1. AFHQ have supplied additional information on the subject of leave for officers who are posted to Civil Affairs outside C.M.F. The relevant paragraph is quoted herewith:-

"It has been ruled that no special regulations exist for a grant of 28 days leave in the UK for personnel proceeding to Mideast or E. Africa, but that G1(B) A4 is prepared to consider making an increased allotment so that such personnel may return to UK on LIAP before proceeding to another Theatre. All persons who have served 18 months or more abroad will be eligible for consideration. It is suggested, therefore, that you let it be known that every endeavour will be made to allow officers to return to UK on LIAP before proceeding either to Mideast or East Africa but that no definite promise of leave can be given."

2. No information has been given concerning leave for officers posted to Civil Affairs in GERMANY. No leave to UK is authorized for those posted to AUSTRIA.

SUBJECT : Training - Staff Officers

TO : Distribution below

1. As most of the officers in this theatre filling the appointment of GSO III (ALO) will have been returned to the UK before the end of this year, there is an urgent and immediate need for officers to be trained as GSOs III (ALO).

2. Officers selected for training as GSO III (ALO) must have the following qualifications:
(a) Have a sound military knowledge and sufficient operational experience to be able to advise RAF Commanders on Army matters.
(b) Be recommended as potential candidates for the Staff College.
(c) Be regular officers or non-regular officers in release groups 30-75 or volunteers under "Regulations for Release from the Army, 1945", para 326.

3. Applications will be submitted, in quintuplicate, on form shown overleaf by heads of Sections, Sub Commissions, etc, to reach this office not later than 15 Sep 45 for onward transmission.

4. Officers with the above qualifications are encouraged to apply for this type of employment. It is however, pointed out that GSOs III (ALO) are not posted to a specialist branch, but are an integral part of the General Staff, and also that, in common with other third grade General Staff appointments, GSO III (ALO) appointments are treated as a preliminary to a staff course and further staff employment in a higher grade.

5. Officers will be interviewed by a board at AFHQ and those selected will be given a period of training to make them familiar with Air matters. This training will normally consist of a short attachment to a RAF formation in the CMF followed by a 4 weeks course at an ALO's school in the Middle East.

SUBJECT : Disposal of Surplus British C.A.Officers

- 6 SET. 1945

TO : Distribution: see below

1. Extracts from War Office (CA 9) letter 124/Gen/136 of 17 Aug 45, are sent to you herewith for information and as a guide to the action called for in the paras below.

2. The information given in the above War Office letter is likely to be the most specific available at present, and it is considered that all British Officers must bear this in mind and make decisions accordingly. Every effort will be made here to assist officers to obtain suitable postings.

3. At the moment only the following officers may be considered surplus to AMG/AC requirements:-

(a) Officers who are being released from the Army before 1 Dec 45 (A/S Group 1 - 21 inclusive) or who will proceed to UK on PYTHON before that date (4 years overseas service by the end of the year will be taken as qualifying for this).
(b) All other officers NOT included in AMG/AC Liaison Groups,etc.or NOT remaining at this HQ after the final handing over.

4. AFHQ will be asked to furnish special instructions in regard to postings for officers in category 3(a) above. As these officers are being repatriated continuously only a small number of postings will be involved.

5. For all other surplus officers the attached specimen Form Z has been prepared and Part A will be completed by each officer concerned. Regions etc. will complete Part B and return it to this HQ. These instructions also apply to all branches of this HQ. It is anticipated that Form Z will be submitted to the War Office and it forms the basis of each officer's application for Civil Affairs Employment. This HQ possesses the greater part of the required information but it is desirable that every officer knows that the correct and latest data in his case is put forward. Part A of the Form should therefore be completed throughout by the officer personally.

6. The final decision as to whether an officer is surplus must be made by this HQ. In a number of cases officers declared surplus by Regions etc.may in fact be assigned to this HQ or to some other Liaison Group. Similarly officers recommended for Liaison Groups may not be selected by this HQ.

7. Form Z should therefore be submitted in the first place for all

The forms will be checked by this HQ, and as soon as an officer is agreed to be surplus his Form will be passed to AFHQ in duplicate for transmission to the War Office.

8. In the interests of all concerned it is most important that all Forms Z are completed forthwith and despatched in triplicate to this HQ. Careful and accurate completion of the Form is strongly emphasised.

MEMORANDUM

17 August, 1945.

Reference your G-5:381.1-3 dated 6 August 45.

As you are aware, there is a desperate need for trained Civil Affairs Officers in the HMAs in Middle East and East Africa, and it is hoped to divert to these HMAs many of the officers when you expect to make available. The balance, it is anticipated, can be absorbed without difficulty into 21 Army Group establishments.

It is not possible to give any firm indication as to how long any officer will be required for Civil Affairs as in Middle East and East Africa it is dependent on when peace talks concerning the Italian colonies are concluded for which no date can be hazarded, and in respect of Germany this is dependent on the conditions yet to be fixed regarding the Control Service. Any officer, however, in Military Government in Germany will have an opportunity of transferring to such a Service, provided of course he is considered suitable.

It would be appreciated therefore, if a list of all officers who will become redundant showing the date they will vacate their appointment could be furnished as early as possible. The names on the list should be numbered serially and should show the officer's

(1) Number
(2) Present rank
(3) Function
(4) Age service group
(5) Length of service towards PYTHON
(6) Whether desirous of deferring release
(7) Whether recommended for promotion
(8) Preference where would like to serve and your recommendation

There can, it is regretted, be no promises of promotion, but no officer would be nominated for an appointment in a lower grade than he is now holding unless his agreement were first obtained. This latter point is mentioned as there may be difficulty in placing officers of high rank.

SUBJECT : Release of BRITISH Officers for Civilian Employment

TO : Distribution below

Reference this HQ letter G-1B/132/A of 30 July 45.

1. War Office have now stated that it is not proposed to dispatch a representative to this theatre in order to discuss the terms and conditions under which officers might be employed with this formation in a civilian capacity.

2. It would appear that there has been a substantial change of policy since this matter was first raised but it is regretted that no details thereof are known by this HQ. It is clear however that the chances of obtaining employment with AC as a civilian are slight and all applicants therefore should regard their application as rejected. No further applications of this nature are required.

3. It is possible that a very few appointments in a civilian capacity may be available at a later date for those officers possessing outstanding technical qualifications and who will be communicated with direct in due course as to their willingness to accept the employment offered.

Your appeal came in front of the Board yesterday afternoon and full consideration was given to the situation in which you, together with other senior Public Safety officers, find yourself in regard to your appointment at home. I am very anxious indeed that you should not suffer more than is absolutely necessary and you have my personal guarantee that your interests are being considered at every step.

Brigadier Upjohn has already written to the Chief Commissioner of the Metropolitan Police asking whether your retention until 31 July will affect your prospects of promotion. I have followed up his letter with a signal in which I asked that a reply be sent by the fastest possible means. I have also sent a personal letter to Sir P. Brook on your behalf.

13 CIV. 1945 52A

RVIII/2/1D/168

SUBJECT : Release of Personnel.

TO : Executive Commissioner, H.Q., Allied Commission.

1. Hearing that this Region is to be discontinued in the near future, several Sub-Commissions have asked the concurrence of this Headquarters in relieving officer personnel prior to the discontinuance of the Region.

2. Captain F. N. Stringer, (B) Agriculture Division, and Captain Alfred L. Dorf, (A) Labor Division, can be released if required elsewhere. This Region has been cut down in strength to such an extent that no other officer can be relieved without serious detriment to the Region. This Region's responsibilities and work continue until the day when we turn over the control to Italian Government officials. There is considerable work connected with the closing up, in particular the activities of the divisions, which the Sub-Commissions have not appreciated.

3. It will, therefore, be appreciated if no more requests for the concurrence in the release of commissioned personnel in this Region are made unless such release becomes effective after the control of Toscana passes to the Italian Government.

Dear Ernst.

About volunteering to stay on. Apparently if a British officer signs the volunteering form he binds himself for at least a year, and no special conditions made by the officer are accepted. This cuts out those I put at the end of the volunteering form of which I sent John a copy.

On the other hand I am not willing to bind myself for a year. So long a time cannot possibly be necessary. Fred tells me that the strayed works of art are practically all traced down already, so that the particular reason for keeping him in Italy no longer holds. I calculate that my work in this Region will be rounded off ready to hand over to the Italian authorities by the end of July or soon after, and that there would not be more than a few weeks' or a couple of months' work for me to do lending a hand at MFAA HQ after that. So that to bind myself for a year in order to accomplish what should be completed in four months at the most is uncalled-for.

I spoke to Col. Hartley, the Emilia Region Deputy Commissioner (British), about this. He said there was another way out. Brig. Lush (I expect you know about this) is seeking a way to hold British AC and AMG officers for a time after they are due for release, so that they can complete work which is essential to AMG without their being bound by any volunteering contract. I was advised to write to Col. Hartley withdrawing the volunteering forms I had already signed. This I have done. At the same time Col. Hartley advised me to write to you to say that if you wished me to stay on beyond my release time (which should be within the next few weeks) the steps should be taken by you at AC HQ for me to be held back for as long as is necessary. Brig. Lush would doubtless be able to tell you what these steps should be.

Needless to say I wish to stay on for as long as my services can be of any use to the MFAA Sub-Commission. What I wish to avoid is being kept on uselessly and unwillingly beyond that time.

Yours.
Cecil.

2. References a, b and c direct the Allied Commission to provide information on the actual positions PCA personnel should fill to release U.S. Army personnel from duty with the Commission. Reference g suggests progressive demilitarization of the Commission without changing its framework, this to be accomplished by accelerating the infiltration of Allied civilian officials and withdrawing military personnel and/or by returning incumbent officers to civil status and continuing them on present duties. Specifically the demilitarization was not to apply to the Establishment Section, the independent and service subcommissions and the territory under allied military government. It was also suggested that reduction of military personnel might be effected by elimination of certain functions of the Commission. My telegram at reference f was a specific reply to yours at reference g.

3. In accordance with the above references I am submitting a detailed exploration of the possibility of accelerating civilian infiltration in the headquarters of the Commission and in the territories which have been handed back to the Italian Government. It must be noted that many of the officers presently employed at headquarters and in Italian government territory are prepared to move forward for the greater task of military government in present German occupied Italy as soon as it shall have been liberated. While not specifically so stated in reference g it is assured that the Staff Section will retain its military character. The Political Section is in fact civilian. Therefore the analysis will be confined to the Economic Section and the Civil Affairs Section.

5. Of the officers shown in the above table, fifty-five are presently earmarked for duty in forward regions now under German occupation, as soon as those regions shall have been liberated. It is estimated that the remaining fifty can be replaced by U.S. civilian personnel with qualifications as indicated below:

a. Economic Section Staff : (2) i.e. 4524

1 economic advisor. A highly qualified economist.

Declassified E.O. 12356 Section 3.3/NND No. 785016

1 program coordinator. For economic reports and statistics as presented by the interested Italian ministries.

b. Agriculture Subcommission : (0)

While no permanent additional personnel is required, this subcommission does need one forestry expert and one fisheries expert for temporary assignment of three to six months.

c. Commerce Subcommission : (4) i.e.

4 export trade specialists, one of whom should be merchandizing expert and the others on handicraft, textiles and food.

d. Finance Subcommission : (14) i.e.

1 budget director
1 banker
3 certified public accountants
5 accountants, preferably CPAs
4 property control experts

This estimate is necessarily rough because of the absence of definite information as to the finance functions as regards U.S. Treasury Department and FEA. An informal poll of the sixteen officers in Finance Subcommission at Headquarters, AC, indicates that seven will probably be willing to remain as civilians if their services are required and if the terms of employment are favourable.

e. Food Subcommission : (2) i.e.

2 food analysts to check food statistics compiled by the government and prepare justifications for imported food requirements.

f. Industry Subcommission : (6) i.e.

1 ceramic engineer. Production of cement, bricks, glass, pottery.
1 rolling mill engineer. Production of bars, shapes, sheets of ferrous and non-ferrous metals, (with knowledge of electric smelting furnaces).

7. Of the officers shown in the above tabulations 38 are presently earmarked for duty in North Italy when liberated. The remaining 21 would be replaced by qualified U.S. civilians as indicated below.

a. Displaced Persons and Repatriation:

Negotiations are now in progress with UNRRA looking toward the handover of the functions of this suboommission in Italian government territory. Present military personnel would thus go forward to North Italy when liberated.

b. Education Suboommission : (2)

4521

In reference f I stated that the function of this

Declassified E.O. 12356 Section 3.3/NND No. 785016

subcommission should be handed over to the Italian government. If this were done, two U.S. officers would be released. It should be pointed out,however, that the work of this subcommission is extremely im= portant as the reopening of schools and the provision of hot midday meals for school children has a very great effect on the prevention of juvenile crime and laxity of morals which otherwise become prevalent af= ter an area has been liberated. The Italian government would be quite unable to undertake the work of reopen= ing schools in military government areas for the great difficulty is to persuade the military authorities to derequisition school buildings, and this can only be done by Allied officers. Much also has been done by Allied education officers in an immediate purge of fascist teachers and in securing the release of glass and bricks and the like for the restoration of partly demolished schools.

The work of the Education Subcommission at head= quarters is also not yet complete. Discussions are still continuing with the Minister of Public Instruct= ion over several important questions of policy such as the printing of text books, coordination of acti= vities in Military Government territory and Italian Government territory and so on. Furthermore if it is granted that a continued representation in the field is essential, it is also essential to have a representative at headquarters.

c. Legal Subcommission : (2)

1 chief counsel
1 assistant chief counsel

The only officers who can be replaced by civi= lians are the chief counsel and his assistant. The Legal Advisor must remain military because of his re= viewing responsibilities for Allied Military Courts. All other officers are required to sit on Allied Military Courts

d. Local Government Subcommission : (1)

1 executive officer

e. Monuments, Fine Arts & Archives Subcommission: (2)

In reference f I also stated that the functions of this subcommission could be turned over to the Italian government. The implications of this action should, however, be considered. The Monuments,Fine Arts & Archives Subcommission perform a work of great value in newly liberated territory. The Allied offi=

Declassified E.O. 12356 Section 3.3/NND No. 785016

cers engaged in this work have built up a very close relation= ship with the combat forces and their untiring efforts to pre= vent the use by troops of ancient monuments, even in operatio= nal zones, has done much for the preservation of monuments in Italy. Their presence also has a very beneficial effect on the prevention of looting by local civilians, or even by Allied soldiers.

Important features of their work are the reorganization of Italian personnel, taking immediate steps for first aid and repair of partly demolished buildings and the collecting and cataloguing, with Italian assistance, of monuments and fine arts which have been removed to deposits for safety, so that in conjunction with the Italians a list may be drawn up showing finally what has been removed by the Germans. Allied assistance in this work is essential, partly because it takes place in areas immediately behind the front line, and partly because without such assistance there is a tendency on the part of Italians to blame alleged Allied collectors for part of any losses or damage.

At headquarters continued representation is also essen= tial. As you are aware, lengthy and complete reports are fre= quently sent through your headquarters to the Civil Affairs branches in London and Washington. It is presumed that it is not desired to discontinue these. Furthermore, this head= quarters from time to time gives expert advice to the Air Forces on the locality of monuments in towns which it is proposed to bomb.

f. Patriot Subcommission : (0)

No U.S. personnel.

g. Public Health and Welfare Subcommission :(14)

1 executive officer
1 chief of medical supply
3 medical supply
2 veterinarians
1 welfare
1 typhus control
1 malaria control
4 medical welfare and sanitary specialists for the field

h. Public Safety Subcommission : (0)

Public Safety officers work closely with military police, military intelligence agencies and the Italian cara= binieri who are an integral part of the Italian army. They must be uniformed officers.

8. In submitting these data on potential demilitarization, I must reiterate my apprehensions expressed in reference f that the progress may be too rapid. A very large number of Allied installations essential to the armies at the front are located in Italian government territory. Many important base ports are there. Combat divisions are billeted there for rest and training. In the interest of the war operations local governments and in large measure the central government can generally best be dealt with by military personnel.

WAR MATERIALS DISPOSAL AND

WMD/3B/44

26 27 GIU. 1945
26 June 1945

SUBJECT:- Attachment of WMD Sub-Commission technical officers to Regional Headquarters.

INFORMATION

1. As a result of the surrender of the German Armed Forces in N. ITALY large quantities of enemy war material have been uncovered. The responsibility for categorising and disposing of such material rests with the Commanders of the Armies in the Field, who should take the necessary action as laid down in (a) AFHQ AG 386.3/163 LOG-0 dated 22 Apr 45 (b) MEDUSA AG400.93/156 D.O. dated 31 May 45. Copies of the above directives are shown at Appendices A and B.

2. However, once surrendered enemy war material has been classified and dispositions made into the various categories, the balance of captured enemy war material will then be recovered and in many instances be disposed of to the Italian Government and various other agencies in Italy.

3. Two tasks are being carried out by the Allied Commission:-

(a) recovery and disposal of salvaged enemy war materials in conjunction with British and American Army Salvage Units.
(b) Disposal of all army salvage not required by the Allied Armies.

4. To assist Regions and Provinces in carrying out these tasks it is intended to attach Technical Officers from the War Material Sub-Commission to Regional Hqs. These officers will work directly under the orders of the Regional Commissioners, but will have direct approach to the Director of WMD Sub-Commission, in all technical matters concerning captured enemy war materials.

PLAN

5. The following officers will therefore be attached to Regional Headquarters -

Major B. R. HEPBURN (DADOS) to Regional HQ GENOVA

TERMS OF REFERENCE

6. As the situation regarding dispositions of captured enemy materials and factory production in N. ITALY is still rather obscure, and as 5 and 8 Army rear boundaries still operate in N. ITALY it is not possible to lay down standing instructions for these officers.

The closest Liaison with Technical intelligence and war material branches of Armies, District Commissioners and MGOs, will be maintained to ensure that all possible information regarding locations of dumps, installations and factories is available and that a complete survey of war factories production, and equipment to be recovered, can be initiated.

It is emphasised however that these officers are to be employed solely in an advisory capacity to Regional Commissioners, and will not take any executive action such as disposal of captured war material without prior authority from the WMD Sub-Commission. Finally, these officers are subject to recall at 48 hours notice by the WMD Sub-Commission as and when required.

NOTES ON CLASSIFICATION AND WITHDRAWAL OF ENEMY WAR MATERIAL

1. CATEGORY 1 MATERIAL. AFHQ will be responsible for indicating to addressees (by means of a list or through Liaison Officers) what material is to be placed in Category 1 and where it is to be consigned. Material thus placed in Category 1 is not available for any purpose. AFHQ is responsible for maintaining records of all material withdrawn under their authority.

2. CATEGORY 2 MATERIAL. Addressees, subject only to limitation in 1 above, will place any material which they need or are likely to need in Category 2. They will maintain simple records of all Category 2 material which they authorize to be withdrawn (e.g. copies of the documents authorizing depots to make issue). Addressees will not prepare consolidated returns of material thus used until ordered by AFHQ.

3. CATEGORY 3 MATERIAL. AFHQ will issue a list of material which may be required for the FAR EAST. Addressees will locate such material and report the quantities held to AFHQ. Such inventories must be accurate and the material so reported must be frozen. AFHQ will declare how much of this material is to be placed in Category 3. AFHQ will be responsible for issuing disposal instructions and maintaining the records of withdrawals of Category 3 material.

TO: Commanding General
Fifth Army
APO 464

1. Captured and surrendered enemy material is considered in the same category by AFHQ-MTOUSA.

2. The established AFHQ-MTOUSA policies are clear and may be broadly summarized regarding enemy materials which are not required to be destroyed as dangerous. Subject only to prior fulfillment of intelligence and research requirements, the Army Commander is authorized and expected to make the maximum use of all enemy material falling into his hands to accomplish his mission. All other requirements are lower in priority than those of the Army Commander, who is, in respective area, the primary agent of the Supreme Allied Commander in dealing with captured enemy material. Material excess to Fifth Army needs will be disposed of as instructed by this headquarters. The policies for disposal of CEM as mentioned above are applicable to Fifth Army in the following manner:

a. Subject only to the prior satisfaction of intelligence and research, Fifth Army requirements come first for the use of captured enemy materials to meet any emergency, to fill T/E shortages, for the accomplishment of all assigned missions including essential civil requirements and the support of surrendered enemy forces.

b. Such captured enemy material as is excess to Fifth Army requirements will be reported to and disposed of as directed by this headquarters.

c. Peculiarly Italian Army items for maintenance will be returned to the Italian Government through MMIA or in questionable cases reported to this headquarters for disposition. Italian Military items are not to be scrapped nor destroyed unless dangerous to the public and military security or declined by Italian Government. Italian arms and ammunition will be safeguarded and reported to this headquarters for disposal

SUBJECT: Redeployment of Officers.

TO : All Units this Regiment.

1. In accordance with the latest instructions received from MTOUSA concerning redeployment of Officers, the following information is published for the guidance of all Officers of this Command.

2. Effective 1 October 1945, the critical score for release for all Officers, regardless of rank, is reduced as set forth below. ASR scores computed as of 2 September 1945 will be applied in determining the status of each individual Officer.

a. Male Officers, except Medical Corps, all ranks including Warrant and Flight Officers - 75 points.

b. Male Medical Officers with ASR scores equal to, or in excess of the following, ages equal to or in excess of the following, or with other criteria as listed below will automatically become non-essential and eligible for release:

(1) Medical and Dental Corps Officers with ASR score 80 or age 48 to nearest birthday.

(2) Medical and Dental Corps Officers (except those with primary or secondary MOS: A, B, or C 3106; A, B, C or D 3130; A, B, C or D 3132; A, B, or C 3158; A, B or C 3303 (who entered active military duty prior to 7 December 1941).

(3) Medical Corps Officers who have primary or secondary MOS listed in (2) above and who entered active military duty prior to 1 January 1941.

(4) Veterinary Corps Officers with ASR score 80 or age 42 to nearest birthday, or entered active military duty prior to 1 January 1941.

(5) Medical administrative and Sanitary Corps Officers with ASR score 70, or age 42 to nearest birthday, or entered active military duty prior to 7 December 1941.

3. Officers are to be hereafter classified for the purpose of redeployment as follows:

a. CLASS A - (An Officer who signs the irrevocable statement to remain on active service for the duration plus six (6) months.)

Declassified E.O. 12356 Section 3.3/NND No. 785016

b. CLASS B - (An Officer who elects to remain in his present assignment for a definite period of time for the purpose of completing his assignment.) Officers may become CLASS B Officers by signing a certificate to remain on duty to any date they elect which falls between the dates 6 September 1945 and 5 March 1946.

c. All other Officers will, as of 1 October 1945, be declared automatically non-essential and eligible for redeployment under the point system. Such Officers will be known as Class X, for Regimental purposes only.

4. In order to clarify the position of the three classes, as indicated in paragraph 1, the following information is submitted:

a. CLASS A Officers will remain assigned to this Regiment until such time as they may be declared surplus to the needs of the Regiment. Surplus Officers of this class will be made available to the Theater Commander for reassignment within the Theater. If surplus to the Theater, they will be made available to the War Department. If declared surplus by the War Department, they will be released from active duty.

b. CLASS B Officers, as previously indicated, must sign up to remain on active duty with this Regiment for a definite period which must fall between the dates 6 September 1945 and 5 March 1946. It is to be understood that a CLASS B Officer may be declared surplus prior to his elected termination date and be redeployed. After the termination date elected, a CLASS B Officer is automatically declared non-essential and redeployed under the point system.

c. An Officer electing immediate release, and having an ASR score above 75, may not be held for any reason by his Unit Commander or Section Director, except in cases of investigations, courts-martial or medical treatment. These Officers, known as CLASS X, become automatically non-essential as of 1 October 1945 and will be redeployed according to the point system. Officers having the highest ASR score will be redeployed first.

5. An Officer electing to remain on active duty under the classification of A or B must sign the appropriate certificate, as indicated below. The certificates are to be signed in quintuplicate and forwarded to this Headquarters without delay. Unit Commanders are directed to contact immediately all Officers in order that they may express their desire in writing. The contents of this letter are to be thoroughly explained to each Officer prior to requesting his decision. Preliminary rosters will be forwarded by the most expeditious means, to reach this Headquarters not later than 8 October 1945. This roster will clearly indicate the desire of each Officer within the Command. This roster will be followed up by a confirmation copy with the appropriate certificates attached. This directive is to be given top priority. No reason for delay in compliance will be accepted. It is to be noted that there are no provisions made for the withdrawal of a statement for CLASS A or CLASS B, once it has been submitted. A CLASS B Officer, however, may elect to change his classification to CLASS A.

6. An Officer having submitted application for release from active duty under the provisions of Circular 485 will not necessarily be affected by this directive, except as follows:

Declassified E.O. 12356 Section 3.3/NND No. 785016

a. Officers having an ASR score of 75 or above will be released by the earliest authority.

b. Officers having ASR scores below 75 will be released upon approval of their applications under Circular 485.

7. In reference to marriage, Officers are eligible to submit applications as follows:

a. All CLASS A Officers are eligible.

b. CLASS B Officers are eligible if the processing of the application, the ninety (90) day waiting period, and the marriage can be completed prior to his elected termination date from duty. Applications now pending may be abandoned if desired.

c. No delay in shipment under the provisions of redeployment will be granted CLASS X Officers because of an outstanding marriage application. New applications may not be submitted by an Officer under this classification.

8. No Officer may, at any time, be considered eligible for promotion unless he is a CLASS A Officer. Officers contemplating promotion as a result of signing CLASS A certificate, are to be warned that signing the irrevocable statement is by no means a guarantee of promotion. There are no provisions made whereby an Officer may withdraw his certificate to CLASS A for any reason, including disapproval of promotion.

SUBJECT : Applications for British Officers

TO : Distribution below.

A number of applications for the assignment of British officers to A.C. have recently been submitted direct from Sub Commissions to units or formation headquarters, and in particular to A.F.H.Q. A.F.H.Q. point out that all such cases have to be referred back to H.Q. of this Commission and much unnecessary delay is thereby caused.

In future all recommendations for the appointment of British officers to the Allied Commission will be submitted through G-1(B) Branch.

SUBJECT: Equality of Provinces.

TO : Distribution below.

1. Misunderstandings have arisen in the past when officers have been transferred from Province to Province.

2. The Chief Commissioner wishes it to be understood that from the point of view of assignment all Provinces are equal in AMG territory and Italian Government territory alike. Just as there is no elevation if a Provincial Commissioner, or Provincial Legal Officer, or other technical officer, is transferred from CATANIA to LIVORNO, so there is no degradation if he is transferred from ANCONA to TRIESTE.

3. Problems in a small Province may require equal ability and qualifications as those in a large Province. It may be found desirable to move officers from one Province to another from time to time. A full Colonel may replace a Major as Provincial Commissioner, and vice versa. This is no reflection on the senior officer in either case.

4. A Regional Commissioner has authority to transfer Provincial Commissioners from Province to Province within his own Region without previous reference to this Headquarters. Notification of such transfer should, however, be made.

Chief of Staff.

1. In confirmation of verbal communication it is proposed to attach Captain Battaglia to your Sub-Commission when Emilia Region closes down.

2. Copies of such reports will, of course, be required by this Sub-Commission. It will be appreciated that without adequate transport Captain Battaglia's attachment to the DPR S/C for this special purpose will be rendered ineffective. My dear Colonel,

It now seems settled that the public safety officer suggested by you to succeed Col. Bye as Regional Public Safety Officer has himself been earmarked for Austria.

Since AMG Fifth Army will in all probability disband or be transformed into an all American Austria team at about the same time as Major Collins leaves, and since this will leave Col. Bye without a job, I have requested that under such circumstances he be permitted to return to Emilia Region to succeed the officer who succeeded him. I know this would accord with Col. Bye's own inclinations and Brigadier Upjohn has been so kind as to indicate that he will give the idea favorable consideration.

In view of the circumstances, including Col. Bye's own wishes and the moral claim I think we still have to him, I should also appreciate your cooperation.

Sincerely,

Colonel, JAGD

My dear Shanks,

You were one of the first officers to join me in the Interior Sub Commission of the Allied Control Commission, and with me helped to build up the organisation of that Sub Commission, which has stood the test of time from Sicily to Rome.

I attribute to your basic powers of organisation, especially in its infancy, the success of the Sub Commission, in the fact that we have been held up as a model of good organisation in the administrative and office channels.

You have always been of the greatest personal assistance to me, and I can only thank you for it.

I wish you all possible success and prosperity in your work in the future.

COPY TESTIMONIAL FROM SIR WILLIAM WHYTE OBE, PRESIDENT OF THE SCOTTISH NATIONAL HOUSING AND TOWN PLANNING COUNCIL.

15e

I came into contact with T. CUNNINGHAM SHANKS while he was County Clerk, and was always impressed with the energy, keenness and thoroughness which he displayed in his manifold duties.

He made a special study of housing matters, and rendered very great service indeed to the Scottish National Housing and Town Planning Council, at different times. He prepared Memoranda and Statistical Tables of very great value, which were much appreciated by the Council, and in the discussions which took place on Housing and Town Planning matters he was well-informed and most helpful in his suggestions.

He has excellent experience in the legal administration and financial work of Public Bodies, and has fittedhimself in and exceptional way as regards Secretarial and Office Duties; many admirable working arrangements - labour saving and otherwise, having been introduced into office practice by him.

His personal character is of the highest in every way.

(Signed) W. E. WHYTE.

FROM Lt-Col. W.R. IRISH, SCAO, CALTANISSETTA PROVINCE, SICILY.

Lieut. Cunningham Shanks reported to me when I was SCAO of Caltanissetta Province, on August 18th, 1943. He was made CAO of SIX TOWNS, a duty he discharged with thoroughness and complete competence until made by Chief Administrative Officer a month later. As an Administrator Lieut. Shanks was careful, methodical and thorough; he kept the administrative machinery running smoothly and effectively until 8th January, 1944 when he was ordered to Naples.

4565

I have no hesitancy in recommending him for a well-deserved promotion to the next higher grade.

Many enquiries have been received from Officers of this Formation regarding Post-War Administrative Appointments in European Countries and it is presumed that they refer to appointments in the Civilian Tripartite High Commissions which will eventually replace the Military Governments controlling Germany and Austria.

Although no definite plans have yet been formulated regarding the recruitment of personnelfor these Civilian High Commissions applications for such appointments should be forwarded to this Headquarters in order that they may be registered.

Applications will be made on C.A. forms which will be submitted in triplicate.

Recommendations of the senior British Officer of the Region, A.M.G. Army, Branch, Section and etc are required but they will be made in the forwarding letter and NOT on the C.A. form.

A supply of C.A. forms is forwarded herewith.

Conditions of service for Post-War Administrative Appointments in other Countries, for instance, the Colonial Service, will be issued in the course of the next two or three months under an A.C.I. and applications for these appointments cannot be accepted at present.

SUBJECT: Duty in Nairobi

TO : Vice President, Administrative Section

1. I have urgent private affairs in Nairobi in correction with my daughter, Mrs. J. W. E. McKenzie, who has been there for some 5½ years and who requires my immediate personal advice and help.

2. If this matter of urgent, private affairs, can be combined with duty which I can usefully perform for the Allied Control Commission, I should be happy to perform it. I may mention that I was for 6 years the Commanding Officer of the Kenyan Police and Northern Frontier Constabulary and that I am well-known in the colony where I think matters in connection with, for example of recruiting of Carabinieri, would be facilitated for me by the Governor, Sir Henry Moore, one of my greatest personal friends and with whom I should stay.

3. In my absence, I consider that the Interior Sub-Commission would well be commanded by Captain Temple (A) in whom I have complete confidence, and since the policy and organization of this Sub-Commission is now entirely established, I have no fears that it would not function in a highly efficient manner.

"Travel by air is authorized only for those persons whose transportation by this means is of importance to the war effort, and will under no circumstances be approved solely for the convenience of the individuals concerned. I have no doubt there is some sound reason for this, but I fear some sort of "freeze out".

I do submit that we cannot do our jobs properly nor appreciate the position urless we do go forward and make the necessary contacts.

I further state that matters do go wrong in such areas and require early correction and advice (not orders) which only the expert officers of the Interior Sub-Commission can deal with. [illegible].

5 Army welcome such a policy.

SUBJECT: Civilian replacement of Military Personnel.

TO : Directors, Agriculture Sub-Comm.
Finance Sub-Commission
Food Sub-Commission
Industry Sub-Commission
Commerce Sub-Commission
Labour Sub-Commission
Public Works & Utilities
Transportation Sub-Comm.

C-in-C APHQ are preparing a study on the possibilities of the gradual replacement of military by civilian personnel within the AMG framework prior to the cessation of hostilities in Italy. In the event of it being decided that this can and should be done it is desired to attach to this study an appendix showing the posts now held by military personnel under AMG which could be occupied by civilians.

Directors of Sub-Commissions will therefore submit a list of such posts in sub-commissions, and also corresponding posts in Regions by 26 Jul 44. Since the limiting factor to the replacement of military by civilians seems likely to be the rapidity with which civilians can be made available, posts will be listed either as:-

"A" - meaning should be replaced as first priority
"B" - meaning " " " " second "
"C" - meaning could not now be replaced but should at some time in the future on any given set of conditions arising prior to the cessation of hostilities in Italy.

In giving a "C" category to a post Directors of Sub-Commissions will specify any such given set of conditions as they envisage. A pro forma is attached.

Please include in a separate list any other positions not now filled by officers but which are urgently needed. In making out both lists no position will be included which can be filled by an Italian.

1. Further to this office letter of even number dated 20 June 1944.

2. Reports on the appropriate AFB 194 series are required on officers stated in para 2 of the above quoted letter. It is realised that all officers of under 35 years of age and of Med. Cat. 'A' are not mentioned, but in certain cases, confidential reports are already held by this HQs.

3. Certain officers have now left the formation to whom a request for reports has been made, but as the reassignments have only occurred recently, it is considered that the late formation is more able to submit a report than the one to which the officer is, at present, assigned.

Ref your 1/2.1/AS of 5 May 1944.

Attached is a copy of our reply to the complaint from the Air Priorities Board. This sort of case puts the Allied Control Commission in very bad odour with the Air Priorities Board.

As we have chapter and verse will you please take the matter up with the Italian Government and ask, very tactfully, that owing to the large amount of necessary air travel, air passages be not asked for unless required, and that if air passages have been requested, and allotted, and are not wanted, at the last minute steps may be taken to warn the Air Transport Officer at this H.Q. (Tel. Vapor 184) and also at the Airport (Tel. Crasshopper 14).

Reference your U-6162 of 1 May 1944.

It is regretted that Sig. Francesco Mussato failed to use either of the air passges booked for him on 29 and 30 April 1944.

The necessity for using to capacity all available space for air passages is fully realised by this Commission. You will however fully understand it is hoped that Sig.Mussato is not a member of this Commission but that owing to his position of High Commissioner of Sicily we are bound to assist him as much as is possible.

The matter will be represented to the Italian Officials and it is hoped that such failure to take advantage of air passages will not be repeated.

Cases are occurring, with increasing frequency, of Officers who are not content with their present assignments, making application, generally unofficially, to Heads of other Sections or Sub-Commissions to give them a job.

Unfortunately in many cases these applications have been favourably received and eventually a request has been made for the officer in question to be assigned.

You will realise, upon consideration, that this is not the correct procedure, and in fact that any Head of a Section or Sub-Commission is in listening to such an application, being disloyal to his fellow Head.

If an officer is not satisfied with his present assignment he has the right of making application to the Head of his Section through his immediate Superior, for a change of assignment - he can also state any preference that he may have.

I therefore request that all Heads of Sections or Sub Commissions will discourage these private assignments and insist that officers who desire a change of employment submit their request for this through the proper channels.
