SUBJECT: Expiration Returns - 30 Oct 45.

TO: Public Relations Branch

- 1 Appeals lodged on or about 15 Feb are still in process of being heard. If col (g) is markedly less than col (f) of 15 Feb please ask the Ministry to ascertain when the appeals may be expected to be heard.
- 2 You will please instruct all concerned that in view of DL 702 having come into operation, returns from 30 Nov inclusive will contain only figures relating to grades I to VII and the comparable grades of civilians expatriable under that Decree and that the column lesser punishments will no longer be used.
Below the form and not included in the total will be a line "other grades" as to which only cols d, e, f, g, h, i, will be completed.
- 3 You will realise that the explanations for which you are asking may lie in the fact that grades 8 and 9 are no longer liable normally to Expiration and that in anticipation of this becoming law these grades have deliberately been allowed to drop behind. Your enquiries cannot be pursued forcefully. The return for 30 Nov on the new line will show this.

As this is an outer limit and many cases are no doubt completed in less than the maximum time, it follows that col. e now should be substantially greater than col. d at 30 Jun. With reference to your letter 403/PRB, dated 5 October 1945, we beg to inform you that 3 additional appeals, out of the 19 lodged by the personnel of Undersecretariat for Press have been heard besides the 12 appeals recorded by your office. Therefore as far as the personnel of the Undersecretariat for Press is concerned a total of 15 appeals has been heard. These cover the most serious cases. Of the remaining four, which are of very little importance, three are now being heard.

The 1st Section of this Central Commission, which deals with appeals pertaining to the Undersecretariat for Press, deals also with those pertaining to other important branches of the Italian State Administration, such as Justice, State Council, Railroads, etc. and in the handling of them follows a just criterion of proportionality. During the past months, this 1st Section, according to the instructions received by this Central Commission, gave priority to the most serious cases.

5 October 1945

This Office, equivalent to the Under-Secretariat for the Press, controls the work of the Commission of Epuration of the afore mentioned Secretariat by means of summary returns which are sent to us every fifteen days.

We found out that 19 appeals were lodged with your Central Commission up to 30 January. Since eight months have passed from the said date, the said appeals should be already brought to a decision. From the last statistics however we found that of the 19 appeals lodged up to 30 January last, only 12 were completed.

Quale Ufficio parallelo al Sottosegretariato per la Stampa, seguiamo e controlliamo i lavori della Commissione di Epurazione di detto Sottosegretariato mediante prospetti riassuntivi che essa ci invia quindicinalmente.

Da questi ci risulta che i ricorsi presentati a codesta Commissione Centrale fino a tutto il 30 Gennaio 1945 erano No. 19. Essendo ora trascorsi otto mesi da detta data, questi ricorsi dovrebbero essere già conclusi. Dalle ultime statistiche ci risulta invece che dei 19 presentati al 30 Gennaio u.s., ne sono stati conclusi solo 12.

Saremo grati se codesta Commissione Centrale volesse darci alcuni chiarimenti circa questo ritardo.

"The question has been discussed with the Assistant High Commission for Epuration, which has confirmed that the Commission is mistaken. It is true that some new provisions are being studied, but they may not be passed. Meanwhile, considering the time limits established, no time must be lost. OGGETTO : Prospetto riassuntivo dell'epurazione. ^{-7 SEP 1945}

A : Commissione per l'Epurazione del Sottosegretario Stampa, via Veneto.

Con riferimento al paragrafo 3) della nota inviataci da codesta Commissione in data 29 agosto u.s., N° Prot. 408 pers., e da noi trasmessa alla sezione per gli Affari Civili, Vi comunichiamo la seguente nota ricevuta in risposta dalla detta Sezione :

"La questione è stata discussa con l'Alto Commissariato Aggiunto per l'Epurazione, il quale ha confermato che la Commissione è in errore. E' vero che sono allo studio delle nuove disposizioni, ma può darsi che non vengano mai passate. Intanto, dato i limiti di tempo prefissi, non vi è tempo da perdere. Non vi è giustificazione di sorta alla sospensione dei lavori della Commissione. La Commissione Alleata, in conformità ai termini dell'Armistizio, ha il diritto di dirigere queste questioni; pertanto vi preghiamo di assicurarvi che la Commissione proceda rapidamente nei suoi lavori di epurazione."

Reference your letter 403/HRB of 31 August.

This matter has been discussed with the Assistant High Commissioner for Expiration and he confirms that the action of the Commission is quite wrong. It is true that amendments are under discussion but they may never be passed. Meanwhile time under the time limits is running out. There is no justification whatever for ceasing work. This is a matter on which AC under the Armistice terms is entitled to direct and you will ensure that the Commission gets on with its work as directed by my letter of the 27 Aug.

With reference to para 2 of your DI/6.26/CA dated 27 Aug. 45, this is what the Expiration Commission of the Undersecretariat for the Press wrote to our office as explanation of the sentence: "Expiration proceedings are at a stand-still waiting for new measures."

"The number of employees who, after the liberation of the North, are gradually returning to Rome and consequently become liable to investigation and expiration proceedings, has not yet been inserted in the returns as we are waiting for the publication of the known names and names in their respect."

"Only when such measures are known, will it be possible to determine the exact position of the persons concerned with respect to expiration, and insert them in the returns. This is confirmed by the fact that even the High Commissariat, when receiving personal records which the Administration sends in order to start proceedings, can only put them aside awaiting the above mentioned measures."

- 1 It is noted that in the enclosure to your 403/RB of 25 Aug the Secretary of the Commission states: "Expiration proceedings are at a stand still waiting for new measures and instructions".
- 2 Please make it quite clear that the present law is still the law and that the commission will continue to carry it out with all their power. The commission has no authority to cease work because other measures, which may in fact never be passed, are under consideration.

- 1 Since 10 May sent of Toscana and the whole of Italia has been added to the territory under Italian Administration. This should be reflected in col 5 of the return. Only two sub-commissions show any appreciable increase one substantial the other moderate. All Sub-Commissions receiving returns in which col 5 has not appreciably increased will check with the reporting body that this is correct.
- 2 The rate at which proceedings are being heard is slightly improved but is still too slow. Sub-Commissions must bear in mind that all unheard cases now in col 4 MUST be concluded before 15 Nov. Sub-Commissions by checking the rate at which cases have been heard over the last four weeks can see that (in most cases) the cases will not be concluded in time unless the rate is improved and in some cases may considerably improved.
- 3 All Sub-Commissions will compare col 4 of the return of 15 May with col 4 of the return of 15 Aug.
 The law allows 3 months for hearing. In all cases the number of proceedings concluded is smaller than the number of cases initiated on 15 May. All Sub-Commissions will ask for an explanation of the difference and forward same to this Section.
- 4 Appeals have at last started to move substantially. The number of appeals heard has now reached the number of appeals lodged on 15 Jan. Sub-Commissions these appeals 'heard' are lower than the number lodged on that date hearing may be said to be in arrears. The time for a case to be returned is at present 7 months. The ABC has intimated that the number of courts is to be increased.

The attached returns - absolutely reworked
following new criteria and elements - should replace
the previous ones.

Data refer to the situation as of Aug. 16,

May 4, 1945. With regard to the personnel which
has become due for investigation after this date
(employees back from the North, repatriated prisoners,

operation proceedings in their respect have really
started. At present operation proceedings are
at a stand still waiting for new measures and
instructions.

With regard to the cases not yet concluded
we report that :-

orderance dated 5-7-45, awaiting outcome of trial.
- 2) Grade II case refers to a head of archives at
present interned in a concentration camp of the
disposal of Allied authorities, to whom we have
written various times - no answer has been received

1. The delay in the investigation of the last case of the total staff strength is due to the fact that the individual concerned is residing in a locality recently liberated. Therefore the carrying out of the necessary formalities took up some time. However the Italian Undersecretariat for Press promised that the case will be completed within the next week.

2. In connection with para 2 of your letter, the slowness in hearing the cases had already been pointed out by this Branch to the Undersecretariat for Press. Apparently this is due to the fact that the Epuration Commission is busy with the lower grades of the personnel, which do not appear in the returns handed over to AC. Recommendations have been made for speeding up the hearing of cases of the higher grades.

SUBJECT : Defascism - Returns

TO : Public Relations Branch

- 1 The following is noticed on comparison of your defascising return for Feb with that for Jan.
- 2 That in the month your Expiration Commission heard only four cases. This rate of progress is not considered satisfactory. Will you please ascertain the reason why so little progress was made and obtain an assurance that greater expedition will be attained in future.
