- 1 8 Please draw the attention of those concerned to the fact that it is now weeks since there has been any or any substantial change in col (c).
- 2 Appeals lodged on or about 15 Feb are still in process of being heard. If col (g) is markedly less than col (f) of 15 Feb please ask the Ministry to ascertain when the appeals may be expected to be heard.
- 3 You will please instruct all concerned that in view of DL 702 having come into operation, returns from 30 Nov inclusive will contain only figures relating to grades I to VII and the comparable grades of civilians operatable under that Decree and that the column lesser punishments will no longer be used. Below the form and not included in the total will be a line "other grades" as to which only cols d, e, f, g, h, i, will be completed.
- 4 You will realize that the explanations for which you are asking may lie in the fact that grades 8 and 9 are no longer liable normally to expiration and that in anticipation of this becoming law these grades have deliberately been allowed to drop behind. Your enquiries cannot be phrased forcefully. The return for 30 Nov on the new lines will show this.

1. Inclosed are reports covering epuration for period Oct. 15 - 31, 45.
2. Also inclosed is translation of letter from Ministry of Posts and Telecommunications with reference to our request that figures for Emilia and Tuscany be included in reports rendered by Ministry of PF. and TT. It is manifestly impossible for the Ministry to cover results of epuration in Tuscany and Emilia unless figures are forth-coming from the High Commissioner's office.

Ref. 7751.3.20

5 Nov. 1945

FROM : Ministry of Posts and  
Telecommunications

SUBJECT : Epuration.

With reference to your letter of the 26.10.45, please note that the Sub-Commissions for epuration of personnel of Emilia and Tuscany refer directly to the High Commissioner in charge of Epuration.

In order to adhere to your request our Ministry, with letter n.12033.3.20 of the 5th Oct. 45, has asked the High Commissioner to send, every fortnight, reports regarding the above mentioned territories.

Not having yet had any reply on this matter, we renewed with letter of same number and date, the above mentioned request and will send the documents to you as soon as they arrive.

Please note also that in Col. b. of the fortnightly reports the figures cannot be changed because the figures given correspond to the effective number of personnel in service, which, naturally, remains unvaried.

- 2 Col (c). The rate of progress is still considered to be low.
- 3 All Sub-Commissions should compare col (e) of 30 Sep with col (d) of 30 June. All cases have to be completed within 3 months of their initiation. All cases shown as initiated on the 30 June should by now be completed. As this is an outer limit and many cases are no doubt completed in less than the maximum time it follows that col (e) now should be substantially greater than col (d) at 30 June. Where it is less an explanation should be asked for. If the difference is large and the explanation is not considered satisfactory, but no otherwise, the facts will be reported to this Section.

SUBJECT : Espionage returns.

TO : Ministry of Posts and Telecommunications.

1. It is understood that the ~~EXIKER~~ reason why returns on Espionage submitted to your Ministry do not cover ~~Tracy~~ and ~~Walls~~ is that in both these Compartments Sub-Commissions ~~XA~~ are acting which report direct to the High Commissioner.

2. It is appreciated that under such conditions the Commissions dependent from your Ministry would not be informed as to activities of such Sub-Commissions.

3. However, in order to have a complete picture of espionage in the field of telecommunications, it would be very much appreciated if you could arrange to obtain from the High Commissioner's Office statistics so that from October let the reports rendered by Commissions dependent on your Ministry include statistics covering ~~x~~ territory in which the Sub-Commissions above mentioned are working.

- 1 The handing over of the Tuscany and Emilia to Italian Administration does not appear to have had much effect on col b.  
Unless you are satisfied that the additional personnel has been fully included, you will please take the matter up further with the Ministry or other Employer.
- 2 The number of cases heard (col e) is deplorably low. You will please emphasize to the Hearing Commissions that priority must be given to the senior grades and convey tactfully to those who are too inactive that you have been informed that this Section proposes to report insufficiently active Commissions to the High Commissioner as obstructive and that you hope it will not be necessary to include them in any such report.
- 3 Appeals have now reached the stage of about 30 Jan (8 months from filing). All cases set down by that date should by now be heard. Sub-Comms should compare the appeals heard col with the appeals lodged col of 30 Jan to see whether their cases are in arrears.

1. Since 10 May most of Toscana and the whole of Emilia has been added to the territory under Italian Administration. This should be reflected in col b of the return. Only the sub-commissions show any appreciable increase over substantial the other members. All Sub-Commissions receiving returns in which col b has not appreciably increased will check with the reporting body that this is correct.
2. The rate at which proceedings are being heard is slightly improved but is still too slow. Sub-Commissions must bear in mind that all unheard cases are in col d MAF is concluded before 15 Nov. Sub-Commissions by checking the rate at which cases have been heard over the last four weeks can see that (in most cases) the cases will not be concluded in time unless the rate is improved and in some cases very considerably improved.
3. All sub-commissions will compare col d of the return of 15 May with col e of the return of 15 Aug.  
The law allows 3 months for hearing. In all cases the number of proceedings concluded is smaller than the number of cases initiated on 15 May. All Sub-Commissions will see for an explanation of the difference and forward same to this Section.
4. Appeals have not just started to move substantially. The number of appeals heard has not reached the number of appeals lodged on 15 Jan. Sub-Commissions whose appeals 'heard' are lower than the number lodged on that date hearings may be said to be in arrears. The time for a case to be returned is at present 7 months. The AEC has intimated that the number of courts is to be increased.

3. This Commission "C" reports that it has had a divergence of opinion with the High Commissioner for Epuration with reference to procedure but expects these differences to be ironed out shortly.

SUBJECT: Defascism  
TO: Civil Affairs Section

1. Inclosed herewith progress reports covering period 15 - 30 June, 1945 which are delayed due to need of investigation of figures.
2. It will be noted that little or no progress has been made in proceedings concluded. This is due to the absence from Rome of the President of the Epuration Commission with the largest number of cases to judge.
3. It will also be noted that there are less cases initiated than previously reported. This is due to the dropping of several cases which had been initiated without sufficient details.
4. Generally speaking there seems to be a general feeling of laissez faire about the whole defascism program on the part of the officials charged with completion of the program.

Reference your Expiration return and your D. 175.76.08 of 23 June.

- 1 Only 7 cases were heard during the last 15 days and in the last 10 weeks only 54 cases have been tried and during the whole of that period the percentage of cases heard has remained stationary at 84%. No improvement whatsoever has been made in that time. 90 cases now remain to be dealt with. Your report as to what steps are being taken to insure that these will be completed by 15 Aug is awaited.
- 2 With regard to appeals, HL 159 contains no time limits so that there is no question of proceedings falling because they are out of time, from that point of view there is no urgency. There are only four Courts of Appeal and over 1700 cases to be heard. One can hardly expect these Courts to dispose of more than 50 a week so that you are getting a not reasonable proportion of the whole and as you can see it will be six months or more before all the appeals are heard. Personnel for extra courts cannot at present be spared.

SUBJECT: Epuration

TO: Civil Affairs Section ✓

1. Inclosed are reports on Epuration covering the period from 1st to 15th June, 1945.
2. Attention of the Ministry has been drawn to the slow progress being made and a meeting arranged to discuss steps to be taken to complete proceedings within the time limit.
3. Your attention is drawn to the slowness of the appeal procedure. This is a matter beyond Ministerial control. It will be noted that for State Departments, only 10 appeals have been heard which means that at least 38 cases have been pending since December 30th, 1944 when 48 appeals were reported as having been lodged.  
For bodies of national importance only one appeal has been heard which means that at least 5 are pending since 28th February, 1945 when 6 appeals were reported as having been lodged.

TRANSLATION NO 645

Ministry of PS IT  
Cabinet of His the Minister

Ref 175/8.20

2 April 1945

TO: Communications Sub-Commission - Allied Commission ROME

Reply to S. 175/8.20 of 25 March 1945 with expiration as the subject

With the letter which we are answering your Sub-Commission criticized the rate at which certain Commissions under this Ministry are ~~expediting~~ proceeding with expiration.

First we should like to state that this Ministry's sole function is that of coordinating the activities of the various Commissions; these are however supervised by the Assistant High Commission for expiration from which every activity of theirs originates; secondly, we wish to point out that in this particular case the conditions criticized have been brought about mostly by the illness or resignation of some members of the Commissions.

The following must be noted in particular:

- 1) the 24 cases which the B Commission should have examined during the week of 12-17 March are still in the stage of investigation. Therefore none of them appears among those completed during that period.
- 2) as regards the C (Rai) Commission, this Ministry as far back as 23 Feb <sup>made a proposal</sup> ~~proposed~~ to the Assistant High Commission for expiration to replace Dr. Aldo Angelini, who had been sent to Florence on a mission, with Mario Benvenuti representing the Company in the afore mentioned Commission. However, the Assistant High Commission has not as yet given its approval to this proposal.
- Action on the matter has been requested from the High Commission.
- Meanwhile Dr. Angelini was instructed to return to Rome in order that the most urgent cases could be brought to completion, and the Commission has issued 25 decisions during this past week.
- 3) Signor Giacomo Nacci, who was absent because of illness, has now resumed his work and therefore the Commission for the Italcable has begun to function again.
- 4) as regards the D Commission, Dr. Cigolini, nominated by the High Commission for expiration to replace Professor Nicoletti as President, has handed his resignation. Prof. Diaricetti, representing the High Commission, has resigned.

This Ministry has already asked for new members to replace both of the afore mentioned.

By order of the Minister  
Head of Cabinet

Ris. D.176/8.GS 25 Marzo 1945

Oggetto: Epurazione

2 Aprile 1945

Alla Sottocommissione delle  
Comunicazioni presso la Com-  
missione Alleata - Via Veneto -

ROMA

Con la lettera alla quale si risponde codesta Sottocommissione ha mani-  
festato il proprio ringraziamento per il ritmo col quale da parte di alcune  
Commissioni dipendenti da questo Ministero viene svolto il lavoro di epura-  
zione.

Premesso che questo Ministero esercita solo una funzione di coordina-  
mento dell'attività delle varie Commissioni, le quali peraltro fanno capo  
all'Alto Commissariato Aggiunto per l'epurazione, che ne promuove ogni ini-  
ziativa, si fa presente che nel caso specifico gli inconvenienti lamentati  
dipendono in gran parte da circostanze eccezionali, quali malattia o dimis-  
sioni di alcuni membri delle Commissioni.

In particolare si precisa quanto segue:

- 1) I ventiquattro casi che la Commissione B avrebbe dovuto esaminare nella  
settimana dal 12 al 17 marzo, si trovano tuttora nella fase istruttoria.  
Pertanto nessuno di essi figura tra quelli definiti nello stesso periodo  
di tempo.
- 2) Per quanto riguarda la Commissione C (Rai) si partecipa che questo Mini-  
stero fin dal 23 febbraio u.s. aveva proposto all'Alto Commissariato Ag-  
giunto per l'epurazione che a sostituire il Dr. Aldo Angelini, inviato  
in missione a Firenze, fosse chiamato il Dr. Mario Benvenuti in rappresen-  
tanza della Società in seno alla Commissione predetta.  
A tutt'oggi però l'Alto Commissario non ha dato il proprio gradimento  
a tale nomina.

E' stato sollecitato in proposito l'Alto Commissariato.

Intanto, allo scopo di definire i casi piu' urgenti, e' stato fatto rien-  
trare a Roma, il Dr. Angelini e la Commissione nella settimana teste' scorsa  
ha preso 25 decisioni.

- 3) Il Signor Sigismondo Nasso, che era stato assente per malattia, ha gia'  
ripreso il suo lavoro e pertanto la Commissione dell'Italcable ha  
ricominciato a funzionare.

SUBJECT : Epuration

TO : H E The Minister of Posts & Telecommunications  
Via del Seminario  
Rome

- 1 This Headquarters wishes to ask Your Excellency to bring urgently to the attention of the Presidents of the Epuration Commissions the absolute necessity for expediting their work to the utmost.
- 2 As already known, ILL 56, 12 March 45 has extended for a second time the time limits for the initiation of epuration proceedings, which however will expire on 15 April for "the civilian officials working in the Ministries" and on 15 May for the civilian employees "working in the central State Departments other than the Ministries".
- 3 On the other hand, from the last schedules sent by the Commissions on 15 March one sees that the work is proceeding at such a rate as to lead one to exclude the possibility of its being completed within the established period of time. To wit :
  - a) The personal position of more than 922 officials, out of 2348 between the I and IX grades, employed by your Ministry, have not yet been examined. The "A" Commission has initiated 316 epuration trials, but has completed only 223 of them.
  - b) The personal position of 164 employees of the ITALCABLE have not been examined yet and the relative "C" Commission is not functioning owing to the absence of one member.
  - c) The situation of the "C" Commission of the RAI is known only too well. It is desired to merely point out there that the explanations presented on the matter with letter 1621/3.20 of 28 March do not solve the problem.
  - d) As regards the "D" Commission, it is necessary to appoint immediately the President to replace the one who has resigned.
- 4 In conclusion, we trust that you take the proper steps so that this delicate problem may be solved with the necessary dispatch in order that the epuration will be completed within the established time limits and the personnel not epurated may devote itself to its work with serenity.

QUARTIERE GENERALE  
COMMISSIONE ALLENATA  
NO. 398.

Roma, 3° marzo 1943.

D. 176.10.07

Oggetto : Spuntione.

1. S.E. il Ministro delle Poste e Telecomunicazioni.  
via del Seminario. ROMA.

1. Questo modo prega l'E.V. di richiamare ancor più l'attenzione dei Presidenti delle Commissioni di Spuntione sull'assoluta necessità che le loro opere vengano accelerate al massimo.

2. Come noto infatti il DL No. 56 del 12 marzo u.s. ha prorogato per la seconda volta i termini per il deferimento al giudizio di spuntione, che vengono pure a scadere nel 15 aprile p.v. per "i funzionari civili che prestano servizio presso i Ministri" e nel 15 maggio p.v. per "i funzionari civili che prestano servizio presso le amministrazioni centrali dello Stato diverse dai Ministri."

3. D'attacco dagli ultimi rapporti inviati dalle Commissioni il 15 marzo u.s., risulta che il lavoro procede in molti settori con tale ritmo da poterci escludere il completamento entro il termine stabilito. Ad esempio:

a. Non sono state ancora esaminato le posizioni personali di ben 922 funzionari, sui 2143 del Grado I al II, dipendenti da autorità Ministeriali. La Commissione "A" ha infatti 116 giudizi di spuntione, ma ne ha emessi solo 223.

b. Non sono state ancora esaminato le posizioni personali di 104 dipendenti dell'Italtele e la relativa Commissione "C" non lavora, data la mancanza di un verbo.

c. In situazione della Commissione "C" della R.A.I. e' fin troppo noto, si desidera qui solo rilevare che i chiarimenti presentati in argomento con la lettera I/21/3.20 del 24 marzo u.s. non risolvono il problema.

d. Per la Commissione "D" dovrebbe venire immediatamente provveduto alla nomina del Presidente che rimpiazza quello dimissionario.

Declassified E.O. 12356 Section 3.3/NND No. 785016

4. Comandante, si confida che l'U.V. vorrà interessarsi affinché questo delicato problema possa venire risolto con quella speditezza che è necessaria affinché, oltre i termini fissati, l'operazione sia conclusa ed il personale non operante possa dedicarsi al suo lavoro.

1. Reference is made to your memo of 27 March, 1945 no. DF/6.25/CA.
2. No reply was made to your memo of 9 March as it was not considered that a reply was required.
3. This Sub-Commission has been very much concerned by the slowness of Epuration and numerous letters have been written to the Ministry of Posts and Telecommunications pointing out the approach of the deadline and the need for completion of epuration before action was outlawed by expiration of the time limit. Letters have been supplemented by personal interviews and telephone calls, but illness of Commission members, failure to appoint replacements for members who have resigned and normal inertia have combined to prevent the completion of the job.
4. In your circular of 6th March 1945 it was stated that time limit would probably be extended by 1 month beyond March 15. Has the extension been definitely decided?

- (a) A comparison between columns (b) and (c) shows that over 1,000 will remain to be investigated. Less than 200 were done in the last fortnight. In view of the fact that the time limits for initiating proceedings has nearly expired, will you please obtain an assurance that the remaining cases will be dealt with in time.
  - (b) A comparison of columns (d) and (e) shows that 120 cases remain to be heard and that only 20 were heard in the last fortnight. At this rate it will not be possible to conclude these cases within the time limits laid down. Will you please take steps to have matters speeded up.

1. Herewith are enclosed fortnightly returns on operation, covering period from 1 to 15 March.

2. In return for Bodies of National Importance it will be noticed that in comparison with return for period Feb. 15-28 the number of proceedings concluded has increased by 5, whereas the number of dismissals has increased by 6.

This is explained by the fact that Spuration Commission for one of the Companies neglected to include a dismissal in its return for the period 15 - 28 Feb.

- 1 The following is noticed on comparison of your defascising return for Feb with that for Jan.
- 2 That during the month (col c) the cases of about 750 persons were scrutinized. While this is a satisfactory increase of the rate of progress it will nevertheless at this rate take six weeks to scrutinize the papers of the remainder of the personnel shown in col b and the time limits will expire before this time ends. Some further improvement is therefore desirable. Will you please see what can be done.

1. Returns for period ending December 30th, 1944 are inclosed.
2. Delay in submitting these is regretted and has been caused by creation of two Ministries where only one grew before.
3. Figures submitted are still not satisfactory as inconsistencies still exist and persist.
4. It is hoped to show improvement in future returns.
