I am becoming rather concerned over a tendency among AC/AMG officers to incur large entertainment bills for which covering authority is sought from this Headquarters after payment has been effected.

In order to institute a more effective control over the expenditure of AC/AMG funds for official entertainment, I would ask your cooperation in giving effect to the following procedure. In the future, all proposed entertainment expenditure must receive in advance the approval of the Chief Commissioner or myself. Such approval may be requested by letter or by telegram and requests should be accompanied by information indicating the purpose of the entertainment, the number and type of persons who would be present, and the estimated cost.

You will appreciate, I am sure, that since all AC/AMG expenditure is chargeable to the account of the Italian Government, we have a strong moral responsibility to limit such expenditure to the lowest figure consonant with our official duties.

Requests for entertainment expenditure will not be accepted from any officer of AC/AMG other than the Chief Commissioner, the Executive Commissioner, Vice Presidents of Allied Commission, Directors of Sub-Commissions, SCAO AMG Venezia Giulia, Provincial Commissioner Udine Province, and Chief Liaison Officers.

The terms of this letter do not effect the monthly entertainment allowance of 3,000 lire now granted to certain AC/AMG officers by authority of letter 13075/F of 14 February 1946.

SUBJECT: Duties of A.C.C.I.O., Bolzano

TO : A. C. Chief Liaison Officer, Bolzano

Reference the Directive for A.C. Liaison Officer forwarded under cover of 7002/EC, dated 29 September 1945.

Due to the exceptional situation in Bolzano Province the following addition to Para 2 of the Directive is forwarded for information and necessary action:

"(a) A special responsibility will devolve upon the Liaison Officer in BOLZANO Province by virtue of the existence, in that Province, of two ethnic groups with different viewpoints.

(b) In the normal course of his duties he will visit and talk with representatives of all parties; but it will not be desirable for him to receive formally either petitions, letters or delegations. Such communications should be referred either to local or Central Italian Governmental Authorities. He will explain to applicants that he is an observer only, and will invariably maintain an attitude of strict impartiality in his own speech and approach to the problem.

(c) He will on no account commit himself to any expression of opinion on behalf of the Commission or of the Allied Powers. He will endeavour, by example and demeanour, to encourage mutual understanding and tolerance between the two groups.

(d) It will be his duty to give early information to Headquarters, Allied Commission, of any circumstances which appear likely to cause a worsening of local feeling. In such cases, it would be proper for him to recommend to Headquarters, Allied Commission, the steps necessary in his judgement to prevent such a deterioration of the local position.

(e) The intervention of Italian troops in any ethnic dispute would obviously be an event likely to have serious repercussions. Liaison Officers will be scrupulously careful not to commit themselves to any action which might imply either acquiescence or disapproval of such intervention. They will however immediately report such matters to Headquarters, Allied Commission.

ALLIED ~~CONTROL~~ COMMISSION
INTER-OFFICE MEMORANDUM

SUBJECT:

FILE No.

TO Major Anson

28 Dec. 1945

on the duties of Liaison Officers.

A Directive was issued by the Executive Commissioner's Section in September and there was recently a question of issuing a revised Directive. I understand, however, that the Directive dated September is to stand but that the instructions regarding supervision of elections have been amended at our request. Will you check this and let me see a copy of the amended Directive.

AFHQ have also issued a Directive to military commanders informing them of the duties of Liaison Officers and also of the proper method of contact with the Italian Government. Will you obtain a copy of this AFHQ Directive from the CSO Ex. Comm.

We want both the above documents because, based on them, Local Government S/C have to draft a Directive for the Italian Government to issue to Prefects so that all authorities are in line.

*VP. Please see 27A. Am asking
for AFHQ directive*

1. Reference this Headquarters' 7002/EC of 23 September 1945.
2. Will you please cancel para 4 of the attached directive and substitute the following:

"4. They will at all times avoid being involved in questions of Italian Local Government and, even if asked, they will NOT give official advice on behalf of the Allied Commission to Prefects or other State employees. They will, in all cases, refer the Italian local official to his Ministry in Rome. The Allied Governments are most anxious to promote free and secret elections and an essential preliminary is the preparation of a proper electoral list. Any points which affect these matters coming to the notice of liaison officers should be included in their monthly reports."

Reference your G-1B/302/1/O of 10 Oct 45.

- 1 It is desired to retain in the North one Liaison Officer (Lt Colonel DE GARSTON (B)) to handle Patriot matters. It is proposed that he will cover the whole of the four Northern Regions and be stationed at Milan.
- 2 An additional reason for this appointment is that the Italian Government has requested the co-operation of this officer to assist and advise in the organising of ANPI, the Patriot Association. There is some risk of this body being organised as a private army attached to some political party or parties and its organisation on proper and non party lines is a matter of importance.
- 3 Approval for this appointment is requested please.

a. There is to be an MFAA Officer on the ULINE Team.

1. Attention is invited to proposals for Liaison and AMG Teams distributed to your office by G-1 (B), reference G-1B/302/1/3, 10 Oct 45. 2. The attached lists have already been delivered to the respective Sub-Commissions and are designed to show each officer of the Section, his point score, and his personal desire with respect to continued service. Any errors or omissions should be reported to G-1 (A) by telephone. 3. It must be stressed that, regardless of the officer's wish to be relieved without delay as indicated by the "X" after his name, his point score remains the determining factor. It is believed that officers with ASRC scores of 65-69 may be nominated for duty with the Liaison and AMG Teams with the assumption that they will remain until the first of the year.

1. The attached proposals for Liaison and AIC teams (less Venezia Giulia) are sent to you for prompt attention.

2. The appointments to be filled have been passed by G-5, A.F.H.C. and the proposed assignments are based on proposals made by Regions, etc. and in some cases by Sections or Sub-Commissions.

3. Sub-Commissions are asked to scrutinize the assignments forthwith and to take action as follows:-

- (a) Make any alterations necessary, bearing in mind that all nominations must be those of officers who are definitely remaining until at least Jan 1946 (except that in the case of the Milan Economic Group it may be decided that certain assignments may not require to be filled beyond December.)
- (b) Fill in nominations for appointments left blank on the draft. Where an (A) is put against a blank space every effort should be made to fill it with an American officer for parity reasons.
4. C-1 (A) is issuing to you a list of American officers who have signed deferment certificates or with sufficiently low point scores to justify their nomination. C-1 (A) or G-1 (B) may be consulted by phone concerning the eligibility of any officer.

5. Your requirements in Venezia Giulia must be considered in making these nominations. Generally speaking American officers should be considered as specially eligible for Venezia Giulia in order that an over-all parity may be obtained there (even if this involves a lack of parity elsewhere).

FUNCTIONS OF ALLIED COMMISSION LIAISON OFFICERS

1. The first duty of Allied Commission Liaison Officers will be to keep themselves, at all times, informed of the situation in the areas with which they are concerned. This will involve the use of all available means of information: Press, Intelligence, Summaries, etc. They will inform HQ Allied Commission direct of any circumstances arising which may in their opinion adversely affect Allied interests or influence the general policy of the Commission. They will submit a monthly report to HQ which will include comment on the political situation.

2. Liaison Officers will, by study of previous Regional monthly reports and other records, inform themselves of the present position of various Commission functions now being handed over to Italian agencies. They will specially watch those cases where previous difficulties have been encountered.

Liaison Officers will bear in mind that HQ Allied Commission and AMHQ are interested in activities in all parts of the area with which Liaison Officers are concerned and not merely with the situation in the leading cities. Consequently Liaison Officers should make frequent trips to the smaller towns and country districts and acquaint themselves with the political and economic conditions in such districts. They must endeavour to be on the spot where trouble is expected and observe any incidents, strikes, demonstrations and the like in their areas. All Liaison Officers will remember, however, that their role is solely that of observers and reporters and they will not interfere in any way in such incidents, nor will they give any advice to the Italian authorities in the handling thereof. Liaison Officers have no authority to pledge the use of Allied troops in quelling any disturbance; this is a matter for the local Allied Commander. They should, however, keep Allied Commanders informed of the course of events. In cases where they consider safety of Allied property or nationals likely to become endangered, they must inform the Allied Commanders concerned, giving HQ and of such action.

3. Liaison Officers will keep close touch with the senior military formation, American and British, in their areas. They will endeavour at all times to assist military formations in their relations with Italian Government departments and agencies. They must, however, remember that they are Liaison Officers and not Executive Officers and will not be able to carry out in any sense the former functions of Provincial Commissioners.

Points which require special attention are:-

- a) Disease and unrest.
- b) Law cases affecting Allied personnel and property.
- c) Requisitioning and derequisitioning.
- d) Relations between Allied forces and Italian police forces.

Liaison Officers will also keep in touch with British and U.S. Consular District Press Officials in their

Liaison Officers will also keep in touch with British and U.S. Consul Officers, as well as any U.S. Information Service and British Press Officials in their areas.

4. They will at all times avoid being involved in questions of Italian local government and, even if asked, they will not give official advice, on behalf of allied Commission, to Prefects or other State employees. They will, in all cases, refer the Italian local official to his Ministry in Rome. ~~The Allied Government are not anxious to promote free and secret elections and an essential preliminary in the preparation of a proper electoral list. Liaison Officers must be aware of this and must not be misled by the Italian Government in this regard.

Any points which affect these matters coming to the notice of Liaison Officers should be included in their monthly reports.

SUBJECT: Personnel Requirements after Close of Northern Regions. *A*

TO : Vice President, Economic Section
Vice President, Civil Affairs Section

1. So that the Establishment Section can arrange plans for future personnel needs, it is essential that we be informed as soon as possible as to the liaison posts that will remain in Italy after the close of the Northern Regions. It is suggested that your Section, in coordination with the Regional Commissioners, make a tentative list of officers that you propose should fill the expected vacancies. Information is also required as to the number and qualifications of OR/EM that will remain with these liaison officers.

2. Upon the close of the Northern Regions, there will naturally be a reduction of Headquarters personnel. Insofar as is possible, the names of officers and OR/EM that will be surplus to this Headquarters should be furnished this section as soon as is practicable.

Partisan GAQO LEPURI.

At about 1030 hours this date - 21 Jul 45., The R.N.O. BRINDISI PORT accompanied by a representative of the ITALIAN NAVAL authorities, informed the Commander, 91 Garrison of the under-mentioned facts.

The Albanian Motor vessel "ROZAFAT" Captained by KHEMAL Bazi, an Albanian berthed at BRINDISI Port, had been boarded by another Albanian - GAQO LEPURI, who had informed the Captain that he was working for the ALBANIAN MILITARY MISSION, and that he had been sent to BRINDISI to direct that all Albanian ships return to Albanian waters.

It is alleged that the Captain of the vessel had been reluctant to accept these instructions, and had informed GAQO LEPURI that he had on board 70 tons of wine which he had purchased in CISTERMINO, Near BRINDISI through PREDI Domenico who had accompanied him from TRIESTE, and that the wine had to be returned to the Italian "SERPRAI" organisation at TRIESTE.

The Captain then alleges that he was threatened with a revolver, and directed to unload the wine, and that his liberty was restricted by GAQO LEPURI who was accompanied by two other civilians. He was not allowed to return to his ship, and he was followed or escorted everywhere he went.

As a result of this information, I interviewed GAQO LEPURI through the medium of an Italian Liaison Officer, he produced an "Authorisation" purported to be signed by a Lieut LLAMBI DISHNICA on behalf of the Chief of the A.N.L.A. MILITARY MISSION authorising him to visit Albanian vessels in BRINDISI HARBOUR. This is appended hereto as an Exhibit.

Comd. 91. One of GAZO LEPURI's accomplices have also been arrested, and the second one will be arrested when located.

Headquarters, 91. Garrison.

TO R.N.O. BRINDISI

I Undersigned XHEMAL Bezi, Albanian, Master of the Albanian m/v "ROZAFAT" and owner of the same wish to represent:

I left TRIESTE on 12/7/45 on board of the a/m motorvessel in order to load a cargo of wine at BRINDISI on behalf of Agenzia Italiana BATTISTI of TRIESTE, and I arrived to this harbour at 1500 hrs on 17/7/45.

On the 18th I started to unload empty barrels and finished on the 19th. On this day, whilst going to the hotel, I met some Albanian partisans, one of whom I knew since many years. After an exchange of informations, the a/m partisans asked me to show them the m/v, and once on board, they ordered the crew to hoist the Albanian flag, and told me that the following day we were to go to Bari on board of the m/v and report to the Partisan HQ where instructions would have been issued for the m/v to go to Albania.

I told them that this was not possible, because in order to raise the money required to pay repair works for the m/v (2.000.000 lire) which had been sunk by the Germans, I made a contract with Agenzia Marittima Italiana Battisti of Trieste for the conveyance of wine from Brindisi to Trieste, and I received an account of 200.000 lire for the freight.

At Bari, where we went on board of a motorcar, they did not listen to my rights, and I was ordered to unload the stuff which had been already put on board and take the ship to Bari.

Once back in Brindisi I informed the dealer that it was not possible to carry out the trip agreed for in the contract because I had received orders by Albanian partisans, who kept me under watch in the Caffé Torino of this town, in order to prevent me from approaching anyone and returning on board.

The dealer asked many times the partisans to allow the trip to take place, but they always refused and threatened to throw the casks in the sea if he did not unload them at once. Therefore the dealer applied to British Authorities, and the partisans and I were brought to local Garrison HQ. The Garrison Commander, having taken in due consideration my reasons, authorized me to go back to the ship and sail for Trieste in accordance with my engagement.

I represent that documents proving that I am the Master of the m/v "ROZAFAT" were withdrawn from me by Partisan HQ at Bari.

2-ACQ. 1945

SUBJECT : Personnel - LIGURIA RegionTO : Headquarters, Allied Commissioner.

1. With reference to the meeting of Regional Commissioners held at your Headquarters on the 14th July, if there is to be no Allied Commission phase my views are as follows as regards personnel that should remain in LIGURIA Region when the Italian Government assume jurisdiction over it.

2. I consider that the following Officers should remain:-

- (a) With 60 Sub Area, GENOA: One Liaison Officer (Br) of the rank of Major.
- (b) In IMPERIA Province: One or more Liaison Officers with Allied troops stationed on the frontier. The present South African Unit in IMPERIA Province has recommended three Liaison Officers to cover their three detachments at IMPERIA, SAN REMO and BORDIGHERA. Any Officers approved should be British and not above the rank of Major.

- (c) Such Transportation and Warehouse personnel as are required to operate A.C. supplies passing through the Ports of GENOA and SAVONA. The strength of this personnel is, I consider, a matter which must be decided by the Transportation and Food Sub-Commissions of your Headquarters because I am unaware as to what is the policy proposed as regards the responsibility for handling and warehousing of supplies. For instance if all existing AMG warehouses are to be handed over to Italian control then presumably there would

The present South African Unit in IMPERIA Province has recommended three Liaison Officers to cover their three detachments at IMPERIA, SAN REMO and PORTOFINO. Any Officers approved should be British and not above the rank of Major.

The strength of this personnel is, I consider, a matter which must be decided by the Transportation and Food Sub-Commissions of your Headquarters because I am unaware as to what is the policy proposed as regards the responsibility for handling and warehousing of supplies. For instance if all existing AMG warehouses are to be handed over to Italian control then presumably there would be no need for any A.C. warehouse personnel.
- The same remarks apply to Truck Pools - Officers to supervise would be required in any instance where such Pools have not been taken over by the Italian Authorities.
- (d) One Railway Transportation Officer. This recommendation is made on the assumption that some supervision over railways by A.C. will be necessary at that stage. At present the responsibility is solely one of Q Movements.
- (e) Such personnel of the Displaced Persons and Refugees Sub-Commission ~~xxx~~ as are required to supervise the administration and movement of Allied Nationals. I recommend that responsibility for Italian refugees should be assumed by the Italian Government though some special

1376
/special.....

special arrangements might be necessary to facilitate the use by the Italian Government of any transport agencies which were still under Military or A.C. control or supervision.

3. As regards the question of the supervision of the preparation of the Electoral Lists which is raised in your H.Q. letter AC/45/A/LG of the 20th July 1945, in my opinion supervision by Allied Officers of the preparation of these Lists could not be carried out effectively once AMG is withdrawn and would be unnecessary after the preliminary supervision exercised up to the date of handing over to the Italian Government.

In the event of it being decided to have Officers assigned for this supervision I consider that two Officers (not above the rank of Major) per Province would be necessary. Liaison Officers with the Military Authorities if present in the Province could act as supervisory Officers. Each Officer would require a car and a driver.

SUBJECT : Requisitions.

TO : AC Liaison Officer, BARI.

- 1 This Headquarters is being pressed to take action about the requisition of il Palazzo del Marchese Francesco Berlingeri, Via Risorgimento No 2. CROTONE. Pressure comes from a high level.
- 2 I am not convinced
 - (a) that it is requisitioned
 - (b) that, if requisitioned, it has been done by us
 - (c) that there is any good reason why it should not be requisitioned if necessary.
- 3 Would you kindly find out if it is requisitioned by the Allies and, if so, whether it is likely to be released soon.

Caro Colonnello Calter,

Il ten. Spalletti mi ha riferito della sua cortesia dimostrata nell'interessamento circa la questione del palazzo Berlingeri a Crotone.

Si tratterebbe di salvaguardare un palazzo di grande valore artistico.

Il Palazzo del Marchese Francesco Berlingeri si trova in Via Risorgimento 2 e tra l'altro contiene delle preziose collezioni d'arte del Marchese Lucifero.

Grato per quanto Le sarà possibile fare, Le porgo i miei migliori saluti.

1. The first duty of Allied Commission liaison officers will be to keep themselves, at all times, informed of the situation in the areas with which they are concerned. This will involve the use of all available means of information, press, intelligence summaries, PWB reports, etc. They will inform HQ AC direct of any circumstances arising which may in their opinion adversely affect the Allied war effort or influence the general policy of the Commission. They will submit a monthly report to HQ which will include comment on the political situation.

2. Liaison officers will, by study of previous regional monthly reports and other records, inform themselves of the present position of various Commission functions now being handed over to Italian agencies. They will specially watch those cases where previous difficulties have been encountered.

3. Liaison officers will keep close touch with the senior military formation, American and British in their areas. They will endeavour at all times to assist military formations in their relations with Italian Government departments and agencies. They must, however, remember that they are liaison officers and not executive officers and will not be able to carry out many of the functions of Provincial Commissioners.

Points which may require special attention are:

- b. Epidemics endangering Allied personnel.
- c. Requisitioning and derequisitioning.
- d. Relations between Allied and Italian police force.

4. Liaison officers will, in the absence of specialist AG officers, assist the Allied Forces Local Resources Board, or Allied Procuring Agencies, as may be necessary, in their relations with the Italian authorities.

5. Liaison officers will be stationed at centres of importance to Allied interests. They will assist, as necessary, relations between the Allied Services and the local Italian officials.

2.

In addition they will have a general duty as defined in para. 1 over wide areas as under:

SARDINIA:	L.O. (MIA senior L.O.)	
SICILY:	L.O. Palermo	- Provinces of Palermo, Trapani, Agrigento, Caltanissetta.
	L.O. Catania	- Provinces of Catania, Messina, Enna, Ragusa, Siracusa.
SOUTHERN ITALY:	L.O. Naples (M.L.G. Commissioner, Naples)	- Provinces of Naples, Salerno, Benevento, Avellino, Campobasso, Cosenza, Catanzaro, Reggio.
	L.O. Bari	- Provinces of Foggia, Bari, Brindisi, Lecce, Taranto, Matera, Potenza.

Liaison officers will normally confine their activities to the neighbourhood of the HQ in which they are located, but, in cases of necessity, they will of course deal with all matters arising from civil affairs affecting Allied interests within the Provinces as listed above.

6. They will at all times avoid being involved in questions of Italian local government, and, even if asked, they will not give official advice, on behalf of AC, to Prefects or other State employees. They will, in all cases, refer the Italian local official to his Ministry in Rome.

7. The AC liaison officer will be responsible for discipline and administration of all AC officers in his area.

20 Mar 45

SUBJECT: Liaison Officers in Italian Government Territory.

MEMORANDUM TO: Local Government Sub-Commission.

1. Liaison Officers will remain at BARI, CATANIA and PALERMO, and possibly at CAGLIARI, and it is probable that they will desire to retain certain locally engaged civilian employees.
2. The pay and administration of such employees by the Allied Commission will give rise to administrative difficulties and it is therefore requested that you will consult the Ministry of the Interior and ask them in principle to agree that such employees (who will be small in numbers) be taken on to the pay roll of the Prefect and that the Prefect should be responsible for their general pay and administration.
3. It is also requested that you ascertain what instructions, if any, have been given by the Ministry of the Interior to Prefects in Italian Government Territory arising out of the aide memoire handed by the Acting President and Chief Commissioner to the Prime Minister on 24 Feb 45.

If no instructions have been sent out, it is desirable that some such should be sent out as soon as possible so that Prefects understand the position. These instructions should make it plain that apart from Liaison Officers at the places mentioned above, and certain experts required in the economic sphere, we are withdrawing entirely from Italian Government Territory. Such instructions should also make it plain that as a temporary measure an olive oil ammassi team is continuing to work in PUGLIA at the request of the Italian Government, but the duration of this work is not likely to be long.
