FROM: SECRETARIAL DIVISION

0100 45

Enclosure 7425/MR/471 of 2 Nov.

(30) 1 The following observations of certain sections have already been made by your department in their own interests, namely, ~~protection, compensation, etc.~~ protection. The interests to which you refer are within their sphere and should be dealt with by them.

2 The act of this section should only be imposed when a question of justice is involved, an affidavit given before, or when it becomes necessary to take up on a higher level a matter which they have been unable to settle on their own, namely the original and main claim levied.

3 It is felt over the course of time to press the appropriate authorities to investigate the key personnel of the bodies mentioned in a matter of legal advice recently taken by your department with the present interest being that it was alleged that the High Court had informed and this section is of course the first claimed to have reference to the High Commission.

4 It is also pointed out, as per your suggestion of 2000, that have been advised you, that arbitration proceedings cannot be conducted in a matter of legal advice as a procedure laid down by law which survives arbitration which, consisting of the evidence, representation of charges, services of the charges, filing of an appeal (for which a certain number of days is allowed) and other action to be conducted when the case has been settled its turn on the list for hearing. It would therefore be quite impossible to arrange for proceedings to be completed by the 15 Nov.

5 It is not considered however that this need cause any concern. The present situation does provide, as per your suggestion of 2000, should be able to inform you, that proceedings in all territory limited back to 1st April 1966 prior to 15 Nov 65 must be commenced before 15 Nov, unless regular service has been back therefrom, within six months of the date of the arbitration to "allow for arbitration. On our part, however, therefore that so far as South India to the like of Karnataka, Tamil Nadu, including the districts, if proceedings are not commenced by 15 Nov 65 can therefore be

2 4 7 0

The fact that this section should only be limited when a tradition of "Loyalty to Loyalty", no distinct free agent, or when it becomes necessary to bring up on a higher level a matter which may have been caused by outside or other causes, leaving the internal and external factors to which you refer in with its usual sources and should be dealt with by them.

3 It is also agreed that cases of loans to persons should only be limited to amounts up to the very personnel or the highest mentioned in your letter.

In addition, in connection with the general fund in distributing services, especially those in which it was proposed that the S.A. Office has had considerable business in that case it was proposed that the S.A. Office have no interest and take action in all cases that are not connected by name reference to the U.S. Constitution.

4 It is also pointed out as your suggestion concerning actions of S.D.C. into your, that personnel proceedings cannot be concluded in a matter of "Loyalty" where there is a procedure laid down by law which involves the application, consideration of the evidence, presentation of charges, service of the charges, filing of answer (for which a certain number of days is allowed) and then when in question when the case has been decided to stand on the list for hearings. It would therefore be quite impossible to arrange for proceedings to be concluded by the 15th Nov.

5 It is not considered necessary that this should be done any longer. The present provision from yourself, in your suggestion of "Loyalty should be able to proceed from, that proceedings in all disciplinary handled back to "Loyalty" before 15th Nov., until a regular hearing can be conducted before 15th Nov., within six months of the return disciplinary hearing back to "Loyalty", within six months of the return disciplinary to "Loyalty" advice. You can at any time therefore advise me of the date of "Loyalty" to the 15th Nov. and I will do the same. In accordance, if you consider it not convenient to have the hearing to be conducted, so far as possible, and the rest of "Loyalty" to be conducted, the final date for conducting proceedings is the 31st Jan. It will then the final date still be six months after the hearing.

6 If in any of these circumstances special action is required in any specific case, it is for the responsibility of the concerned to be taken by the "Loyalty" officer itself.

7 You will note that I have consistently referred to the present organization. This was in view of the whole procedure is said to be under consideration and cannot say whether this consideration has as yet been in copy or the procedure and content may change or not as will affect the point raised by your question.

AGR/171

2 November 1945

SUBJECT: Parastatal Agency Personnel

TO : Vice President, Civil Affairs Section

1. With reference to the exchange of correspondence between the Chief Commissioner and the Prime Minister (Chief Commissioner's letter 13018/F of 18 October 1945), epuration matters relating to personnel within the agencies designated to receive and acknowledge imported supplies warrant consideration. The agencies designated are parastatal agencies; hence, personnel at all levels are subject to epuration, differing in that regard from private agencies. Recently, action has been taken by the Minister of Agriculture which indicates that key personnel within the Federazione Italiana dei Consorzi Agrari may still be subject to epuration proceedings, personnel who have been extremely important in the program of handling and distribution of imported foodstuffs. (A decree requiring the suspension of four department heads was referred to in AGR/171 of 23 October, copy to Civil Affairs Section).

2. The necessity of epurating undesirable personnel is fully recognized. In view of the responsibility which must be assumed by the department heads and other key personnel in the Ufficio Carboni Italiani, Comitato Italiano Petroli and Federazione Italiana dei Consorzi Agrari, and like agencies, it is essential that action be taken by the Italian Government to insure that epuration is completed as soon as possible so that the supplying nations can be assured of a normal degree of stability in the operating agencies as soon as practicable. In that connection, it is difficult to reconcile epuration proceedings at this late date with responsibilities which have been delegated to these government-supervised agencies' personnel during the past fifteen months.

3. It is requested that consideration be given to the practicability of asking the Italian Government to investigate all such key employees of parastatal agencies with a view towards completing

all separation proceedings on or before 15 November 1945. Then the agencies, the Allied Commission, and the public, should be notified that parastatal agencies have been put in a position to carry out their duties without undue interference.

P.C.B.

13016/P

10 October 1945

My dear Mr. Vice Minister:

I have your letter of 8 October 1945, advising that Istituto Nazionale per il Commercio Estero (INC) is to be the consignee for all supplies imported into Italy under the U.S. 100 million dollar program. The Allied Commission will therefore expect INC to make all necessary arrangements for receiving, protecting, storing and distributing these supplies, either through its own organisation or through sub-agents acceptable to the Italian Government.

In a letter dated 12 October 1945, copy attached, INC informed the Commission that until further notice the following agencies had been authorized to receive and acknowledge imports: solid fuel (coal), Ufficio Carboni Italiani; liquid fuels, Consiglio Italiano Petroli; foodstuffs, Federazione Italiana dei Consorzi Agrari. The letter also informed that commencing 1 November 1945, INC itself would provide directly for receiving and acknowledging imports of foodstuffs.

This Commission assumes in respect to each Italian organization named as sub-agent that the following action will be taken by INC:

- a. Notification to the sub-agent of its appointment and the duration thereof.
- b. Specification of the powers and duties of the sub-agent (including authorisation to sign bills of lading and out-turn reports).
- c. Arrangement to notify the sub-agent in advance of the arrival of ships through the INC Italian liaison officer.
- d. Provision directing the sub-agent to see that all incoming supplies are properly received, protected, stored and distributed.

The Allied Commission requests your confirmation that the foregoing action has been, or immediately will be, taken by INC. To effect smooth working arrangements INC, as well as the sub-agents, should communicate with U.S. War Shipping Administration who will give instructions relative to receiving cargo and signing bills of lading and out-turn reports.

It is understood that discussions have recently been in progress regarding the possibility of Federazione Italiana dei Consorzi Agrari continuing to act as your receiving agent for foodstuffs and agricultural supplies. The Commission is hopeful that such action will be taken by the Italian Government. If a decision to this effect is reached by your Government, will you please inform the Commission so that appropriate action may be taken to establish liaison procedure with Federazione.

- 2 -

The outline of procedure appended to my letter of 25 September 1945, will continue to operate in respect to foodstuffs and miscellaneous supplies. Special arrangements, however, will have to be made for coal and petroleum products. IOM should notify Ufficio Carboni Italiani to communicate with Coal Division, Commerce Sub-Commission, AC, and Comitato Italiano Petrolif with API, Petroleum Section. The Allied military units named will inform the respective sub-agent of the requirements for receiving and reporting the particular commodity handled by the agent.

Very truly yours,

16/10/45 2100

U. 28775 ITC It/Imp

Rome, 12 October 1943

CHAPTER I: RECEIPTS OF ALLIED SUPPLIES.

In reference to letter dated the 8th instant, addressed by the Italian Trade Minister to your Admiral Stone, we beg to inform you that until further notice, Istituto Nazionale per il Comercio Estero commits to the following agencies the receiving and the signing of receiving reports for the imported goods listed herewith:

Solid Fuels - - - -	Ufficio Carboni Italiani
Liquid Fuels - - - -	Consorzio Italiano Petroli
Foodstuffs - - - -	Federazione Italiana dei Consorzi Agricoli

We also inform you that commencing from 1st November 1943, ITC will provide directly for the receiving of imported Foodstuffs and also for the issue of the relative receiving reports.

SUBJECT: Suspension Pending Separation

TO : Economic Section
Food Sub-Commission
Finance Sub-Commission
Civil Affairs Section

1. Reference is made to the attached translation of letter received from the Federation of Consorci Agrari.

2. The situation has arisen before, in regard to these individuals, but at no time has a case been proven warranting their separation. There seems to be no justification for suspending them pending action this time - since three of the most important services performed by the Federation have been under the able charge of these men for a year or more.

3. Since the Minister of Agriculture only acts under the direction of the Separation Commission, it seems somewhat inadequate to request his intervention. No capable replacements are at hand, nor will they become available. The action indicated will result in breaking up the work of the Federation, and require rather radical modifications in the current procedure of distribution of supplies. These are now handled by the Federation, but the Federation is composed of these men, and it is no longer reasonable to say that it is an anonymous body which can be maintained by casual and political appointees.

4. It is recommended that the matter be discussed with the High Commissioner for Separation, by the Civil Affairs Section.

JAMES H. MERRITT
Director

Translation

Federation of Consorzi Agrari

Rome, 23 October 1945

To: Allied Commission, Agriculture Sub-Commission

By letter of yesterday's date the Ministry of Agriculture and Forests has advised this Federation that the Ministry of Agriculture, in accordance with the provisions of Article 22 of L.L.D. dated 27 July 1944, No. 159, paragraph 3, has directed the suspension from service, pending separation proceedings, the following Directors of this Federation:

Dr. Vittorio Massidda, Head of the Grain Collection Service

Dr. Luigi Troiani, Head of the Cereal, Flour and Pasta Distribution Service

Dr. Stefano Ponza, Head of the Produce Service "Fedesport"

Dr. Alberto Sbrigai, Head of the Office of Collateral Societies

Compliance with the above mentioned suspension prejudices the activity of this Federation, also in relation to functions which affect your Commission, and therefore this Federation is indicating the above for such action as your Commission will believe practicable.

The Commissioner of this Federation, who has already interested himself repeatedly in this matter, if asked, will furnish all of the data that your Commission may need.

Signed: Reg. Leonida Missi
Il Procuratore Generale
