RE/Major J.B. PETRIE (151704) R.A.M.C.

Reference your ZIC.3-30 dated 21 April 45 and our signal 6574 dated 30 April 45, recommending the name of Lt. Col. G. Marshall as a substitute for Major Petrie on the Austria list.

In view of ^{the} extremely important task which still lies before Displaced Persons & Repatriation S/C in which it is estimated that approximately one million refugees will be involved, it is vital that Major Petrie should remain with this S/C. His sole duty is the organization of measures to prevent the outbreak and spread of epidemics in D P & R camps.

It must be appreciated that with the capture of the Northern areas the influx of refugees and displaced persons is going to be on a scale hitherto unprecedented in the experience of the Sub Commission.

It is therefore very strongly represented that this officer be allowed to remain with D P & R S/C.

TO : Executive Officer British.

1. Brigadier PARKINSON has informed the Sub-Commission that Major PETRIE has been nominated and ear-marked for AUSTRIA.

2. The withdrawal of Major PETRIE at a time when the whole of Northern ITALY is likely to be liberated will seriously affect the medical care and administration of the inmates of the proposed refugee centres. The plans of the Sub-Commission are based on dealing with some one million persons.

3. The main function of the Sub-Commission is to prevent or control outbreaks of disease among refugees and displaced persons in the Sub-Commission's Centres.

4. No Officer is available attached from Public Health Sub-Commission to this Sub-Commission to fulfil the duties performed by Major PETRIE nor can the Public Health Commission provide a replacement.

5. Taking into consideration the above circumstances, it is imperative that the posting of Major PETRIE to AUSTRIA be cancelled.

SUBJECT: Capt. W.E.J. Bullock

1 APR 1945

TO : G-1 British, Hq Allied Commission.

65A

1. I have received your letter G-1B/83/A, "Planning for Austria". The attached roster for the first time contains the name of Capt. W.E.J. Bullock and your letter directs that he report at the Portici school April 8th.
2. I refer to my remarks at the Regional Commissioners meeting on 19 March concerning Capt. Bullock's indispensability as Supply Officer, Bologna Province, a very critical job to which he has been assigned since 1 August 1944 and for which he has continuously since that date been engaged in preparing plans.
3. I was hopeful that as the result of my remarks, Capt. Bullock would not be claimed by the Public Safety Sub-Commission for duty in another region, while other public safety officers who had been engaged in the work of their peace-time profession were being relieved from that duty and made provincial officers (Major H.M. McKenzie; Major W.R. Rare). It was not at any time suggested that Capt. Bullock was under consideration for Austria.
4. At an earlier date, when Capt. Bullock was mentioned as an officer who might be considered for Austria, I discussed the matter with Air Commodore (then Group Captain) Benson, explaining that Capt. Bullock had engaged exclusively in supply work for over a year and had for many months been assigned to our most critical supply job. The Air Commodore agreed that it would, under the circumstances, be most illogical to take an officer with this supply training for police duty and I don't believe that it was his desire that this be done.

5. I urgently request that you make every effort to induce Allied Force Headquarters to relieve Capt. Bullock from the proposed duty. If this cannot be done then I must insist that I be furnished at once with a replacement supply officer of comparable experience and qualifications to fill this highly important position, the duties of which may very well have to be undertaken at exactly the time when your letter requires Capt. Bullock to attend the school.

have made application for the removal of the name of Major
G HARTMAN from the Austria list.

During Major Barratt's recent visit to this HQ we
discussed this officer's position at length, and I should
be glad if I may now be informed whether he must remain
 earmarked for Austria, or whether there is a possibility of
his remaining in this formation, as the appointment he holds
is one of extreme importance.

SUBJECT : Planning for Austria

TO : Distribution below

1. Attached herewith is a nominal roll of officers who have been provisionally earmarked for military government in AUSTRIA. The nominal roll is divided into five parts as follows:-

G-5 Staff AUSTRIA
ACA Accounting & Currency Section
CAU VIENNA (Br element)
CAU STETTIN
CAU KATZEN

2. It is proposed that G-5 AF HQ shall periodically (not more frequently than once a month) issue a new nominal roll to bring the previous one up to date in the light of possible amendments.

3. Arrangements are well advanced for officer replacements where considered necessary with priority to the Regions of PIEDMONT, LIGURIA, LOMBARDIA, VENETIA and ABRUZZI-MARCHE.

4. Except for a small number of officers who will be required for planning it is not anticipated that there will be any movement of officers on a permanent basis until officer replacements are either in position, or have been nominated.

5. Many of the officers nominated for AUSTRIA will be called upon to attend a Course of Instruction on AUSTRIA. The Course will be of approximately 12 weeks' duration, after which they will return to their duty stations.

6. Nothing in this letter or the attached nominal rolls will be taken as meaning that an officer will finally be selected for the appointment for which he has been provisionally earmarked. The fact that an officer's name appears against an appointment of a higher grade than his present rank, does not mean that the officer has been, or ever will be, recommended for such promotion.

7. There has been some misunderstanding regarding Military Government teams for AUSTRIA. It is desired to make it clear to all concerned that they are part of an operational organisation, and the question of whether an officer desires to remain in the service at the end of hostilities does not arise.

I am desirous of going to Austria, and particularly of continuing with Refugee work.

I believe my practical experience in Italy would be of value in this direction. I understand Lt. Col. Brister is in the Refugee Team of the Austrian Military Government and has expressed a wish to Brigadier Lush for me to be included in the Refugee Team.

I have the honour to be

Sir,

1. To date some 9 of my best officers, American and British, have or will shortly be assigned to Austria from my present strength.

2. I have also seen the (British) Austria Camp plan which asks for 9 officers. I do not consider that the camps required have been over-estimated in view of the International Refugee Route that Austria will become. However, I am very doubtful if a high enough proportion of officers have been asked for.

3. I assume that the (American) Austria Camp plan will require at least as many.

4. It is essential that a proportion, at least, of these camp officers should be trained Refugee Officers, and I anticipate that I will be requested to supply a small number.

5. It must be remembered that I shall require some 36 extra Officers for Phase II in Northern Italy. A proportion of these must have some training.

6. I request:-

- (a) Early replacement of the very high grade officers already assigned - vide para 1 above, so that I may train the replacements.
- (b) A firm stand against future commitments, or if posting of my officers in future is unavoidable, I should be informed at an early date and that they should be replaced forthwith.
- (c) Consideration be given to a plan for surmounting officers and giving 2 or 3 weeks training for the 100 Refugee Officers who will undoubtedly be required. This - 20 - each for Northern Italy, British Austria and American Austria.

SUBJECT: Public Security Officers, Austria.

TO: G-5 Section, Allied Force Headquarters.
(Attention Colonel Jackling)

1. Attached are copies of two letters, the originals of which recently came into my hands from Lt. Col. Doherty, Deputy Director of the Public Safety Sub-Commission.
2. In the first place strongest objection is taken to the action of A.G. Austria in writing officially to the War Office demanding personnel by name who are in this Commission.
3. Secondly D.O. letters on this subject, coming through the channel of your Headquarters, are greatly to be deprecated in this vitally important matter of personnel.
4. While it is appreciated that it may be necessary for officers to be withdrawn from the Commission towards the war establishment in Austria, exception is taken to the methods employed and to the fact that officers have been demanded by name. It is understood that the provision of officers from this Commission for G-5 Austria and/or A.G. Austria is a matter entirely within the authority of AFHQ and is not a matter for the War Office.
5. It must be left to this Commission, with your approval, to decide which officers can be transferred; on the one hand giving G-5 a fair cross-section and on the other interfering as little as possible with the organization of this Commission. Requests should be confined to numbers and rank.
6. It is therefore requested that steps be taken to correct these irregular methods of approach to matters which so vitally concern the organization and personnel of this Commission.

21 February 1945

Dear Colonel,

1. Mr. Nott-Bower is on leave at present and in view of the urgency of this matter, I am writing to enlist your help.
2. Mr. Nott-Bower wrote to Colonel Young on 12th February, enclosing a copy of the attached official application for the transfer of Major Richardson, Major Ballance, Captain Daly and Captain Gale to this Branch.
3. The War Office have been consulted unofficially about this and have suggested that we should obtain an assurance, unofficially, from the Allied Commission in Italy that there will be no obstacle in the way of the transfer of these officers when we get to Italy. If this had to be taken up officially with the War Office, it is almost certain that they would be posted to North-West Europe.
4. I would be grateful if you could let me know whether the transfers can be arranged, so that the officers can join us on our arrival in Italy. The chances of securing officers suitable for these posts in this country are almost non-existent and I know Mr. Nott-Bower is most anxious to secure the services of these officers as all his efforts to recruit to his full complement here have been unsuccessful.
5. Perhaps you will be good enough to let me have a reply by wire.

Yours sincerely,

(Signed) H. RUSSELL-FORD.

To: R.A.M.S.

1. It will be necessary in the very near future to implement the remaining 10 officer vacancies on my staff. Three of these vacancies will be filled by the C-5 Austria staff and I am hoping to obtain a further two police officers from the Metropolitan Police. This will leave five vacancies and as the civil police authorities in this country are finding it almost impossible to carry on their duties because of shortage of staff, there seems little prospect of recruiting five police officers to fill these vacancies.

2. During his recent visit to Italy, Lt. Colonel Rutherford discussed personnel problems with Colonel Young, Deputy Director, Public Safety Branch, AC Italy, who stated he would be prepared to recommend the release of a number of officers to this Commission if the officers were willing to transfer.

3. The following officers have expressed a wish to be transferred to my Branch from AC Italy, and I would be very glad indeed to have them. All these officers (except Capt. Daly) are known to me personally and had distinguished careers in the Metropolitan Police.

Major Richardson	- "III" Section - S.O. I
Major Ballance	- "II" Section - S.O. I

Subject: Officer Requirements - Northern Italy & Austria. 7 FEB. 1945

To: C.A. Section for Manpower Committee

1. at this date Displaced Persons and Repatriation Sub-Commission hold 55 officers on their books with one officer (Lt.Col. KERR) awaiting re-assignment out of an Establishment of 57 officers.
2. Of the above 55 officers, 6 officers have been earmarked or assigned for Austria. (Appendix "A"). Major DUPONT and Captain Y. RILEY have actually reported to the Austria Planning Set Up. I understand that further officers will be required for Austria and it is impossible to part with the above or give up more, unless replacements are forthcoming immediately. Camp Commanders require training like other men, and as their duty will be supervising Italian Military personnel it is essential that they be Allied Officers and NOT Civilians.
3. I have now studied in detail my requirements when North West Italy is occupied (Phase I), and the results are shown in Appendix "B". (under Phase I) a total of 64 officers. 296
It will be observed that in Phase I, five Group H.Q. are requested for ten "Centres" (each of 5,000)
They have the additional function of liaison with Military, Region and Provincial Headquarters.
In Phase II they will control a further 12 Centres (each of 5,000) and 20 Frontier Repatriation Posts (each of 1,000)
4. For Phase II an extra 36 officers will be required for the 12 additional Centres and 20 Frontier Repatriation Posts as shown in Appendix "B" (under Phase II)
5. I consider that if these officers cannot be obtained from within the ceiling allowed to the Allied Commander, immediate application should be made to A.F.M.G. for further officers for this very important commitment.

designed for Austria. (Appendix "A"). Major DUBOUR and Captain KUMMER have actually reported to the Austria Planning Set Up. I understand that further officers will be required for Austria and it is impossible to put with the above or give up more, unless replacements are forthcoming immediately. Camp Commanders require training like other men, and as their duty will be supervising Italian Military personnel it is essential that they be Allied Officers and Not Civilians.

3. I have now studied in detail my requirements when North West Italy is occupied (Phase I), and the results are shown in Appendix "B". (under Phase I) a total of 64 officers.

It will be observed that in Phase I, five Group H.Q. are requested for ten "Centres" (each of 5,000)

They have the additional function of liaison with Military, Region and Provincial Headquarters.

In Phase II they will control a further 12 Centres (each of 5,000) and 20 Frontier Repatriation Posts (each of 1,000)

4. For Phase II an extra 36 officers will be required for the 12 additional Centres and 20 Frontier Repatriation Posts as shown in Appendix "B" (under Phase II)

5. I consider that if these officers cannot be obtained from within the ceiling allowed to the Allied Commission, immediate application should be made to A.F.H.Q. for further officers for this very important commitment.

- 1 Heads of Sub-Commissions are somewhat at sea with regard to officers earmarked for Austria, first of all they were required to earmark certain British officers who are now listed in CI 2/83/A dated 18 Jan and now more recently Col Govers has been asking for US officers to be earmarked though no official orders have appeared.
 - 2 You will of course appreciate that if the earmarked officers were all suddenly withdrawn, the administration of AC would completely breakdown and I shall be glad if you can elucidate the position in this respect.
