SUBJECT: Instructions for the Guidance of Officers of  
the Commission.

TO : Regional Commissioner, VENEZIA Region.

1. Reference your RXII/461.1 dated 21 Mar 45.
2. The returns rendered in response to this office letter 82/62/OOS dated 27 Nov 44 (based on effective strength) disclosed deficiencies in the basic book and amendments 1, 2 and 3 thereto, far in excess of the number of copies of each, available to meet same.
3. As notified in 82/108/EC dated 15 Mar 45 it was decided not to print further copies, to issue the limited number of copies available to those Regions showing the greatest deficiencies, and that copies would be withdrawn from officers leaving the Commission and re-issued within the unit or returned to this HQ for re-issue.
4. You are correct in your interpretation that responsibility for issue is that of the unit having the officer on effective strength.
5. As explained above, however, and in my 81/186/EC of 21 Mar 45, no copies of the original volumes are available for issue and accordingly it will be necessary for equitable distribution to be made of the copies held.

Brigadier,  
Executive Commissioner.

TO : HQ A.C., Office of the Executive Commissioner  
SUBJECT: Instructions for the Guidance of Officers of the Commission.  
FILE No: RXII/461.1

1. Reference your letter 82/108/PC dated 15 March 1945.
2. Para 1 of preforma completed by this HQ and forwarded to you on 5 Dec. 44 shows 11 copies of the above publication as held on charge by officers on effective strength. Since then these officers have been supplied with subsequent additions and amendments as received from your HQ. It would be greatly appreciated if clarification could be made as to the responsibility for supplying original volumes and amendments.
3. Our interpretation to the footnote of the above mentioned para. has been that all officers assigned to us, but detached to other units, were to be furnished with additions and amendments by units to whom they were attached for duty. It is thought that we may have erred in interpreting this footnote, and if so it will be necessary for us to circulate to each officer assigned to Venezia Region (almost 200), a questionnaire to determine the status of copies held by them, including serial number of volumes held by them, etc. We are only aware of the full particulars of some 16 officers, who are actually assigned to this HQ.
4. Upon receipt of these questionnaires a deficiency statement would be forwarded to your HQ so that all officers deficient of this publication, and its amendments, may be supplied as soon as possible.
5. We would mention that some of our Provincial Officers (attached to 8 Army AMG and other units) are submitting to us requests for both original volumes and amendments. Pending your clarification, we are replying to the effect that they should apply to the unit to which they are attached.

SUBJECT : "Instructions for the Guidance of Officers  
of the Commission."

MAR 11 1945

TO : HQ, AC.

1. Reference your 82/62/COS dated 27 Nov 44, and this HQ EWIII/95/87 dated 16 Jan 45, enclosing Consolidated Return.

2. May information be given on the following points, please:-

- a. Is it intended to issue complete amended copies of this publication to the 79 officers who were on our strength at the date of the return, not in possession of the basic instruction?
- b. Are deficiencies under paras 3 & 4 of the return referred to in para 1 above, being forwarded for distribution?
- c. In distributing Amendment No. 5, and future amendments, is it intended that copies should be forwarded to officers who were on our strength at the date of the return, and who have now left the Region, or will these be supplied by the RC/Head of Sub Commission under whom they now work? If the latter is the case, distribution of spare copies can be made to officers who have joined the Region since the date of the return.

3. At the moment the distribution of amendments leaves many loopholes, especially in the case of officers who are continually moving round between Northern Regions. May consideration be given to the suggestion that future amendments be sent out by HQ AC to officers individually, thus ensuring that the officers receive his copy wherever he may be employed at the time.

4. It is notified for information that packages of amendments received at this HQ have invariably broken open in transit, and the contents of the packages have emptied themselves into the mail bag. As a result, much time has had to be spent in re-sorting amendments into complete sets before issuing them to officers, and in some cases copies have become so badly mutilated that they have had to be destroyed. Should the suggestion in para 3 above not be agreed to, may consideration be given to the amount of handling these packages get before arrival at destination, and may they be packed in such a way that they are not liable to break open in transit?

5. Since the date of the return, 19 officers have left this Region, and 34 have reported for duty.
