It would be of material assistance to AFHQ if the concentration and segregation of displaced persons by nationality could be speeded up and then constantly monitored to see that such action is continuously pressed forward. Such action will permit us to take advantage of unforeseen transportation lifts and aid in securing higher priorities. Fully appreciate problems involved but are certain that continual pressure on high level to complete registration, documentation and concentration by nationalities will pay excellent dividends.

Air lift has been undertaken for 6,500 greek nationals who are at present concentrated in the US Zone of Germany. There is no assurance that air lift can be found for the additional number of greeks expected to be uncovered at a later date. Therefore it is anticipated that there may be necessity for movement of greeks overland to southern ITALY.

At present all yugoslavs are being moved to ROSENBACH and, providing this land path remains open, there will be no need to move yugoslavs overland to southern ITALY.

Your signal ZZ 16809 of 29 July 45 appreciation still felt by certain lorry owners that upon arrival in Italy charges will be raised against them by Italian authorities for cost of transport. Can assurance be obtained from Italian Transport Ministry that the Ministry have no such intention. This would dispel unfortunate impression created by terms of reference to Italian Engineer Transport quoted in our signal WAT/33376 of 23 July 45. Appreciate owners fears probably groundless but jeopardisation or scheme by result if assurance asked for above not forthcoming.

1. Consider 12 forward groups on WE/974/1 should by now have completed major portion of task. Propose converting these forward groups into DP Assembly Centres on WE/975/1.

2. Such conversation could be effected in AUSTRIA and replace T, V and S Assembly Centres on loan to AICOM.

3. Alternative is to move T, V and S Assembly Centres from ITALY to AUSTRIA and forward groups from AUSTRIA to ITALY for reorganisation into Assembly Centres. This would entail considerable admin difficulties which could be avoided by adopting procedure outlined para 1.

3. FRIULI and APULIAN GROUPI, although not presently fully committed, will be increasingly employed as PBS corridor is turned over to DISTONE. Furthermore clerks are not available from the GRUPPI and the withdrawal of 22 officers will seriously reduce the efficiency of these units. Also GRUPPI are now providing refugee camp staffs at BOLOGNA, MERGIO, MODENA, and VERONA.

4. Request authority to provide the two teams from 210 Adm Div even though they would not be combat personnel as contemplated in AFHQ FX 727[illegible], cite FHGCT 8 May. Personnel so provided could be transferred to Br-Iti Category.
