My dear Maurice,

Thank you for your letter 3/15B/CA of the 12th of January 1945. I have gone into this question, and I am afraid the whole matter fell down in consequence of Cotton's most unfortunate death. As a result we did not have continuity in negotiations. I have warned all my Heads of Divisions, and I do not think that this will occur again.

Yours sincerely,

1 With the growing activity of the Committees of National Liberation in
Kesselring's Italy, the political aspect of problems at this HQ is daily assuming
more and more importance. Many matters which, in the past, were not referred
to Political section because it was thought that they were non-political would
now, if reviewed again, most definitely require political consideration.
Indeed almost every important problem at this HQ has now some political aspect.

2 I would be glad if Sections would, in future, in considering every problem
give thought to whether there is a political implication. If there is, the
question should be referred to Political Section for their comments before it is
put up to a higher level. The letter or signal which finally issues on this

Re: 3/28/65

11 January 1966

My Dear

Referring to your DO letter of 3 January, may I mention a small incident which has just come to my notice.

When a draft directive was being prepared in your office in relation to the activities of UNRRA it was shown to MELVILLE, Director of Displaced Persons Sub Commission, who approved and initialled it.

Subsequently it was before UNRRA for his approval, and he was slightly embarrassed in suggesting certain amendments as MELVILLE had already approved the draft. However, Lt. Col. MELVILLE made all the desired amendments and everyone was quite happy.

I am issuing a direction to my own offices on this subject, making it clear to them that the lowest level on which policy matters can be discussed at this D. with representatives of your D. is functional level, so that this should not occur again.

This is a matter which is primarily our own responsibility, but I should like to draw it to your attention for any help you can give from your end, as in one or two other instances Directors of Sub Commissions have been consulted by your officials and agreements made with them upon matters of policy.

Yours

M. S. LUSH

Thank you very much for your DO letter of 1 January,
in which you reply so fully to my letters 3/15.B/GA of 17 December
and 209C9/2/A/MFAA of 20 December, 1944.

I note all you say and in future will most certainly
do as you ask and write to you personally about any further com-
plaints of this sort. The very last thing I want to do is to
discourage your staff in their efforts to look after A.C. interests,
efforts which will, I am sure, become more and more successful under *Chuck's* &
your leadership and guidance.

Dear

Reference your 20909/2/A/MFAA of 20 December 1944 and
3/15.B/CA of 17 December.

I think it better that I should reply to your two letters under respective references above personally rather than that anything official should pass between us. I do so largely because I want you, in fairness to my staff, to understand the real circumstances and because, on the other hand, I do not want to present the appearance in any way of letting the Headquarters down.

First of all to deal with your complaint about Administrative Memorandum No. 54. What happened was this. The draft as submitted by you had to be concurred in by five other Staff Sections before submission to the CAO. The sentence that you don't like was inserted in the draft by G-1(Br) and concurred in by the other Sections. My staff felt quite rightly that you would not like this and telephoned Brig. Upjohn. He said he was definitely against the inclusion of such a sentence and his view was put as strongly as we could to G-1(Br). G-1(Br) insisted on pressing for the amendment and we therefore took it up to the CAO direct with a memorandum in which all the facts were reviewed and which contained a recommendation by this Section that the views of AC should be respected. Notwithstanding the Administrative Memorandum was issued in the form in which you now see it. We have now, as reported to you formally in my letter today, reopened the question with G-1(Br) and asked that your recommendation for withdrawal of the offending sentence be approved.

Turning now to your letter succinctly headed "Staff Duties", the case history of Numbers a, b, and c of your paragraph 2 is as follows:

a. AFHQ Administrative Memorandum 55 of 8 December. This was published by the Adjutant General at the request of AG(Personnel) Branch and G-1, and we did not see it before it was issued. Immediately upon Col. Fiske drawing our attention to it, the point was taken up with both Staff Sections concerned and an amendment was agreed to. This will shortly be published.

b. Military Travel Authorizations. It appears that the original draft of this AG order was taken up to Rome by one of my staff in October, and on the 9th of October, Hq. AC (Establishments Branch) returned it stating that the draft had been discussed with the Political Section and with the Displaced Persons and Repatriation Subcommission.

785016

as a result of which various suggested amendments were made. All amendments suggested by your Headquarters were incorporated in the AG letter as finally issued.

On the 12th of December, under reference AC/14018/8/PS, your Economic Division (having incidentally had the AG letter since 7th November) wrote to G-2(CI) of this Headquarters, stating "It is presumed that civilian employees of Allied Commission and of AFHQ itself do not require military travel authorizations." G-2(CI) subsequently confirmed that civilian employees of ALCOM, if of U.S. or British nationality, are exempt.

c. Accommodation - Italy. Here again the AFHQ letter of which you complain was produced in the Adjutant General's Department without our knowledge at the request of G-4(A) and G-4(B), concurred in by the Chief Administrative Officer and G-1. Your request for amendments has been passed to G-1 and the request is now before the Chief Administrative Officer. The latter has been advised by G-1 that they oppose the amendments you suggest.

I have dealt with the above matters at some length, not because I have any doubt that you realize the difficulties of coordination within this Headquarters, but because I am anxious to reassure you that it is not my staff that is at fault. What you have complained of (with full justification) is in fact the result of an occasional slip-up in what I fear has become both a complicated and unwieldy machine. I am taking up with the Chief Administrative Officer the question of coordination, and I am asking him to impress on all the administrative branches of this Headquarters how very important it is that we, on your behalf, have an opportunity of seeing all administrative memoranda and instructions which even remotely or indirectly affect affairs in Italy. I shall be very grateful if you would bring to my own personal attention any such lapse as may occur in the future. I feel it would be easier if you would do it this way since formal communications, not unnaturally, discourage those members of my staff who, as in the cases I have quoted above, have in fact spent considerable time and energy in endeavoring to protect what they believed to be your interests.

1 There have been instances recently of the issue of directives by you from which it would appear that the possible effect of these directives on the work of the Allied Commission has not been fully realised.

2 The following are quoted as examples:

- a) In AFHQ Administrative Memorandum No 55 of 8 Dec 44, subject 'Inter-Theater Travel', para 4 gives to certain formations the power to issue travel orders. Allied Commission is not included and due to this omission no longer has the authority to issue travel orders.
- b) In AFHQ AG 371.2/015 GEG-0 of 7 Nov 44, subject 'Military Travel Authorisations', para 2 c. it is provided that civilian employees of certain bodies do not need a Military Travel Authorisation, but Allied Commission is a rather surprising omission compared with some of the organisations which are listed.
- c) AFHQ letter 386.2/179 GAP-0 of 26 Nov 44, subject 'Accommodation - Italy', is an instance in which it is thought that full consideration has not been given to the Commission. I wrote to you separately on this subject in our letter 9/21.1/CA of 9 Dec 44, but it can be added that already a demand for the surrender of a civilian prison has been received, quoting your letter as the authority.
- d) AFHQ Administrative Memorandum No 54 of 6 Dec 44, subject 'Preservation of Property of Historical and Educational Importance in Italy' was drafted in consultation with this HQ but a phrase was subsequently added in para 4 which completely nullifies the points which we had endeavoured to preserve and to which you had agreed. As a result of this an application has already been received from a formation for a list of Palaces in order that one may be selected for use as a soldiers' club. It is intended to submit a letter for your consideration on this subject.

3 The above examples will illustrate how our difficulties can be increased if the Commission's work is not fully appreciated by the drafter of a directive. May steps be taken to bring to the notice of all concerned the necessity for considering the requirements of the Commission and of affording it the opportunity of consultation when a directive is likely to affect its operations.
