Regional Education Officers)

In some cases Expiration proceedings against members of University staffs has been taken under GO 35. It is pointed out that the procedure for defascising the teaching and administrative staffs of Universities is contained in Exec Memo 76 which is preserved by para 3 of DE/2.1/A of 28 Nov 44.

If Exec Memo 76 is properly and fully applied there cannot be, in any university, unexpired staff to whom GO 35 can apply.

No further action under GO 35 will be taken in any incomplete proceedings against persons properly defasciable under Exec Memo 76 and the relevant school personnel will be transferred for further action to the appropriate body under Exec Memo 76.

Suspensions already ordered under GO 35 of persons properly expirable under Exec Memo 76 will stand: but, the papers will be dealt with in accordance with para 3 (c) of Exec Memo 76.

f) Subject to proof of their right to continued employment under the laws on defascism, teachers of physical education previously employed by the ex-GIL will be temporarily assigned, under the jurisdiction of the Provveditore agli Studi, to the secondary schools of the Province.

Reference your Memorandum of 4 May 1945.

- 1 There is no new directive in course of preparation with regard to the disposal of G.I.L. property.
- 2 With reference to the question contained in your paragraph 2, any arrangements which serve the convenience of the Intendente di Finanza and the Provveditore are entirely acceptable. It is assumed, of course, that any arrangement to be made will come within the framework of the existing administrative plan which places the initial responsibility on the Intendente. The Education Sub-Commission was advised of this some time ago and was furnished with a copy of the letter from Signor BOENI, Secretary General of the High Commissariat for Sanctions against Fascism, dealing with the matter.

1. Reference the attached memo from Education Sub Commission, I understand that a new directive is in course of issue revising the instructions with regard to the disposal of G.I.L. property in the provinces. Could we be furnished, please, with copies of same?

2. With reference to para 3 of the attached memo, the Intendente is likely to be very fully occupied in the early days of liberation. We suggest that the best course would be for the Provveditore to agree with the Intendente for the handing over of the records and archives required and for the Provveditore then to take the necessary steps to recover the documents and inventory them etc. Do you agree?

SUBJECT : Archives of GIL.

TO : Finance Sub Commission.

1. When the Fascist Government moved north they took all liquid assets and all archives and records of GIL with them. It is reported that they first took them to Rovigo, in October 1943, and thence, later, to Milan.
2. The finding, sequestering and safeguarding of the records and archives is urgently requested by the Commissario for the Liquidation of GIL. They are essential to his work and to the regularizing of the status of payments of GIL employees, many of whom (physical education teachers) revert to the Ministry of Public Education.
3. Will you be so kind as to request your Regional Finance Officer in Milano to have his Intendente di Finanza make an immediate attempt to locate these documents, and to have them promptly impounded and safeguarded?
4. The enclosed copy of a letter from the Commissario for GIL can be sent to your Finance Officer to be given to the Intendente to guide him in his search.
5. After inventorying, the documents should be made available as soon as practicable to the Provveditore agli Studi in Milano.
6. May this Sub Commission be informed as to the action taken and its results?

Oggetto : Documenti ex Comando generale
- GIL (O.B.)

Ai : Capo della Sottocommissione
per l'Educazione - Roma.

In occasione dell'entrata dell'esercito alleato in Milano, questo Commissariato ex-GIL fa presente che, secondo informazioni attendibili, l'archivio e tutti i documenti dell'ex comando generale della GIL (poi Opera Balilla) trasportati da Roma a Rovigo nel 'ottobre 1943, sarebbero poi stati portati a Milano.

Tali documenti riguardano sia il personale, sia l'intera amministrazione della cessata GIL (O.B.). Pertanto si ravvisa la necessità che tutti questi carteggi siano recuperati e conservati a disposizione di questo Commissariato per metterlo in condizione di adempiere alle proprie funzioni.

Sarebbe opportuno che consegnatario temporaneo di tali documenti fosse nominato il Provveditore agli Studi.

Si ringrazia.

If in the opinion of your local representative matters are not going as they should it is for him to report to this HQ (paras 5 and 6 of 313/167/CA of 4 Aug refers).
