21 January 1946

Major N.T. NEWTON - U.S. Army Air Corps.

Reference your 1/9B/CA dated 14 Jan. — (26A)

1. The following ruling was received from GHQ C&A reference the award of the Italy Star to personnel of the U.S. Army:-

"If U.S. Army officers and Enlisted men who served with the Eighth Army were awarded a Campaign Star or the equivalent - i.e., A Battle Participation Star or Theatre ribbon - they are not eligible for the award of a British Campaign Star under para. 102 of ACI 829/45. However, if no such Campaign Star or Medal, has been awarded to the officers and Enlisted men concerned, they would be entitled to apply, under the terms of para 102 of ACI 829/45 for their specific cases to be considered by the War Office."

2. In the case of the above named officer, it is understood that he has been awarded three Italian Battle Stars by the U.S. Army authorities for participation in specific battles. In accordance with the above mentioned GHQ ruling, it would therefore appear that he is ineligible for the award of the Italy Star.

3. Would you please confirm that this officer has, in fact, been credited with the U.S. Battle Stars mentioned in para 2 above.

SUBJECT: Italy Star.

TO : VP Civil Affairs Section.

1. It is requested that the enclosed AF B.2070 be transmitted for decision by higher British military authority.

2. As one of a small group of American officers, I served on the AMG staff of the Army Commander, British Eighth Army, from 27 March 44 to 17 May 45, at HQ Eighth Army.

3. I understand that HQ Eighth Army recommended to AFHQ, during the summer of 1945, that the Italy Star be granted to those American officers who had served with HQ Eighth Army during the campaign. I understand further that AFHQ decided the Italy Star might be so granted in the event no American campaign medal were issued for the Italian operation.

4. No such American medal has been established, nor is it probable that one will be.

5. The question is therefore presented for determination. I wish to make thoroughly clear that neither I nor any other American officer who served with Eighth Army asks this as an inherent right. We simply have felt - and always will - a deep devotion to that Army. We would deem it a high privilege to be wear the Italy Star in token of an association that means so much to each of us.

1. Reference is made to Circular number 73, this headquarters, 1945.
2. With the cessation of hostilities and the beginning of redeployment, numerous and rapid changes in personnel and in commands will occur. If individuals whose services merit recognition in the form of a decoration are to be appropriately recognized, prompt action should be initiated while information is current, and while proper supporting evidence and statements may be obtained. Postponement of action in this respect complicates administration, increases the volume of correspondence, and may result in overlooking many deserving cases and in making awards to many who are less deserving.
3. It is desired that each commander in the Mediterranean Theater of Operations immediately review the records of his subordinates, and initiate recommendations for appropriate awards to those whose services prior to the cessation of hostilities merit such recognition.
4. Each major command will establish a Decorations and Awards board to review recommendations submitted under this program, and those cases in which the major commander is authorized by current regulations to take final action will be completed and disposed of promptly. The original recommendation, the recommendation of the reviewing board, and the approval or disapproval of the major commander concerned will be forwarded to this headquarters in each case that must be acted upon by this headquarters or by the War Department.
5. Recommendations will be submitted without regard to previously established quotas, and without regard to the interpretation of "completion of service" as set out in reference circular. As each recommendation submitted to this headquarters is approved or disapproved, the commander concerned will be informed. Immediate presentation will be authorized in those cases which meet the requirements of theater policy or in which the circumstances justify an exception. In all other approved cases the initiating commander will be informed that his recommendation has been approved, but that presentation is withheld pending reassignment of the intended recipient, or until such time as presentation is specifically authorized.

hospital or medical installation, including regimental, battalion or similar organization dressing stations (see paragraph 5).

b. Awards to Civilians - Under the authority contained in Civilian Personnel Regulations 104, revised, 12 April 1944, the Theater Commander delegates his authority as follows:

(1) The Commanding Generals, Fifth Army and Army Air Forces, LTC, are authorized to award all civilian emblems described in GPR Number 104, revised 12 April 1944, except Emblem for Exceptional Civilian Service, to qualified civilian employees of the War Department who are citizens of the United States.

(3) All recommendations for awards to non-citizen civilian employees other than those noted in (b) above, will be forwarded through channels for approval by the Theater Commander. (Attached form, appendix "D").

2. Distinguished Service Medal and Legion of Merit - The provision of AR 600-45 that: "The accomplishment of the duty for which the award is recommended should have been completed, or it should have progressed to an exceptional degree if the person rendering the service has been transferred to other duties prior to its full accomplishment" is interpreted in the following manner:

a. For personnel assigned to the headquarters of a major command, service will be considered complete only when the individual concerned is relieved and reassigned. (For the purpose of this rule "major commands" will include the following: Allied Force Headquarters, Headquarters LTCUSA, Fifth Army, 15th Army Group, Army Air Forces, LTC, Air Force Service Command, LTC, Twelfth Air Force, Fifteenth Air Force, Base Sections and Depots, The Replacement and Training Command, LTCUSA, Headquarters Command, Allied Forces, Allied Commission, and any other corresponding non-combat organizations).

(1) For commissioned personnel, reassignment must be outside of the major headquarters concerned, and transfer from one duty or staff section to another duty or staff section within the same headquarters will not be considered as marking "completion of duty".

(2) For enlisted personnel, transfer from one staff section to another staff section of the same headquarters may be considered as marking "completion of duty" in especially meritorious cases.

b. For personnel assigned to the headquarters of a corps, a division, or an Air Force combat wing, duty will be considered complete when the individual concerned is reassigned outside of the headquarters concerned, unless the service for which the award is recommended is directly related to combat

operations. Where the service is related to combat operations, arbitrary phase dates will not be designated. In such cases, the completion of duty or service may be based upon completion of a designated campaign, the attainment of specific objectives, or the end of an operational phase (such as the transition from an offensive to a defensive phase).

c. For personnel assigned to units smaller than a division or an Air Force wing, service not directly related to combat will be considered complete when the individual concerned is reassigned, or when it can be clearly shown that a specific mission or non-combat operational assignment has been completed and the service performed is of itself sufficient to justify the award. If the service is directly related to combat (as in the case of an infantry battalion commander, an Air Force group commander, or a platoon sergeant) completion of service may be based upon the attainment of specific objectives, a particular phase of an operation, (even though the major campaign or operation is not itself completed), or the completion of a specifically assigned task or mission.

3. Purple Heart - Awarded under the provisions of paragraph 16, AR 600-45, as amended. Borderline cases will be forwarded with all available information to a higher headquarters for final decision.

4. Air Medal.

a. Field Artillery liaison pilots and regularly assigned observers qualify for the award of the Air Medal only after completing the following prerequisites:

- (1) Thirty-five (35) sorties; or
- (2) Any single meritorious act while participating in aerial flight.

b. Definition of "sorties" - A sortie is deemed to have taken place when a flight has been ordered which involves:

- (1) Adjustment of artillery fire on any enemy installation.
- (2) Surveillance of artillery fire on any enemy installation.
- (3) Registration of artillery fire in enemy territory.
- (4) Front line reconnaissance of at least one hour duration.
- (5) Any flight in which the airplane has been attacked by enemy aircraft.
- (6) Credit for only one sortie will be given regardless of any combination of the above missions which may be accomplished on any one flight.
- (7) Credit for sorties will be given only when every effort for the success of the mission has been made. Such credits will be specified and approved by the battalion, group, brigade, division, corps, or army artillery commander.

5. Awards to Units - In addition to the provisions of War Department Circular Number 333, 1943, the following procedure is prescribed:

a. A company, battalion (air force squadron or group), or similar unit which is cited by the commander of a division, or of a comparable organization, will be entitled to a battle streamer upon approval of the citation by the Theater Commander, an Army Commander, or The Commanding General, Army Air Forces, AIC. Such approved citations will be confirmed by the War Department and published in War Department General Orders. Upon approval of the citation by the Army Commander or Commanding General, Army Air Forces, AIC, a request will be submitted to this headquarters to have citation published in War Department General Orders to which there will be attached two (2) official copies of the citation.

b. Any unit larger than a battalion, or group, which is cited by the commanding officer of the next higher unit, will become entitled to a streamer only when the citation is approved by the War Department and published in War Department General Orders. Two (2) copies of the citations, together with supporting data, will be forwarded through channels to this headquarters for transmission to the War Department in exact compliance with paragraph 2 d (2), Section IV, War Department Circular Number 333, 22 December 1943.

c. When a unit has been awarded a Distinguished Unit battle streamer, members of the unit are entitled to wear the Distinguished Unit Badge. Individuals who were assigned or attached to the unit, and who were physically present for duty with the cited unit on the occasion for which citation was awarded, may wear the badge permanently. Those who later become members of the organization, are entitled to wear the badge only during the time they are assigned as members of the organization. Saboteur personnel or civilians on duty with American Units during the period for which such units are cited, may not receive and/or wear the Distinguished Unit Badge. (Canadian elements of United States Units of the First Special Service Force who are bona fide members of United States Units are authorized to wear the badge).

d. The unit cited will prepare and forward through channels a roster of all individuals who have not been informed of the award and who are no longer members of the unit, who are entitled to wear the badge as a permanent part of the uniform. Such rosters will be prepared so as to reach this headquarters in duplicate and will indicate the last known status and/or address of each individual concerned. When the last known address is within this theater, direct correspondence is authorized (see paragraph 10 c, below). Each successive headquarters through which such reports are forwarded will issue badges and make necessary personnel entries for individuals under its jurisdiction, indicating by indorsement the action taken in each case, and lining out on the roster the name of each individual when they have notified of his eligibility to wear the Distinguished Unit Badge.

6. Battle Participation Awards.

e. Recommendations will be submitted in a manner similar to that shown in Appendix "B" and forwarded through proper command channels. Each commander will personally sign the recommendation, indicating his recommended approval or disapproval.

f. Recommendations are properly the concern of the initiating officer, commanding officer in the chain of command, and the awarding authority.

g. The intended recipient will not be informed of the existence of such a recommendation.

h. A recommendation which is administratively correct, and which is approved or disapproved for award, should be filed at the headquarters of the office authorized to take final action, and the recommending unit or agency notified by letter of the action taken.

1. Time limitations.

(1) Normally, a recommendation for an award will be processed to reach this headquarters not later than thirty (30) days from the date of its initiation. If, when any recommendation is being forwarded, it is apparent that it will not arrive at this headquarters in less than thirty (30) days from the date of its initiation, it will be accompanied by an explanation as to the reasons for the delay.

(2) All recommendations for awards will be initiated within three (3) months of the date of performance of the act or completion of the services on which the recommendations are based. Any recommendation initiated after the lapse of more than three (3) months from the date of performance of the act or completion of the services on which it is based will be accompanied by an explanation giving reasons for the delay.

j. Unless otherwise directed, at least fifty percent (50%) of all recommendations will be for enlisted men.

k. Recommendations for awards both combat and non-combat to British Ground Force personnel, and non-combat awards to all foreign personnel, all grades, will be forwarded to this headquarters. (Except for Canadians, no recommendations for the award of the Air Medal, or for any posthumous award will be initiated for British personnel).

6. Publications in orders.

a. Paragraph 4, Section I, AR 600-45, directs that awards of decorations made by authorized commanders be announced in general orders of their commands. Such announcement will include name, army serial number, grade, arm or service, organization, date(s), and the general geographic locality where the action occurred for which the award is made. The home address at the time of entry into the service or entry into the United States Military Academy will be shown. In cases of posthumous, missing in action, or prisoner of war awards, the full name, relationship, and address of the next of kin will be included in the general orders.

c. The commanding general of the command will establish pertinent policies concerning the type of information which should be omitted from the citation as published in general orders and furnished the individual. Copies of the general orders furnished this headquarters and the War Department will contain all of the information required in sub-paragraph a, above.

d. f. Model numbers will not be published.

9. Presentation.

a. As prompt recognition of services increases the value of awards, every effort will be made to expedite their presentation. (The Purple Heart will be presented immediately after eligibility has been determined).

b. No separate request to present a decoration awarded to any individual posthumously, missing in action, or prisoner of war will be sent to The Adjutant General or other Headquarters, and under no circumstances will medals be forwarded. The War Department will make presentation to the next of kin upon receipt of general orders announcing such awards, forwarded in accordance with the provisions of paragraph 9 d, above.

c. Should an individual to whom an award has been made, depart prior to presentation, a report will be forwarded without delay direct to the organization, within this theater, to which the recipient was transferred. Included in this category are individuals transferred to replacement depots for transportation to the United States, in which case the report will be forwarded direct to the depot concerned. In those cases where it is definitely known that the recipient has actually departed this theater, the report will be forwarded, through channels, to this headquarters setting forth the reason for the individual's departure to enable this headquarters or the War Department to dispose promptly and accurately of correspondence.

This will include entries pertaining to eligibility of individuals to wear appropriate Service Medals, Bronze Service Stars, Bronze Star for the American Defense Service Medal, Expert and Combat Infantryman Badges, Distinguished Unit Badge, and all other badges. Unit commanders will cause a periodic check to be made of such records to see that necessary entries are made for personnel now present in their organization.

b. In cases where the individual's personnel records are not available, entry of the award of the Purple Heart will be made on his Emergency Medical Tag or Report Card (MD MD Form No 52) citing the authority for the award. The award will be announced in orders and in addition to the distribution required in paragraph 9, above, one (1) copy will be furnished the individual and the individual's unit commander.

11. Acceptance of Awards from Cobelligerent Nations.

a. In accordance with paragraph 33 b, Change 3, AR 600-45, dated 24 April 1944, offers by the governments of cobelligerent nations or the American republics of decorations, orders, medals, and emblems to United States Army personnel, except offers of immediate awards which may be concurred in by the senior field commander present, will be forwarded through channels to the Theater Commander for concurrence in their acceptance, containing the statement in paragraph c, below.

b. Officers and enlisted men engaged in transactions involving the allocation of Lend Lease materials or credits will not be permitted to accept decorations from the nations with which they are dealing. This includes those individuals who participate in negotiations for Lend Lease allocations, or who make recommendations to any of the agencies authorized to act on such recommendations, or who are members of boards, rearrangement committees, or other agencies charged with Lend Lease negotiations, recommendations for, or the allocations of Lend Lease materials. This prohibition does not apply to the acceptance of "immediate" combat awards, or to persons who are merely engaging in shipping or transporting Lend Lease materials.

c. Requests for authority to accept cobelligerent awards will be forwarded through command channels and contain the following statement: "I have not participated in negotiations for Lend Lease allocations, nor made any recommendations to any agencies authorized to act on such recommendations. SUBJECT : Honours and Awards

Two lists of British Officers and O.Rs recommended for Honours and Awards and for Mention in Despatches have now been submitted to A.A.I. by this Allied Commission. It is expected that a third list will be asked for during November.

I am directed by the Chief of Staff to request that you will give your careful consideration to the recommendations which you will submit for the next list. Owing to the recent and many changes in assignment of Officers it is very difficult to ensure that the cases of all Officers whose work deserves recognition as having been of special merit obtain full consideration. If therefore you are of the opinion that an officer who has recently left your Command is worthy of recommendation for either an Honour or a Mention, will you please include his name. The number of Awards allotted to this Commission is small - we must therefore be at great pains to ensure that only the most deserving cases are considered and also that no cases of high merit are omitted.

In submitting recommendations in future, will you please ignore all former lists and put forward names in the order of merit as adjudged by you. If any Officers are included whose names have already been submitted, the necessary adjustment will be made by this Office.

SUBJECT: Recommendations for the Legion of Merit.

TO: All Concerned.

1. By letter dated 7 September 1944, the Theater Commander has authorized this headquarters to submit recommendations for the award of the Legion of Merit during the 3-month period beginning 1 September and ending 30 November. The Theater Commander again invited attention to the existing policy that 50% of all recommendations should be for enlisted men.

2. In view of the limited quota allotted this command, it is not intended that a subdivision of quota be made. It is planned that recommendations for the Legion of Merit for members of this headquarters and units assigned thereto will be carefully considered and the most deserving cases will be submitted to the Theater Commander for approval.

3. Section Chiefs and commanders of subordinate elements are invited to submit to this headquarters full particulars relative to cases which they believe warrant the Award of the Legion of Merit.
