PRIVILEGES AND FACILITIES ACCORDED THE
SOVIET DELEGATIONS IN ITALY.

For reference in connection with determining what privileges and facilities should be expected for British and US personnel accredited to the Allied Control Commissions in BERGAMO and MILANO, there is presented herewith a summary of information concerning the privileges and facilities accorded to the various Russian delegations in ITALY. The information given applies to the Russian Embassy only to the extent stated.

1. PERSONNEL.

Soviet personnel (not including wives or children) are assigned or attached to the respective delegations in ITALY as follows:

- (a) Allied Commission : 1 Representative, 5 Officer Assistants, 1 Other Rank - Total 7 persons.
- (b) Advisory Council : 1 Representative (temporarily the same as for the AC), 1 Officer Assistant, 8 Civilian Assistants, 10 Other Ranks, Total - 20 persons.
- (c) Military Mission : 1 Representative, 17 Officer Assistants (2 more about to be accredited), 4 Persons and Representation Sub-Commission of AC).
- (d) Embassy : 13 Civilians.

2. FUNCTIONS.

(a) Under directive of the S.A.C. dated 26 January 1944, the Soviet Representative to the Allied Commission is limited to consultative functions, with access to information on all aspects of the Commission's work and with the right to make suggestions to the Deputy President (Chief Commissioner). Under directive of the Combined Chiefs of Staff of 23 September 1944, the staff officers attached to the Soviet representation to the AC are limited to observing the work of the various Sub-Commissions.

(b) In addition to their observational functions, the personnel of the Military Mission to the Displaced Persons and Repatriation Sub-Commission screen Soviet refugees and ex-prisoners of war, visit camps and arrange for repatriation of Soviet nationals.

(c) The Soviet representative on the Advisory Council participates on an equal basis with other representatives in presiding at meetings and in the recommendations formulated by the Council.

(d) It follows from the fact that the function of the Soviet Representative on the Allied Commission is merely consultative, that no procedure is provided to ensure that he will have an opportunity to consult with his government prior to the taking of decisions by the Commission. It is to ensure that he or his staff may know of contemplated decisions before they are taken, except insofar as this occurs through attendance at meetings.

3. ACCESS TO INFORMATION.

It is to ensure that he or his staff may know of contemplated decisions before they are taken, except insofar as this occurs through attendance at meetings.

3. ACCESS TO INFORMATION.(a) Meetings.

The Soviet representative on the Allied Commission attends the Vice President's meetings (attended by heads of sections and sub-commissions) which are presided over by the Deputy President. For these he is permitted to be accompanied by an ADC and an interpreter. In Agenda are circulated for these meetings. Members of the Military Mission attend meetings of the Displaced Persons Sub-Commission when invited to do so in connection with matters affecting Soviet interests. The Staff Officers assigned to the other Sub-Com-

have the privilege of attending Sub-Commission meetings but do not frequently do so. Prior to each meeting of the Advisory Council, an agenda is circulated, but it is not the practice to circulate prior to the meeting papers for consideration.

(b) Documents.

All documentary information relative to the work of the Commission is made available on the initiative of the Commission to the Soviet representative. He and his staff do not see:-

- (1) Un paraphrased copies of cypher messages, and
- (2) Matter which is likely to prejudice relations with the Soviet Government. Top secret matters which it would be inadvisable to show to junior officers is shown only to the Soviet Representative. Soviet officers assigned to Sub-Commission are not permitted to observe the work of Sub-Commissions other than those to which they are assigned. They are, upon request, shown documents at the discretion of the head of their Sub-Commission, but do not frequently avail themselves of this privilege.

All information affecting the Advisory Council that the delegation to it requires is made available to it on request.

(c) Information from Italian Sources.

The extent to which the Soviet members of the various delegations interview personnel of the Italian Government and private Italian citizens is not known. No restrictions are placed upon such interviews.

4. MOVEMENT.

(a) Freedom of Movement.

(1) South of the line ANDRE-SIENNA-PIONBID, members of all Russian delegations have complete freedom of movement within ITALY. Travel orders, whether or not travel is to be by US or British facilities, are obtained through the appropriate Liaison officer. Two such visits have been made north of the line by members of Soviet delegations at Rome during the last six weeks. The Military Liaison has on at least one occasion sent officers into the forward areas without US or British authority.

(2) For travel north of this line, consent of 15th Army Group (Administrative Memorandum No. 55, AFHQ, 8 December 1944 now requires concurrence of AFHQ also) is obtained for Soviet personnel, likewise through the appropriate Liaison officer. Two such visits have been made north of the line by members of Soviet delegations at Rome during the last six weeks. The Military Liaison has on at least one occasion sent officers into the forward areas without US or British authority.

(3) For inter-theatre travel, including that of Soviet diplomatic couriers, authority to travel is obtained by the appropriate British or US Liaison officer at Rome from AFHQ, and travel orders are issued by the Allied Commission. Authority has in every case been obtained, though there have been some delays due to the making of applications at the last minute. Such authority consists of travel orders for use within the theatre, or when US or British facilities are used. No authorization for the exit itself is required for Allied service personnel on duty, or for accredited diplomats and consular officials. (Letter, AFHQ AC 371.2/615 G-2-0, 7 November 1944). As to travel to ITALY from the Soviet Union, an Allied Force Permit for the trip, which may be issued by 30 Military Liaison or the US Military Liaison in Moscow without any consequences, is now

- (1) Unparaphrased copies of cypher messages, and
 - (2) Matter which is likely to prejudice relations with the Soviet Government. Top Secret matters which it would be inadvisable to show to junior officers is shown only to the Soviet Representative. Soviet officers assigned to Sub-Commissions are not permitted to observe the work of Sub-Commissions other than those to which they are assigned. They are, upon request, shown documents at the discretion of the head of their Sub-Commission, but do not frequently avail themselves of this privilege.

(c) Information from Italian Sources.

The extent to which the Soviet members of the various delegations interview personnel of the Italian Government and private Italian citizens is not known. No restrictions are placed upon such interviews.

4. MOVEMENT.

(a) Freedom of Movement.

(1) South of the line ARVNH-SIENH-PTOMBINO, members of all Russian delegations have complete freedom of movement within ITALY. Travel orders, whether or not travel is to be by US or British facilities, are obtained through the appropriate US or British Liaison officer at ROME, and issued by Headquarters Allied Commission.

(2) For travel north of this line, consent of 15th Army Group (Administrative Memorandum No. 55, ARNG, 8 December 1944, now requires concurrence of AFHQ also) is obtained for Soviet personnel, likewise through the appropriate Liaison officer. Two such visits have been made north of the line by members of Soviet delegations at ROME during the last six weeks. The Military Mission has on at least one occasion sent officers into the forward areas without US or British authority.

(3) For inter-theatre travel, including that of Soviet diplomatic couriers, authority to travel is obtained by the appropriate British or US Liaison officer at ROME from AFHQ, and travel orders are issued by HQ Allied Commission. Authority has in every case been obtained, though there have been some delays due to the making of applications at the last minute. Such authority consists of travel orders for use within the theatre, or when US or British facilities are used. No authorization for the exit itself is required for Allied service personnel on duty, or for accredited diplomats and consular officials. (Letter, AFHQ AG 374.2/015 (22-0, 7 November 1944). As to travel to ITALY from the Soviet Union, an Allied Force Permit for the trip, which may be issued by 30 Military Mission or the US Military Mission in MOSCOW without AFHQ concurrence, is now theoretically required, except as to diplomatic and consular officials (Letter AFHQ AG 374.2/015 (22-0, 5 January - August 1945)) but this requirement has not yet actually been enforced.

(4) Entry of Soviet planes into the theatre requires clearance by HQ MAP, which, however, is immediately given as a matter of routine.

(b) Transportation.

(1) Vehicles permanently assigned to the Soviet delegations by U.S. and British authorities are only two in number - one for the delegation to the AC and one for the Military Mission.

(2) The following Russian-owned vehicles are maintained:

Military Mission	4
Delegation to Advisory Council	5
Embassy	1

(3) All of the above vehicles except the Embassy vehicle receive maintenance, motor fuel and lubricants from AG.

(4) The Soviet representative on the AC and the Soviet Military Mission also have the use of vehicles in the AC HQ Commandant's pool.

5. COMMUNICATIONS.(a) Radio.

The Soviet authorities maintain a transmitter in Rome, with which they can communicate directly with MOSCOW. The Soviet delegations can send signals by US or British channels whenever they wish by submitting the subject matter to the Liaison Officer, AC, but have only rarely used this facility.

(b) Courier and Letter Delivery Services.

U.S. and British services are made available through the AC, but the Soviet delegations appear to have little official correspondence. They are also permitted to maintain their own courier services, for communications inside and outside the theatre.

6. SUPPLIES.

(a) Supply for the respective delegations from non-Russian sources is as follows:

(1) Allied Commission :	US rations; NAFTI facilities for all, PX facilities for 2.
(2) Advisory Council :	1/2 British and 1/2 US rations; NAFTI facilities for 10, PX facilities for 3.
(3) Military Mission :	British rations; NAFTI facilities.
(4) Embassy :	Civilian rations from the Italian Government at approximately twice the civilian scale.

(b) The AG has not been requested to import supplies or equipment from the Soviet Union for the delegations. The Soviet authorities ~~have~~ ^{have not} however, made some importations by their own aircraft.

7. PROPAGANDA.(a) Official Facilities Given.

P.W.S. includes Russia in its general propaganda programs covering the United Nations. On occasions the Russians have asked P.W.S. for special

(b) The AG has not been requested to import supplies or equipment from the Soviet Union for the delegations. The Soviet Authorities have, however, made some importations by their own aircraft.

7. PROPAGANDA.

(a) Official Facilities Given.

P.W.B. includes Russia in its general propaganda programs covering the United Nations. On occasions the Russians have asked PWB for special assistance and paper was given them for the publication of pamphlets celebrating the Defence of Stalingrad and Red Army Day. The Russians were also permitted to exhibit in Rome a Red Army Day documentary film. Extracts from the Tass Agency news file were included by PWB in news releases to the Italian newspapers and radio when such releases was under PWB control. Since the admission of private news agencies to Rome, Tass has been permitted to supply its file to the Italian News agency and paper. The Soviet Embassy is allowed to import films for private showings to Italians.

785016

(b) Other Russian Activities.

There is little doubt that the Russians have given support, behind the scenes, to the Communist newspaper, UNITA. The Russians also distributed on one occasion moving pictures to the Italian public through a commercial agency, without previously obtaining permission from Allied authorities.

8. SOVIET INSTALLATIONS OUTSIDE HOME.

- (a) No aircraft or airforce personnel are now maintained in ITALY by the Soviet Union.
- (b) A part of the St. Andrews' Camp, TARANTO, is under Soviet control, for repatriation of ex-POWs.
- (c) One officer is attached to the Allied Repatriation Unit, NAPLES.

9. AMISTICE TERMS.

The privileges and facilities enjoyed by the respective national components of the various Allied Commissions may depend to some extent upon the amistice provisions establishing each Commission. For comparison, these are briefly summarized:-

- (a) The Italian amistice does not name the nations to be represented on the Commission, but simply provides for a Control Commission "representative of the United Nations" and placed the commission "under orders and general directions of the Allied Commander-in-Chief".
- (b) The Roumanian amistice provides for an "Allied Control Commission" which will undertake until the conclusion of the peace the control over the execution of the amistice terms "under the general direction and orders of the Allied (Soviet) High Command, acting on behalf of the Allied powers". The nations to be represented on the Commission are not named, but the fact that the amistice is signed on behalf of the USSR, the United Kingdom and the US implies the representation of all three.
- (c) The Bulgarian amistice expressly provides for the participation of representatives of the United States and the United Kingdom, and further provides that during the whole period of the amistice the representative of the Allied (Soviet) High Command shall be chairman, and that until the cessation of hostilities with GERMANY the Commission will be under the general direction of the Allied (Soviet) High Command.
- (d) The Hungarian amistice contains the same provisions as those described in (c) above.
