SUBJECT : Extraordinary allowance to families of partisans dead in the liberation struggle.

TO : Col. HAVA - Liaison Office unto the Allied Commission
R O M E

The greatest part of the I.M.P.R. has understood provisions concerning the 10,000 and 20,000 lire ~~prizes~~, as per decree nº 421 dated 20 June 1945, in the sense that they should be paid, besides to partisans and their families, also to those having become invalid or having died for political reasons, or in consequence of reprisals.

Such provisions were understood in the same way by the Veterans High Commissioner, who, until the creation of the Ministry of Post-war Assistance, paid such prizes in regions where I.M.P.R. did not exist. This erroneous interpretation was furthermore enforced by decree nº 518 dated 21 August, which, in arts 8 and 9, puts under the same qualification of dead, invalid and disabled persons in consequence of the liberation struggle, both partisans and those who suffered because of political motives or through reprisals.

This Ministry has therefore proposed since long a decree draft which better determines principles of application of decree nº 421 dated 20 June 1945.

Awaiting for such a decree draft to be approved, and in order to provide for the painful situation of many persons as well as to regularise the I.M.P.R.'s action, these latter were authorized, whenever the question was put, to adopt the wider and most favourable interpretation and finally the n. 571/3 part circular, dated 14 Jan. 46 was issued, as per copy here attached.

On its side, the Patriots Office North Italy suspended instead, through its letter n. Pat/131/Tomb. dated 13 Dec. 45 the payment of such ~~prizes~~ to those who were not partisans.

This last provision is still in force within the Udine province, so that the painful fact happens a different

La maggior parte degli I.M.P.R. interpretò le disposizioni relative ai premi di solidarietà nazionale di L.10.000 e 20.000 (D.L.L.20 giugno 1945 n.421)nel senso che gli stessi spettassero, oltre che ai partigiani e alle loro famiglie, anche a coloro che avevano subito mutilazione o morte per motivi politici o per rappresaglia.

La stessa interpretazione fu accolta dall'Alto Commissariato per il Reduce, il quale fino alla costituzione del Ministero dell'Assistenza Post-Bellica provvide al pagamento dei premi nelle regioni in cui mancavano gli I.M.P.R. Detta interpretazione venne poi avvalorata dall'emanazione del D.L.L. 21 agosto n.518, che, agli art.8 e 9, accomuna nella qualifica di caduti, mutilati o invalidi per la lotta di liberazione sia i partigiani e sia coloro che hanno

p.c. ALLA COMMISSIONE INTERNA DELLA S.A.I.B - Roma
ALLA PRESIDENZA DEL CONSIGLIO DEI MINISTRI - Roma
ALLA CONFEDERAZIONE GEN.ITALIANA DEL LAVORO - Roma
ALLA COMMISSIONE ALLEATA - Roma

Il sottoscritto Dott. Enrico Pappagallo, orfano di guerra, patriota, sinistrato e profugo, gia' licenziato da cotesta Societa' nel settembre del 194. per motivi politici espone a V.S. quanto segue:

Nonostante i meriti dello scrivente e i suoi titoli preferenziali che ne garantivano la riassunzione, nonostante un'ordinanza del Comando Alleato mai abrogata che fa obbligo a tutti gli enti di riassumere il proprio personale licenziato per ragioni di indole politica e nonostante le reiterate disposizioni normative emanate dalla Presidenza del Consiglio dei Ministri, cotesta ditta, ha creduto opportuno - e ne ignoro con quale prassi di equita' - di assumere del personale il quale se reduce, (e in tal qualita' si trova su un piede di eguaglianza con il sottoscritto) gode di una, se non solida, almeno rassicurante posizione familiare.

Infatti fra i riassunti si trova un certo Gianni Lazzotti, il quale ha il padre e una casa e una famiglia composta di quattro persone, per tacitar degli altri, mentre lo scrivente e' orfano del padre, caduto durante l'attuale guerra, senz una casa totalmente distrutta a Palermo, senza proventi, senza vestiti e con una pensione che viene liquidata alla propria mamma in ragione di L.2.300 mensili, assolutamente irrisoria ed inadeguata a provvedere ai molteplici bisogni e alle indiscusse esigenze di una famiglia composta di quattro persone.

Inoltre la prassi seguita da cotesta Societa' e' tanto piu' incomprensibile per le seguente ragioni:

1 - in quanto il sottoscritto aveva ricevuto tassative assicurazioni dalla Commissione Interna, che per i suoi meriti personali, altamente apprezzabili e raramente superabili nonche' per le sue disastrose condizioni finanziarie sarebbe stato il primo ad essere riassunto ove una anche graduale e temporanee assunzione di personale, sarebbe stata fatta da cotesta Societa'"
2 - in quanto lo scrivente da oltre un anno e mezzo si e' mantenuto in contatto con la S.A.I.B e con i suoi funzionari, presentando anche regolare domanda di riassunzione, 7682
3 - in quanto il sottoscritto e' a conoscenza che cotesta ditta nel procedere alla recente assunzione di personale non ha tenuto in alcun conto la domanda avanzata dallo scrivente, ne' i suoi meriti, ne'

la sua anzianita' e non ha proceduto al vaglio delle assunzioni con senso di giustizia e di imparzialita'.

Per le ragioni su esposte, e fallito ogni tentativo di risolvere la controversia in via amichevole e conciliativa, il sottoscritto si riserva la facolta' di agire in linea di diritto contro codesta societa', qualora la S.A.I.B dovesse persistere nel suo rifiuto, sanzionando un'assunzione di personale che presenta tutti i crismi della patente violazione di quelli che sono i concetti informatori emanati a piu' riprese dalla Presidenza del Consiglio dei Ministri.

Pertanto ove il sottoscritto non ricevera' entro 5 giorni dalla ricezione della presente una soddisfacente risposta da parte della S.A.I.B. ne interpretera' il silenzio cone rifiuto di adempiere ai suoi obblighi e conseguentemente portera' innanzi alla Magistratura di Roma, la controversia declinando qualsiasi responsabilita' sull'eventuale risarcimento dei danni materiali e morali che lo scrivente e' stato costretto subire dal 1943.

Analogo esposto maggiormente dettagliato sara' inviato alla Commissione Alleata, per le sanzioni previste dall'ordinanza del 4 giugno 1944 sul rifiuto degli Enti di far luogo all'immediata riassunzione del personale licenziato per motivi politici.

Distinti saluti.

Internal Commission of the S.A.I.B. - Rome
Presidency of the Council of Ministers - Rome
General Italian Confederation of Labor - Rome
Allied Commission - Rome

I, the undersigned Doct. Enrico MARGALLO, war orphan, patriot, war damaged and refugee, dismissed from your Company on Sept. 1943 states the following:

Notwithstanding the merits of the undersigned and his special titles which ought to have guaranteed his being restored in his employment, notwithstanding an order of the Allied Headquarters (which was never abrogated) engaging all organizations to take on again personnel dismissed for political reasons, and notwithstanding provisions repeatedly issued by the Presidency of the Council of Ministers, your firm adopted principles whose justice I do not understand, employing veterans who are, as such, on an equal footing with me and besides enjoy of a surer if not comfortable family situation.

In fact, among the new personnel you took on is a man of the name of Gianni LAZZOTTI whose father owns a house and supports a four persons family, while my father died in the present war, my house was totally destroyed at Palermo, I have no income, I am in great need of clothing and my mother has a pension of 2300 Lire a month, i.e. absolutely ridiculous and inadequate for providing to the manifold necessities and the civious needs of a four persons family.

Directives adopted by your Company are even less comprehensible for the following reasons:

1 - I was thoroughly assured by the Internal Commission that, in consideration of the fact that my personal merits were highly appreciated and superior to those of anybody else, and because of my disastrous financial conditions I would have been the first to be re-employed even in the case of a gradual and temporary increase of personnel".

7680

2 - Since more than one year and a half I have keeping myself in contact with the S.A.I.B. and his officials and I also filed a regular demand of re-employment.

3 - I know you took no consideration of my demand , of my merits

Declassified E.O. 12356 Section 3.3/NND No. 785016

for the many years I served you and did not behave according to justice and impartiality.

For the above reasons and in case my attempts to settle the matter through friendly and conciliative means were to fail, I reserve myself the right of legal action against your obstinacy in following a trend which is contrary to provisions issued by the Presidency of the Council of Ministers.

So that, if I were not to receive a satisfactory answer from you within 5 days I will understand that you refuse to fulfil your duties and I will consequently bring the matter before the competent legal authorities, declining all responsibilities connected with repair of moral and physical damages I have been suffering since 1943.

A similar note I am sending to the Allied Commission to invoke sanctions promulgated by Order 4 June 44 against organizations refusing to provide for employment of personnel dismissed on political grounds.

Your letters 114/Mil dated 19th Feb. and 527/Mil dated 16 April are acknowledged. It is regretted that your earlier letter was not acknowledged but it was understood that the subject matter had been discussed between Ten. Col. CANO and Col. FAVA, Liaison Officer.

Patriots Branch of this HQ. has not at any time been concerned with the award of American decorations to partisans and has no information whatsoever on the matter. The matter was dealt with by the military authorities in the field.

Some time ago the Italian press carried information that some partisans had received "Bronze Stars" or were to receive "Bronze Stars" from the Fifth Army but it is not known if these press reports were accurate.

Col. FAVA will be asked to discuss the matter further with Ten. Col. CANO when he returns from Milan probably early next week.

SUBJECT : American decorations

There has been so far no delivery of the American awards "Bronze Stars" which, according to your Command, should be granted to some partisans of Piemonte Region. Would you please inform us whether such awards were in fact granted and have not yet been distributed (and, in that case, where can they be collected from) or if it is only a question of proposals which have not been followed up.

R O M E

(Ref. note n. 3005 of 26 Febr. 1946)

SUBJECT : Partisans called to arms with the 1924 class (2nd and 3rd four months periods)

I

With reference to what was stated by the above note, we have decided

a) to consider valid in place of documents prescribed by n. V of letter a of circ. 15 G.M. of this year (postponement of call on demand to a term to be fixed) a provisional declaration to be released by the competent provincial representative of partisans, based on the documents in his possession and on files of CVL and AMPI winding up offices, to partisans asking for it and resulting having served for not less than six continuous months in the partisan armed forces, the GAP included, or having been wounded or disabled during fighting actions or as a consequence of partisan activity accomplished by them.

Such declarations may also be released by the president of the competent regional commission, on the basis of elements similar to the above mentioned ones;

b) not to accept the request of extending the benefit of postponement of call to a term to be fixed, to partisans having served during less than six continuous months in permanent unities;

c) to postpone call of partisans having served even less than six months as above, provided that the quota for each district is going to show and excess of called forces;

Such provisions have been transmitted to all the military districts through circ. n. 12017/R/1 of 8 March 1946.

II

7669

This exceptional provision promulgated by the said circular has an absolutely transitory character, so that the position

0036

of young people concerned should be immediately regulated, so that they may be in possession of the partisan certificate and of the declaration from the regional commission as per the above mentioned n. V letter a) of circ. n. 13 M.G. of this year.

OGGETTO: Contributo dei rappresentanti militari nella valutazione dell'attività svolta dai partigiani.

Si porta a conoscenza delle Commissioni in indirizzo che nell'assolvere il loro incarico, di cui al D.L.L. n.518 in data 21 agosto 1945 -oltre a chiedere notizie agli Uffici Stralcio del Comando Generale e dei Comandi Regionali del C.V.L., all'A.N.P.I., ai sindaci locali e a tutti gli enti e persone in grado di fornire dati sicuri- possono molto opportunamente giovarsi delle informazioni e delle pratiche già istruite dai rappresentanti militari regionali e provinciali.

Al riguardo si fa presente che:

- gli uffici dei rappresentanti militari si sono costituiti fin dal luglio u.s. ed hanno raccolto subito sul posto (in base agli ordini loro impartiti con circolare n.36/Pat in data 18 maggio 1945 dell'Allied Commission Patriots Branch) tutti i dati utili riguardanti l'attività partigiana, dati che successivamente hanno avuto tempo e modo di completare e perfezionare nell'istruire le pratiche per il riconoscimento dell'attività partigiana delle unità e dei singoli;

- molti dei suddetti ufficiali, successivamente, si sono valsi di apposite commissioni di vaglio (costituite di massima da un rappresentante del C.L.N., un rappresentante dell'A.N.P.I. e un rappresentante degli uffici di cui trattasi) che hanno svolto opera scrupolosa e di molta attendibilità per valutare l'attività svolta dai partigiani.

SUBJECT : Matter of Butarelli, Vincenzo

TO : Chief Commissioner, Allied Commission
Att.: Civil Affairs Branch (Patriots Sub-Commission),
APO 394, US Army

1. Italian civilian inhabitant BUTARELLI, Vincenzo, in Sept 45 intimated a claim to this office based on the following described situation.

2. Butarelli asserted that on 3 Sept 44 he joined in the capacity of a volunteer rifleman the 362nd Inf Regt of the 91st Inf Div (US) attached to the Anti-tank Co. He claimed he remained with that organization from that date to 7 Aug 45 participating with it in the North Appenines and Po Valley campaigns and being wounded.

3. He appeared at this office wearing a full regulation US uniform including combat boots and jacket with 91st Div patch, etc. but without other US insignia. He presented a cy of a mimeographed organization newspaper mentioning him and his exploits, and various standard US Medical Dept tags and documents indicating that on 19 Apr 45 at 2250 hours he was wounded by enemy fire near Castel Nuova, treated by the 1st Bn Aid Station, transported by Coll.Co B, 316th Med Bn, hospitalized by 8th Evac Hosp and transferred to an Italian Hospital.

4. It was apparent from the situation that this man was not a member of US Forces but probably a partisan volunteer fighting alongside US Forces.

5. Telephone inquiry was made by this office of the then Patriots Sub-Commission. The undersigned was advised that this man's service as a partisan would be recognized and accorded credit by the Italian Government (with consequent disability pension and the like) if a statement were forthcoming from this office certifying he had served with the US Forces and had been wounded in the course of such service.

6. Accordingly, this office initiated correspondence with the 91st Div which at that time had returned to the United States. Advice has been

received from the 91st Div from which it is concluded:

a. That Butarelli, Vincenzo, served as a volunteer partisan rifleman and scout against the German enemy, accompanying the 91st US Div and serving at various times with the 362 and/or 363 Inf Regts of that Div.

b. That he was wounded by enemy fire in the course of such service on or about 19 Apr 45 near Castel Nuova, treated by various US Army Medical Units and ultimately evacuated to an Italian civilian hospital.

c. That he was not a US soldier and was at no time enlisted in or connected with the US Army. He was and is not an American citizen. He was an Italian partisan volunteer.

7. It is therefore, requested that you take such action as may be necessary on his behalf with the appropriate Italian authorities to the end that this no longer young man may receive such recognition and compensation from the Italian Government as he may be entitled to.

8. This man has given this office to understand that he has previously made application to various agencies of the Italian Government, but has been refused recognition on the ground that recognition of and compensation for his service is an American responsibility.

9. This office has found that he has no valid claim against US Forces but has a valid claim for recognition by and such compensation from the Italian Government for his service as a partisan and for the consequent injuries or disability suffered, as Italian law may provide.

10. It is requested that this office be advised of action taken.

Mrs. Teresa PRATI wishes to inform the Allied Commission of the following:

Part of her property, consisting of a radio set and a bycicle, having been requisitioned by the C.L.N. of Albenga (Savona Province), she applied to A.M.G. of Savona in order to obtain the return of her property. The A.M.G. authorities of Savona took the matter up and wrote to the Sindaco of Albenga a letter, copy of which is enclosed, stating that the requisition was an illegal one and claiming the return of the radio set and the bycicle.

in

In spite of said letter, the lady/question was informed that since at the time the requisition took place the C.L.N. was invested with the power to deliberate, said requisition had to be considered as legal and the person concerned could not be given her property back.

Since the C.L.N. refused to carry out an order issued by A.M.G. Authorities, Mrs. PRATI begs the Allied Commission to take the matter up and to get in touch with the C.L.N. of Albenga in order that she may be given her property back.

1° - VISITS TO THE PROVINCIAL IMPRs

I have visited the Patriots Offices of Sondrio, Pavia, Brescia, Bergamo, Varese and I have given directives and advices as to the work to be still done.

At Brescia on December 29 a military review of the Battaglione Mobile P.S., made of Partisans, was held, at the presence of all the Allied and Italian military and politics Authorities. This formation has been much praised under all points of view.

On the other days at the provincial Patriots Offices.

The I.M.P.L.'s A.N.P.I. and C.V.L. are in touch with the Labour Chamber and are actively working towards the solutions of this problem.

6°- BONUSES

The payment of bonuses to wounded and to the families of deceased Patriots is being continued. Generally resented is the temporary cessation of the payment of L. 5.000,= pending recognition by the Regional Committee.
It is advisable to resume such payments as soon as possible in order to avoid widespreading discontent among patriots.
It is necessary that the committee give priority to the examination of such cases that so far have not yet been paid any bonus.

7°- ASSISTANCE

Arrangements are being made by the Ministry for P.W.A. for the distribution of gifts to the needy Patriots' children.
Patriots while staying at hospitals are being granted L. 50,= daily, while L. 30,= daily are

My son, Lt. BAZZI Falco born 1921 presented with a bronze metal to the Military valour at front, died on the 16th March 1944, whilst, with the 14th. Repart Cavalleggeri Guide, he was on duty, with the 5th. Army, at Cassino Zone.

The beloved body was buried at "Tacitara, S. Elia Fiumerapido (Frosinone) Commune, at the Cemetery called "of the Indians", where, till a few days ago, some other bodies of the Allied Forces were buried.- The latters provided, with great affectionate care, to remove them and give them an esteemed and deserving sepulture.- Therefore, my dear son, the only Italian militar buried with them, has been left there abandoned and alone.

In addition of my deepest grief for the irreparable loss, I have now the torment to know that the body is forgotten and the great disappointment for my being unable to have my son buried in the country where he born. The undersigned is a poor, private clark, and, therefore, applies to your Command, asking to allow him, with kind urgence, a Camion to reach the Cassino Zone with his family to take his dear son so that he can have a honoured and worthy sepulture here before the bad weather prevent it. The writer is convinced not to ask a privilege for himself and his son, but a fair possibility to eliminate a mortifying condition of inferiority for his beloved son; therefore, he feels sure that your Command, who has not forgot his deads, with be good enough in considering his request.

AL CAPO DELLA MISSIONE ALLEATA PRESSO IL GOVERNO DELL'ASSISTENZA POST-BELLICA - MILANO
AGLI ALTI COMMISSARI PER LA SICILIA E LA SARDEGNA.-

Oggetto : Sussidio temporaneo ai reduci disoccupati bisognosi.-

Con la circolare telegrafica No. 983/6 del 12 settembre 1945, sono state impartite le prime disposizioni relative alla assistenza, mediante assegni continuativi, dei reduci di guerra, partigiani e deportati civili disoccupati ed in condizioni di bisogno, da corrispondersi con decorrenza dal 15 Settembre 1945.

In seguito tali categorie saranno per brevità indicate in queste istruzioni con l'unica denominazione di "reduce".

- II - 7596

Le qualifiche suddette dovranno essere comprovate:

a) quella di partigiano combattente, in attesa della decisione della speciale commissione di cui al D.L.L. 21 Agosto 1945 No. 518, mediante un certificato a rilasciarsi dall'ANPI in base ai dati forniti dall'interessato con apposita dichiarazione da lui stesso sottoscritta.

b) quella di militare e di reduce dalla prigionia, rispettivamente, mediante foglio di congedo e il foglio dalla licenza di rimpatrio della durata di due mesi.
c) quella di deportato civile, mediante un certificato rilasciato dal sindaco del Comune di residenza.

- III -

Per avere diritto al sussidio deve verificarsi il concorso simultaneo delle due seguenti condizioni:

a) che il reduce sia disoccupato involontariamente per mancanza di lavoro, anche se si tratti di disoccupazione stagionale o di sosta.
b) che versi in stato di bisogno.

- IV -

Lo stato di disoccupazione si verifica con la mancanza di lavoro per otto giorni continuativi e si può stabilire anche indipendentemente dalla iscrizione nelle liste dei disoccupati.
Tuttavia presupposto necessario per continuare a godere del sussidio è la iscrizione presso l'Ufficio di Collocamento al lavoro. Infatti, poichè la concessione del sussidio non è fine a se stessa occorre che il reduce sia quanto prima possibile avviato al lavoro; e tanto maggiori saranno le probabilità che si rioccupino, quanto più presto sarà iscritto nelle liste dei disoccupati dell'Ufficio di Collocamento.

- V -

Lo stato di bisogno si verifica anche quando, considerate le reali condizioni economiche del reduce in rapporto alle attuali contingenze, alla impossibilità di questi ad adempiere agli obblighi di legge, se ne ritragga il convincimento che con le sue ordinarie entrate egli non possa provvedere alle esigenze più elementari della vita.
Nella valutazione dello stato di bisogno si dovrà tener conto se qualcuno dei membri della famiglia sia occupato ed in grado di contribuire al mantenimento della medesima.

- VI -

Il sussidio è stabilito nella misura di L. 20 giornaliere per € 117595
ce.
E' peraltro integrato:
a) con L. 14 giornaliere per ogni figlio di età inferiore agli anni 15, purchè sono lui conviventi;
b) con L. 17 giornaliere per la moglie e per ogni figlio dai 15 ai 18 anni purchè sono lui conviventi a suo carico e disoccupati.

./.

0150.

Declassified E.O. 12356 Section 3.3/NND No. 735016

- VII -

Il sussidio ha decorrenza dalla data in cui si è compiuto il periodo di 8 giorni necessario, ai sensi del precedente punto IV, per stabilire lo stato di disoccupazione.

- VIII -

La concessione del sussidio è stata disposta allo scopo di concorrere ad assicurare al reduce i mezzi per sopperire alle più elementari esigenze per i primi 90 giorni dal suo rientro nella vita civile.
Ne consegue che, in ogni caso, il sussidio non potrà essere corrisposto per un periodo maggiore di 90 giorni continuativi computabili dal giorno del rientro nella vita civile.

- IX -

Data del rientro nella vita civile è da considerarsi:

a) per i partigiani, quella del loro collocamento in congedo, il quale deve considerarsi avvenuto per tutti alla data 7 giugno 1945, tranne che essi alla data suddetta non fossero ricoverati in luoghi di cura, sempre che non ricorra la ipotesi contemplata nella successiva lettera c);

b) per i militari, quella del loro collocamento in congedo quale risulterà dal foglio di congedo; in difetto di tale documento, la data sotto la quale risulteranno inviati in licenza illimitata in attesa di congedoovvero in licenza di rimpatrio.

c) Partigiani e i militari invalidi o mutilati, quella dell'assegnazione definitiva a categoria di pensioni per postumi permanenti, quella di missione dal centro o campo di raccolta, e del luogo di cura.

In ogni caso, per tutti coloro che siano ritornati alla vita civile anteriormente al 15 settembre 1945 il periodo di 90 giorni, di cui al punto VIII, decorre da tale data.

- X -

Per essere ammesso al godimento del sussidio l'interessato dovrà produrre domanda in carta libera all'E.C.A. allegandovi:

a) certificato dell'Ufficio di Collocamento al Lavoro, nella cui giurisdizione territoriale risiede il reduce, qualora vi risulti già iscritto nelle liste disoccupati;

b) uno dei documenti elencati al precedente punto II, comprovante la qualifica;

c) stato di famiglia;

d) tutti quegli altri documenti che potranno essere richiesti dall'E.C.A. per facilitare la concessione del sussidio.

Declassified E.O. 12356 Section 3.3/NND No. 73014

Il sussidio sarà corrisposto a quindicina posticipata.
Il sussidio sarà sospeso quando il reduce abbia trovato lavoro o quando nonostante lo stato di disoccupazione del reduce, anche una sola persona della sua famiglia o fra quelle tenute per legge agli alimenti, venga a disporre di redditi tali da assicurare gli alimenti al reduce ed alla sua famiglia.
Sarà invece, ridotto alle corrispondenti quote integrative quando i redditisuddetti non siano sufficienti al sostentamento del reduce e di tutta la famiglia ma bastino solamente ai bisogni di chi li produce.
Cesserà senz'altro quando il reduce:

a) abbia rifiutato il collocamento al lavoro;
b) non si sia presentato al lavoro e lo abbia abbandonato senza giustificato motivo.
c) sia stato licenziato in tronco per giusta causa.

Organo erogatore del sussidio è l'Ente Comunale di Assistenza del comune di residenza del reduce.
L'Ente vi provvede senza alcun aggravio del suo bilancio a mezzo dei suoi ordinari uffici di amministrazione, di contabilità e di tesoreria a mezzo di apposito fondi che saranno assegnati dalla Prefettura su quelli messi a disposizione da questo Ministero sul proprio bilancio.
Trattasi infatti di una attività che, pure finanziata in modo speciale e contabilmente autonoma, rientra nella competenza dell'E.C.A. quale risulta dall'art. 1 della Legge istitutiva 3 giugno 1937, No. 847 e che, quantunque rivolta ad una determinata categoria di cittadini, può e deve considerarsi come un servizio di istituto proprio dell'E.C.A. medesimo.
Pertanto la compilazione degli elenchi dei reduci ai fini dell'assistenza, l'accertamento delle condizioni richieste, l'ammissione, l'esclusione la riduzione, la sospensione e la cessazione del sussidio, sono deferite al Comitato Amministrativo dell'Ente Comunale di Assistenza che, sotto l'ordinario controllo della Prefettura, vi provvede con la collaborazione di membri aggiunti, delegati delle locali associazioni di categoria costituite fra mutilati ed invalidi di guerra, partigiani, reduci di guerra e dalle prigionia di guerra, in ragione di uno per ogni associazione.

7593

L'E.C.A. riesaminerà mensilmente la posizione dei singoli percipienti al fine di stabilire se permangano le condizioni per la concessione; esso e pertanto dovrà continuamente tenersi in contatto con l'Ufficio di Collocamento al lavoro ed assumere le necessarie informazioni per venire sollecitamente a conoscenza di tutti quegli altri elementi che possono

./.

0152

Declassified E.O. 12356 Section 3.3/NND No. 735016

determinare la sospensione, la riduzione o la cessazione del sussidio. Allo stesso fine l'E.C.A. esporrà al pubblico, in modo chiaro e palese, l'elenco dei sussidiati nella quindicina con l'indicazione, a fianco di ciascun di essi, della decorrenza degli assegni, dell'ammontare complessivo dei sussidi concessi dalla data del rientro nella vita civile, del numero delle giornate sussidiate a valere nel periodo dei 90 giorni del rientro.

- XIV -

Nei termini di legge è ammesso ricorso al Prefetto contro le decisioni del Comitato Amministrativo dell'E.C.A. ed a questo Ministero il ricorso avverso il provvedimento del Prefetto.

- XV -

Il sussidio non è cumulabile, con assegni, emolumenti e sussidi a carattere continuativo corrisposti a carico dello Stato degli Enti locali e degli Istituti di Previdenza Sociale, per il periodo corrispondente a quello in cui esso viene erogato da questo Ministero.
Non sono, in ogni caso, da considerarsi tali gli assegni arretrati a qualunque titolo corrisposti dalle Amministrazioni militari e le competenze di smobilitazione spettanti ai partigiani.
Allo scopo gli E.C.A. dovranno invigilare a che la stessa persona non venga assistita da più Enti a ragione delle diverso qualifiche (partigiano, reduce, prigioniero, profugo, sinistrato, deportato, ecc.) cui essa può aver diritto.

- XVI -

Presso le Prefetture e presso gli Enti Comunali di Assistenza ed i rispettivi tesorieri, la gestione e la contabilità dei fondi debbono essere separate e distinte da tutte quelle degli altri servizi fermo restando per quanto concerne l'Amministrazione e la vigilanza, le norme stabilite dalla riportata legge istitutiva e dai regolamenti, amministrativo e contabile, sulle istituzioni pubbliche di assistenza e beneficenza.
Per l'accreditamento alle Prefetture da parte di questo Ministero dei fondi destinati alla assistenza in parola e per l'assegnazione agli E.C.A. saranno seguite le norme in vigore per l'accreditamento e l'assegnazione dei fondi destinati dal Ministero dell'Interno alla integrazione dei bilanci degli Enti medesimi.
Pertanto, nei rendiconti, da compilarsi sui modelli 27 C.S. con la intestazione "assistenza ai reduci" saranno messi in evidenza:

a) gli accreditamenti;
b) le somme erogate dalle Prefetture con ordinativi di pagamento intestati agli E.C.A.;
c) la rimanenza degli accreditamenti.

./.

7592

0153.

Declassified E.O. 12356 Section 3.3/NND No. 73016

Ciascun rendiconto deve essere numerato e corredato dalle bollette di quietanza staccate dal bollettario dell'E.C.A. e firmate dal tesoriere, nonchè dal Decreto Prefettizio di riparto fra gli E.C.A. della Provincia delle somme assegnate dal Ministero.
Sui pagamenti disposti dalla Prefettura agli E.C.A. grava la ritenuta per tassa di bollo e pertanto a corredo del rendiconto deve procurarsi la quietanza di Tesoreria relative alla stessa.
Mensilmente le Prefetture comunicheranno a questo Ministero il numero degli assistiti distinti per categorie, secondo il punto I delle presenti istruzioni, e l'importo dei sussidi erogati distinguendo le quote corrisposte ai reduci dalle quelle corrisposte per le persone di famiglia.

-**-

Con queste particolare forma di assistenza, intesa ad assicurare ai reduci un segno tangibile e confortativo dell'interessamento del Governo all'atto del loro ritorno alla vita civile, interessamento che, peraltro, trova un limite insuperabile nelle esigenze del bilancio, i reduci stessi sono sottratti alla ordinaria attività degli Enti Comunali di Assistenza per quanto questi operino a favore dei bisognosi in genere e nelle forme di assistenza generica stabilite per alleviare i disagi inerenti all'attuale situazione economica del Paese.
E' superfluo aggiungere che ci confida, invece nell'interessamento delle S.S.L. e dei Comitati Amministrativi degli E.C.A. perchè i reduci siano oggetto di ogni particolare premura e non vengano esclusi da quelle speciali forme di assistenza (colonie, soggiorni, ecc.) normalmente lasciate alle iniziative locali, o che, in via eccezionale, risultino necessarie per integrare l'assegno assistenziale corrisposto dallo Stato.
La presente circolare viene diramata d'intesa con Ministero dell'Interno e su di essa si richiama la particolare attenzione delle SS. LL. pregandole di far conoscere con urgenza l'ammontare della somma ritenuta necessaria per corrispondere il sussidio in parola fino al 31 dicembre corrente anno, qualora non lo abbiano già fatto.
Sarà inoltre gradito un cenno telegrafico di intesa e di assicurazione.

SUBJECT: Status of Partisans

TO : HQ Allied Commission, APO 394
(Attn. Civil Affairs Section)

1. Nearly two months I directed some inquiries to the High Commissioner for Sicily. Thus far no reply has been received. Perhaps it is now too late for this matter to be of good interest to Allied Commission, but at the time I raised the questions I regarded them as very important. For your information and for any use you may wish to make of them, I am setting them out below:

a How can a real Partisan be distinguished from a person who merely pretends to be one?
b Is it a fact that documents can be obtained by purchase that would indicate that a person is a Partisan?
c Is it a fact people are actually being employed simply because they are believed to be Partisans in spite of the fact that their services are not really needed and they may have no real qualifications for the employment?
d Is there not a danger that a new class of privileged persons may be created and paid for little or no work at all solely because they have, or are believed to have, once aided their country, as in the case of the "March on Rome" fascists who lived at public expense for nearly twenty years?
e If it is a fact that the danger just referred to exists, would you be willing to state how you believe the danger can be avoided?

2. I pointed out to the High Commissioner and I repeat herein that no one admires more than I the courageous Partisans who so bravely fought the Nazi-Fascists in the North. The more I admire the genuine the greater my scorn for the imitations. Furthermore I am inclined to think that persons who really served their country so courageously as did the Partisans will not be coming now to request compensation for such services. I am sorry not to have received the comments of the High Commissioner on the points raised.

A. PLYWOOD

This commodity is still in short supply and the demands of the Services are heavy to meet the needs of redeployment programs, etc.

It is understood that the Services are interested only in plywood of 6mm thickness and above, therefore, it may be assumed that quantities of plywood less than 6mm in thickness will be made available for essential civilian needs.

In future, all demands for plywood are to be carefully scrutinized and are to be submitted in square metres stating millimetre thickness required.

B. LUMBER

The question of the availability of lumber to meet essential civilian needs is at present under review etc, in spite of the new clearing order which has been applied to certain areas in Northern Italy, detailed information as to the position will be issued by Materials Division, Commerce Subcommission, in the near future.

SUBJECT: Applications for Employment in the State Department as Foreign Service Officers.

TO : All Concerned.

1. This headquarters has received from the War Department application forms for employment in the State Department as Foreign Service Officers, available to all members of this command.

2. Foreign Service Officers comprise counselors of embassy or legation, diplomatic secretaries, consul generals, consuls and vice-consuls. All of these positions generally start with a minimum salary of $2500.00 per year, but may be waived in exceptional circumstances up to $3400.00. These positions are available to all members of the armed forces, both officer and enlisted personnel providing they meet the qualifications set forth below:

a. Educational - An applicant must have received a bachelor or other equivalent degree from a college or university accredited by recognized national or regional accrediting agencies, or, if his college course in such a college or university was interrupted by his entrance into the armed forces, must have completed approximately three-fourths of the course required for a bachelor or other equivalent degree.

3. The agency to receive declarations of availability of captured civilian material to be made available to AC/AIC by Armies, Base Sections or Districts in the Field, or by controlling services of AFHQ will be the Milan Office of the War Materials Disposal Subcommission.

4. a. The ownership of materials which are determined to be of Italian origin within the meaning of sub-section (1) to paragraph 9k of the AFHQ Directive above referred to and to which title had not passed to the Germans shall be determined by War Materials Disposal Subcommission with the assistance of a claims board set up by that Subcommission consisting of Italian personnel selected with the agreement of the North Italy Industrial Council and the Italian Government. The War Materials Disposal Subcommission will make the necessary releases of these materials to the owners under financial arrangements to be made where necessary with the advice of Finance Subcommission. The Finance Subcommission will designate for this purpose an officer in the Northern Area to give such advice as may be required from time to time.

b. Material of Italian origin, title to which had not passed to the Germans and the ownership of which cannot be determined, will be disposed of in the same manner as all other materials handed over to AC/AIC under the terms of the Directive.

7572

5. All materials made available to AC/AIC other than those referred to in 4a will be disposed of as provided below. The War Materials Disposal Subcommission is constituted as the authority to issue releases of such materials to the Italian Government represented by the North Italy Industrial Council (NITIC), which is hereby authorized to make suballocations necessary to enable firms and individuals to withdraw the materials in question from controlling services. These releases will contain all the information appearing on the declaration of availability called for in paragraph 7 below.

6. When materials are designated by the NITIC for distribution in Italian Government territory, the Italian Government will issue the necessary instructions through the President of the NITIC for suballocation to such firms and individuals as may be situated outside territory under AMG control.

7. The Milan office of the War Materials Disposal Subcommission will circularize the appropriate services under the Commanding Generals of 5th Army, PBS and the No. 1, No. 2 and No. 3 Districts requesting that declarations of availability of captured civilian materials to AC/AIC be issued in triplicate and in such form as to show the exact location and description of the goods, including quantities, types, condition, packing, state of readiness for shipment, origin (Italian, German or other, or, if unknown, a statement to that effect), and the designation of the unit having physical

control thereof. Whenever possible, declarations of availability of captured civilian materials should be accompanied by existing documents, such as bills of lading, invoices, or evidence of sale or any record from which prior valuation of the goods might be ascertained. The Milan office of the War Materials Disposal Subcommission will likewise circularize sample copies of the form of the release which it will issue in the name of AC/ASC with the appropriate Subcommission endorsement so that the form may be readily recognizable by units expected to be called upon to honor requisitions made under such releases.

9. The War Materials Disposal Subcommission will channel all releases covering industrial plant, machinery and equipment, semi-fabricated goods and raw material, in triplicate, to the Milan office of Industry Subcommission, which will submit a copy of the same to the MMIC for consideration thereby according to the terms of paragraphs 3a (4) (5) and b (1) of the Directive of this HQ of 9 July '45. A second copy bearing the endorsement of the Industry Subcommission will be forwarded to the controlling service when the program of distribution submitted by the MMIC has been approved thereby.

A second copy bearing the endorsement of the Commerce Sub-commission will be forwarded to the controlling service when the program of distribution submitted by the MMIC has been approved thereby.

10. The Milan offices of Industry and Commerce Subcommissions, upon transmitting such releases to the MMIC, will obtain from the latter Receiving Reports in triplicate covering the goods, to be signed by the President of the MMIC or by his delegate on behalf of the Italian Government. These Receiving Reports, in the form attached hereto, will contain all the information called for in paragraph 7 above and will be transmitted to the War Materials Disposal Subcommission. Two copies of the Receiving Report will be transmitted by the War Materials Disposal Subcommission to the Chief Accountant, Finance Subcommission, as evidence of the assumption of obligation of the Italian Government for the value of the materials and will be accompanied by such evidence of prior valuation as may have been obtained from the controlling service. The Chief Accountant will later transmit to the Italian Government one copy of the Receiving Report with request that the Italian Government certify the price at which such materials have been released for sale by the MMIC, or the full value thereof, in the event of other disposition. Any adjustments which may be required in such Receiving Reports due to non-delivery of materials released shall be submitted subsequently by

The Chief Accountant will later transmit to the Italian Government one copy of the Receiving Report with request that the Italian Government certify the price at which such materials have been released for sale by the MLLC, or the fair value thereof, in the event of other disposition. Any adjustments which may be required in such Receiving Reports due to non-delivery of materials released shall be submitted subsequently by the MLLC to the War Materials Disposal Subcommission, which will investigate, where necessary, the justification for such adjustment and transmit its findings to the officer designated by Finance Subcommission in the Northern Area for that purpose.

GENERAL

1. Production of Leather Belting. For a period of 6 months the production of leather belting to meet the urgent requirements of the Services has been largely inadequate. In order to rectify this situation, arrangements are being made in Northern Italy whereby Forward Offices of Industry and Commerce are being requested to do all that they can to increase production and take the necessary steps to freeze all available stocks of this important commodity. It is requested that all Commerce officers in the field maintain the closest liaison with the forward representatives of AFHQ in order that every effort can be made to uncover fresh stocks of belting for allocation by the appropriate committee of AMLR(E).

Declassified E.O. 12356 Section 3.3/NND No. 782018

2. Controlled Materials. It is anticipated that, in the near future, there will be a further reduction in the list of AFHQ(I)B controlled materials. It should be carefully noted that this is only a pre-notification and is NOT, repeat NOT, to be taken as an authority for amending in any way the latest list of controlled materials as issued with the June supplement of the AC Manual on Materials. Full notification as to when appropriate action can be taken will be forwarded to you in due course.

3. Additional amendment. TIRES & TUBES.

Section IX page 20 para. 2. Add the following: The distribution of tires and tubes has now been delegated to the Italian Government to meet the requests for tires and tubes from the territory under it's direct control, including the regions recently returned to it. Civilian applicants will, therefore, place their demands with their local Ufficio Provinciale dell' Industria e del Commercio.

Instructions have been given to the Italian Government to hold apart a given number of automobile tires and tubes to meet requests from Diplomatic Corps, Consular Services, the Vatican, and Agencies depending thereon. Such applicants, therefore, should be instructed to channel their requests through the Ufficio di Cerimonia del Ministero degli Affari Esteri.

JUNE 1945

Cement: See Appendix A attached.

De-controlling of Materials. As a result of recommendations made by the Engineering Materials Committee of AFLR(I)B and subsequent ratification by the Board, all but five articles have been removed from the list of materials controlled by the Engineering Materials Committee. Certain of the materials de-controlled by AFLR(I)B have been transferred to the control of the Italian Ministry of Industry and Commerce. In order to simplify the present position regarding controlled materials, a revised edition of the whole of Section III in the Manual on Materials is attached as Appendix B for inclusion in your copy of the Manual.

GENERAL

1. Information has been received by the Materials Division of Commerce Subcommission to the effect that the production of pyrites is likely to improve very considerably in the near future. Regions which are interested in this commodity will be supplied with further details

2. Chambers of Commerce, Industry and Agriculture and Provincial Offices of Industry and Commerce. 7566

Your attention is again drawn to the increasing importance of the information contained in Section X of the Manual on Materials. It will be appreciated that, with the anticipated rapid turnover of Northern territory in Italy to the Italian Government, it is imperative that adequate machinery be set up as soon as possible in order that the Government can assume proper control over the economic life which will shortly be coming under its jurisdiction. This is particularly important in the light of the revised list of materials which are to be controlled by the Italian Ministry through the Provincial Offices of Industry and Commerce. Responsible authorities are, therefore, urged to take the necessary action against the day when the responsibility of control, now largely operated by AMG, falls upon the shoulders of the Italian Government.

Ever since the landings in Sicily, nearly two years ago, I have seen and admired your work. During recent months I have been more intimately associated with you. Many conflicting duties have hampered my capacity to do more than try to help my friends and your chief, Admiral Stone, to the best of my ability. Good luck and God speed.

1. The object of the writer's visit to Bolzano was to interview a Dr. Hothop, stated to be in possession of valuable industrial information and in particular to have knowledge of industrial machinery hidden in the Bolzano area and which had been brought there from plants in the North of Italy. Upon arrival by air at Bolzano, I reported to Colonel Fiske, whose Headquarters are at Merano.

2. On Friday, 18 May 1945, I attempted to ascertain the whereabouts of Dr.Hothop and after considerable enquiry, found that this gentleman did not exist. During the course of the morning, however, I discovered at HQ German Army Group "C" a Major von Reichel, head of the Rustungskommando, Bolzano. This officer is an official of the organisation R.U.K. (Rustung und Kriegsproduktion), and had charge of the whole of the industrial productive capacity of the provinces of Bolzano, Trento and Belluno. Major von Reichel is an Austrian and speaks no English. He struck me as an extremely wide-awake and efficient officer and proved to be most cooperative. He had exact knowledge of the whole of the munitions and weapons plants concentrated in this area and of the disposition of a great number of machine tools brought to the Bolzano area. These machines had been concentrated in Bolzano for (a) productive purposes, (b) to escape Allied bombing and (c) as representing the remains of plants which had been partly destroyed by Allied air attack. There are stated to be 91 factories around the area in 17 of which and in tunnels in the mountain-sides, 4,000 machines are installed or are standing, of these von Reichel stated that about 3,000 are not single purpose machines and could be used for production of civilian goods. The value of the machines is stated to be between two and three billion lire. A full report on these machines is attached.

3. During the afternoon of Friday, 18 May 1945, I was accompanied by von Reichel and his assistant, 1st Lt. Smant (who was formerly secretary to the German Embassy in Italy) to the Headquarters of R.O.G.E.S. (Rohstoff-Handels Gesellschaft m.b.H.) at St. Ulrich, where I interviewed a number of the officials of this concern. Separate reports are attached.

4. During the course of the day I also interrogated two officials of the Organisation Todt; Regierungsrat Wagner, who is head of the OT Regiment, Bolzano, and his assistant, Herr Kohr. Report is attached.

5. I also had a conversation with Lt.Gen.Wolfeld, Chief Administrative Officer, German Army Group "C", whose Headquarters are at Bolzano. Gen. Wolfeld was much exercised about the question of obtaining a supply of lire for the payment of his troops. Major Curtis, of Finance Sub-Commission was due in Bolzano and I recommended that Gen. Wolfeld should speak with him. I imagine that it would be inadvisable to put any further money in the hands of the German troops, as this would only result in their stripping the surrounding countryside by purchase of any portable articles in order to take back solid assets to Germany rather than paper lire.

6. On Saturday, 19 May 1945, I made the journey to Cortina d'Ampezzo to the Headquarters of the German 10th Army. I had been given the name of Lt. Forstreuther, IC AOK 10, of 10th Army. This officer was alleged to be well-informed on matters of production by Italian firms for the German Armed Forces. The journey to Cortina d'Ampezzo and back involved a trip of 200 Kms. over mountain roads and turned out to be hardly worthwhile, as Lt. Forstreuther had acted in much the same capacity as a British Local Purchase and Production Officer of the Ordnance Services, and had merely purchased and paid for items necessary for the German Armed Forces by way of ordinary contract. 6. On Saturday, 19 May 1945, I made the journey to Cortina d'Ampezzo to the Headquarters of the German 10th Army. I had been given the name of Lt. Forstreuther, 10 ACK 10, of 10th Army. This officer was alleged to be well-informed on matters of production by Italian firms for the German Armed Forces. Forstreuther had acted in much the same capacity as a British Local Purchase and Production Officer of the Ordnance Services, and had merely purchased and paid for items necessary for the German Armed Forces by way of ordinary contract. Conversation with this officer, however, elicited the interesting fact that the contracts placed in Italy by the German Army went through ordinary commercial procedure. In other words, German, Austrian, French and Italian firms were requested to tender and the cheapest price, quality considered, got the order. Payment was made on a gold basis. Lt. Forstreuther stated, when I expressed some surprise that the hydro-electric stations and manufacturing plants had escaped destruction in the North, that the policy of Reichsminister Speer was to leave Italy in as good a position industrially as was possible. Naturally the Minister might have been influenced at that particular moment by the thought that the war was in any case lost and that what the Germans destroyed they might very well be required by the Allies to reinstate. Lt. Forstreuther's statement bore no relation to the facts as it is well known that the Italian Minister

Tarchi had interceded in vain with Rahn, the German Ambassador in Italy, on many occasions where German destruction of industrial capacity was contemplated.

7. Attached for information is a list of German superior officers and their formations in Italy, together with a list of telephone numbers which may possibly be of interest. The telephone exchange of the German Army Group "C" is "Lichtenfels". Attached also is a note of the locations of the 3rd German Army Group provided for me by Major Hothorn, who is personal assistant to Lt.Gen. Holfeld. Major Hothorn is probably the "Dr. Hothop" referred to in the first paragraph of this letter, and known nothing of industrial matters.

R.O.G.E.S. (Rohstoff-Handels Gesellschaft m.b.H.)
GESCHAEFTSSTELLE ITALIEN

I visited the Alpenvorland Headquarters of R.O.G.E.S. at St. Ulrich, North East of Bolzano, on Saturday, 19 May 45, in company of Major von Reichel and 1st Lt. Smont, where I interviewed the heads of the various departments (six in all). The object of my visit was to obtain information as to the transfer of complete and partial industrial installations from Italy to Germany. Attached is a first list of such transfers; others I have instructed the German Officials to forward through ACC Regional Commissioner Bolzano. Attached to the list is a note of the status of the transfer of industrial plants from Italy to Germany as of 28 Feb. 45, from which it will be noted that the value in Ital an currency of the transferred plants is Lit. 28.126.075.990.50. I was informed that these transfers were correctly carried out as an ordinary business transaction.

There exist in St. Ulrich 190 cases containing 24.000 documents, including detailed despatch notes relating to machinery and plant exported to Germany. I have suggested to Lt. Col. McGratney, the Provincial Commissioner, that these cases of documents should be seized and the German staff of R.O.G.E.S. be put to work abstracting information as to the destinations of the exported equipment. Some of this equipment is not yet out of the country, some has been destroyed or damaged by Allied bombing of the railways en route, but a great deal can be recovered. I was informed by Dr. Wuttke, who was concerned with the transfer of Italian industrial facilities to Germany, that R.O.G.E.S. is a parastatal company whose capital is 50% in private hands and 50%

The head of the GESCHAEFTSTELLE ITALIEN is Herr Rothlaender, whose second in command is Herr Weiss. The negotiations for transfer of machines and plant took place through the Unione Centrale Siderurgiche, whose headquarters are at the Hotel Excelsior Gallia in Milan. COAL AND COKE IMPORTS FOR ITALIAN INDUSTRY:

INTERVIEW WITH KOHLSTOFF-HANDELSGESELLSCHAFT m.b.H.

AT ST. ULRICH ON 19 May 1945

Accompanying this report is Folder H which contains a note of the bids and allotments of imported and domestically produced industrial coal and coke for January 1945, a note of the German/Italian organisation of coal distribution, a list of allotments of coal with indication of the German firms making the deliveries; these covering the months from August 1944 to March 1945 inclusive. Also included is a note on the mining of Italian coal.

The officer of R.W.M.E.E. concerned with coal importation into Italy is Lt. Lange, Reichsbeauftragter fuer Kohle. This officer was formerly employed by the important German coal concern PLEIGER, Berlin. The chief of the German organization for coal distribution in Italy is Herr Wunderlich, who is located in Milan. The officer concerned with the bidding on German sources for coal for Italian industry was Herr Franz Kossak who was previously located in Salzburg and who is now apparently living with his wife and family at Landegg, just over the Italian/Austrian border. I would have visited Herr Kossak had it been possible to get air clearance from 5 Army in the short time at my disposal. Herr Kossak was previously with the Rheinische-Westfalische Kohlensyndikats, Essen. The bids for coal for Italian industry were received at the Pleiger coal centre in Berlin, Herr Pleiger being head of the allocating committee. The Italian organization collecting coal bids for presentation to the Germans was the Ministero dell'Economia (or Ministero delle Corporazioni). The Ministero had the duty of receiving demands from consumers of coal for the whole of the Italian industry.

The officer of R.S.H.A.E.D. concerned with coal importation into Italy is Lt. Lange, Reichsbeauftragter fuer Kohle. This officer was formerly employed by the important German coal concern PLEIGER, Berlin. The chief of the German organization for coal distribution in Italy is Herr Wunderlich, who is located in Milan. The officer concerned with the bidding on German sources for coal for Italian industry was Herr Franz Kosack who was previously located in Salzburg and who is now apparently living with his wife and family at Landegg, just over the Italian/Austrian border. I would have visited Herr Kosack had it been possible to get air clearance from S Army in the short time at my disposal. Herr Kosack was previously with the Rheinische-Westfaelische Kohlensindikats, Essen. The bids for coal for Italian industry were received at the Pleiger coal concern in Berlin, Herr Pleiger being head of the allocating committee. The Italian organization collecting coal bids for presentation to the Germans was the Ministero dell'Economia (ex Ministero delle Corporazioni). The Ministero had the duty of receiving demands from consumers of coal for the whole of the Italian industry. These demands were made at three-monthly intervals by the statal Unione Industriale, who were also concerned with distribution of the coal on arrival. The bids for the three-monthly quantities were collected by the Unione Industriale and passed through the German channels mentioned above. Certain industries received priority for hard Upper Silesian and Ruhr coal; these included foundries and metallurgical industries and cement plants. Coke came from Lower Silesia, from Westphalia and from Ostrava Karvina. The local distributing organization for (inter alia) Bolzano was the Monopoli Carbone at Verona. The Gruppo Carbone Milano, via Hoepli 2, Milan, should have in their records particulars of requirements and distribution of industrial coal for the whole of Northern Italy.

7548

It was explained to me by Lt. Lange that Italian requirements of coal are never fully met and this for a number of reasons. For instance, the bids for January 1945 totalled 500,000 tons, which included coke, and coal of Italian domestic production. The deliver-

+ This increase help coal situation as coke stocks had accumulated in Germany.

The status of coal when in transit from Germany to Italy was clearly defined. Frequently Allied bombings destroyed train-loads of coal and in such cases, the Army, the State Railways or other concerns holding high priorities, would intercept and divert coal en rail. It was not permitted, however, for any organization to divert Army or Railway coal, but coal for German civilian needs or for Italian industrial or civil needs could and often was intercepted and diverted for other purposes. When coal entered Italy and was stockpiled for distribution, this was one of the German-controlled portion of the Railway Line Treasury/Wing.

I spoke also with Doctor Vondy, S.A.C.M.I. finance officer, who had been despatched from the office in Milan to supervise the book-keeping in Bolzano. He had, however, little to tell me of industrial interest.

In my report on the NW organization, particulars are given of the stocks of coal at present existing in Bolzano amounting to 14,000 tons.

Lt.Col. Bollmann, of CCS/MMA, at St. Ulrich, introduced himself. This individual is an Ordnance officer who was charged with the progressing and outside supervision of Italian munition plants working for the German Army. He was employed for some years in London by the Union Cold Storage Company, speaks excellent English and has asked whether he might be found employment in making surveys of Italian munitions plants for A.C.

b) from his assistant, 1st Lt. Dr. Sment, attached to the Ruestungskommando, Bolzano, formerly secretary to Rahn, the German Ambassador. These two officers may be contacted through the Headquarters of German Army Group C, Bolzano, and can be reached on the German "Lichtenfels" telephone exchange. Sment lives at the Villa Erika, Bolzano. The Ruestungskommando, Bolzano, under von Reichel, controlled 91 factories in the provinces of Bolzano, Trento and Belluno. Von Reichel is a particularly well informed and intelligent officer of Austrian origin. He speaks, however, no English. The 91 factories were those suitable for production of weapons, munitions of war and engineering supplies necessary to the German Army. In seventeen of these factories and in tunnels in the mountainsides are concentrated about 4,000 machine tools of which von Reichel stated that about 3,000 are not single-purpose machines and could therefore be used for production of civilian goods. These machines had been removed from plants damaged by air bombardment or had been brought to Bolzano for safety from air attack. One of the most important of these plants is that of the I.M.I. in the tunnel at Virgolo/Frangart which manufactures ball bearings. Von Reichel states that this plant can produce sufficient ball bearings for the whole of the present Italian reduced consumption. This plant is still working under German Army direction. Another small plant visited by the writer in company with von Reichel is that of the Italian firm Mediterranea-Gomma, whose head office is in Milan. This small tyre regeneration plant is still working under the German Army and is situated near the village of S. Pietro, a few kilometres from St. Ulrich. A fair stock of German Army and Italian civilian tyres exist in this plant which is run by a German

They have enough raw materials for a further 6 to 8 weeks work. A sample of the vulcanised cotton used at the plant for tyre repair accompanies this report. The building in which the retreading machinery from Milan has been installed is an old factory purchased some years ago by the Mertecatini combine but for some reason never used by them.

Accompanying this report is a statement prepared by Major von Reichel on my instructions, listing the machine tools mentioned in the first paragraph of this letter. Workpeople to the number of several thousands have been imported into the Bolzano area, and an urgent problem arises in this respect. Many of these people would prefer now that the war is ended to return

to their homes and families and a decision must immediately be reached as to whether the plants should continue to operate where they are, or whether the machinery and workpeople to be returned. Electric power is available in Bolzano in abundance; sufficient coal is on hand for three months' work. This coal consists of the following:

Hard Coal ex Upper Silesia	6630 tons
Coke ex Ostrawa-Karwa	4210 "
Brown Coal Briquettes (Matteschlli di Lignite for domestic use)	380 "
Anthracite from the Ruhr	60 "
Lignite, Italian origin	40 "
Cardiff Coal recovered from a sunken steamer in Genoa harbour (needs washing; probably about 1000 tons useable)	3000 "

Accompanying this report and marked A is a statement of machinery.

B is a list of materials in stock under the control of the KUK organisation, Bolzano, including a list of rail wagons with their numbers and locations and contents.

C is an Aide Memoire on the status of the 17 plants transferred to the Bolzano district.

ORGANIZATION TODT

The information contained in this report was obtained on 18 May 45 from the following officers of the Organization:

a. Regierrungsrat Wagner, Head of the Todt organisation in Bolzano.

b. Herr Mehr, of the Finance Department of the Todt organisation, who was previously employed by the Dresdner Bank at Frankfurt a/M.

The organisation Todt, as is of course well known, concerns itself with the building of roads and fortifications and with any other construction work found necessary by the German armed forces. The headquarters of Wagner is 1 Einsatz-gruppe, at Cortina, N.E. of Bolzano, and his organisation covered the whole of Northern Italy, and part of Austria, from Landegg to Klagenfurt. Wagner is at present running an office in Bolzano at Runkelsteinerstr. 14. His telephone address is Standort OT Organization, Todt Regt. 40. The organisation is divided into 19 groups, the chiefs of which are officers loaned by the Army.

The Todt organisation recruited volunteer Italian labour and Wagner assured me that compulsion was never used in Italy.

The Todt organisation let out contracts to Italian firms and in this respect, Wagner wished to know how he was to discharge his present obligations to them. He stated that the Todt organisation at the moment owed between 400 and 500 millions of lire to Italian concerns. Normally the funds for payment were obtained in the case of contracts of a general nature from the German Embassy, and where work was done for any particular German Army group, from the Army paymaster.

Wagner wishes to know whether his organisation can continue to exist and work under Army or AC direction in the reconstruction of roads, railways, etc. In other words, he and his organisation would sooner work in comparative freedom that sit in a concentration camp.

TO : A.M.G., Bolzano.

Sir,

I beg to apply for a position as journalist or as bank-official under the Allied Military Government in Germany.

I was born on 17.10.09 at Frankfurt a.Main-Preungesheim, Homburgerlandstr.164 as only child of the bank-official Georg Kehr and his wife. On 1.4.1927 I was engaged by the Darmstädter und Nationalbank at Frankfurt (I have visited two years Volksschule und ten years Oberrealschule with success) and became well versed in all branches of banking and economy. There I was employed until 31.8.1938, when I was transferred against my will to the Westwall as official (cashier) of the OT. I have knowledges of English, French, Italian and Spanish which I used in advising the foreign customers of the bank.

I never was member of the NSDAP and was much handicapped in my career for this reason. On the other hand I was a member of Pastor Niemöllers "Confessional Church" (at Frankfurt a.M. with Pastor Prof. K. Veidt and Pastor Schumacher from the "Inneren Mission) until it was prohibited by the government. Further I was member of the German Social-Democratic Party until it was dissolved. I contributed occasionally to the Frankfurter Zeitung and on account of my opinions I was informed by my relations in the NSDAP that I was on the "Black List" of the Party.

On 3.8.1940 I married Johanna Westenberger and have one son.

On the Westwall I was first employed as accountant at Kehl am Rhein; later I directed various financial branches and finally I work in the above mentioned Verbindungsstelle.

Owing to my knowledge of political and social conditions abroad I was never deceived by NSDAP propaganda. Before the war I travelled frequently to England, France, Italy, Belgium, Holland, etc. My Christian faith also forbid me for instance to take any part in anti-semitic activities. For this reason I was unable to publish any article after 1933 and since then I have kept a journal in which

For this reason I was unable to publish any article after 1933 and since then I have kept a journal in which I attempt to give a frank description of German life in my opinion; it also contains many secret orders, speeches, newspaper articles etc. as documents of the real state of affairs in Nazi-Germany.

I wish now in accordance with the publications given by the Soldatensender-West (Atlantik-Sender) and Radio London to take part an the reconstruction of the new Germany and the absolute removal of Nazism, which has brought my country and myself so much misery.

I am prepared to show at any time evidence of my work as well as the original copy of the above mentioned journal and various other documents.

TOWN HALL is the department of the American Red Cross which operates a bureau of speakers who can give stimulating talks on subjects of interest to all. TOWN HALL works in close conjunction with the Army Information and Education program throughout the Mediterreneean Theatre. Mr. A.E. Trowbridge began TOWN HALL in Algiers two years ago by inviting well known correspondents, heads of the various Army and Navy departments, enlisted men, and prominent civilians to units in that area to inform and discuss with the men, their activities in the war and in civilian life.

Interesting discussion periods were held in the Enlisted Mens Clubs, Officers Clubs, local units and hospitals. The I&E Officers found the program to be most satisfactory and requested a speakers list from which they could select speakers on specified topics which would augment their educational programs and prove generally stimulating and exciting to their groups.

It is our desire to have a potential speakers list of Enlisted Men, Officers, Civilians, British and Americans, who will volunteer to speak to groups in the Rome area. Having a centralized speakers bureau in the area is an insurance to the speaker that he will not be taxed beyond his endurance or patience. #75411

25th May 19'5.

To All Ranks of the Allied Commission:-

The Prime Minister has instructed me to return at once to England.

I cannot leave without sending a message of thanks and good wishes to all my friends in the Allied Commission and Allied Military Government.

Ever since the landings in Sicily, nearly two years ago, I have seen and admired your work. During recent months I have been more intimately associated with you. Many conflicting duties have hampered my capacity to do more than try to help my friends and your chief, Admiral Stone, to the best of my ability. But I shall always be proud of my association with your enterprise, and the high ideals which have inspired you all.

Good luck and God speed.

Yours Ever

General Information

As a result of local resources being made available to the Allied Armed Forces from October 1943 through March 1945, 3,000,000 tons of shipping has been saved. Although at times the task of uncovering the availability of local resources may appear to be an arduous undertaking, facts of the nature described above should be of considerable encouragement to all officers in the field who have been engaged in this task.

DPR/1-5/ADM

17 May, 1945.

SUBJECT: Notes on the Italian Refugee and Repatriation Situation as at 1st May, 1945.

TO: THOSE INTERESTED

1. (i) PRESENT PROBLEM

Repatriation :-
(a) Those who crossed before the Frontiers (with exception of North East) were closed.
(b) Those "Southerners" in the North and those "Northerners in the South. **
Approximate number to be dealt with at least 100,000.

(ii) FUTURE PROBLEM

Repatriation of those outside the Northern Frontiers. This, it is hoped can be "controlled", but the condition of those north of the Austrian Frontier is not yet known. Approximate number to be dealt with on all Northern Frontiers 1,000,000.

2. MOVEMENT OF REFUGEES.

Movement of refugees from the North by means of returning Army Transport is easy as far as EMILIA Region. This is the "Bottleneck" of the North, as the capacity of the railway lines is very limited. This "Bottleneck" should be eased when sea transport from Venice and Genoa is available. It is hoped shortly to obtain sea transport from Ancona to Bari and the South, and on the West Coast from Piombino to Reggio Calabria and Sicily. This will solve the second "Bottleneck" at ROME. Only one refugee train (1,000 persons) per day is available South from Rome. Five thousand Italians arrived on the 16th.

3. REFUGEE CENTRES.

Some 30 to 40 Refugee Centres have already been established in Northern Italy. Some with great capacity, such as TREVISO 20,000 and MODENA, 12,000

(b) Those "Southerners" in the North and those "Northerners in the South.

3. REFUGEE CENTRES.

Some 30 to 40 Refugee Centres have already been established in Northern Italy. Some with great capacity, such as PRETSO 20,000 and MODENA, 12,000 and several between 3,000 and 5,000. In addition there are many camps set up by the Provinces and Communes available for those walking or trucking East or West.

The standard of comfort dictated for any centre at present depends on the number of refugees handled. The Criterion is the number to be moved. Accommodation and feeding may be primitive, but the rapid return of the refugee to his or her home is the factor which must determine the amount of comfort available. As and when conditions become more controlled the standards of refugee centres will improve.

7531

4. FEEDING ARRANGEMENTS

The food scale is laid down by Allied Commission and supplied, when possible, by SEFRAL from local resources, in order to save transport for other purposes. In cases where this is not obtainable army or Allied Commission stocks are drawn on. Food stops are established on all railway lines and are the responsibility of the Prefect and Commune concerned. In addition to the food stops sufficient rations for the journey are put on each train.

5. FINALLY.

Many refugees are arriving in Rome - an average of at least 2,000 a day. Some of them have been away from their homes for many years and require a friendly welcome and a helping hand after the long journey. Many have walked from Berlin and Danzig to the Frontiers.

C.B. FINDLAY,
Colonel,
Director.

N.B. (a) The term "Southerner" indicates an Italian in Northern Italy whose home is south of the Appennines.

(b) The term "Northerner" indicates an Italian in South Italy whose home is north of the Appennines.

SUBJECT : Lectures for scholars in ITALY.

TO : All Directors of Sub-Commissions.

PATRIOTS FILE

1. The Minister of Public Instruction suggests an interchange of lectures in ROME and FLORENCE between Allied and Italian scholars regarding the important characteristics of their respective lives and cultures. He will arrange lectures for interested Allied personnel and has requested the Education Sub-Commission to submit names of Allied officers willing to give lectures to Italian scholars.

2. Suggested topics are shown in the attached list but these should not, however, be considered as definite or exclusive. Officers with specialised knowledge in other fields which they would be willing to share with Italian colleagues, are invited to make this fact known.

3. The lectures will be given in the university of ROME and the university of FLORENCE to professors, advanced students and others interested, at times convenient to the lecturers. As a rule lectures will be in English, but a digest of each lecture will be translated into Italian (by the Ministry) and distributed to members of the audience in advance.

4. Please notify Education Sub-Commission if any members of your Sub-Commission at HQ, or in the field, would be able and willing to speak on one or more of these topics.

5. If members of your Sub-Commission know of other Allied personnel who might be able to speak effectively on one or more of these topics, will you please likewise notify the Education Subcommission?

SUBJECT: Supply of Italian Prefectural Officials.

TO : All ROs and SCAOs.

1. This directive is intended to deal only with prefectural appointments below those of Prefect and Vice Prefect. It does not in any way affect the present practice with regard to the appointment of Prefects and Vice Prefects which will be dealt with in accordance with existing directives.

2. Owing to the shortage of Italian trained personnel, only key positions of a Prefecture can in future be supplied by officials sent from ROME. Such key positions are:

Councillors ("Consiglieri")
Chief Accountants ("Ragionieri Capi")

For the same reason, the normal complement of Councillors at a Prefecture will be limited to two, save in a few of the most important provinces.

3. For other administrative positions, the Prefect must use every endeavour to recruit temporary employees ("avventizi") in the locality. The rules governing the engagement and conditions of service of such temporary employees are well known to career Prefects and Vice-Prefects. Only if it is impossible to recruit a temporary employee should application be made for an official to be sent from ROME.

4. The remainder of this circular deals with the procedure to be adopted in future when it is desired to have an administrative official below the rank of Prefect and Vice Prefect sent from ROME to fill a vacancy at the Prefecture.

5. The Prefect will in future report direct to the Minister of the Interior, giving particulars of the officials already in service and stating his requirements.

6. All such communications from the Prefect to the Ministry must, however, be sent through AC channels. The necessity for strictly observing these channels must be firmly impressed on the Prefect and measures taken to see that he adheres to them.

7. RCs/SCACs and PCs will place on all such communications a stamp or other indication containing the words "forwarded" or "Seen" to indicate that the proper channels have been observed. RCs/SCACs and PCs are not required to examine in detail the Prefect's proposals or to express any opinion on them, unless they have some special reason for doing so.

8. An official designated by the Ministry of the Interior for service at a Prefecture will report to Local Government Sub-Commission for travel orders. The Sub-Commission will dispatch him to Regional/Army HQ, as at present. Every such official will bring with him a letter of introduction in the form given in the Appendix, a copy of which will also be sent by post.

9. Facilities no longer exist for screening every such official before dispatch, as in the past. Instead, use will be made of the epuration procedure for which the Italian Government is responsible (see the statement as to epuration in para. 3 of the form in the Appendix). No official will be sent for duty in Military Government Territory without either this epuration certificate or having been screened.

10. If a reasonably adequate staff is not obtainable by these methods or if there is unreasonable delay in obtaining it, the PC should report specifically

on the facts, and this HQ will take the matter up with the Italian Government. For a variety of reasons, however, considerable delay is to be expected. Correspondence between AC officers in the field and this HQ as to officials below the grade of Vice-Prefect Inspector should be kept to the minimum.
