HEADQUARTERS
ALLIED COMMISSION
SARDEGNA REGION

17th February 1945

REF : DO/HQ/1052

FROM : Colonel J.A.C. PENNYCUICK, Regional Commissioner.

Dear Brig. Upjohn -

In continuation of my DO/HQ/1052 of 19th January 1945
and Monthly Report for January 1945.

1. MINING

The threatened strike has been averted for the present, but there is a demand for much higher wages. The Prefect is taking action in regard to agitators - he is relying on support from Regional Headquarters and I think the situation, though delicate, is a little better. A meeting has been arranged for Monday the 19th to arrange a recruiting campaign for miners. Captain KINGSLEY, Major HATCH, President SANNA of Carbosard, the Prefect and the High Commissioner's representative will attend. The High Commissioner is again in ROME.

2. COAL PRICES

Autonomy seems to have rather gone to the head of the Administration. As already reported to you, the High Commissioner fixed a price for cattle which allowed a margin of profit for the Sardinian Administration. He explained the reason for this as a contribution on his part to improve cattle breeding in the Island, the money obtained to be put into a special fund devoted exclusively to that laudable purpose.

The latest price fixing is with respect to coal. The Italian Government has fixed the price of Sardinian coal and on these prices plus freight, the price per T.O.B. cars or at dealer's yard in CAGLIARI should be:

(a)	plus 10 m/m coal	-	1122 Lire per ton
(b)	minus 10 m/m coal	-	1022 " " "
(c)	Carbo coke	-	2294 " " "

The High Commissioner has, however, published prices as follows for February:

(a)	plus 10 m/m coal	-	1464 Lire per ton
(b)	minus 10 m/m coal	-	1364 " " "
(c)	Carbo coke	-	3075 " " "

591

As coal prices affect the prices of so many other commodities he has been

Dear Brig. Upjohn -

Yours

In continuation of my DO/HQ/1052 of 19th January 1945 and Monthly Report for January 1945.

1. MINING

The threatened strike has been averted for the present, but there is a demand for much higher wages. The Prefect is taking action in regard to agitators - he is relying on support from Regional Headquarters and I think the situation, though delicate, is a little better. A meeting has been arranged for Monday the 19th to arrange a recruiting campaign for miners. Captain KINGSLEY, Major HATCH, President SANNA of Carbosard, the Prefect and the High Commissioner's representative will attend. The High Commissioner is again in ROME.

2. COAL PRICES

Autonomy seems to have rather gone to the head of the Administration. As already reported to you, the High Commissioner fixed a price for cattle which allowed a margin of profit for the Sardinian Administration. He explained the reason for this as a contribution on his part to improve cattle breeding in the Island, the money obtained to be put into a special fund devoted exclusively to that laudable purpose.

The latest price fixing is with respect to coal. The Italian Government has fixed the price of Sardinian coal and on these prices plus freight, the price per T.O.B. cars or at dealer's yard in CAGLIARI should be:

(a)	plus 10 m/m coal	-	1122 Lire per ton
(b)	minus 10 m/m coal	-	1022 " " "
(c)	Carbo coke	-	2294 " " "

The High Commissioner has, however, published prices as follows for February:

(a)	plus 10 m/m coal	-	1464 Lire per ton
(b)	minus 10 m/m coal	-	1364 " " "
(c)	Carbo coke	-	3075 " " "

59!

As coal prices affect the prices of so many other commodities he has been asked for an explanation of these differences and his reply is awaited. In the meantime a newspaper notice has come out cancelling the published prices, as a result, presumably, of my letter.

3. CALL UP OF ITALIAN ARMY

There has been no further trouble and very nearly all of the 10,000 men called for in February have already come in. M.M.I.A. only estimated the intake at 6,000, so the Sards are reporting well. The three Provinces

/have been.....

1865

have been visited and trouble is not anticipated.

4. NUORO

NUORO continues to be a centre of lawlessness. Shots were fired at a train earlier this month, as reported previously, and this was followed by the throwing of two bombs at the garages of the Carabinieri and Questore who are making themselves unpopular by their energy in chasing bandits.

5. CAGLIARI PORT

Incidents between sailors and local inhabitants in the Port continue to give trouble to the Public Safety Officer.

A similar letter to this has been addressed to Brigadier LUSH.

*Yours sincerely,
The Secretary*

Brigadier G. R. UPJOHN,
V.P., C.A. Section,
Deputy Chief of Staff,
Headquarters, Allied Commission.

23 GEN 1945

Dear Brig' Up John -

In continuation of my Periodical Letter of the 19th
December 1944 and Monthly Report of the 6th January 1945.

1. MINING

The information that A.P.H.Q. require 100,000 tons of coal a month and not the previous target figure given to us of 50,000 tons a month, has come at a time when we have had unusual unrest in the mines. I consider that we shall have to import miners from the mainland, and import them very quickly, to increase the output, and also take sterner measures with the miners to get continuity of work.

The miners came out on a most unwarranted strike on the 11th of the month though, fortunately, they have all gone back to work and production was resumed on the 17th. One reason given for the strike was that the men had not got the extra two weeks' pay promised by the Italian Government and advertised in the newspapers. No-one had said that it was not to be given but Carbosard were admitting the official decree before issuing the extra bonus. Other reasons were the dismissal of certain employees who were giving trouble coupled with alleged favoritism to Fascists, raising of rents, the non arrival of sugar, black market prices, in fact anything that could be made into a grievance. One man even thought the price of tobacco was a cause of the strike.

Several meetings were held and finally, on the 18th January, at a meeting presided over by the Prefect, all the political parties sent representatives and all condemned the strike. As a result the men were promised their 54th week's pay and a modified adjustment of their rents was agreed to; they returned to work the next day. The mentality that has arisen, possibly as a result of concessions given, can be gauged from the following pointers:

Dear Brig. Upjohn -

In continuation of my Periodical Letter of the 19th
December 1944 and Monthly Report of the 6th January 1945.

1. MINING

The information that A.F.H.Q. require 100,000 tons of coal a month and not the previous target figure given to us of 50,000 tons a month, has come at a time when we have had unusual unrest in the mines. I consider that we shall have to import miners from the mainland, and import them very quickly, to increase the output, and also take sterner measures with the miners to get continuity of work.

The miners came out on a most unwarranted strike on the 11th of the month though, fortunately, they have all gone back to work and production was resumed on the 17th. One reason given for the strike was that the men had not got the extra two weeks' pay promised by the Italian Government and advertised in the newspapers. No-one had said that it was not to be given but Carboneau were awaiting the official decree before issuing the extra bonus. Other reasons were the dismissal of certain employees who were giving trouble coupled with alleged favouritism to Fascists, raising of rents, the non arrival of sugar, black market prices, in fact anything that could be made into a grievance. One man even thought the price of tobacco was a cause of the strike.

Several meetings were held and finally, on the 16th January, at a meeting presided over by the Prefect, all the political parties sent representatives and all condemned the strike. As a result the men were promised their 54th week's pay and a modified adjustment of their rents was agreed to; they returned to work the next day. The mentality that has arisen, possibly as a result of concessions given, can be gauged from the following pointers:

The miners have had the full cost of living bonus and other additions to their pay which more than doubles their original pay. They objected, however, to any increase in the small pre-war rental of 10 Lire a month charged for a room, they even objected to a suggestion that the price of a room should be raised from 10 to 21 Lire per month, but eventually this was accepted. They objected also to an increase in the charge for a hot meal from 5 Lire to 12 Lire which had been made necessary by an increased cost of living.

Firmness may provoke trouble but I think it will be necessary to take firmer action although, if we once start, we must carry through with it even though we have temporary setbacks. A firm line taken over the food reductions recently produced no violent reactions and, as Lt. Col. CHAYTON described it at one of our conferences, it seems to be a case of having a tooth out which may be painful but is better

2. DEMONSTRATIONS AGAINST CALL UP FOR ITALIAN ARMY

There have been two demonstrations in CAGLIARI against the projected call up, on the evenings of the 17th and 18th of January and these are the subject of a special report. The demonstration on the 17th seemed to be a spontaneous affair in front of the offices of the Unione Sarda. Students asked the paper to publish their manifesto of protest and to publish the Armistice terms, this could not be complied with; there was no violence.

On the following day, the 18th, there was an organized demonstration in the Piazza Yena. Only one speech was allowed and the speaker was not unreasonable in his arguments, though outspoken on the subject of the alleged inefficiency of senior Army Officers who, he maintained, were still in command. The Carabinieri kept the crowd moving and adopted sensible precautions, thunder flashes were thrown and unfortunately, Grenades as well. One police agent was killed and there were eleven persons admitted to hospital wounded, there was no firing. The holding of public demonstrations has been forbidden, police patrols arranged and P.W.B. have completed arrangements for fitting up a loud speaker in the Piazza Yena.

3. P.W.B.

The entertainments side of P.W.B. activities has been handed over to the Italian authorities. I see that P.W.B. appear to be withdrawing from ROMS, but as far as SARDINIA is concerned we have had most valuable support from the Radio and Press in our efforts to keep the public properly informed on various measures being taken, such as measures being taken with regard to the collection of grain, olive oil etc. I should, therefore, be very sorry not to have a P.W.B. or Public Relations Officer and hope that provisions can be made for an Officer to remain for as long as possible. He would be most particularly valuable if we had elections.

Before leaving the question of publicity, we had another S.O.S. for more newsprint recently and arranged to send a Press representative by air to NAPLES to get it. At the last moment this functionary had some family trouble and sent his chauffeur over in his place. This enterprising gentleman managed to get a ton of newsprint sent over by aeroplane, and also brought over with him a party of Neapolitan buyers who came to buy sheep, cheese and other Sardinian commodities. I have not yet heard whether they were disillusioned when they found out the real identity of the distinguished member of the Sardinian Press who had invited them to the island.

4. ELECTIONS

0820

Piazza Jona. Only one speech was allowed and the speaker was not unreasonable in his arguments, though outspoken on the subject of the alleged inefficiency of senior Army Officers who, he maintained, were still in command. The Carabinieri kept the crowd moving and adopted sensible precautions, tinny flashes were thrown and unfortunately, grenades as well. One police agent was killed and there were eleven persons admitted to hospital wounded, there was no firing. The holding of public demonstrations has been forbidden, police patrols arranged and P.W.B. have completed arrangements for fitting up a loud speaker in the Piazza Jona.

P.W.B.

The entertainments side of P.W.B. activities has been handed over to the Italian authorities. I see that P.W.B. appear to be withdrawing from Rome, but as far as SARDINIA is concerned we have had most valuable support from the Radio and Press in our efforts to keep the public properly informed on various measures being taken, such as measures being taken with regard to the collection of grain, olive oil etc. I should, therefore, be very sorry not to have a P.W.B. or Public Relations Officer and hope that provisions can be made for an Officer to remain for as long as possible. I have not yet heard whether they were disillusioned when they found out the real identity of the distinguished member of the Sardinian Press who had invited them to the island.

4. ELECTIONS

I am very sorry there was a delay in my answer which has now gone in on this subject, as I hope that it may be possible to allow elections in SARDINIA for the Consiglio Comunale and Consiglio Provinciale, whatever decisions may be taken elsewhere, in about next May.

5. OLIVE OIL

The ROME and NAPLES papers did not report the loan of Allied Officers for olive oil collection quite correctly as they were described

6. PORT OF CAGLIARI

Public Safety Officers have had a continuous series of incidents to deal with and there have been two bad cases of interference with Italian guards on the Port. On one occasion an Italian armed guard in the Port area was injured and his rifle stolen by two sailors, and the Master of the ship seemed to think that the imposition of even a 10/- fine would be doubtful. In another case a drunken steward (whose uniform was mistaken for that of an officer) threatened a Carabinieri guard with a revolver and ordered him not to interfere with the theft of materials from the dock area. Navy Units, both American and British, have been most co-operative in tightening up discipline. The R.A.F., who have very few Police, are going to start mixed patrols of British and Carabinieri, but the absence of authority in the Port has been a problem.

7. WATER

The prayers of the righteous were answered and rain started on Christmas Day and has come in abundance since then. We have also had an unusual amount of snow which considerably interfered with traffic in the CAGLIARI and MURRO areas.

A similar letter has been addressed to Brigadier LUSH.

Yours sincerely
W. R. Upjohn

26 December 1944.

My dear Prime Minister,

My Regional Commissioner in Sardinia has drawn my attention to a difficulty of administration that is arising there by reason of the prolonged absence in Rome of high officials.

I appreciate the desirability of frequent and close liaison between the central government and its representatives in the Island but I suggest that the duration of visits could, in some instances, be curtailed, as frequently officials are absent for periods of upwards of two weeks. You might consider that in some cases Ministers and officials could, with advantage, visit the Island rather than the Sardinian officials should always go to Rome.

I am convinced that much good would be done and the prestige of the Government enhanced by an exchange of visits, as the inhabitants then receive real proof of the interest of the Government in their problems.

Yours sincerely,

/s/ Ellery W. Stone

SECRET

HEADQUARTERS
ARMED COMMISSION
SARDINIA REGION

19th December 1944

REF : DO/HQ/1052

FROM : Colonel J.A.C. PENNYCICK, Regional Commissioner.

Dear Brig. Upjohn -

In continuation of my Periodical Letter of 20th November and
Monthly Report of 6th December.

1. The Prefect of NUORO, Dott. PALAMARO, was shot at last week, a short burst of fire from an automatic weapon being directed against his window. No great harm was done fortunately and the Prefect is unperturbed. The assassin serves to show, however, the turbulence that is close below the surface which A.C. efforts are directed to keep quiet and control. This Prefect is the best administrator we have, and is respected on all sides.
2. Medical Stores. After the visit of Major THOMPSON arrangements have been put in hand for the immediate disposal of all medical stores remaining in our hands. The Italian authorities will take them over and pay for them. The distribution has been worked out equitably and this question will thus be disposed of satisfactorily.
3. Transport. The control organisation "ENAC" is not yet formed and this subject is causing us more trouble than any of the others at the moment. The Docks have got through their work remarkably well after the departure of the 300 American trucks; but assistance has to be given at rush periods, when all sorts of transport, including donkey carts, appear at the ships' side. The Sardinian donkey is extremely diminutive but it pulls a brave load.
4. Parachutists. The American radio transmitting set dropped on 20th November in a new area on the east side of the Island has been examined and has proved to be a meteorological transmitting set. The story of two parachutists disappearing into the woods nearby way, therefore, be discredited. The man captured on the 5th November is the tenth and last of the party known to have been on their way to SARDINIA by enemy plane and parachute.
5. A weekly football match against minesweeper crews is becoming an institution which gives very welcome exercise. We have received a new football, it cost 3,150 Lire and has been much admired. As the centre-forward had Scotch antecedents the price was not revealed until after the kick-off!

23A

Dear Brig Upjohn. 21A

Your 4/15.2/CA of 25th November. I am so sorry my D.O. of 20th November was not clear on the point of Visits to ROME. ALL the Italian Officials mentioned by me go to ROME, each month, as a result of official requests from the Italian Government or, in the case of Engineer BUTTINI, the official request of A.C., H.Q.

I have made it clear at this end that I do not approve of these recurring and prolonged absences but can do nothing to restrain visits which are made as the result of official letters and telegrams from ROME.

This particular month I know has been exceptional for the High Commissioner because of the Sardinian autonomy proposals, but he has been away a fortnight and his absence is making difficulties because the month has also been exceptional with us as a result of the departure of the American Garrison with its Port transport facilities etc.

As regards BUTTINI, he acts as Regional Engineer, as we have no Allied Regional Engineer, and so is summoned each month to the ROME conferences. Unfortunately he does not come back quickly, last month he had a long stay in ROME and this month he has been there three weeks. Someone will soon have to be appointed his deputy and then, I fear, he also will be summoned to ROME in his turn.

Yours truly

Subject : Reduction of Staff
To : Headquarters, Allied Commission

27 November 1944

1 DEC 1944

With reference to your 522/19/608 of 15th November 1944 and further reference to my letter of the above number dated 11th October 1944, para 7 - Date of Reduction. I do not now recommend that reductions should take place before January 1945. In particular with regard to the finance office although every effort is being made to close down and hand over to the Italians, there are delays and in some cases added commitments.

For example, we received instructions to hand over to the Italians all Medical Stores and accounting. SARDINIA has now, however, been excepted from these instructions.

We have a large quantity of stores on charge and the last Medical Officer has been suddenly ordered away from the Region.

As a consequence these stores have to be accounted for and new arrangements for disposal made.

In addition the financing of the coal is not yet cleared up.

Apart from these points there is some additional work in connection with the arrival at Cagliari of new Naval Units.

SUBJECT: Reduction of Staff, Sardegna Region

TO : Regional Commissioner, Sardegna Region, Allied Commission

1. Reference your letter file HQ/1008, dated 11 October 44, Subject: Reduction of Staff, Sardinia Region, your recommendations in this matter are being carefully considered by this Headquarters, and pending such time as more officers are needed for mainland activities, any final reduction in accordance with your recommendations will be delayed.

2. The following comments of each interested subcommission in the Economic Section in regard to your proposed staff reduction should be of interest:

a. Agriculture S/C

Staff reduction agreed to. Italian agricultural agencies have assumed responsibilities and leadership to such a point that the Regional Agricultural Officer was withdrawn approximately one week ago. A food officer could call in local agricultural officials on matters affecting local agriculture.

b. Finance S/C

The remaining Finance Officer in Sardinia Region can be withdrawn sometime in December.

c. Food S/C

Food officers in Sardinia already down to required strength for reduction. One lieutenant colonel -- he should remain.

SUBJECT: Visits to Rome.

My dear

1 Thank you for your letter JACP/DO/130 dated 20 Nov 44, which was as usual extremely interesting.

If I may refer to para 5 (Visits to Rome), I think it would be best if you could restrain, at your end, these tiresome affairs. If you can get particulars of any cases of persons being asked to come to Rome by the Government I shall be happy to take it up with them, but I do not think I can usefully help unless you supply me with ammo of that sort.

Yours

G.R.H.
G.R. UPJOHN, Brig.
VP CA Section,
DCOS AC.

To: Col. J.A.C. Pennycuik,
Regional Commissioner,
Sardinia Region.

580

(4887)

All these officials, and others, also visited ROME last month and wherever I go I keep coming across these absences. At a visit to the Montepioni mines a few days ago I was shown around by the Vice Direttore, the Direttore being "in ROME". I realise fully the necessity for close liaison but these visits seem to occupy too much time each month. Could a hint be dropped to the Italian Government on the subject? If it gets carried much further, officials will be running their offices from ROME.

5. AMISTICE CELEBRATIONS

The Italians had their Armistice Day celebration in CAGLIARI on the 4th November. It was a short ceremony which I attended and wreaths were sent on behalf of the Allied Garrison and the Allied Commission.

On the same day a small party at NUCERO, accompanied by a Priest, took it upon themselves to hold a ceremony in memory of the Germans. They were reproved by the Prefect and the Bishop.

6. TRANSPORT

We have had a visit from Lt.Col. PENNYCROFT who has been investigating transport. I have not seen his report as yet. The departure of the Italian Army makes this question urgent as we have no other reserves.

7. FOOD

I have nothing further to add at the moment. All food stocks have been handed over to the High Commissioner and grain is still coming in well. We are extremely grateful to you and the Food Sub-Commission for the grain ships now in prospect this month.

8. DEATH OF A SAILOR AT CAGLIARI

On the night of 18/19th November a British sailor from one of the ships was accidentally shot and killed in a cafe. A Court of Enquiry is being held but circumstances show that the whole incident was due to an accident.

9. SPORTS

The Italians had their Armistice Day celebration in CAGLIARI on the 4th November. It was a short ceremony which I attended and wreaths were sent on behalf of the Allied Garrison and the Allied Commission.

On the same day a small party at NUORO, accompanied by a Priest, took it upon themselves to hold a ceremony in memory of the Germans. They were reproved by the Prefect and the Bishop.

6. TRANSPORT

We have had a visit from Lt.Col. FERNYHOUGH who has been investigating transport. I have not seen his report as yet. The departure of the Italian Army makes this question urgent as we have no other reserves.

7. FOOD

I have nothing further to add at the moment. All food stocks have been handed over to the High Commissioner and grain is still coming in well. We are extremely grateful to you and the Food Sub-Commission for the grain ships now in prospect this month.

8. DEATH OF A SAILOR AT CAGLIARI

On the night of 18/19th November a British sailor from one of the ships was accidentally shot and killed in a cafe. A Court of Enquiry is being held but circumstances show that the whole incident was due to an accident.

9. SPORTS

As regards the lighter side of life we had a well attended football match between the Italian Airforce and Cagliari City which drew a large crowd. After half-time, when the score was 2 - 1 in favour of Cagliari City a dispute arose with the referee and the Italian Airforce side retired from the field. The crowd that had paid for admission to the ground went away disappointed after some general strife.

A similar report to this has been forwarded to Brig. WOODH. Lusk

Brigadier G. R. UPJOHN,
V.P., C.A. Section,
Deputy Chief of Staff,
Headquarters, Allied Commission.

No, let P. stop them
this end. *specimen*

was coming on a sort of holiday. May I please have a copy of the document.

4. DEMOGRAPHIC INDUSTRIAL SURVEY.

I understand that the field work of the 22 Italian officials is now nearing completion. Lieut. HICKS visited SARDINIA and made a tour of various centres involved, accompanied by an Allied lady interpreter. Transport was supplied by Region VI. We should be interested to have a copy of the statistics obtained in due course.

5. ENEMY AGENTS DROPPED BY PARACHUTE

You will have noticed that the man who escaped, Lieut. R. PISCHEPDA, was run to earth and died after an exchange of shots with a courageous Carabinieri who was himself wounded. There have been no more parachutists so far this month, so we have eight for trial shortly at CRISTANO.

6. P.W.B.

We are very sorry to see that Mr. D'AGOSTINO has left SARDINIA and have to thank him for excellent co-operation from P.W.B. His successor is Signor ENRIETVAS, an Italian subject of Hungarian parentage, and not an Allied Officer. He wears British battle dress without badges of rank. I presume this is authorised?

7. ATTACHED OFFICERS

As a result of the imminent departure of the Allied Garrison of Sardinia we have, temporarily attached to us, Major HILLS, who is arranging transfer of Signals to the Italians, and Capt. MATSON who is arranging transfer of railways. Lieut. WARLEY also came for a couple of days in connection with the functioning of the Port of Cagliari, but this is not yet settled.

We should like to keep Capt. MATSON until the end of November as the railways have rather big ideas on passenger traffic and coal requirements which will need firm handling. It would be of very great assistance if we could also have the loan of a senior and experienced Transport Officer for about two weeks, to help over the establishment of EMAC. If Major GILLES who was in NAPLES should be available he would be most suitable.

5. ENEMY AGENTS DROPTED BY PARACHUTE

You will have noticed that the man who escaped, Lieut. R. PISCHEIDA, was run to earth and died after an exchange of shots with a courageous Carabinieri who was himself wounded. There have been no more parachutists so far this month, so we have eight for trial shortly at CRISTIANO.

6. P.W.B.

We are very sorry to see that Mr. D'AGOSTINO has left SARDINIA and have to thank him for excellent co-operation from P.W.B. His successor is Signor DEWITTAS, an Italian subject of Hungarian parentage, and not an Allied Officer. He wears British battle dress without badges of rank. I presume this is authorized?

7. ATTACHED OFFICERS

As a result of the imminent departure of the Allied Garrison of Sardinia we have, temporarily attached to us, Major HILLS, who is arranging transfer of Signals to the Italians, and Capt. MATSON who is arranging transfer of railways. Lieut. WATLEY also came for a couple of days in connection with the functioning of the Port of Cagliari, but this is not yet settled.

We should like to keep Capt. MATSON until the end of November as the railways have rather big ideas on passenger traffic and coal requirements which will need firm handling. It would be of very great assistance if we could also have the loan of a senior and experienced Transport Officer for about two weeks, to help over the establishment of EMAC. If Major GILES who was in NAPLES should be available he would be most suitable.

8. TRANSFER OF OFFICERS

Major ALEXANDER, our Legal Officer leaves us tomorrow and Capt. KRIEGER, Regional Agriculture Officer, left on the 16th October. Lt. Col. CHAYTON has taken over Agriculture with his other duties. Lieut. SCARLANO also left on the 8th October.

9. PROVINCIAL ITEMS

The Cagliari water supply is still causing great anxiety as the restricted hours were not at first observed fully by the Allied Garrison engineers, and we

This rather unexpected variation on Black Market practice in this island where violence is not far below the surface has resulted in a bomb being thrown near him and some attempt to snipe him at his perched window. The Prefect is asking the Arch Bishop to arrange for an exchange.

Sep
Many thanks for your D/O reports of 16th and 20th August which I have read with great interest. A similar to this is being forwarded to Brigadier LUSH and Brig. Gen. O'DWYER.

Your sincerely
Mac Youngnick

Col. File 179-1/11
Col. Cripps. ~~1/11~~ IN SUSPENSE

When this is brought up at next C.O.S. meeting state we are agreeable in principle but

(a) there should NOT be an official legal officer. The work can competently be done by Lt. Scanlan who is a Civ. Cond. of 2675 Rgt. & who will presumably have to remain. As he only has 15 days to command 70% of his time can be legal. This

has been agreed with the R.C. leaves

(b) If Capt. Wagstaff ~~remains~~ someone else should be appointed to look after Education. It takes up very little of anyone's time.

10. AMERICAN RED CROSS CLOTHING

We have received recently letters of thanks from 10 orphanages and children's institutes for American Red Cross Clothing distributed through Prefects. One of the letters mentioned that the gifts were doubly welcome as, apart from great shortage of clothing, repairs have also become exceedingly difficult.

There is no doubt this distribution of gifts has been very gratefully received and with the approach of winter this Red Cross clothing is a real boon. I would like to send my thanks also to the American Red Cross for their generosity.

Thank you for your letter of 2nd September and your No. 10 of 29th August, and for taking up the question of witnesses in the MARTINI case. A copy of this ~~letter~~ is being addressed to both Brigadier LUSH and Brigadier-General COWPER.

Your truly
W. R. Upjohn
