8. SCHOOLING OF ITALIAN CHILDREN:

The Italian authorities are faced with a serious problem created by the large number of children avoiding school and consequently running loose. Unless firm action is taken, there is danger that a young bandit population will arise in the great cities. This is essentially a problem for the Italian government, who are alive to their responsibilities and are taking suitable measures, but to some extent, they find that the police are handicapped by the mistaken kindness of soldiers.

Cases are known where soldiers have adopted or temporarily harbored minor children and have furnished them with food, clothing, shelter and transportation from one station to another. This practice is contrary to existing orders and will cease at once. If children are apprehended in the keeping of military personnel they will be returned to the proper civil authorities at the place where they joined the military formation.

Rest camps, soldiers' clubs and billets, and other places where soldiers congregate tend to be a big attraction to children. In the vicinity of such places, Italian police are reluctant to act against children because at times soldiers are apt to constitute themselves their protectors. This mistaken kindness is not in the proper interest of troops themselves, the children, nor the future of Italy. Military police and unit guards will be instructed to disperse children who congregate around these places. (EXTRACT from H., Base Sub., MTOUSA, Memorandum, dated 2 April 1945). (Hq Comdt)

9. ACCEPTANCE OF BRIBES:

A number of cases have been reported in which officers and other ranks have been offered bribes by Italian civilians.

In such cases it is the duty of the individual to whom the bribe is offered to report the facts immediately to his commanding officer. Should he actually have accepted money he will hand it over to his Commanding Officer, who will pay it to the Nearest Field or Area Cashier, with a full statement of the circumstances. 4. COMPLETION OF VEHICLE TRIP TICKETS BY ACCOMPANYING OFFICERS: Civilian drivers of Allied Commission vehicles are entitled to payment for overtime worked whether in or out of town.

When a vehicle is out of town the only means open to the CO, Super Garage, for assessing entitlement is the trip ticket, and unless accompanying officers accurately record the times the driver commences and finishes each day's work, the driver suffers financially.

Accompanying officers should therefore, in fairness to the drivers spare the few moments necessary for the correct completion of trip tickets.

Army Council Instruction No. 93, dated 27 January 1945, has just been received and is republished for information:

1. Before 1st December, 1943, it was the normal practice to recover advances of pay drawn by officers in the field from future issues of pay, although the receipt for field advances drawn (A.F.W 3241) contained an authority, addressed by the officer to his bank, authorizing them to pay the advance drawn by him out of his banking account.

2. The system of recovery from future issues of pay proved unsatisfactory, and it was decided that, with effect from 1st December, 1943, all field advances due for recovery should be recovered by the O i/c, Army Pay Office (Officers' Accounts), Stockport Road, Manchester, from officers' banking accounts, and not from pay.

3. Receipts for field advances drawn (A.F. W 3241) are equivalent to cheques drawn on an officer's banking account.

Accordingly, all officers should bear in mind that:

(a) they should not ask for an advance of pay unless they are satisfied that they have sufficient funds available in their bank account to meet the advance, and

(b) advances drawn will be presented to their bankers for recovery without further reference to them; see Field Service Regulations, Volume I, 1939, Chapter XXI, Section 194, para 6.

4. An Officer must ensure that full and exact details regarding the name, branch, and address of his bank are inserted on A.F. W 3241 in the spaces provided. Field cashiers will be responsible for seeing that this information is so inserted before making advances.

5. Correspondence in regard to the recovery of field advances will be addressed to the O i/c Army Pay Office (Officers' Accounts), Manchester, and not to the army agents, and will be accompanied by the debit notes received from the

2. LEAVE TO THE U.K. FOR BRITISH PERSONNEL:

1. In order that the conditions governing the allocation of vacancies for leave in addition to PYTHON (LIAP) may be better understood, the following explanation is given in order that any existing doubts may be removed:-

2. The basic allotment of vacancies to this Theatre is 3000 per month, sub-allotments being made by AFHQ to Headquarters under direct command, who in turn re-allocate such vacancies to units on a geographical basis. For this purpose, this HQ is under command of BAAC and periodical returns are rendered stating the number of eligible personnel on strength.

3. LIAP is regarded as a reward for good service abroad and in the case of non-fighting troops priority is given to personnel with the longest continuous good service overseas reckoned from the date of leaving the U.K. L of C Formations are allotted vacancies on a lower scale than fighting troops. When a vacancy is allotted to this H_, the case of each eligible individual is considered before a nomination is made.

4. Personnel who would, at the date of departing on LIAP, be within six months of being eligible for PYTHON are not sent on LIAP as it is not considered practicable for them to be returned to their units for such a short period, on their return. It will therefore be noted that all personnel of not more than 4 years overseas service are eligible, but consideration can only be given as vacancies are allotted.

5. Compassionate Grounds are not taken into consideration when assessing an individual's eligibility for LIAP. There is no compassionate leave to U.K., but machinery exists for dealing with cases where compassionate home posting is considered necessary. (Applicable to HQ personnel only). (G-1 (B))

3. TRAVEL TO INDIA:

2. PREPARATION OF MAIL FOR DISPATCH:

A considerable amount of classified mail for dispatch is being received by Message Center from Sub-Commissions and Branches, enclosed in double envelopes.

Such material will be enclosed in a second envelope by Message Center personnel. (See paras 3 & 4c of above-quoted memorandum).

7. TRANSMISSION OF PRIVATE MESSAGES FOR CIVILIANS (See 11, Sec. 33, WD/SOS, cal):

1. Incidents have occurred wherein U.S. troops and accredited civilians serving therewith have acted as intermediaries in behalf of civilian inhabitants in this theater for the purpose of transmitting communications on their behalf.

2. Examination of such correspondence discloses that a large quantity had originated with civilians in Switzerland and the Balkan nations, while others had been written by civilians in Italy. Such action represents a serious threat to security and affords a means by which valuable enemy intelligence may be transmitted except from censorship.

3. Personnel will not carry or cause to be posted in APO channels any communication in behalf of civilian inhabitants in this theater, or otherwise act as intermediaries therefor. (Hq, 2675th Regt)

1. During the past several months the standard of military courtesy and discipline in the 2675th Regiment has been far from satisfactory. The attention of all concerned is directed to FM 21-90, "Military Courtesy and Discipline".

This training will also emphasize military bearing, neatness of the individual, proper wearing of the uniform, alertness on the part of the soldier, and the courtesy with which the salute is rendered. The only standard which is satisfactory is the highest standard which can be attained by each individual soldier under vigorous, energetic, and capable leadership. There have been many reports turned in lately, indicating that proper precautions are not being taken by responsible officers in the safeguarding of government property being used in this Headquarters. Specifically, typewriters and adding machines are not being properly safeguarded.

Army Council Instruction No. 54, dated 20 January 1945, "Insurance - Loss of Kit by Officers (including Women Officers) - New arrangements", is now available for perusal in the Office of the Headquarters Commandant, Room 54, 1st Floor.

Compensation from army funds for the loss by officers of their uniform, equipment and personal effects is only payable in cases where the risk cannot be covered by insurance. It is the primary responsibility of the officer to insure his uniform, equipment and personal effects against the ordinary risks of civil life. This responsibility has repeatedly been brought to the notice of officers -- e.g., by A.C.I. 1706 of 1943 -- but cases are still occurring where they have failed to effect such insurance, with the result that they have suffered serious financial loss. Cases are also occurring where officers overseas are finding difficulty in effecting insurance under private arrangements.

Arrangements have accordingly been made to assist officers to obtain such private insurance, and the purpose of this A.C.I. is to bring to notice the nature and extent of those arrangements. (EXTRACT from ACI No. 54/1945).

2. Civilian employees will not, therefore, wear any article of civilian outer clothing with any military or service uniform which they are permitted to wear. (ALLIED FORCE HEADQUARTERS, BY COMMAND OF FIELD MARSHAL ALEXANDER).

7. AN APPEAL FOR THE DEVASTATED AREAS: The following appeal is addressed to all officers of the Allied Commission Headquarters, and civilians resident in Allied Commission Hotels. A mimeographed copy has been placed on every table in the restaurant of each Hotel.

Thousands of old men, women and children in devastated communes in the provinces of Chieti, Aquila, Pescara, Frosinone and Littoria are suffering great hardships owing to lack of clothing.

Many of these communes are still snowbound thus adding to the misery of the very poor and scantily clad inhabitants.

Old blankets, coats, trousers, skirts, socks, in fact anything you can possibly spare (including uniforms which will be dyed to make serviceable civvies) will be most gratefully received for these unfortunate people, and for other needy and deserving groups.

The cause is good and the need great! Won't you look through your belongings immediately after this meal and give what you can?

Would officers resident in private villas and who have means of transportation kindly bring their contributions to Allied Commission Headquarters Building. Inside the main entrance will be a large hamper with a lady of the Italian Red Cross in attendance to receive them.

In cases where no transportation is available if officers would kindly telephone Devastated Areas Sub-Section, Ext. 492, their private address, transport will be sent to collect contributions. (Devastated Areas)

2. WARRANT OFFICER APPLICATIONS FOR CLASSIFICATION NO. 9 - (CORRIGAN): In addition to Warrant Officer classification numbers listed in ETOUSA letter, file: AG 211/292 P-O, subj: "Warrant Officer Examinations", dated 14 December 1944 for appointment of Warrant Officers, Army of the United States, Classification Number 9 - Administrative - Supply, Signal Corps is added per ETOUSA letter, file: AG 211/002, P-O, subject same as above, dated 7 January 1945. (Hq 2675th Regt)

3. CLEANING OF TYPEWRITERS: Numerous requests are being received through this office for typewriters to be cleaned and oiled. While it is appreciated that machines should receive a periodical overhaul by a mechanic, the simple task of daily cleaning and oiling is one that can easily be carried out by the operator of the machine. Cleaning oils etc. can be procured through Headquarters Supply Store. The typewriter mechanic is employed by this Headquarters on a contract basis, to carry out repairs to defective machines and time spent in cleaning materially affects repairs being executed promptly. (Hq Comdt)

4. US ARMY OFFICERS' WHISKEY RATION: Sixth Issue of Whiskey to Companies is now available at R3C, 2675th Regiment, Allied Commission.

Whiskey issue will be made at this Headquarters Thursday, 11 January 1945. No exchange rations will be sold on that day. (S-4, 2675th Regt)
