Regimental and Old Comrades Associations

This leaflet has been prepared to draw the attention of all ranks to the existence of Regimental and Old Comrades Associations.

Knowing the value of comradeship during your service in the army you will no doubt appreciate its equal importance in civilife.

I hope therefore that you will give early consideration to joining your Corps or Regimental Association. By doing so you will be assisting to perpetuate friendships and connections formed during the war and whose continuance will be the foundation of good relationship throughout the Empire in peace.

R. F. Adam

Adjutant General to the Forces

THE WAR OFFICE,
May, 1945.

NOTES

1. It is entirely optional whether you become a member of your Regimental Association but you are advised to do so and the following notes will, perhaps, help you to decide.

2. On release from the Army you will receive from the Regimental Paymaster with your last payment after discharge a short record giving the Corps or Regiment in which you have served.

This record should be taken or sent to the Association of your choice, when you decide to join an Association, when you require financial or other assistance. Failure to produce the record of service may lead to withholding of assistance.

3. The object of this pamphlet is to bring to your attention the existence of your Regimental Association and the benefits to be derived from becoming a member (subject to any special rules any particular Associations may have).

4. These Associations exist for all Regiments or Corps of the British Army briefly the broad objects of the Associations are —

To establish a link between old soldiers and their former comrades in the Regiment or Corps.

To arrange for periodical social reunions, such as regimental gatherings and annual dinners, etc.

Regimental Journals are issued giving Regimental Association news, and all old Comrades can obtain a copy.

Advice and guidance are at all times available and in cases of necessity financial assistance.

Liaison is maintained with the British Legion, Soldiers' Sailors' and Airmen's Families Association and other kindred bodies.

NOTICE BOARD INFORMATION

HOW TO APPLY FOR HOUSING ACCOMMODATION

1. There is a great shortage of housing accommodation in Great Britain and Northern Ireland as a result of the war. The building of new houses is being pressed on as fast as possible but with the best will in the world it will take a long time before there are enough houses to go round comfortably. The overriding priority must be that of need; but it is the Government's aim that serving and ex-service men with families without separate homes shall have all possible consideration in the provision of housing, that their absence from home shall not prejudice their position in the waiting list, and that special consideration shall be given to the families of those retained for service in distant theatres.

2. You are advised, if at all possible, to join your family when you are released, even if this means that you will be sharing a house with relatives or friends or living in lodgings. You should do all you possible can to find accommodation for yourselves. If your family is not now living in the place where you intend to work, do not move them until you are settled in employment and have found suitable accommodation for them.

3. If you wish to apply for housing accommodation which your Council may be able to provide, you can obtain from your Commanding Officer a housing application form and send it to the Clerk of the Council of the place where you lived before joining up or, if you have been offered employment elsewhere, of the place in which you will work.

On no account should application be made to more than one Council.

If you do not know the name and address of the Council you wife or someone else on your behalf should be able to obtain it from the police station or post office. If, for any reason, this cannot be done send the form to the "Clerk of the Housing Authority" at the place or County in which you are interested. In the case of the County of London, send the form to the London County Council, County Hall, S.E.1, or to the Local Town Hall, but not to both.

4. If you have already applied for housing accommodation, you should note the fact in the space provided in the form of application.

SPECIAL MESSAGE FROM H.M. THE KING

The following message to the Navies, Armies and Air Forces of the British Commonwealth and Empire which has been received from His Majesty the King should be brought to the immediate notice of all personnel in this Command: —

"The surrender of JAPAN has brought to a victorious end the war which has engaged our full fighting strength all over the world. I send my heartfelt congratulations to the men and women of my navies, armies and air forces throughout the British Commonwealth and Empire.

Through the long years of the grim struggle with our enemies in the West and in the East your unflinching resolution and indomitable courage in the face of manifold adversity have earned you the eternal gratitude of your countrymen.

Many of your comrades have fallen in the fight. With you I grieve for their loss, for the sufferings of the wounded and for the sorrows of the bereaved. With you I look forward to the safe homecoming of those who have had to endure captivity.

By God's mercy the forces of evil have been overthrown but many tasks remain to be accomplished if the full blessings of peace are to be restored to a suffering world.

It is the duty of each one of us to ensure that your comrades have NOT died in vain and that your own hard-won achievements are NOT lost to the cause of freedom in which you undertook them.

On behalf of all my peoples, I thank you. God bless you all.

(Sgd.) GEORGE R. I."

Group "C" trades	1	6	1	1	1	6	1	9

3. *Conditions of Issue.*

(a) Tradesmen's rates of pay are applicable to personnel—

(i) serving in technical arms of the service and mustered in trades authorized in the establishment of tradesmen laid down for their unit, or

(ii) serving in non-technical arms of the service but mustered as tradesmen and filling vacancies for soldiers of their trades in the approved establishment of their units.

(b) The authority for the mustering of a soldier as a tradesmen within establishment will be O (c) GHQ, 02E, MEF.

(c) Soldiers with trade qualifications serving in units, the establishment of which do not include personnel of their particular trade, will not receive tradesmen's rates of pay by virtue of such qualifications (eg. a fitter serving in a Pioneer or AA unit), nor will personnel mustered in a particular trade be granted tradesmen's pay at other rates by virtue of any additional qualifications in another trade. If a soldier is already mustered and paid in a trade although employed in another, he will continue to be paid at the rate of his original trade. Every effort must, however, be made to avoid the employment of tradesmen on duties other than those of their own trade.

(d) Soldiers already mustered and paid in a trade, who qualify in another trade, will not be eligible to receive the tradesmen's rate of pay appropriate to the latter qualifications unless and until they can be remustered in a vacancy for the trade in question in the approved establishment of a unit. If a period of more than six months has elapsed between the date of qualification and the occurrence of a vacancy in the trade into which it is proposed to muster or remuster the soldier, the officer commanding will satisfy himself that the soldier retains his standard of efficiency, and a certificate to that effect will be forwarded to GHQ, 02E, CMF, with the relative casualty return.

(e) Soldiers on normal rates of pay, (ie., not receiving pay as tradesmen), who qualify in a trade in which they are likely to be required in the unit, corps or regiment, and are properly tested in accordance with para 7 of this Order, will similarly be ineligible to receive the tradesmen's rates of pay appropriate to their qualification unless and until they are properly mustered as tradesmen to fill vacancies for soldiers of their trade existing or arising in the establishment of their unit, corps or

(g) Soldiers who relinquish a trade and consequently revert to the rates of pay appropriate to non-tradesmen for any reason other than disrating (as laid down in para 8 below) will not be required to undergo a further trade test before being remustered in the same trade, unless a period of more than six months has elapsed between the date of relinquishing of the trade and the date of remustering.

(h) A soldier shall not be deemed to have relinquished a trade solely by reason of his having ceased to fulfil a vacancy as a tradesmen within war establishment, and a mustered tradesmen not filling a vacancy on war establishment shall continue in receipt of tradesmen's pay for a period of six months.

(j) A soldier employed as a tradesman within the establishment of a unit will on appointment as paid lance corporal or on promotion to non-commissioned rank, return to regimental duty and cease to draw pay at tradesmen's rates, unless the establishment of the unit provides for a tradesman in the non-commissioned rank or appointment which he has attained, and such a vacancy exists.

(k) A soldier serving in a unit consisting *mainly* of tradesmen will on promotion to non-commissioned rank draw the tradesmen's rates of pay of the group for the trade in which he is mustered, regardless of how he may be employed.

5. *Initial Classification and Mustering.*

(a) OC units, the establishment of which includes trades covered by this General Order, will arrange for all men filling such vacancies to be trade tested within six weeks of the publication of this General Order. They will render casualties to 02E, CMF in respect of all men certified at their attempt as efficient at their trades, mustering them as tradesmen and showing them as entitled to trade pay (in the lowest class of trade concerned) with effect from the 1 October, 1943, or such later date as they commenced to fill a trade vacancy on establishment. Such men filling vacancies as do not achieve the necessary standard of efficiency at their first attempt will be mustered only as from the date of their first successful attempt, and casualties to this effect will be rendered by OC unit to 02E, CMF when a candidate is successful.

(b) The names of all candidates who successfully pass trade tests without being appointed to a vacancy on establishment will similarly be notified to 02E, CMF in casualty returns and this fact noted thereon.

(c) All tradesmen classified and mustered in accordance with sub-para 5(a) above, whose names properly appear in Part II orders published under provisions of the above paragraph, will be deemed to be mustered in their respective trades within the appropriate establishment under the authority of such Part II orders.

6. *Adjustment of Cash Issues.*

Notification in Part II Orders of classification and mustering will be the only authority for issue of additional pay at rates laid down in para 3 above.

7. *Trade Testing.*

Trade testing will be carried out as prescribed in the Manual of Trade Tests, AAPC (HCT) under the particular trade and supervised as prescribed

The conditions regarding certifications of retention of the requisite standard of efficiency will be as laid down in sub-para (d) above.

(f) In any case where the officer commanding is not satisfied that a soldier coming within the provisions of sub-paras (d) or (e) above, has retained the requisite standard of efficiency, the soldier concerned will be required to pass a further trade test before mustering or remustering can be approved.

filling a vacancy on war establishment shall continue in receipt of tradesmen's pay for a period of six months.

(j) A soldier employed as a tradesman within the establishment of a unit will on appointment as paid lance corporal or on promotion to non-commissioned rank, return to regimental duty and cease to draw pay at tradesmen's rates, unless the establishment of the unit provides for a tradesman in the non-commissioned rank or appointment which he has attained, and such a vacancy exists.

(c) All tradesmen classified and mustered in accordance with sub-para 5(a) above, whose names properly appear in Part II orders published under provisions of the above paragraph, will be deemed to be mustered in their respective trades within the appropriate establishment under the authority of such Part II orders.

6. *Adjustment of Cash Issues.*

Notification in Part II Orders of classification and mustering will be the only authority for issue of additional pay at rates laid down in para 3 (a) (i) (c).

7. *Trade Testing.*

Trade testing will be carried out as prescribed in the Manual of Trade Tests, AAPC (HCT) under the particular trade and supervised as prescribed in Sections 1 and 2 of the Manual. The Manual will be distributed to units by O2E CMF to whom immediate application should be made if one is not received within seven days from the date of this GRO.

8. *Striking or Removal from Tradesmen's Groups.*

(a) Any soldier whose qualification falls below the standard prescribed for the class in which he

Declassified E.O. 12356 Section 3.3/NND No. 785016

is rated, or who fails to display due diligence in the performance of his duties, will either be disrated or removed from his trade group altogether under Article 840, Pay Warrant 1940. This disrating or removal will be carried out by the Officer commanding the unit concerned.

(b) The following notes for the guidance of officers commanding units having mechanically propelled vehicles on charge are published with a view to obtaining uniformity in the disrating of drivers in cases of accidents due to negligence or inefficiency.

(i) In the case of gross neglect or inefficiency, a driver should be disrated for "lack of efficiency," irrespective of whether or not he has been involved in a previous accident.

(ii) In the case of an accident where the driver is not wholly to blame the question of disrating him for "lack of diligence" or for "lack of efficiency" should be considered from the following points of view:—

the number of accidents in which he has been involved and their attendant circumstances;

whether the man is a Driver Mechanic or a Class II, III, or IV driver, and length of service in each category and general efficiency as a driver, and

that a higher standard of competency should be expected of a Class II or III driver than of a Class IV driver.

(iii) An extract from the report of an accident in which any blame has been attributed to the driver will be preserved with the soldier's documents.

The extract will show the extent to which the driver was responsible, and the action taken in the matter. No such extract will be recorded in cases where the driver has been absolved from all blame.

(c) In cases where disrating or removal has been effected as a result of lack of diligence, the original rate of pay may be restored to the soldier by his commanding officer with effect from the date from which the soldier ceases to show a lack of diligence, provided that a vacancy for a soldier of his trade exists within the establishment of the unit, corps or regiment, at that date.

(d) Where the disrating or removal was due to inefficiency, the soldier will not be eligible for restoration of his original rate of pay until such time as he has requalified for that rate by passing the requisite trade test and has been remustered as a tradesman within the establishment of his unit, corps or regiment.

(e) (i) No soldier may be disrated or debarred from drawing trade rates of pay under this General Order as a punishment, except when he shows lack of diligence or inefficiency, in his trade.

(ii) Once mustered as a tradesman within the approved war establishment, a soldier is entitled to keep his trade rates of pay as long as his trade is included in the authorized establishment of his unit, except when disrated for lack of diligence or inefficiency.

(f) All disratings, removals from tradesmen's groups and restoration of tradesmen's rates of pay will be notified to O2E, CMF, in casualty returns.

36. Damage Caused by Civilians to Requisitioned Property or WD Stores

1. It is emphasized that any incident which may give rise to a claim by the War Department against a civilian is to be reported direct to the Claims Officer of the formation or Area in terms of GRO 97/44.

2. Thus, all cases where damage has been occasioned by a civilian to requisitioned property or WD property and stores are to be reported within 24 hours with all relevant particulars.

3. It is pointed out that it is to the unit's advantage to report damage of the above nature, since such reports will avoid any question of the unit or individuals being held responsible.

37. Requisitioned Premises, etc.—Promises Given by Officers in Respect of WD Undertakings

1. Cases have occurred where promises or statements have been made by officers regarding repairs, losses, etc., in requisitioned premises which have amounted to, or have been construed by the owners as, a definite promise made on behalf of the War Department.

2. In no case will unauthorized officers make, or purport to make, any arrangement or agreement, either written or verbal, with the owner or occupier of any premises which might be construed as an undertaking, given on behalf of the War Department, to follow a certain course of action or to assume financial responsibility in connection with the premises occupied.

(To be repeated in formation and unit orders).

6624/Q(Maint).

38. Damage in Billets

1. OsC units are reminded that where personnel have been billeted in accordance with GHQ 663/43, the billets must be frequently inspected by an officer and appropriate disciplinary action must be taken against any officer or OR guilty of causing avoidable damage.

2. Cases have been reported where no such inspections have been made and where it has accordingly been impossible to attach responsibility to the individuals responsible for the damage. In future, OsC units any of whose personnel are occupying billets will ensure that the provisions of GHQ 663/43 are strictly observed.

(To be repeated in formation orders).

39. Vehicle Lighting

1. New type of Headlamp Masks are being shipped to this theatre but it is not expected that they will be available for issue for at least three months.

2. The standard WD Patt Headlamp Mask now in use in this theatre can be modified in accordance with Appendix "A" in order to give better light for night travel.

3. Units will not discard mask assemblies where light for night travel is not adequate with the existing masks, but will carry out the modification as at para 2 above.

(Applicable to all troops BNAF and CMF).

8058/Q(AE).

41. Lubrication—Use of Hypoid Oils in "B" Vehicle Transmissions

1. Hypoid oils will be taken into use at the first oil change after 1 Dec 44, as the standard lubricant for transmissions of all "B" vehicles with the exceptions shown in attached Appendix "A".

2. The change over will be carried out in accordance with EMEI Vehicles General D.903, and units not in possession of this will obtain copies from the senior EME of formations or districts.

(Applicable to all troops BNAF and CMF).

8450/22/Q(AE).

42. Care and Maintenance of Lead-Acid Batteries in Low Temperatures

Special precautions must be taken with the above type batteries — wireless and vehicle — in cold climates where temperatures between 0°F and 20°F are likely to be encountered.

These are as follows:—

(a) "Topping up" the electrolyte must be carried out whilst the battery is on charge and preferably when the cells are gassing freely; this applies particularly when the plates are exposed. Distilled water or melted snow should be used for topping up, but not more than one dessert-spoonful at a time should be added to each cell.

(b) The state of charge of the batteries must at all times be kept as high as possible and, in order to ensure satisfactory electrical performance, it must be such that the observed specific gravity of the electrolyte does not fall below:—

1.270 for an electrolyte temperature of	0°F
1.275 " " " "	—10°F
1.280 " " " "	—20°F

(c) In order to prevent the electrolyte freezing, the observed specific gravity must not be allowed to fall below:—

1.200 for an electrolyte temperature of	0°F
1.225 " " " "	—10°F
1.245 " " " "	—20°F

For ambient temperatures below —20°F a special battery will be required, but the WD —21°F battery may be used in an emergency at —30°F in which case the observed specific gravity must not fall below 1.285 to ensure reasonable electrical performance and below 1.265 to avoid freezing at an electrolyte temperature of —30°F.

44. Mountain Warfare Equipment

1. Cases have recently come to light from which it is clear that individuals are under some misapprehension regarding Mountain Warfare Equipment. Items of Mountain Warfare Equipment, including Duffle Coats, are a unit and not an individual issue, and are on charge to the unit.

2. A careful check will be kept on holdings, as this equipment is in short supply and no further maintenance stocks will be forthcoming. As it may be necessary for this equipment to be withdrawn for possible operations elsewhere, it is essential that unit stocks are not depleted through misuse by individuals.

3. Officers Commanding units will ensure that all items of Mountain Warfare Equipment in possession of individuals are withdrawn from them on posting from the unit. Disciplinary action will be considered against personnel who fail to hand in such equipment on posting, and against personnel found to be in unauthorized possession of such items.

4. Formations will be responsible for the withdrawal and handing in of equipment no longer required by units.

5. Mountain Warfare Equipment will not be held by units or individuals in Base and L of C Areas, except on special authority from AFHQ.

6. All applications for the release of Mountain Warfare Equipment will be forwarded to Q(AE) AFHQ through Staff channels, and no issues will be made without such authority.

7. Any cases of doubt as to whether an item forms part of the Mountain Warfare Equipment will be referred to Army, Corps, District or higher Headquarters who are in possession of a detailed list of Mountain Warfare Equipment.

45. Officers' Shops

1. In accordance with instructions contained in para 144 War Clothing Regs, 1943, as amended by Amendment No. 4 of 1944, except as stated in para 2 below, all sales from Officers' Shops to entitled personnel, will with effect from the date of this order be for cash only. Army Forms W3225, cheques, etc., will not be accepted for such issue.

2. Sales over £2 from Mobile Officers' Shops operating in forward areas, may either be made for cash or on AF W3225 at the option of the officer.

3. In view of the ruling in para 1 above, authority is given for officers to draw, if they so desire, an extra cash advance up to the amount of the cash purchase. To obtain this extra cash advance the receipted cash sales voucher must be produced to the Field Cashier.

APPENDIX "A" to ALLIED FORCE

GENERAL ROUTINE ORDER No. 24, Serial 2, dated 12 January 1945

PART I

HONOURS AND AWARDS

Department of National Defence, Ottawa.

19th December, 1944.

The KING has been graciously pleased to approve the award of the VICTORIA CROSS to:—

No. K 52880 Private Ernest Alvia Smith, The Seaforth Highlanders of Canada.

In Italy on the night of 21st/22nd October, 1944, a Canadian Infantry Brigade was ordered to establish a bridgehead across the Savio River.

The Seaforth Highlanders of Canada were selected as the spearhead of the attack and in weather most unfavourable to the operation they crossed the river and captured their objectives in spite of strong opposition from the enemy.

Torrential rain had caused the Savio River to rise six feet in five hours and as the soft vertical banks made it impossible to bridge the river no tanks or anti-tank guns could be taken across the raging stream to the support of the rifle companies.

As the right forward company was consolidating its objective it was suddenly counter-attacked by a troop of three Mark V Panther tanks supported by two self-propelled guns and about thirty infantry and the situation appeared almost hopeless.

Under heavy fire from the approaching enemy tanks, Private Smith, showing great initiative and inspiring leadership, led his Piat Group of two men across an open field to a position from which the Piat could best be employed. Leaving one man on the weapon, Private Smith crossed the road with a companion, and obtained another Piat. Almost immediately an enemy tank came down the road firing its machine guns along the line of the ditches. Private Smith's comrade was wounded. At a range of thirty feet and having to expose himself to the full view of the enemy, Private Smith fired the Piat and hit the tank, putting it out of action. Ten German infantry immediately jumped off the back of the tank and charged him with Schmeissers and grenades. Without hesitation Private Smith moved out onto the road and with his Tommy gun at point blank range, killed four Germans and drove the remainder back. Almost immediately another tank opened fire and more enemy infantry closed in on Smith's position. Obtaining some abandoned Tommy gun magazines from a ditch, he steadfastly held his position, protecting his comrade [illegible] with his Tommy gun.

No further immediate attack developed, and as a result the battalion was able to consolidate the bridgehead position so vital to the success of the whole operation, which led to the eventual capture of San Giorgio Di Cesena and a further advance to the Ronco River.

Thus, by the dogged determination, outstanding devotion to duty and superb gallantry of this private soldier, his comrades were so inspired that the bridgehead was held firm against all enemy attacks, pending the arrival of tanks and anti-tank guns some hours later.

One tank and both self-propelled guns had been destroyed by this time, but yet another tank swept the area with fire from a longer range. Private Smith, still showing utter contempt for enemy fire, helped his wounded friend to cover and obtained medical aid for him behind a nearby building. He then returned to his position beside the road to await the possibility of a further enemy attack.

4. The following procedure for the purchase of postal orders will be adopted in all units and Commanding Officers will make arrangements accordingly:—

(a) Other ranks requiring postal orders will, at the pay table, state the amount of the postal order required and the name of the payee. This information will be entered on a nominal roll and the cash for the value of the postal order will be collected at the same time.

(b) On the completion of the pay parade, the nominal roll of other ranks requiring postal orders will be checked with the acquittance rolls by the paying officer who will ensure that the amount of the postal order required by each other rank does not exceed the amount of the cash payment made to him on that day. He will also ensure that the name of the payee has been given in all cases.

(c) The nominal rolls will be dated and will bear the unit orderly room stamp and the signature of the paying officer.

(d) Postal orders required by officers will be included in the above nominal rolls and the name of the officer, the amount of the postal order and the name of the payee will be shown. Officers' requirements will be confirmed by the OC unit, or an officer nominated by him, who will satisfy himself that such purchases are being made by the officers concerned from their advances of pay.

5. Where the total amount of postal orders required by members of a unit exceeds £50 they will be purchased from the Army Post Office only by an officer of the unit.

6. The accredited unit representative will surrender the nominal roll to the Army Post Office at which the postal orders are purchased. If the unit postal orderly makes the purchase he will be required to produce for inspection his current authority to collect mail on behalf of the unit. Other unit representatives will be required to produce a special authority signed by the OC unit authorising that representative to purchase postal orders on behalf of the members of the unit.

7. Before the postal orders are distributed to the unit personnel who have purchased them, the unit postal orderly, or other member of the unit nominated by the Commanding Officer, will write the name of the payee in the space provided on the postal order for that purpose. In no circumstances will blank postal orders be distributed to the personnel of the unit.

8. Accredited representatives of non-military organisations entitled to make use of the Army Postal Service facilities are permitted to purchase postal orders on behalf of members of those organisations, subject to the following conditions:—

(a) No member of the organisation will purchase postal orders exceeding a total value of £10 in any one calendar month.

(b) A nominal roll similar to that referred to in para 4 above will be prepared and surrendered to the Army Post Office at the time of purchase.

(c) The nominal roll will be signed by a member of the organisation concerned who is of officer status.

9. It is prohibited:—

(a) for any individual to be in possession of postal orders exceeding a total value of £10 which have been purchased in this theatre in any one calendar month.

(b) for any individual to be in possession of a postal order issued in this theatre after 25 May 45, in which the name of the payee has not been inserted.

Disciplinary action will be taken against any individual who is guilty of a breach of this order.

(To be republished in unit and formation orders and repeated every three months).

(a) GHQ 942/43 is cancelled with effect from 25 May 45.

(Applicable to all troops).

531. Income Tax Returns — Year 1945/46— Other Ranks

1. Income Tax Returns (AFs 01656A) for other ranks will be distributed to units, etc., in CMF, GREECE and BTNA, by the Command Paymaster, No. 8 Base Command Pay Office, CMF, on information supplied by Regimental Paymasters. The issue of these forms in the case of other ranks is being controlled by the Command Paymaster, and units will consequently not apply to Stationery Depots for AFs 01656A for other ranks.

2. AFs 01656A should in all cases be completed and returned to the Command Paymaster, No. 8 Base Command Pay Office, CMF, as soon as possible, in order that Home Paymasters may be furnished with particulars from which to make provisional assessments of liability to income tax and arrange for deduction to be averaged throughout the year, at the earliest possible date.

3. Where an other rank has private income, or his wife has income of her own, and he has no access to the figures, he may enter estimated amounts, indicating that they are estimates only, or enter a note stating the name and address of a person from whom the information may be

1828

Declassified E.O. 12356 Section 3.3/NND No. 785016

obtained if required. He should not defer completing his return because his own knowledge is incomplete.

6. The attention of other ranks liable for Income Tax should be directed to ACIs 761 and 762 of 1944.

7. GRO 594 of 1944 is hereby cancelled.

(Applicable to all UK troops.)

G1/B/6043/A3

532. Income Tax Returns—Year 1945/46—Army Officers

1. The service of Income Tax Return forms (AFs O1656A) for 1945/46 will be made to officers on a unit basis; this follows the procedure initiated for 1944/45. O.C. units will be responsible for obtaining completed Income Tax Return forms from all officers on their strength, and the following procedure will be adopted.

2. Arrangements have been made for a sufficient supply of AFs O1656A to be despatched to all units without demand for distribution of one copy to each officer. Units which have not received their forms within one month from the date of this GRO will obtain them by indenting on the nearest Stationery Depot.

3. On receipt of the forms, units will insert their office stamp on the forms in the space marked "Issuing Office Stamp", fill in the full regimental particulars, including personal number of the officer concerned, in the edge on the front page, and distribute to officers with blank envelopes for return.

4. Officers will complete the form in detail to the best of their knowledge (See Appendix A), enclose it in a "Closed envelope" addressed to the Army Agent or Paymaster from whom they drew their Army Pay etc., if preferred, to the Commissioners of Income Duty, War Office, Drontwich Spa, Worcs) and hand it to the OC unit.

5. The OC unit will forward the envelopes direct to the Army Agents, Paymaster, or the Commissioners of Income Duty, as the case may be, and will report to the Command Paymaster, No. 8 Base Command Pay Office, CMF, when returns from all officers of the unit have been so despatched. Units which have not reported by 1 Aug 45, will notify the Command Paymaster, on that date, of the position regarding the clearance of the returns.

6. It is of importance that the forms should be completed and despatched with as little delay as possible. In issuing the forms, the OC will specify the date by which officers must return them to him. It is considered that returns for 1945/46 from all officers in this theatre should be completed and despatched by not later than 1 Aug 1945.

7. Where the officer has private income, or his wife has income of her own, and he has no access to the figures, he may enter estimated amounts (indicating that they are estimates only) or enter a note stating the name and address of a person from whom the information may be obtained if required. He should not defer completing his return because his own knowledge is incomplete.

8. Officers on detached duty will receive their AFs O1656A from the OC of their parent unit, to whom they will return them on completion; if, however, they are attached to another unit, action will be taken regarding them by the OC of the unit to which they are attached.

9. Particular care must be taken to ensure that officers who are posted or attached to new units, go into hospital, etc., are not overlooked. It will be the responsibility of the OC the "receiving" unit or hospital, etc., even if he has already despatched completed forms from all his officers, to enquire whether each officer joining the unit between the date of this GRO and 1 Aug 45, has previously completed his return and handed it to the OC of his former unit for despatch, and if not, to issue him with AF O1656A and to ensure that the procedure laid down above is followed. No new report to the Command Paymaster under para 5 is necessary.

10. If the number of AFs O1656A received by any unit under para 2 above should prove to be insufficient, indents for further copies should be made on the nearest Stationery Depot.

11. Units which leave this theatre after receiving the bulk issue of blank AFs O1656A, but before despatch of all the returns, will report completion of action as required by para 5 above, to the Command Paymaster of their new Command.

Similarly, units which arrive in this theatre after receipt of the AFs O1656A, but before all returns have been despatched, will report completion of action to the Command Paymaster, No. 8 Base Command Pay Office, CMF.

12. Officers granted commissions after 1 June 45 or entering or re-entering payment from Army Funds after that date on posting from INDIA, BURMA or Colonial payment, will receive AF O1656A for completion from the Army Agent or Paymaster from whom they draw their pay and they will return it direct to the Army Agent or Paymaster.

13. For the purpose of this GRO, the term "unit" will include all headquarters, formations, establishments and regimental units which render casualty returns (AF W3010, W3011 or W3012) to GHQ, 2nd Echelon.

14. The system of service and disposal of Income Tax Returns introduced by this GRO does not affect other ranks for whom the procedure laid down in GRO 531/45 will be followed.

1829

Declassified E.O. 12356 Section 3.3/NND No. 785016

15. Copies of Appendix A to this GRO are being printed and circulated with the AFs O1656A and O8C units will distribute them to officers with the forms.

16. The attention of all officers will be directed to this GRO, and to the provisions of ACIs 761 and 762/44. It is particularly stressed that it is to the advantage of officers themselves to complete their returns; if they do not do so, their income may be provisionally assessed as taxable at a rate less favourable than necessary, and in addition they will not immediately obtain the reliefs and allowances to which they may be entitled; alternatively, inadequate deductions may be made from their pay involving heavier deductions later.

17. These instructions are in substitution of those contained in ACI 779/44, which may accordingly be regarded as inapplicable to this theatre.

18. GRO 535 of 1944 is hereby cancelled.

(Applicable to all officers paid from UK Funds).

G1/B/6043/A3

Appendix "A" to GRO 532/45

INSTRUCTIONS FOR COMPLETION OF ARMY FORM O1656A.

(a) Page 2 *Official Emoluments.* — Normally, the emoluments assessable for income tax are those of the preceding year but in certain cases, for example, when an officer returns from payment of INDIA or a Colonial Government, the assessment is on the current year basis. The Army Agent or Paymaster will usually insert details of the Army Pay when the return reaches him but where additional pay, extra duty pay, etc., has been drawn from a different paymaster, it is necessary that the officer should state the additional emoluments or an estimate in order that tax instalments may be adjusted forthwith and undercharges avoided.

Allowances in lieu of rations and other issues in kind, family lodging allowance, colonial, field and Mediterranean allowances are not taxable and need not be declared.

(b) Officers serving abroad should state the date of embarkation from UK for service overseas in the space provided on Army Form O1656A. It is in the officer's interests to give these dates when he is in possession of income from sources abroad (e.g. foreign and colonial dividends) or from certain British Government securities in order that he may be allowed any relief admissible in consequence of his absence from the UK.

(c) Pages 2 and 3, *Other Incomes and Annual Charges.* — The source of other income should be declared, but estimates of the amount received will be accepted if exact information is not available. *The word "None" should be inserted if there is no income under any particular heading.*

(d) Pages 3 and 4, *Claims for Relief.* — Pages 3 and 4 should be carefully completed, as the omission of a claim for a particular relief may result in excessive deductions being made from Army Pay.

(e) Officers who employ income tax agents to prepare their returns will complete only the appropriate section on the front page of Army Form O1656A and return the form in a closed envelope to the OC unit addressed to the Paying Officer from whom he draws pay.

533. Parliamentary Registration—Service Register for Parliamentary Elections Registration of Ex-Service War Workers Abroad

1. GRO 147/45 dealt with the Registration for Parliamentary Election purposes of Civilian War Workers employed abroad by or in connection with the War Department, *who were registered in the National Register.*

2. This present GRO deals with British War Workers who have formerly been members of the Armed Forces, but have been released or discharged abroad and have not by returning to the United Kingdom become registered or re-registered in the National Register, and who therefore were not entitled to be registered in the Service Register as war workers abroad until the coming into force of the Act mentioned below.

3. The Representation of the People Act, 1945, provides that any British subject who makes a declaration in the prescribed form and is certified:—

(a) as having been released or discharged abroad from service, during the present War, in HM Forces (other than in a Dominion force), and

(b) is certified on behalf of a Government department to be engaged in war work abroad

shall if and when aged 21 years or over, be entitled to vote at a Parliamentary election for the constituency containing the address declared to.

He or she will be able to vote either:—

(i) in person at the appropriate polling station, if happening to be present in the United Kingdom at the time of the election,

(ii) by proxy appointed in Part 2 of the declaration card, or

(iii) in certain circumstances by post (regarding which later instructions will be issued),

1830

Declassified E.O. 12356 Section 3.3/NND No. 785016

4. It is also provided that every person appearing to be qualified to make a War Worker's Declaration shall receive all reasonable instructions and assistance in the making of that declaration.

5. To be placed on the Service Register such persons must complete an Electoral Registration (Ex-Service War Workers Abroad) Declaration Card (RPW 166). These cards and copies of a leaflet regarding them (RPW 169) may be obtained on application to No 10 Publications Depot.

6. The procedure laid down for War Workers abroad in GRO 147/45, paras 4, 5, 7, 8 and 10, will also apply to ex-Service War Workers abroad. Para 6 of GRO 147/45 will not apply, as the Electoral Registration (Ex-Service War Workers Abroad) Declaration Cards do not have to be attested, but the fact that the declarant has been released or discharged from HM Forces will be certified by a commissioned officer in Part 3 of the Card. This may be done by any officer who is satisfied as to the fact (*e.g.* by production of applicant's certificate of release or discharge).

7. Headquarters and Services will bring this GRO to the notice of any civilian organization working for them, other than those listed in the appendix to GRO 147/45. Such organizations having personnel who may be affected will be instructed to communicate at once, direct with AFHQ G1(Br) A1, from whom full information is available.

535. Army Education Scheme—Unit Educational Staff

1. This GRO is applicable only to those units which have been authorized to carry out the education scheme notified in GRO 437/45.

2. *Unit Establishment.* For the purpose of carrying out within units the education scheme notified in GRO 437/45, OSC units will appoint within the authorized War Establishment of their units an educational staff as follows:

(a) a full-time unit education officer; and in addition,

(b) full-time instructors on the following scales:

Units with a strength of	*Captains (or Junior Commanders)*	*Sergeants*
1 to 99	—	1
100 to 199	—	2
200 to 299	—	3
300 to 399	1	3
400 to 499	1	4
500 to 899	1	5
900 to 999	1	7
1000 to 1099	1	8
1100 to 1199	1	9
1200 to 1299	2	9
1300 to 1399	2	10

and thereafter one additional sergeant for each additional complete hundred.

These appointments will not involve any increase in the number of unit personnel, nor, except as stated in paras 3 (c) and 6 (a) and (b) below, will there be any additions to the authorized establishment of each rank.

3. *Unit Education Officer.* OSC units will select and appoint a full-time unit education officer in the rank stated below:

(a)	In units commanded by a colonel or lieutenant-colonel;	A major or captain selected from among the majors and captains on the unit establishment.
(b)	In units commanded by an officer below the rank of lieutenant-colonel	A captain selected from among the captains on the unit establishment.
(c)	In an ATS group commanded by a chief commander or senior commander.	A junior commander. If a junior commander is selected, a subaltern will be promoted to the rank of junior commander in her place. The vacancy for a subaltern will not be filled. If a subaltern is selected she will be promoted to the rank of junior commander and the vacancy for a subaltern will not be filled.
(d)	In mixed units.	A major, captain or junior commander selected from the majors, captains and junior commanders on the unit establishment.

Where under subparas (a) or (d) above a major is appointed unit education officer, the post thereby vacated will be filled by a captain.

(e) All appointments specified above in respect of officers will be applied for to AFHQ G1(Br). Application will state the full details of the officer selected as unit education officer and will also, where applicable, nominate the officer for promotion in his place.

46 c 1

Declassified E.O. 12356 Section 3.3/NND No. 785016

4. *Selection of Unit Education Officer.* In selecting the unit education officer from among the officers referred to in para 3, however employed, OsC units will bear in mind that the success of the unit education scheme will depend largely on the personality, energy, experience and organizing ability of the officer selected. The outline of the unit education officer's duties given in para 5 indicates the kind of qualifications that should be sought. While it is desirable that the officer selected should have had successful experience of teaching or educational organization, which will assist him to train, guide and advise his team of instructors it is of even greater importance that he should have personality and keenness to inspire instructors and students alike with a sense of importance and relevance of their work. Where a unit has no suitably qualified officer to fill the post of unit education officer, it will be within the discretion of the formation commander to take the necessary steps to obtain one.

5. *Duties of Unit Education Officer.* The unit education officer will be responsible to his or her OC for organizing, administering and supervising the education scheme of the unit, and for ensuring that it is carried out in accordance with the instructions laid down in the handbook "Army Education Scheme: Organization Handbook," referred to in GHQ 437/45, para 1. This handbook describes in detail the duties of the unit education officer and suggests how they should be discharged.

6. *Full-time Unit Instructors.*

(a) Officer instructors will be selected and appointed for full-time duty from among the captains (or junior commanders) and subalterns on the unit establishment, however employed, in accordance with the scale set out in para 2 (b). Subalterns appointed instructors will be promoted to the rank of captain (or junior commander). When a captain (or junior commander) is selected a subaltern will be promoted to fill the vacancy created by the appointment.

(b) (i) NCO instructors will be selected and appointed for full-time duty from among the sergeants and corporals on the unit establishment, however employed, in accordance with the scale set out in para 2 (b).

(ii) Sergeants so selected will retain the pay, including any corps or trade pay, which they may be receiving at the time of appointment.

(iii) Corporals so selected will be promoted to the rank of acting sergeant, and will be held surplus to the normal establishment of sergeants, but will be absorbed in the first vacancies that occur. The vacancy created by the promotion of a corporal will not be filled so long as he or she remains supernumerary to the authorized establishment of sergeants. Corporals classified as tradesmen or tradeswomen will, on promotion, receive the corresponding rate of trade pay appropriate to a sergeant.

(iv) If it is desired to select a private or lance-corporal as a unit instructor on the grounds of special qualifications or experience, he or she will be appointed a local paid sergeant surplus to the authorized establishment of sergeants but without any net addition to the strength of the unit.

(v) In RAMC companies, which include VAD members, other rank instructors may be selected from VAD members, who will hold ranks as indicated above.

(vi) Instructors of all ranks referred to above, who at the date of their appointment as instructors were mustered as tradesmen, will remain mustered and will count against the corps or unit establishment of tradesmen.

7. *Part-time Instructors.* In view of the wide range of subjects in which it is intended that instruction shall be provided, it will not be possible for the needs of all students to be covered by the full-time instructors.

Part-time instructors will be appointed as required. The number so appointed will vary according to the teaching resources and educational programme of the unit, but the aggregate hours devoted to this work in training or working time by all part-time instructors will not exceed three-quarters of the aggregate hours devoted by all the full-time instructors.

Part-time instructors will not receive promotion or additional pay solely in respect of such appointments.

8. *Selection of full-time and part-time Instructors.* The statement of duties of instructors outlined in para 10 below gives an indication of the kind of qualification that should be taken into account in selecting them. A good knowledge of one or more subjects, experience of instructing in the Army, keenness to contribute what they can to the success of the scheme will be no less important than civilian teaching qualifications. There are many officers and other ranks who possess the knowledge and aptitude for teaching although they may not be trained teachers. Many will already have had experience as instructors or discussion group leaders under the wartime scheme of education or as instructors in military and technical subjects. There will also be some who have attended courses at an Army School of Education, or local courses provided by commands and formations. All these factors will be taken into account in making the selection. The field of choice must not be narrowed by reason of military employment.

9. *Interchange of Instructors between units under formation arrangements.* To provide certain courses of study within a unit it may be necessary to find instructors with special qualifications from outside a unit. Formation commanders will, therefore, at their discretion, arrange the interchange of instructors among the units under their command so that the best possible use is made of suitably qualified men and women.

1832

Declassified E.O. 12356 Section 3.3/NND No. 785016

10. *Duties of Instructors.* The duties of instructors are set out in the Organization Handbook referred to in para 5. They will assist the unit education officer in ascertaining and meeting the educational needs of all personnel, and in bringing a unit education scheme into existence and carrying it out. They will be responsible for educational guidance, instruction, leadership of discussion groups, and the organization of informal activities in accordance with the scheme. A series of six handbooks covering the main subjects of the curriculum, details of which are given in the Organization Handbook, is being issued shortly for their guidance, together with further handbooks on teaching methods.

536. Transfer of British ECOs of the Indian Army to British Service

1. It has been decided that certain categories of British ECOs commissioned into His Majesty's Land Forces (Indian Army) may be permitted to transfer to British Service if they so desire.

2. The categories of officers eligible to elect transfer are:—

(a) Officers who were previously BORs stationed in INDIA and who were commissioned into His Majesty's Land Forces (Indian Army) without being offered an opportunity of being commissioned into the British Service. This category does not include civilians resident in INDIA who joined the ranks after the outbreak of war and were subsequently commissioned in the Indian Army (see Para 3 (a)).

(b) Officers who came to INDIA as cadets and were commissioned into His Majesty's Land Forces (Indian Army) without being offered an opportunity of being commissioned into the British Service.

(c) Officers of the British Service who were compulsorily transferred to Indian Army.

3. Categories of officers not eligible for transfer are:—

(a) Officers who were civilians resident in INDIA before entering the service.

(b) Officers who were cadets in OCTUs in UK or Mideast, and volunteered for commissions in the Indian Army.

(c) Officers who came as cadets from UK to OTSs in INDIA and volunteered for commissions in the Indian Army.

(d) Officers who as BORs already in INDIA volunteered for commissions in His Majesty's Land Forces (Indian Army).

(e) British Service officers who have voluntarily transferred to the Indian Army.

(f) BORs of the IEC who were commissioned in His Majesty's Land Forces (Indian Army).

(g) Officers commissioned in the Special List of Quartermasters (Indian Army).

4. Officers in the categories referred to in para 2 above, who elect transfer will be subject to the following conditions:—

(a) Officers on transfer will be liable to continue to serve with Indian Army units for as long as required (see Para 4 (g) below), or to serve elsewhere as ordered.

(b) They must accept rates of pay appropriate to British Service officers wherever they are ordered to serve. While serving with Indian Army units or in staff appointments ex-INDIA, they will, however, be eligible for Indian Army rates of pay as laid down in AIs(I) 118/44 and 209/45.

(c) They will be transferred in their substantive or war substantive rank, retaining existing seniority provided that they have qualified by service, etc., for promotions to their rank under British Service rules.

(d) Retention of acting or temporary rank will depend upon the appointment to which they are posted on transfer. Officers will after transfer normally continue in their present appointment.

(e) Infantry officers will be given a choice of three regiments into which they may be transferred but no guarantee can be given that they will be transferred to one of the regiments chosen.

(f) Technical qualifications of officers of technical and non-technical arms, who wish to transfer to technical corps will be subject to verification by the War Office before they can be accepted. In the event of their not being accepted by the War Office for transfer to the corps of their choice, they will be considered for transfer by the War Office to another technical corps or to a non-technical arm if the applicants so desire.

(g) Their entitlement to repatriation will be governed by the same conditions as those at present in force for officers of the British Service, namely, this will depend on operational requirements and the ability to find replacements from the UK or other theatres of war. There can, however, be no guarantee that initially the same period of overseas service will provide entitlement for repatriation, as for other officers of the British Service. As stated this will depend on reliefs and the availability of these cannot be assessed until the numbers of transfers are known. The intention is that as soon as possible the period for entitlement to repatriation will become the same for all officers.

5. *All officers who are eligible* to elect transfer under the conditions laid down in para 2 above will fill in the form given in Appendix "A" to this order, in duplicate. The form in duplicate after counter-signature by an officer not below the rank of Lt Colonel will be forwarded direct to AFHQ G1(Br). Officers should submit the form by the earliest date possible and in any case

Declassified E.O. 12356 Section 3.3/NND No. 785016

1. Shipments of American Canned Slab Bacon have arrived in this theatre. The pack consists of four rectangular cans, each containing three slabs of bacon and weighing 14 lbs net.

(c) Part-worn stores which are still serviceable.

Unserviceable Equipment.

(d) Equipment beyond local repair at 2nd Echelon Workshops, but which can be repaired at base.
(e) Stores only fit for salvage.

Units, REME Workshops, or Ordnance Establishments, as the case may be, are responsible for carrying out the above classifications.

Packing and Labelling.

5. Proper packing material is only available at Signal Parks and Ordnance Establishments. It is, however, the responsibility of all units to pack equipment which they are evacuating in the best possible way with the means at their disposal when despatching it to the Signal Park or Ordnance Establishment concerned.

6. Serviceable equipment received from units at Ordnance Establishments will, where necessary, be repacked before despatch to the base.

7. BER equipment from 2nd Echelon REME Workshops will be despatched to Signal Parks or Ordnance Establishments for proper packing before evacuation.

8. At all stages equipment must be properly marked showing classification, type, and destination.

Handling.

9. Even though it is packed in the best possible way, delicate equipment will not stand rough handling. It will therefore be loaded into lorries and into railway wagons in such a way that it is not unduly shaken about and damaged by other heavy equipments falling on the top of it. It is the responsibility of the Movements personnel in the Ordnance Railhead detachments to ensure that sufficient facilities and supervision are given.

10. Signal equipment which is only fit for salvage may nevertheless contain many valuable components, which after stripping at Base Salvage Depot may be used again. Equipment classified as salvage, therefore, will still be handled with the greatest care that is practicable in the circumstances, even though despatched to a Salvage Dump, as opposed to an ASD.

(Applicable to all British maintained troops.)

554. Regular Army Commissions

1. Reference GRO 3/45.

2. Interviews by No. 2 Regular Army Commissions Board have now terminated and complete results will be notified to all formations in the near future.

3. It is anticipated that No. 3 Regular Army Commissions Board (presided over by Maj.-Gen. C. C. REMP, C.B., M.C.) will visit ITALY early in July. The exact date of arrival will be notified later.

4. It is intended that all candidates for Regular Army Commissions serving in this theatre who have not yet been interviewed, or those wishing to appeal against the decision of any previous Board (other than that presided over by Maj.-Gen. REMP) shall appear before this Board. Details regarding the calling forward of candidates will be notified later.

5. Attention is drawn to the following points:—

(a) *First Applications* should be endorsed as such on the front sheet of the CMF Form 74 and be accompanied by SP Form 72 (WOSB)—"Report on Applicant for a Commission in the Regular Army."

(b) *Appeals* should be endorsed as such on the front sheet of the CMF Form 74 stating:—

(i) No. of Board against which appeal is made.

(ii) Date of interview.

(iii) Grading given by Board. (If possible, the chit handed to the candidate by the Board should be attached.

CMF Form 74 should be also accompanied by SP Form 72 (WOSB). Candidates may appeal against the gradings "C," "D" or "NY." In connection with the last grading, viz., "NY" normally, candidates so graded should not appear before another Board within six months. In view of present circumstances, however, candidates graded "NY" by No. 2 Regular Commissions Board may submit appeals and they will be called forward for the later sessions of the next Board.

All appeals should be submitted to AFHQ (MS) within one month of the date of publication of this GRO.

(c) *SP Form 72 (WOSB)—"Report on Applicant for a Commission in the Regular Army."*

In all cases where SP Forms 72 are dated prior to 31 Jan 45, new reports will be submitted to AFHQ (MS) forthwith.

(d) *Withdrawals.*

(i) *By Applicant.* Withdrawals of applications can be made any time up to the date that the officer's name is published in the London Gazette. A signed notice of withdrawal should be forwarded through his CO to AFHQ (MS).

(ii) *By CO or Formation Commander.* If a candidate is no longer recommended by his CO or Formation Commander as being suitable for a Regular Commission, this will be reported to AFHQ (MS). The report will confirm that the candidate has been informed that his application or appeal is no longer supported.

(e) *Choice of Arms.*

It has been observed from past applications that choices of Arms include those for the Army Air Corps, Reece Corps, etc. It is pointed out that officers are only being granted Regular Commissions to fill existing vacancies in the peace establishment of the Army, and there is no peace establishment for Army Air Corps and Reece Corps. Officers should therefore confine their choices at para 9 of CMF Form 74 to Arms, Corps and Regiments which existed before the outbreak of war.

Applicable to UK and CDF Officers and also British Service Officers attached to the Indian Army and British emergency commissioned officers of the Indian Army.

2. The documents of RA personnel who are posted to these regiments will be transferred by GHQ 2nd Echelon as in the case of normal postings between branches.

565. Technical Education (Release period)—"Courses for Men Skilled in Civilian Trades"

1. In all corps and regiments of the army today there are men who were qualified skilled workers in civil life, who have spent their military service doing jobs unconnected with their civilian trades.

A scheme has been prepared to use all available resources, such as army controlled civilian factories and army workshops, to provide refresher training for these men.

2. It is intended that men requiring training should spend two or three months, shortly before being released, in working at their trades. They will receive no formal technical tuition and will be expected to carry out productive work. Applicants will not be sent on courses which terminate after the date on which their release is expected to fall under the release plan. If, however, for any reason the release of a man is authorized whilst he is undergoing training, unit commanders will recall him by signal immediately, repeating the signal to AFHQ.

3. The numbers that can be accepted in all trades are strictly limited. Allotment of vacancies will be made by AFHQ by name to approved applicants and will be based strictly on their release group numbers. However, to enable commanding officers to put forward applicants not immediately available or not likely to be released in the near future, a waiting list will be maintained in each trade. Control of numbers leaving units and formations will thus be exercised by the dates on which they are shown as available to attend the course.

4. Applications will be submitted by OsC units to formations headquarters through the usual channels, e.g., to Divisional troops, Corps HQ and Army HQ for corps and army troops. Formations will then forward such applications as they approve to AFHQ G1 Br/A5.

5. OsC units will be notified direct of vacancies allotted to applicants, a copy of the notification being sent to the HQ of the formation concerned.

6. A list of trades in which "Refresher" courses can be given is published as Appendix I to this GHQ. This list will be amended from time to time. Applications will be made on the form shown as Appendix II to this GHQ and can be submitted any time on or after a date to be notified in GHQs.

7. Officers commanding units will take all possible steps to see that the particulars given by a man on his application form are correct. The arrival of unsuitable men will disorganize the progress of the workshops and may eventually seriously prejudice the Scheme. When in doubt, commanding officers should obtain technical advice from suitably qualified officers. Officers commanding workshops, etc., where these courses are being held will render a report to G1 Br. of any unsuitable men who have been sent to them, and return them to their units forthwith.

8. The course will be of two to three months duration in normal circumstances, but trainees may be returned to their units after not less than

461

1867

Declassified E.O. 13526 Section 3.3(b)(6) #: 785016

seven weeks but not more than nine weeks in the case of a two months' course and after not less than 11 weeks but not more than 13 weeks in the case of a three months' course, as is most convenient for the officer commanding the workshop.

9. If, after an application has been submitted it is found that the applicant cannot attend the course for any reason, GI(Br) will be informed as soon as possible. If the vacancy has been allotted, notification should be sent by signal.

10. Officers commanding units should in the first instance forward applications for a refresher course only from men with the Release Group numbers between 17 and 24 inclusive. Other Release numbers will be included later as notified in GROs from time to time. Applications outside the prescribed limits may be submitted by OSC for very special reasons. In such cases the application form will be accompanied by a letter giving a full explanation of the case.

11. Appendix III shows units with which arrangements have been made to accept trainees under this scheme. Suitable accommodation for all purposes is authorized for the numbers involved. The unit concerned is responsible for ensuring that all local administrative arrangements are made in respect of accommodation, rations, pay, welfare, etc.

12. AFHQ GI(Br)A5 will deal with the workshop, factory, etc, direct, on all routine matters such as the date on which trainees shall join, the supplying of nominal rolls of trainees expected to join on a certain date, etc.

13. Casualties will be reported in the usual way, except that AFHQ GI(Br)A5 will be informed of non-arrivals, men who are ETU or who, for illness or some other reason, will not complete the course, thus leaving vacancies to be allotted.

14. *Joining Instructions*

a. Reporting

(a) Trainees will report to the factory or workshop during the *afternoon* of the day prior to that on which the course is due to commence.

(b) Trainees should be provided with sufficient rations for the journey. A meal will be served on arrival.

(c) Trainees will bring a certificate from their OC giving the following information:

(a) The authority allotting the vacancy.

(b) Freedom from infection.

b. Equipment

Trainees will bring Field Service Scale of Kit and Equipment including bedding and mosquito nets if an issue.

c. Pay

Trainees will bring AB 64 Parts I and II which must be up-to-date in all particulars.

15. *Dispersal*

The course will disperse on the day after completion of training. Officers commanding workshops will be responsible for informing units of the time and date of dispersal in order that transport may be arranged.

(Applicable to UK troops only.)

566 Pay and Allowances of Indian Army and British Service Officers Serving outside India in Staff Appointments in Indian and British Formations

Army Instructions (INDIA) No. 209/44 is repealed for information.

GRO 209/44 is hereby *cancelled*.

G1 (B/5028) AG

(Approved by the Secretary of State.)

INDIAN ARMY OFFICERS (EXCLUDING BS OFFICERS who are serving in or who IMMEDIATELY BEFORE taking up an INDIAN STAFF APPOINTMENT were serving in INDIAN ARMY UNITS on INDIAN ARMY RATES OF PAY)

1. Indian Army officers holding or posted to staff appointments in Indian or mixed formations or staff appointments classified as "Indian" by the appropriate Command will receive Indian rates of pay and allowances of the appointment held irrespective of the nature and location of the appointment, regimental or staff, previously held by them.

2. On transfer to a staff appointment carrying equal or higher rank in a British formation in the same or any other Command, which is not classified as "Indian" (see paragraph 9 below) by the appropriate Command, IA officers will have the option to receive Royal Warrant rates of pay and allowances of the British staff appointment or the Indian rates of pay and allowances of the Indian staff or regimental appointment from which transferred. The regimental rates of pay and allowances will include command pay (including charge pay admissible to IMS/RAMC officers commanding medical units) if any, in the case of an officer Commanding a unit.

If an Indian Army officer is transferred to an appointment carrying a lower rank in a British formation and elects Indian rates of pay and allowances, he will receive Indian pay and allowances of substantive or war substantive rank only. The option to elect Indian rates of pay and allowances as above will also be admissible to an officer who on transfer to a British staff appointment elected to receive Royal Warrant rates of pay, acquired higher war substantive rank by that appointment and is subsequently transferred to another British appointment.

NOTE.—The term "Indian Army officer" as used in this paragraph includes retired IA officers who are first re-employed by the Government of India.

3. BS officers entitled to Indian Army allowances under A.I.(D) No. 118 of 1944 will, on being posted to staff appointments in Indian, mixed or British formations outside INDIA from regimental duty with Indian units or from staff appointments receive the same pay and allowances as are admissible to Indian Army officers under paragraphs 1 and 2 above, except that only Royal Warrant rates of pay will be admissible when such an officer is posted to an appointment in the United Kingdom.

NOTE.—The provisions of this paragraph are equally applicable to RAMC officers serving with Indian medical units even though they are not entitled to Indian Army allowance.

4. IA officers and BS officers who on transfer to staff appointments in British formations elect to receive Indian rates of pay as a reserved right will, if they proceed on leave and return to the same or equivalent appointments in British formations, receive the same pay and allowances as they drew prior to proceeding on leave subject to the provisions of A.I.(D) No. 69 of 1944.

5. BS officers, other than those referred to in paragraphs 3 and 4 above

will, on officers serving with British units in INDIA, or in staff appointments with British formations in INDIA will revert to Royal Warrant rates of pay and allowances from the date of embarkation in INDIA on transfer *leaving* staff appointment outside INDIA.

6. BS officers holding staff appointments in Indian formations in India will on moving to their appointments outside India continue to receive Indian rates of pay and allowances of the appointments held.

7. BS officers transferred from Indian staff appointments in India to any other staff appointment of the same or higher grade in an Indian or mixed formation in any Command outside India will be entitled to Indian rate of pay appropriate to the appointments. Any subsequent transfer to a British staff appointment will involve reversion to Royal Warrant rate of pay which will continue unless and until the officer requalifies for Indian staff rates in India (other than in a British formation) or for the Indian Army regimental rates by service with an Indian Army unit on Indian Army rates of pay.

Transfer to British appointments (not in mixed formations) even though classified as "Indian" will involve reversion to Royal Warrant rates of pay.

Mixed Formations

8. The term "mixed formation" as used in this instruction applies only to headquarters of a Brigade, a Division or a Corps. It will not apply to any other formation.

A formation headquarters will be regarded as a "mixed formation" if it is initially British and fulfills the following conditions:

(a) *Brigade HQ.*—(i) The Brigade contains an overall proportion of 30 per cent. or more Indian troops; or (ii) there is at least one Indian battalion in the Brigade.

(b) *Divisional HQ.*—(i) The Division contains an overall proportion of 30 per cent or more Indian troops; or (ii) Each Brigade in the Division has at least one Indian battalion.

(c) *Corps HQ.*—The overall proportion of Indian troops in the Corps is 30 per cent or more.

The classification of a formation as a "mixed formation" will be published in Command orders by the overseas Commands 3 months after the date the composition thereof has been in force as laid down above. The Indian pay authorities will act on such orders.

Classification of appointments as "Indian"

9. Individual staff appointments of any type in any British or Allied formations or appointments of a miscellaneous character, other than at Brigade, Divisional or Corps headquarters, which require officers with Indian Army experience in view of matters affecting Indian troops with which a particular formation or headquarters is concerned, may be classified as "Indian" by the Command concerned either under his own authority or after obtaining approval of the War Office, as the case may be. Such classification will be acted upon by the Indian pay authorities.

Declassified E.O. 12356 Section 3.3/NND No. 785016

10. An officer who has once qualified for Indian rates of pay by virtue of holding an appointment in a "mixed formation" or an appointment classified as "Indian" will continue to receive such rates of pay while holding the same appointment even if classification of the formation or appointment is changed.

11. The term "staff appointment" as used in this instruction will include also administrative appointments and command appointments appropriate to Colonels and above.

12. This instruction will have effect from 1 Jul 44.

Officers who were not entitled to Indian rates of pay under Army Instruction (India) No. 387 of 1942 but will be entitled to such rates under this instruction, will receive such rates with effect from 1 Jul 44.

Officers who are receiving Indian rates of pay on the date of publication of this instruction under Army Instruction (India) No. 387 of 1942 but who are not entitled to such rates of pay under this instruction, will continue to receive such rates until they relinquish their present appointments.

13. Army Instruction (India) No. 387 of 1942 is cancelled with effect from 1 Jul 44. A I (I) No. 326 of 1940 except in so far as it relates to officers on temporary duty and courses of instruction is also cancelled.

14. These orders do not apply to British Service officers posted to staff appointments in the United Kingdom.

15. The term "outside India" as used in this instruction does not include Ceylon subsequent to 1 Nov 44 and South East Asia Command.

567. Officers—Postings and Attachments

1. Para 4 B of the above-mentioned order is hereby cancelled and with effect from 9 Jan 45 all postings and attachments from X (iv) List of officers, with the exception of those of Intelligence Corps, RAMC, RAPC, who are employable as normal reinforcements within their own Arms will now be carried out by AFHQ G1 (Br) A9-A10.

2. Powers of cross posting already delegated to formations will remain as heretofore.

3. In view of the foregoing, formations and units will, as from 2 Jan 45, forward one copy of weekly AF W3008 direct to the appropriate personnel section AFHQ G1(Br), in addition to the existing distribution.

568. Appointments—Staff Officers (Civil Affairs)

1. Reference is made to GROs 199 and 288 of 1945 (as amended by GRO 494 of 1945).

2. A Civil Affairs Selection Board has now been formed in this theatre for the purpose of interviewing officers of the rank of Lt-Colonel and below who apply for Civil Affairs Staff Appointments either in the Far East or Europe and Africa.

3. CASB is attached to G1(Br) AFHQ and will deal direct with formations in regard to all matters relating to applications under the above-mentioned GROs.

4. CASB is located at 26 VIA ROMA, CASERTA (Tel No. FEDERAL 149). Its official address is "Civil Affairs Selection Board, CMF." All enquiries should be made to the Secretary who will attend to points raised by applicants and endeavour to assist those who are not certain of their position or those who require elucidation of ACIs 1426 of 1944 and 173 of 1945.

5. It is intended to interview applicants who are located some distance away from AFHQ at various centres in CMF. A programme will shortly be prepared and issued to all formations by whom applicants are administered. Formations will be asked to arrange for applicants to assemble and be interviewed.

6. In accordance with GROs 199 and 288 of 1945 all applications are, in the first place, forwarded to the War Office for pre-elimination. No officers therefore can be interviewed until War Office gives instructions accordingly. A great number of applications are awaiting War Office decisions and until this is received no arrangements can be made to interview them.

7. In order, however, that officers may be interviewed in due course without undue delay, all applicants other than those who have already:—

(a) been informed that War Office has not accepted them;

(b) been requested to attend an interview;

(c) withdrawn their applications

will inform CASB of their present address and location (e.g. District, Area or Sub-Area) in CMF. Subsequent moves should also be notified as and when they take place.

8. British Service Officers attached to the Indian Army or officers of the permanent cadre of the Indian Army are NOT eligible for Civil Affairs in Europe and Africa.

(c) Officers and other ranks kit will be checked before they leave their units and deficiencies will be noted on page 3 of AB.X.803 and page 4 of AB.X.392.

Clearance Certificates.

(c) OsC units will indent at the nearest Stationery Depot for an adequate supply of Postal *Redirection* Cards and "Stop Writing" Cards.

Declassified E.O. 12356 Section 3.3/NND No. 785016

"Stop Writing" Cards should be despatched 10 days before the individual is due to leave her unit to ensure that correspondents are given enough notice of the individual's impending move.

572. Release

1. Release rolls prepared in accordance with the provisions of the War Office publication "Regulations for Release from the Army, 1945" para 342 were despatched by GHQ 2nd Echelon to all formations and units in this theatre during April 45.

2. Owing to the inevitable time lag which must occur before casualties submitted by Ost. Units are received and recorded by GHQ 2nd Echelon it is evident that there are a number of officers and ORs who have not yet been afforded the opportunity of agreeing or otherwise their age and service groups and prefixes as assessed by GHQ 2nd Echelon.

3. In order that such individuals may receive the appropriate data from GHQ 2nd Echelon without further delay the following action will be taken by all Ost. formations and units and establishments.

(a) Nominal rolls will be prepared in quadruplicate in respect of all individuals for whom particulars of age and service group and prefix letter have NOT yet been received.

(b) Rolls so produced will be in respect of all personnel serving with, or held by, unit as at 1 Jun 45.

(c) Separate rolls will be produced for:—

(i) Each Arm of the Service, Regt of Infantry or Branch of the Royal Artillery;
(ii) Officers held on posted strength;
(iii) ORs held on posted strength;
(iv) Officers permanently attached within WE;
(v) ORs permanently attached within WE;
(vi) Officers attached surplus to WE;
(vii) ORs attached surplus to WE.

(d) Nominal rolls will be prepared in accordance with the following headings and subheadings:—

Parent Arm or Branch

Serial No.	Army No.	Rank	Name	Initials	Posted Out of "X" Unit	Remarks

on 1 Jun 45 for whom details of age and service group and prefix letters have NOT yet been received.

(e) In cases where it is expected that an individual will proceed to another unit or formation within eight days of 1 Jun 45 the expected destination will be shown in the remarks column against the individual's name.

1872

Declassified E.O. 12356

(f) OSC hospitals, holding units, transit camps, etc., will include on rolls all appropriate personnel held by the unit but not within WE. In such cases personnel will be considered to be attached surplus to War Establishment but a note will be made in the remarks column to show each individual's status:—

e.g. (i) Patient
(ii) Held as fwe reinforcement
(iii) In transit
(iv) Employed on attachment

(g) Nominal rolls in quadruplicate will be despatched to GHQ 2nd Echelon, CMF, at the earliest possible moment after 1 Jun 45. Envelopes will be endorsed in the top right-hand corner GHQ 572.

4. On receipt of nominal rolls referred to above GHQ 2nd Echelon will prepare fresh release rolls for these individuals and despatch them by return to the unit submitting the nominal roll. Thereafter action will be taken by OC unit on the lines of the provisions of the covering letter forwarded by GHQ 2nd Echelon with the original release rolls despatched during April. It is expected that extracts in respect of individuals no longer serving with, or held by the unit, will not be required to be made but full details of action to be taken on these subsequent release rolls will be forwarded at the same time as they are despatched.

(Applicable British Service Personnel only.)

573. Release Position of Married Members of the Women's Forces under the Release Scheme.

ACI 394/45 is published below for information.

1. It is provided in Regulations for Release from the Army, 1945, para 301, that any married woman has the right to ask for, and be granted, release whatever her "Age/Service" Group, provided that her retention is not operationally vital and subject to a minimum of six months service.

2. When instructions are issued authorising the release of the first group or block of groups, any married woman may apply to her CO to be included therein.

3. If a married woman does not wish to be released in the first group, she will not forfeit her right to claim release at any later date but she will then be required to give her CO one month's notice of her intention, so that a replacement can be arranged if necessary. If circumstances permit, a CO may reduce this period of one month's notice at her discretion, but a married woman will not be retained in the unit for more than one month after giving notice of her wish to be released unless she is operationally vital.

4. If a married woman has not previously claimed release she will normally be released in her ordinary Age and Service Group if she wishes to continue serving beyond the time at which her Age and Service Group is being released, she may volunteer under the general conditions laid down in Regulations for Release from the Army, 1945, para 326.

She will not be required to sign a declaration that she is willing to serve until general demobilization is ordered, but will instead be required to sign a certificate in the following form:—

"I do not desire to claim release at present, but wish to continue serving. I understand that I do not forfeit any right to apply for release as a married woman at any time, if I wish, subject to giving one month's notice."

5. The Age and Service Group to be entered in the Release Book of a married woman will be her actual group and not the group with which she is being released. The letter (M) in brackets will be inserted after the number of the group.

6. It is not necessary that the marriage should have been contracted before the first releases begin. A woman acquires all the privileges referred to in para 1 above immediately on marriage, irrespective of the date of the marriage, and will retain them so long as she remains a married woman as defined below.

7. The definition of a married woman, as set out in Regulations for Release from the Army, 1945, is:—

"For the purpose of release a woman will be regarded as married provided the marriage is legally subsisting (i.e., not terminated by the death of the husband or dissolved or annulled by a Court of competent jurisdiction) and provided the parties are not separated by order."

(Applicable to British Service personnel only.)

GI (B) 12064/2/AII

574. Voluntary Deferment of Release—ATS & VAD

1. The following instructions are issued in amplification of GHQ 541/45 and apply to members of the ATS & VAD only.

2. The following amendment, in accordance with ACI 394/45, will be made to Appx B or C to GHQ 541/45 in the case of ATS and VAD volunteering to serve on after they are eligible for release.

Delete paragraph 13 and substitute the following:—

"I do not desire to claim release at present, but wish to continue serving. I understand that I do not forfeit any right to apply for release as a married woman, at any time, if I wish, subject to giving one month's notice.

I fully understand that if I am retained in the Army, I shall be subject to the normal rules regarding transfer, posting, promotion, pay, etc".

This provision also applies to those who marry after they have volunteered to serve on, and the amendment should therefore be made to Appendices B or C in every case.

3. Voluntary deferment of release of ATS and VAD whether married or single in Age/Service Groups 1 to 30 will be reckoned from 18 Jun

1945. Deferment of release of ATS and VAD in Age/Service Groups 11 to 13 will be reckoned from dates to be notified by the War Office from time to time.

4. The latest date on which a member of the ATS or VAD may volunteer for deferment will be that on which she would be due to leave her unit for release. She will be retained with her unit until confirmation of deferment is received. If deferment is refused, she will be despatched for release with her Age Service Group, or, if it is too late, at the next opportunity.

(Applicable to British Service ATS and VAD.)

586. Middle East Centre of Arab Studies

1. A course at the Centre of Arab Studies will start on 1 Aug 45 and finish 31 Jul 46.

2. The object of the course is to provide a small number of personnel with a knowledge of the Arab language and Middle Eastern history and the problems facing HM Government in the MIDDLE EAST.

Personnel who have successfully completed the course and who have the necessary other qualifications will have prospects of employment on either permanent or short term contracts in the Foreign Service, The Sudan Civil Service and possibly the Colonial Service, subject to their complying with the necessary regulations for entry to these Services—such regulations will be promulgated shortly.

Preference will be given in selection to those applicants who wish to enter these Services and are prepared to serve in the MIDDLE EAST. The advantages however of such a course for any students who may not ultimately be selected for these Services are obvious should they in that case wish to enter important business concerns in the MIDDLE EAST.

3. Qualifications required for candidates are:—

(a) Age limit — under 30 on 1 Aug 45, but personnel over this age will be considered if otherwise specially suitable.

(b) A high educational standard. Preference will be give to those who hold a University degree or who had embarked upon University training at the outbreak of war or were planning to do so.

(c) Candidates should preferably be unmarried.

(d) Applications from Regular Officers on the Active List, OR who are still serving on their current Regular Colour Service engagements, and from WE officers who have been graded A or B as a result of their interview at WOSB for Regular Commissions may be forwarded but candidates will not be accepted unless approved by the War Office.

(e) Candidates must if necessary agree to forego their rights for repatriation under PYTHON or similar schemes until the end of the course and when applicable defer their release under the Release Regulations 1945 of one or two years, as required to cover the period of the course.

(f) Every effort will be made to arrange 28 days leave in UK or country of domicile for those selected prior to proceeding on the course.

4. Prospective candidates will be required to be examined by a Selection Board from the MIDDLE EAST which will sit in CMF during the last week in June 1945.

5. Confirmation is being sought from the War Office that candidates selected to attend the course will retain their temporary rank.

6. Applications to be considered for attendance at the Centre will be submitted on the form shown at Appendix 'A' to this GRO, direct to G.1(B)(A5) at the earliest moment. Applications received after 20 Jun 45 cannot be considered.

(Applicable to UK and Dominion troops only.)

597. Leave to SOUTH AFRICA (SOUTHLOAN Officers)

1. SOUTHLOAN officers will in future be eligible for leave in SOUTH AFRICA after being absent from the Union on military service for three years. This scheme is similar to that applying to personnel serving with the UDF. As the number who can be absent at one time is limited, officers will not necessarily receive leave immediately they become eligible.

2. The period of leave is approximately 28 days in SOUTH AFRICA, and the period of absence from the unit about two months.

3. Officers will remain on the strength of their units. They cannot be replaced and no promotions can be made as a result of their absence. Leave is therefore conditional on whether the individual can be spared from his unit.

4. Pay during the leave period will continue to be the responsibility of the Union Government and will be on the same terms as for UDF personnel proceeding on leave.

5. If they desire to be considered for this scheme officers will, as they become eligible, submit their names to their commanding officers, stating the date upon which they were last in the Union. Commanding Officers will satisfy themselves of the eligibility of each applicant. They will then forward all names with dates of embarkation to GHQ 2nd Echelon, who will call forward in order of length of service abroad from SOUTH AFRICA. If an officer cannot be spared, the unit will inform GHQ 2nd Echelon, who will again call him forward in one month.

6. Normal unit casualties should be rendered reporting departure and return on leave. Date of emplaning and date of deplaning in CMF will be reported to GHQ 2nd Echelon by UDF Adm HQ (Main).

Declassified E.O. 12356 Section 3.3/NND No. 785016

7. Travel will be via UDF Adm Hq and the UDF Shuttle Service. No officer will leave his unit until the movement order is received from GHQ 2nd Echelon.

8. This scheme applies only to UDF officers seconded to the British Forces. It does NOT apply to SOUTH AFRICANS enlisted into the British Forces.

G1/B/4851/1/A4.

598. RAChD Leadership Courses

1. Arrangements have been approved for the attendance of officers and other ranks of all arms and services at courses of instruction in moral leadership to be held shortly by the Royal Army Chaplains' Department at selected centres in the CMF.

2. The object of these courses is to further the ideals of leadership, not only in religious faith, but in morale, discipline and fighting spirit. Similar courses have become a recognized feature of RAF training at home and abroad.

3. At the outset two centres will be established one for Roman Catholics, and one for all other denominations.

4. Selection of personnel will be by commanding officers in consultation with chaplains. The courses will be mixed, i.e., officers and other ranks, and students must be selected from among those who are volunteers, who show qualities of leadership, and who are intelligently interested in religion.

5. The courses will be of approximately nine days' duration.

6. Further particulars and detailed administrative instructions will be issued by the Deputy Chaplain General and Senior Chaplain (RC) at Allied Force Headquarters, direct to formations.

(Applicable to British personnel only.)

608. Reckoning of Service in the Palestine Police Force

Extract of AO 536/45 is published below.

1. Personnel who have served in the Palestine Police Force since 3rd September 1939, and have joined or have returned to the Colours will apply to their CO for service in that force to be reckoned towards calculation of Age and Service group only. Such service will *not*, however, be reckonable as service towards financial benefits connected with army service and release therefrom.

2. Production of a discharge certificate from the Palestine Police Force will suffice as evidence of this service.

1922

Declassified E.O. 12356 Section 3.3/NND No. 785016

3. Individuals claiming such service will submit a form, as shown in the Appendix to this ACI (reproduced as Appendix to this GRO) in triplicate to their COs. Any available proof will be attached to the application.

4. Applications will be dealt with as follows:—

(a) The OC unit will despatch applications (in triplicate) together with any available proof direct to GHQ 2nd Echelon.

(b) In cases where proof has been submitted and the service claimed is considered to be reckonable, GHQ 2nd Echelon will retain the application and will inform the War Office (in the case of officers) or appropriate OR Records (in the case of other ranks) of the amount of reckonable Palestine Police Force service. Age and Service groups will, where applicable, be amended accordingly and proof of such service will be sent to/or the OC unit for return to the individual.

(c) If insufficient proof is submitted with the application GHQ 2nd Echelon will forward the applications in triplicate to the War Office or the appropriate OR Records.

(d) The War Office, or the OR Records, as the case may be, will then transmit two copies of the application to the Colonial Office (Middle East Department) LONDON (in the case of officer service in the Palestine Police Force), or the Crown Agents for the Colonies, 4 Millbank, LONDON, S.W.1 (in the case of other rank service in the Palestine Police Force) for verification of the claim and for assessment of the reckonable service. One copy of the form duly completed will be returned; the other will be retained by the Colonial Office or by the Crown Agents for the Colonies for record purposes.

(e) The decision of the Colonial Office or the Crown Agent will be final and will be notified to the War Office or OR Records, to GHQ 2nd Echelon for amendment of the Age and Service group where applicable. The proof of service submitted by the claimant will be sent to the OC unit for return to the individual.

5. When reckonable Palestine Police Force service has been assessed, change of Age and Service groups will be notified in Part II III Orders in accordance with Regulation for Release for the Army 1945 (para 3). In the case of officers, the change in the Substantive date from which war service reckons will also be notified in Part II Orders. A copy of the Part II III Orders will be sent to the War Office (A.G. 3 (Stats).

611. Union Defence Forces Personnel with the British Army—SOUTHLOAN Scheme ACI 1380 and 1381 of 1944

1. At the end of the war in Europe and before the end of the war in the Far East, the South African authorities desire to effect a substantial reduction in the personnel of the Union Defence Force, although a number of Army units of the Union Defence Force and military personnel will be required to continue service elsewhere.

2. "SOUTHLOAN" personnel who contracted to serve with the UK Forces (i.e., those who are "seconded") signed an undertaking to serve for the duration of the war, and for such further period thereafter, until demobilization.

In spite of this undertaking and in order to meet the Union authorities' requirements, the War Office is prepared to consider the reversion to UDF control of "SOUTHLOAN" personnel who wish to be considered for demobilization under the Union Scheme, alongside other personnel of the Union Defence Force.

3. Particulars are therefore required of the "SOUTHLOAN" personnel, including WAAS, now with the British Army and the Colonial Forces who wish to continue to serve with either of these Forces, or in units of the Union Defence Force after the end of the war in Europe.

4. All "SOUTHLOAN" personnel are now invited to complete Form DD 88 A (Seconded) as soon as possible. Specimen of the form is shown at Appendix "B" to this GRO. Personnel will specify on the form whether they are prepared to serve for one or two years from the end of the war in Europe, with the UK Forces under the "SOUTHLOAN" Scheme if required, or in units of UDF. The form will be completed in duplicate. It should be made clear to "SOUTHLOAN" personnel that under this agreement they may have to revert to Union control if required for service in a UDF unit.

Personnel who desire to be considered for release or demobilization in their turn under the UDF Scheme will complete in original the form at Appendix "A" to this GRO. Applications will be submitted by 30 Jun 45.

5. The fact that an individual completes the form at Appendix "A" will not constitute a guarantee that he will be demobilized immediately and personnel should be warned accordingly.

Declassified E.O. 12356 Section 3.3/NND No. 785016

6. Disposal of the completed forms will be as follows:—

(a) OFFICERS.

(i) *Forms DD 88 J (Seconded) in duplicate* to GHQ 2nd Echelon, CMF, for Part II Order action and appropriate entry on AF B199A. GHQ 2nd Echelon will then pass the forms to AFHQ G1 (Br) A9 for disposal.

(ii) *Original* certificates on Appendix "A" to GHQ 2nd Echelon, CMF, for noting on AF B199A and onward transmission to AFHQ G1 (Br) A9 for disposal.

(b) ORs.

(i) *Forms DD 88 J (Seconded) in duplicate* to GHQ 2nd Echelon, CMF, for Part II Order action, appropriate entry on AF B103 and disposal.

(ii) *Original* certificates on Appendix "A" to GHQ 2nd Echelon, CMF, for noting on AF B103 and disposal.

(c) Subsequent disposal by AFHQ G1 (Br) A9 and GHQ 2nd Echelon of all above forms and appendices will be in accordance with War office letter 19/DEMOB/324 (AG1A) of 7 May 45.

7. Form DD 88 J (Seconded) and Appendix "A" will be reproduced by units under local arrangements.

(Applicable to UDF and WAAS "SOUTHLOAN" personnel only.)

615. AFV Equipment

1. The attention of formation and unit commanders is directed to the undermentioned provisions of para 5 of GRO 274/45, relating to AR6 procedure for the replacement of vehicle kits and equipment.

"5 (b) During non-action periods Part III equipment will be removed from vehicles before issue and vehicles will, therefore, be issued with Parts I and II equipment only. Part III equipment will be provided from the equipment held on charge by units.

5 (c) As an exceptional case in battle, AFVs may be issued with Part III kits. This will be done if the unit making the demands verifies the operational necessity of immediate replacement and states the circumstances under which the loss of Part III equipment occurred."

2. In future replacement AFVs will be issued by ARG without Part III kits, in accordance with para 5 (b) of the GRO.

8381/Q(AF).

616. Surplus AFV Equipment

1. The expected shipment of AFVs to other theatres will require a considerable amount of tools, armament and equipment which can be realized only from present theatre resources.

2. In order that all AFVs are shipped with complete equipments, formation and unit commanders will ensure that items surplus to the authorized table of tools and equipments are immediately transferred as follows:—

(a) Wireless sets and installation kits to Wireless and Signals RSD, 557 BOD.

(b) Guns and Small Arms:—

(i) Serviceable to 3 Sub-Depot, 557 BOD.

(ii) Doubtful to RSD, 557 BOD.

(iii) QF Guns ex AFVs to Rear Gun Park, 557 BOD.

(c) All other items of AFV tools and equipment:—

(i) From Armies and Nos. 1 and 2 Districts to HQ Main AFV Kit Stores, 38 Vehicle Coy, PESA(G).

Declassified E.O. 12356 Section 3.3/NND No. 785016

(g) From 3 District to No. 1 Detachment, AFV Kit Stores, c/o 12 Vehicle Park, NAPLES.

3. The surplus equipment listed above will be handed in by 20 Jun 45.

8384/Q(AE).

617. Driving Discipline

1. Considerable damage is being caused to vehicle engines and transmission through the practice of engaging a lower gear when slowing up. This method was encouraged in the past due to the inadequacy of the brakes of early heavy vehicles, but with modern vehicles it is not only unnecessary, but has an adverse effect on the life of the vehicle.

2. Drivers will be instructed that, apart from their normal function, low gears will only be used to check vehicle speeds while descending steep hills; under these conditions the gear which would normally be used to ascend a particular hill should be engaged for the descent.

3. The practice of changing down to a lower gear at excessive road speed when approaching a gradient or obstacle should also be strongly discouraged.

(Applicable to all British troops.)

Such remittances are arranged through normal banking channels and are subject to the approval of the Bank of ENGLAND Exchange Control. They will normally be limited to £50 a month a person with a maximum of £150 a month a family.

The attention of all officers and other ranks who have families resident in liberated FRANCE and who may therefore now qualify for family allowances should be particularly drawn to paragraphs 4 and 5 of the ACI, which detail in full the conditions for the issue of the allowances.

2. With regard to paragraph 7 (a) of ACI 331/45, special arrangements have been made by the War Office to facilitate and expedite payment of remittances. Officers and other ranks who are eligible and wish to participate should submit applications as follows to the local Command Paymaster:—

(iii) All officers claiming the issue of family lodging allowance under this Act will submit an application to the U.K. Army Pay Office (Officers' Accounts), Manchester, as soon as possible after the grant of a permit by the Bank of England and the completion of the necessary arrangements by his bankers for the remittance of the amount authorised to his family. (c) Where no application for special separation grant has been made but family allowance is granted on a soldier's application in order that such an allowance may be remitted to his family in France, remittances may be made with effect from the appropriate date in para 1 or the date of enlistment, if later, provided that the soldier's pay account is sufficiently in credit to enable the award of family allowance to be made with authorised retrospective effect.

(d) A soldier wishing to make a voluntary allotment from his pay within the permissible limits in addition to the qualifying allotment may do so provided that the total amount which thereby becomes available for remittance to his family is not in excess of the maximum limits for remittances referred to in para 1. Marriage and/or birth certificates, or alternative acceptable evidence required in connection with the claim to family allowance, will be provided if it has not already been sent by the regimental paymaster.

(ii) In the case of other relatives, AF 1758A will be submitted in accordance with normal arrangements.

5. *General.*

(a) Special arrangements will be made to enable officers and other ranks serving overseas to make permitted remittances without incurring the delay which would be occasioned by the use of postal communications.

(b) Except in such special cases as may be authorized by the War Office, dependents' allowance will not be payable to, or in respect of, any persons living outside the United Kingdom or Eire.

(c) Cases in which other ranks wish to make remittances to France within the limits shown in para 1 above from private resources in addition to family allowance or voluntary allotment, will be submitted to the War Office (P5).

(d) If the command paymaster concerned finds it necessary to pass less than the amount of family allowance, etc., authorised by a regimental paymaster, he will give instructions for any unpaid amount to be recredited to the other rank's account at the end of every three months, the other rank will be so informed.

6. *Personnel of the A.T.S. and N.A.A.F.I. members.* The provisions of this Act will, in so far as they are appropriate, apply in personnel of the ATS and to NAAFI members enrolled for employment under the Army Council who have relatives in France.

635. Elections—General Election—Postal Voting Arrangements

1. ACI 574/45 is issued in conjunction with this GRO. It is hereafter referred to as "the ACI."

2. The provision of adequate facilities to enable every entitled officer and other rank to vote will be the personal concern of commanders at all levels.

3. Practicability of Voting (paras 4 and 5 of the ACI).

It is considered that postal voting will be practicable throughout the theatre. Any local commander who considers that it is not practicable within his command will at once inform through the usual channels the Army, Corps or District Commander concerned, who will decide the question. Any cases in which it is decided that postal voting is not practicable will be reported at once to AFHQ G(Br)A1.

4. Postal Voting Officers (paras 8–10 of the ACI).

Postal Voting officers and deputies will be appointed forthwith in all units, HQ, etc.

5. Polling Day (para 13 of the ACI).

Since ballot papers will not reach all men of a unit on the same day it will rarely be possible to have a single Polling Day. The following principles will be observed:

(a) The main Polling Day should be fixed not earlier than two days after the majority of men have received their ballot papers and not later than three days before the last day for posting ballot papers (see para 8 (d) below).

(b) A second opportunity should be given on the day before the last day for posting.

(c) Further opportunities should, if necessary, be given up to the last day for late posting (see para 8 (e) below).

6. Operational and Stationary Units (para 17 of the ACI).

All units in the theatre will be considered stationary units except such as may be declared to be operational units by Army, Corps or District Commanders. Such exceptional cases will be kept to a minimum and will be reported to AFHQ G(Br)A1.

7. Ballot Boxes (para 18 of the ACI).

Ballot boxes must be safeguarded from interference while they contain ballot papers.

8. Collection and Posting of Ballot Papers (para 19 of the ACI).

(a) Ballot boxes will be cleared at the end of each Polling Day.

(b) The contents will be counted and placed in a special mailbag, which will be delivered at once to the APO.

(c) Each mailbag will carry a large label marked boldly in red "ELECTION," and bearing in addition:

(i) name of unit
(ii) number of envelopes enclosed
(iii) date of delivery to APO

(d) The last day for posting will be taken as 15 July 45. Special arrangements have been made to ensure that ballot papers posted on or before that date reach Returning Officers in time to be effective.

(e) The last day for late posting is 18 July 45. There is a reasonable chance of ballot papers posted up to that day arriving in time, but this CANNOT be guaranteed.

9. Transit Camps, Hospitals, etc.

Transit camps, hospitals and similar units holding transient personnel will provide facilities for voting in the same way as other units.

10. Redirection of Ballot Papers.

(a) Ballot papers addressed to personnel who have left their unit, or who will be absent during the voting period, will be redirected to the new address, transit camp, hospital, etc. Those addressed to personnel on LEAP, PYTHON, etc., will be dealt with in accordance with existing instructions. Such letters should be specially handed into the APO to ensure prompt delivery.

(b) Ballot papers for personnel who will return to the unit during the voting period will be retained.

(c) These instructions will necessitate special arrangements for mail distribution at transit camps, etc., to which mail, other than for the permanent staff, is not normally delivered.

(d) Where units, as opposed to individuals, leave this theatre for the United Kingdom before receipt of the ballot forms, arrangements have been made for the special return of the forms to the Home Postal Centre, NOTTINGHAM. It will be the duty of the CO of such units to make priority application to the Home Postal Centre for his unit's mail immediately upon disembarkation.

11. Northern Ireland Election.

This GRO and the ACI apply equally to the NORTHERN IRELAND Election, except that the last day for posting will be 24 June 45, and the last day for late posting 28 June 45. No guarantee can be given that forms posted on this latter day will be delivered in time.

12. Change of Address.

It is again emphasized that new AFs B2639 and AFs B2545 should be submitted at once by all who change, or have already changed, their unit since despatching previous forms. This should be noted by those returning to the UK on leave or posting.

637. Sports Grounds

GHQ 126/45 is republished.

1. There is a great need in the theatre for sports grounds, and this need is likely to increase. Owing to the nature of the country it is difficult in many localities to improvise grounds, and it is therefore important that existing grounds should not be used for other purposes unless absolutely necessary.

2. In future no sports ground will be used for any other purpose unless the formation or area commander concerned is satisfied that it is operationally necessary or that a serious loss of efficiency would result from the use of an alternative site. Where this is held to be the case the ground will be released for use for its proper purpose as soon as conditions permit.

3. Formation and area commanders will examine the use to which sports grounds in their territory are now being put, and will release those being used for other purposes unless a serious loss of efficiency would result.

(Applicable to all troops.)

2. The instructions in the following paragraphs relate to the reporting of casualties in respect of those personnel who have volunteered for one or two years and whose applications have been confirmed.

3. These instructions are divided into two parts, viz.:—

(a) when the normal time for release of the individual's Age/Service Group has been announced and

(b) when the normal time for release has NOT been announced.

4. (a) PROCEDURE WHEN NORMAL TIME FOR RELEASE HAS BEEN ANNOUNCED

In those cases where retention has been confirmed and the normal time for release of the individual's Age/Service Group has been announced, the following procedure will be adopted:—

(i) GHQ 2nd Echelon will publish the casualty in Part II Orders and according to whether the period is for one or two years, will add the prefix DV (1) or DV (2) respectively to the Age/Service Group recorded on the documents laid down in Release Regulations, para 316.

(ii) GHQ 2nd Echelon will enter the date of the normal time for release of the individual's Age/Service Group on AF B199 or AF B103 as applicable.

(iii) On receipt of the Part II Orders the OC unit will add the prefix DV (1) or DV (2) to the Age/Service Group in AB 439 or AB 64, Part I, as applicable (see para 7 of AFHQ Release Instructions).

(iv) The OC unit will also enter under the Age/Service Group in AB 439 or AB 64, Part I, the normal date for release of the individual's Age/Service Group.

4. (b) PROCEDURE WHEN NORMAL TIME FOR RELEASE HAS NOT BEEN ANNOUNCED

In those cases where retention has been confirmed but the normal time for release of the individual's Age/Service Group has NOT been announced, the procedure will be as follows:—

(i) GHQ 2nd Echelon will publish the casualty in Part II Orders and, according to whether the period is for one or two years, will add the prefix DV (1) or DV (2) respectively to the Age/Service Group recorded on the documents laid down in Release Regulations, para 316.

(ii) On receipt of the Part II Order the OC unit will add the prefix DV (1) or DV (2) to the Age/Service Group in AB 439 or AB 64, Part I, as applicable.

(iii) When the normal date for release of the individual's Age/Service Group is eventually announced GHQ 2nd Echelon will publish a further Part II Order quoting that date and will enter it on AF B199s or AF B103 as applicable.

(iv) On receipt of this further Part II Order the OC unit will enter the date under the Age/Service Group in AB 439 or AB 64, Part I, as applicable.

653. Service Ammunition—Use of for Drill, Instructional and Demonstration Purposes

DEFINITIONS.

1. For the purposes of this GRO the word(s)—

(a) AMMUNITION includes all natures of British, Allied and enemy ammunition and explosives other than anti-tank mines and anti-personnel mines.

(b) DRILL refers to loading drill, etc., with Field GD, AA and Anti-tank artillery, mortars, small arms, and to arming drill with grenades, etc.; it does not apply to cases where live ammunition and explosives are deliberately fired to supplement other forms of drill, e.g., simulation of battle noises or any other forms of battle inoculation.

(c) DRILL AMMUNITION apply to inert ammunition which contains no explosive and is used for loading drill, etc.

(d) PRACTICE AMMUNITION mean ammunition containing explosive and used for practice firing.

USE OF LIVE AMMUNITION.

2. Live service and practice ammunition will never, under any circumstances, be used for drill purposes.

3. (a) The use of live ammunition for instructional and demonstration purposes will be restricted to cases where it is essential and where ammunition free from explosive will not serve the purpose.

(b) In such cases every precaution will be observed, and the number of men per class will be restricted to the absolute minimum unit, e.g., instructor plus one gun team, etc. Large classes will not in any circumstance crowd around an instructor who is handling live ammunition.

USE OF DRILL AMMUNITION.

4. Ammunition specially manufactured for drill and instructional purposes is clearly marked to avoid error.

5. In the MIDEAST theatre certain types of service ammunition were freed from explosive for drill and instructional purposes. This was done only upon GHQ authority and such ammunition was given distinguishing markings to avoid confusion with live ammunition. Such markings consisted of the stencilled letters "FFE" (i.e., free from explosive) or in some cases (e.g., artillery ammunition) the word "DRILL." A white band is stencilled round grenades, anti-tank and anti-personnel mines which are free from explosive. This information is given in case any of these items have found their way into this theatre.

6. Any ammunition and package not containing special markings must be considered to contain explosives, and will be treated as live.

7. Attention is drawn to GRO 425/45, which forbids unauthorized experiments with, or breaking down of ammunition.

8. Parallel instructions dealing with anti-tank and anti-personnel mines (including grenades No. 75) are contained in GRO 654/45.

9. OC units will ensure that a copy of this GRO is pasted to the inside of all gun drill and weapon training instruction books.

Declassified E.O. 12356 Section 3.3/NND No. 785016

654. Anti-Tank and Anti-Personnel Mines —Use of for Drill, Instructional and Demonstration Purposes

Since sufficient quantities of anti-tank and anti-personnel mines free from explosives are not available, and since to prohibit the use of live mines would seriously prejudice operational training, live mines may be used *provided that the instructions given below are rigidly enforced.* For the purpose of this GHQ grenades No. 75 are considered mines anti-tank.

Mines

1. *Enemy*

(a) A live mine will never be used for demonstration or instructional purposes if it contains a detonator or live igniter, except under the conditions laid down in para 6 below. A mine will always be assumed to contain a detonator or igniter, unless inspection by a competent instructor, familiar with the mine in question, has established that neither is in fact present.

(b) A detonator will never be inserted in a mine (fuzes and see para 6 below).

(c) A live igniter will never be inserted in a mine.

2. *Allied.*

(a) Types where arming is performed by inserting a "fuze" comprising detonator, igniter and booster as one unit.

(i) Arming will only be performed out of doors.

(ii) Classes will be limited to one instructor and eight students. They will be the only persons allowed within a radius of 100 yards.

(iii) The safety pin when fitted, will not be withdrawn.

(iv) The fuze will be withdrawn before any pressure plate is screwed on, or otherwise fitted to the mine.

(v) The above precautions may be relaxed to the extent indicated in para 7 below when practising laying drill by students who have already undergone instruction in the method of arming the mines being employed.

(b) Types where igniter and detonator are separate, as with enemy mines.

The precautions laid down for enemy mines in para 1 will apply.

Igniters and Detonators, Allied and Enemy.

3. If detonators or igniters have to be removed from a mine, to enable it to be used for instructional purposes, this will be done *only* by a competent person familiar with the mine. He will be alone and out of doors when the operation is being carried out and no other person will be allowed within a radius of 100 yards. NO ATTEMPT will be made, however, to remove the detonator from a Tellermine T. Mi. 35 or T. Mi. 35 (Steel) without the employment of the special tool. It is stressed that the removal of detonators may be a dangerous operation. With most types of mines the detonators should fall out when the mine is held appropriately and shaken gently. IF A DETONATOR STICKS NO ATTEMPT WILL BE MADE TO REMOVE IT BY FORCE. SUCH MINES WILL BE DESTROYED. The T. Mi. 43 often gives trouble of this nature.

4. The removal of igniters from mines will only be carried out as in para 3 above unless it is known for CERTAIN that the mine does not contain a detonator. In the case of Tellermines which could contain the T. Mi. Z. 43 igniter, this will, in addition, only be done by remote control.

5. Before an igniter is used for instructional training with mines it will be rendered safe as under:

(a) Percussion type — Cap will either be removed or fired.

(b) Chemical type — Chemicals will be removed.

(c) Friction type — Igniter will be operated by pulling.

If the above has not been carried out the igniter will ON NO ACCOUNT be inserted in a mine.

Igniters which have been rendered safe in the above manner will have a narrow white band painted round them for easy identification.

6. If a detonator has to be inserted into a live igniter, to demonstrate the method of insertion, precautions as in para (2) (a) (i) and (ii) will be observed. This practice will be avoided as far as possible and is NOT necessary when teaching DISARMING of mines, as opposed to ARMING.

Precautions for laying drill

7. (a) *Enemy mines.* Laying drill with enemy mines is prohibited.

(b) *Allied mines.* The following precautions will be observed.

(i) Safety pins will not be removed from fuzes or igniters.

(ii) A competent instructor will list separately the quantities of mines, fuzes, igniters and detonators being employed (by types) before the drill commences. He will check that no mine contains a fuze, igniter or detonator.

(iii) At the conclusion of the period, the instructor will again check the above components against the list and ensure that these tally. He will also check that no fuze, igniter or detonator remains in any mine.

(iv) As handling is liable to weaken shear wires and increase the sensitivity of the types of explosive employed in fuzes and detonators to a dangerous extent, both these latter will be destroyed at the conclusion of each days training. The igniters, if used, will have been rendered safe under para 5.

(v) Mines will not be laid in the open during training, even with safety pins left in, if there is any possibility of their being driven over by any vehicle.

8. The enemy has recently been crating all R. Mi. 43 already fully armed. This practice may spread to other types. Enemy mines will therefore, never be handled, except as laid down in GHQ 517/41. Mines to be rendered safe under para 3 above will be considered as coming under para 4 (a) of GHQ 517. Such mines will be kept to a minimum and will always be selected from those in dumps, in preference to ones which have been laid. They will not be brought indoors or into the vicinity of other explosives until the operation has been completed.

Declassified E.O. 12356 Section 3.3/NND No. 785016

IMPORTANT NOTE: On one occasion the detonation of the U. S. Mk IV antitank mine resulted in the death of 69 men and injury to 87 others of an instructional class. Some of the 87 injured men subsequently died from their wounds.

Later the detonation of a single Grenade No. 75 resulted in the instantaneous death of 2 men and injury to 27 others of an instructional class. Many of the injured men were blinded.

Recently 20 officers and men were killed and 20 seriously injured when a R. M. 43 detonated on being demonstrated to an instructional class.

The above are not isolated cases.

655 Travelling Allowances

1. The following instructions regarding the issue of travelling allowances are published for information. They show separately the basis on which allowances may be claimed by all ranks:—

(a) Travelling in this theatre.

(b) Visiting UK on temporary duty.

(c) Visiting MIDDLE EAST on temporary duty.

PERSONNEL TRAVELLING IN THIS THEATRE

2. The general conditions of Section 6 III of Allowance Regulations preclude the issue of travelling allowances on Active Service and such allowances will NOT therefore be generally admissible to personnel travelling or absent from their stations on temporary duty within this theatre. Such personnel will whenever possible, be accommodated in Mess accommodation or billets and rationed in kind. Transit Camps and Hotels will be established and used as far as possible, charges being limited to such items as officers, warrant officers and sergeants may normally be expected to meet themselves, i.e., cost of locally purchased foodstuffs additional to the ration, personal laundry (officers), etc. The maximum level of these charges will be laid down from time to time by AFHQ.

3. Personnel will not normally occupy accommodation intended for rest purposes, whether provided by the Army, by EFI or by voluntary bodies. Where such accommodation is necessarily occupied by personnel on duty repayment of charges in excess of the maximum laid down for transit hotels by this HQ will be made provided the following certificate is obtained from the Town Major at the time and is attached to the claim submitted on AF O1771:—

"Number ..... Rank .....

Initials and Surname .....

is authorized to stay at .....
(name of rest accommodation)

from ..... date .....

to ..... date .....

inclusive. He has produced adequate evidence that he is on duty. No other suitable accommodation is available.

Place ..... Date .....

Signature ..... Rank .....
Town Major."

4. In exceptional circumstances where personnel are put to additional expense in the course of their duties, a claim for actual "out of pocket" expenses should be submitted on AF O1771 together with an explanation of the circumstances to the appropriate Command Paymaster. It is emphasized however, that charges for accommodation in civilian hotels will not be admitted if billets are available.

PERSONNEL VISITING UK ON TEMPORARY DUTY.

5. *Officers.*

(a) Officers visiting the United Kingdom on temporary duty who are not provided with accommodation at the public expense during the course of their stay, are governed by the terms of AC1 795/40 in so far as entitlement to travelling allowances is concerned. Their position in regard to these allowances is briefly as follows:—

If stay is for either one or two nights	}	Rate 1 Allowance (Regulations 1941 Paragraph 371)
If visit may involve a stay exceeding two nights but not expected to exceed eight nights in one place	}	Billeted and entitled to Travelling Allowance of 8/6d a night
If detention will exceed eight nights	}	Billeted and entitled to Ration Allowance only

(b) Officers of the rank of major and above whose stay exceeds two nights may be placed on the Lodging List at single rates instead of being billeted, and then would be entitled to Lodging, Fuel and Light, Servant and Ration Allowance for the period of the stay. Officers will ensure that branches sponsoring their visits publish the necessary casualties in Part II Orders.

(c) An officer making use of the accommodation in which his family is living may draw an allowance at the rate of 8/6d a night if the period is not expected to exceed eight nights. If the period is expected to exceed eight nights, the officer will be regarded as having rejoined his family, and allowances will be adjusted accordingly.

(d) Officers visiting the War Office or other Service Departments on temporary duty, should report on arrival to the branch or unit sponsoring their visit and ask them to arrange accommodation. Nightly rates of detention allowance are not admissible except when:—

(i) It is CERTAIN that the stay will NOT exceed two nights.

(ii) The stay is expected to exceed two nights and the officer arrives too late to be furnished with a billet or public accommodation and has necessarily to make arrangements at his own expense for accommodation for the first night. In this case Travelling Allowance at Rate 1 is admissible for the first night's stay only.

OTHER RANKS/AUXILIARIES

6. (a) Other ranks and auxiliaries disembarking in United Kingdom will normally be provided with sufficient food for the journey to destination under arrangements made by Movement Control. When food cannot be provided a Cash Allowance will be made by the Imprest Holder or Embarkation Paymaster.

1973

Declassified E.O. 12356 Section 3.3/NND No. 785016

(b) Other ranks and auxiliaries will normally be provided with accommodation at Public expense during the course of their stay and only in very exceptional circumstances will accommodation or billet not be available.

(c) Other ranks and auxiliaries who are not dining members of a mess will provide their own food for journeys other than from a port of disembarkation and will be entitled to claim Travelling Allowances on AF 01771 as laid down in para 371 Allowance Regulations, 1944, such claims to be endorsed to the effect that the claimant was not a dining member of a mess. If they are dining members of a mess, food will be provided under unit arrangements and Travelling Allowances will not be admissible.

(d) Incidental bus, tube or taxi fares should be claimed on AF 01771.

7. Movement orders for personnel visiting United Kingdom will include a copy of paras 5 and/or 6 of this order.

PERSONNEL VISITING MIDDLE EAST ON TEMPORARY DUTY

8. (a) Officers when travelling on duty to the MIDDLE EAST will normally be provided with accommodation and rations under military arrangements.

(b) In cases where an officer is despatched on temporary duty away from his normal station for a short period which is expected to involve a stay exceeding two nights in any one place, the despatching authority will give advance notice of the visit to the unit or establishment at which the temporary duty is to be performed in order that, whenever possible, accommodation may be provided under military arrangements. When such accommodation is not available, the G or Q Staff, Garrison Adjutant, Commandant Transit Camp or other officer appointed for this purpose at the station (or if no such appointment exists, the local OC Troops) will give a certificate to this effect to each officer concerned, who will then make his own arrangements for accommodation and claim the appropriate allowance, this certificate must be produced in support of the officer's claim for travelling allowance.

(c) When an officer, travelling on temporary duty, expects to stay in any one place for either one or two nights only, and is not provided with accommodation under military arrangements, travelling allowance for one or two nights at Rate 1 (vide Allowance Regulations, 1944, para 371) may be allowed. If, however, the officer is necessarily detained beyond two nights he will apply to the appropriate authority, as in para (b) above, and *then*, if no suitable accommodation can be provided under military arrangements, he will obtain the requisite certificate to support his claim for the issue of Travelling Allowances for the period in excess of two days.

(d) When an officer arrives at a place, where he will stay more than two nights, too late to obtain accommodation provided under military arrangements and has necessarily to make his own arrangements for hotel or equivalent accommodation, he may be allowed Travelling Allowance at Rate 1 for the first night's stay only. In such cases the officer will apply immediately on the following day to the appropriate authority for accommodation to be provided under military arrangements.

(e) When joining a new permanent duty station officers will not be entitled to Rate 1 Travelling Allowance for the night of arrival.

(f) Camp kit or bedding will be taken by all officers proceeding on temporary duty unless it has been ascertained in advance or notified in Orders that this is not required, or when travelling by air.

(g) The provisions of paras (b), (c) and (d) above will not apply to officers of the rank of colonel and above, who will make their own arrangements where possible and draw Travelling Allowances or Lodging Allowances under appropriate regulations when WD accommodation is not occupied.

(h) Special arrangements for CAIRO are detailed in Appendix "A" to this order.

OTHER RANKS/AUXILIARIES

9. Other ranks and auxiliaries travelling on duty in the MIDDLE EAST will normally be fed and accommodated at Public expense, and only in exceptional cases where no arrangements have been made, will Travelling Allowances be admissible at the rates laid down in para. 371 Allowance Regulations subject to the conditions of paras 374, 377 and 379.

Incidental charges such as bus fares should be claimed on AF 01771.

10. Movement orders for personnel visiting MIDDLE EAST will include a copy of paras 8 and/or 9 of this order.

APPLICATION OF THIS ORDER

11. (a) The conditions of this GRO will apply equally to seconded WAAF personnel, and will also cover Canadian Army personnel loaned or attached to, or on interchange duty in the British Army. ACI 1593/44 refers.

(b) This GRO is also applicable to the Indian Army. Claims on AF 01771 will be submitted to the appropriate Command Paymaster for approval. Claims if approved, will be returned to the unit for payment from Imprest Account.

CANCELLATION OF PREVIOUS ORDERS

12. The following GROs are *cancelled*:—

APPENDIX "A" TO GRO 655/45

ACCOMMODATION IN CAIRO. OFFICERS ON TEMPORARY DUTY OR IN TRANSIT

1. An agreement has been made whereby accommodation will be provided under military arrangements at the Grand Hotel, CAIRO, for officers visiting CAIRO on temporary duty or in transit, when no other suitable WD accommodation is available. For officers referred to above, it will be obtainable only through the Accommodation Information Centre which has been established at the office of the Town Major at Ayrout's Buildings, SIKKET MOHAMED MAZLOUM PASHA.

2. (a) In allocating accommodation at the Grand Hotel, the Town Major will provide each officer with a special requisition (in duplicate), both copies of which will be handed by the officer to the hotel management. It will entitle him to full accommodation and meals (morning tea, breakfast, lunch and

1978

Declassified E.O. 12356 Section 3.3/NND No. 785016

dinners in accordance with the daily menus at the hotel for the period of his stay as shown on the requisition. If the period of his stay on temporary duty or in transit is indefinite the requisition will be completed for a definite period and additional requisitions as required will be obtained in advance by the officer in person from the Town Major. Failure to obtain the additional requisitions will render the officer liable to meet the whole of the hotel bill for the period not covered by the requisitions with no corresponding entitlement to allowance.

(b) The officer will be required to contribute PT 7/- (PT 5/- for officers of Women's Services) per day towards the cost of his messing for each day he is accommodated at the hotel at public expense. This sum will be paid together with his bills for "extras" direct to the hotel before his departure. He will not be entitled to *Travelling Allowance or Ration Allowance for this period.*

(c) Prior to his departure the officer will complete the certificate at the foot of the requisition form on both copies which will be retained by the hotel management. The officer will insert in this certificate the actual period/periods covered by the requisition during which he was in residence and was entitled to accommodation at public expense by virtue of being on temporary duty or in transit.

(d) For any period of leave during his stay at the hotel, the officer will be required to pay his hotel bill in full direct to the management before his departure. Should any portion of such leave occur within the period covered by the requisition, it will be excluded from the period shown on the certificate at the foot of the requisition.

(e) The officer will be held personally liable for any expenditure to which public funds are wrongly committed by his failure to complete correctly the certificate at the foot of the requisition.

656. Rations and Accommodation—U.S. and British Civilians

1. British Army rations and accommodation will only be supplied to U.S. and British civilians other than those of organizations listed at Appendix "B" after approval of Army District HQ has been obtained. When travelling U.S. and British civilians may be accommodated at Transit Camps or Transit Messes upon production of the Army or District authority referred to above. Application for approval will be submitted by the Unit HQ concerned through the usual channels and will include the following particulars:—

(a) Information on the official status of the civilian or organization concerned.

(b) A note on special factors which make the issue of rations or provision of accommodation desirable.

(c) Comments by Formation/Area/Sub-Area/Garrison HQ concerned on the practicability and desirability of the issue of rations or provision of accommodation.

(d) A copy of any authority held by the civilian organization to draw British Army rations and to occupy British Army accommodation.

(e) Units by which the individual civilians or organizations will normally be attached for the purpose of drawing rations and for accommodation.

2. In no case will authority be given to individual civilians to draw rations direct from DIDs.

3. A copy of the decision will be sent to the Command Paymaster and to the Financial Adviser as shown in Appendix "A" by the Army/District HQ concerned.

4. With certain exceptions listed in Appendix "B", for which special recovery arrangements exist, rations are issued and accommodation provided against repayment on the spot. Civilians will accordingly be required to pay for their messing and accommodation monthly, or before they leave the unit.

5. The rate to be charged for rations will be (for both male and female civilian personnel) the UK or Higher Rate of Ration Allowance as notified in CDOs, abated by 6d.

6. The rate to be charged for accommodation will be notified when approval for occupation is given. In assessing rates the following principles will be observed:—

(a) Where separate accommodation is provided, the individuals or organization will be charged the full cost of the hiring. When accommodation is provided by the local government without cost to the WD, the rate charged will be a fair rent as assessed by the local Hirings Officer.

(b) Where accommodation is provided in buildings or camps in military occupation, the rate will be the normal billeting charge appropriate to the locality. Billeting rates at present in force are:

GREECE	90 drachma inside ATHENS. 60 drachma outside ATHENS
NORTH AFRICA	15 francs.
ITALY	50 lire.

(c) The above charges will not apply in GREECE or NORTH AFRICA where the accommodation is provided in hotels. In such cases the charge will be the actual cost of the accommodation plus a service element as assessed by the local Hirings Officer.

7. Unit Commanders will be responsible for securing payment as above and will credit the sums received in their Imprest Accounts supported by a nominal roll, a copy of which will be forwarded to the Financial adviser, AFHQ, in form shown in Appendix "C".

658. Unit Maintenance Inspectorate Increment (Electrical and Mechanical Plant and Earth Moving Machinery of Vote 10)

1. Reference GHQ 507/43.

2. An increment to Unit Maintenance Inspectorate is being formed for the inspection of Electrical and Mechanical Plant and Earth Moving Machinery of Vote 10.

3. The functions of the Inspectorate Increment are :—

(a) To assist units to improve the standards of maintenance of their plant.

(b) To advise units on all matters in connection with the operation of their equipment.

(c) To bring to the notice of all concerned any factors which may be hampering units in the correct maintenance of their plant.

4. Inspectors are empowered to visit all British, Indian and Allied units who are supplied with plant from WD sources. Inspectors will have in their possession an authority issued by AFHQ, entitling them to inspect units. This authority will be produced on demand.

5. Units to be visited will be nominated by Engineer Section, DES, AFHQ, who will issue instructions direct to the Inspectorate.

6. Distribution of Inspectorate reports will be to unit, 'Q' HQ and EME Branches of formation HQs concerned together with the following Branches and Services at AFHQ :—

(Applicable to all troops)

8450/48 Q(AE).

659 Engine Chests

1. Reference GHQ 545/44.

2. Engine Chests containing repairable "A" and "B" vehicle engines are still being damaged beyond repair whilst in transit, due in many cases to incorrect packing.

3. It is stressed that a considerable percentage of repairable engines are despatched from this theatre to MIDEAST for overhaul and the importance of good packing to safeguard chests in transit on this long L. of C. cannot be over emphasized.

4. Shortage of timber renders the production of new engine chests a serious problem, and unless existing chests are kept in use for the maximum time possible, there will be an inevitable delay in the despatch of serviceable engines.

5. All units will make every effort to pack a repairable engine as well as the serviceable engine received. The fullest use will be made of nuts, nonggers, wood cradles and all securing materials, in order to prevent damage to engine chests and the engine sub-assemblies.

6. Failure to drain engine oil from sumps prior to packing has caused considerable damage to other cargo. In all cases sumps will be drained before engines are crated.

7. Consideration will be given to disciplinary action against anyone who wilfully damages engine or assembly chests, or uses them for any purpose other than that for which they were intended.

(Applicable to all troops)

8450/46/Q(AE).

660 Movement of Italian Military Personnel

1. Arrangements now exist whereby regular provision is made for conveyance of Italian Military personnel including Co-operators, on duty or leave, by box cars on freight train service.

2. Such personnel are not allowed to ride on British or American military passenger trains nor to ride indiscriminately on freight trains.

3. Detailed information regarding services available can be obtained from Movements Areas, Movements Sub Areas and RTOs.

It is important that advance information should be given to the appropriate Movements authority before Italian personnel are sent down to the station for entrainment. Parties of 20 or over should be arranged with Movements Sub Area, parties of less than 20 or individuals with RTOs.

4. It is essential that units despatching Italian Co-operators either on duty or leave provide them with a correct Movement Order in accordance with the normal procedure. On the authority of [illegible] made out Movement Order RTOs will issue British Military Warrants.

664. Submission of Casualties (AFs W3010, W3011, and W3012) by OsC Formations, HQs and Units in CMF to GHQ 2nd Echelon

1. In accordance with the provisions of the publication "Unit Guide to Documentation in a Theatre of War (Overseas), 1944," it is the responsibility of all OsC formations, HQs and units, to ensure that casualty reports on AFs W3010, W3011 and W3012 are prepared and submitted to GHQ 2nd Echelon when and as casualties occur.

2. During the period in which units were engaged in active operations it was appreciated that some delay in the preparation and despatch of some casualty reports was inevitable. In addition it was appreciated that the volume of traffic handled during difficult conditions by Royal Corps of Signals and Army Postal Services was considerable.

3. At the present time GHQ 2nd Echelon are closely concerned with the following matters:—

(a) Release from the Army of appropriate age and service groups in their turn.

(b) The re-sorting of personnel within formations HQs and units selected for despatch to other commands.

(c) The disposal of personnel to UK or elsewhere who are qualified under such schemes as PYTHON, LIMP, LILOP, etc.

It cannot be over-emphasised that the smooth working of the machinery instituted to deal with these matters is largely dependent on the prompt compilation and despatch to GHQ 2nd Echelon of casualty reports from OsC formations, HQs and units, notifying all changes in the location and status of individuals under their command.

4. The factors referred to in para 2 above have now been largely eliminated, and as the non-publication of relevant casualties, or delay in the despatch of such casualties, will seriously complicate the issue of correct calling forward instructions from GHQ 2nd Echelon in appropriate cases, OsC units will ensure that casualty reports are in future rendered promptly and accurately in accordance with the instructions set out in the pamphlet "Unit Guide to Documentation in a Theatre of War (Overseas), 1944."

(Applicable to UK troops.)

666. Charges for Losses etc of Clothing and Necessaries, Equipment and Stores Lost

1. Charges raised against soldiers on AFs P1954 and other similar Army Forms in respect of articles lost, made away with or rendered prematurely unserviceable through neglect, will be assessed at 75 per cent of the rates, plus additional charges, given in the War Vocabulary of Clothing and Necessaries, Vocabulary of Army Ordnance Stores, etc. The 75 per cent value will be charged in all cases unless it is established by evidence that the actual value at the time of the loss is greater or less, in which case the actual value will be charged.

2. The method of assessment is as follows:—

Basic cost laid down in Vocabulary
Plus wood charges (where applicable) notified in GHQ 397/44
Plus 10 per cent Departmental Expenses
Plus 17 per cent Freight Charges.
Less 25 per cent.

Approximately the same figure will be obtained by calculating the basic cost (plus wood charges, if applicable) less 33 per cent.

3. When soldiers are required to pay more or less than the normal 75 per cent value, a note of the reason should be made on the voucher.

4. Attention is drawn to ACI 95 of 1944 as amended by ACI 1457/44.

(Applicable to UK, Colonial and CLF troops.)

G1/B/6073/A3

667. Income Tax—Deduction for upkeep of Uniform—Officers of Mounted Units

1. ACI 1098 of 1944, para 1 (c) (viii), stated that officers of the RAVC and Mountain units of the RA were entitled to a deduction for upkeep of uniform, amounting to £30 a year.

2. ACI 330 of 1945 now states that officers of the following units are also eligible for the higher rate of deduction of £30 a year in respect of upkeep of uniform, when required to provide themselves with mounted uniform in the performance of their duties:—

HQ Pack Transport Groups, RASC.
Pack Transport Companies, RASC.
Horse Transport Companies, or Platoons, RASC.
Transport (Animal) Training Companies, RASC.
Pack Bullock Companies of WAASC.
Mule Companies (Sudan Defence Force).
Mounted Squadrons of the CMP (Provost).

3. Mounted officers of the units referred to in para 2 should make immediate application for the higher rate direct to the Commissioners of Income Duty, War Office, DROITWICH SPA, Worcestershire, showing the date on which they joined the unit for duty. For 1945/46 they should claim the rate on their annual Income Tax Return (AF O 1656A (Foreign)).

SPECIAL MESSAGE

Now that Germany has been beaten, we must defeat Japan, and we must find the force to do so as quickly as possible. We shall not need so large an army to fight Japan as we needed when we also had to fight Germany.

Those who planned the preparation of forces for the final war against Japan found that they could do one of two things. Either they could choose whole formations and units and send them with all their officers and men to the Far East, or they could work out a scheme by which only those officers and men with the least foreign service and in later release groups would be sent there. It was decided that, in fairness to individual officers and men, this second scheme should be adopted.

You will understand, therefore, that we shall have to face changes in all units and formations. Units chosen for the Far East will lose officers and men who have served with them for some time; units not chosen for the Far East will have to provide suitable officers and men for those which are chosen. Some units will lose more than others; that will depend on the numbers eligible for the Far East in each unit at the time of calling forward.

There will be other changes too, apart from those caused by the preparation of forces to fight Japan. The working of the Release and Python Schemes will make necessary a number of reductions and cross-postings; this will tend further to break up units.

Inevitably, therefore, during the next few months, many of you who have fought together for so long and who have added so greatly to the fame of your units, will be separated and dispersed. Nobody regrets this more than I do, but you will realise that it must be so if we are to be fair to each individual person.

672. Debit Vouchers — Preparation and Disposal

1. It is considered desirable to publish consolidated instructions regarding the preparation and disposal of debit vouchers. The following instructions are in substitution of those contained in ACI 1132/41 as amended by ACI 1661/42, which may accordingly be regarded as inapplicable to this theatre.

This procedure will apply to all sums due to be paid to the public through the Command Paymaster. It will not, however, apply to items due from officers in respect of issues of clothing or equipment on repayment and hospital charges now recoverable from the officer's pay and/or allowances.

2. (a) The issuing officer will prepare vouchers on the appropriate army forms, etc., in quadruplicate.

(b) Two copies, accompanied by a demand slip (on modified AF P1021 — specimen below) will be issued to the person liable for payment. Both copies will accompany the remittance to the cashier.

DEMAND SLIP. *In lieu of AF P1021.*

NOTICE.

Please send the attached vouchers with the amount in local currency to the nearest British or Indian Cashier. One copy of the voucher will be receipted by the cashier and returned to you.

Do not wait for another demand.

No covering letter is required.

(c) The third copy will be sent to the Command Paymaster as a notification of the existence of the debt.

(d) The fourth will be retained by the issuing officer for his own use.

3. When payment is received, the cashier will receipt one copy and return it to the remitter. The Command Paymaster will endorse the second copy with a reference to the account in which credit will be given, and return it to the issuing officer as a voucher to his account. The third copy will become the voucher to the account of the Command Paymaster.

4. From the persons subject to military law, no further demand for payment will be made. If the issuing officer does not receive the second copy from the paymaster within a reasonable time endorsed as above, he will assume that payment has not been received.

A report in duplicate will be rendered by issuing officers to the Command Paymasters on the first of each month in the form of a list furnishing details of all debit vouchers issued two months previously which are outstanding at the date of the submission of the report. A blank column will be provided for entries by the Command Paymasters in accordance with para 6 below.

If the issuing officer is aware of any reasons for the omission to settle the charge, e.g., the case not having appealed to higher authority, or the matter being investigated by a Court of Inquiry, a brief note of the reason will be inserted under the item in the report.

To persons not subject to military law, the issuing officer will send a reminder if notification of credit has not been received from the Command Paymaster within six weeks of the original demand.

If notification of credit is still outstanding at the end of two months from the date of the original demand, a separate report will be made to the Command Paymaster as stated above, giving reasons for the delay in settlement, where known.

5. The issuing officer is, therefore, responsible for the preparation and disposal of debit vouchers with demand slips (modified AFs P1921) attached, also for the despatch of a reminder to a person not subject to military law as required by para 4 above.

6. The Command Paymaster will give all possible assistance with a view to effecting recovery and will forward lists of vouchers which are outstanding two months after the date of the original demand to the Deputy Paymaster-in-Chief, AFHQ.

7. Attention is drawn to the necessity for immediate clearance of the large number of debit vouchers, but no objection is made to units or isolated officers making arrangements for a monthly settlement of all cash debit vouchers, the adjustment of which is not provided for in paras 1 and 8.

Three copies will be sent to the Command Paymaster, No. 8 Base Command Pay Office for onward transmission to the Regimental Paymaster of the soldier's unit, who will debit the soldier's account and support the credit to the vote, etc., by the original voucher. The duplicate copy will be endorsed with a reference to the credit and returned to the issuing officer forthwith, and the third copy, certified that the amount has been charged to the soldier's account, will be passed to the unit to be handed to the soldier.

686. Release Procedure—Officers appointed to Emergency Commissions from Normal Regular Army Engagements, who have the option under King's Regulations, 1940, Appendix XXVI, of Re-enlisting for Colour Service in the ranks

A.C.I. 596/45 is published below for information.

1. The objects of this A.C.I. are to explain

(a) The situation of officers appointed to emergency commissions in the land forces from normal Regular Army engagements who have the option under King's Regulations, 1940, Appendix XXVI, of re-enlisting for colour service in the ranks, with regard to release with their Age and Service group under the provisions of Release Regulations, 1945, and

(b) their position as regards re-enlistment for colour service in the ranks of the Regular Army.

2. Officers holding emergency commissions who have the option under the provisions of King's Regulations, 1940, Appendix XXVI, of re-enlisting for colour service in the ranks on termination of their commissioned service will, like other emergency commissioned officers, be eligible for release with their Age and Service group, and may, if they wish, apply to defer their release under the provisions of Release Regulations, 1945, para 326, or for one or two years under the special scheme notified separately by the War Office to all commands.

3. Officers who elect to be released with their Age and Service group will be placed on the Unemployed list, with liability to recall until the end of the emergency, except as provided in the last sentence of para 5 below.

4. Officers who apply for, and are granted, deferment of release with their Age and Service group, under Release Regulations, 1945, para 326, will remain officers and continue to serve in the rank held at that time, subject to the current promotion code, until general demobilization or until their services as officers are no longer required. This position may arise at any time after deferment is approved, and officers will then be demobilized or released (whichever is applicable at the time). The services of officers who elect to defer their release for one or two years will not be dispensed with before the end of the specified period, except on inefficiency, disciplinary or medical grounds.

5. Officers who elect to be released with their Age and Service group, or elect to continue to serve on their emergency commissions, and are eventually demobilized or released, will be granted full Class A benefits and will have the option on release of either re-enlistment to resume their Regular Army career, or of receiving retired pay or gratuity at the rates and under the conditions provided in the Pay Warrant, 1940, Article 634 (as promulgated by Amendments (No. 110) notified in Army Order 59 of 1944). Officers who elect to re-enlist must, however, notify their intention to do so as early as possible during their release leave, so that the re-enlistment may be carried out immediately their officer service expires. In any case, attestation must be completed within one month (31 days) from the last day of their terminal leave, if they are to preserve their right to count their service as continuous for pay and pension purposes under the normal rules contained in the Pay Warrant, 1940. On re-enlistment into the ranks their emergency commissions will be relinquished.

6. Officers who re-enlist into the ranks of the Regular Army within the prescribed period of 31 days will be granted the substantive rank held on being commissioned, with effect from the date of re-enlistment. Those who re-enlist within the prescribed period, and before the date on which the present war-time promotion code is officially terminated, will be re-granted, in addition to their substantive rank, any war substantive rank held on being commissioned. Rank will ultimately be adjusted in accordance with King's Regulations, 1940, Appendix XXVI, para 4 (as amended by Amendments (No. 4) notified in Army Order 216 of 1940).

7. Officers who are eligible to return to the ranks under King's Regulations, 1940, Appendix XXVI, may write direct to the War Office (I.A.1) for information regarding their position in respect of gratuity, retired pay or pension, in order that they may have an opportunity to assess their financial position before electing to be released with their Age and Service group, or applying to defer release, or before exercising their right to re-enlist in the ranks of the Regular Army.

8. A further A.C.I. which will be published at a later date, will give, *inter alia*, as much information as possible to indicate their future prospects in the Army, either as officers or in the ranks (in the case of those officers who elect to re-enlist in the ranks of the Regular Army), together with full details of the procedure to be adopted.

(Applicable to British Service personnel only.)

(A.L.P. 12653/XII)

(Applicable to all troops.)

690. PYTHON—Postal Arrangements

1. The following procedure will be adopted for the redirection of private correspondence of personnel proceeding to UK on PYTHON.

(a) Ten days before the individual is due to leave the unit, he should despatch "Stop Writing" cards to his correspondents to ensure that they receive due notification of his impending move from his unit.

(b) Before departure from the unit, each individual will complete a postal redirection card (AF A 2042c) for the retention by the unit giving one address in the UK to which all mail is to be forwarded. Mail will not be redirected to the Reception Camp and personnel will be instructed that this address is not to be used.

2026

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) Personnel will be informed that ALL mail arriving for them will be redirected to the address given. Destruction of mail is a serious offence and will not be countenanced. OsC units will take special steps to ensure that a redirection card is completed by every individual leaving the unit and that post orderlies do, in fact, redirect all mail accordingly.

(Applicable to all UK troops—including Women's Services.)

2161/Q(Maint)

691. EFI Rations for Transit Personnel

1. In order that troops in transit should not lose a week's EFI ration through being in transit on the day of issue, the despatching unit will endorse the last date of issue of EFI rations on the Movement Order or Last Ration Certificate referred to in GHQ 280/44.

2. A unit receiving personnel in the period between two EFI issues will normally ensure that additional rations are indented for at the next time of drawing.

3. Transit Camps, Training Depots and units regularly receiving large numbers of troops may issue the weekly EFI ration either in advance or in arrears according to the circumstances. To enable this to be done such units may hold a reserve of EFI supplies not exceeding one week's ration for 25% of the personnel holding capacity of the unit.

(Applicable to all troops.)

2665/Q(Maint)

692. Ammunition—Authority for drawing from GHQ Ammunition Depots

1. Cases have occurred of representatives from formations and units arriving at GHQ ammunition depots to draw ammunition and explosives, either to complete first and second lines, or for training, or in the case of explosives for local use.

2. Authority will be obtained from AFHQ or the headquarters of the appropriate District as set out in paragraphs 3 to 5 below. GHQ ammunition depots will issue ONLY on production of such authority.

To Complete First and Second Line Scales.

3. Formations and units located behind army rear boundaries will submit demands to the Headquarters of the District in which they are located through "Q" channels. Demands will be screened in accordance with the scales laid down in "Staff Ammunition Scales," copies of which have been issued to Headquarters of Districts. Unless instructions are issued to the contrary, Districts are responsible that all formations and units hold complete first and second line scales before moving forward into the army areas.

Training Ammunition.

4. (a) British ammunition and American common user natures.

(i) Demands for training establishments will be consolidated by DMT and submitted to AFHQ by the twenty-fourth of the month preceding the one during which the ammunition is required.

(ii) Corps, divisions and other field force formations and units behind army rear boundaries will submit demands for training ammunition through "Q" channels to the Headquarters of the District in which they are located. Demands will be screened in accordance with current training scales published by AFHQ.

(iii) Other demands for smaller quantities of ammunition for training will be submitted to the Headquarters of the appropriate District, who will be responsible for screening and releasing.

(b) American natures which are not common user.

All applications from formations and units for American ammunition, other than normal common user natures, will be made to AFHQ. On no account will request be made direct to American Headquarters or depots.

Explosives for Local Use.

5. Indents for explosives required by RE units for local use, e.g. quarrying, will be submitted to the appropriate District Headquarters through "Q" channels.

Authority for Release.

6. Demands, as screened and approved by the appropriate staff branch or service at the Headquarters of District, will be passed to the DADOS District. The latter alone is authorized to make releases from GHQ ammunition depots in accordance with current DOS instructions. Authorities signed by or on behalf of any other officer will not be honoured by OCs of GHQ ammunition depots.

7. GHQ 803/44 is hereby cancelled.

(Applicable to all troops.)

693. Return of Stores to Ordnance by Units being Disbanded or Leaving the Theatre

Amends GHQ 453/45. See Amendments Section.

6156/Q(AF)

694. Classification of 'A' and 'B' Vehicles

Reference GHQ 688/44

1. All vehicles struck off UNIT charge as the result of casualties (i.e., enemy action, fire, accident, wear and tear or otherwise BER), which are RECOVERABLE for either REME Workshop repair or ultimate breakdown by Salvage, will be returned to RVPs with the minimum of delay. This includes vehicles classified in the field as Class VI by EMEs, REME Inspectors, Mechanical Transport, RASC and or Workshops Officers, RASC.

2. This is essential in order that Ordnance may finally "write off" from the Theatre Census those vehicles which are passed to Salvage for disposal.

3. Vehicles which are not recoverable for either repair or breakdown, e.g. complete destructions, are the only exceptions to the above, but for these full details and authority must be reported on Part X Orders, in support of "write off" from Theatre Vehicle Holdings by the unit concerned.

(All troops and Italian units on CM War Establishment.)

695. Half Shafts for Ford WOAL 1A and 2 Staff Cars and Utilities

1. Many cases of axle half shaft failure have been experienced on Ford WOAL 1A and 2 Staff Cars and Utilities, often resulting in serious accidents. Examination of these fractured shafts has shown that in nearly all cases movement has taken place between the hub and shaft, destroying the machined finish in the hub. Shafts subsequently fitted in these damaged hubs fail at low mileage.

2. To prevent early failure and to secure a perfect fit, hubs are being lapped on to axle shafts before issue. These will, in future, only be supplied as assemblies consisting of:—

Hub Part No.	WOAL — 1115A
Axle Shaft	E81A — 4235
Oil Seal	B.1175
Oil Seal Retainer	B.1180
Key	B.4243
Axle Shaft Nut	LVG/MT5 — 41258
Gasket, rear hub	B.1183
Washer, rear axle shaft	WOAL — 1138
Split Pin	VAOS/GUGA/0842

These assemblies will be supplied complete under Part No. 1/27/FD/NIV/751.

3. In the event of an axle shaft failing, units will indent for the complete assembly and ensure that it is fitted as such. Old hubs will be returned to base through the usual channels for mating with new shafts.

4. After fitting the above assembly it is essential that the axle shaft nut be checked for tightness periodically during the first 500 miles. The nut must never be slackened to allow the split pin to be fitted. Should the split pin hole not be in line with the castellations in the nut when it is tight, the nut must be removed and rubbed down on a piece of emery cloth placed on a flat surface and refitted. This procedure should be repeated until the hole in the shaft and castellations in the nut are in line, with the nut fully tightened. A split pin of the correct size must then be fitted.

(Applicable to all troops.)

8450/51/Q(AE).

696. Economy in Use of Thermionic Valves

1. There is an urgent need for care and economy in the use of Thermionic Valves owing to acute shortage in supply.

2. The following measures to effect the necessary saving in the expenditure of valves will be adopted forthwith:—

(a) *Avoidance of Breakage during Transit.*

Valves will invariably be kept in their crates or containers except when in equipments.

(b) *Disposal of Used Valves.*

When used valves are removed from equipments, they will be packed in the containers from which replacement valves are taken. These containers, suitably marked, will be returned through Ordnance channels for repair or salvage. Every care will be taken to avoid breakage of used valves.

(c) *Salvaging of Usable Valves from Faulty Equipment.*

All valves will be removed from equipments which are beyond repair. Such valves will be tested and those which are serviceable will be employed for unserviceable valves in equipments under repair. Suitable measures will be taken to ensure safe handling and storage of such valves at Ordnance and repair depots. Unserviceable valves will be returned unbroken to Ordnance for salvage.

(d) *Salvaging of Usable Valves from Obsolete Equipments.*

All valves will be removed from equipments which become obsolete. Those types which can be employed as replacements for valves in current use will be tested and repacked in crates or cartons and put back into service. Types which are not suitable for use as spares will be returned undamaged to Ordnance for salvage, together with those of current types which are unserviceable.

(e) Under no circumstances will valves be returned direct to salvage.

(f) *Deferment of Replacement of Valves in Working Equipments until absolutely necessary.* The greatest care will be taken that no valve is rejected as unserviceable unless and until performance has deteriorated to such an extent that its continued use is calculated to reduce the performance of the equipment in which it is used, below an efficient limit. Valves which fail to meet this requirement will be segregated and returned undamaged for salvage.

3. All reasonable measures will be taken at each stage in the channel of supply to avoid the accumulation of surplus stocks.

4. Units will hold, for sets in "A" Vehicles, 100% spare valves. For other sets, one complete set of valves for the equipment itself, and one spare for each type of valve on the equipment. For example, a unit with 30 No. 18 sets will be entitled to hold:—

(a) to work the wireless sets:

150 Valves W/T Type ARP 12 ZA 7023 (three in each set).

100 Valves W/T Type AR 8 ZA 7022 (two in each set).

50 Valves W/T Type ATP 4 ZA 5502.

(b) extra as spares:

50 ARP 12 ZA 7023.

50 AR 8 ZA 7022.

50 ATP 4 ZA 5502.

5. GHQ 759/44 is hereby cancelled.

(Applicable to all troops.)

697. Evacuation of Instruments

1. Instruments are being received in RSDs deficient of their leather or metal cases. Apart from the fact that the instruments concerned are liable to suffer additional damage in transit, an additional

load is thrown on to Base Workshops, which have to manufacture new cases before the instruments can be re-issued. The materials required for the manufacture of these cases are in short supply, together with the labour required in manufacture.

2. In future, when instruments are passed by units to REME field or L of C Workshops for repair, they will be accompanied by their cases, even though these may be in a damaged condition.

3. Any instrument cases held surplus by units will be handed in to the appropriate local Ordnance installation forthwith.

700. Tradesmen—Dvr Mechanics (AFV)—RAC and RA

1. Authority has been received from the War Office for the minimum period of experience as a unit driver laid down in para (a) of the trade test for Dvr Mechanic AFV, Gp "C" Class II, to be reduced from three months to one month for the period of the war.

2. Accordingly, RAC and RA personnel who have passed trade test for Dvr Mech AFV Gp "C" Cl II with the exception of para (a) of the trade test, may be mustered as Dvr Mechs Gp "D" Cl II, subject to the provisions of para (4) below, pending subsequent re-mustering as Dvr Mechs (AFV) Gp "C" Cl II on completion of the qualifying period of one month's experience as a unit driver.

3. Personnel to be mustered as Dvr Mechs Gp "D" Cl II will not count against the tradesmen mustering ceiling of Dvr Mechs Gp "D". They will count against the tradesmen mustering ceiling of Dvr Mechs (AFV) Gp "C" and will upset vacancies for the latter trade in WEs.

4. Applications may be made by OsC units to DAG, GHQ 2nd Echelon, as in para 6 below, for those RAC and RA personnel who have passed the

2064

Declassified E.O. 12356 Section 3.3/NND No. 785016

trade test for Dvr Mech (AFV) Gp "C" Cl II with the exception of para 3a of the trade test, to be mustered as Dvr Mech Gp "D" Cl II pending subsequent re-mustering as Dvr Mechs (AFV) Gp "C" Cl II on completion of the qualifying period of one month's experience as a unit driver.

DAG, GHQ 2nd Echelon will authorise such mustering provided appropriate vacancies exist within the Corps ironclemon mustering ceiling at the time. It is pointed out that a surplus of Dvr Mechs (AFV) Gp "D" exists at the moment in BAC and only a very small deficiency in BA. Mustering must therefore be restricted for the time being in the BAC until this surplus is reduced, and the same situation is likely to arise in the BA in the near future.

5. BAOR should classify in his AF B2002 every man who is considered efficient in driving and maintaining his tons, as a Dvr Mech Gp "D" Cl II. On arrival at a unit as a reinforcement a man may then be mustered as such, subject to the provisions of para 4 above, and on completion of the qualifying period of one month as a unit driver he will be entitled to be tested as a Dvr Mech (AFV) Gp "C" Cl II.

6. Officers commanding units other than training units will be responsible for the entry on page 5 of AB 64 (Part I) of the following certificate:—

"Passed trade test of Dvr Mech (AFV) (except para 6(f)) and awaiting re-mustering as Dvr Mech Gp "D" Cl II pending re-mustering as Dvr Mech (AFV) Gp "C" Cl II on completion of unit driving training."

Such personnel will continue to be made available and posted as Dvr Mechs (AFV).

Casualty will be rendered to DAG GHQ 2nd Echelon on AF W3011A in the same terms as the above-mentioned certificate.

7. Personnel who cannot be mustered due to the Corps ceiling having been reached will be placed on the awaiting mustering roll by GHQ 2nd Echelon and will be mustered in their turn as and when vacancies occur. In such cases, where the personnel concerned have completed the qualifying period of one month as unit driver, also they will be mustered direct to Dvr Mechs (AFV) Gp "C" Cl II OsC units must therefore notify DAG GHQ 2nd Echelon when this period has been satisfactorily completed in all cases.

703. Discipline—Retention for Disciplinary Purposes of Persons due for Release from the Army

1. Commanding Officers will in all cases where disciplinary action, or any investigation which may lead to disciplinary action, is under consideration, take account of the age-service groups of the accused and of the essential witnesses.

2. Where it appears that the accused or any essential witness may be due for release before disciplinary action can be completed, the facts will be reported at the earliest possible moment to the authority to whom application would be made to convene a FGCM in such a case, i.e. the Brigade Area or Sub Area Commander, who will give directions in accordance with instructions which have been issued separately by AFHQ.

3. Commanding officers will in addition, when making application for trial of any case by FGCM, inform the convening officer of the age-service groups of the accused and of each of the witnesses, including witnesses required for the defence.

4. In all cases where trial by FGCM is contemplated, defending officers will be appointed at the earliest possible moment and will be warned by CO's that if the attendance of any witness is required for the defence and such witness may become due for release before completion of the trial, application for his attendance should be made without delay by the defending officer to the CO. of the accused.

(Applicable to UK troops only)

704. Insurance—Loss of Kit by Officers (Including Women Officers)

1. With reference to GRO 297/45, mistakes which have been made when completing and despatching counterfoils cause much inconvenience to the War Office, Insurance Companies and Banks.

2. The following points must be observed:

(a) *Completion of Counterfoils.*

(i) Insert the full address of the Bank, including the name of the Branch.

(ii) Fill the correct date on counterfoils and coupons and get them countersigned.

(b) *Disposal of Counterfoils.*

(i) The Banker's Order must not be detached.

(ii) Completed 1st and 2nd Counterfoils must be sent to the selected Insurance Company.

(iii) Use the address of the selected Insurance Company, as given in Appendix "B" to GRO 297/45.

G1/B/4191/A3

705. Driving Discipline—Rule of the Road

1. A number of serious accidents have been caused in this theatre by drivers failing to observe the rules as to priority of traffic at crossroads and the various traffic signs at present in use.

2065

Declassified E.O. 12356 Section 3.3/NND No. 785016

2. Issued with this GRO are three copies of a wall diagram, illustrating the most important road signs at present in use in ITALY. These diagrams will be prominently displayed on unit notice boards and elsewhere, in order to bring them to the notice of all military road users.

3. The attention of all drivers will be drawn to the following priorities laid down by the Italian Traffic Code which apply both in urban and country areas:—

(a) When crossing train or tram rails, the right of way is always given to the train or tram.

(b) Traffic on a public road always has priority over traffic coming from a private road.

(c) Where public roads fork or cross, drivers must give right of way to traffic coming from the right except in cases where traffic signs give priority to vehicles which are travelling on main roads. These signs are inverted yellow triangles placed on the minor road and signify "Main Road Ahead."

(Applicable to all troops).

G1/B/4380/A3

706. Disposal of Regimental Funds on the Disbandment of a Unit

1. Experience gained in the past indicates that the majority of units require more guidance regarding the principle that on disbandment, regimental funds must be put to a purpose which will best benefit the personnel from whom they have been derived. These instructions are issued with this in mind, and with a view to ensuring that all funds remaining on disbandment are allocated for the benefit of the officers and other ranks or their dependants and are not extravagantly expended, during the period following the issue of the disbandment order.

2. When a unit receives the order to disband, the funds will immediately be frozen. After this date outstanding bills may be paid but no grants from funds will be made and no expenditure will be incurred other than on normal amenities for the personnel of the unit while disbanding. A statement on AFN 1514 or AFN 1514A will immediately be made out showing the exact position of the funds on the date the order is received. A copy of this statement will be produced before the audit board and attached to the proceedings forwarded to the War Office under para 10(b).

3. The OC Unit for the purpose of this GRO means the OC Unit at the time the disbandment notification is first received and he will not delegate to another officer except in exceptional circumstances, and then only by name and with the sanction of the brigade or equivalent commander. This is to be particularly borne in mind when units are disbanding at the cessation of hostilities.

4. The OC Unit having taken action in accordance with para 2 will then:—

(a) Ascertain particulars of all outstanding debts and claims against the Officers' Mess, Sergeants' Mess and PRI and effect payment of such debts and claims.

(b) Ensure that all monies due to the Officers' Mess, Serjeants' Mess and PRI are called in and all local bank accounts are closed.

(c) Obtain the recommendations of the respective Officers' Mess and Sergeants' Mess committees as to the disposal of any surplus funds, bearing in mind the instructions contained in this GRO.

5. The funds dealt with in this GRO are:—

Officers' Mess,
Sergeants' Mess,
PRI.

PRI includes all regimental funds of the unit which are derived directly or indirectly from the other ranks and includes such funds as sports and entertainments and, in fact, any which are not public funds.

6. Funds which have received grants from the public:—

Balances of funds and property accruing from public grants will, in all disbanded units, be dealt with as laid down in AGI 194/41, the text of which is republished as Appendix "A" to this GRO. The remainder of the funds in the possession of the unit will be dealt with as laid down in paras 7 to 10 and 13 below.

7. Funds which have not received grants from the public:—

(a) In the case of the RA (Officers' and Sergeants' Messes only) any property (with the exception of property, if any, which may be on loan from a pre-war RA station mess) will be sold and the proceeds credited to the Mess Funds. The accounts will then be closed and cash balances handed into the nearest Area or Field Cashier for the credit of "The Hon Sec, RA Central Mess Committee", through the War Office (AG6(f)). In the case of bank accounts in the UK, the balances should be forwarded direct to the War Office (AG6(f)) by cheque made payable to the "Hon Sec RA Central Mess Committee." Complete details and papers in connection with investments, if any, will also be forwarded to the War Office (AG6(f)).

Alternatively, it is permissible for the cash balances and investments, if any, to be allocated to the RAA Benevolent Fund. This alternative allocation will apply invariably to units formed since 3 Sep. 39. In this event the cash balance will be handed to the nearest Area or Field Cashier for the credit of the RAA Benevolent Fund through the War Office (AG6(f)). In the case of bank accounts in the UK, the balances should be forwarded direct to the War Office (AG6(f)) by cheque made payable to the RAA Benevolent Fund. Details of any investments will be forwarded to the War Office (AG6(f)) at the same time.

(b) In the case of RE (Officers' Messes only) and the RASC, who have a permanent "Central Mess Committee" or a "Closed Messes Fund" the particular funds of disbanded units, other than public funds, will be dealt with in accordance with the instructions contained in the Regimental Standing Orders or "Corps Memoranda No. 18" in the case of RASC Units.

(c) In the case of all other disbanded units (and of the PRI funds of RA Units and of the PRI and the Sergeants' Mess funds of RE Units), non-public funds including the proceeds from the sale of any mess or regimental property (see sub para (g) below) will be handed to the nearest Area or Field Cashier for onward transmission to the local Command Paymaster who will hold them in suspense until such time as disposal instructions are issued by the War Office. These instructions will be in

4515

2068

accordance with the wishes of the unit, conveyed through the OC Unit as directed by this CBO. When forwarding the funds to the Command Paymaster, the OC Unit will at the same time furnish statements as follows:

(i) A certified statement giving the following particulars—

Unit

Name of CO making remittance

Amount and particulars of cash or securities transferred

(ii) A statement showing the allocation desired (see sub para (e) below)

(iii) A statement showing the distribution of the personnel of the unit — e.g. numbers reposted to other units of the same regiment or corps, numbers transferred to other regiments or corps, numbers discharged or relegated to the Reserve, between the date the disbandment orders were received and that on which disbandment is completed.

Copies of these statements will be attached to the proceedings forwarded to the War Office under para 10(d).

(d) OC units who have deposited surplus PRI funds with the local Command Paymaster will forward the special Account form to the Command Paymaster with a covering letter asking that the balance be dealt with under sub para (a) (b) or (c) above as may be appropriate.

(e) Regimental Funds should follow as closely as possible the men from whom the funds have been derived. This can be achieved to some extent by allocating the balances of regimental funds of disbanding units proportionately to the appropriate regimental funds of the units to which the personnel are posted. When this is not practicable, allocation will be made as in para 8. Regimental funds before the disbanding of the unit are already "impressed with a charitable trust" notwithstanding that there may be no trust deed, and this fact places a legal restriction on the allocation of the funds on disbandment; *i.e.*, when it is impracticable to use the funds for the exact purposes intended they must be devoted to purposes which shall attain, as nearly as possible, the same object. Bearing this in mind funds (with the exception of those referred to in sub-paras (a) and (b) above) will be disposed of as in para 8. This allocation ensures that the interests of those from whom the funds have been derived are fully met. This will not, however, prevent an OC Unit who has reason to believe that an alternative allocation will be of more benefit to the personnel who have produced the funds, from putting forward his proposal with a full explanation.

(f) When all the personnel of a disbanding unit, *i.e.*, those on the strength of the unit when the funds are frozen (see para 2 above) are transferred to an existing unit, or where all the said personnel are utilised for the formation of a new unit, the whole of the funds will be transferred with the personnel as laid down in sub para (d) above.

In these cases the funds may be transferred direct and not through the Command Paymaster, and War Office sanction need not be obtained. Full details of all such cases will however be reported direct to the War office, a copy of the report being forwarded to the Local Command Paymaster.

(g) Normally all regimental property will be disposed of by sale and the proceeds will be included in the balance of funds for allocation. Items of sentimental or historical value to the regiment or corps will be handed over to the depot or regimental museum of the unit concerned, together with any presentation plate or trophies.

(h) On no account will funds or property be divided up among the officers or other ranks.

8. (a) The option as regards units which have regimental or corps associations, which permit benefits to all soldiers who have served in the regiment or corps during the war, or their families, or such associations or regiments or corps as have separate funds for the purpose will be as follows:—

(i) *PRI and Sergeants' Mess Funds.*

80% to the regimental or corps association or the separate fund as the case may be.
10% to the Army Benevolent Fund (see para 11).
10% to any other approved charitable or benevolent association(s) or organization(s) for the assistance of all soldiers who have served in the unit, or their families.

(ii) *Officers' Mess Funds*

As in sub-para (i) if the corps or regimental association, or a separate fund, or other approved association or organization permits benefits to officers or their families. Otherwise as in sub-para (b) (ii) below.

(b) All other units except as in sub-para (c) below. These are units which have no corps or regimental association, *e.g.* headquarters of formations, base depots, transit camps and training centres, also units which have no regimental or corps charitable or benevolent fund allowing benefits to wartime soldiers or their dependants.

(i) *PRI and Sergeants' Mess Funds*

75% to the Army Benevolent Fund
25% to any other approved charitable or benevolent association(s) or organization(s) for the assistance of all soldiers who have served in the unit or their families.

(ii) *Officers' Mess Funds*

50% to the Army Benevolent Fund.
50% to any approved Officers' charitable or benevolent association(s) or organization(s) for the assistance of all officers who have served in the unit or their families, *e.g.* the Officers' Association, the Officers' Families Fund.

(c) Units which, during their existence, have formed part of more than one regiment or corps may come under both sub-paras (a) and (b) and the necessary adjustments will have to be made for each particular case.

For the purposes of this CBO the RAOC Aid Society and RAOC Comforts Fund will be considered as available for the benefit of the REME until such time as separate arrangements are made for REME.

9. If no allocation is made by the unit or if the Army Council is unable to approve such allocations as the unit desires, the funds will be disposed of under special instructions given by the Army Council. The War office will notify the Command Paymaster concerned of the decision reached. To afford time for the adjustment of any outstanding liabilities the Command Paymaster will credit the funds to a suspense account for a period of three months from the date of disbandment, and will then dispose of them according to the decision.

2067

Declassified E.O. 12356 Section 3.3/NND No. 785016

10. (a) Practically all regiments and corps of the Army have benevolent or charitable funds, the benefits of which are, in one way or another, available to all soldiers who have served in the regiment or corps during the war; in addition there are a number of such funds for the benefit of the Army as a whole; these funds are mostly of long standing and are adequately organized with the necessary administrative staff. Having regard to this, the setting up of unit or other small trusts or benevolent funds is not permitted without the sanction of the Army Council which will only be given in very exceptional circumstances.

(b) Final barrack damage or deficiency charges cannot be met from the balance of PRI funds on the disbandment of a unit. Such charges must be met from the Barrack Damages Account which will be dealt with in accordance with AGI 458/41 para 6(d). The final balance on the Barrack Damages Account will be incorporated into the PRI account by the Command Paymaster concerned before the disposal of the balances on the latter account. Charges for barrack damages raised against the Officers' or Sergeants' Messes will be met from the mess funds.

(c) Balances on Swill and By-Products accounts are regimental funds, and will be included in the allocations.

(d) A copy of the Proceedings of the Audit Board assembled on all non-public funds and property, of disbanding units, will be forwarded with the statements mentioned in paras 2 and 7(c) above, direct to the Under Secretary of State, The War Office, LONDON, SW1.

In the case of BASC units disbanding, OSC units will forward the proceedings of the Audit Board and the statements mentioned in paras 2 and 7(c) to the Director of Supplies and Transport, AFHQ for onward transmission to the Under Secretary of State, the War Office, LONDON, SW1.

11. *The Army Benevolent Fund.*

The Army Benevolent Fund was formed on 17 Sep, 41, to secure more efficient aid and financial support for charities which benefit any service personnel (whether serving or retired) and their dependants. This support will be given in the form of grants to corps and regimental associations and to other charitable associations.

12. *SR (Category B) and TA Units.*

(a) When a SR (Category B) or TA unit is disbanded or passes into a state of suspended animation, the regimental funds (officers' mess, sergeants' mess and PRI) and property require to be considered in two categories:—

(i) Regimental funds and property which existed before 3 Sep, 39.

(ii) Regimental funds and property which have accrued since 3 Sep, 39.

(b) Before action is taken in accordance with paras 5 to 10 above, the following special procedure will be adopted to safeguard pre-war funds and property:—

(i) Regimental funds and property which existed before 3 Sep, 39, if not already in the hands of trustees will be handed over to the TA and AF Association of the county or city responsible for the administration of the unit in peace. Associations will then be responsible for ensuring that the necessary arrangements for safeguarding these funds and property are made and continue in force until such time as a decision is reached concerning the disbanding, reforming or resuscitation of the unit.

Any sums that may have been employed from funds which existed before 3 Sep, 39, to finance the unit's organisation on embodiment, together with any sums received by way of interest on pre-war investments, less any charges in connexion with pre-war funds or property, will be included in the amount to be handed over to the association.

If such funds and property are already in the hands of trustees at the date of the order under which the unit is disbanded or placed in a state of suspended animation, the trustees may continue to hold them provided that the funds and property are made available to the unit when resuscitated or reformed. If a final decision that the unit will not be resuscitated or reformed is reached the funds and property will be dealt with under instructions issued by the TA and AF Association concerned, so far as the provisions of the trust allow.

(ii) Regimental funds and property which have accrued since 3 Sep, 39, will be dealt with in accordance with paras 5 to 10 above.

13. *ATS Units or Units which have ATS personnel attached.*

(a) *Units composed solely of ATS Personnel.*—Regimental funds and property will be dealt with in accordance with paras 5 to 10 above.

(b) *Mixed units, other than RA, RE, and RASC.*—The OC Unit will take into consideration the strength of the ATS personnel with the unit, and the recommendations submitted in accordance with para 7(c) above will ensure that a proportion of the funds based on such strength is allocated in accordance with the wishes of the group commander or senior ATS officer serving with the unit. Where it is not practicable for the proportion of the funds allocated to the ATS personnel to follow such personnel, allocations will be made as in para 8, the existence of the ATS Benevolent Fund will be borne in mind. The statement rendered in accordance with para 7(c) will show the numbers of military and ATS personnel on the strength of the unit at the time disbandment orders were received.

(c) *Mixed Units of the RA, RE and RASC.*—It is necessary to arrange that the funds are allocated in a manner which will ensure that the claims of ATS personnel are not overlooked. Officers' and Sergeants' Mess Funds of RA units, officers' mess funds of RE units, and all regimental funds of RASC units will, therefore, be divided proportionately according to the respective strengths of military and ATS personnel at the time the orders for disbandment are received, bearing in mind the source of such funds, (ie, if a unit has been "mixed" for only a short time relative to the period over which the funds have been accumulated, the proportion of those funds to be disposed of for the benefit of the ATS personnel will be assessed accordingly). The part of such funds which represents the military portion will be disposed of in accordance with paras 7 (a) and (b) above, as applicable. The portion of the funds allotted for the benefit of the ATS personnel will be dealt with in accordance with paras 5 to 10 above.

2068

Declassified E.O. 12356 Section 3.3/NND No. 785016

subject to the wishes of the group commander or the senior ATS officer serving with the unit. The existence of the ATS Benevolent Fund will be borne in mind.

(d) Those funds of mixed units of the RA and RE which do not come under subpara (c) above will be dealt with in accordance with subpara (b).

(e) The existence of the ATS Benevolent Fund will not exclude ATS from benefit under the Army Benevolent Fund. The former may be treated as any other charitable or benevolent association or organization for the purpose of allocation under para 8 above.

14. These instructions are in substitution of those contained in ACI 1394/44 as amended by ACI 7/45 which may accordingly be regarded as inapplicable in this theatre.

722. Pneumatic Tools

1. UK production of pneumatic tools, except Impact Wrenches, Rivet Bursters and Saws, Circular, is now sufficient to meet all normal requirements. 728. 4.2 ins. Mortar Baseplates

1. The auxiliary baseplate issued shortly before the end of the campaign has not proved entirely satisfactory in the hands of troops. Among the causes for its failure the two most important are:—

(a) *Use on firm ground.*
It is intended *only* for use in soft ground to minimise the sinking of the normal baseplate.

(b) *Use in a completely horizontal position.*
It is already well known that the normal baseplate should be bedded in at an angle to obtain the best results. The same applies to the auxiliary baseplate. The best angle for this plate has been found by trial to be a forward tilt of about 15 degrees.

2. Before the necessity to use auxiliary baseplates again arises among any troops now in this theatre it is anticipated that a solution will have been found to the problem of indifferent performance and damage to the normal plates.

730. Discipline—Stoppages of Pay

1. Attention is drawn to the powers of awarding stoppages of pay conferred by Secs 137 and 138 of the Army Act.

2. Where an officer or soldier is either tried by Court Martial or dealt with summarily for any offence which has resulted in loss or expense to the public (including loss due to overissues of family allowances), the Court or the officer disposing of the charge summarily will in every case consider whether stoppages of pay can appropriately be awarded to make good the loss or expense.

3. Convening officers will draw the attention of Presidents of FGCsM to the provisions of this Offo in all cases to which it may be applicable.

731. Captured Enemy Material

1. In view of reports that numbers of pistols and other weapons are coming into the hands of individual Allied soldiers and being sold or bartered to civilians, attention is drawn to AGI 1591/44, which expressly states that captured and surrendered material of whatever nature is the property of HM Government.

2. The unauthorized retention or disposal of such material is an offence, and offenders will normally be tried by Court Martial.

3. To be repeated in unit orders at intervals of three months.

4. G(M) 267/44 is hereby *cancelled*.

(Applicable to all troops)

G1 B/4355/A3

732. Discipline—Rest Camps

1. The removal of WD property from Rest Camps has become prevalent, occasioning a serious loss to the public.

2. A form of order has therefore been issued forbidding the removal of WD property from Rest Camps. This order will be published in all Rest Camps as a standing order.

3. In all cases when a soldier is charged with a contravention of this order his commanding officer will consider remanding him for trial by Court Martial.

4. Both Courts Martial and commanding officers in considering sentence should pay regard to the provisions of King's Regulation 681(a). Stoppages of pay should be awarded in all cases where it is alleged in the particulars of the charge and proved that a loss has been occasioned to the public. In appropriate cases restitution orders under Army Act, section 25(1) and (2) should be made by confirming officers.

G1 B/4355/6/A3

733. Responsibility for Public and Regimental Money

AGI 786/41 is repeated for information and compliance.

A number of cases have occurred in which money of public and regimental funds has been stolen because the cash box, cupboard or drawer in which it was placed has been kept in a room which remained unoccupied for considerable periods, especially at night.

Officers who hold public and regimental funds are responsible for the safeguarding of money of those funds, and the fact that a safe is not provided does not in any way relieve officers of this responsibility. Balances of cash should never be retained unless unavoidable. If it is essential that some cash should be held, the amount should be as small as possible. Where a cash balance is held and no safe is available, it must be kept in a properly secured box, which in turn must be

Declassified E.O. 12356 Section 3.3/NND No. 785016

handed to the custody of a guard every time there is a possibility of it being left unattended, particularly at night. To leave a soldier sleeping in an office in which cash is kept has not proved to be an adequate safeguard since the occupant may occasionally leave the office unattended.

Failure to take adequate steps to safeguard public and regimental money renders the officer responsible for its safe custody liable to make good any loss occasioned by his negligence.

734. Notes on the Prevention of Fraud

ACI 1176/42 is repealed for information and compliance.

1. Cases frequently occur of losses of public and regimental funds and property which could have been prevented, or the losses restored, if the precautions set out in the pamphlet "Notes on the Prevention of Fraud" had been properly applied. This pamphlet was issued in January, 1941, on a scale of one copy to each unit.

2. An officer is liable under Section 137 of the Army Act to meet stoppages of pay to make good loss occasioned by his negligence. In their own interests, therefore, all officers should be familiar with the precautions enjoined in the pamphlet and by ACI 59/43, and should apply such precautions when they themselves are entrusted with public or regimental money or stores.

3. Units not already in possession of the pamphlet should indent for 3 on AF A.1994.

745. Release—Reckoning of Service in the Merchant Navy and on Admiralty T124 (or variant) and Commissioned Cableship Agreements

1. The following extracts from AC1 511/45 are republished for information. These give the details applicable to units overseas.

2. Service in the Merchant Navy or with the Admiralty under T 124 or variants Agreements and under Commissioned Cableship Agreements since 3rd September 1939, will be reckonable for Age and Service grouping, but not for financial benefits.

3. For this purpose, Merchant Navy service is defined as follows:—

A man is deemed to be on service in the Merchant Navy when he is on the articles of a sea-going British ship or is in receipt of pay from the Merchant Navy Reserve Pool or from a Shipping Company while awaiting appointment to such a ship. Service on allied and neutral ships chartered to the British Minister of War Transport is to be counted in the same way as service on a British ship, but service on estuarial, etc., craft is not to be counted.

4. Service on T 124 or variants and Commissioned Cableship Agreements is defined as follows:—

Service with the Royal Navy of officers and men of the Mercantile Marine who signed agreements to serve under the Naval Discipline Act.

5. Particulars of service in the Merchant Navy as defined in para 3 above are normally recorded in the seaman's "Continuous Certificate of Discharge," which is also known as a "Discharge Book" or more generally as "Dis A." but in some cases the service may be recorded on single sheet discharge forms known as "Dis 1" and "Form E."

6. Service under Admiralty Agreements T 124 or variants and Commissioned Cableship Agreements as defined in para 4 above is always recorded in the "Dis A."

7. Production by those concerned of the certificates referred to in paras 5 and 6 above will provide adequate proof of service, but as the Merchant Navy service shown in the certificates will generally only be that performed on ships' articles, it should be noted that periods ashore between service afloat will also be reckoned as follows:—

(a) Service between 3rd September 1939 and 26th May 1941 (when the Merchant Navy Reserve Pool was instituted) will be reckoned by counting the actual days served on board or on pay awaiting appointment to a sea-going ship.

(b) After 26th May 1941 the whole period up to the date of discharge from the Merchant Navy will count, but any time not on Merchant Navy pay (e.g., on account of temporary release, civil imprisonment, etc.) must be declared and will be deducted from the time to count. Omissions or false statements will render the individual liable to disciplinary action.

8. The War Department will be regarded as a Shipping Company for this purpose and service in the BASC Fleet will therefore be reckonable.

9. Individuals claiming such service will submit a form as shown in the Appendix 'A' to this GHQ in triplicate, to their OAs. Any available proof (such as "Dis A," "Dis 1," or "Form E") will be attached to the application.

4 9 1

Declassified E.O. 12356 Section 3.3/NND No. 785016

10. Applications will be dealt with as follows:—

(i) The OC unit will despatch applications (in triplicate) together with any available proof, direct to GHQ, 2nd Echelon.

(ii) In cases where proof has been submitted and the service claimed is considered to be reckonable, GHQ 2nd Echelon will inform the War Office (in the case of officers) or the appropriate O i/c Records (in the case of other ranks) of the amount of reckonable Merchant Navy service. Age and Service groups will, where applicable, be amended accordingly and the proof of such service will be sent to the OC unit for return to the individual.

(iii) If insufficient proof is submitted with the application or if there is any doubt as to the amount of reckonable service, GHQ 2nd Echelon will forward the applications in triplicate to the War Office or to the appropriate O i/c Records.

(iv) The War Office or the O i/c Records, will then transmit two copies of the application to the Registrar General of Shipping and Seamen, Llandaff, Cardiff, South Wales, for verification of the claim and for assessment of the reckonable service. One copy of the form duly completed will be returned and the other will be retained by the Registrar General for record purposes. (In the case of RASC Fleet personnel, service will be verified and assessed by the War Office (SD1).

(v) The decision of the Registrar General or War Office (SD1) will be final, and will be notified by the War Office, or the O i/c Records to GHQ 2nd Echelon for amendment of the Age and Service Group where applicable. The proof of service ("Pink A," "Pink D" or "Form E.7") submitted by the claimant will be sent to OC unit for return to the individual.

11. When the reckonable Merchant Navy service has been assessed, change of Age and Service groups will be notified in Part II/III Orders, in accordance with Regulations for Release for the Army 1945, para 315. In the case of officers, the change in "the theoretical date from which War Service reckons" will also be notified in Part II/III Orders. A copy of the Part II/III order will be sent to the War Office (AG Stats).

2. As soon as the AF W 3149 has been completed, the Unit will forward it to GHQ 2nd Echelon without delay.

3. The Unit will make a note of the examination in AF 64 or AF B.439 as applicable, in the following form:—

"Medically examined on (date)
AF W 3149 submitted (if E) (date)"

5. Permanent Civil Servants, whose applications have been approved, will continue to be eligible for any balance of civil pay under standing rules, and their re-instatement rights will be preserved until they are finally released on termination of the period of deferment.

6. In those cases where deferment has NOT been approved the individual will be released with his Age/Service Group or, if his/her Group has already been released while awaiting the War Office decision, he/she will be despatched with the next available Group.

7. Personnel who compete successfully in the reconstruction competitions for the Civil Service notified in GHQ 601/45 will be dealt with as follows:—

(a) Those who volunteered for deferment before the publication of the examination results will be permitted either to serve on, or to cancel their applications for deferment. If they serve on, their appointment to the Civil Service will be kept for them. They will NOT receive any balance of civil pay but, under the starting pay arrangements approved for reconstruction, the candidate's period of further service will count for any civil increment.

(b) Those who volunteered after having been declared successful in a reconstruction competition, will forfeit a Civil Service appointment without prejudice to a further attempt at an examination later provided

Declassified E.O. 12356 Section 3.3/NND No. 785016

PART III. QUARTER-MASTER GENERAL'S BRANCH

749. "B" Vehicles—Starting from Cold

AC I 2080/42 is repeated for information and compliance.

1. The normal procedure for starting petrol or oil engines from cold does not appear to be generally appreciated. The starter motor is the most severe load which the vehicle battery is called to supply and if reasonable care is not exercised in its use much unnecessary wear and tear of starter motors and batteries is experienced.

2. The instructions in individual manufacturer's handbooks must be carefully read and applied. The following rules are of general application and must be rigidly observed whenever engines are started from cold, particularly in cold weather.

(a) With the ignition switched off and throttle closed, turn the engine by hand until resistance is felt due to the inlet valves of a worn block.

(b) Put the choke (or starter enrichment) control to the "start" position and turn the engine two complete revolutions by hand.

(c) Switch on the ignition, *depress the clutch pedal* and engage the self-starter. Immediately the engine fires release the starter switch and as soon as possible return the choke control to the normal running position. Never let the engine idle while warming up; it should be run at approx. 1,000 rpm.

(d) If the engine fails to start after the self-starter has been engaged four seconds, a fault exists and must be located. Continued engagement of the self-starter will not cure faults, but runs down the battery unnecessarily.

Allow as long as possible between attempts to start; this will avoid battery recuperation.

(e) If examination for faulty circuit proves negative, failure to start may be due to excess of petrol.

In such a case, put the choke control in normal running position, switch off the ignition, open the throttle fully and turn the engine over by hand several times. Reset the controls and operate the starter switch.

(f) The prompt response of an engine to the starter is dependant on the correct maintenance of ignition and fuel systems, correct tappet adjustment and the absence of air leaks in induction manifolds. See that the daily checks are correctly carried out and do not fail to report an engine which is a persistently bad starter.

3. The engine must always be at rest before the starter motor is re-engaged otherwise damage to the starter gear will result.

4. Vehicles on which engines have to be stopped and restarted at frequent intervals (e.g. those employed on short journeys in and around depots will wherever practicable be shunted by hand, thus avoiding undue drain on the batteries.

(Applicable to all troops.)

6005/3/Q(AE)

750. "B" Vehicles—Driving Downhill

AC I 37/44 is repeated for information and compliance.

1. Most "B" vehicles are fitted with engine governors which limit the engine revolutions when a vehicle is travelling uphill or on level ground. When a vehicle is proceeding downhill, however, and the engine is being utilized as a brake, the governing becomes ineffective as the road wheels are then driving the engine. If the road speed, in any gear, exceeds the governed speed for the gear engaged, the engine will be forced to turn over too rapidly and serious damage may be caused. Similarly, serious damage may result to the transmission if the vehicle is allowed to coast downhill in neutral or in gear with the clutch held out.

2. In principle the safe rule is that a vehicle should descend a gradient in the gear in which it can make the ascent, provided that the governed speed of the engine is not exceeded when descending.

3. Drivers will ensure that when descending hills the engine revolutions are kept within safe limits by selection of the appropriate gear before the descent begins and by judicious use of the service brakes.

4. Vehicles will not be permitted to travel downhill in neutral or in any gear with the clutch held out.

(Applicable to all troops.)

2. To assist the Allied Commission in accounting for such issues, two copies of issue vouchers in respect of such issues will be sent to the Chief Accountant, Allied Commission, by the depot or unit concerned.

3. Issues direct to Italian agents will also be recorded in accordance with GHQ 479/43.

753 Use of Toughened Safety Glass

1. Due to the extreme shortage of laminated safety glass for windscreens, it has become necessary, in some cases, to use locally manufactured "toughened" glass.

2. This glass, which is similar to that used on civilian type vehicles, does not "star" when struck like laminated glass, but cracks into minute fragments. These fragments may remain in the windscreen frame, obscuring the vision. Should this occur, they can be pushed out by hand in an emergency. Risk of being cut by these minute fragments is negligible.

3. Manufactured toughened glass can be identified by a small heart-shaped mark ¾ in. high, sandblasted in one corner of the sheet.

(Applicable to all troops.)

754. Face Protection During Schumine Clearance

General.

1. It has been found that use of GS Respirator Facepieces, fitted with anti-mist discs and anti-frost covers, affords protection to the eyes and face of persons employed on Schumine clearance.

2. A limited number of anti-mist discs and anti-frost covers are available for issue.

Use.

3. Minor trouble may be experienced with misting up of discs but if careful attention is paid to the instructions detailed below no difficulty should be encountered.

Instructions.

4. (a) *Components and Tools required for Fitting:*—

(i) Cover, anti-frost.

(ii) Disc, anti-mist.

(iii) Key, Eyepiece Respirator, AG Mk II for rims with lugs, or Key, Eyepiece Respirator, AG Mk IV for rims with slots.

(b) *Method of Fitting:*—

(i) Unscrew the inner (smaller) rim with the eyepiece key and remove the glass disc. Do NOT remove the rubber washer.

(ii) Thoroughly clean both sides of the glass disc.

(iii) Place the anti-frost cover in the outer (larger) rim on top of the washer so that the dome projects into the facepiece with the flange lying evenly on the washer.

(iv) Place the anti-mist disc on top of the anti-frost cover, taking care not to touch the surface of the disc with the fingers.

(v) Replace the glass disc on top of the anti-mist disc.

(vi) Replace the inner rim and screw on with the eyepiece key, taking care that the threads are not crossed.

(vii) Before use, the surface of the anti-frost cover should be treated with Anti-Dimming Outfit Mk VI in the same manner as a normal eyepiece.

(viii) After use, the cover should be dried thoroughly and re-treated with anti-dim.

(c) *Care of the Anti-Frost Covers*—

(i) Since these covers are composed of a plastic material, they are far less resistant to scratching than glass eyepieces, and care must be taken to minimise risk of damage as much as possible, especially when returning facepiece to respirator container.

(ii) It is essential that when anti-dim is applied it is done with a clean cloth or abrasions will appear.

(Applicable to all troops.)

755. Winter Clothing

1. Owing to the changed conditions approval has been given for the full winter scale of clothing in GHQ 320/44 to be retained by all troops in this theatre on the change to the summer scale. GHQ 184/45 is therefore cancelled.

2. Units which have, in accordance with GHQ 184/45, already returned to RAOC items of winter clothing, will submit indents for the replacement of such garments.

3. All troops will, therefore, be in possession of full scales of both winter and summer clothing. Winter clothing will continue to be maintained as may be necessary, to avoid bulk issues on the change over to the winter scale of clothing in the autumn, 1945.

4. Waterproof clothing, leather jerkins, etc., issued during the past winter under War Clothing Regs. 1943, para 146, and ACI 1314/44, are not covered by this GHQ. Any of these articles still in possession of troops will be withdrawn and returned to RAOC immediately.

1. Acting ranks and lance appointments retained by other rank prisoners of war under the terms of Army Order 71/40 will be retained for a further 61 days from the date of disembarkation in UK or until they are posted (not necessarily in their acting ranks or lance appointments) to a specific vacancy in the War Establishment of a unit or formation, whichever is the shorter period.

2. (a) Returned prisoners of war who are allotted to units of 45 Div at the end of disembarkation leave within 61 days of disembarkation in UK will join in their acting ranks or lance appointments. In order to avoid relinquishment of badges of rank during the period of 21 days in 45 Div unpaid local ranks or lance appointments will be granted to cover this period.

(b) Those who report to units of 45 Div after 61 days from the date of disembarkation will join in their war substantive ranks.

3. In exceptional cases where the journey to UK is interrupted or diverted by admission to a hospital overseas under British or Allied control, the period of retention of acting ranks or lance appointments is limited to a maximum period of four calendar months from the date of first admission to such hospital. If before the expiration of this period a soldier is transferred to UK he will retain acting rank or lance appointment for the balance of the period of four months or for 61 days after disembarkation, whichever is the shorter period.

4. Acting rank retained as prescribed above is held under the terms of Army Order 71/40 and therefore does not reckon as qualifying service for conversion into war substantive rank.

APPENDIX "A" to ALLIED FORCE
GENERAL ROUTINE ORDER No. 757, Serial 27, dated 6 July, 1945

PART I
HONOURS AND AWARDS

ADMIRALTY.

Whitehall.

12th June, 1945.

The KING has been graciously pleased to approve the award of the VICTORIA CROSS for valour to:—

The late Corporal (Temporary) Thomas Peck HUNTER, CH.X.110296, Royal Marines (attached Special Service Troops) (3rd Royal Marine Commando) (Edinburgh).

In Italy during the advance by the Commando to its final objective, Corporal Hunter of "C" Troop was in charge of a Bren group of the leading sub-section of the Commando. Having advanced to within 100 yards of the canal, he observed the enemy were holding a group of houses south of the canal. Realising that his Troop behind him were in the open as the country there was completely devoid of cover, and that the enemy would cause heavy casualties as soon as they opened fire, Corporal Hunter seized the Bren gun and charged alone across two hundred yards of open ground. Three Spandaus from the houses, and at least six from the north bank of the canal opened fire and at the same time the enemy mortars started to fire at the Troop.

Corporal Hunter attracted most of the fire, and so determined was his charge and his firing from the hip that the enemy in the houses became demoralised. Showing complete disregard for the intense enemy fire, he ran through the houses, changing magazines as he ran, and alone cleared the houses. Six Germans surrendered to him and the remainder fled across a footbridge onto the north bank of the canal.

The Troop dashing up behind Corporal Hunter now became the target for all the Spandaus on the north of the canal. Again, offering himself as a target, he lay in full view of the enemy on a heap of rubble and fired at the concrete pillboxes on the other side. He again drew most of the fire, but by now the greater part of the Troop had made for the safety of the houses. During this period he shouted encouragement to the remainder, and called only for more Bren magazines with which he could engage the Spandaus. Firing with great accuracy up to the last, Corporal Hunter was finally hit in the head by a burst of Spandau fire and killed instantly.

There can be no doubt that Corporal Hunter offered himself as a target in order to save his Troop, and only the speed of his movement prevented him being hit earlier. The skill and accuracy with which he used his Bren gun is proved by the way he demoralised the enemy, and later did definitely silence many of the Spandaus firing on his Troop as they crossed open ground, so much so that under his covering fire elements of the Troop made their final objective before he was killed.

Throughout the operation his magnificent courage, leadership and cheerfulness had been an inspiration to his comrades.

War Office, 19th June, 1945.

The KING has been graciously pleased to approve the award of the VICTORIA CROSS to:—

No. 18706 Sepoy Nandeo Jadhao, 5th Mahratta Light Infantry, Indian Army.

In Italy, on the evening of the 9th April, 1945, a Company of the 5th Mahratta Light Infantry assaulted the east floodbank of the Senio river, north of S. Polito. Three minutes afterwards another Company was to pass through and assault the west floodbank.

In this sector the Senio river is about 15 feet broad, 4 to 5 feet deep and flows between precipitous floodbanks 30 to 35 feet high. Both floodbanks were honeycombed with an intricate system of German dugouts and defence posts, with a mine belt on the inner face of the east floodbank above the dugout entrances.

Sepoy Nandeo Jadhao was a Company runner and when his Company crossed the river he was with his Company Commander close behind one of the leading sections.

When wading the river and emerging on the west bank the party came under heavy fire from at least three German posts on the inner face of the east bank. The Company commander and two men were wounded and the rest, with the exception of Sepoy Nandeo Jadhao, were killed.

This gallant Sepoy immediately carried one of the wounded men through the deep water and up the precipitous slope of the river through the mine belt to safety. He then made a second trip to bring back the other wounded man. Both times he was under heavy mortar and machine gun fire.

He then determined to eliminate the machine gun posts, which had pinned down the Companies, and to avenge his dead comrades, six crossing the exposed east bank o

third time, he dashed at the nearest enemy post and silenced it with his Tommy Gun. He was, however, wounded in the hand and, being unable to fire his gun any further, threw it away and resorted to grenades. With these he successively charged and wiped out two more enemy posts, at one time crawling to the top of the bank to replenish his stock of grenades from his comrades on the reverse slope.

Having silenced all machine gun fire from the east bank, he then climbed on to the top of it and, in spite of heavy mortar fire, stood in the open shouting the Mahratta war cry and waving the remainder of the Companies across the river.

This Sepoy not only saved the lives of his comrades, but his outstanding gallantry and personal bravery enabled the two Companies to hold the river banks firmly, and eventually the Battalion to secure a deeper bridgehead, which in turn ultimately led to the collapse of all German resistance in the area.

War Office, 14th June, 1945.

(i) BEF, NWEF, Faroe Islands and Iceland.

(ii) Service afloat in the case of personnel serving on vessels based overseas.

(iii) Periods spent overseas as a prisoner of war.

(b) Civilian service overseas cannot be computed when assessing eligibility for PYTHON or LIAP.

4. (a) Subject to the above paras a soldier is eligible to be considered for inclusion in the PYTHON Scheme provided that:—

(i) The overseas commander does not consider his retention is necessary on operational grounds.

(ii) He was enlisted or commissioned in the United Kingdom into British service.

(iii) He was enlisted or commissioned locally into British service and either his normal residence is in the United Kingdom or he would normally be returning to the United Kingdom at intervals during his employment abroad.

(b) Personnel enlisted or commissioned into local forces are not eligible to return to the UK under the PYTHON Scheme, but an officer commissioned into local forces and contemporaneously or subsequently granted a King's Commission is thereby rendered eligible for inclusion in the PYTHON Scheme subject to residential qualifications as in para 4 (a) (ii) above. In such cases overseas service for PYTHON purposes will date with effect from the date of the King's Commission.

5. British service personnel who are eligible for return to UK and who have been away from INDIA for a period of four years may be posted to INDIA in lieu of return to UK, subject to the conditions given in para 9 below. Periods of leave or duty, not exceeding in the aggregate six months, spent in INDIA during the four years do not constitute a break for the purpose of eligibility.

6. Posting to INDIA under para 5 above will be confined to those personnel who have definite roots in INDIA, as follows:—

(a) Those resident in INDIA on enlistment or commissioning, or before joining the British Army.

(b) Those married to Indians or Anglo-Indians.

7. Personnel posted to INDIA under para 5 above will be granted 28 days repatriation leave. Before being posted to SEAC or elsewhere they will be granted a further 14 days' embarkation leave.

8. Personnel eligible for PYTHON and in Age/Service Release Groups 27 or later, or if in earlier Age/Service Release Groups whose release has been deferred, who are normally domiciled in the UK, may apply for 61 days' leave in lieu of posting to the UK (LIAP), subject to the conditions laid down for LIAP.

9. Personnel of British Service in Age/Service Release Groups 27 or later, or if in earlier Age/Service Groups whose release has been deferred, NOT domiciled in the UK or EIRE, are not eligible for PYTHON, but may apply for 61 days' leave to their country of domicile (DOMCOL) on completion of 4 years' overseas service outside the country of domicile, subject to the conditions laid down for DOMCOL.

10. Personnel will be eligible to be called forward to GHQ 2nd Echelon as soon as their overseas period is completed. In some cases personnel may necessarily be called forward shortly before or after the actual completion of the qualifying period. In the event of an officer or other rank who considers himself eligible not being called forward, he will notify his commanding officer, who will forward his name to GHQ 2nd Echelon, stating the circumstances.

11. Where, due to the exigencies of the service, a man cannot be spared, a certificate to this effect, signed by an officer not below the rank of brigadier, will be forwarded to GHQ 2nd Echelon, who will delay his calling forward for a period of one month.

12. Personnel returning to the UK under this scheme will be struck off strength of this theatre with effect from the date of embarkation. They will be granted 28 days' repatriation leave, and before being posted to another theatre will be granted a further 14 days' embarkation leave. Unless they volunteer for service in any other theatre, they will only be liable to be posted to North-West Europe.

13. Acting rank will be relinquished by officers and other ranks with effect from the date of leaving the unit of appointment. Temporary rank of officers will be retained for a period of 61 days with effect from the date of disembarkation in UK/INDIA or until taken on the strength of a unit and filling a specific vacancy in the War Establishment of that unit, carrying a lower rank, whichever is the earlier.

14. This scheme is voluntary on the part of those qualified. In all cases where an officer or other rank does not wish to take advantage of this scheme, his name will be returned to GHQ 2nd Echelon accompanied by a signed certificate to that effect. Such certificates may not be revoked until six months from the date on which they were signed. Cases in which earlier revocation is required for exceptional reasons will be submitted to AFHQ through the usual channels. Full statement of the circumstances involved will accompany the application.

15. Nominal rolls of personnel applying for posting to INDIA in lieu of return to the UK under para 5 above will be forwarded direct to GHQ 2nd Echelon, CMF. All rolls will be accompanied by a recommendation of the commanding officer stating that the individual concerned fulfils the conditions given.

16. Attention is drawn to GHQ 21[illegible] as amended by GHQs 10/45 and 165/[illegible] whereby married personnel may apply for the return to the UK of their wives and children. This application should be made six months before personnel become entitled to repatriation; in view of the large number of families involved it may not otherwise be possible to return families at the same time.

As from 1 Jul 45 personnel listed at para 4 (a) (iii) above returning to the UK under PYTHON or LIAP who are granted passages at WO expense for their families will NOT be entitled under the Re-

Declassified E.O. 12356 Section 3.3/NND No. 785016

lease Regulations, Chapter VI, to further passages for the repatriation of their families, even if on release the individual himself is eligible for repatriation under the Regulations.

Personnel who are affected by this rule and who, because of it, do not wish to take PYTHON or LIAP, will be allowed to defer without the restriction contained in para 14 above.

17. The provisions of this SBO are applicable to officers and auxiliaries of the ATS for whom the qualifying period referred to in para 1 above will be two years.

18. Officers and auxiliaries of the ATS who so desire may be permitted, provided the ADATS, AHQ, and the medical authorities are in agreement, to serve overseas continuously for a maximum period of three years. Postponement certificates and medical certificates will be rendered to AFHQ (G(Bra)) for approval.

19. Officers and auxiliaries of the ATS who desire to take LIAP or DOMCOL (paras 8 and 9 above refer) must be in Age/Service Release Group 33 or later, or if in earlier Age/Service Release Group must have deferred their release.

20. Attention is drawn to GHQ 263/45—"Cases of VD under Surveillance—Return to United Kingdom".

21. GHQs 661, 936, 294, 1071/44 and 262 and 332/45 are hereby *cancelled*.

828. Servant Allowance — Officers of the UDF seconded to UK Forces

1. CONDITIONS GOVERNING GRANT

The conditions under which Servant Allowance shall be payable to an officer of the UDF on full-time service who is seconded to the UK Forces are as follows:—

(a) When resident in married quarters.

(b) When permitted by his Commanding Officer to reside out of camp or barracks.

(c) When absent from camp or barracks

(i) on authorized leave,

(ii) whilst a patient in hospital or convalescent home,

2. SUBMISSION OF CASUALTY RETURNS AND PUBLICATION IN PART II ORDERS

(a) Entitlement to this allowance must be published in Part II Orders, the reason for the grant being shown. OsC units will therefore be required to submit Casualty Returns, reflecting grant of the allowance and reason therefor.

(b) When an officer is shown in Part II Orders as having been transferred from a unit, the Chief Paymaster, UDF, automatically cancels any continuous Servant Allowance granted by that unit. It is essential, therefore, if Seconded Officers are entitled to Servant Allowance from or after date of transfer, in terms of para 1 hereof, for OsC units taking such officers on strength to submit Casualty Returns reflecting the regrant of the allowance.

3. Servant Allowance is not payable to members of the Women's Auxiliary Defence Corps.

829. Leave to UK—LIAP

1. *Allotment of Vacancies within Units*

LIAP vacancies will in future be allotted within units according to length of continuous service overseas, subject to the exceptions in para 6 below.

2. *Allotment of Vacancies within Formations*

In order to achieve uniformity within formations, so that personnel with comparatively short service are not sent on leave in one unit, while in other units personnel with longer service are kept waiting for vacancies, formations will allot vacancies in the following manner:—

Group 2

Declassified E.O. 12356 Section 3.3/NND No. 785016

(a) Vacancies will first be allotted in proportion to numbers of men with over 3 years and less than 3½ years continuous service overseas plus those with over 3½ years service who have relinquished Python until all such individuals have been granted vacancies. These personnel will be known as Group 1.

(b) As soon as Group 1 have been allotted vacancies, the proportional allotment will be made in accordance with numbers of personnel with over 2½ years service and under 3 years, and thereafter in succession to those with over 2 and under 2½ and those with over 1½ and under 2 years continuous overseas service. These groups of personnel will be known as Groups 2, 3 and 4 respectively.

3. *Allotment of Vacancies by AFHQ*

(a) A similar system will be followed by this HQ in allotting vacancies to Armies and Districts. To enable this to be done, each Army and District and other formation receiving a direct allotment from this HQ will forward a monthly return to reach this HQ by the seventh day of each month showing numbers of eligible men under command on the first day of the month in each of the four groups specified in para 2 above. Monthly allotments will be made by this HQ on the basis of these returns about the tenth of the month.

(b) As trains will be arranged on the basis of the monthly allotments made three weeks in advance it will not be possible for vacancies to be carried from one Army or District to another by units moving from one to another; except where large numbers are involved and special arrangements can be made. Normally a unit so moving will surrender its vacancies and obtain a new allotment when reaching its destination. Owing to the number of vacancies available, this should not cause hardship. When large movements occur, the Army or District from whose command the movement takes place will send details as soon as possible to G(Ops)(A) in order that allotments can be adjusted.

4. *Eligibility*

All officers and other ranks of the following categories are eligible for LIAP except those made ineligible by para 5 below:—

(a) British personnel of the British service.

(b) British personnel of Colonial Forces administered by the War Office.

(c) British personnel attached or permanently attached to those on British rates of pay to the Indian Army.

5. *Disqualifications*

The following are ineligible for LIAP:—

(a) Personnel within six months of PYTHON or Release, except as stated in para 6 (a) below. The age/service groups which for this purpose are to be considered likely to be released within six months will be notified from time to time. At present, the groups are 1—21 for men and 1—38 for women, except for certain categories such as full Colonels and above and MOs, whose rate of release is likely to be slower than the normal.

(b) Personnel under suspended sentence unless authorised by Corps or District Commanders.

(c) Personnel with less than eighteen months continuous service overseas (twelve months in the case of members of the Women's Services) and those who have previously had LIAP or similar leave, except as stated in para 6 (b) below. Such personnel are likely to receive leave under different conditions when all entitled to LIAP have had leave.

6. *Leave on Compassionate Grounds*

(a) COs may give LIAP vacancies to a limited number of eligible men before their turn on the basis of length of service overseas, on reasonable compassionate grounds.

(b) Vacancies may be given by formation, etc., Commanders on reasonable compassionate or other grounds to personnel ineligible under paras 5 (a) and (c) above.

(c) Leave on compassionate grounds will not normally be granted unless the applicant does not wish to be posted or has been refused posting, or is likely to be refused posting.

7. *Officers' Vacancies*

No fixed proportion of vacancies will be allotted to officers. Vacancies will be allotted to all ranks on the basis of eligibility specified above.

8. *Period of Leave*

The period of leave will in future be 28 days in UK, starting on the day after leaving the UK Transit Camp.

9. Paras 2, 3, 4 and 5 of GHQ 1013/44 are cancelled.

849. Economy of Clothing

1. There is a worldwide shortage of all types of clothing which has now become so acute that the quantities required to meet the needs of the armed forces cannot be met in full unless the rate of wastage is drastically reduced.

2. Commanding Officers, QMs and others will have already noticed the shortage of certain items of clothing. In particular, battle dress, greatcoats and blankets were in short supply last winter. There is no prospect of improvement, and it must be realised that the shortage is likely to extend to many other items of clothing.

3. The situation has assumed serious proportions. In order to ensure the best possible use of the limited quantities available, it is imperative that the instructions detailed below be followed.

4. (a) Clothing will not be condemned solely on the grounds of appearance, nor will new clothing be issued for uniformity of turnout on parade. Serviceability will be the governing factor in considering the necessity for replacement. Every garment withdrawn from use will be returned to Ord for reconditioning.

(b) Henceforth platoon or equivalent commanders will be made responsible for authorizing all exchanges in their sub-units. The normal method will be that the individual who considers an article requires exchange will apply to his platoon commander; he will produce his AB 64, Part 1, page 3, showing his Release Number. The platoon commander will examine the article, and if the conditions detailed in para 4 (a) obtain, and provided he is satisfied the garment cannot be repaired by the individual, he will give a *written* chit authorizing the replacement at the QM stores. No exchanges will be made without a written chit from the platoon commander.

(c) With effect from the date of publication of this GRO, only in exceptional cases will the clothing of any man be replaced during the three months prior to his release. If it is absolutely essential to effect an exchange, part-worn clothing will be issued. New garments will not on any account be issued to men proceeding to UK on release.

5. It is the duty of unit commanders to ensure this order is carried out and to take appropriate action against all personnel who fail to do so, or who are guilty of extravagance and waste of clothing by any means. Failure on the part of unit commanders to enforce this order will be specially reported by Inspectors of Army Equipment or Ordnance Officers concerned with the supply of clothing.

(Applicable to all troops in CMF.)

850. Equipment—Eyeshields, Anti-Gas

1. Although eyeshields, anti-gas, are provided primarily to protect the eyes against liquid blister gas, their alternative use for general eye protection will be freely permitted.

2. Eyeshields, anti-gas, may be used as necessary for the protection of the eyes against dust, sand and grit, and by motor-cyclists and MT drivers if goggles, MT are not available. The tinted variety may be used as protective against glare, but should not be used for looking directly into the sun, nor for glare reflected from snow.

3. To ensure that the individual is equipped to personal scale, replacements will be made from time to time and always before departure from this Command where the respirator is required to be taken.

(ii) Other ranks who left the UK after the outbreak of war—as laid down from time to time in Movement and Embarkation Instructions—normally one sea kit or universal bag, haversack and pack.

5. PERSONNEL RESIDENT OUTSIDE UK

Officers and other ranks normally resident outside the UK who cease to be actively employed and whose services are terminated during the war:—

	Self	Wife	Each child of 3 years of age and over
	cwts	cwts	cwts
Officers	5	2	1
Other Ranks	2	2	1

6. EXCEPTIONAL CASES

Cases NOT covered in this GRO will be submitted through the usual channels for special consideration including wives of officers or other ranks who are not on any military establishment.

7. METHOD OF DESPATCH

(a) *Accompanied*

(i) Size of packages will be limited as under:—Packages for stowage in the "Wanted on Voyage" baggage room must NOT exceed 3 feet in length, 2 feet in width and 2 feet in depth.

Cabin trunks must NOT exceed 3 feet in length, 2 feet in width and 14 ins in depth, but owing to the congestion in cabins as converted for war-time use and the difficulty of obtaining porters at the port of disembarkation and/or railways in the UK, passengers are advised to restrict cabin baggage to a SUITCASE.

(ii) Each package will bear a label "CABIN" or "WANTED ON VOYAGE" as the case may be.

(b) *Unaccompanied*

(i) Remaining baggage within the entitlement will be despatched through the Military Forwarding Organization.

(ii) The owner of the baggage will be personally responsible for handing over his baggage to the MFO at the nearest Depot or to the nearest RTO representing the MFO.

(iii) MFO Depots are situated at:—
ANCONA, AREZZO, BARI, BOLOGNA, GENOA, MILAN, NAPLES, ROME, TARANTO, UDINE, VENICE, ALGIERS, PATRAS, PIRAEUS, SALONIKA, VILLACH, VIENNA.

(iv) Each package will be legibly painted or stencilled with owner's name, home or depot address, followed by c/o MFO, PORT OF DISEMBARKATION, UK. In case of despatch to destinations other than UK, the address will be similar LESS the letters UK. A label or paper with all the above information should be placed inside the package, on the top of the contents, in case the address outside becomes illegible.

(v) All baggage will be securely packed at the time of handing to the MFO for despatch. This means boxes and trunks should be roped and valises and packs sewn up in hessian. MFO will NOT accept any packages which are insecurely packed or which will obviously NOT stand the handling on the required journey. Baggage arriving at port in an unsatisfactory condition for shipment will NOT be shipped.

(vi) Customs Declaration Notice 21 form must be completed and handed to MFO when tendering unaccompanied baggage for despatch. Customs Declaration Notice 21 is obtainable at MFO Depots as listed in Para 7 (b) (iii).

8. Personnel who have been warned for movement to UK should arrange to take their surplus baggage to the transit camp or Assembly wing, where it should be handed over to the representative of the MFO at the Camp, at the earliest possible moment.

Personnel travelling by Air should hand their surplus kit to the nearest MFO as long as possible before departure.

9. The above entitlements do NOT override any lower limits which may be imposed as regards the quantity of baggage to be conveyed at the public expense, either as accompanied or unaccompanied baggage, or on any particular move of the individual concerned otherwise than to the UK or other place of home residence. The disposal of any surplus entitled baggage will be at the discretion of the individual, but no expense for storage (other than available WD storage accommodation), insurance, etc., and no claims for loss, damage, etc., will be admissible against public funds by virtue of the entitlement to free conveyance. If the officer or other rank concerned requires this surplus to be despatched to the UK or other place of home residence as and when facilities offer, he will carry out the procedure laid down in para 7 (b) above.

10. It should be clearly understood that cost of storage at destination will NOT be borne by public funds.

11. Officers and other ranks are advised to insure their baggage against loss or damage through causes other than enemy action. Any individual whose baggage is NOT so insured will have no claim against the War Department unless such loss or damage can be proved to have been caused through the negligence of the military authorities.

Origination and Handling of Messages Requiring Restricted Distribution or Special Attention

INSTRUCTIONS TO ORIGINATORS AND ADDRESSEES

There are, in general, two distinct requirements, concerning the restricted or special distribution of a message, that an originator might wish to specify. These may be classified as follows:—

CLASS "A" Messages which are to be delivered ONLY to a specified individual or appointment or to a representative specially nominated by the specified addressee.

CLASS "B" Messages which MUST be brought to the personal attention of a specified individual or appointment, in addition to any other distribution which they might receive by virtue of their subject matter.

The rules applicable to the origination and handling of messages of the above classes are as follows:

CLASS "A"

1. INDICATION OF ADDRESSEE. The first of messages of this type will commence, immediately after the security classification, with the words "PERSONAL FOR," followed by the name or appointment of the specified addressee. This must be followed, if desired, by the word "FROM" and the name or appointment of the originator.

2. RESTRICTION IN USE. As the special handling precautions associated with "Personal" messages involve some inconvenience to those concerned and would lose much effectiveness if this prefix were to be used indiscriminately, it is necessary for the use of this facility to be restricted to Staff Officers not below the rank of Major General and formation Commanders not below the rank of Brigadier.

3. SECURITY CLASSIFICATION. "Personal" messages will be classified in accordance with the degree of secrecy of their contents but must NOT be unclassified. It is NOT necessary for them to be classified TOP SECRET, unless their subject matter so warrants, merely to ensure that they are not seen by unauthorized persons. This precaution will be taken automatically as a result of the use of the word "PERSONAL."

4. DESPATCH. The following method of despatch will be adopted for all "Personal" messages:—

(a) The requisite number of copies (normally one per addressee) of the message will be enclosed in a sealed envelope marked "PERSONAL message for despatch" on both sides, and also bearing the priority and security classification of the message.

(b) This envelope will be accompanied by one or more (in accordance with the requirements of the Signal Office concerned) skeleton copies of the message, identical with the original message but omitting the whole of the text following the phrase "PERSONAL for . . . from . . ."

(c) The above sealed envelope, together with the skeleton copies, will be enclosed in an outer cover, marked with the priority of the message, and will be despatched to the Signal Office in the normal manner.

(d) "Personal" messages will NOT be seen by Signal Office personnel other than cipher staffs. They will invariably be transmitted in cipher, unless sent by MESSENGER.

5. DISTRIBUTION:

(a) Incoming "Personal" messages will be delivered under sealed cover directly to the specified addressee (or to a representative specially appointed by him for this purpose). No distribution of "Personal" messages will be made without the addressee's specific authority.

(b) At AFHQ incoming "PERSONAL" messages addressed only to the following will receive this special treatment:—

SACMED	Chief Administrative Officer
Deputy SACMED	Deputy Chief of Staff
Chief of Staff	Officers of the rank of Major General

(c) At US HQ "Personal" incoming messages are afforded this special treatment only when addressed to formation commanders or their Chiefs of Staff. If addressed to other officers they are handled in accordance with the normal US procedure for incoming signals.

6. PHRASES OTHER THAN "PERSONAL." Other British and United States Services may employ phrases other than "Personal for . . ." which require identical methods of handling. The phrases most commonly used are:—

"Exclusive for . . ."	"Private and Personal for . . ."
"Private for . . ."	"For . . . eyes only"
"Strictly Private for . . ."	"For the eyes of . . . alone"

and variants or combinations of the above. British Army recipients of such messages will note that:—

(a) Such messages will not be distributed other than to the specified addressee, without the latter's specific authority.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(b) If the reply to such messages requires similar restrictive handling the procedure described in paras 1 to 4 above will be adopted, irrespective of the phrase used in the message under reply.

CLASS "B"

1. Indication of Addressee. The text of messages of this type will commence, immediately after the security classification, with the word "FOR," followed by the name or appointment of the officer to whose attention it is desired that the message be drawn. This may be followed, if desired, by the word "FROM" and the name or appointment of the originator.

2. Distribution. Messages of this type will be despatched in the normal manner.

3. Distribution and Delay. In those headquarters where it is the practice for the officer taking action on a message to indicate its distribution, the officer concerned will ensure that the specified addressee is included on such distribution or is otherwise acquainted with the contents of the message. Any reply to a message of this type must be sent with the personal approval of the specified addressee or of a representative nominated by him.

4. Branch Indication. It should be noted that a particular individual or appointment should NOT be specified in the above manner when it is desired merely to indicate the branch, directorate or staff division to which a message should be delivered. In such a case, the word "FOR" should be followed by an indication of the branch, directorate or staff division concerned, e.g. FOR Ops (Ops) HA2. THESE WILL NOT BE AN INDICATION OF THE BRANCH, DIRECTORATE OR STAFF DIVISION CONCERNED, e.g. FOR Ops (Ops) HA2. THESE WILL NOT BE AN INDICATION OF THE BRANCH, DIRECTORATE OR STAFF DIVISION CONCERNED, e.g. FOR BGS. DRA. CSO(c). The indication of a branch in this manner is, however, unnecessary when it is evident from the originator's number or the subject matter of the text.

Handling of Messages Requiring Restricted Distribution or Special Attention

Instructions to Signals and Staff Message Controllers

1. When a message is handed in for despatch, in a sealed envelope marked "PERSONAL message for despatch," accompanied by skeleton copies, the message will be despatched as if it were of TOP SECRET category. Thus it will either be sent to the cipher office, unopened, for encyphering, or it will be despatched unopened, as ADLS/ELS. In the latter case, the outer envelope will be addressed to the specified officer or appointment. The necessary registration and routing will be effected on the skeleton copies.

2. An incoming cipher message containing any of the following phrases:—

"PERSONAL for ..." "Private and Personal for ..."
"Exclusive for ..." "For ... eyes only ..."
"Private for ..." "For the eyes of ... alone"
"Strictly Private for ..."

or any variants or combinations of these phrases, will be delivered to the specified addressee from the cipher office or Staff Message Control, if employed, in a sealed envelope. No other distribution of the message is permissible without the addressee's specific authority.

3. Where it is necessary for a message of the above type to be retransmitted, it will either be sent in cipher or by ADLS/ELS. Such messages must NOT be retransmitted in plain language by any electrical or visual means, nor will a plain language version of them be seen by any Signal office personnel, other than cipher office staff.

4. Any ADLS/ELS packet received in a Signal Office, addressed by name or appointment to a particular officer, will be delivered unopened to that officer.

5. Where a Staff Message Controller or the Signal office is normally responsible for distributing incoming messages, such an authority is responsible for ensuring that the specified addressee of any message containing the phrase "FOR ..." is included in the distribution of that message.

With reference to GRO 647/44

1. A soldier, auxiliary, ATS, or member of a VAD, whose pay is being restricted on account of debt to the appropriate minimum rate, under Army Orders 86 and 87 of 1944, may be allowed to resume his or her net rate of pay for the period of any privilege leave, leave on posting or repatriation to the United Kingdom, leave from an overseas theatre of war, or compassionate leave, including travelling time.

858. Service Retired Pay

859. Leave to SOUTH AFRICA

1. SOUTHERN personnel who have applied for and been accepted for extended service in the UK Forces will in future be eligible for leave in the Union after 18 months' service outside the Union. Such applicants will, however, only be conveyed to the Union after the UDF has completed the repatriation of personnel in the next higher demobilization group. Extended service personnel proceeding on leave will be given transport priority within their demobilization groups.

2. Period of leave is approximately 30 days in SOUTH AFRICA and the period of absence from the unit about two months.

3. This leave is conditional on the UDF military authorities being able to provide air transport to the Union.

4. Personnel will remain on the strength of their units for the period of absence. They cannot be replaced and no promotion can be made as a result of their absence. Leave is therefore conditional on whether the individual can be spared from his unit.

5. Pay during the leave period will continue to be the responsibility of the Union Government and will be on the same terms as for UDF personnel proceeding on leave.

6. Applications for leave under this GRO will be made through the normal channels to G(HQ) AI AFHQ.

It has been noticed that in two copies of the above mentioned Appendix the pages 7 to 42 have been transposed in folding so that they are out of order in the finished copy. The folding is done by a mechanical device and the error is unlikely to have occurred in more than one copy in every 2000. Recipients should, however, check their own copy and if the pages are found to be out of order, the Appendix should be read according to the numbers of the pages and not according to the order in which they appear in the Appendix.

NOTICE BOARD INFORMATION

LEGAL AID (Welfare)

1. WHAT IT IS

The object of the Legal Aid (Welfare) Scheme — known as LAW — is to enable you (see para 2) to obtain legal advice, and, where necessary, legal aid by legal process in the UK while you are serving in CMF.

2. WHO CAN ASK FOR IT

The scheme applies to all soldiers and auxiliaries of the ATS up to and including the rank of sergeant, who have not sufficient private resources to employ their own legal advisers.

3. PROBLEMS HANDLED

The following are some examples of the kind of cases which are handled by Legal Aid (Welfare) :—

(a) Rent and dispossession problems
(b) Wills and estates
(c) Partnerships
(d) War damage compensation
(e) War-time liabilities adjustment
(f) Adoption of children
(g) Divorce and other matrimonial cases
(h) Advice from surveyors and valuers — inspection and valuation of property, disputes between landlord and tenant, leases, mortgages, road charges, etc.

4. WHERE LAW CAN BE FOUND

There is a central Legal Aid (Welfare) Section at AFHQ, CMF and Forward Legal Aid Sections have been established as follows :—

No 1 (Riccione) Forward Legal Aid Section, CMF.
No 2 Forward Legal Aid Section, c/o No 1 Army Welfare Centre, CMF.
No 3 (Rome) Forward Legal Aid Section, CMF.
No 4 (Genoa) Forward Legal Aid Section, CMF.
No 5 (Greece) Forward Legal Aid Section, CMF.

These Sections are staffed by legally qualified officers, who are known as Legal Advisers (Welfare). In addition, Legal Advisers (Welfare) make periodic visits to formations, large units and centres of troop concentrations.

Ask your Unit Welfare Officer where the nearest Forward Legal Aid Section is, or when the next LAW visit is being made to your area.

5. HOW TO CONTACT LAW

If you want to consult a legal adviser you may either write direct to your nearest LAW Section or may get your CO to write for you, or you may visit the Section personally.

If you have a Legal Advice Bureau in your unit or nearby, you should consult the Legal Advice Bureau in the first instance.

6. LAW IS NOT A PART OF SSAFA

The LAW Section is not a part of the Soldiers' Sailors' and Airmen's Families Association, therefore do not send enquiries for legal advice to SSAFA.

7. NOTIFICATION OF CHANGE OF ADDRESS OR COMMAND

Once you have placed your case in the hands of the LAW Section, you MUST in your own interest keep that Section informed of any change in your address. If you move out of this Command let the LAW Section know at once and they will pass your case to the LAW Section in your new Command, and will notify you where to apply for further assistance.

8. WHEN YOU ARE REPATRIATED TO THE UK

If you are returning to the UK and have a case pending with LAW, you must immediately inform the LAW Section, AFHQ, CMF, as soon as possible before you go. You will then be informed what to do and whom to see when you get home and the Legal Aid people at home will be told that you are coming so that your return can be used to the best advantage.

If you are sent home without warning and cannot inform anyone before you go, you should immediately contact on your arrival either London District Legal Aid Section, 15, Stanhope Gate, London W 1., if you live in England and Wales; or Scottish Command Legal Aid Section, 24, Alva Street, Edinburgh, if you live in Scotland.

(b) Local Legal Advice Bureaux in units or formations. These consist of serving personnel who are barristers or solicitors who give preliminary advice and assistance to soldiers on the spot. It is the duty of unit and formation Commanders to organize such Legal Advice Bureaux wherever possible. A pamphlet entitled "Notes for the Assistance of Legal Advice Bureaux" can be obtained on application to the Law Section, AFHQ.

2. In order to ensure that all ranks concerned are informed of the existence of the legal aid scheme, the Notice Board Information Leaflet issued with this GRO (which sets out the type of cases handled by Legal Aid Welfare) will be exhibited on all unit notice boards and will be referred to in unit orders.

APPENDIX "A" to ALLIED FORCE
GENERAL ROUTINE ORDER No. 853, Serial 30, dated 27 July, 1945

PART I

HONOURS AND AWARDS

War Office, 3rd July, 1945.

The KING has been graciously pleased to approve the award of the VICTORIA CROSS to:—

No. 26534 Sepoy Ali Haidar, 13th Frontier Force Rifles, Indian Army.

In Italy, during the crossing of the River Senio, near Fusignano, in daylight on 9th April, 1945, a Company of the 13th Frontier Force Rifles were ordered to assault the enemy positions strongly dug in on the far bank. These positions had been prepared and improved over many months and were mainly on the steep flood banks, some 25 feet high.

Sepoy Ali Haidar was a member of the left-hand Section of the left-hand Platoon. As soon as the Platoon started to cross it came under heavy and accurate machine-gun fire from two enemy posts strongly dug in about 60 yards away. Sepoy Ali Haidar's Section suffered casualties and only 3 men, including himself, managed to get across. The remainder of the Company was temporarily held up. Without orders, and on his own initiative, Sepoy Ali Haidar, leaving the other two to cover him, charged the nearest post which was about 30 yards away. He threw a grenade and almost at the same time the enemy threw one at him, wounding him severely in the back. In spite of this he kept on and the enemy post was destroyed and four of the enemy surrendered. With utter disregard of his own wounds he continued and charged the next post in which the enemy had one Spandau and three automatics, which were still very active and preventing movement on both banks. He was again wounded, this time in the right leg and right arm. Although weakened by loss of blood, with great determination Sepoy Ali Haidar crawled closer and in a final effort raised himself from the ground, threw a grenade, and charged into the second enemy post. Two enemy were wounded and the remaining two surrendered. Taking advantage of the outstanding success of Sepoy Ali Haidar's dauntless attacks, the rest of the Company charged across the river and carried out their task of making a bridgehead.

Sepoy Ali Haidar was picked up and brought back from the second position seriously wounded.

The conspicuous gallantry, initiative, and determination combined with a complete disregard for his own life shown by this very brave Sepoy in the face of heavy odds were an example to the whole Company. His heroism had saved an ugly situation which would, but for his personal bravery—have caused the Battalion a large number of casualties at a critical time and seriously delayed the crossing of the river and the building of a bridge. With the rapid advance which it was possible to make the Battalion captured 3 officers and 217 other ranks and gained their objectives.
