1. Reference your 1/17.1/CA of 18 January. The only British Officer at present available (Major Williams) is duty Officer on Sunday 3 February. This duty overlaps with the tour of escort duty assigned to this S/C for Saturday 2 February. It is desirable that Major Williams' duty for Sunday should remain as he has considerable research to do on that day.
2. I suggest that this S/C's tour of escort duty for 2 February be exchanged with that of DP & R S/C for 6 February when Major Williams will be available. If you agree please issue instructions accordingly.

1. We are faced with a critical position in regard to displaced persons and refugees in Northern Italy. We expect one million to pass through our hands. We have asked AFHQ for an additional 67 officers but without success. It is therefore necessary to find some of these additional officers from the Headquarters of the Commission. The Chief Commissioner has given orders that 10 shall be made available at once from the Establishment and Civil Affairs Sections, and 10 to be made available on 5th May from the Economic Section. These officers will be attached temporarily to the Displaced Persons Sub-Commission and will return within 8 weeks to their proper stations.

2. The Chief Commissioner realises that this will cause extra work and difficulty to Heads of Sections and Sub-Commissions. He feels sure, however, that Vice Presidents will realise the vital necessity of tackling the refugee problem swiftly and adequately and that they will make the sacrifice willingly and promptly.

1. The occupation of Northern Italy is taking place with great rapidity. Urgent queries are already being received, and will be received, throughout the 24 hours, from AMG in the North. Urgent decisions will have to be taken at any time of the day or night.

2. It is essential, therefore, that:

- (a) each Section should have a Duty Officer functioning throughout the 24 hours; (available on the telephone either in the Office or Mess)
- (b) that Vice Presidents and Heads of Sub-Commissions should be within telephonic reach, when in Rome, at all times, and should ensure that their telephone numbers are known to their respective Duty Officers.

SUBJECT : Officers - Capt. R.J. Moreton.

TO : G-1 (B)

1. Reference your 16004/16/1/0-1 of 21 August in reply to our IDP/1094/PT of 16 August. May I be informed as to status of Capt. Moreton.

2. Captain Moreton has now been attached to A.C. since 27 January and no action appears to have been taken to absorb Capt. Moreton within the W.E. of A.C. in response to this HQ letter IDP/75/536 of 1 March. If it is intended that your G-1B.208/0 of 22 November shall apply to Capt. Moreton I consider that this officer will have suffered a grave injustice in view of the fact that several attached officers have been absorbed within the W.E. of A.C. after the 1 March. I quote the case of the 10 PW Sub-Commission officers in this Sub-Commission who were absorbed during March and April and who were attached to A.C. after Captain Moreton's attachment.

3. It appears to me that probably due to changes in staff the case of Captain Moreton's absorption within the W.E. has been overlooked by your office to the disadvantage of an officer on my staff for whose welfare I am responsible.

4. I request this case be reviewed.

SOUTHERN REGION ALLIED COMMISSION
APO 304, U.S. Army

STAFF MEMORANDUM

NUMBER 3

30 October 1944

Discipline, Supervision, and Control of
Commission Officers.

1. The Chief of Staff has ruled that the Regional Commissioner will be responsible for the discipline of all AC Officers in the Region and for the general supervision and control of their work.

2. This responsibility is delegated to Zone Commissioners in respect of all AC Officers whose activities are confined more or less to the Zone concerned. Officers with wider spheres of action will come under Region HQ.

3. The ruling does NOT apply, of course, to HQ AC Officers visiting the Region on duty.

4. Officers on duty in this Region, other than HQ AC Officers on official visits, will conform to the following rules.

a. They will report to the Regional Commissioner on their arrival in the Region. If, of necessity, they go direct to a distant Zone, they will report to the Zone Commissioner. Similarly they will report to the Regional or Zone Commissioner on their departure.

b. Changes of location of such officers will normally take place on Regional Movement Orders. If HQ AC Movement orders are received direct by the officer, he will, of course, carry out the order promptly, but before doing so, he must inform his Zone Commissioner, who will inform Regional Headquarters.

c. Presumably all communications to such officers on important policy matters will be routed through Regional HQ, but if the officer receives communication on such matters direct, he will supply a copy promptly to the Zone Commissioner for the transmission to this HQ.

d. The Officer will supply the Zone Commissioner with one copy of every message or letter on important policy which he dispatches, and will keep in general contact with the Zone Commissioner.

-4 NOV 1944

2. This responsibility is delegated to Zone Commissioners in respect of all AC Officers whose activities are confined more or less to the Zone concerned. Officers with wider spheres of action will come under Region HQ.

d. The Officer will supply the Zone Commissioner with one copy of every message or letter on important policy which he dispatches, and will keep in general contact with the Zone Commissioner.

e. The Officer may sign his letters as a member of his Sub-Commission if this has been his practice. If he requires the wider authority conferred by signing for the Zone Commissioner or for the Regional Commissioner, he must consult the Commissioner concerned before doing so.

f. Zone Commissioners will be responsible for coordinating the work of such officers with the other activities of the Zone and such officers will be careful not to take any steps, technical or otherwise, which may have effects outside the spheres of his own activities without obtaining the prior approval of Zone Commissioner.

3646

5. It is NOT desired to interfere in any way with an AC officer in carrying out his normal duties. The job is the important thing. But an AC officer working in the Region must realize that, unless the Regional Commissioner and Zone Commissioners are kept constantly and promptly advised on all important matters, they will be unable to exercise supervision and control in accordance with the Chief of Staff's instruction or, for that matter, to help the officer in his job by use of their wider authority and more ample resources.

6. In short, all AC officers working in this Region are to be built into the Regional team, with all the responsibilities and whatever advantages that may entail.
