TO : Civil Affairs Section.

25 OCT. 1945

1. Herewith fortnightly return of the Ministry of the Interior for the period ending 15 October.

2. It will be observed that the figures marked "X" in column "b" are less than the corresponding figures in column "c". The Ministry explain this discrepancy by the fact that since the previous return, a few employees have been retired (for reasons unconnected with defascism) but as proceedings against them have been initiated, they are still included in column "c".

3. The total of column "e" has remained stationary since the last report, whereas that of column "d" has increased slightly. The Ministry say they have been unable to proceed with cases because a person charged is given 10 days to reply, and in a number of cases they have had to reserve him with notice because he has been transferred to another post.

4. Similarly, the total of column "g" is stationary, whereas that of column "f" is increased by two. The Ministry say this is outside their competence and a matter for the Central Commission.

5. The Ministry's explanation as at para 3 above seems hardly adequate, and you might think it well to take up this and the lack of progress in concluding appeals with the High Commissioner's office.

1 Col (a). The rate of progress is still considered to be low.

2 11 Ref-Commissions should require col (e) of 30 Sep with col (d) of 30 June. All cases have to be completed within 5 months of their initiation. All cases shown as initiated on the 30 June should by now be completed. As this is an outer limit and many cases are no doubt completed in less than the maximum time it follows that col (e) now should be substantially greater than col (d) at 30 June. Where it is less an explanation should be noted for. If the difference is large and the explanation is not considered satisfactory, but not otherwise, the facts will be reported to this Section.

1 The handling over of Registry and Office to Italian Administration does not appear to have had much effect on col. 1.

Unless you are satisfied that the additional personnel has been fully included, you will please take the matter up further with the Ministry or other Employer.

2 The number of cases heard (col 2) is deplorably low. You will please emphasize to the hearing Commission that priority must be given to the senior grades and convey this fully to those who are too inactive that you have been informed that this Section proposes to report insufficiently active Commissions to the High Commissioner as obstructive and that you hope it will be necessary to include this in any such report.

3 Appeals have now reached the stage of about 50 Jan (2 months from filing). All cases not down by that date should by now be heard. Sub-Commissions should compare the appeals heard col with the appeals lodged col. of 30 Jan to see whether their cases are in arrears.

applicable under any and all returns. Only two sub-commissions show any commissions returning returned in which col 1 has not apparently increased with the reporting body that this is correct.

The rate at which proceedings are being heard is slightly improved but is still too slow. Sub-commissions differ in mind that all unheard cases now in col 1 MUST be concluded before 15 Nov. Sub-commissions by stopping the rate at which cases have been heard over the last four weeks can see that (in most cases) the cases will not be concluded in time unless the rate is improved and in some cases very considerably improved.

All sub-commissions will compare col 1 of the return of 15 May with col 1 of the return of 15 Aug.

The law allows 3 months for hearing. In all cases the number of proceedings concluded is smaller than the number of cases initiated on 15 May. All sub-commissions will ask for an explanation of the difference and forward same to this Section.

Appeals have at last started to move substantially. The number of appeals heard has now reached the number of appeals lodged on 15 Jan. Sub-commissions whose appeals 'heard' are lower than the number lodged on that date hearings may be held to be in arrears. The time for a case to be resumed is at present 7 months. The AHC has indicated that the number of courts is to be increased.

1. Annexed hereto is the epuration report for the period ending 31 July 1945. I conferred with Dott. RIANCHI, Secretary of the Commission, with regard to the status of the 46 cases which remain incomplete and asked whether he could give me assurance that those which had to be completed by the 15th of August would be so finished. He stated that not all of the 46 cases are those wherein the 3 months period to complete expires on the 15th of August. He was certain that all the cases would be finished within the dead-lines required. Delays of communication for answering charges account in part for difficulties encountered. As far as the Commission itself is concerned, it has been working most industriously and probably more assiduously than any other.

2. The increase of 5 cases initiated over the report for 15 July (column "D") is due to the inclusion of cases involving personnel in Toscana provinces that have comparatively recently come within the jurisdiction of the Commission.

3. All cases of personnel at the Ministry have been completed.

3. I am inclined to regard the progress of this Commission as very good.

THE MINISTRY OF INTERIOR
Direzione Generale del Personale

Rome, 3 July 1945

SUBJECT : Reorganization Civil Administration

We hereby send the usual fortnightly report about the proceeding of the reorganization of the Civil Administration from the 3rd to the IX grade inclusive.

We beg to point out that, since the High Commissariat Adjoint has recently informed the Commissions of first instance that they intend to abandon the proceedings against personnel below the 8th grade, already denounced only for taking the oath to the republican government, in the drawing up of column (d) of attached reports, said proceedings have not been taken into account.

Consequently the figures corresponding to the 9th grade indicated in column (d) are considerably lower to those reported on the 15th June last.

Further we beg to explain that the data of the table No.2 have been decreased by the number corresponding to the personnel on service with the Prefectures of the Provinces, that on the 19 June, were returned to the Italian Govt. Administration. The said number appear in addition in table No.1

SUBJECT : Epuration.

21 April 1945

TO : His Excellency the Minister of the Interior.

Your Excellency :

1. I refer to your letter Para. 5000 dated 18th April 1945 forwarding the fortnightly Epuration reports.
2. A comparison with column (e) in the report of 31st March 1945 shows that only 7 cases have been concluded in the fortnight. I feel that this number is much too small. The number of cases shown in column (d) is 315, 6 cases concluded to date are 133 leaving 182 cases to be concluded between 15 April 1945 and 15th July 1945.
3. In order to conclude all the cases at present initiated before 15th July it would require two cases to be concluded each day including Sundays and holidays.
4. I should be obliged if you would look into the position and let me have an assurance that these cases will be concluded in time.
5. I note that the Epuration Commission has not so far replied to the Ministry's request for the figures for columns (h) (i) and (k). These figures are urgently required by the Allied Commission and I hope that the Ministry will press the Central Commission to furnish the necessary figures without delay.

SUBJECT : Duration of Officials.

TO : Civil Affairs Section.

1. I refer to your letter DE/6.1/CA dated 19th March 1945 regarding the investigation of the cases of officers of the first four grades.

2. The practice of combining reports from AMG territory and Italian Government territory is responsible for the figures showing only 91% of these cases examined. Actually all cases of officials of the first four grades serving in territory under the jurisdiction of the Italian Government had been investigated as at 28th February and had with one exception been concluded (Col (a)). The outstanding case has now been concluded.

3. I enclose herewith the consolidated return up to 15th March 1945 which shows that 70% of all cases have been examined. The figures for Italian Government territory are 82% and for AMG territory 4%.

4. The Ministry of Interior informs me that the slowness in AMG territory is due to lack of communication, transport etc., and that the work only started recently there. They say that they hope the next return will be much more satisfactory with regard to AMG territory.

5. I have inquired about the figures for column (g) and the Ministry have promised to contact the Central Commission and let me have them as soon as possible.

- 1 The following is noticed on comparison of your Defascising return for Feb with that for Jan.
- 2 That during the month (col e) your ministry completed the scrutiny of the papers of only 70 employees, an average of little more than two per day. At this rate of progress it would take a further 9 months to complete the scrutiny of the employees shown in col b. This rate of progress is not considered satisfactory. Will you please ascertain why so little progress was made and obtain an assurance that considerably greater expedition will be shown in future.
- 3 That during the month (col e) only 14 cases were heard by the Epuration Commission. This rate is considered rather low. Will you please see if it can be expedited.

1. Attached hereto are epuration progress reports for the periods ending 31 December 1944 and 15 January 1945, respectively, covering the activities of the Epuration Commission, dealing with administrative personnel in the Ministry of the Interior.
2. These reports were prepared for the first time by the Personnel Division of the Ministry and seem to be all right.
3. The Director of Personnel points out that these reports deal with the personnel of the Ministry of Interior in provinces under the jurisdiction of the Italian Government, and that as soon as information concerning the epuration of personnel in provinces under AMG control is received they will report to us.
4. The Director further points out that column (c) indicates the reports made by the Ministry to the Deputy High Commissioner, and column (d) includes those cases referred by the Deputy High Commissioner to the Epuration Commission of the Ministry of Interior.

REPORT ON DEFASCISTICATION FOR MONTH
ENDING 30 SEPTEMBER 1944

1. Personal contact has been made with the members of the Epuration Commission. Detailed instructions for the compilation of Reports and its work and progress have been given it. Public Safety and Public Health Sub Commissions, whose epuration activities are co-ordinated by this Sub Commission, have been instructed accordingly.

2. The Committee in the Ministry of Interior dealing with the personnel in which this Sub Commission is interested has been proceeding as rapidly as conditions warrant. A total of 74 cases (including 5 Public Health) have been presented for the month of September. Of these, however, more than half involved persons north of Rome who are not available and consequently charges cannot be sent to the accused. Twelve cases have been taken away from the Commission by the High Commissioner for the formal presentation of charges. This means that about 35 cases to date are available for handling by the Commission. Of these 23 hearings have been completed and 15 judgments pronounced. Of the 15, six resulted in removals and 12 reductions in service involving disciplinary action being taken. Two cases have been appealed. The majority of the cases presented involved high ranking officials of the Prefect and Vice Prefect class.

3. The Civil personnel dependant on the Ministry of Interior, excluding the administration of Public Security, is composed of:

1858	Group A
768	" B
1163	" C
<u>639</u>	Subalterns
<u>3833</u>	Total

4. Of the foregoing, about one-half are in territory administered by the Italian Government, distributed approximately as follows:

Employed by the Ministry	540
Employed in 36 provinces,	
with average of 40 in each..	<u>1440</u>
Total	<u>1980</u>

5. There are three Epuration Committees in the Ministry of Interior, namely, one dealing with Public Safety personnel, another with Fire Brigade matters, and a third with Administrative personnel. The last Committee deals with personnel which is within the sphere of interest of the Local Government Sub Commission and the Public Health Sub Commission.

- 2 -

6. Attached hereto are summary sheets showing the progress made by the Committees of Epuration up to 30 September 1944. The largest number of cases up for consideration so far concern Public Safety personnel--a total of 259 being involved. Of these, 137 investigations have been completed. However, only seven hearings have been completed, resulting in five dismissals.

7. The Committee dealing with Anti-Fire personnel has presented a nil report to date. As indicated before, a separate Committee deals with this personnel.

8. In the field of Public Health, a total of six cases have been completed, resulting in no dismissals, the retention of four with disciplinary measures taken, and the retention of two with no sanctions ordered.

9. Twelve cases involving Administrative personnel have been completed, resulting in six dismissals, and disciplinary action with retention in service of the remaining six. Two appeals have been filed.

10. In summary, I would state that the Committees of Epuration in the Ministry of Interior are making satisfactory progress in the handling of their job.
