30 people from TUNISIA wish to go to PANTELLERIA where they have immediate relatives. Another 1000 will be arriving within a short time. This would make ten per cent increase in the population situation. But is there any policy objection to their going to PANTELLERIA. We are examining the situation for lodging and food on the Island. Most of the others wish to go to TANGIERS and TRIPOLI. Can you advise us on the question.

Reference your cable 8445 our cable 40/495 dated 1 November is repeated: restricted. 1. Reference is made to your cable 7851. 2. allegation of ROME press that AMG PIEMONTE has issued orders for arrest of promoters of strikes for political reasons is quite unfounded.

3 there have been few strikes recently and those which have occurred have been relatively shortlived and unimportant. These conditions do not call for any such drastic change of policy as your information infers has taken place.

4. You may be assured that you will be kept fully and accurately informed by this HQ of any developments likely to lead to serious industrial unrest and of the remedial measures we propose to adopt.
