### 880. Married Establishment

1. The Married Establishment was introduced by Army Order 66/38 and replaced the old Married Quarters Roll: under this Army Order all married soldiers serving on normal regular army engagements were, on attaining 26 years of age and subject to their complying with the regulations governing the issue of Family Allowance, eligible for the Married Establishment. Army Order 107/39 reduced the age limit for admission to the Married Establishment to 20 years wef 1 Jul 40. Therefore, married soldiers, serving with the Colours on normal regular army engagements, are eligible for admission to the Married Establishment as provided for in King's Regulations, 1940, paras 326-331 (as amended by Army Order 135/43), subject to the fulfilment of the following conditions:

(a) That the soldier has attained the age of 20 years (for this purpose the determining age will be the actual age of the soldier as confirmed by a certificate of birth).

(b) (i) That normal domestic relations exist as between the soldier and his wife and/or children; or

(ii) that the soldier has the custody of a dependant child or children as defined in para 5 of Army Order 135/43, for whose care and maintenance he makes satisfactory arrangements.

2. The number of regular soldiers that have been admitted to the Married Establishment during the war is very small and points to the fact that the various instructions in connection therewith have been overlooked. The benefits which normally accrue to a soldier on the Married Establishment are outlined in para 3 below. It should be borne in mind that these benefits are not at present available but the object of this order is to ensure that those regular soldiers eligible for admission to the Married Establishment are placed thereon in order that advantage

... 12356 Section 3 3/NND No. 785016

may be taken of the benefits as soon as normal conditions prevail. It is particularly important that soldiers should be admitted to the Married Establishment as soon as they are eligible as para 328 King's Regulations, 1940, (as amended by Army Order 136/41) states that Married Quarters will be allotted to soldiers on the Married Establishment who are serving at the station, in an order corresponding to the length of time they have been on that Establishment.

3. In addition to Family Allowance, soldiers on the Married Establishment will normally be eligible for the following benefits in respect of their families subject to the fulfilment of the prescribed conditions in each case:—

(a) Married Quarters where available.

(b) Conveyance at public expense in certain specified circumstances.

(c) Rations at stations abroad as provided in Allowance Regulations, 1941.

(d) Married rates of Colonial Allowances as provided in Allowance Regulations, 1944.

(e) Disturbance allowance in certain specified circumstances.

(f) Medical Attendance, hospital treatment, surgical appliances and dental treatment as provided in the Regulations for the Medical Services of the Army, 1938 Vol III and paras 422, 873 and 873A.

4. Under para 327 of King's Regulations, 1940, (as amended by Army Order 136/41) the authority for admission or removal of a soldier from the Married Establishment is vested in the soldier's CO. To ensure that no soldier is penalised because his CO. failed to admit him to the Married Establishment when eligible, it has been decided that —

(a) *Under Army Order 66/38*

All married soldiers over 26 years of age and serving on regular normal army engagements and in receipt of Family Allowance on 30 Apr 38 will be eligible for admission on 30 Apr 38 the date of Army Order 66/38, others will be eligible from the date of marriage if 26 years of age or from the date of attaining 26 years of age, provided the conditions governing the issue of Family Allowance are fulfilled.

(b) *Under Army Order 197/39*

All married soldiers 20 years of age and serving on regular normal army engagements and in receipt of Family Allowance on 1 Jul 39 will be eligible for admission from the date of marriage, others will be eligible from the date of marriage if 20 years of age, or from the date of attaining 20 years of age provided the conditions governing the issue of family allowances are fulfilled.

The position of every soldier serving on a regular normal engagement will be examined and those eligible for admission to the Married Establishment admitted, the necessary casualty being rendered to GHQ and Echelon in the normal manner. Similarly when a soldier on the Married Establishment ceases to fulfill the conditions governing the issue of Family Allowances, he will be removed from the Married Establishment and a casualty to that effect rendered to GHQ and Echelon.

5. Soldiers previously admitted to this Married Quarters Roll are not affected; their seniority on the Married Establishment will be the date of admission to the Married Quarters Roll.

(Applicable to married soldiers serving on a regular engagement in the UK Forces)

## 883. Burials—Civilians Serving with CA and UNRRA

1. The following procedure will be adopted in respect of BRITISH nationals who are (a) voluntary society workers serving under CA, (b) voluntary society workers serving under UNRRA as agents of CA, and (c) UNRRA officials serving as agents of CA.

2. The army will arrange the burial of any such persons who die before the termination of their service overseas or before their arrival at a port of disembarkation in UK.

3. Officers in charge Burial Parties, or Chaplains, will render AF W3314 (Burial Report) in the normal manner as for military personnel. Military and civilian personnel will not be included in the same AF W3314.

4. The Army will also arrange the burial of any non-British nationals who come within the categories enumerated in para 1 of this GRO, unless it is found possible to hand over the body of the non-British national to an organization of his own nation for burial. In cases where burials of non-British nationals are so arranged by the Army, particulars of the burial will be reported by Graves Burial Parties or Chaplains to GHQ and Echelon on AF W3314 (Burial Report). In these cases the Burial Report will clearly state the nationality of the individual who has been buried.

5. This GRO is applicable to all troops and to the categories of persons mentioned in paras 1 and 4 above.

## 884. Leave in UK—Petrol Coupons

1. A scheme has now been established whereby personnel proceeding to the UK on leave and who wish to drive motor cars or motor cycles while on leave may nominate a representative in the UK who can obtain in advance a supply of petrol coupons and a vehicle leave permit (cycle licence for period of leave).

2. Applications will be made in the form given at Appendix 'A'.

3. The following points in explanation of the scheme are given:—

(a) Petrol coupons can be issued in respect of any currently licensed motor car or M/C owned by the applicant or relations of the degree stated in Appendix 'A' para 3.

(b) A motor vehicle leave permit can be issued only in respect of a car or motor cycle owned by the applicant.

(c) It must be remembered that a current driving licence and insurance against third party risks are required before leave personnel can drive their cars in UK.

### 898 Security—Disclosure of Information concerning "Top Secret" or "Secret" Equipment to Civilian Firms, by Military Personnel

ACI 1439/44 is repeated below for information and compliance.

1. Certain civilian firms in considering the post-war employment of such of their employees as are at present engaged on military service, have sent out a form of questionnaire in which Service personnel are requested to give details of the type of work upon which they have been engaged during their period of military service. There will probably be an increase in the number of these and similar requests and the object of this ACI is to ensure that all ranks are aware of their obligations in regard to the disclosure of military information acquired by them during their period of service.

2. All officers and other ranks, including ATS personnel, who in the course of their duties have had access to "Top Secret" or "Secret" equipment of any kind whatsoever, either during the manufacture, trial or completed stage, are reminded that they are bound by the Official Secrets Acts, 1911 to 1939, and their knowledge of secret matters must not be published or communicated, either directly or indirectly, to another person in any form except in the course of official duties. Military personnel are subject to the conditions of the Official Secrets Acts both during *and after* they have left the Service; serious penalties may be imposed in the event of any infringement of these Acts.

3. All ranks are therefore warned that they should exercise discretion in the filling in of any questionnaires such as are referred to in para 1 above, or any of a similar nature which they may receive. Where there is any doubt whether the information which it is desired to give is permissible or not, the advice of the unit security officer will be sought. Where the unit security officer does not feel that he is qualified to advise, he will refer the matter to the CO of the unit and the latter, in cases of exceptional difficulty, will consult the nearest I (b) staff officer or alternatively the War Office (MI 11) direct.

## 903. War Savings and National Savings-Certificates

1. There are two Savings Schemes in use in this theatre:—

(a) The Savings Bank Scheme (see paras 2 - 5 below).

(b) The Outright Purchase (Overseas) Scheme (para 6 below).

The purchase of National Savings Certificates in this theatre is limited to purchases through units or through the individual's account. With effect from the date of this GRO, Savings Certificates can no longer be purchased through Army Post Offices.

The Savings Bank Scheme.

2. There are two methods by which a soldier can deposit money in the Post Office Savings Bank:—

(a) by regular deductions from his pay at a fixed daily rate.

(b) by remitting a specific sum at any time by means of a remittance form.

3. Details of these two methods are given below:—

(a) *Regular Depositors* (*i.e.* a soldier who desires that a certain fixed sum, based on a daily rate, shall be deposited in his name each month):—

(i) Army Form N1555 is made out in duplicate authorising the Regimental Paymaster to remit a fixed sum each month (based on a daily rate) to the Postmaster General for credit to the soldier's Post Office Savings Bank Account. In the case of new depositors AF N1555 is made out showing how the soldier wishes the Bank Book disposed of (*i.e.* sent to a nominee in the United Kingdom, or held by the Postmaster General until the soldier makes written application therefor).

(ii) The requisite entry of the daily rate being deposited is made in the AB 64 Part II as a guide to future cash issues. If at any time it is desired to alter or stop the deposit AF N1555 is completed to that effect in duplicate and despatched to the Regimental Paymaster who acknowledges receipt and returns the duplicate copy to the soldier for his retention.

(iii) The amount which a soldier wishes to be deducted from his pay for deposit in Post Office Savings Banks is not limited by the restriction on allotments of pay contained in Appendix V of the Royal Warrant for Pay 1940.

(b) *Casual Depositors* (*i.e.* a soldier who does not desire to have a fixed daily sum deducted from his pay, but who desires on particular occasions to deposit a proportion of his pay):—

(i) The revised Army Form O1727M (as notified in GRO 63/45) is made out in duplicate and particulars of the soldier's deposit book are entered in Section (2) of the Form. If the soldier is depositing for the first time AF N1555 (Part III only) is made out and attached to AF O1727M.

(ii) The amount of the remittance is entered in the AB 64 Part II as a cash issue, care being taken to ensure that it is readily identifiable as a remittance.

4. All forms of authority, *i.e.* AFs N1555 and AFs O1727M should be forwarded to the Command Paymaster, No 8 Command Pay Office or the Command Paymaster No 13 Command Pay Office, as the case may be, for transmission to the Fixed Centre Paymaster concerned. It must, however, be clearly

Declassified E.O. 12356 Section 3.3/NND No. 785016

understood that the Regimental Paymaster can only remit to the Postmaster General such a sum as the credit balance on the soldier's account will permit. Should the Regimental Paymaster be unable to remit the full amount, the soldier is notified through his CO.

3. If a soldier desires to purchase National Savings Certificates (price 15/- each) with the savings in the Post Office Savings Bank in excess of three pounds, he completes Form SB N792 which is forwarded to the Regimental Paymaster, Post Office Savings Bank (Army Branch), 129-137 Marylebone Road, LONDON, N.W.1., through his CO. This form is used whether a soldier wishes to purchase Certificates regularly or on specific occasions.

The Overseas Purchase (Overseas) Scheme.

6. Under this scheme National Savings Certificates may be purchased outright by the following methods:—

(a) *Purchase through Pay Accounts.*

(i) Certificates can be purchased outright through the Regimental Paymaster in UK by the submission of AF 01727M.

The advantages of this scheme are that the certificates are held on the soldier's behalf in the UK and that actual cash does not require to be remitted.

(ii) Full details for the purchase of certificates by this method are given in Appendix "A" to this GRO.

(b) *Purchase through units.*

(i) As Savings Certificates can no longer be purchased by individuals from Army Post Offices, the only method by which certificates can be purchased in this theatre other than through the soldier's account is by the unit becoming a Savings Group affiliated to the appropriate Command Pay office.

(ii) Under this scheme a Savings Officer is appointed in each unit who acts as honorary secretary of the unit Savings Group. Personnel of the unit who wish to purchase Savings Certificates must deposit the equivalent amount in local currency with the Savings Officer who then obtains the certificates from the appropriate Command Pay Office. Full details of this method may be obtained from the Command Pay office.

(iii) Purchases by this method are subject to the following restrictions:—

(1) Savings Certificates will only be purchased by other ranks at the weekly pay parade and OsC. units are responsible for ensuring that purchases do not exceed the amount actually drawn at that pay parade after deducting the amount (if any) to be spent on the purchase of postal orders under the provisions of GRO 530/45.

(2) Savings Certificates required by officers will also be purchased by the Savings Officer. Their requirements will be confirmed by the OC unit or an officer nominated by him, who will satisfy himself that such purchases are being made by the officers concerned from their advances of pay.

(c) *Purchase through Banking Accounts.*

Officers and other ranks with bank accounts in the UK may purchase National Savings Certificates (and also Defence Bonds) by completing a Banker's Order obtainable from any Field or Area Cashier. These Banker's Orders can be completed for either single or regular (periodical) purchases and forwarded by the individual to his bankers who take all further action.

## Purchase of National Savings Certificates by Soldiers through their Pay Accounts.

1. To enable soldiers to purchase National Savings Certificates, it has been decided that for this purpose remittances may be made for the sum of 15s. 0d. or any multiple of 15s. 0d. from credit balances on pay accounts by means of the revised AF 01727M notified in GRO 63/45.

2. The revised AF 01727M will be completed in the normal manner together with the following additional information which will be recorded on the form:—

(a) Where a soldier does not know his holder's number, an additional specimen signature will be written in the bottom margin of the form, as is now required for new purchases, and the soldier's home address inserted in the left hand portion of Section (3) of AF 01727M.

(b) If the soldier desires that the Certificates he is purchasing should be held by a third party, the full name and address of the person to whom they are to be sent should be furnished on a separate slip which should be securely attached to AF 01727M.

(c) The soldier's full Christian names must be shown on all remittance applications for National Savings Certificates.

3. Remittances will be recorded and numbered serially in the soldier's pay book at the time the revised AF 01727M is completed. This form will be forwarded to the Command Paymaster No. 8 Command Pay office or the Command Paymaster No. 13 Command Pay Office as the case may be.

4. New holders will be notified of the holder's registered number allotted to them by the Director of Savings: this number will be recorded in the top margin of page 4 of the revised print of AB 64 (Part II) or, if an older print is in use, in the top margin of page 1.

Declassified E.O. 12356 Section 3.3/NND No. 785016

5. National Savings Certificates purchased under this scheme will be retained in the custody of the Director of Savings, unless an application is made by the soldier for their disposal otherwise. Such applications should be addressed to the Director Post Office Savings Department, Savings Certificates Division, Morecambe, Lancs.

6. If, for any reason, it is not possible for the paymaster to effect purchase the soldier will be informed accordingly through his CO.

## 904. Civil Employment — South Africans

2. Full details of the scheme are given in ACI 817/45 to which those interested are referred.

3. This scheme applies to, amongst others, all Union Nationals of the Union of South Africa who are serving as commissioned or enlisted members of the British or Colonial Forces.

## 905. Rehabilitation Courses for Theatrical Performers

1. A series of courses for Service personnel is being organized by the Central Pool of Artistes, Army Welfare Services at the CPA Theatre, HQ Army Welfare Services, NAPLES.

The object of these courses is to assist in the rehabilitation and return to civilian life of performers and entertainers now serving in the Forces, by performing in AWS shows. As a result of the scheme additional entertainment for the Services will be made available at a time when the amount of entertainment from the United Kingdom is decreasing.

2. Courses will be of three weeks' duration and will be entirely practical. Students will gain fresh experience in acting, production, lighting and stage management and, if successful, will join an AWS CPA show for a six weeks' tour immediately on completion of the course. When the period of attachment ceases students will return to their units.

3. The course is open to all officers and other ranks of both sexes of all British Services other than Nursing Officers of the QAIMNS and is available for both amateur and professional performers.

4. Applications by personnel to attend these courses will without exception be submitted through COs direct to HQ AWS, AFHQ. Vacancies together with dates of commencement of courses will be notified to all concerned by HQ AWS, together with joining instructions. The form of application is set out in Appendix 'A' to this GRO. HQ AWS, when they have selected officers whom they consider to be suitable to attend these courses will obtain prior approval for attachment

(a) in the case of officers filling MS appointments from Dep Mil Sec AFHQ.

(b) in the case of all other male officers from G-1(Br)A9/10 AFHQ and

(c) in the case of ATS officers from G 1(Br)A8 AFHQ.

5. Candidates selected to attend a course will remain on the strength of their units and will be attached to HQ AWS for all purposes for the duration of the course and tour.

6. This GRO is restricted to personnel who are ineligible for service in the FAR EAST in accordance with the terms of GRO 784/45.

7. Retention of acting or temporary rank will be governed by the provisions of ACIs 774/44 and 1145/44.

8. Appropriate casualties covering the period of attachment will be rendered to GHQ, 2nd Echelon, by the unit concerned and HQ, AWS, respectively in respect of each officer and other rank affected.

## 909. Appointments to Emergency Commissions as Quartermasters

1. The operation of the Python and Release Schemes in this theatre has created an acute shortage of officers holding Quartermaster commissions. Available reinforcements have been exhausted and no replacements will be forthcoming from other theatres or the United Kingdom. Consequently, vacancies are being filled by the granting of Immediate Emergency Commissions (QM) to suitable candidates. Rosters of candidates held at AFHQ are becoming depleted and Officers Commanding units of all Arms will therefore review all the Warrant Officers and Staff Sergeants under their command with a view to recommending those suitable for immediate Emergency Commissions (QM).

2. All appointments to Emergency Commissions (QM) will be made in accordance with ACI 1045/44.

AFs B2065 or proforma Appendix to ACI 1045/44, where appropriate, will be initiated for suitable candidates and submitted to AFHQ G1(Br) forthwith.

3. Candidates in Age/Service Groups 1—26 may be granted immediate Emergency Commissions (QM) if they are prepared to defer their release and, where necessary, their Python rights, in accordance with GRO 801/45, para 3. Certificates to this effect should accompany AFs B2065.

4. GRO 735/44 is hereby *cancelled*.

## 911. Release—Documentation and Preparation of Release Books

1. The attention of OsC Units is drawn to the necessity for the correct completion of Release Books for all ranks. Insufficient information or only partial completion is causing delay and inconvenience to the individual in UK. The following particular points are recurring:—

2. Release Books.

(a) AB X801 and 802

Page 3—Part II not completed. Testimonial on back cover AB X202 not agreeing with page 3 entry.

Page 6—Items 6 and 7 being completed. These are NOT now required.

Page 7—No address given.

Page 8B—No indications given whether or not NH deductions have been made.

Page 12—Part II not completed.

(c) AF B122 not being returned. AFHQ Release Regs. paras 19 and 20 refer.

3. The address to be inserted in the release book should be the permanent address to which the individual wishes any documents or correspondence to be sent in the future. It will not necessarily be the address to which he intends to proceed immediately on release.

4. It is most important that the "permanent address" should be correctly inserted in the release book.

5. In order to ensure that the individual is routed from the Disembarkation Camp Unit to the correct Dispersal Unit serving the district in which he wishes to be released, it is essential that the numerical designation of such Dispersal Unit is shown on the front cover of the release book.

6. The districts served by the various Dispersal Units are shown in Appendix "H" to War Office Regulations for Release from the Army 1945.

1. GRO 544/45 is *cancelled*.

2. The Assembly Centre for Class "A" Release personnel (male) proceeding to UK via MILAN is established in the Ensemble di Savoia Barracks MILAN.

3. Responsibility for Command and Administration will be as follows:—

(a) General Administration will be under AFHQ. Local Administration will be the responsibility of GOC 2 District.

(b) The Commandant of the Assembly Centre will be responsible for its internal administration and discipline and for the reception, preparation and assembly of drafts.

(c) GHQ 2nd Echelon will be responsible for the documentation and composition of drafts subject, if necessary for the purposes of maintaining morale and discipline, to the over-riding decision of the Commandant.

### 913. Release—Deferment of Class 'A' Release by Permanent Civil Servants now Serving in HM Forces

Reference GBO 747/45.

1. The rules laid down in para 7 of the above quoted GBO will apply to permanent civil servants in just the same way as to other reconstruction candidates, and the limited competitions in which permanent civil servants alone are eligible to compete are included in the term "reconstruction competitions."

2. Thus, a permanent civil servant who has been allowed to defer his release before being declared successful in either an open reconstruction competition or a limited competition, will have the option described in para 7 sub-para (a) of GBO 747/45, and will, if he serves on in the Army, be subject to the rules set out therein regarding balance of pay and starting pay of his new civil service appointment.

3. A permanent civil servant who volunteers to defer his release after having been declared successful in either an open reconstruction competition or a limited competition, will, if allowed to defer by his present civil department, forfeit his new civil service appointment without prejudice to such further attempts at examination later as he may be entitled to under the regulations.

ACI 155/45 is republished for information and compliance.

1. The original tyre equipment on cars, 5 cwt, 4 × 4 (Jeep), is—

(a) A 6.00-16 cover, pneumatic, of American manufacture with a mud and snow (cross country) tread pattern; the side walls are marked with the letters "M.H.I." or "H.I." These covers are specially manufactured with controlled bead widths necessary for the correct fitting of the headlock referred to at sub-para (c) below.

(b) A tube, inner, size 6.00-16, with offset valve.

(c) A metal headlock (continuous channel type) located between the beads of the tyre when assembled.

2. Future replacement covers may be supplied without controlled bead widths and will not bear the markings "M.H.I." or "H.I." Headlocks will not be used with such tyres, but a flap (rust slip) will be used for the protection of the tube. liner. The flap (rust slip), Part No. V.A.(U.S. I.V.6/M.T.14/19547, will be supplied automatically with 6.00-16 covers, provided that the indent specifically states that the covers are required for fitment to cars, 5 cwt, 4 × 4 (Jeep).

### 929. AB 64, Parts I and II—Soldiers admitted to Hospital

1. Cases are frequently occurring where soldiers are despatched to hospital without being in possession of their AB 64, Parts I and II (Pay and Service Book). This is causing considerable administrative difficulty at hospitals and in addition may result in hardship to the soldier concerned.

2. Ost units are responsible that all soldiers proceeding to hospital are in possession of AB 64, Parts I and II, and that all necessary entries are made up to date. This matter is of particular importance since many soldiers are admitted to hospital who are due for release. In such cases action cannot be taken without AB 64 Part I.

3. If for any reason a soldier is despatched to hospital without his AB 64, Part I and/or II, it will be forwarded to the hospital by the unit with the least possible delay.

4. GBO 18/44 is hereby *cancelled*.

G1/B/4355/A3

### 930. Discipline—Unauthorised Issue of Permits for Transport of Wine by Civilian Agencies

1. Instances have been reported of unauthorized officers issuing to Italian civilians documents purporting to be permits for the transport of wine to be delivered to military messes.

2. Movement of wine by civilian agencies on allied military account can only be undertaken under authority of AMG, AC or Local Resources organizations.

3. Authority for this purpose will not be issued from other sources.

(Applicable to all troops)

G1/B/4383/A3

### 931. Disposal of Regimental Funds on the Disbandment of a Unit

Amends GBO 790/45. See Amendments Section.

G1/B/6043/A3

### 932. Promotion to Paid Lance Corporal—CMP (Provost)

1. Under the authority of the notes to the War Establishments of certain units of the CMP (Provost), 50% of the lance-corporals of such units are unpaid.

2. The following conditions for the selection of paid lance-corporals will be adopted wef the date of publication of this GBO:

(a) Providing the soldier is efficient, selection will be by seniority. Seniority will be reckoned from the date on which the soldier was enlisted in, or transferred to CMP(P).

(b) Providing no report to the contrary is received, a paid lance-corporal transferred between CMP(P) units will be deemed to be efficient, and on transfer to his new unit, will NOT lose his paid rank unless he is junior in the Corps to the most junior paid lance-corporal in his new unit.

(c) Officers commanding units will, when a lance-corporal is taken on the strength of the unit under their command, take immediate steps to ascertain the date on which he enlisted in, or transferred to the CMP(P). If, by reason of his service in the CMP the NCO is senior to the most junior paid lance-corporal, he will replace the latter in such paid appointment.

3. In the event of a paid lance-corporal losing his pay for inefficiency or misconduct, the date for seniority purposes should remain unaltered, but he should not be considered for re-instatement as a paid lance-corporal until a period of six months from the date on which he was deprived of his pay has elapsed.

4. If a DPM considers that under the above system, promotion in one unit is taking place too quickly at the expense of another where promotion is slow, the position can be adjusted by cross posting lance-corporals between units.

5. Casualties arising as a result of promotions and postings effected as above will be notified to GHQ 2nd Echelon, CMP in the normal way.

6. GBO 1055/44 is hereby *cancelled*.

# SPECIAL ARMY ORDER

*The following is an advance copy of the text of a Special Army Order about to be issued. It will be brought to the immediate notice of all ranks and all British civilian employees.*

1. On the occasion of the surrender of JAPAN the Army Council desire to send this message to all ranks of his Majesty's Armies.

2. The capitulation of the Japanese forces marks the end of nearly 4 years bitter fighting. Success attended their first treacherous attacks, and many months had to pass before the forces of the British Commonwealth and of their Allies could be brought to bear in sufficient strength to roll back the enemy from the territories he had overrun. Fighting in the most trying conditions of climate and terrain, the forces engaged refused to be daunted by natural obstacles or by difficulties of supply. In the face of temporary enemy superiority they never lost faith in their success, and their faith had already carried them far in their advance to liberate the British and Allied territories enslaved by JAPAN. Now the enemy has forestalled his own destruction by a timely surrender.

3. This occasion has a significance which goes far beyond the defeat of our Far Eastern enemy. After 6 years of conflict in which his Majesty's Armies drawn from all parts of the British Commonwealth and Empire have been engaged, peace has now come. To all men and women serving in them, whatever their race or creed, the Council send this expression of admiration and gratitude for their contribution to the common victory. The Council remember with pride and sorrow the many who have given their lives in the struggle against evil, they feel deeply for the distress of the bereaved and for the sufferings of the wounded, and they rejoice at the prospect of the early liberation of those who have bravely endured the cruelties and hardships of Japanese captivity.

4. But though peace has come, to ensure its maintenance important tasks lie ahead. The Council are confident that in the execution of these tasks the discipline, the sense of duty, and the high purpose which have characterised his Majesty's Armies in war will once again be made manifest and that under God's providence they will play their part in the building of a better world.

## 943. Conservation of Power Type Tyre Pumps

1. A very high percentage of vehicles fitted with the Power Type Tyre Pump have been received in Advanced and Base Returned Vehicle Parks with this item removed.

3. When power pumps become unserviceable they will not be removed for cannibalisation. The power pumps will be repaired when the vehicle enters workshops for overhaul.

4. Units holding surplus power pump assemblies will return them, correctly labelled, quoting Part Numbers and Section as follows:—

(a) Serviceable Assemblies to 1 Sub Depot, 557 BOD.

(b) Unserviceable Assemblies to ESD, 557 BOD.

## 957. Servant Allowance

1. The fact that batmen or batmen-drivers are provided on the War Establishments of units normally precludes the issue of Servant Allowance. It has, however, been found that exceptional cases may arise where officers cannot be provided with the services, or part services, of a soldier or civilian employed by the public, and in such cases applications for the grant of Servant Allowance should be submitted for consideration to Allied Force Headquarters, G1(British), *through the usual channels*.

2. Servant Allowance will not be authorized,

(a) for periods of seven days or less;

(c) when a batman is temporarily not available owing to casualties in respect of which there is no replacement.

3. In future all applications for servant allowance will be accompanied by a certificate signed by the applicant and countersigned by his CO in the form of the proforma at Appendix "A" to this GRO.

4. (a) In the case of officers attached to other Services or to Allied formations and units, the expressions "soldier" and "soldier servant" in the certificate at Appendix "A" will include personnel of the other Services, and of the Armed Forces of the Allies.

(b) In the case of officers who are borne on the strength of a unit for which batmen or batmen-drivers are provided on the War Establishment, a full explanation should be given as to why it was not possible to employ one of them for the periods for which Servant Allowance is claimed.

5. Approvals given by Allied Force Headquarters will be reported by the unit in the normal manner on AF W3010A, on which will be quoted the reference number etc. of the Allied Force Headquarters' letter authorizing the issue.

6. It should be clearly understood that the authority will remain valid only for such time as the conditions under which the allowance was granted remain unchanged and COs are responsible that current approval is held to support any claim made on AF W3010A. All cessations of entitlement must also be notified on AF W3010A.

7. Subject to para 12 of Regulations for the Allowances of the Army 1944 the provisions of this GRO will be retrospective to 10 Nov 42.

## 960. Army Education Scheme (Release Period)—Formation College (CM)

1. An integral part of the Army Education Scheme (Release Period), notified in GRO 437/45, is the provision of opportunities for further education for men and women who wish to pursue general and technical studies at a more advanced stage than is possible in lower formations and units.

2. For this purpose a Formation College, (CM), has been established at PERUGIA.

3. The courses offered at the Formation College will, where appropriate and if possible, be directly related to the Government's training schemes and will take account of the educational qualifications required by those who wish to be considered for admission to the universities and professions. The satisfactory completion of such courses will not in itself, however, entitle students to be admitted to these training schemes, to a university or higher educational institution, or to membership of a professional body. All courses will include current affairs, citizenship and physical training.

4. The College is a residential educational institution for approximately 1,600 men and women of all ranks and will provide full-time courses of one months' duration, giving about 190 hours of advanced study to specially selected students.

5. The Formation College, (CM), is organized in the following wings:—

I Pure and Applied Science and Mathematics.
II Commercial Subjects.
III Arts and Modern Studies.
IV Art and Artistic Crafts.
V Trades.
VI Domestic Science.

6. The course offered at the college will provide, so far as possible, for the following types of students:—

(a) Those whose technical or professional studies were interrupted by military service and who need to continue them beyond the stage possible at unit or lower formation level.

(b) Those whose studies at unit or lower formation level have proved them to be specially capable of profiting from a more advanced course of the same nature.

(c) Those with trade or professional qualifications who need to refresh or extend their knowledge of their trade or profession.

7. The various wings of the Formation College, (CM), will not all open simultaneously; at present courses are being held at three wings only, viz.:—(i) Pure and Applied Science and Mathematics; (ii) Arts and Modern Studies; (iii) Domestic Science. Details of the courses held at these wings are given in paras 9, 10 and 11 below. Details of courses at other wings will be published in GROs at a later date.

8. Refresher and extension courses in Trades have been notified in GROs 365, 676, 677, 679/45.

9. *Wing I: Pure and Applied Science and Mathematics.*

The following subjects are included: Chemistry, Physics, Mathematics (Pure and Applied), Biology, Geometrical and Machine Drawing, Mechanical Engineering Science, Electrical Engineering Science, Civil Engineering Science, Agriculture.

The courses organized fall into the following three main types:—

(a) A revision course at approximately Forces Preliminary Examination standard.

(b) A preliminary advanced course.

(c) An advanced course organized on a tutorial basis.

10. *Wing III: Arts and Modern Studies.*

The following subjects are included: English language and literature, French language and literature, German language and literature, Latin, History, Political Science, Economics, Geography, Philosophy, Ethics, Psychology and Drama.

The Home Management Course, which is the only type of course run at the present time, includes the following subjects: Cookery, Household Management, Laundry and Care of Clothes, Child Care, Architecture, Housewife's Law.

Previous knowledge of Domestic Science is not essential.

12. Courses at the Formation College will be open to all ranks of the Army, including the military Nursing Services, ATS and VADs.

13. Vacancies will be allotted by G(Trg) AG, AFHQ, to formations. ATS vacancies will be allotted in bulk to G(Per) AG, AFHQ.

14. It is intended that a course at a Formation College should be the last stage before release in a man's or woman's education; for the first courses, therefore, it is proposed to allot vacancies to personnel with Age/Service Groups below 27 for men and 10 for women.

15. Students wishing to attend courses at Formation College will apply through normal channels to Army and District HQ on the form shown at Appendix III, page 68 in the "Army Educational Scheme — Organization Handbook," repeated at Appendix C to this GRO. One copy of this form will be forwarded by the HQ of the formation concerned to the Formation College in respect of all students who have been allotted vacancies on the courses, at least 7 days before the course begins. The other copy will be brought by the student himself.

2. Formations and units will therefore again invite the attention of all officers to GHQ 539/45.

(Applicable to UK troops.)

G1/B/437/A2

## 963. Notification of Dates and Calling Forward

1. The date of release in UK of personnel in Age/Service Group 16 has been advanced and notification has been received of the date of release in UK of Age/Service Groups 17 and 18.

2. The dates are as follows:—

| *Age/Service Group* | *Date for release of Groups to UK* |
|---|---|
| 16 | 24 Sep—7 Oct |

(Applicable to British service personnel.)

G1/B/12052/A11

## 964. Completion of Release Books

Paras 3, 4, 5 and 6 of GHQ 911/45 are *cancelled*.

1. Reports from UK indicate that many officers and men do not appreciate the reason for the system whereby on arrival in UK personnel are sent first to a Disembarkation Camp Unit, and thence to the Military Dispersal Unit, serving the area to which they intend to go on release.

2. In certain cases this system may involve individuals in a longer journey than appears necessary, and it is important that all ranks should understand why this is, before they leave their Units.

3. The main object of the system of movement through Military Disembarkation Camps is to canalize traffic firstly to ensure that comfortable travel accommodation can be provided for the individual and secondly to ensure that the traffic is so distributed that the railways can carry it.

4. The United Kingdom has therefore been divided into nine Dispersal Areas, and it is most important that every individual should go to the Dispersal Unit serving the address to which he wishes to go immediately on release. Only by strict adherence to this principle can comfortable travel be ensured.

5. Where individuals wish to go immediately on release to an address different from the permanent address to which they want correspondence sent during their leave, the address shewn on the page of the Release Book entitled "Authority for Release," will differ from that shewn on the remaining pages.

6. The address shewn on the "Authority for Release," *i.e.* page 1, Part II or III of AB X 803 and AB X 804—Officers and Women Officers Release Books, and page 2, Part II or III of AB X 801 and AB X 802—Soldiers and ATS/VAD Release Books, must be the address to which the individual wishes to go immediately on being released. He or she will be despatched to, and be dispersed from the Dispersal Unit serving that address.

7. The number of the Military Dispersal Unit will be that shewn in GHQ 935/45 as serving the area to which the individual wishes to proceed immediately on release. It is on this information that the final movement arrangements are made. There must, therefore, be no subsequent alteration, and if the resulting journeys of some individuals are not the most direct, it is in the interests of the majority that all should comply strictly with the travel arrangements which have been made.

(Applicable to British service personnel.)

2. There will be an overall shortage of coal in EUROPE during the winter of 1945/46 and the utmost economy in fuel will be observed. Wherever possible fuel oil, lignite or wood will be used in lieu of coal.

*Space Heating*

3. The scales given in para 5 of scale 36 of AFHQ Ration and Fuel Scales pamphlet have been designed on the following basis which will be taken as a guide as to the type of accommodation for which space heating may be authorized.

| Scale | General area to which applicable | Type of accommodation to be heated |
|---|---|---|
| A | AUSTRIA | (i) Accommodation occupied solely by military personnel including offices, workshops, leisure rooms, canteens, dining rooms and unit recreation rooms.<br>(ii) Living/sleeping accommodation. |
| B | VENEZIA GIULIA<br>PO VALLEY<br>APENNINES<br>GREECE | As for Scale A |
| C | Remainder of<br>ITALY<br>SICILY<br>CORSICA<br>SARDINIA<br>SOUTH AFRICA | As for Scale A but heating of living/sleeping accommodation will not normally be authorized without the advice of the medical authorities. |

The above scales have been calculated on the basis of average mean temperature. The final responsibility for authorization of Scale B or Scale C will rest with District or equivalent commanders concerned.

4. The minimum essential requirements of fuel for heating and cooking in NAAFI institutes, canteens provided by CAWW or other philanthropic bodies and officers' Clubs will be issued on repayment.

*Special Scales*

5. Special scales for purposes other than those set out above or in excess of those authorized by Scale 36 of AFHQ Ration and Fuel Scales pamphlet may only be authorized by the following officers:—

| Officer who may authorize | Purposes for which authority may be given |
|---|---|
| District or equivalent Commander | (i) Temporary increase in scale.<br>(ii) Temporary increases of an exceptional nature.<br>(iii) Additions to scales for troops quartered in wooden or corrugated iron or damp accommodation in winter or in exceptionally exposed positions in winter. |

## 966. Safety Precautions when Handling Petrol and Lubricating Oils

1. A number of serious petrol and lubricating oil fires have occurred causing considerable material damage and injury to personnel.

(a) In particular there have been a number of outbreaks of liquid fuel fires during rail transit causing damage to railway stock, which is in short supply, and dislocation of railway traffic on already overburdened routes:—

(b) Investigation has proved that these outbreaks have been due mainly to three causes:—

(i) Faulty loading and unloading causing leakage during transit. (This has been particularly prevalent where 40 gallon barrels have been loaded on their sides).

(ii) Careless handling at loading and unloading places.

(iii) Lack of enforcement of rigid fire precautions.

(c) Petrol vapour is infinitely more dangerous than the liquid especially during the summer dry weather period.

2. The following precautions will be observed at all times and will be brought to the attention of all concerned by the erection of notices, publication of unit orders, etc, as necessary.

(a) *Naked Lights and Smoking*

Naked lights, fires or smoking will NOT be permitted in prohibited areas, *i.e.*, tanker discharge quays, POL railway sidings, railway lines where POL trains are stabled, vicinity of road tank wagons (whether full or empty), in petrol installations, depots and petrol points.

"No Smoking" notices will be prominently displayed at all such places. All matches and lighters will be surrendered before entering installations and depots.

When smoking is permitted in areas considered safe, but which are adjacent to petrol stores, the greatest care will be taken to ensure that ALL cigarette ends and matches are extinguished.

(b) *Containers*

Despatching units will ensure that all fuel containers are in sound condition and that bung and faucet cap washers are serviceable. All small containers will be loaded upright. Barrels will also be loaded upright with the bung at the top. In the case of barrels with bungs fitted on the side these will be belly stacked, with the bung at top dead centre.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) *Empty containers*

Stoppers and bungs will be closed on all empty containers before loading to rail or road. On no account will empties be loaded until this has been carried out.

(d) *Leaking containers*

Stocks of petrol in containers will be frequently examined for signs of leakage and when leaking containers are discovered the contents will be immediately decanted into a sound container.

(e) *Grass and Undergrowth*

All grass and undergrowth will be cleared to a distance of not less than 50 ft from any petrol store or stack in accordance with Sec III, para 43 of Regulations for Army Fire Services in War, 1942.

(f) *RCWs*

Drip caps will be secured at all times. Discharge valves and manhole covers will be sealed and secured whenever full RCWs are despatched.

(g) *RTWs*

Drip caps will only be removed whilst discharge is taking place.

(h) *Electric Torches*

Only the approved WD flameproof torch will be used by personnel engaged in the handling of petrol.

(i) *Static Electricity*

RCWs will be earthed whilst being loaded or discharged and RTWs will be earthed whilst being loaded, unloaded and whilst in motion. Earthing chains will be hooked clear of the ground before RCWs enter Petroleum Installation compound.

(j) *Vehicle Petrol Tanks*

No vehicles will be refuelled whilst the engine is running, and all precautions will be taken to avoid spillage.

(k) *Sparks*

Wherever petrol is, or has been stored, the utmost care will be taken to avoid sparks. The wearing of hob nailed boots is prohibited in particularly dangerous areas, *i.e.*, metal stairways to petrol tank roofs, RCW iron ladders, pump houses, etc.

3. All ranks are responsible

(a) for the strictest observance of fire precautions and for ensuring compliance with all fire orders.

(b) for the careful handling of all petrol products and for minimising the risks of fire, the avoidance of waste and spillage.

4. GRO No 378/43 is hereby *cancelled*.

## 968. Officers' Shop. RAOC—Rationing

1. The CMF Rationing Scheme introduced with effect from 1 Apr 45 and explained in GRO 293/45 has proved an unqualified success resulting in fairer distribution of the limited stocks available for officers.

2. The War Office has introduced a system of rationing officers' clothing which is applicable to all theatres and commands where Officers' Shops, RAOC, are established. It is therefore necessary to substitute for the existing CMF Officers Clothing Ration Card a new card known as *Officers' Validity Card for Purchases at Officers' Shops, RAOC (AF W 5256)*. This card will be honoured universally at all Officers' Shops, RAOC. Consequent upon the introduction of AF W5256 the provisions of GRO 293/45 require modification. Accordingly with effect from 30 Sep 45, GRO 293/45 will be *cancelled* and this present GRO will be deemed to be substituted.

3. The existing CMF Ration Card will continue to be used in this theatre until 30 Sep 45. On that date *ALL* CMF Ration Cards will lapse irrespective of the expiry date stated on the card. On presentation of the expired CMF card at any Officers' Shop, RAOC, within this theatre AF W5256 will be issued in lieu. The replacement will be effected on the occasion of the first visit to a shop by the officer on or after 1 Oct 45.

4. AF W5256 is designed to cover a period of two years commencing 1 Apr 45. All items drawn on the strength of the CMF Ration Card between 1 Apr 45 and 30 Sep 45 will be deducted from the quantities authorized to be purchased on AF W5256. It will therefore be appreciated that Officers who have not found it necessary to draw their full entitlement on the CMF Ration Card will not be jeopardised by the expiry of that card prior to the date on which it would have expired but for the substitution of the War Office Scheme.

5. AF W5256 being applicable universally does not include all items at present rationed in CMF. From time to time therefore additional items may be rationed in this theatre dependent upon the state of supply. Any item so rationed locally will be noted on the card at the time of purchase.

6. The Rules applicable to the issue of AF W5256 and of purchase of articles of clothing from Officers Shops, RAOC are detailed on the back of the card. For the benefit of all users, these rules are as follows:—

(a) Every officer serving in a theatre, etc., where Officer's Shop facilities exist will be issued with this document through Officers' Shops, RAOC.

(b) This document will be produced when an officer is making purchases at an Officers' Shop.

(c) All articles of clothing and equipment are sold for the personal use of authorized purchasers.

(d) This document is for the use of the officer to whom it is issued and may not be transferred.

(e) As an item shown on this document is issued, the salesman making the issue will delete in ink or indelible pencil the figure indicating the period for which purchased.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(f) Should this document be lost, it will NOT be replaced unless lost by enemy action, in which case OC Unit will endorse the replacement card accordingly. This card will accompany the holder on transfer to another theatre.

(g) Should an officer lose kit as a result of enemy action or under circumstances beyond his control, a certificate from OC Unit stating details must be produced with this card to enable replacements in excess of the allocation to be purchased.

7. AF W5256 will be issued on production of the existing CMF Ration Card. Officers not in possession of a CMF Ration Card must produce AB 439 (or corresponding document) in which the fact of issue will be recorded. No other document will be accepted for this purpose.

8. The quantities authorized on AF W5256 may be purchased at any time during the currency of the period for which they are intended as shewn on the card or subsequently, but on no account may purchases be made before the commencement of the period for which they are authorized. For example one pair of shoes may be purchased each 6 months. Only one pair may be purchased during the period 1 Apr to 30 Sep 45, but if that pair is not purchased two pairs may be purchased before 31 Mar 46.

9. Newly commissioned officers will be provided by the OC of the establishment at which they are commissioned with an authority to that effect. Full Scale of Officers' Clothing may be purchased against this and AF W5256 will be issued for further requirements.

10. Only in exceptional cases will purchases by proxy be permitted. In such cases a signed application from the Officer requiring the articles, together with his Clothing Ration Card, will be presented at the Officers' Shop when the purchase is made.

11. AF W5256 found will be handed in or posted to any RAOC Officers' Shop or to DDOS L of C, CMF.

# SPECIAL MESSAGE

*The following message from the Secretary of State for War to all members of War Department staffs (military and civilian) should be brought to the immediate notice of all concerned.*

"Now that peace has come, I should like to send a message to the War Department staffs, soldiers and civilians alike, at home and abroad who have done so much to bring the war to a successful issue. I am happy to think that this, my first message to you as Secretary of State for War, is one of thanks for your splendid achievements in these 6 memorable years.

"Our armies, however brave, efficient, and well led, could NOT have crushed the enemy without the support and service of the War Office, the War Department establishments in this country and overseas, and you were the men and women who gave that support and service.

"In office and workshop, in depot and training establishment, ignoring the strain, the discomforts and the dangers of war you have answered every call and you may well be proud of your share in the final victory.

"Great tasks lie ahead of us in the orderly release of the war-time soldier and in the reconstruction of the post-war army. I am glad to be associated with these great tasks and I know that in them I can count on you for the same full and loyal support that you have given in the war years."

## 994. Equipment — Cookers Portable Nos 2 & 3—Modification to Improve Performance when burning Leaded Petrol

1. A modification has been developed which, when carried out, enables Cookers, Portable, Nos 2 and 3 to burn for a longer period before it becomes necessary to clear the carbon and lead deposits from the burner assembly.

2. The modification, which is detailed in Appendix "A" to this G.R.O., can be carried out by unit fitters and artificers. Indents for parts required will be submitted to the RAOC through the normal channels.

3. Cookers in the possession of units which have no fitters or artificers will be returned to the RAOC for modifications.

(Applicable to all troops.)

(9071/Q(AE).)

### APPENDIX "A" TO GRO 994/45

Instructions for the modification of:—
Cookers, Portable, No 2 (Mark I), Stoves—JA 0281
Cookers, Portable, No 3 (Mark I), Stoves—JA 6418

1. COOKERS, PORTABLE, NO 2 (MARK I), STOVES—JA 0281.

(a) *Stores required.*

| *Part No* | *Designation* | *Qty* |
|---|---|---|
| JA 6734 | Control Rod with Needle | 1 |
| JA 6733 | Sleeve, metal | 1 |

(b) Remove the carburettor and control from the reservoir, and thoroughly clean all the component parts.

(c) Remove the existing Control Rod from the Control Spindle, and replace it with Part No JA 6734—Control Rod with Needle. In cases where the threads on the latter have been formed by rolling, the outside diameter of the thread may be greater than that of the tapped hole in the carburettor, and re-cutting the thread with a No 9 BA die will be necessary. Also, the length of the new type of control rod as supplied is such that a slight alteration is necessary in order to ensure correct assembly. Shorten the threaded portion until the point of the needle passes through the vaporiser jet completely, and at the same time permitting a small clearance between the rod portion and the inside of the jet. *Failure to observe this point will result in an enlarged jet which will render the cooker inoperative.* Stretch the coil or spring inside the vaporiser tube to provide a space between each turn of the coil, reducing the length of the coil to ensure this if necessary. Do NOT overstretch, as this will prevent the control rod from passing through or working freely. If difficulty is experienced in removing the coil from the vaporiser tube, it may be necessary to remove the burr from the end of the tube, or in extreme cases to heat the tube to a dull red and tap it on a wooden block to break up the carbon deposit in the tube. If the coil cannot be removed, replace the vaporiser tube assembly.

(d) Reassemble all the parts with the exception of the nozzle jet.

(e) Assemble the Sleeve, metal, Part No JA 6733 to the vaporiser tube, and screw on the nozzle jet. Enlarge the hole provided in the burner unit for the entry of the nozzle jet to ⅜ in. diameter, to permit free passage of the metal sleeve. If due to the nozzle on the vaporiser tube the sleeve cannot be pushed into the hole in the burner unit, a gap will be left between the sleeve and the burner, thus leaving the vaporiser unit unprotected from the direct heat of the flame at that point. This should be rectified by individual fitting.

(f) If necessary, modify the grid by slightly bending one of the cross-members to clear the sleeve.

(g) Assemble the stove into its operating position. If the vaporiser tube is too close to the burner, and will not permit the sleeve to slide across the burner ring, adjust the burner supports to allow proper functioning. Alternatively, file away a portion of the burner ring to enable the sleeve to pass.

2. COOKERS, PORTABLE, NO 3 (MARK I), STOVES.

(a) *Stores required.*

| *Part No* | *Designation* | *Qty* |
|---|---|---|
| JA 6730 | Control Rod with Needle | 2 |
| JA 6733 | Sleeve, metal | 2 |

(b) The instructions for the modifications to Cookers, Portable, No 3 are identical with those for the No 2, both burners will be modified.

3. *Operation and Maintenance after Modification.*—To operate, light the stove in the normal manner with the metal sleeve away from the burner. When a good, steady flame has been obtained, pass the sleeve along the tube across the burner, to reduce the heat on the vaporiser tube. If the flame becomes smoky, slightly withdraw the tube until the flame is clear again.

The following points should be strictly observed in regard to maintenance:—

(a) Use only filtered petrol, free from water.

(b) After 20 hours' intermittent use, strip and clean the vaporiser tube and its components, dismantle the flame ring, and clean from it all carbon and lead deposit. The small holes in the ring should be thoroughly cleaned by a piece of fine wire.

NOTE.—Do NOT disturb the carburettor unit unless it is suspected to be faulty.

## 995. Winter Clothing, including Special Winter Clothing

1. NORMAL WINTER CLOTHING.

(a) Winter clothing will be taken into use on, or after, 1 Sep 45 at the discretion, in the case of troops in Austria and Greece, of the respective force commanders, and in respect of all other troops at the discretion of Corps or District commanders.

(b) Under the terms of GHQ 755/45 authority was given for the retention of both summer and winter scales. No initial issues will therefore be necessary.

(c) On the taking into use of winter clothing, summer clothing will NOT be returned to Ordnance but will be dealt with as follows:—

(i) Normally, summer items of clothing will be retained by the individual soldier, and he will take it with him on posting from one unit to another. Summer clothing will NOT be collected under unit arrangements.

(ii) On being posted to the UK for release or under PYTHON, or in the case of men released locally to the Release Centre, summer clothing will be handed to unit QM stores for return to Ordnance.

(iii) Summer clothing will be taken by the man on posting to the UK for redeployment or on direct posting to any other theatre or command where it is required.

2. TIES.

There will be an addition to the Scale of Clothing and Necessaries as detailed in GHQ 370/44 (as amended) by the addition of one tie per man. Demands for ties on this basis will be submitted forthwith through Ordnance channels.

3. SPECIAL WINTER CLOTHING.

The following scale based on ACI 1311/44 is applicable to this theatre:—

| *Article* | *Scale at Issue % of strength of force* | *General Purpose* |
|---|---|---|
| Jerkins, leather | 80 | For all except those employed indoors on base installations. |
| Boots, rubber, knee | 30 | Personnel employed in wet or muddy conditions. |
| " " thigh | 5 | |
| Stockings, sea boot | 10 | |
| Sou'westers Oilskin | 2½ | Personnel employed on docks. |
| Coats, tropal | 2½ | Men on particulary exposed work. |
| Jackets Oilskin Trousers | 30 | For use by personnel employed continuously in exposed situations. |

4. Units will submit indents through the normal channels forthwith, quoting this GHQ. Items in possession will be taken into account when submitting demands.

5. The necessity for economy in the use of all clothing as published in GHQ 849/45 is again emphasized. Formations and units are warned that the rates of wastage for clothing have been reduced by War Office very considerably. It will not therefore be possible to supply maintenance beyond these reduced rates, which are adequate only provided the utmost economy is exercised.

1. In view of reports that a number of pistols and other weapons are coming into the hands of individual Allied soldiers and are being sold or bartered to civilians, attention is drawn to ACI 1501/44, which expressly states that captured and surrendered material of whatever nature is the property of HM Government.

(b) Acting rank will be relinquished on the 29th day after embarkation from this theatre.

(c) (i) Unless required to return to this Command, Staff officers normally entitled to the terms of Article 412 Royal Warrant for Pay, will relinquish their appointments wef the date of arrival in the UK or the country of domicile. (a) Nos 1 and 2 Wings of the School offer courses in the methods of teaching such general subjects as:—English, Commercial Subjects, French, German, Background to Modern Problems (with specialized lectures in History, Geography or Sociology). All students attending these courses will be conversant with the subject matter that they will teach, and will have reached at least matriculation standard or its equivalent in that subject. Each UEI will concentrate on one subject only during his or her course, and the name of that subject will be included in all communications nominating a UEI to fill a vacancy. All students attending the UEIs courses detailed in this paragraph will bring such text books and manuals as are in their possession or available in their units and are relevant to the subject which they are eventually to teach.

(b) (i) No. 3 Wing of the School will train unit instructors to conduct courses in the following subjects:—Trades Metalwork, Trades Woodwork, Electrical Installation, Radio and Telephony, Motor Mechanics, Driving and Maintenance, Building Construction, Brickwork and Simple Masonry, Plumbing, Science Subjects, Mathematics and Technical Drawing. (ii) Students who wish to be trained as unit instructors in one of the trades subjects should be at least Army Tradesmen Group A to C Class III or qualified civilian tradesmen. (iv) Students must be fully conversant with the subject matter or craft they will have to teach in their units, since instruction at the School will be confined to the methods of teaching, and will afford only limited opportunities for students to refresh their own background knowledge.

## 1008. Army Education Scheme (Release Period) Training of Unit Instructors

1. Successful implementation of the Army Education Scheme (Release Period) depends largely upon the adequacy and quality of the unit instructional staffs appointed within the scales authorized in GHQ 535/45.

2. Every endeavour must therefore be made to ensure:—

(a) that all officers and other ranks appointed as unit instructors, both full-time and part-time, are adequately qualified and trained, and

(b) that sufficient replacements are trained in advance to make good eventual losses through release, Python, Etap, etc.

3. The number of unit instructors that will ultimately be required for the implementation of the scheme is in considerable excess of the number of those already trained and all necessary steps will therefore be taken to ensure that all vacancies allotted for unit instructor courses at the the Army School of Education (CMF) are satisfactorily filled.

## 1010. African Pioneer Corps (HCT) conditions of Service—Proficiency Pay and Cost of Living Allowances

1. *Proficiency Pay*

(a) With effect from 1 Oct 45, proficiency pay as authorized for non-tradesmen of African Pioneer Corps (HCT) of the rank of Corporal and below at the rate of twopence a day.

Proficiency pay will be added to deferred pay and granted to a soldier who:

(i) has completed one year's service with the Colours;

(ii) is certified by his CO to be in all respects a thoroughly trained and efficient soldier.

(This qualification will include a satisfactory physical standard and special qualifications according to the Arm or Branch to which the soldier is posted.)

(b) Initial grants will be published in PTOs in the following manner:—"Granted Proficiency Pay, wef ....."

(c) In all cases where a Serjeant is reduced or reverts in rank, or where a tradesman is demustered and reverts to normal rates of pay (Corporals and below) Proficiency Pay will not be admissible until casualty showing grant in accordance with Para (a) is submitted by CO for publication in PTOs.

In all cases where a Corporal or Lance-Corporal is reduced or reverts in rank, Proficiency Pay will continue to issue, provided that his emolument was granted prior to such reduction or reversion, unless it is desired in such cases to withdraw Proficiency Pay. In these cases it will be incumbent upon the CO to submit casualty in accordance with Para (d) for publication in PTOs.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(d) The continuance of Proficiency Pay is contingent upon maintenance of the requisite standard of professional and physical proficiency. If in the opinion of the CO the man falls below that standard Proficiency Pay may be withdrawn. In this case a Part II Order will be published showing "Proficiency Pay withdrawn wef.....".

All admissions to hospital from sickness and disease due to their own fault entail the withdrawal of Proficiency Pay. Proficiency Pay withdrawn may be restored when, in the opinion of the CO, the man has regained the required professional and or physical standard.

(e) Documentation in the soldier's pay book will be carried out by the insertion of the amount of "2d" in (i) the Proficiency Pay column and (ii) the deduction column, leaving the net rate as before. This is necessary as the emolument is not payable to the soldier over the pay table but is added to his deferred pay.

(f) Proficiency Pay cannot be withdrawn as a punishment.

(g) All decisions as to the award of the Proficiency Pay will be made by the soldier's CO subject to the foregoing provisions.

2. *Cost of Living Allowances.*

With effect from 1 Jul 43, and subject to periodical review, Cost of Living Allowance will be admissible to all dependants of African Pioneer Corps (BCT) to whom a standard dependants' allowance is to issue, at the undermentioned rates:—

WO II at the rate of 8d per day, Sergeants and below at the rate of 4d per day. Cost of Living Allowances will be paid to the dependant or families concerned.

(Applicable to all troops of the African Pioneer Corps (BCT).

No assurance can be given that the families will be evacuated at the same time, or by the same routes as the husbands, owing to the different travelling routes involved, but every endeavour will be made to make their arrival in UK coincide as nearly as possible.

3. Application should be made to AFHQ G-1(Br)/A8, giving the following details:—

(k) Form of ceremony and by whom performed.

5. Married quarters which are available in UK are adequate to meet Regular Army requirements only. Accordingly the offer of married quarters is now restricted to families of soldiers serving on normal regular engagements on British Establishments only.

6. Owing to shipping difficulties applications for husbands to return to their families while still abroad so that they can be repatriated together cannot be entertained.

7. In the event of the wife being of foreign nationality prior to marriage, the husband, when submitting his application, will at the same time apply to the nearest British Consul for an Emergency Certificate to cover entry of his wife into the UK. If she is in possession of a British Passport an Emergency Certificate is not necessary but the passport must be produced to the Consul for necessary endorsement.

8. Evacuation of a family to UK in anticipation of a husband's return cannot be authorized, except where very strong compassionate reasons exist to justify this action. Application for families desirous of being evacuated to UK on compassionate grounds should be made as in para 3, stating the circumstances. ## 1015. Economy—POL and Tyres

1. GENERAL.

The termination of the war has in no way decreased the need for economy in POL and tyres; in fact it is still of the greatest importance to ensure control and economy in the use of MT.

All economies in the use of POL and tyres are a direct contribution towards general recovery and a more speedy return to normal conditions.

Therefore, it is essential that all practicable steps are taken immediately to reduce the uneconomical use of MT, to tighten up the existing procedure for issue and recording of POL and to implement measures for the conservation of tyres.

2. RATIONING OF POL.

The quantities of POL available to this theatre on military account are to be reduced, and the theatre as a whole will be rationed. It is not, however, practicable to adopt rationing within the theatre but economies will be effected by the adoption of methods set out in paras 3 and 4 below.

3. ACTION BY DISTRICT FORMATION COMMANDERS.

(i) District Formation Commanders will be responsible for ensuring strict compliance with GHQ 223/Q (Use of WD Transport for Recreational Purposes), GHQ 540/41 (Tyres—Conservation, Maintenance and Pressures) and for implementing such of the following measures as are appropriate to the local conditions prevailing in their respective areas.

(a) The limitation of distance which a vehicle may travel without the authority of the next higher formation.

(b) The maintenance by units of a "Work Book" showing the disposition of vehicles and how they are employed day by day.

(c) Extension of the system of mile-rounds among units for the collection of rations, laundry, etc.

(d) Institution of unit slogan campaigns.

(e) Erection of sign boards and propaganda posters.

(f) Encouragement of a competitive spirit among units and drivers by the publication in orders of MPG figures for various types of vehicles.

(g) Examination of the practicability of imposing one or two days MT holidays per week.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(viii) The reduction in the number of petrol points operated by units.

(b) In addition to the method outlined in para 3 (a) above District Formation Commanders will initiate any further methods for co-ordinating the use of transport which they consider would be of value in effecting the desired economy.

4. Action by Unit Commanders

Unit Commanders will be responsible for the following action:—

(a) Supervision of unit MT administration, with special reference to the following points:—

(i) Comparison of actual petrol consumption with target MPG. In cases of excessive consumption, vehicles will be evacuated for workshop examination.

(ii) Daily check of tyre pressures.

(iii) Weekly check of brakes and wheel alignment.

(iv) Every vehicle to be off the road for at least one day per week for overall check under unit inspection.

(v) Strict scrutiny and maintenance of Army Forms and Records.

(b) The introduction of work tickets (AF G3518) for all vehicles. The custody and care of work tickets will be tightened up. They will be serially numbered and will be kept under lock and key by an officer.

(c) Re-education of unit drivers with special attention to the following:—

(i) Rigid compliance with speed limits.

(ii) Avoidance of engine idling while vehicles are stationary.

(iii) Reduction of wastage and spillage to a minimum.

(iv) Prevention of overloading.

(d) Close co-operation with local units to ensure that vehicles do not travel empty.

5. All orders issued by Districts Formations in respect of economy of POL and tyres will be repeated in unit orders.

(To be republished in unit and formation orders.)

(Applicable to all troops)

2. (a) Issuing officers of the British Forces will, on issuing stores and supplies, send six unpriced copies of issue vouchers to the US recipient and will ask that three of these be returned receipted. These three will be endorsed "US Forces" in red ink. One will be used to support the issuing officer's accounts and the other two will be held for the purpose of the return described in para 3 below.

(b) Stores, supplies, etc, received from the US Forces will normally be of two types:—

(i) Stores, supplies, etc, which are being issued by the US Forces as Lend-Lease to the British Army.

(ii) Stores, supplies, etc, which were originally issued as Reciprocal Aid and which are subsequently returned by the US Forces to the British Army.

Five copies of vouchers will be received from the US Forces. Three signed copies will be returned to them and the other two will be endorsed in red ink "US Forces Lend-Lease" for receipt under sub-para (b) (i) above or "US Forces returned Reciprocal Aid" for receipt under sub-para (b) (ii) above. One of the two copies will be used to support the relevant accounts and the other will be held by the recipient for the purpose of the return described in para 3 below.

3. At the end of each calendar month the issuing officers, etc, concerned will forward to the appropriate Command Paymaster the copies of the US Forces issue and receipt vouchers, held for the purpose, in accordance with para 2 above. The vouchers will be accompanied by covering lists in triplicate showing:—

(i) Name of depot, etc, forwarding the lists.

(ii) Serial Number of list.

(iii) Title of account.

(iv) Month covered by the list.

(v) Reference numbers of vouchers attached.

The Command Paymaster will sign one copy of each covering list and return it to the depot, etc, concerned. He will retain the second copy and forward the third copy with the relevant vouchers to the War Office (F8). The Command Paymaster will not combine lists from different issuing depots, etc. In addition Command Paymasters will send separate notification each month to War Office (F8) listing serial numbers of covering lists despatched during the preceding month.

4. Vouchers and returns will not be rendered to the Financial Adviser.

(a) *Steel*: All adjustment has been taken up and the track has been reduced to the minimum number of plates allowable (see para 6 below).

(b) *Rubber*: Until the conditions in (a) above apply, or alternatively, until the rubber tread is worn down to the point where the steel bars are exposed and are in contact with the ground. Tracks will always be inspected fitted to the vehicle.

3. Tracks condemned in accordance with para 2 above will be disposed of as follows:—

*Steel or Rubber*: To be consigned to Salvage under arrangements of DAD Salvage of Districts or Formations concerned.

4. All tracks after condemnation will be painted with a red bar before disposal.

5. Under no circumstances will steel or rubber tracks which have been condemned be returned to MT, RSD 557 BOD.

Declassified E.O. 12356 Section 3.3/NND No. 785016

2. In order that the sale of liquors to troops may be restricted to those containing not more than the recommended maximum percentage of methyl alcohol, Routine Orders will be published by Districts and Formations notifying the firms whose products have been tested by CsIIASC Laboratories and from whom units may purchase liquors. Periodic tests will be made to ensure that the methyl alcohol content of liquors does not exceed 0.05% and any approved firm found to be selling liquors whose methyl alcohol content is above the prescribed standard will be blacklisted, and Routine Orders amended accordingly.

3. Units who have purchased liquors, the methyl alcohol content of which is thought to be more than 0.05%, will furnish samples to the appropriate CsIIASC Laboratory as may be laid down by District or Formation Commanders for analysis.

4. District and Formation Commanders will arrange to take samples of liquors sold to troops in authorized bars. Any bars found to be selling liquors with a methyl alcohol content above 0.05% will be placed out of bounds.

5. It will be clearly explained to all troops that where a bar is placed out of bounds for selling liquors with too high a methyl alcohol content, this is entirely in their interest and is to safeguard their health.

(Applicable to all troops)

## 1027. Discipline—Release

1. Cases have occurred of personnel who, on receipt of orders calling them forward to the Assembly Centre, have either failed to report at the Assembly Centre or have not proceeded to the UK on their Draft as ordered.

2. Any officer or other rank who fails to proceed to UK for release as ordered will be liable to disciplinary action.

## 1028. Currency Exchanges — Personnel Leaving CMF for UK

1. General.

Under the Defence Regulations it is an offence for any member of the Forces to take foreign currency, including military notes, into the UK.

Personnel leaving this theatre for the UK will exchange currency only within the limits and in the manner laid down in this GRO.

2. Limits on Exchange.

(a) Officers: a sum not exceeding £50; any officer who wishes to exchange currency will obtain a certificate from his Commanding Officer certifying that the sum to be exchanged represents an unexpended balance of advances of pay which he has drawn.

(b) Other Ranks: a sum not exceeding £10 *plus* his cash drawings during the preceding two months as verified from AB 64 Part II; any other rank who wishes to exchange currency will obtain a certificate from his Commanding Officer showing the total amount of local currency to be exchanged and certifying that this amount represents savings from pay and allowances and does not exceed the sum of £10 plus his total drawings in the preceding two months.

3. Excess Amounts.

Any Officer or Other Rank returning to the UK on Release, PYTHON or permanent posting who has legitimately acquired currency in excess of the limits allowed under para 2 above will obtain from his Commanding Officer a certificate to this effect, stating the amount; the excess sum will then be paid to a Field Cashier before departure from this Theatre, supported by the certificate, for remittance to the individual's pay account in UK.

This facility is NOT open to officers or other ranks leaving the theatre temporarily, eg, on LEAVE or courses; such personnel will make their own arrangements for safeguarding any currency in excess of the limits allowed under para 2 above during their absence.

4. *All ranks are warned that Cashiers are strictly forbidden to accept currency for exchange or remittance unless the necessary certificates are produced.*

5. Procedure for Exchange.

Except as provided in para 3 above for excess amounts, exchanges of local currency into sterling for personnel proceeding by rail (including sea-rail routes and Eighth Army road route) will be made at CALAIS or DIEPPE and for personnel proceeding by air routes at the Airport Transit Camp in CMF.

6. Special Instructions for Units.

Units returning to the UK will arrange for local currency in possession of their personnel to be exchanged in accordance with para 14 (c) of "Instruction for British Units returning to UK by Long Sea, Air or MEDLOG routes" issued under AFHQ letter MSD/139 dated 30 Jul 45.

1. General.

Personnel leaving this theatre for destinations other than UK will exchange local currency only within the limits and in the manner laid down in this GRO.

2. Type of Currency.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(a) To units, drafts and individuals on short sea voyages between countries within the MEDITERRANEAN area.

(b) To individuals or small parties travelling by air.

In all other cases local currency will be exchanged for sterling.

3. LIMITS OF EXCHANGE.

The maximum amount of local currency which may be exchanged by any one person is £10. Local currency in excess of this limit which has been derived from pay and allowances or has otherwise been legitimately acquired, will be remitted to the individual's account *provided that he or she is leaving the theatre permanently*; personnel leaving the theatre temporarily will make their own arrangements for safeguarding any currency in excess of £10 during their absence.

4. METHOD OF EXCHANGE.

(a) Local currency up to £10 will be exchanged at the nearest Area or Field Cashier prior to departure from this theatre.

(b) Sums in excess of £10 in the possession of individuals leaving the theatre permanently may be handed in to an Area or Field Cashier prior to departure, for remittance to the individual's account; this excess amount must be accompanied by a certificate signed by the individual's commanding officer stating the amount to be remitted and certifying that it represents savings from pay and allowances which the individual has drawn or is monies otherwise legitimately acquired by him.

## 1033. Repair of Receivers Broadcast

1. In spite of the instructions contained in GHQ 326/44 to the effect that under no circumstances will units undertake the repair of Welfare Wireless Sets (now styled Receivers Broadcast) there are still many cases of tampering and many receivers are still being brought to REME workshops extensively damaged as a result of such tampering. In many cases receivers have had to be completely rebuilt with consequent delays in the REME repair service and unnecessary wastage of labour and valuable stores.

2. In future receivers brought to REME workshops for repair will be examined with a view to ascertaining whether there has been any unauthorized interference with the receiver and in all cases where such interference can be proved to the satisfaction of the O i/c REME workshops concerned, that officer will submit an unfair wear and tear report in respect of the receiver.

3. In cases where there has been interference as set out in para 2 above the unit holding the receiver on charge will be called upon to refund the cost of repairs to the receiver necessitated by the interference and in addition, the receiver will be allotted a low repair priority so that repairs to equipment of other units will not be delayed.

## 1034. Civil Service Post War Recruitment

1. The number of applications made to compete for entry into the Home Civil Service under the scheme outlined in GHQ 601/45 has been unexpectedly small, and it is possible that many who would otherwise be interested are deterred by the fear that they will be unduly handicapped in the examinations. It is understood from the Civil Service Commissioners' representative in this theatre that the educational standards normally required have been relaxed and that individuals of average education should be able to qualify for many of the posts after a short period of study to revive their knowledge.

2. A Notice Board Information is published with this GHQ and will be prominently displayed, whilst Unit Education Officers will in all cases inform themselves on the scheme so that advice may be available within the unit. Any questions on points connected with a career in the Home Civil Service may be directed to the Civil Service Commissioners' Representative, GHQ 2nd Echelon, CMF.

## 1035. Army Education Scheme—Provision of Personnel

1. Mainly because of the effects of PYTHON and RELEASE, there will shortly be a considerable number of vacancies for SOs (Edn), Edn Offrs, and other rank instructors in the war establishments of the AEC in CMF.

2. A vigorous recruitment of all qualified personnel is therefore urgently required if the educational staff at all HQs are to be maintained at minimum working strength in order that the Army Education Scheme (Release Period) may be efficiently and effectively administered.

3. The shortage of educationists in civil life is equally acute and for many people who, after release, will either be returning to educational work or entering it for the first time, the experience which immediate participation in the Army Education Scheme can give should prove invaluable.

4. Every effort will therefore be made to encourage all suitably qualified personnel, particularly officers below the rank of major and WOIs and Sgts, who are schoolmasters by profession, have equivalent qualifications or intend entering the teaching profession after release, to volunteer either for transfer to or, if they are anxious to avoid breaking regimental connections, for employment with the AEC. Personnel in release groups later than 25 are particularly required.

5. Applications will be submitted through the usual channels in accordance with the Appendix to GHQ 439/45. Interview Boards will then be held at Corps and District HQs, at which the SO1 (Edn) of the formation concerned will preside. Selected candidates will thereafter be required to attend a short course at the Army School of Education in order that they may be fully instructed in their duties under the Release Period Scheme.

6. Suitably qualified personnel who are more interested in becoming instructors at the Formation College, CMF, may still submit applications under GHQ 438/45.

7. It is repeated that transfer to or employment with the AEC will in no way affect or prejudice release.

## 1038. Release under Class 'A'—Instructions relating to issue of Release Books and Despatch of Personnel (other than Officers of the rank of Colonel and above and Women's Services) to Assembly Centre

1. Issue of Release Books.

Beginning with Age/Service Group 19 a revised scheme for the issue of release books for Class "A" release will come into force.

GHQ 2nd Echelon will supply Formation HQs with initial stocks of release books and thereafter Formation HQs will demand on GHQ 2nd Echelon for books as required. Os C Units will indent on their Formation HQs for supplies of release books. In order to ensure that large stocks of books are not unnecessarily held by units, Os C Units will hold only sufficient books to cover their next two release groups' requirements. Release books will be regarded as security documents and will be accounted for (see para 3 below).

2. Responsibility for completing Release Books.

(a) Os C Units will be responsible for completing release books of all personnel of their unit eligible for release, including attached personnel (see para 4 below).

GHQ 1037/45 notifies the dates by which books should be completed. In the event of an individual leaving his unit (including admission to hospital) after the book has been completed, but before he has been called forward for release, the book should be despatched, together with his documents to his new location.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(b) *Reinforcements.*

Os C Bft Depots and other establishments holding personnel on X/4 list will take necessary action as outlined above, except that the testimonial on page 3 and the testimonial on the release leave certificate will not be completed in respect of such personnel.

(c) *Disbanding Units.*

Os C Units under disbandment orders will complete release books for all personnel eligible for release who are within 1 month of the earliest date they are due for release in UK as shown in GRO 1037/45, and will despatch such personnel and forward release books to the appropriate CRU or BRD.

(d) *Hospital Patients.*

Hospital patients on discharge will be returned to their Units where they will be issued with their books by Os C Units, unless their completed release book has already been received (see para 2 (a) above), when they will be despatched to the Assembly Centre in the normal manner.

3. Accounting for Release Books.

Release books are serially numbered and a receipt will be obtained by GHQ 2nd Echelon from Formation HQs for books supplied. Formation HQs will obtain receipts for the books issued to Units. Os C Units will submit a return on the 5th day of each month to Formation HQs concerned, copy to GHQ 2nd Echelon, showing the serial numbers of the books and the names of the individuals to whom they were issued, together with the serial numbers of the books held in stock. Formation HQs will render a return on the 5th day of each month to GHQ 2nd Echelon showing the serial numbers of the books in stock. Books which have become mutilated will be returned to GHQ 2nd Echelon.

4. Rules for completion of Release Books.

(a) Release books will be completed by Os C Units in accordance with Appendix D Section VI of Regulations for Release from the Army 1945, and NOT in accordance with Appendix E to AFHQ Release Instructions 1945, which is hereby *cancelled*.

(b) Particular attention must be paid to GRO 964/45 and to the points enumerated in the Appendix to this GRO which have not been correctly completed in the past.

5. Calling forward of Release Groups.

GHQ 2nd Echelon will confirm by signal to Formation HQs, the dates between which personnel in each Group are to report to the Assembly Centre.

6. Movement.

21 days before the earliest date on which a group is to report to the Assembly Centre, as shown in GRO 1037/45, Os C Units will report to their HQ Area, Sub-Area or Formation responsible for their administration the number of officers and ORs eligible for release in that group.

Formations will consolidate these reports by Areas and Sub-Areas and will signal to GHQ 2nd Echelon, copy to AFHQ G-4 (Mov & Tn), the total number of officers and ORs eligible for release in that Group. Signals will be despatched so as to reach addressees 21 days before the earliest date on which the Group is to report to the Assembly Area.

Upon completion of the release books by dates shown in GRO 1037/45, Os C Units will report to their Area or Sub-Area the numbers requiring to be moved. HQ Area or Sub-Area will request movement from the local Movement HQ.

Local Movement HQs will arrange movement to Assembly Centres at MILAN or NAPLES (LAMMIE CAMP) in accordance with instructions received from AFHQ G-4 (Mov & Tn).

7. Action to be taken on arrival at Assembly Centre.

When the Draft Conducting Officer or NCO i/c of a draft reports to the Assembly Centre he will hand in all release books to 02E Detachment for verification from records held there that all personnel in the draft are in fact eligible for release in that particular group. Each book will be stamped on the outside cover with the 02E Detachment Assembly Centre rubber stamp to signify that the book has been checked.

Draft Conducting Officers or NCOs i/c outgoing drafts will be instructed to ensure that all books in their possession are stamped with this rubber stamp.

8. Documents and Documentation.

(a) (i) See paras 19 and 20A of AFHQ Release Instructions 1945.

(iii) AF W3149 will be despatched to GHQ 2nd Echelon in accordance with GRO 834/45. If not already despatched before individual leaves his unit, it MUST be enclosed in his Release Book and handed by the Draft Conducting Officer or NCO to the 02E Detachment at the Assembly Centre.

(iv) Upon completion of the release book Os C Units will insert in AB64 Part I or AB439 as the case may be a slip as follows:—
"The above named is one of the personnel of this unit called forward by GHQ 2nd Echelon to the Assembly Centre between (date) ..... and (date) ..... for evacuation to UK. If detached from his draft on account of admission to hospital whilst in transit to Assembly Centre / after leaving Assembly Centre the above named should be onward routed to Assembly Centre/MILAN/NAPLES / DIEPPE/CALAIS when available."

## 1048. Stores — Spares for Road Wheeled Mobile Cranes Powered by Internal Combustion Engines

1. With effect from the date of this G(O) all units and establishments including REME workshops will indent on OC No 325 TRANSPORTATION STORES DEPOT, MODUGNO, NEAR BARI (Telephone MODUGNO 9 and 10) for spares for the types of cranes listed in appendix "A" to this G(O). Indents will be submitted on ME form 93 or DEPS form X1 in accordance with 11 43 dated 18 May 45.

Declassified E.O. 12356 Section 3.3/NND No. 785016

2. No 325 TSD will be the sole source of supply for spares for Chassis, travelling, hoisting, slewing and derricking motions of the cranes detailed in the appendix. Engine spares not detailed in ACI 1809/43, with the exception of the Hercules engine fitted to Hyster Karry Cranes, will be indented for on MSPSs.

3. Indents for engine spares up to and including the power take off for those engines defined in ACI 1809/43 will be submitted through Ordnance channels.

4. Wheels and wheel components (hub—wheel—rim) will be supplied by No 325 TSD including solid rubber tyres and pneumatic tyres for Hyster Karry Cranes.

5. Spares will not be supplied against an indent unless the maker's name, capacity of crane, type and maker's serial number for which spares are required are quoted.

6. In addition to the foregoing information, the following particulars will be given:—

(a) WD Number of crane.

(b) Maker's part No as stated in maker's handbook.

(c) In cases of spares, sub-assemblies, the maker and maker's serial number of sub-assembly.

(d) Any marks or serial No on the unserviceable part.

7. Units and REME workshops will indent ONLY for the spares required immediately to repair cranes out of service.

Since Mobile Crane Spares are in short supply the holding of stocks by crane users and workshops will defeat the object of the scheme which is to ensure an "Over counter" delivery to users.

8. Damaged or worn parts will be returned in every case with the exception of REME workshops to OC No 325 Tn S Depot for reconditioning or salvage. In the case of REME workshops damaged or worn parts will be reconditioned and repaired wherever possible and when serviceable returned to No 325 Tn S Depot for stock, marked with a reference to the indent replacement. Unserviceable items only fit for salvage will be disposed of by REME workshops in the usual manner.

9. In future no local purchase orders will be placed for manufacture of spare parts for Mobile Cranes of Tn (RC) supply. Supplies of spare parts will only be obtained under the procedure described above. If local manufacture is necessary it will be arranged by the major user service.

4. Baggage and kit formerly held at the IRTD, RATD, GRTD, and 'X' RTD is now held at the BRD, BENEVENTO.

(a) By Direct Contact, e.g., the use of the communal towel, the indiscriminate use of eating and drinking utensils, and particularly by promiscuous kissing.

(b) By Indirect Contact, e.g., infection spread by infected hands to food, or through the medium of the cookhouse washup.

4. The following preventive measures will be rigorously adhered to:—

(a) Men with painful and bleeding gums will be instructed to report sick at once. This applies most particularly to cookhouse personnel.

(b) The indiscriminate use of towels will be forbidden.

(c) All feeding utensils will be washed and sterilized in accordance with the instruction issued under para 2 (g) of GHQ 486/45. In this connection, the sterilization of mugs and glasses in canteens is most important.

## 1062. Mediterranean, Field and Colonial Allowances

1. As notified in GHQ 669/45, Mediterranean Allowance is not payable in Austria, which has been declared a Field Allowance Area.

The following information is published regarding the effective dates of the cessation or alteration in allowances consequent upon personnel moving into, out of, or between Mediterranean, Field and Colonial Allowance Areas.

2. *Mediterranean Allowance.*

(a) In CMF, the issue of Mediterranean Allowance will commence from the date of arrival in SICILY, ITALY and islands adjacent thereto, GREECE, RUSSIA, JUGOSLAVIA and ALBANIA and will remain in issue continuously (including any period spent in hospital or as passengers on board ship whilst travelling within the area) up to and including the day prior to which the individual leaves to proceed outside the areas mentioned. These provisions apply to all personnel entering or leaving the area on permanent duty, or authorized leave or on sick leave or in transit.

(b) It follows from sub-para 2 (a) that the commencement or cessation of the allowance is generally effective from the date of arrival and the date of departure respectively, in the areas mentioned. The exception is in the case of personnel proceeding outside the area on temporary duty to a Field Allowance Area or a Colonial Allowance Area. In these cases individuals will retain their entitlement to Mediterranean Allowance for eight days. Entitlement to the Field Allowance or Colonial Allowance of the temporary duty station will commence on the date of arrival therein or the date following that on which entitlement to Mediterranean Allowance ceases, whichever is the later.

3. *Field Allowance.*

(a) In CMF the issue of Field Allowance will commence from the date of arrival in AUSTRIA and will remain in issue continuously (including any period spent in hospital) up to and including the day prior to which the individual leaves to proceed outside that country.

(b) The exception to the provisions of sub-para 3 (a) is in the case of personnel proceeding outside the area on *temporary* duty to a Mediterranean Allowance Area or a Colonial Allowance Area. In these cases individuals retain their entitlement to Field Allowance for eight days. Entitlement to the Mediterranean Allowance or Colonial Allowance of the temporary duty station will commence on the date of arrival therein or the date following that on which entitlement to Field Allowance ceases, whichever is the later.

4. *Colonial Allowance.*

Personnel arriving for temporary duty in CMF from a Colonial Allowance Area will be eligible to receive Mediterranean Allowance or Field Allowance, as appropriate, on the expiration of the period of eight days during which Colonial Allowance for their permanent station continues, or from the date of arrival, whichever is the later.

5. *Documentation.*

(a) Whether or not the publication of casualties shewing entitlement or cessation of entitlement to Mediterranean Allowance or Field Allowance is necessary is dependent on the mode of travel and the destination to which the individual concerned is proceeding.

(b) The publication of casualties to GHQ 2nd Echelon in this respect is UNNECESSARY in the following circumstances:

(i) Where personnel are proceeding to or from CMF by sea. In such circumstances arrivals and departures of personnel by sea are reported on AF W3169 (Embarkation and Disembarkation Return) and necessary credits or debits to individuals' pay accounts are made from information contained on these returns.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) Where personnel are proceeding to UK or returning from UK by air, road or rail under the MEDLOC scheme. Details of such personnel are received by GHQ 2nd Echelon from the transit camps located at the departure and reception points in CMF. Necessary credits and debits to individuals' pay accounts are made as a result of the publication of Part II Orders by GHQ 2nd Echelon.

(c) The publication of casualties to GHQ 2nd Echelon is NECESSARY in the following circumstances:

(i) In cases where movement WITHIN CMF entails the cessation of one allowance and the entitlement of another.

(ii) In cases where individuals are despatched from CMF to another command (excluding UK) by methods other than by ship. When publishing casualties in respect of personnel arriving or departing on temporary duty units will take into account the periods during which individuals retain entitlement to the allowances of their permanent station—see paras 2(b) 3(b) and 4 above.

(d) The grant or cessation of the appropriate allowance will in all cases be recorded on the Temporary Emoluments page of other ranks AB 64 Part II.

(Applicable to UK troops)

G1 B/6521/A3

## 1063. Payment for Army Newspapers out of EFI Rebate/Discount

1. *Payment for Army Newspapers out of EFI Rebate/Discount.*

In order to simplify accounting procedure and save manpower it has been decided that in future Army Newspapers issued to units of the British Army & RAF will be paid for in bulk from EFI rebate/discount and issued to units without charge. This will, of course, mean a corresponding reduction in the total EFI rebate/discount available for distribution to such units and formations. If and when daily papers are received from the UK and have to be paid for they will be paid for in the same way.

2. *Payment from other sources.*

Payment from this source will only be made in respect of papers which have hitherto been paid for by the units specified in para 1 and not, for example, in respect of the following:

(a) Street sales, which will continue as before.

(b) Free issues, which will remain free.

(c) Copies issued by EFI, which will continue to be paid for by EFI from funds other those applicable to rebate.

(d) Copies issued to units other than those specified in para 1, which will be paid for by the units receiving them.

3. *Scale of Issue.*

It is unavoidable that distribution will in future have to be at a flat rate according to strengths, and that units which have in the past bought more than the average number of copies will have to accept a reduction.

4. *Date of Change.*

This new system will come into effect on 1 Oct 45.

5. *Source of Payment.*

In October and until further notice a proportion of the EFI rebate/discount paid to units and formations of the British Army and RAF will be withheld and paid monthly by EFI to DAWS to be applied in payment for newspapers. The amount withheld will at first be equal to one sixth of the rebate on EFI Restaurants and Clubs and to one tenth of the discount allowed to units on direct sales at EFI Bulk Issue Stores.

The proportion withheld will be reviewed monthly by AFHQ in accordance with requirements.

6. *Exceptions.*

No part of EFI rebate/discount will be withheld in CORSICA and SARDINIA, where Army newspapers are not distributed.

(Applicable to all troops)

## 1064. Army Education Scheme—Recall of Students from Courses

1. Considerable administrative difficulties are being caused by personnel being recalled by their units for RELEASE, LIAP or PYTHON whilst attending full-time courses under the following headings:

(a) Army School of Education.

(b) Formation College (GRO 960/45).

(c) Higher Trade Training (GROs 676, 677, 679/45).

(d) Refresher Courses for skilled tradesmen (GRO 565/45).

2. In future (a) no student attending any of the courses under para 1 above, will be recalled by his unit for purposes of LIAP other than in the most exceptional circumstances, which will be fully reported to AFHQ (G1 (Dir) A5), (b) no vacancies will be allotted to personnel likely to be required for RELEASE or PYTHON before the completion of their course.

(Applicable to UK troops only)

*General Provisions.*

701. The instructions in this Chapter relate only to personnel of the British Service. They do not apply to personnel of the Indian Army, Dominion Forces or Allied Armies, who will be disposed of

Declassified E.O. 12356 Section 3.3/NND No. 785016

under the orders of their respective governments, nor to Colonial and locally recruited troops, including non-British subjects enlisted outside the United Kingdom into special units of the British Forces, who will be dealt with under the instructions contained in Appendix "M."

702. Release may be effected in commands abroad in Classes "A," "B" and "C" under the general rules laid down in Chapters III, IV, and V, subject to the special instructions in the following paragraphs. Commands abroad will be responsible for setting up Dispersal Centres on the lines indicated in Chapter VIII with such modifications as may be required by local conditions.

703. (a) No individual will be released abroad unless he himself so desires and the consent of the government of the Country concerned has been obtained. Former residence in the country is not a necessary condition.

(b) Individuals so released in INDIA, a British Dominion, Colony, Protected or Mandated Territory will retain the right to a deferred passage at government expense to the UNITED KINGDOM, or to any other country if qualified for a repatriation passage under Chapter VI of these Regulations, for a period of 2 years from date of termination of release leave.

(c) Passages for dependants, as defined in paragraph 608 of the Regulations, to the selected place of residence will be provided at government expense. Such passages will be arranged by the appropriate Repatriation Office, and will be in the class of accommodation appropriate to the military rank of the applicant concerned. These passages will not be sanctioned until such time as the government of the country concerned has confirmed that the individual has been accepted as a settler or permanent resident and that they are prepared to accept his dependants. Passages at government expense will NOT be provided for any dependants acquired after release from the forces.

(d) An individual eligible for deferment of his passage under sub-para (b) will forfeit all right to such deferment if granted a passage for his dependants under sub-para (c).

(e) In the event of an individual electing local release overseas under para 612 of these Regulations, passages will not be provided for his dependants to join him in the country of his release, but will be arranged only when it is possible for them to proceed to the selected place of domicile.

(f) Individuals released in Commands Overseas will be entitled to travel at government expense to their selected place of residence in the country and the Command in which they are serving at the time of release.

704. (a) Individuals who are entitled, at the time of release, to a passage at public expense to the UNITED KINGDOM may also be released abroad, at the discretion of the GOC-in-C of the command in which the individual is serving, in order to proceed to INDIA, a British Dominion, Colony, Protected or Mandated Territory and may be granted substituted passages to the country of their choice, except when the normal route to that country is via the UNITED KINGDOM. Such substituted passages will be arranged at the earliest possible date, refusal of which will entail the forfeiture of entitlement to substituted passage.

(b) In such cases the responsibility for obtaining the initial permission for the individual and any dependants to enter the country selected will rest with the applicant and a certificate of acceptance by the government of the country concerned must be attached to his/her application for release.

(c) Individuals will not be retained in the Service pending the provision of a passage beyond the date when they would normally have become available for release and release leave will commence at that date.

(d) Dependants, as defined in para 608 of these Regulations, of an individual granted a substituted passage, may be conveyed at public expense to his selected place of residence in the country to which his passage has been approved. Such conveyance will be arranged by the appropriate Repatriation office and will be in the class of accommodation appropriate to the military rank of the applicant concerned.

705. Passages granted under paras 703 and 704 will completely exhaust all entitlement to conveyance at public expense.

706. Personnel released abroad will not be relegated to a reserve, except as provided under para 602 (d), but will relinquish their Commissions or be discharged with effect from the end of the period of their release leave.

*Class "A" Releases*

*707. Application for Local Release.*

(a) The individual will submit his application through his CO giving details of any dependants whom he desires to join him, and if being released under para 704 will apply for a passage for himself.

(b) The GOC-in-C will take any steps necessary to obtain the consent of the government concerned referred to in para 703 (a) both for the individual and his dependants.

In certain cases the acceptance of the dependants may be delayed until such time as the government concerned are satisfied that the individual has proved a successful settler, and does not wish to exercise his right of return to another country under para 703 (b).

(c) On receipt of the approval, the GOC-in-C will —

(i) Notify the OC Unit

(ii) Authorize the release of the individual when his form arrives, and if he is being released under para 704 arrange a passage for him.

(iii) Where the dependants are in the UNITED KINGDOM, or are in a country where no repatriation facilities exist as a military commitment, submit the application for passages for dependants to the Repatriation Office, London.

(iv) Where the dependants are not in the UNITED KINGDOM, but in a place where repatriation facilities exist as a military commitment, send the application for passages for dependants to the Repatriation Office of the place concerned.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(vi) Application for passages for dependants will be marked "OVERSEAS SETTLEMENT" in red ink, and be supported by a certificate that the government concerned accept the applicant and his dependants. Each application will show the approximate date on which the applicant wishes his dependants to join him, the port of disembarkation to which the dependants should be sent and the address to which any correspondence should be sent after the applicant has left his unit.

(b) The London or other Repatriation Office will verify the entitlement of dependants and then arrange passages informing the GOC-in-C or applicant when they have embarked.

(c) Should the unit receive orders to move out of the command before the individual's discharge is effected the CO will arrange with the GOC-in-C for the attachment of the individual to a unit remaining in the command.

*Class 'B' Releases.*

708. (a) No block releases will be permitted.

(b) Individual releases may be effected by the GOC-in-C concerned, subject to the following conditions:—

## 1071. Forage Accounting

1. There is a general shortage of forage throughout the CMF, and in the interests of economy it has been decided to introduce a system of accounting for forage by all animal holding units.

2. In future all animal holding units will maintain monthly accounts on the lines of the proforma issued as an appendix to this order. A single copy of the account, accompanied by supporting vouchers, will be submitted to the Financial Adviser, AFHQ, by the 21st of each month in respect of the previous month. V & R units will also send a copy of their account to DDV & RS, AFHQ, by the same date. Where forage is requisitioned a duplicate copy of AF P1922 will not be made, but reference will be made in the forage account to the folio number of the original AF P1922.

3. This system of accounting is already in force in V & R units, and will be introduced, in the case of all other animal holding units, with effect from the month of October, *ie*, first return is due at AFHQ by 21 Nov.

4. The term "animal holding unit" for the purpose of this order, includes all units holding animals for which forage at either scales 22 or 35 of AFHQ Ration and Fuel Scale has been duly authorized.

## 1072. Frost Precautions

1. The following procedure to prevent damage by frost to engines of vehicles will be brought into operation from dates to be notified by commanders of BTA, LFG, 13 Corps, Districts and RAAC. The procedure will be followed until further notice when instructions will be issued regarding salvage and disposal of anti-freeze solution.

2. Vehicles.

(a) Frost precautions will be carried out in accordance with Appendices I, II and III of AG 1475 dated 6 Oct 43, as amended for application to this theatre, and published as appendices to this order. The instructions contained in vehicle handbooks on the draining of cooling systems as a precaution against damage by frost will be suspended from the date of this order.

(b) With the exception of vehicles excluded by sub-paras (c), (d) and (e) below, Ethylene Glycol type, non-corrosive, Anti-Freeze Compound, Specification Nos AXS/864 and 1410S, herein referred to as anti-freeze, will be used for all vehicles operating in ITALY, AUSTRIA and other areas where low temperatures are likely to prevail.

(c) To economize in anti-freeze, which is in short supply, its use for vehicles will normally be confined to the following:—

"A" vehicles, including armoured recovery vehicles, bridgelayers and tracked SP artillery equipments, but excluding carriers.

Transporters (including tank recovery transporters).

Breakdown lorries.

Ambulances.

Fire fender lorries, towing vehicles, and certain trailer fire pumps (see Appendix "H").

Lorries battery slave.

All vehicles with CI engines.

Water-cooled generator sets and compressor engines used with AA guns (all types).

Stand-by generator sets for Army chain wireless stations.

Generator sets supplying Radar equipment.

The final decision as to the category of vehicles to be afforded anti-freeze protection will rest with Commanders of BTA, LFG, 13 Corps, Districts and RAAC in accordance with conditions in their Commands. Subject to technical advice, they may exclude certain vehicles in the above categories from protection by the use of anti-freeze. Conversely, they may authorize its use for any vehicles or plant which, for operational reasons, can neither be drained nor started up at intervals during frost, e.g., snow-clearing tractors and equipment stationed at high altitudes. It is emphasized that, in view of the shortage of anti-freeze compounds, vehicles will NOT be afforded anti-freeze protection unnecessarily and those which are stationed in locations where low temperatures are unlikely will be dealt with as detailed in sub-para 2 (d) below.

(d) All vehicles not protected by anti-freeze will be protected by draining in accordance with precautions detailed in Appendix III.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) In the case of AFVs wheeled, tracked and half-tracked, anti-freeze will be retained in the cooling system throughout the year. When frost precautions under this order become effective, the solution will be tested with a hydrometer, and where necessary brought up to the required strength by the addition of anti-freeze compound. Attention is drawn to AGI 1475/43 and Appendix I to this instruction, which must be strictly followed when anti-freeze is used.

3. Stationary Engines—Radiator Cooled.—When anti-freeze is in use, the procedure given at Appendix III will apply. For mobile plant and equipment, the OC unit will issue local orders in accordance with weather conditions.

4. Stationary Engines With Cooling or Pressure Tanks.—It is not usually practicable to drain the tanks in such cases and to refill them daily. Unless the plant is being laid up for some considerable period, the tanks may be allowed to remain full, but the cocks to and from the water-jacket will be closed. Precautions as for radiator-cooled engines will then be followed. Feed water tanks and pipes must be effectively lagged.

5. General—All Stationary Engines.—Two very common sources of trouble which occur even when the above precautions have been conscientiously carried out are:

(a) The cooling system circulating pump may be incompletely drained and may freeze up.

(b) The gland packing may contain some water and may become frozen to the spindle.

A little warm water used on these parts before starting will lessen any damage from these sources.

6. Pumps.

(a) All pumps will be completely drained off when not working. Exposed pipes will be effectively lagged. When it is impracticable to drain off pumps required for intermittent use, steps will be taken to keep the pumphouse warm with either an oil stove or brazier.

(b) Since a brazier gives off lethal carbon-monoxide fumes personnel will never be allowed to remain in the pumphouse with a brazier, which will always be removed before starting up. Adequate ventilation will be provided.

7. General.—Anti-freeze is effective as under:—

| | |
|---|---|
| 1 part anti-freeze to 5 parts water effective to | 20°F (— 7°C) |
| 1 ,, ,, 4 ,, ,, ,, ,, | 16°F (— 9°C) |
| 1 ,, ,, 3 ,, ,, ,, ,, | 12°F (—11°C) |
| 1 ,, ,, 2 ,, ,, ,, ,, | 0°F (—18°C) |
| 1 ,, ,, 1½ ,, ,, ,, ,, | —10°F (—23°C) |
| 1 ,, ,, 1¼ ,, ,, ,, ,, | —20°F (—28°C) |
| 1 ,, ,, 1 ,, ,, ,, ,, | —30°F (—35°C) |

Formation and unit commanders will be guided by the above table when indicating their requirements of anti-freeze. 'A' vehicles other than carriers will always be protected by a mixture consisting of one part anti-freeze to one part water. In the case of anti-freeze being issued other than to the specification mentioned in para 2(b), units will follow the instructions on the container where these differ from those given in this paragraph.

8. (a) The supply of anti-freeze is strictly limited, and every precaution will be taken to prevent waste in its use.

(b) (i) Anti-freeze for use in Army and Naval road vehicles and Army equipment will be held under RASC control, and issue will be made only on receipt of demands from formations and/or units in accordance with instructions issued by Commanders BTA, LFC, 13 Corps, Districts and RASC and Naval officers in charge of ports.

(ii) Supplies of anti-freeze for all RAF requirements in this theatre, including ground transport, will be held and distributed by the RAF and no issues for such purposes will be made from RASC stocks.

(iii) In the absence of specific instructions to the contrary, no issues of anti-freeze will be made from RASC stocks to US Forces, which will hold and distribute supplies under their own arrangements.

(c) Indents for anti-freeze will be signed personally by the CO of the unit concerned.

(d) Should the cooling system require to be drained, every care will be taken to conserve the solution for subsequent refilling. The solution should be filtered, preferably through muslin or several thicknesses of cheese cloth.

9. If any unit accompanied by vehicles is ordered to leave the Command, its vehicles will not normally be treated with anti-freeze before embarkation. Necessary action will be taken when the unit reaches its destination. If, however, the unit's vehicles have already been treated with anti-freeze in accordance with this order, prior to its receiving orders to leave the Command, vehicle cooling systems will not be drained.

10. Appendices I, II and III of AGI 1475/43, amended as applicable to this theatre, are set out below.

11. AFL EMEI 'Vehicles General B.940' contains information regarding units entitled to demand and hold hydrometers for the testing of anti-freeze and gives instructions for their use.

*Appendix I*

Instructions regarding the use of Anti-Freeze in Vehicles other than Fire Engines and Trailers, Fire Pumps.

1. In order to eliminate the risk of damage to water-cooled engines by frost when anti-freeze is used, the following detailed instructions are issued:—

(a) The use of anti-freeze is dependent on there being no leaks in the cooling system. It should be noted that anti-freeze has a much greater searching action than water, and it is therefore essential to see that all hose joints, etc., are in good condition and properly tight before filling up with anti-freeze. Cooling systems will be completely drained off, all drain cocks being opened. The solution will then be prepared in separate containers, using the correct proportion of anti-freeze to give the degree of protection required. This will be mixed thoroughly, and after closing all drain cocks the radia-

Declassified E.O. 12356 Section 3.3/NND No. 785016

for will be filled with solution until the top of the radiator block, or the bottom of the header tank is covered. The engine will then be warmed up and the radiator filled right up thereby avoiding waste in overflow due to expansion.

(b) The cooling system, once filled with anti-freeze solution, will not be drained off except when such action is necessitated by repair, in which case care must be taken to conserve the solution for subsequent refilling of the cooling system.

(c) Routine topping up of the cooling system will be carried out by adding anti-freeze mixed as given in para 1 (a) above.

2. In order to ensure that radiators which have been treated with anti-freeze solution are easily recognized, it is essential that action be taken immediately the cooling system has been filled to mark the radiator. This marking will be uniform throughout the Army, and will consist of a blue circle painted on the radiator header tank under the bonnet or in an equivalent position. In cases where this marking may be difficult to distinguish under the bonnet, the circle will be superimposed on a white square. This mark will be painted out should the radiator be drained and not refilled with anti-freeze solution. As an additional precaution against waste and damage, anti-freeze may be supplied dyed blue.

## *Appendix II*

INSTRUCTIONS REGARDING THE USE OF ANTI-FREEZE IN FIRE ENGINES AND TRAILERS FIRE PUMPS

1. So far as the cooling systems are concerned, fire pumps may be divided into two distinct categories:—

(a) Those pumps whose engines are water cooled and whose cylinder blocks are connected to a header tank, this header tank being cooled by means of a coil of copper pipe passing through it which is fed by a bleed from the main fire pump. In this arrangement, the cooling water in the block and header tank is in a closed circuit, and no direct contact between this water and the bleed water from the main pump takes place, the cooling being indirect by conduction through the walls of the copper cooling coils.

(b) In this type the cooling system is somewhat the same as the above with the important exception that the bleed from the main fire pump is taken directly into the base of the cylinder block whence it circulates through the header tank and finally runs to waste. It will be seen that in this case the header tank and cylinder block cooling water is not in a closed circuit, and the cooling by the bleed from the pump is direct in that the pump water is injected into direct contact with the cooling water in the block and header tank.

2. Frost precautions on fire pumps, therefore, fall into two distinct classes:—

(a) Those pumps which fall into category (a) above, namely:—

Scammell type BG 475 and BG 500
Coventry Climax type Godiva FP 500 GPM
Coventry Climax type FSM SER 3
Dennis 350/500 GPM type TF
Sigmund 120/220 GPM

It is permissible to fill the header tank and cylinder block with anti-freeze solution, one filling of which should be adequate for the whole of the period of frost precautions, and the general instructions at Appendix I will apply. The cooling coils, filters, pump volutes, etc., will be drained after each operation in accordance with the maker's instructions.

(b) For those pumps which fall into category (b) of para 1 above, namely:—

Scammell type BG 450
Worthington-Simpson 120/150 GPM
Beresford, type Beresford-Stork 120/150 GPM
Sigma, type FL/HP
Pyrene pulsometer, 120/150 GPM
Dennis 350/500 GPM type TA
Colonial type 400 GPM
Federal fire engine

The use of anti-freeze is not permissible since it would require to be removed after each operation, and this would involve unnecessary wastage of material which is in short supply. In these cases, therefore, the general instructions of Appendix III will apply. Cylinder blocks (other than on Federal fire engines), header tanks, cooling coils, etc., will be completely drained after each operation in accordance with the maker's instructions, and the cooling system will be refilled before each operation of the pump.

3. In all cases both categories (a) and (b) of para 1 above, lamps, oil, obtained under the authority of War Office letter 57 General 114 (OS8(B)), dated 13 Mar 40, will be used to assist in maintaining temperature of the equipment, but it must be clearly understood that these lamps, oil, do not provide protection from frost, and the precautions outlined above must be taken regardless of whether lamps, oil are available or not.

4. In all cases frost precautions by draining as laid down in maker's instructions will be applied to the fire pumps themselves, *i.e.*, steps will be taken to ensure that all water is removed from the pump impellor casing and associated piping.

PRECAUTIONS TO BE TAKEN AGAINST DAMAGE BY FROST WHEN ANTI-FREEZE IS NOT USED

In order to prevent damage by frost to vehicles and plant in which anti-freeze is not in use, the following system will be brought into operation:—

The exact method to be adopted in each case rests with the O/C units and depends upon the working conditions of each unit.

1. When a vehicle is to remain parked for any length of time and will not be required for immediate use:—

(a) The radiator cap will be removed and, if detachable, will be put in a place of safe custody on the vehicle, *e.g.*, in the vehicle tool box.

(b) The water will be drained off from the cooling system. In order to do this, the vehicle will stand on level ground, and all drain cocks and/or plugs fitted to the cooling system will be opened. The drain cocks may be situated in any part of the cooling system, *e.g.*, radiator, pump, water jacket, etc. Care will be taken to ensure that no drain is clogged, and that the whole of the cooling system is drained.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(c) When all water has been drained off, the engine will be run for one minute and then stopped. The fuel tap on petrol engines will then be closed. All drain cocks and/or plugs will be left open.

(d) The engine and radiator will then be wrapped up with the bonnet cover if available. If these are not items of vehicle equipment, covers should be improvised from materials available.

2. Two methods of starting up the engine on which the above precautions have been carried out can be adopted according to the severity of the frost.

(a) Close the drain cocks and fill the cooling system. The water must be taken to the vehicle, and not the vehicle to the water. Free the engine bearing by turning the engine by hand, switch on and start up. Warm up engine by running it quickly without racing the engine. Keep it wrapped up with the bonnet cover and the mail.

(b) If the frost is very severe, water will be brought near the vehicle in containers. Close all drain cocks and/or plugs, start up the engine and immediately fill the cooling system with water, endeavour being made to provide a continuous flow until the radiator is full. Warm up the engine as described in sub-para 2 (a) above. This method will only be carried out under supervision.

3. In cases where the above-mentioned procedure cannot be adopted, or where the situation necessitates the vehicle standing ready for immediate use, the engine and radiator will be kept covered and the engine run at a fast speed without racing for five minutes at intervals depending on the severity of the frost. This also applies to vehicles which are temporarily halted. The engine and radiator will be covered as detailed in para 1 (d) above.

4. Other methods to be adopted in cold weather to maintain the temperature of the engine are:—

(a) Blanking off part of the radiator.

(b) Removal of the fan belt, providing this belt does not also drive the water impellor or dynamo.

5. Damage indirectly due to cold weather is caused through:—

(a) Starting the engine without water and not immediately filling the cooling system.

(b) Running the engine for too long a period after the water is drained off.

(c) Endeavouring to start the engine without first freeing the bearings by turning the engine by hand.

(d) Excessive use of 'strangler.'

(e) Racing the engine when warming up.

6. Precautions to be taken against damage by frost to water tank vehicles and trailers.—

*Pump, gear, filters and pipes.*—The precautions detailed in para 6 of this GRO will apply. As a further precaution the main cock to the delivery pipes should be turned off, and these pipes drained whenever the vehicle is not required for immediate use. Ensure that pumps and filters are properly drained immediately after use by means of the taps provided. Despite this, water may be trapped in the hand pump body, and action should be taken in accordance with the following instructions:—

(a) Disconnect the hose union from the base of the bottom cover of each pump.

(b) Push up by hand the valve on the bottom cover and allow all trapped water to run off.

(c) With all cocks open, operate the pump handle for a few strokes.

## 1076. Employment of Surplus WOs and NCOs

1. There is a surplus of WOs and NCOs in most arms of the service who cannot be absorbed in their ranks. In order that useful employment may be found for these WOs and NCOs authority has been obtained for their employment in vacancies junior to their war substantive ranks and in certain cases surplus to WE.

2. This decision will have the following effects on promotion within units and formations.—

(a) Vacancies for Lance-corporals and Corporals will not be filled without reference to GHQ 2nd Echelon. If the unit holds a surplus WS Cpl or NCO of higher rank, the unit will be instructed by GHQ 2nd Echelon to absorb him against the vacancy. If the unit does not hold a surplus WS/Cpl or NCO of higher rank and a suitable Corporal or NCO of higher rank is available from outside the unit, he will be posted to fill the vacancy by GHQ 2nd Echelon. If no surplus NCO is available, appointment or promotion within the unit will be authorized. Appointments filled by personnel who have not held acting rank for 21 days will be regarded as vacancies to be filled as above.

(b) Vacancies for Lance-sergeant and above will be referred to GHQ 2nd Echelon and dealt with in a similar manner to (a) above, except that promotion will be authorized for every alternate vacancy within the unit or formation even if surplus WOs and NCOs exist and that appointments at present filled by personnel holding acting ranks will be regarded as vacancies to be filled by W/S WOs and NCOs.

3. Non-tradesmen WOs and NCOs posted under this scheme to tradesmen's vacancies in lower rank will not be mustered and will be eligible for non-tradesmen's pay of own rank or if qualified by trade test, trade rates of pay of appointment occupied, whichever is more favourable.

4. The provisions of this G(Misc) will in no way affect temporary promotions to replace WOs and NCOs proceeding on LEAP or LILOP.

5. All previous instructions and authorities in connection with promotion of other ranks are hereby *cancelled*.

6. The endeavour *to WON'T* will be embodied in authorities in all cases where WOs and NCOs are posted to fill vacancies for junior ranks provided for by the WE.

7. Should it be necessary to transfer a tradesman from one Corps to another to fill a vacancy for a junior rank in his new Corps, the provisions of ACI 695/45 will apply and not para 3 of this G(Misc).

## 1093. Economy in Food

Reference: GRO 813/45.

1. Recent unit inspections have disclosed that it has been the practice in the past for troops to regard as spare, any rations issued for a specific purpose but not consumed. Many cases have occurred where rations issued for a journey and which are not eaten have been kept in unit vehicles for subsequent use. Frequent inspections of vehicles and kits will be carried out to eliminate this wastage. All rations not consumed for the purpose issued will be returned to unit stores.

(Applicable to all troops.)

# AMENDMENTS SECTION

## 1077. Casualties—Reporting of

1. Wef the publication of this GRO no accidents or injuries will be reported as Battle Accidents. AF B 117 is now required for all accidental injuries and a court of inquiry for all accidental deaths. Section III of GRO 793/44 will be amended as follows:—

*Delete* paras 1, 2 and 3.

*Insert* new paras as under:—

"1. Casualties due to accident or sickness will be reported on AF W 3010B, 3011B or 3012B and will invariably specify the precise nature of the casualty, e.g.

Admitted 65 Gen Hosp—Sick (with diagnosis, if known).
Admitted 40 CCS—Accidentally injured.
Admitted 14 Fd Amb—Accidental GSW.
Missing believed drowned—Bathing fatality—body not recovered.
Accidentally killed—Traffic accident.

2. Accidents.

These are defined as all accidental injuries not included in the definition of Battle Casualties in Section IV para 1 of this GRO.

Injuries will not be reported as self-inflicted unless the circumstances disclose an offence under the Army Act committed by the injured person.

In any case where a self-inflicted injury is reported and disciplinary action cannot be taken immediately, COs will arrange for the evidence of all material witnesses to be recorded in writing. Statements should be prepared in triplicate and disposed of as follows:—

2 copies to GHQ 2nd Echelon, CMF, for retention with the accused's documents.
1 copy retained in unit.

These written statements will not be admissible in evidence at a subsequent trial but will facilitate the assembly of evidence when trial has to take place a long time after the commission of the offence.

Attention is drawn to GRO 40/44 regarding the submission of AF B117, and Court of Inquiry proceeding in cases of accidental injuries.

3. Casualties due to sickness.

(a) An officer or man will only be reported 'SICK' when he has been actually admitted to and detained for more than 24 hours by a Medical Unit.

If he is discharged to his unit from hospital, care will be taken to report the fact that he has again been taken on the strength of his unit.

(b) For guidance in cases of doubt the following will be regarded as casualties due to sickness:—

Exhaustion (including all cases of nervous and physical exhaustion however caused).
Anxiety Neurosis.
Hysteria.
The term 'SICK (NYDN)' will NOT be used. Such cases will be classified as exhaustion.
The term 'SHELL-SHOCK' will NOT be used in diagnosis or in describing any form of casualty."

2. Section IV of GRO 793/44 will be amended as follows:—

(a) Paras 1(a) and 1(b) and 1(d) will be deleted.
(b) Para 1(c), line 3, after the word "enemy" insert the words "or by the enemy."
Line 5, delete the words "whether in a forward area or not."
(c) Para 1(e) will be redesignated para "1".
(d) Paras 3(a), 3(c) and 3(f) will be deleted and paras 3(b), 3(e), 3(g) and 3(g) will be redesignated "3(a), 3(b), 3(c) and 3(d)."

3. GRO 40/44 will be amended as follows:—

*Delete* Para 1, *Insert*

"1. Considerable difficulty is being experienced by GHQ 2nd Echelon and by the authorities in the UK owing to incorrect and incomplete reporting of accidental injuries and deaths. The following instructions are therefore issued for compliance by all concerned.

They apply to all accidental injuries and deaths other than those defined as Battle Casualties, see GRO 793/44 Section IV, para 1."

## 1101. Relinquishment of Acting Ranks and Lance Appointments on Posting from Overseas to UK

1. The War Office have recently observed on the serious consequences arising from the arrival in UK of personnel wearing badges of acting ranks or lance appointments which should have been relinquished prior to departure for UK, and as a direct result of which, overissues of pay have been incurred resulting in much unnecessary hardship being imposed on these soldiers and their dependants.

2. Except where circumstances warrant retention of acting rank or lance appointment, i.e., Far East Leave (when not returning to this command), tradesmen holding lance appointment under provisions of Pay Warrant, Art 802, WOs and NCOs whose appointment carries a minimum rank etc. OtC Formations and units will take the following action *before* a soldier leaves the formation or unit for posting to UK:—

**Warrant Officers Appointed to Commissions-Pay**

(Field)

Whereas We deem it expedient to provide that warrant officers of Our Army shall not suffer a reduction of pay on being appointed to a commission.

Declassified E.O. 12356 Section 3.3/NND No. 785016

of pay they last received as warrant officers, including war pay and any long service and good conduct pay in issue (but excluding additional pay), plus 6d a day, if, and for so long as, this is more favourable than the pay, including corps, engineer or signal pay (if applicable), to which they would be entitled as officers.

Our Further Will and Pleasure is that Our Warrant dated 27th March, 1943, shall be cancelled.

Given at Our Court at St. James's, this 8th day of June, 1945, in the 9th year of Our Reign.

*By His Majesty's Command.*

P. J. GRIGG.

The onus will rest on the officer himself to claim the concession. He should submit his claim to the Regimental Paymaster from whom he was receiving his pay as a warrant officer, showing from which army agent or paymaster he is receiving pay as an officer. The Regimental Paymaster will then insert on the officer's claim the rate of pay he last received as a warrant officer and pass the claim to the appropriate agent or paymaster for action.

Staff pay and additional pay are not issuable with pay under this Warrant. Such additions are issuable only with normal rates of officers' pay.

## 1106. Ministry of Education and Scottish Education Department—Application for Training as a Teacher

*Section A—ENGLAND and WALES—Emergency Training Scheme*

1. The Ministry of Education has arranged a special intensive training scheme designed to meet the shortage of teachers in the post-primary, junior, infant and nursery schools of ENGLAND and WALES. This scheme, which is open to men and women who have performed national service, provides for a course of training lasting one year, after which successful candidates will be qualified to teach in schools subject to a probation period of actual teaching.

The normal age limits are 21 to 35 years.

Married women are eligible.

Tuition will be free.

Maintenance allowances, both for the candidate and for wife and children, if any, will be available where appropriate.

Details of the scheme, with information regarding the methods of selection of candidates, nature of the course, salaries of qualified teachers, etc. will be found in the Ministry of Education's pamphlet "Teaching as a Career", copies of which will be distributed on official Scale AA (all Arms). Further copies may be obtained on indent from 10 Publications Depot.

2. Candidates in HM Forces must await their release in the ordinary course in Class A before taking up a course of training. Meantime, however, the Ministry of Education is prepared to receive applications and to deal with them so that men and women may know as soon as possible whether they are likely to be admitted to training when in the ordinary course they are released. Candidates accepted in this way will be required to undergo a medical examination before entry to a Training College, and acceptance will therefore be subject to the candidates fulfilling medical requirements. The demand for teachers will continue for a considerable period, so that men and women in the latest release groups will have as good a chance of training as the first to be released. On the other hand, acceptance for training will make no difference to the date of a candidate's release, which will take place in Class A according to his or her group, and subject to the requirements of the Service.

3. Applications are, therefore, invited now from serving members of HM Forces. Forms for this purpose may be obtained on indent from 10 Publications Depot; when completed they will be sent to the Ministry of Education as directed on the form.

4. Candidates who are *prima facie* eligible will be interviewed as soon as possible by special interviewing boards appointed by the Ministry of Education. Candidates selected for interview will be notified by the Ministry in due course of the time and place. It is hoped to arrange for interviewing boards to be sent to overseas commands, so as to provide for candidates who are selected for an interview but are not stationed in the United Kingdom.

*Section B—ENGLAND and WALES—Courses of Training for Teachers of Technical or Commercial Subjects*

The arrangements for courses of training for the teaching of Technical or Commercial Subjects in Colleges and Schools of Technology or Commerce are somewhat different from those for the more general courses described above, e.g. as regards age limits and the length of the courses. Candidates who are interested in training for Technical, etc., teaching should consult Part IV of the pamphlet "Teaching as a Career".

Arrangements for maintenance allowances and selection are, however, on lines broadly similar to those indicated in Section A above. Application forms can be obtained as described in Section A, para 3, above.

Declassified E.O. 12356 Section 3.3/NND No. 785016

SECTION C—*SCOTLAND*

1. Arrangements have been made by the Scottish Education Department for the provision of shortened courses of training for ex-Service men and women who wish to become teachers in Scottish schools. Persons following such courses may qualify for the award of one of the following certificates:—

(a) The Teacher's General Certificate (for primary school teaching).

(b) The Teacher's Special Certificate (for teaching subjects such as English, French, Mathematics, Science in secondary schools).

(c) The Teacher's Technical Certificate (for teaching Art, Music, Domestic Subjects, Physical Education, Commercial Subjects, Educational Handwork, Agriculture, Horticulture, Engineering or other technical subjects).

2. The courses will as a rule be conducted at the following training centres and colleges under the control of the National Committee for the Training of Teachers:—

(a) *Training Centres*:—
ST. ANDREWS and DUNDEE (Queens College, DUNDEE).
GLASGOW (JORDANHILL).
ABERDEEN.
EDINBURGH (Moray House).

(b) *Training Colleges for Roman Catholic Women*:—
Notre Dame Roman Catholic Training College, GLASGOW.
Craiglockhart Roman Catholic Training College, EDINBURGH.

(c) *Training Colleges for Teachers of Physical Education*:—
Scottish School for Physical Education (Men) (conducted at the Training Centre, JORDANHILL, GLASGOW).
Dunfermline College of Hygiene and Physical Education (Women) (at present conducted at ABERDEEN).

They may be of more or of less than one year's duration, according to the circumstances of the individual case, and may be linked with a course at a University or a Central Institution (technical college).

3. Free tuition will be provided, and maintenance allowances will be granted where required. Further information will be given in a pamphlet which will be available shortly and will be announced in Routine in due course.

4. Application forms can be obtained as described in Section A, para 3. When completed they should be returned to the Secretary of the Central Selection Board, the National Committee for the Training of Teachers, 140, Princes Street, EDINBURGH, 2.

5. The conditions regarding release and interview will be, in general, as stated in Section A, paras 2 and 4. Applicants who are *prima facie* eligible for admission to training in SCOTLAND will, however, be interviewed by one of the selection boards set up by the National Committee for the Training of Teachers, and will be notified by the selection board of the time and place of interview.

SECTION D—*General*

1. Applicants are responsible for notifying any change of address.

2. Applicants released from service before their application for training has been finally accepted or rejected should notify this fact, and give their new address, to the Ministry of Education (or, in the case of candidates for Scottish training, to the Secretary of the Central Selection Board), marking the envelope "FORM 20A R.E. DISCHARGED".

(A summary of this GRO is published with this GRO as "Notice Board Information".)

*Delete* para 3

*Substitute* new para as follows:—

"3. In all cases when personnel die or become 'missing' a suitable personal letter should be written to the next-of-kin. Experience has shown that a mere letter of condolence rarely satisfies the next-of-kin and that such information as to the circumstances of death as can be disclosed with due regard to security should be always included. Discretion must be exercised to avoid mentioning harrowing details. Precaution must also be taken to ensure that such letters do not arrive before the official notification of the casualty as this inevitably causes uncertainty and additional distress to the next-of-kin. In order to guard against delay of the official notification by misdirection of messages or other unforeseen circumstances, such letters of condolence will not be despatched direct to the United Kingdom until 21 days after the casualty has been reported to GHQ 2nd Echelon."

*War Office, 7 September*, 1945.

The KING has been graciously pleased to approve the posthumous award of the VICTORIA CROSS to:—

Major (temporary) Anders Frederik Emil Victor Schau Lassen, M.C. (234967), General List.

In Italy, on the night of 8th/9th April, 1945, Major Lassen was ordered to take out a patrol of one officer and seventeen other ranks to raid the north shore of Lake Comacchio.

His tasks were to cause as many casualties and as much confusion as possible, to give the impression of a major landing, and to capture prisoners. No previous reconnaissance was possible, and the party found itself on a narrow road flanked on both sides by water.

Preceded by two scouts, Major Lassen led his men along the road towards the town. They were challenged after approximately 300 yards from a position on the side of the road. An attempt to allay suspicion by answering that they were fishermen returning home failed, for when moving forward again to overpower the sentry, machine-gun fire started from the position, and also from two other blockhouses to the rear.

Major Lassen himself then attacked with grenades, and annihilated the first position containing four Germans and two machine-guns. Ignoring the hail of bullets sweeping the road from three enemy positions, an additional one having come into action from 300 yards down the road, he raced forward to engage the second position under covering fire from the remainder of the force. Throwing in more grenades he silenced this position which was then overrun by his patrol. Two enemy were killed, two captured and two more machine-guns silenced.

By this time the force had suffered casualties and its fire power was very considerably reduced. Still under a heavy cone of fire Major Lassen rallied and reorganised his force and brought his fire to bear on the third position. Moving forward himself he flung in more grenades which produced a cry of "Kamerad." He then went forward to within three or four yards of the position to order the enemy outside, and to take their surrender.

Whilst shouting to them to come out he was hit by a burst of spandau fire from the left of the position and he fell mortally wounded, but even whilst falling he flung a grenade, wounding some of the occupants, and enabling his patrol to dash in and capture this final position.

Major Lassen refused to be evacuated as he said it would impede the withdrawal and endanger further lives, and as ammunition was nearly exhausted the force had to withdraw.

By his magnificent leadership and complete disregard for his personal safety, Major Lassen had, in the face of overwhelming superiority, achieved his objects. Three positions were wiped out, accounting for six machine-guns, killing eight and wounding others of the enemy, and two prisoners were taken. The high sense of devotion to duty and the esteem in which he was held by the men he led, added to his own magnificent courage, enabled Major Lassen to carry out all the tasks he had been given with complete success.

Soldiers mustered in trades other than those mentioned above who are already serving on Regular Army engagements are eligible to apply for extension of their service or re-engagement to complete 21 years in their present trade mustering.

3. At Appendix "A" to this GRO will be found notes for the guidance of all concerned and at Appendix "B" the standards for acceptance required.

4. The above information will be brought to the attention of all REME other ranks, with a view to application by suitable personnel for consideration by the War Office of their re-enlistment on Regular Army engagements. Every facility will be offered by OC units in this respect.

NOTES FOR GUIDANCE ON ENLISTMENT AND RE-ENLISTMENT ON REGULAR ARMY ENGAGEMENTS—*REME*

1. VACANCIES

Warrant Officers, NCOs and men who have been compulsorily transferred to REME during the Emergency under the terms of ACI 626/39 and who are serving on normal Regular Army engagements with an unexpired period of Colour Service are regarded as filling vacancies in the Interim Peace Establishment of REME, although, in accordance with the ACI, they have the option to elect re-transfer to their former Regiments or Corps after the end of the period of Emergency. Such WOs and NCOs, however, who have been appointed Armament Artificers during the Emergency after a modified War course are not regarded as filling vacancies for Substantive Armament Artificers.

2. ARTIFICERS, ARTISANS, CLERKS AND STOREMEN

Candidates in these trades serving on any form of engagement other than on normal Regular Army engagement will be required to enlist as Craftsmen on a normal Regular Army engagement of 7 years with the Colours and 5 years with the Royal Army Reserve or a modified Regular Army engagement for such period as will complete 7 years with the Colours, including reckonable embodied or mobilized service rendered on a non-Regular engagement since 1 Sep 39 inclusive, and 5 years with the Royal Army Reserve.

3. ARMAMENT ARTIFICERS

(a) It has been decided that the initial term of service of Armament Artificers shall continue, as before the War, to be 12 years with the Colours. Artisan tradesmen now serving in REME on the following terms, who have been appointed Armo-

ment Artificers during the War are eligible therefore for consideration for appointment or re-enlistment as Substantive Armament Artificers to fill vacancies in the interim Peace Establishment.

(ii) Those who were under the age of 30 years on 1 Sep 45, who are now serving on any form of engagement other than a normal Regular Army engagement and are willing to re-enlist on a modified Regular Army engagement for such period as will complete 12 years with the Colours, including reckonable embodied or mobilized service rendered on a Non-Regular engagement since 1 Sep 39 inclusive, and who comply with the terms of this GRO.

(iii) Those who are serving on Regular Army engagements of 12 years with the Colours, provided that they have at least 2 years' Colour Service still to serve, or are eligible and willing to re-engage to complete 21 years' service with the Colours in accordance with ACI 1735/41.

(iv) Those who have re-engaged to complete 21 years' service with the Colours, provided that they have at least 2 years' Colour Service still to serve.

(v) Those who were serving on Regular Army engagements of 12 years with the Colours, but by reason of having been held to serve beyond their original period of service under the Militars and Air Forces (Prolongation of Service) Act, 1939, have now served continuously for more than 12 years and are willing to re-engage to complete 21 years' service with the Colours, in accordance with ACI 1735/41.

(vi) Those who are serving on Regular Army engagements for a period of less than 12 years with the Colours and who are eligible and willing to extend their service to complete 12 years with the Colours in accordance with ACI 1735/41.

(vii) Those who are serving on Regular Army engagements for a period of less than 12 years with the Colours have completed their Colour Service but have been held to continue in Army Service under Army Order 158/39, and who are eligible and willing to extend their service to complete 12 years with the Colours in accordance with ACI 1735/41.

(viii) In exceptional cases, soldiers who are described in sub-para (i) above but who were between the ages of 30 and 34 years on 1 Sep 45 may be considered for re-enlistment.

(b) *Promotion to Substantive Rank.*

It has been decided that soldiers appointed or re-enlisted as Substantive Armament Artificers within the interim Peace Establishment shall be promoted to the Substantive rank of S Sjt wef the date they are so appointed or re-enlisted. (In this particular case, the provisions of para 3 of the pamphlet "Promotion of Soldiers and Auxiliaries of the ATS during National Emergency, 1943" will not apply.) To establish seniority among the Armament Artificers appointed or re-enlisted under this scheme, seniority in the rank of S Sjt will reckon as from the date of appointment as Armament Artificer during the War.

4. LEADING ARTISAN S/SGTS

Leading Artisan S Sgts are not at present eligible for appointment on re-enlistment as Substantive Armament Artificers within the interim Peace Establishment. NCOs of this type who comply with the standards for acceptance shown in Appendix "B" to this GRO are, however, eligible to re-enlist as Artisan tradesmen in the rank of Cfn, to fill vacancies in their mustered trades only those trades detailed in para 2 of this GRO. 5. RE-PROMOTION TO WAR SUBSTANTIVE OR ACTING RANK

The provisions of para 5 (b) and (c) of ACI 1435/42 apply to personnel who are re-enlisted under authority of this GRO, including Leading Artisan S Sjts who will be re-appointed to that class after re-enlistment as Artisan tradesmen.

(a) Officers

(i) With the exceptions detailed at para (iii) following, all enquiries and Army Forms concerning the pay and/or allowances of officers will be addressed direct to the Army Agent or Paymaster responsible for the issue of the emolument under question. GHQ 1130/43 gives particulars regarding the Agents and Paymaster responsible for the issue of pay and allowances to officers in this command.

(ii) Correspondence or claims in respect of the following will be forwarded to the local Command Paymaster for clearance:

*Direct Commissions.* GHQ 276/43 refers.
*Family Lodging Allowance.* All new claims on AF O1646.
*Travelling Allowances.* All claims submitted under GHQ 655/45.
*Contingent Allowance, Chaplains.* Claims on AF O1623 under Allowance Regulations 1944, paras 671/673.

(b) Other Ranks

(i) Following is a list of Army Forms in common use in connection with the pay and allowances of other ranks and which in future will be despatched direct from units to Fixed Centre Paymasters concerned:—

AFN 1553. Commencement or alteration of POSB deductions.
AFO 1760/2. Claim for Family or Dependant's Allowance (but see exception at (iii) below).
AFO 1760/3. Claim for Special Dependent's Allowance.
AFO 1727M. Family Remittance.

AFN 1453. Application for rate of pay and balance on soldier's account (N.B. The separate nominal rolls for each regiment and corps prepared in alphabetical order in accordance with GHQ 20/44 must be forwarded direct from the unit to the Fixed Centre Paymasters concerned).
AB 64 Part II, Soldiers' Pay Books—when complete or unserviceable. Before despatch it must be ensured that the soldier's Army Number, Rank, Name and Regiment or Corps, are recorded clearly in the book (see also para 1130).

(ii) Correspondence in connection with the following subjects will also be addressed direct from units to Fixed Centre Paymasters:—

*Arrears of Pay Claims.*
Claims submitted under GHQs 415/43 and 453/44. Before submitting claims every effort must be made by units to obtain the necessary certificates of proficiency. A separate memorandum will be sent in respect of each individual claim.

*Estrangement Cases.*
Applications for the withdrawal of Family Allowance and Qualifying Allotment are governed by the terms of ACI 437/44. Such applications should not be submitted to Fixed Centre Paymasters unless (a) a report has been obtained from SSAFA in accordance with para 7 (a) (ii) of the ACI and the soldier has been acquainted with the import of the investigation, or (b) definite instructions have been given, and, in cases being dealt with through a Legal Aid Section, their institution has been approved by the Legal Aid Section concerned (para 3 (c) (iii) of the ACI refers).

*Note on Correspondence generally.*
It should be ensured before correspondence is entered into with Regimental Paymasters on such subjects as rank, classification, trade status, etc, as shown on AFs N1483 that relevant casualties have been published by GHQ 2nd Echelon, Part II Order reference must be quoted and due regard be paid to date of publication in order to allow Regimental Paymasters sufficient time to act on the Part II Orders.

(iii) Correspondence or claims in respect of the following will be forwarded direct to the local Command Paymaster for clearance:—

*Local Marriages.* Claims on AFO 1760/2 for issue of family allowance to a wife residing in CMF.

(c) General.

The following forms which are in use for both officers and other ranks will be disposed of by units, etc., direct to the Army Pay Office (officers'

Declassified E.O. 12356 Section 3.3/NND No. 785016

Accounts), Manchester, or the Fixed Centre Paymaster as the case may be:—

AFO 1643 (in duplicate). Hospital charges.

AFO 1656A. Income Tax—Annual Claim for Relief.

AFP 1954A (in triplicate). Stoppages for Clothing and necessaries lost.

WS6. 21. Claims for War Service Grant.

3. Except where otherwise stated, Army Forms will be despatched in original only.

4. The forms listed in para 2 above are not exhaustive, and in respect of any item not mentioned units should be guided by the fact that the object of the new procedure is to pass direct to Home Paymasters those forms and correspondence which directly affect the pay accounts of officers and other ranks and which previously have been channelled through local overseas Paymasters for convenience and centralization of despatch only.

5. (a) Special arrangements have been made for all correspondence, etc (except Soldiers' Pay Books—see (b) below), addressed to Agents and Home Paymasters to be transmitted by air. It is important, therefore, that all such correspondence be dealt with by units as follows:—

(i) Separate envelopes, which should be correctly addressed, to be used for each Army Agent or Paymaster concerned;

(ii) the envelopes clearly marked "ADS"; and

(iii) disposed of through Signals channels, or by such means as are provided where or when Signals channels cease to exist.

(b) Soldiers' Pay Books (AB64 Part II), when complete or unserviceable, will be forwarded direct to Home Paymasters through normal Army Postal channels.

6. With a view to saving air space and weight all correspondence should be on the thinnest paper available.

For the guidance of units a list of Regiments and Corps and their Fixed Centre Paymasters is published as Appendix "A" to this GRO.

7. It is emphasized that this GRO is applicable only to personnel whose accounts are maintained in the United Kingdom. Army Forms and correspondence relating to personnel whose accounts are maintained outside the United Kingdom (e.g. Palestinians) will continue to be forwarded to the local Command Paymaster.

8. Existing GROs which are at variance with the procedure outlined above will be regarded as modified accordingly.

## 1130. Issue of Officers' Pay and Allowances

1. The following details regarding the procedure for the issue of pay and allowances to officers serving in this command are published for information and as a guide for officers when making enquiries on their pay and or allowances, in accordance with QR(G) 1129 (A).

2. Ordinary pay may be issued according to the officer's individual choice, by either:—

(a) The officer's Ex Army Pay office (Officers' Accounts), Stockport Road, Manchester, 13. or

(b) The Army Agents, viz:—

(1) Lloyds Bank Ltd (Cox's and King's Branch), Avon Court, Bournemouth.

(2) Glyn Mills & Co. (Holts Branch), Kirkland House, Whitehall, LONDON SW1.

NOTE. *Certain Regiments and Corps deal only with one Agent. The Regimental Agents for each Regiment or Corps are shown in the Quarterly Army List.*

Whichever of the above departments issues an officer's pay also issues Engineer, Corps of Signal pay and Staff pay, if these are admissible. These extra elements of pay are issued automatically and therefore do not require any form of application to be submitted by the officer. In the case of Staff Pay the issue is commenced from the particulars promulgated in the list of Staff Appointments in the Appendix to General Routine Orders. War Service Increments are also issued by the department responsible for the issue of the officer's ordinary pay.

3. Outfit allowance and all questions on Income Tax are dealt with by the Agent or Paymaster who issues the officer's ordinary pay.

4. The Army Pay office (Officers' Accounts) Manchester, is also responsible for the issue of the following forms of pay:—

Command Pay
Additional Pay
Charge Pay
Specialist Pay

The above forms of pay if admissible under existing regulations, or specially authorized by duly delegated officers, must be claimed when the emolument first becomes admissible by the submission to CHQ 2nd Echelon of an appropriate casualty on AF W3010A. The issue will then be continued by the Army Pay Office, Manchester, without further claims until a further casualty is reported on AF W3010A showing cessation of entitlement. To prevent overissues and avoid possible hardship to the individual officer it is important that all casualties affecting the issues of Command Additional Pay, etc., particularly cessation of entitlement, be reported on AF W3010A to CHQ 2nd Echelon, as and when they occur. Casualty Returns, AFs W3010A, etc., are not required by Paymasters.

5. Family Lodging Allowance, Mediterranean Allowance and Servant Allowance when specially authorized, are issued by the Army Pay Office (Officers' Accounts), Manchester.

6. With a view to saving time and correspondence officers should ensure that any enquiry made by them in regard to their pay and/or allowances is addressed direct to the appropriate Paymaster or Army Agent as shown in para 2 above.

## 1133. Leave to UK. British Personnel. Complementary Leave for Wives

1. The terms of GHQ 83/45 are extended to cover wives of personnel serving in this Command who are in the military service in Middle East.

2. Owing to the special difficulties which confront GHQ MEF a minimum of one month's notice is required. Commanding Officers will therefore decide well beforehand the approximate date upon which married personnel affected are to be sent on LEAVE. They will then forward the details demanded in para 2 of GHQ 83/45 to GHQ CMF for "A" Branch (AG) by priority signal. Failure to give the required notice will result in a complete breakdown of the scheme.

## 1134. Rehabilitation—Solicitors and Solicitors' Clerks

1. Attachment to the Legal Aid Welfare Section, GHQ CMF, is offered to a limited number of solicitors and solicitors' clerks. The objects of the attachment are:

(a) To give them an opportunity of refreshing their minds on legal matters with which they may have to deal on return to civilian life, and

(b) To provide trained reinforcements for the LAW Section as and when vacancies in the War Establishment arise.

2. The attachment is open to both officers and other ranks and will be for a period of two months. On completion of the attachment personnel will normally be returned to their units. If, however, an officer or man is willing to continue to serve in the LAW Section and a vacancy exists in the War Establishment into which he can be absorbed, application will be made to the Military Secretary, GHQ CMF for "A" Branch, A.G.1b or GHQ 2nd Echelon, as the case may be, for his posting to the LAW Section as from the termination of the attachment. In every case the candidate's Commanding Officer will be consulted before such application for posting is made.

3. Attached personnel will be given an opportunity of taking part in the normal work of the office under such supervision as may be required. There is a small library of legal text books which they will be encouraged to study.

4. Applications for attachment will be submitted through COs direct to the LAW Section, GHQ, CMF, and will be in the form set out in Appendix "A" to this GRO. Applicants' units will be notified direct by the LAW Section, GHQ, CMF, when vacancies for attachment are available and will be given joining instructions. Applications will only be forwarded by Commanding Officers if the applicants can be spared.

5. As attached personnel will remain on the strength of their units no replacements will be permissible.

## 1156. Payment of Bills in Urgent or Exceptional Cases

1. Payment of bills by Area or Field Cashiers "subject to audit" will, in future, only be made in urgent or exceptional circumstances when payment through normal channels will result in a delay which will embarrass the contractor. The procedure for payment will be as follows:—

(a) Bills must be rendered by contractors on AF P 1922. AF P 1922 will be passed to ADS and I, or other appropriate Head of Service, for counter signature and return to the purchasing officer. AF P 1922 will then be passed to the nearest Area or Field Cashier for payment, and AF P 1264 despatched under separate cover. At the same time as despatch of AF P 1964 to the Cashier, the certifying officer will give the contractor an authority addressed to the Cashier specifying the bill number by which the contractor will identify himself and obtain payment. The officer passing the bill will certify thereon that immediate payment is essential.

(b) On presentation of the authority for payment the Cashier will check the details against the respective bill and effect payment. Paid bills will be forwarded at once to the local Command Paymaster.

(c) The Cashier will return AF P 1964.

(d) A copy of all agreements will be sent to the respective Command Paymasters concerned. It will be explained to contractors that any allowance or disallowance by Command Paymaster on any bill will be adjusted on a subsequent bill.

2. GBO 6/43 is hereby *cancelled*.

## 1161. Repatriation of British Service Families Resident or Evacuated Abroad

1. British service families resident or evacuated out of the UK are classified as follows:

CLASS A: Families where the wife has previously lived in the husband's country of normal residence.

CLASS B: Families where the wife has never lived in the husband's country of normal residence.

CLASS C: Families who are living in a country to which the husband will be repatriated or will proceed as a settler under chapters 6 and 7 of Reserve Regulations, 1943. (It should be noted that an individual who wishes to proceed to a country other than that in which he was domiciled, or ordinarily resident before joining HM Forces, must comply with the emigration regulations in force, and be accepted by the government of the country to which he wishes to proceed.)

2. CLASS A

Families in Class A are now liable to be offered passage to the normal country of residence of the husband. Passages will be offered as opportunities occur and with due regard to the priority lists already existing as far as possible to meet special circumstances in individual cases (eg sickness, school arrangements, tenancy agreements), and having regard also to the expected release date of the husband. Low priority will not normally be granted if it would delay the date of the family's return beyond that of the husband's release.

Refusal of a suitable opportunity of passage to the husband's country of permanent residence will result in forfeiture of the all entitlement to passage at the public expense and that of any existing entitlement to special accommodation and allowances. The husband's entitlement to the UK rate of family allowances only, will continue so long as he remains entitled to service pay and allowances.

3. CLASS B

Families in Class B may choose passage to the husband's country of normal residence at the earliest opportunity, or to the first opportunity after the husband's arrival in his country of normal residence for release or on being posted thereto, in either case any special allowances will for the time being continue in issue until such opportunity of passage arises or until the husband ceases to draw service pay and allowances, whichever first happens. In deciding passage priorities regard will be had to the desirability of avoiding families arriving in advance of the husband where his assistance would be needed on arrival eg foreign families.)

4. CLASS C.

Families in Class C will not be offered passage and will forfeit all right thereto. Such families will continue to receive any special allowances until joined by the husband or until the end of the husband's release leave, whichever first happens.

5. GENERAL

In cases where families in Class A or Class B have not been offered passage and are still abroad at the date when the husband ceases to draw service pay and allowances, or in cases of Class C families where the husband has not been given the opportunity to join his family before he ceases to draw service pay and allowances, the family will qualify for continuance of the following allowances until the post note becomes available:—

(a) A sum equivalent to all allowances then in issue, and

(b) In the case of other ranks an additional sum equivalent to the qualifying allotment, or in the case of officers an additional sum equivalent to the minimum compulsory allotment laid down, provided in either case that the husband undertakes to contribute such additional sum to public funds.

In calculating the sum equivalent to allowances in issue referred to above, account will be taken of changes in family circumstances which normally affect allowances.

6. ALLOWANCES FOR VOYAGE PERIOD

(a) *Other Ranks.* During the voyage for repatriation, families of other ranks in Classes "A" and "B" will receive a minimum Qualifying Allotment of 10/6d per week and in addition an allowance of 3/- per week for each child for whom family allowance is normally admissible. Where the husband's Qualifying Allotment is less than 10/6d per week it will be increased to this amount by a supplementation from Army funds.

(b) *Officers.* In the case of officers' families, messing charges during the voyage period will be waived if the husband has ceased to receive service pay and allowances, unless the family proceeded abroad without War Office permission.

(c) Where the husband's Qualifying Allotment is more than 10/6d per week an allowance based on the higher rate of qualifying allotment will be paid to the date of disembarkation of the family on the assumption that this amount will be recovered from the husband.

7. No allowances will be issued after the husband ceases to receive service pay and allowances:—

(a) In respect of families in Class "A" or "B" who have refused passage; or

(b) In respect of families in Class "C" whose husbands have refused the first offer of passage to join the family; or

(c) In respect of families who proceeded abroad without War Office permission.

8. Cases of exceptional hardship resulting from application of the above rules will be given separate consideration.

9. The attention of all British service personnel with families abroad will be drawn to the above provisions in order that families may make their plans accordingly.

10. All formations will report to AS, GHQ, CMF, on 1 Nov 45, and thereafter on the first of each month, particulars of all cases where families are resident or evacuated abroad. Particulars will be given as in Appendix "A" overleaf.

## 1171. Census of Warlike Stores (Less Ammunition)

1. As from the date of this Order, Census Returns of Warlike Stores will be rendered in accordance with the procedure laid down in Appendix "A" to this order.

2. The importance of the correct rendering of Census Returns cannot be overemphasized. Such returns are the means of maintaining a Census of Vehicles and Warlike Stores. This Census for Units under Command of GHQ CMF is maintained by Q(AE)4, GHQ, MEF, and all queries on purely census matters should be addressed to them, copy to ADOS or DADOS of Formations or Areas. On the accuracy of this record depends present maintenance, replacement, and future provision of Vehicles and Warlike Stores. Census Returns will therefore be prepared with the utmost care and accuracy.

3. The Monthly Census Returns, Marching-in and Marching-out States called for in Appendix "A" to this Order will be signed personally by the Commanding Officer of the unit, who will certify that all Vehicles and Warlike Stores in possession of his unit have been included in the returns.

4. It is the intention to standardize census procedure as far as possible throughout the Mediterranean Theatre. This GHQ will therefore be reproduced as a Middle East General Order.

5. The Returns and Part X orders are Confidential Documents and documents in use are as follows:—

## 1172. Preservative Procedure to be Carried out by Units Before Returning 'A' and 'B' Vehicles to RAOC Stock Parks

Amends GRO 752/45. See Amendments Section.

Declassified E.O. 12356 Section 3.3/NND No. 785016

## 1173 Lubricating Oils for use with 'A' and 'B' Vehicles operating with Units in AUSTRIA

1. Owing to the extremely low temperatures expected to be encountered during the winter months, all "A" and "B" vehicles operating with units stationed in AUSTRIA during the period 1 Nov 45 to 31 Mar 46, will be lubricated with a Severe Winter grade of engine oil.

2. During the period mentioned in para 1 above, all vehicles using HD 30 oil will be operated on HD 10 oil. All "A" vehicles air cooled engines and all motor cycle engines using HD 50 oil will be operated on HD 30 oil.

3. Entries will be made in vehicle AB 412 or AB 413, to show the correct grade of oil in use, and windscreen transfers will be amended accordingly.

(Applicable to all troops)

8450/18/QMG

## 1174. Vehicle Lighting

1. All WE vehicles in this theatre will be fitted with not more than two headlamps in the standard position as supplied from the manufacturer. Headlamps already fitted in excess of this number will be removed and returned to the nearest ADOS of formation or area.

2. If one headlamp only is available, it will be positioned on the driver's right-hand side of the vehicle with the beam directed towards the right.

3. The term "headlamp" will include all types of spotlamps, fog lamps and pass lamps, but excludes special spotlamps fitted to break-down vehicles.

4. If two headlamps are fitted a switch will be installed to allow the driver's left-hand headlamp to be extinguished. If a dipping device is fitted, it will be kept in working order.

5. (a) Headlamps fitted above four feet from the ground will be so adjusted that the centres of the beams are below four feet at a distance of fifty yards from the vehicle.

(b) Headlamps fitted below four feet from the ground will be so adjusted that the centres of the beams do not rise above the horizontal.

In no circumstances will the beam of the left-hand lamp be directed towards the left.

6. The centre section of the headlamp mask may now be cut out completely provided sufficient transparent material is available to cover this area. On no account will reflectors be left exposed to the elements without suitable protection. The latest type of blackout headlamp fitted with a swing out portion allows adequate lighting and will not be modified.

7. The rear axle lamp will not now be used. The switch provided for this lamp may be utilized as the control switch for the left-hand headlamp referred to in para 4 above. Loose ends of wiring will be taped so that shorts do not occur. White paint will not therefore be renewed on rear axle casings.

8. Lighting switches will be arranged so that the headlamps cannot be switched on without the side lamps being switched on at the same time. All vehicles of USA and Canadian origin will be examined and, if necessary, modified to comply with this instruction.

9. All vehicles will carry two unmasked side lamps and one tail lamp which will be fitted to the left hand side of the vehicle, or in cases where rear lamps are fitted centrally, these will remain in that position. If two tail lamps are fitted both may be retained.

10. Trailer lamps when fitted will be maintained in good condition. When reflectors only are fitted they will be clean and serviceable.

11. In the interests of the safety of all road users it is essential that the terms of this GRO are strictly complied with.

12. GRO 39/45 is hereby *cancelled*.

# GENERAL ROUTINE ORDER No. 1145, Serial 42, dated 19 Oct, 1945

## PART I

## HONOURS AND AWARDS

*War Office, 26th September, 1945.*

The KING has been graciously pleased to approve the award of a Bar to the VICTORIA CROSS to:—

Captain Charles Hazlitt Upham, V.C., (8077), New Zealand Military Forces.

Captain C. H. Upham, V.C., was commanding a Company of New Zealand troops in the Western Desert during the operations which culminated in the attack on El Rawcisat Ridge on the night of 14th-15th July, 1942.

In spite of being twice wounded, once when crossing open ground swept by enemy fire to inspect his forward sections guarding our minefields and again when he completely destroyed an entire truck load of German soldiers with hand grenades, Captain Upham insisted on remaining with his men to take part in the final assault.

During the opening stages of the attack on the ridge Captain Upham's Company formed part of the reserve battalion, but, when communications with the forward troops broke down and he was instructed to send up an officer to report on the progress of the attack, he went out himself armed with a Spandau gun and, after several sharp encounters with enemy machine gun posts, succeeded in bringing back the required information.

Just before dawn the reserve battalion was ordered forward, but, when it had almost reached its objective, very heavy fire was encountered from a strongly defended enemy locality, consisting of four machine gun posts and a number of tanks.

Captain Upham, without hesitation, at once led his Company in a determined attack on the two nearest strongpoints on the left flank of the sector. His voice could be heard above the din of battle cheering on his men and, in spite of the fierce resistance of the enemy and the heavy casualties on both sides, the objective was captured.

Captain Upham, during the engagement, himself destroyed a German tank and several guns and vehicles with grenades and although he was shot through the elbow by a machine gun bullet and had his arm broken, he went on again to a forward position and brought back some of his men who had become isolated. He continued to dominate the situation until his men had beaten off a violent enemy counter attack and consolidated the vital position which they had won under his inspiring leadership.

Exhausted by pain from his wound and weak from loss of blood Captain Upham was then removed to the Regimental Aid Post but immediately his wound had been dressed he returned to his men, remaining with them all day long under heavy enemy artillery and mortar fire, until he was again severely wounded and being now unable to move fell into the hands of the enemy when his gallant Company having been reduced to only six survivors, his position was finally over-run by superior enemy forces, in spite of the outstanding gallantry and magnificent leadership shown by Captain Upham.

The Victoria Cross was conferred on Captain Upham for conspicuous bravery during the operations in Crete in May, 1941, and the award was announced in the London Gazette dated 14th October, 1941.

## 1199. Payment for Army Newspapers out of EFI Rebate

1. *Payment for Army Newspapers out of EFI Rebate*

In order to save manpower and simplify existing accounting procedure, it has been decided that in future Army Newspapers issued to British, Dominion, Polish and CLT units and units of the RAF in CMF will be paid for in bulk from EFI rebate and issued to units without charge. The term Army Newspapers includes "Union Jack," "Eighth Army News," and "Crusader." If and when daily papers are received from the UK and have to be paid for, it is intended that they will be paid for in the same way.

2. *Payment for Army Newspapers from other sources*

Payment from EFI rebate will only be made in respect of papers which have hitherto been paid for by the units specified in para 1 and will exclude the following:—

(a) Street sales, which will continue as before.

(b) Free issues made under the terms of AFHQ letter G-1(Misc)/8009/A4 dated 25 Jan 45.

(c) Papers issued to EFI which will continue to be paid for from normal EFI funds.

3. *Scale of Issue*

It is unavoidable that distribution will in future have to be at a flat rate according to strengths, and units which have in the past bought more than the average number of copies will have to accept a reduction.

4. *Date of Change*

The new system of distribution will come into effect on 1 Nov 45.

5. *Source of Payment*

For the month of October and until further notice, a portion of the EFI rebate in respect of canteens and clubs, now paid to formations (including Districts, Areas, etc.) of the British Army and RAF, will be withheld by EFI and paid monthly to DAWS to be applied in payment for newspapers. The amount withheld will at first be 50% of the gross rebate payable to formations. The proportion to be withheld will be reviewed monthly by GHQ CMF and adjusted as necessary in accordance with requirements.

(Applicable to all troops.)

1. Issue of Release Books.

Formation HQs will demand on GHQ 2nd Echelon for books as required. OsC units will indent on their Formation HQs for supplies of release books. In order to ensure that large stocks of books are not unnecessarily held by units, OsC units will hold only sufficient books to cover their next two release groups requirements. Release books will be kept in safe custody.

2. Responsibility for Completing Release Books.

(a) OsC units will be responsible for completing release books of all personnel of their unit eligible for release, including personnel permanently attached and attached surplus to WE.

(b) GRO 1139/45 notifies the dates by which books should be completed. In the event of an individual leaving his unit (including admission to hospital) after the book has been completed, but before he has been called forward for release, the book should be despatched, together with his documents, to his new location.

(c) *Reinforcements.*

OsC Rft Holding units will be responsible for completing Release Books in respect of all X/4 list personnel held by them (see para 3(b) below).

(d) *Disbanding Units.*

OsC units under disbandment orders will complete release books for all personnel eligible for release who are within one month of the earliest date they are due for release in UK as shown in GRO 1139/45, and will despatch such personnel and forward release books to the appropriate CRE or BHD.

(e) *Hospital Patients.*

Hospital patients on discharge will be returned to their units where they will be issued with their books by OsC units, unless their completed release book has already been received (see para 2(b) above), when they will be despatched to the Assembly Centre in the normal manner.

3. Rules for Completion of Release Books.

(a) Release books will be completed by OsC units in accordance with Appendix D Section VI of Regulations for Release from the Army 1945.

(b) Whilst the difficulties of completing testimonials in respect of personnel who have been under command for a short time are recognised, sufficient information can be gleaned from AF B122 and AB 64 to judge a man's behaviour and general efficiency during his army career. If, after all efforts have been made to assess a man's character satisfactorily, the OC unit still feels incompetent to complete the testimonial, he will insert the following in the space provided on Page 3 and the Release Leave Certificate

Declassified E.O. 12356 Section 3.3/NND No. 785016

"As I have no knowledge of the above named soldier/NCO, I am unable to complete the testimonial, but according to Army Records, this man has performed good service for ..... years ..... months."

(c) Particular attention must be paid to GRO 964/45 and to the points enumerated in the Appendix to this GRO which have not been correctly completed in the past.

4. Calling Forward of Release Groups.

GHQ 2nd Echelon will confirm by signal to Formation HQs, the dates between which personnel in each group are to report to the Assembly Centre.

5. Movement.

(a) One month before the earliest date on which a group is to report to the Assembly Centre, as shown in GRO 1139/45, OsC units will report to their HQ Area, Sub-Area or Formation responsible for their administration, the number of officers and other ranks eligible for release in that group.

(b) Formations will consolidate these reports by Areas and Sub-Areas and will signal to GHQ 2nd Echelon, copy to Q (Mov) GHQ, the total number of officers and other ranks eligible for release in that group. Signals will be despatched so as to reach addressees 27 days before the earliest date on which the group is to report to the Assembly Centre.

(c) Upon completion of the release books by dates shown in GRO 1139/45, OsC units, other than those in 3 District, will report to their Area or Sub-Area the numbers requiring to be moved. HQ Area or Sub-Area will request movement from the local Movement HQ. HQ 3 District will instruct OsC units when to report numbers requiring movement.

(d) Local Movement HQs will arrange movement to Assembly Centres at MILAN or NAPLES (Lanciotto Camps) in accordance with instructions received from Q(Mov) GHQ.

6. Action to be Taken on Arrival at Assembly Centre.

When the Draft Conducting Officer or NCO i/c of a draft reports to the Assembly Centre he will hand in all release books to 02E Detachment for verification from records held there that all personnel in the draft are, in fact, eligible for release in that particular group. Each book will be stamped on the outside cover with the 02E Detachment Assembly Centre rubber stamp to signify that the book has been checked.

7. Documents and Documentation.

(a) (i) See paras 19 and 20a of AFHQ Release Instructions 1945.

(ii) Stocks of the undermentioned forms will be held by 21 Base Stationery Depot ONLY and supplies will be obtained on indent from that depot:—

AF W3149 (Medical Reports).

AF X301 (Clearance Certificate—Officers).

AF H1157 (Clothing and Equipment Record).

A new AF H1157 will be completed for all personnel proceeding on release.

(iii) CM Form 94 Baggage Label (Red) will be supplied on indent by 21 Base Stationery Depot, to Formation HQs only. Formation HQs will issue these forms to units in correct proportion to the number of release books demanded. Formation HQs will ensure that large stocks of these forms, which are very difficult to obtain, are not held by units.

(iv) AF W3149 will be despatched to GHQ 2nd Echelon in accordance with GRO 834/45. If not already despatched before individual leaves his unit, it MUST be enclosed in his release book and handed by the Draft Conducting Officer or NCO to the 02E Detachment at the Assembly Centre.

(v) Upon completion of the release book OsC units will insert in AB 439 or AB 64 Part I, as the case may be, a slip as follows:—

"The above-named is one of the personnel of this unit due to report to the Assembly Centre between (date) _____ and (date) _____ for evacuation to UK. If detached from his draft on account of admission to hospital _____ whilst in transit to Assembly Centre _____ after leaving Assembly Centre _____ the above-named should be onward routed to Assembly Centre MILAN/NAPLES _____ when available."
DIEPPE/CALAIS

(vi) Disposal of documents of personnel admitted to hospital whilst in transit to Assembly Centre should be in accordance with para 26 AFHQ Release Instructions 1945.

(b) Documentation will be in accordance with Provisional AFHQ Administrative Instructions for MEDLOC B.

8. Casualties.

(a) See para 24 AFHQ Release Instructions 1945 and Provisional AFHQ Administrative Instructions for MEDLOC B.

(b) Personnel proceeding to the Assembly Centre will be posted to N/S(A) list with effect from the day following that on which they leave their unit.

9. Clearance Certificates.

(a) Where applicable clearance certificates, in accordance with Regulations for Release from the Army 1945, Appendix D, Section I, para 2 and Section II, para 6 (b) will be forwarded to No. 8 Command Pay Office, CMF.

(b) AF X301 will be obtained on indent from 21 Base Stationery Depot, CMF. (This form is NOT stocked at office stationery depots.)

## 1204. Unit POL Accounting

1. All units in this theatre requiring or holding stocks of lubricants, Petrol and DERV fuel for their own vehicle requirements, will implement forthwith the following instructions which are based on War Office Pamphlet "Mechanical Transport—Vehicle Records and Procedure for Accounting and Control of Petrol, Oil and Lubricants 1942."

GBO 341/44 is hereby *cancelled*.

2. The following Army Forms will be used:—

AF G3518 — Transport Work Ticket

AF G1033 — Receipt and Issue Voucher

AF G3512 — POL account (an equivalent form may be used provided that opening and closing stocks, receipt and issues are clearly shown).

CMF Form 88 — Daily Record of Issues.

3. *Indents for supplies will be made as follows:*—

(a) Where the Supplying Installation or Depot is under military operation or resident military supervision.

(i) *Bulk Supplies.* Units will apply to ADST (M), BASC, who will notify the BASC installation detailed to effect the supply. The supplying installation will prepare AF G1033 in triplicate, returning the third copy which will be receipted by the driver of the tank lorry effecting delivery, who will also sign the installation's issue sheet (CMF Form 88). The first and second copies of AF G1033 will be delivered by the lorry driver to the receiving unit, who will retain the original copy. The second copy will be receipted by the person in charge of the pump or store, who in addition to signing will indicate his name, rank and number in BLOCK LETTERS, and will be returned to the supplying installation by the lorry driver. This receipt will also be stamped with the receiving unit's stamp where possible.

(ii) *Packed Supplies.* Units requiring supplies will prepare AF G1033 in triplicate. The first and third copies will be stamped with the unit stamp and signed by an officer or senior NCO. All three copies will be conveyed to the supplying depot by the driver detailed to collect the requirements. The supplying depot will stamp and sign the first and second copies, signifying that the demand has been met, and return them to the receiving unit by hand of the driver. The third copy will be receipted by the driver and be retained by the supplying depot. The driver will also sign the depot's issue sheet (CMF Form 88). The first copy, duly receipted by the receiving unit, will be returned to the supplying depot through the normal channels.

(b) Where the Supplying Installation or Depot is civilian operated.

In areas where there are no WD stocks, arrangements will be made by GHQ CMF for supplies to be obtained from civilian sources.

In such cases the form of authority (AF G3518 or AF G1033) will always be produced, and units will receipt any vouchers as requested by the civilian issuer, requesting one copy of such vouchers to be retained by the receiving unit to support its unit account.

4. (a) *Authority for issues by units to own or casual Vehicles.*

(i) Fuel will be issued to British vehicles under the following conditions only:—

- *British, Dominion, Imperial and Polish vehicles, and vehicles covered by para 6 (b) below.*
  Driver must produce Work Ticket AF G3518.
- *RAF Vehicles.* Driver must produce RAF Form 658.
- *RN Vehicles.*—Driver must produce RN Form D394 (modified).

(ii) • *US Vehicles* should only be issued with POL from official BASC Depots or Petrol Points. British units will therefore only issue POL to US vehicles in an emergency, when the driver must produce Trip Ticket WD Form 48.

The monthly total of any such issues will be reported on the first day of the following month to the BASC Installation or depot from which the supplies were received, who will adjust the accounting as between British and US Forces.

(iii) *Vehicles of organizations who obtain Pol. on requirement.* Wef 3 Dec 45, driver must produce official military coupon or a certificate of entitlement to free issue of POL. Total quantities issued against official military coupons will be reported by units on 1st day of each month to the BASC Installation or depot from which supplies were obtained.

• Including repatriated and captured vehicles with military registration numbers.

Declassified E.O. 12356 Section 3.3/NND No. 785016

(iv) Any other vehicle will be referred to official BASC depots or petrol points, and POL will NOT be issued from unit stocks.

(v) Units will NOT issue WD POL to civilian contractors working on military account. Any such requirements will be referred to ADST or OC BASC.

(b) *System of issuing fuel to own unit or casual vehicles will be as follows:*—

(i) Driver will produce authority for using vehicle on day in question as enumerated in sub paras 4 (a) (ii) (iii) and (iii) above. The issuer will ensure that fuel is placed into vehicle tank, and not into cans unless the driver is in possession of a written authority signed by an officer or Senior NCO.

(ii) The issuer will enter details on CMF Form 88 showing in words and figures the quantity issued, for which the driver will sign by writing his name in BLOCK LETTERS acknowledging receipt. Where issues are made to casual etc vehicles a separate CMF Form 88 will be kept and the driver will also insert his unit.

(iii) The issuer will insert on the driver's authority the quantity issued. Where this is made to a casual vehicle he will also insert the designation of the issuing unit. Where issues are made against official military coupons *vide* para 4 (a) (iii) above the coupon will be retained by the issuing unit and used to support POL Account.

5. Procedure for Accounting.

(a) Units will bring stock on charge on AF G3512 immediately on receipt. Every receipt entry will be supported by either the original or duplicate copy of AF G1033 or copy of civilian's voucher. See para 3 above.

(b) A separate AF G3512 will be kept for each pump or store to enable a stock check to be carried out at any time.

(c) *Unit POL Account*

Units holding POL stocks will close and balance AF G3512 at the end of each month in respect of each pump or store. Vouchers will be checked and the following certificate completed:

"I CERTIFY:

(i) That this account consists of ..... sheets

(ii) That the supplies shown as expended by my Unit were actually and necessarily used in the Public Service.

(iii) That the remains have been verified in each fuel tank and store, and found to agree with stocks actually in possession of this Unit."

The account will be retained and will be available for inspection for one year, and then destroyed. If a unit is disbanded the OC will forward the unit POL account to the Financial Adviser GHQ CMF.

(d) Nothing in this order is to be taken as absolving BASC Depots, DIDs, etc., from full accounting for POL, under instructions of DST.

6. Work Tickets.

(a) All units having "B" vehicles on charge will use work tickets (AF G3518). OsC units will ensure that the instructions contained on the outside and inside covers of transport work ticket books are strictly observed, except that POL Accounts and consequently work tickets will be retained for one year as in sub para 5 (c) above and not rendered monthly as stated in para 1 of instructions on the inside cover of Work Ticket Book. As work tickets constitute an authority to draw POL from any BASC Petrol Point, it is most important that they are always kept under lock and key to prevent unauthorized use.

(b) Units employing either civilians, Italian military or surrendered enemy personnel as drivers, will stamp work tickets or indents "Entitled to draw POL from Allied military stocks."

7. Modification for "A" Vehicles.

All the above instructions will apply, except for the following:

(a) Transport Work Tickets (AF G3518) will NOT be used.

(b) POL issued against signature on CMF Form 88 will be recorded in the vehicle's AB 413 used in lieu of AB 412.

8. Units will indent upon the appropriate Stationery Depots for the supply of necessary forms.

(Applicable to all troops.)

## 1205. Care and Maintenance of Lead-Acid Batteries in Low Temperatures

G(BO) 42/45 (amended as to its applicability) is republished for information and compliance.

Special precautions must be taken with the above type batteries—wireless and vehicle—in cold climates where temperatures between 0°F and 20°F are likely to be encountered.

These are as follows:—

(a) "Topping up" the electrolyte must be carried out whilst the battery is on charge and preferably when the cells are gassing freely. This applies particularly when the plates are exposed. Distilled water or melted snow should be used for topping up, but not more than one dessertspoonful at a time should be added to each cell.

(b) The state of charge of the batteries must at all times be kept as high as possible and, in order to ensure satisfactory electrical performance, it must be such that the observed specific gravity of the electrolyte does not fall below:—

| | |
|---|---|
| 1.270 for an electrolyte temperature of | 0°F |
| 1.275 " " " " | —10°F |
| 1.280 " " " " | —20°F |

(c) In order to prevent the electrolyte freezing, the observed specific gravity must not be allowed to fall below:—

| | |
|---|---|
| 1.200 for an electrolyte temperature of | 0°F |
| 1.225 " " " " | —10°F |
| 1.245 " " " " | —20°F |

Declassified E.O. 12356 Section 3.3/NND No. 785016

For ambient temperatures below —20° F a special battery will be required, but the WD —21° F battery may be used in an emergency at —30° F in which case the observed specific gravity must not fall below 1.285 to ensure reasonable electrical performance and below 1.265 to avoid freezing at an electrolyte temperature of —30° F.

(Applicable to all troops)

The whole of the address, in each case, will be in BLOCK CAPITALS.

See GHQs 964/45 and 1161/45.

(v) *Testimonials*

Separate testimonials are being issued in letter form by units.

Testimonials must be written in the space provided in the Release books. The entry on page 3 should agree with the entry on AF X202A at the back of the Release book.
