelligence Officers of Sections and the Principal Security Officer, provided over by the Chief of Staff or one of his staff officers, and will have a secretary and assistants. Additional members may be added as required for special purposes.

1870

7. Duties of Intelligence Staff of Sections.

The intelligent staff of a section will:

- (a) collect information collected by the subcommittees of that section.
- (b) provide collected information for the Allied Intelligence Committee.
- (c) deal with questions asked by the Allied Intelligence Committee.
- (d) frame questions for the subcommittees of that section.

0010

785016

- 2 -

(e) ensure that the necessary records and statistics are maintained in accordance with the instructions of the Allied Intelligence Committee.

6. The chief intelligence officer of each section will be ex officio a member of the Allied Intelligence Committee.

7. Liaison with combined chiefs of staff.

It will be the duty of JALIC to forward intelligence from the Allied Commission to the HQS.

10. Security.

A small security staff will work in the Headquarters Section, and be responsible for issuing the necessary security orders for the Allied Commission and for general supervision of security.

11. The Principal Security Officer will maintain close touch with the security organization at APMQ, who will be an ex officio member of the Allied Intelligence Committee.

APP. 63 to P.D. No. 12
dated 22 Oct. 1942.

DUTIES OF THE SECRETARIAT OF THE ALLIED COMMISSION

1. The Secretariat is the receiving office and the office of record and distribution for all communications, official documents, or other written instruments which are addressed to the Allied Commission, concern the Commission as a whole, or affect more than one Section of the Commission.
2. The Secretariat shall consist of an Executive in charge, a Deputy Executive, and two principal subdivisions - one for office duties; and one composed of secretaries of committees and staffs made up from more than one Section. The office duties subdivision will be responsible for receiving, recording, routing and filing all the various papers mentioned in paragraph one, processing; and for stenographic work and typing pertaining to the Secretariat and for others not separately provided for. There will also be a small archives staff for maintaining historical records.
3. Records sufficient to show the exact location of, or person responsible for, all papers of record in the Secretariat will be maintained.
4. A library of reference material useful to the Commission will be set up within the Secretariat.
5. To obtain papers of reference material recorded in the Secretariat requests will be made to the appropriate subdivision thereof, and receipt given.
6. The American system of filing (Dewey decimal system) will be used throughout the Commission.
7. All mail received or sent by the Headquarters of the Commission, or its personnel, will pass thru the mail subdivision of the message center. The mail address of the Headquarters Allied Commission is:

For American: APO No. _____ Care Postmaster _____

For British: _____

(To be furnished when known)

8. The Secretaries of the various separate Committee and Staffs or the permanent administrative officers of these agencies. They will keep the minutes of meetings or other records of the agency, prepare the reports or other outgoing communications, verify numbers of meetings, secure the meeting place,

8. Records sufficient to show the exact location of, or person responsible for, all papers of record in the Secretariat will be maintained.
9. A library of reference material useful to the commission will be set up within the Secretariat.
10. To obtain papers of reference material recorded in the Secretariat requests will be made to the appropriate subdivision thereof, and receipt given.
11. The American system of filing (Dowey decimal system) will be used throughout the Commission.
12. All mail received or sent to the Headquarters of the Commission, or its personnel, will pass thru the mail subdivision of the message center. The mail address of the Headquarters Allied Commission is:

For American: APO No. _____ Care Postmaster _____

For British: _____
(To be furnished when known)

13. The Secretaries of the various separate Commissions and Staffs up the permanent administrative officers of these agencies. They will keep the minutes or meetings or other records of the agency, prepare the reports or other outgoing communications, notify members of meetings, secure the meeting place, provide the stationary or other property and supplies required, and obtain the necessary papers or documents for the action of, or to be referred to, by the Committee or Staff. They will also secure the signatures required on documents.

14. Reports prepared within Sections, for the signature of the Deputy President or Chief of Staff of the Commission will pass thru the Secretariat to be put in final form; to obtain the signature; and for recording and filing.

15. The Secretariat is responsible for seeing that copies of documents, papers are sent to, or noted by, all concerned.
16. The Secretariat will obtain stationary and office supplies from supply agencies and distribute them to all elements of the Allied Commission requiring them.

1877

Att. B4 to F.D. No. 12
dated 22 Oct. 1943.

ALLIED COMMISSION

Functions of Headquarters Section

1. Whereas the other Sections of the Allied Commission are responsible for the operations of the commission, the Headquarters Section is responsible for all administration of the personnel of the whole commission including personnel of Regions under its control.
2. Its main tasks will be personnel records, postings (assignments), casualties (reports of changes), etc., i.e. G-1 matters; and provision of equipment, vehicles, communication, dining requirements, also arrangements for movements of personnel, equipment and property of the commission, i.e. G-4 matters.
3. All executive action in these matters will be taken by the Headquarters Section and not by other sections or the Secretariat.
4. Neither G-1 nor G-4 are responsible for any personnel or supply questions regarding Italian people. In these matters we are dealt with by other sections of the Allied Commission.
5. The Headquarters section will also have some G-2 and G-3 matters.
 - (a) Its G-2 duties are confined to Security. The senior G-2 officer will be ex officio Principal Security Officer for the whole Allied Commission. He will be the Security matter on the Allied Intelligence Committee. He will be responsible to the Chief of Staff, through the Chief of the Headquarters Section, for coordination of security measures to be adopted in the operations, offices and work of the whole Commission.
 - (b) G-3 will be responsible for arranging guards, provision of maps and such matters affecting the internal working of the whole Commission. G-3 will not be responsible for any external operations of the commission, as these are matters which are dealt with by the other sections of the Commission.

6. As the efficiency of the working of the commission will largely depend on the proper administration of its personnel, the Headquarters Section will keep in close touch with the other sections of the Commission and with the Regional Commanders-in-Chief of the Regions. The Headquarters section will always

3. Neither G-1 nor G-3 are responsible for any personnel or supply questions regarding Italian people, as these matters are dealt with by other sections of the Allied Commission.
4. The Headquarters Section will also have some G-2 and G-6 duties.
 - (a) Its G-2 duties are confined to Security. The senior G-2 officer will be ex officio Principal Security Officer for the whole Allied Commission. He will be the Security member on the Allied Intelligence Committee. He will be responsible to the Chief of Staff, through the Chief of the Headquarters Section, for coordination of security measures to be adopted in the operations, offices and work of the whole Commission.
 - (b) G-3 will be responsible for arranging courier, provision of transport and such matters affecting the internal working of the whole Commission. G-3 will not be responsible for any external operations of the Commission, as these are matters which are dealt with by the other sections of the Commission.
5. As the efficiency of the working of the Commission will largely depend on the proper administration of its personnel, the Headquarters Section will keep in close touch with the other sections of the Commission and with the Regional or Provincial groups of the Commission. The Headquarters section will always consult the other Sections etc. concerned before posting or moving personnel, supplying equipment, etc.
6. British and American Staff Officers will be appointed to the Headquarters Section to deal with British and American aspects, respectively, of personnel functions.

SECRET

Copy to US
Ref. AC/1614
22 October 1943

PLANNING DIRECTIVE No. 12
(Issued by the Joint Chiefs of Staff.)

1. Scope & Purpose.

(a) This Directive deals with the reorganization of JMW & the Allied Commission, the move of the latter overseas, and consequential arrangements.

It deals also with certain alterations in the number of Officers allotted to Staffs and Sub-Commissions, and with variations in the functions of Sub-Commissions.

(b) It supersedes all previous P.D.s where there is conflict.

2. References.

References in brackets after paragraph headings are to the relevant previous P.D.

3. Office Routine Orders.

Office Routine Orders, which apply to Will-Ouseon only - see paras. 5 & 7 below - are under issue. They incorporate large portions of early Planning Directives. Details of portions cancelled are given in App. "A" to the Office Orders.

4. Structural Organization - Allied Commission (Final) (No. 8, para. 4).

(a) The only substantial change is that the Information Sub-Commission is transferred to the Political Sub-Commission. App. "A" hereto gives what it is hoped and expected will be the final set-up of the Commission.

(b) Appendices as under are attached hereto, concerning the organization and duties of certain activities and elements of the Commission.

App. B1 Coordination of Telecommunications.

0916

785016

2. References.

References in brackets after paragraph headings are to the relevant previous F.D.

3. Office Routine Orders.

Office Routine Orders, which apply to first-order only - see paras. 5 & 7 below - are under issue. They incorporate large portions of early Planning Directives. Details of portions cancelled are given in App. "A" to the Office Order.

4. Structural Organization - Allied Commission (Final) (No. 8, para. 4).

(a) The only substantial change is that the Information Sub-Commission is transferred to the Political Sub-Commission. App. "B" hereto gives what it is hoped and expected will be the final set-up of the Commission.

(b) Appendices as under are attached hereto, concerning the organization and duties of certain activities and elements of the Commission.

App. B1 Coordination of Telecommunications.

App. B2 Organization of Intelligence Work.

App. B3 Duties of the Secretariat.

App. B4 Functions of the Headquarters Section (hitherto designated the "Military Admin. Staff").

App. B5 Industrial Planning.

1875

It is emphasized that these Apps. are provisional - they have not yet had the approval of all concerned. Meanwhile they will serve as a guide.

5. Organization - AMO & Allied Commission (No. 11, para. 8)

(a) APP. I. of C. is simply reorganized so as to conform to the present organization of AC, first-order, and will be reinforced by personnel of present A.C. under the provisions of para. 8 below.

0917

785016

(b) It will be known as "HQ, Allied Commission & JAG" and will control all Regions not under command AMB, 15 Army Group, whether these are exercising the Functions of Military Government or of the Allied Commission. In other words, HQ, AMB, L. of C., and HQ, Allied Commission will merge, and will act as one integrated Staff. The detachment, A.C. already in Sicily (see P.D. No. 11, para. 6) will similarly be absorbed.

(c) A "Forward Command Post" of HQ, AMB & A.C. is established at Brindisi under Lt. Gen. Marion McFarlane. Personnel at this Command Post will eventually join the Allied Commission when the latter is established at Rome.

(d) A chart showing the temporary organization outlined above is attached as App. "G" hereto.

6. Move of Present A.C. to Sicily.

(a) See para. 6(c) above. A.C. Movement Order No. 2 dated 15 Oct. 43 is cancelled. All copies will be destroyed. A.C. less a rear party will move to Sicily and join AMB there on or after 23 Oct. Separate orders for the move will be issued. The party to move will consist of about 135 Officers & 150 AM/AR, with proportion of vehicles. Details of Officers preceding are given in App. "H" hereto. This list is subject to alteration.

(b) The organization referred to in paras. 7, 8(b) & 10 below, will take effect after the departure of the party in (a) above. Up to that time the organization remains as at present.

7. Organization - Rear Echelon, AM.

A.C. (Rear) will consist of A.C. Personnel remaining at Tisi-Quora after departure of the party referred to in para. 6 above. It will continue to administer that portion of Region 6 in Mali-Ouzon.

8. TO/WE Reporting of Casualties (No. 11, para. 16)

(a) A TO/WE for the entire Allied Commission (see App. "A") is being produced. Meanwhile, British Personnel will be held on the strength either of the existing WE No. NA/147/1 dated 16 Sep. or of AMB Sicily. Personnel of the Forward Command Post will be held on the strength of the latter.

(b) It is possible that the TO/WE for the Allied Commission will be produced and authorized portion by portion.

(4) the translation referred to in para. 7, $S(n)$ & ID below, will take effect after the departure of the party in $S(n)$ above. Up to that time the translation remains as it is present.

A.C. (Reev) will consist of A.C. personnel remaining at Kili-
 Upon after departure of the party referred to in para. 6 above. It
 consists of a number of personnel.

(c) A TO/WB for the entire Allied Commission (see App. "A") is being produced. Meanwhile, British personnel will be held on the strength either of the existing WE No. HA/147/1 dated 18 Sep, or of HQ Solly. Personnel of the Forward Command Post will be held on the strength of the latter.

(b) It is possible that the TC/RE for the Allied Commission will be produced and authorized portion by portion - O.E. App. non harudo (see para. 9) may be authorized in advance of other portions.

(c) American personnel will be held on the strength of the 257th Regt., Allied Commission (American Contingent) (Provisional) Inform, Sicily, (now forming). All administrative reports will be forwarded to the H.Q. of the 257th Regt., copies to A.C. (Rear).

(d) A.C. (Rear) will be responsible for the reporting of British casualties to GHQ and Echelon. All casualties must therefore be reported by HQ, ACF & Allied Commanders to A.C. (Rear) to enable this to be done.

The provisional TO/WB (Officers only) is given in App. 2, hereinto. This replaced Apps. 01, 02, & 03 to E.D. No. 8. All copies of the latter three Apps. (except file A War Diary copies) will be destroyed. This TO/WB will be worked to for Planning purposes and for purposes of assignment of Officers.

0914

785016

10. Organization - Planning & Holding Center (No. 11, para. 5 as amended by memo. No. 1).

No change except as required by the departure of the bulk of A.C. (para. 6). A.C. (Super) will carry out the functions hitherto performed by A.C.

11. Functions of Sub-Commissions. (No. 7, para. 3 & Apps., No. 8, para. 5 & Apps.)

(a) Functions of Sub-Commissions have been revised in the light of the higher set-up of the Commission and of other experience. A fresh set of Appendices, lettered "p" (numbered according to the sequence on the chart App. "A" reading from left to right), have therefore been prepared. In all they number seventeen, and are numbered F8 (Information Sub-Commission) to F22 (Education Sub-Commission) and F24 & F25 (Telecomm. Sub-Commission) (See App. "A").

(b) They replace Apps. "L" to "Q" (sixteen, Food Distribution & Nutrition ("L") having been subjoined) to P.D. No. 7 ("p", "q", & "Q" were issued with P.D. No. 8), and include the new one - Intermun & Displaced Person Sub-Commission.

(c) Apps. "p" Nos. 8, 11, 12, 14, 15, 17, ~~18~~ & 20 are issued herewith - the remainder will follow shortly. Corresponding Apps. to P.D. No. 7 will be destroyed (except file & War Diary copies) as and when the "p" Apps. to this Directive are received.

12. Organization of the Staff, Super A.C. (No. 11, para. 11).

After the departure of the party referred to in para. 7 above, it is doubtful if any E & F, AS, or Comm. Staff can be organized. Further orders will be issued at the time.

13. Distribution Lists (No. 11, App. "B")

From now on it will be necessary to issue recipients of important documents with two copies each - one to take to Sicily, and for rear link, A.C.

A revised Distribution List is attached as App. "B" hereto. This replaces App. "B" to P.D. 11, all copies of which will be destroyed.

ing ("1") having been abolished) to P.D. No. 7 ("C", "H", & "I") were issued with P.D. No. 8), and include one new one - Internals & Displaced Persons Sub-Commission.

(c) Apps. "H" Nos. 8, 11, 12, 14, 15, 17, X & 20 are issued herewith - the remainder will follow shortly. Corresponding Apps. to P.D. No. 7 will be destroyed (except file & War Diary copies) as and when the "H" Apps. to this Directorate are received.

12. Organization of the Staff, Rear C.C. (No. 11, para. 11).

After the departure of the party referred to in para. 7 above, it is doubtful if any E & C, AS, or GMS. Staff can be organized. Further orders will be issued at the time.

13. Distribution Lists (No. 11, App. "C")

From now on it will be necessary to issue recipients of important documents with two copies each - one to take to Sicily, one for rear link, L.S.

A revised Distribution List is attached as App. "C" hereto. This replaces App. "C" to P.D. 11, all copies of which will be destroyed.

FUNCTIONS OF INDUSTRY AND COMMERCE SUB-COMMISSION

1. Mission

To initiate policies and make plans for the development of Italian industry and commerce subject to the requirements of the Allied Forces. The prime object will be to harness the Italian potential to the Allied War Effort.

2. Major Functions

The Industry and Commerce Sub-Commission performs the following Staff Functions:

- (a) In conjunction with the Industrial Planning Staff, formulates and adopts policies, plans and procedures concerning Italian industry and Commerce.
- (b) Makes research and prepares statistics so as to estimate the capacity of Italian industry and also, as may be possible, of German and Japanese controlled industries.
- (c) Co-ordinates with the Military Section on questions of production for Allied war effort, and maintains close touch with the war material factories sub-commission.
- (d) Co-ordinates with Labor Sub-Commission on employment matters, with special attention to employment of demobilized men and returning overseas.
- (e) Formulates plans, policies and procedures for the improvement of food in Italy to supplement local production.
- (f) In conjunction with the Sub-Commission of Agriculture formulates plans, policies and procedures in respect of the supply and processing of food produced in, and imported into Italy, and to this end co-operates with the Sub-commissions of Interior, Shipping, Foreign Trade and Transportation and with other sub-commissions as necessary.
- (g) Makes recommendations to the Commission on appropriate sub-commissions in matters affecting supplies of all commodities including raw materials, fuels, motive power, finished goods and semi-manufactured articles and all priorities affecting their supply.

for Allied war effort, and maintains close touch with the war material factories subcommittee.

- (d) Co-ordinates with Lab or Sub-Commission on employment matters, with special attention to employment of demobilized men and returning ex-servicemen.
 - (e) Formulates plans, policies and procedures for the importation of food in Italy to supplement local production.
 - (f) In conjunction with the Sub-Commission of Agriculture formulates plans, policies and procedures in respect of the supply and processing of food produced in, and imported into Italy, and to this end co-operates with the sub-commissions of Interior, Shipping, Foreign Trade and Transportation and with other sub-commissions as necessary.
 - (g) Makes recommendations to the Commission and appropriate sub-commissions on matters affecting supplies of all commodities including raw materials, fuels, motive power, finished goods and semi-manufactured articles and all priorities affecting them.
 - (h) Obtains information and reports from A.M.C. 15 Army group, as to regions under their control, from regional and central officers of Regions under the Commission's control and from all other available sources, and considers what planning can be done in the light of that information and makes recommendations accordingly.
 - (i) Assists sub-commission for Interior in matters of rationing.
3. The Industry and Commerce Sub-Commission directly performs the following operating functions:
- (a) Supervises the execution by the Italian Government of instructions issued by the Commission.
 - (b) Obtains and supplies specialists in particular industrial and commercial problems where necessary.

Who operates (c), which seems to be the most vital function?

FUNCTIONS OF FUEL SUB-COMMISSION

1. Mission

In conjunction with the Industrial Planning Staff and other Subcommittees concerned, to initiate policies and make plans for production, procurement, transportation and distribution, in order of determined priorities, of fuel of all kinds for industrial, utility, commercial and domestic needs, after requirements of Allied Forces are met.

2. Major functions

The Fuel Sub-Commission performs the following major functions:

- (a) In conjunction with the Industrial Planning Staff, formulates policies, plans and procedures for the production, procurement, transportation, distribution and allocation of fuel of all kinds for industrial, utility, commercial and domestic use and for establishment of priorities, all after requirements of Allied Forces are met.
- (b) Collaborates with other sub-commissions with respect to functions pertaining to their respective fields.
- (c) Makes investigations and reports and prepares statistics concerning the fuel situation in Italy and enemy or enemy occupied countries from time to time as deemed necessary.
- (d) Makes investigation of amount of fuel of different types to be imported to supplement local supplies for other than Allied Forces use.
- (e) Makes recommendations to the Commission with respect to the fuel supply.
- (f) Assists Subcommission for Interior in matters of domestic production.

3. The Fuel Sub-Commission directly performs the following operating functions:

- (a) Supervises the execution by the Italian Government of instructions issued by the Commission.

(b) Where necessary

(b) Collaborator with other sub-commissions with respect to matters pertaining to their respective fields.

(c) Make investigations and reports and prepare statistics concerning the fuel situation in Italy and areas or enemy occupied countries from time to time as deemed necessary.

(d) Make investigation of amount of fuel of different types to be imported to supplement local supplies for other than Allied Forces uses.

(e) Make recommendations to the Commission with respect to the foregoing.

(f) Assist Subcommissioner for Interior in matters of domestic enterprises.

ii. The Fuel Sub-Commission directly performs the following operating functions:

(a) Supervises the execution by the Italian Government of instructions issued by the Commission.

(b) Where necessary takes alternative steps in furtherance of the execution of its mission.

FUNCTIONS OF
AGRICULTURE, FORESTRY AND FISHERIES SUB-COMMISSION

1. Mission

In conjunction with the Industrial Planning Staff and other Subcommittees concerned, to initiate and develop such a viticultural, forestry and fishing undertakings as are essential to secure maximum production in conformity with Allied Military and Italian Civilian needs.

2. Major Functions

The Agriculture, Forestry and Fisheries Sub-Commission performs the following Staff Functions:

- (a) In conjunction with the Industrial Planning Staff, formulates and establishes National and Regional policies, plans and procedures concerning the production and gathering of viticultural crops, timber and fish.
- (b) Makes studies of the activities of the Italian Ministry of Agriculture and of other Italian Government and Local Governmental agencies concerned with the production of agricultural, forestry and fishery crops and with the manufacture and distribution of production input requirements.
- (c) Establishes and maintains liaison and close working relations with the appropriate sections and sub-commissions of the Commission concerned with agriculture, forestry and fisheries.
- (d) Obtains and maintains a current inventory of agricultural, forestry and fishery production results, production input, requirements and other pertinent information needed to establish annual National and Regional production goals and to prepare policies, plans and procedures for obtaining maximum production to meet Military and Civilian needs and to obtain exportable surpluses of desired specialty crops. Collects and collates information about not only Italy but also enemy and enemy-occupied territories.
- (e) Establishes agriculture, forest and fish production goals by Regions and Provinces or other areas in conjunction with sub-commissions concerned with distribution and rationing and with Allied Naval and Military authorities.

concerned with the production of agricultural, forestry and fishery crops and with the manufacture and distribution of production inputs requirements.

- (c) Established and maintains liaison and close working relations with the appropriate sections and sub-commissions of the Commission concerned with agriculture, forestry and fisheries.
- (d) Obtains and maintains a current inventory of agricultural, forestry and fishery production results, production inputs, requirements and other pertinent information needed to establish annual National and Regional production goals and to prepare policies, plans and procedures for obtaining maximum production to meet Military and Civilian needs and to obtain exportable surpluses of desired specialty crops. Collects and collates information about not only Italy but also enemy and enemy-occupied territories.
- (e) Establishes agriculture, forest and fish production goals by Regions and Provinces or other areas in conjunction with sub-commissions concerned with distribution and rationing and with Allied Naval and Military authorities.
- (f) Arranges with the Shipping Sub-commission for plans, commensurate with enemy requirements, for the release of seized and requisitioned fishing craft in Italian waters to facilitate maximum exploitation of fish resources for local consumption.
- (g) In conjunction with Foreign Trade, Interior and Public Health commissions determines amount of necessary imports from Allied Nations of agricultural, forestry and fishery supplies and the distribution of same in Italy.

PLANNING DIRECTIVE NO. 7.

1. Scope and Purpose.

This Directive deals solely with the functions and organization of Sub-Commissions, Armistice C.C. (as listed in App. C. to P.D. No. 4), with a view of personnel for these Sub-Commissions and with other personnel matters. It is issued with direct reference to P.D. No. 5., paras. 5 and 6.

2. References.

References in brackets after paragraph headings are to the relevant previous P.D.s.

Copies of this Directive are sent to Regions for information. (See P.D. No. 5. Para. 1.)

3. Functions of Sub-Commissions. (No. 4 paras 5 and 6., No. 5. para 5.)

(a). Pending a directive from higher authority, the functions of Sub-Commissions will, for planning purposes, be set out in Apps A to P hereto.

(b). It will be noted that the above Appendices cover all Sub-Commissions except Shipping and Telecommunications, as to which see paras 4 and 5 below.

4. Shipping Sub-Commission.

This will consist of Officers of the Joint North African Shipping Board, and will not, for the time being, be represented at the Planning Centre.

Personnel for this Sub-Commission will NOT count against the Paper No. 7. figures.

5. Telecommunications and Posts.

An appendix ("Q") defining the functions of this Sub-Commission will be issued later.

6. Provision of Personnel. (No. 4. para 6. and Appx "C". No. 5. para. 8.)

(a). The Committee constituted under P.D. No. 5., para. 6. will present their recommendations in the shortest possible time, following the general lines of the Committee's report to the functions of Sub-com-

APPENDIX A TO PLANNING DIRECTIVE
NO 7 DATED 26 SEPTEMBER 1943

FUNCTIONS OF FINANCE SUB-COMMISSION

(a) MISSION

To initiate and develop, together with the Italian Ministries of Finance and Foreign Exchange, the Bank of Italy, the Social Insurance Institutions and other Italian governmental and semi-governmental institutions dealing with problems of Italian State and local finance in all its aspects, policies, plans and procedures for the restoration and maintenance, as far as practicable, of ordered financial and economic conditions; for stabilizing the Italian currency and price level, and for providing necessary financial services for the Allied Forces, all in the interests of the Allied Military effort and the establishment and support of Italian political, economic, social and financial structure freed of fascism.

(b) MAJOR FUNCTIONS.

(1) The Finance Sub-Commission performs the following staff functions:

(a) Examines, initiates and develops in appropriate cases, with other Sub-Commissions of the Armistice C.C., existing and new policies, plans and procedures relating to:

(1) Italian Banks, Postal Savings Institutions, Social Insurance Institutions, Stock Exchanges, private insurance institutions, and other governmental and private financial institutions.

(2) The collection of taxes, imposts and revenues due to the State, Provinces and Communes, including Customs and Excise charges and revenues from monopolies.

(3) The payment of debts and obligations of the State, Provinces and Communes, and the incurring of appropriate governmental expenditures for salaries of public officials, for the running of the railways, post, telegraph and telephone, for relief, rehabilitation, and for necessary subsidies to maintain the flow of goods to the domestic market at reasonable prices.

(4) The public debt, budget, currency and general fiscal policy.

0938

785016

Functions:

(a) Examines, initiates and develops in appropriate cases, with other Sub-Commissions of the Armistice C.C., existing and new policies, plans and procedures relating to:

- (1) Italian Banks, Postal Savings Institutions, Social Insurance Institutions, Stock Exchanges, Private Insurance Institutions, and other governmental and private financial institutions.
- (2) The collection of taxes, imposts and revenues due to the State, Provinces and Communes, including Customs and Excise charges and revenues from monopolies.
- (3) The payment of debts and obligations of the State, Provinces and Communes, and the incurring of appropriate governmental expenditures for salaries of public officials, for the running of the railways, post, telegraph and telephone, for relief, rehabilitation, and for necessary subsidies to maintain the flow of goods to the domestic market at reasonable prices.
- (4) The public debt, budget, currency and general fiscal position and the price level and inflationary situation in Italy.
- (5) Foreign assets of Italy and its nationals; the control of any such assets; and the control of any foreign exchange transactions and all arrangements affecting international financial exchange such as clearing agreements.
- (6) International financial and related transactions, particularly those which may be of direct or indirect benefit to the enemy.
- (7) The control, blocking and confiscation or other disposition of funds and property belonging to Fascist institutions or persons, or and persons, to enemy Government institutions or persons, or belonging to other persons or institutions whose activities are deemed to be inimical to the Allied Military effort.
- (8) The provision of lire funds to the Allied Armies and to the Armistice C.C. to pay for goods and services acquired in Italy.

FUNCTIONS OF

FOREIGN TRADE SUB-COMMISSION

(a) MISSION

To initiate and develop, together with the Sub-Commission on Industry and Commerce, Agriculture, Forestry and Fisheries, Fuel and Food Distribution and Rationing, Shipping, Transportation, and Finance (Foreign Exchange), policies and procedures relating to imports into and exports from Italy of industrial and agricultural commodities in the interests of the Allied Military effort, and of the restoration of economic order in Italy.

(b) MAJOR FUNCTIONS

(1) The Foreign Trade Sub-Commission performs the following staff functions:

- (a) Formulates and establishes policies, plans and procedures concerning imports into and exports from Italy so as to ensure that proper orders are placed and other measures taken to facilitate the flow of such imports and exports.
- (b) Considers what measures ought to be taken with respect to Italian trade agreements and other arrangements, measures and action entered into or taken by Italy which affect the problem of Italy's foreign trade.
- (c) Reviews progress of imports and exports for the purpose of planning the flow of imports and exports.
- (d) Makes recommendations to the Commission with respect to the foregoing.

(2) The Foreign Trade Sub-commission directly performs the following operating functions:

- (a) Supervises the execution by the Italian Government of instructions issued by the Commission.

(1) Supervises negotiations of Italian Government with other

ports.

(b) Considers what measures ought to be taken with respect to Italian trade agreements and other arrangements, measures and action entered into or taken by Italy which affect the problem of Italy's foreign trade.

(c) Reviews progress of imports and exports for the purpose of planning the flow of imports and exports.

(d) Makes recommendations to the Commission with respect to the foregoing.

(2) The Foreign Trade Sub-commission directly performs the following operating functions:

(a) Supervises the execution by the Italian Government of instructions issued by the Commission.

(b) Supervises negotiations of Italian Government with purchasers and sellers of Italian imports and exports, and with Italian, British, American and other governmental agencies involved in or concerned with Italian imports and exports.

(c) Subject to needs of Allied Forces, Co-ordinates, and negotiates with, shipping and transport facilities in Italy and abroad, respecting the carriage of Italian imports and exports.

REVISED APP. 'C' TO PLANNING
DIRECTIVE No. 7 DATED 26 SEP 43.
ISSUED WITH PLANNING
DIRECTIVE No. 8 DATED 1 OCT 43.

FUNCTIONS OF INDUSTRY AND COMMERCE SUB-COMMISSION.

(a) MISSION

To initiate policies and make plans for the development of Italian industry and commerce subject to the requirements of the Allied Forces. The prime objects will be to (a) harness the Italian potential to the Allied War Effort and (b) to restore, as far as possible, normal life and amenities to the Italian people.

(b) MAJOR FUNCTIONS

(1) The Industry and Commerce Sub-Commission performs the following Staff functions:

- (a) Formulates and adopts policies, plans and procedures concerning Italian Industry and Commerce.
- (b) Makes research and prepares statistics so as to estimate the effect of combat operations on Italian industrial capacity, based on information received from all sources.
- (c) Co-ordinates with the Military Section on questions of production for Allied war effort.
- (d) Co-ordinates with Labour Sub-Commission on employment matters, with special attention to employment of demobilized men and returning evacuees.
- (e) Formulates plans, policies and procedures for the importation of food in Italy to implement local production.

(b) MAJOR FUNCTIONS

(1) The Industry and Commerce Sub-Commission performs the following Staff functions:

- (a) Formulates and adopts policies, plans and procedures concerning Italian Industry and Commerce.
- (b) Makes research and prepares statistics so as to estimate the effect of combat operations on Italian industrial capacity, based on information received from all sources.
- (c) Co-ordinates with the Military Section on questions of production for Allied war effort.
- (d) Co-ordinates with Labour Sub-Commission on employment matters, with special attention to employment of demobilized men and returning evacuees.
- (e) Formulates plans, policies and procedures for the importation of food in Italy to implement local production.
- (f) In conjunction with the Sub-Commission of Agriculture formulates plans, policies and procedures in respect of the supply and processing of food produced in, and imported into Italy, and to this end co-operates with the sub-commissions of Interior, Shipping, Foreign Trade and Transportation and with other sub-commissions as necessary.

(g) Makes recommendations to the Commission and appropriate sub-commissions on matters affecting supplies of all commodities including raw materials, fuels, motive power, finished goods and semi-manufactured articles and all priorities appertaining thereto.

(h) Obtains information and reports from A.M.C. as to regions under their control from regional and central officers of Regions under the Commission's control and from all other available sources, and considers what planning can be done in the light of that information and makes recommendations accordingly.

(2) The Industry and Commerce Sub-Commission directly performs the following operating functions:

- (a) Supervises the execution by the Italian Government of instructions issued by the Commission.
- (b) Obtains and supplies specialists on particular industrial and commercial problems where necessary.

Appdx. D to P.D. No. 7.
Dated 26 September 43.

FUNCTIONS OF
PUBLIC WORKS AND UTILITIES SUB-COMMISSION.

(a). MISSION

To initiate, develop and direct: the collection of information on, and to investigate and analyse the conditions of public works and utilities, and through proper Italian authorities, arrange for and follow through, the construction rehabilitation and early office operation of these facilities in order of determined priority with particular reference to the needs of the Allied Forces.

(b). MAJOR FUNCTIONS.

(1) The Public Works and Utilities Sub-Commission performs the following staff functions.

(a) Formulates policies, plans and procedures for the allocation and use of construction materials, based upon material allocations as determined.

(b) Makes surveys of the needs of rehabilitation of various facilities, particularly those essential (1) for the needs of the Allied Forces and (2) for the maintenance of life and commerce and to make plans for the creation and rehabilitation thereof and for their proper operation.

(c) Establishes liaison with other sub-commissions with respect to pertinent features.

(d) Makes recommendations to the Commission with respect to the foregoing.

(2) The Public Works and Utilities Sub-Commission directly performs the following functions.

(a) Supervises the execution by the Italian Government of instructions issued by the commission.

(b) By the issuance of directives to the extent approved by the Commission to supervise the construction, rehabilitation, maintenance and operation of the following works and utilities, particularly where there has been damage by bombing.

(1) Power.

a. Reservoirs.

- (a) Formulates policies, plans and procedures for the allocation and use of construction materials, based upon material allocations as determined.

FUNCTIONS OF
AGRICULTURE, FORESTRY AND FISHERIES SUB-COMMISSION.

(a) MISSION.

To initiate and develop such agricultural, forestry and fishing undertakings as are essential to secure maximum production in conformity with Allied Military and Italian Civilian needs.

(b) MAJOR FUNCTIONS.

(1) The Agriculture, Forestry and Fisheries Sub-Commission performs the following Staff functions:

- (a) Formulates and establishes National and Regional policies, plans and procedures concerning the production and gathering of agricultural crops, timber and fish.
- (b) Makes studies of the activities of the Italian Ministry of Agriculture and of other Italian Government and Quasi Governmental agencies concerned with the production of agricultural, forestry and fishery crops and with the manufacture and distribution of production input requirements.
- (c) Establishes and maintains liaison and close working relations with the appropriate sections and sub-commissions of Armistice C.C. and Allied Civilian agencies concerned with agriculture, forestry and fisheries.
- (d) Obtains and maintains a current inventory of agricultural, forestry and fishery results, production input requirements and other pertinent information needed to establish annual National

/production

fishing undertakings as are essential to secure maximum production in conformity with Allied Military and Italian Civilian needs.

(a) MAJOR FUNCTIONS.

(1) The Agriculture, Forestry and Fisheries Sub-Commission performs the following Staff functions:

(a) Formulates and establishes National and Regional policies, plans and procedures concerning the production and gathering of agricultural crops, timber and fish.

(b) Makes studies of the activities of the Italian Ministry of Agriculture and of other Italian Government and Quasi Governmental agencies concerned with the production of agricultural, forestry and fishery crops and with the manufacture and distribution of production input requirements.

(c) Establishes and maintains liaison and close working relations with the appropriate sections and sub-commissions of Armistice C.C. and Allied Civilian agencies concerned with agriculture, forestry and fisheries.

(d) Obtains and maintains a current inventory of agricultural, forestry and fishery results, production input requirements and other pertinent information needed to establish annual National and Regional production goals and to prepare policies, plans and procedures for obtaining maximum production to meet military and civilian needs and to obtain exportable surpluses of desired speciality crops.

(e) Establishes agriculture, forest and fish production goals by Regions and Provinces or other areas in conjunction with distributary and rationing sub-commission and with Allied Naval and Military authorities.

(f) In conjunction with Allied Naval authorities develops plans, commensurate with safety requirements, for the release of seized and requisitioned fishing craft in Italian waters to facilitate maximum exploitation of fish resources for local consumption.

(g) In conjunction with Foreign Trade and Food Distribution sub-commissions of Armistice C.C. determines amount of necessary imports from Allied Nations of agricultural, forestry and fishing supplies and the distribution of same in Italy.

(h) Makes recommendations to the Commission with respect to the foregoing.

(2) The Agriculture, Forestry and Fishing Sub-Commission directly performs the following operating functions:

(a) Supervises the execution by the Italian Government of

APPENDIX G TO PLANNING DIRECTIVE
NO. 7 DATED 28 SEPTEMBER 1943.

FUNCTIONS OF LABOUR SUB-COMMISSION.

(a) MISSION

To secure the supply, allocation and distribution of labour, determine fair rates of compensation and hours of labour, bearing in mind the essential needs of the Allied war effort.

(b) MAJOR FUNCTIONS

- (1) The Labour Sub-Commission performs the following staff functions:
- (a) Makes surveys of labour situation and conditions, receives and considers reports and prepares and keeps current statistical data.
 - (b) Formulates policies, plans and procedures for the supply allocation and distribution of labour with particular reference to industries essential to the war effort.
 - (c) Formulates policies, plans and procedures as to hours of labour, rates of pay, working conditions and other matters affecting labour, bearing in mind the essential needs of the Allied war effort.
 - (d) Formulates policies, plans and procedures as to absorption of mobilized personnel of the Italian armed forces and workers returning to Italy.
 - (e) Considers in collaboration with other sub-commissions problems of the welfare of the employed and unemployed workers and their dependents.

- (d) Formulates policies, plans and procedures as to absorption of mobilized personnel of the Italian arm forces and workers returning to Italy.
- (e) Considers in collaboration with other sub-commissions problems of the welfare of the employed and unemployed workers and their dependents.
- (f) Collaborates with other sub-commissions as to matters within their respective spheres.
- (g) Coordinates establishment of pre-war labour regulations particularly as to employment of women and children.
- (h) Makes recommendations to the Commission with respect to the foregoing.

- (2) The Labour Sub-Commission directly performs the following operating functions:

- (a) Supervises the execution by the Italian Government of instructions issued by the Commission.
- (b) In collaboration with other interested sub-commissions, carries out measures to secure maximum employment and industrial output.

APPENDIX I TO P.D. NO. 7
DATED 26 SEPTEMBER 1943.

FUNCTIONS OF LEGAL SUB-COMMISSION

(a) MISSION.

To advise on questions of law, recommend repeal of statutes, decrees, etc. of the Italian Govt., supervise Italian Court system, and supervise any Allied Military Courts coming under the jurisdiction of the Commission, and otherwise aid the commission in all legal and judicial matters.

(b) MAJOR FUNCTIONS.

(1) The Legal Sub-Commission performs the following staff functions:

- (a) Advises the Commission and its various sections and sub-commissions on questions of law presented to it for opinion and otherwise assisting in legal matters.
 - (b) Makes a full and complete study of Italian Codes, criminal and civil, codes of procedure, laws, decrees, regulation, etc. and recommend to the Commission the repeal by the Italian Government of those, not already repealed, which are deemed obnoxious under the terms of the Armistice agreement.
 - (c) Makes a study of the entire Italian judicial organization and its personnel and recommends to the commission necessary changes in organization and personnel.
 - (d) Makes recommendations to the Commission in respect of the foregoing.
- (2) The Legal Sub Commission directly performs the following operating functions:
- (a) Through supervision and direction sees that the orders of the Commission to the Italian Government with respect to repeal of statutes, decrees and regulations are fully and promptly carried out.
 - (b) Supervises the operation of the Italian judicial system to the end that all directed change in organization and personnel are carried out fully and promptly and that the courts function speedily and efficiently.
 - (c) Gives directions to, and supervision of the functioning of the Allied Military Courts, if any, which come within the jurisdiction of the Commission.

(b) Makes a full and complete study of civil, codes of procedure, laws, decrees, regulation, etc, and recommends to the Commission the repeal by the Italian Government of those, not already repealed, which are deemed obnoxious under the terms of the Armistice agreement.

(c) Makes a study of the entire Italian judicial organization and its personnel and recommends to the commission necessary changes in organization and personnel.

(d) Makes recommendations to the Commission in respect of the foregoing.

(2) The Legal Sub Commission directly performs the following operating functions:

(a) Through supervision and direction sees that the orders of the Commission to the Italian Government with respect to repeal of statutes, decrees and regulations are fully and promptly carried out.

(b) Supervises the operation of the Italian judicial system to the end that all directed change in organization and personnel are carried out fully and promptly and that the courts function speedily and efficiently.

FUNCTIONS OF
PROPERTY CONTROL SUB-COMMISSION

(a) MISSION.

To initiate and develop policies and procedures for the acquisition, control, management, safekeeping, disposition, etc., of United Nations and enemy property, and to establish and maintain records and accounts of same.

(b) MAJOR FUNCTIONS.

(1). The Property Control Sub-Commission performs the following Staff functions:

- (a) Initiates policies and procedures with respect to classes of property to be taken under its control directly or indirectly.
- (b) Initiates, establishes, and maintains policies, procedures, and systems for recording the acquisition, management, control, disposition, etc. of properties taken into its custody.
- (c) Maintains relations to the Commission with respect to the foregoing.

(2). The Property Control Sub-Commission directly performs the following operating functions:

(a) Subject to the directions of the Commission, it has custody of or gives directions as to the custody of:

- (i) All property in Italian territory belonging to any state at least which any of the United Nations is at war and at already in custody of some branch of the Armed Forces. (This class of property includes corporations, companies, associations or institutions in which any such state has any substantial interest or over which it exercises substantial control).
- (ii) Private property in Italian territory belonging to nationals of states, other than Italy, at war with any of the United Nations.
- (iii) Property in Italian territory belonging to any of the United Nations, or nationals thereof, including that which has been sequestered by the Italian Government.

- (a) Initiation of property to be taken under its control directly or indirectly.
- (b) Initiation, establishment, and maintenance policies, procedures, and systems for recording the acquisition, management, control, disposition, etc. of properties taken into its custody.
- (c) Maintenance of relations to the Commission with respect to the foregoing.
- (2). The Property Control Sub-Commission directly performs the following operating functions:
- (a) Subject to the directions of the Commission, it has custody of or gives directions as to the custody of:
- (i) All property in Italian territory belonging to any state at present which any of the United Nations is at war and not already in custody of some branch of the Armed Forces. (This class of property includes corporations, companies, associations or institutions in which any such state has any substantial interest or over which it exercises substantial control).
 - (ii) Private property in Italian territory belonging to nationals of states other than Italy, at war with any of the United Nations.
 - (iii) Property in Italian territory belonging to any of the United Nations, or nationals thereof, including that which has been sequestered by the Italian Government.
 - (iv) Property supplied or made available to the United Nations by the Italian Government.
 - (v) Property formerly belonging to Fascist Organizations.
 - (vi) Property the control of which is, in the opinion of the Armistice Control Commission, or its authorized representatives, essential to the needs of the Allied Forces or the Armistice Control Commission.
 - (vii) Supervises the execution by the Italian Government of instructions issued by the Commission.

1856

APPENDIX P TO PLANNING DIRECTIVE
NO 7 DATED 26 SEPTEMBER 1943.

FUNCTIONS OF TRANSPORTATION SUB-COMMISSION.

(a) MISSION.

To assist Italian transport administrations to re-establish the workings of their systems and supervise such workings to ensure that facilities are used to the best advantage subject to the prior requirements of the Allied Forces and to meet the requirements of the Commission; the movement of demobilized military personnel and general civil needs of the country.

The term "transportation" as used herein includes only Railways, Inland Water Ways and Docks, their maintenance operation and repair and the use of transport on highways except local bus and tramways.

(b) MAJOR FUNCTIONS

(1) The transportation Sub-commission will perform the following staff functions:-

- (a) Advise the Commission on all technical transportation matters.
- (b) Formulate plans, policies and procedures in the field of transportation.
- (c) Ascertain transportation requirements of other Sub-Commissions and formulate plans accordingly.
- (d) Co-operate with respective Sub-Commissions with respect to the making of arrangements as required, and organise the keeping of necessary statistics.
- (e) Make recommendations to the Commission in respect of the foregoing.

(2) The Transportation Sub-Commission will directly perform the following operating functions:-

- (a) Supervise the execution by the Italian Government of directions issued by the Commission.
- (b) Issue directives to regions of procedures to be followed, including those cases where areas of regions do not correspond with areas of Italian railway Divisions.
- (c) Co-ordinate, adjust as necessary and direct to proper channels, all requisitions for equipment and stores which it is not possible for local transport administrations to meet from local resources.

(d) Advise the Commission on the maintenance and

(b) TRANSPORTATION

(1) The transportation Sub-commission will perform the following staff functions:-

- (a) Advise the Commission on all technical transportation matters.
- (b) Formulate plans, policies and procedures in the field of transportation.
- (c) Ascertain transportation requirements of other Sub-Commissions and formulate plans accordingly.
- (d) Co-operate with respective Sub-Commissions with respect to the making of arrangements as required, and organise the keeping of necessary statistics.
- (e) Make recommendations to the Commission in respect of the foregoing.

(2) The Transportation Sub-Commission will directly perform the following operating functions:-

- (a) Supervise the execution by the Italian Government of directions issued by the Commission.
- (b) Issue directives to regions of procedures to be followed, including those cases where areas of regions do not correspond with areas of Italian railway Divisions.
- (c) Co-ordinate, adjust as necessary and direct to proper channels, all requisitions for equipment and stores which it is not possible for local transport administrations to meet from local resources.
- (d) Issue directives as to and supervise the maintenance and repair of transportation facilities.
- (e) Take all possible steps to ensure the maximum output and quickest turnaround of all transportation systems as defined above.
