1. I spoke to Capt. Collins about his future. He is in release group 29 and wishes to go on due date. We cannot retain him. He does not wish to be civilianised.

2. We must be ready to nominate a successor (if necessary) from the Regional Records Officers but still better we should ask the two Governments to appoint the necessary Permanent Civil Staff to arrive and function before Captain Collins goes.

Reference is made to communication yesterday of Feb 2nd 1919
I have discussed the subject with Captain
Carrington who is I believe the only officer
affected. As Assistant he fills a position
position in the Headquarters in that his
services will necessarily be required for an
indefinite time after cessation of normal
Commission activities. Approaching his
position, Capt Carrington is definitely interested in
industrialization but not in the salary equivalent
to his present military rank. As will be
noted the word "recommended" is used in
para 5 of Feb 2nd 1919. I take it the Ex.
Council will not "recommend" without first
interviewing and ascertaining the views of the
individual. I suggest Capt. Carrington 5419
position be referred to the Ex. Council.

I am replying to your war 82625 in the absence of General HEDGWAY who is in N. Italy.

Colonel MANSAGE is the chief Finance Officer in the A.C. The losses in technically qualified finance personnel have been so great that to release Col. MANSAGE without a qualified replacement would be extremely unwise. SACMAD has already indicated the seriousness of the situation with regard to finance personnel in several signals to CCAC. The stress being placed on demilitarization has not yet produced qualified civilians to relieve any large percentage of officers. If a qualified civilian is furnished to replace Col MANSAGE I shall be glad to release him as soon as the new man can be oriented.

Reference this HQ letter G-1B/132/A of 30 July 45.

1. War Office have now stated that it is not proposed to dispatch a representative to this theatre in order to discuss the terms and conditions under which officers might be employed with this Commission in a civilian capacity.
2. It would appear that there has been a substantial change of policy since this matter was first raised but it is regretted that no details thereof are known by this HQ. It is clear however that the chances of obtaining employment with AC as a civilian are slight and all applicants therefore should regard their applications as rejected. No further applications of this nature are required.
3. It is possible that a very few appointments in a civilian capacity may be available at a later date for those officers possessing outstanding technical qualifications and who will be communicated with direct in due course as to their willingness to accept the employment offered.

JUN 25 1945

TO : Executive Commissioner
Headquarters
Allied Commission

1. With reference to the question of the release or retention of British Officers serving the Allied Commission, enquiries have been received, as you will be aware, as to the conditions under which British Officers might expect to continue their service with the Allied Commission or Allied Military Government. These enquiries include the matter as to whether it might be possible to continue serving with the Allied Commission in a civilian capacity.

2. Further, some Officers may have volunteered to stay on in order to help the Allied Commission on the basis that it is going to be very short of officers and that no replacements will be available. This has actually happened in one particular case.

3. In connection with the foregoing, considerable concern has been caused by a statement made in a recent report received from the Transportation Sub-Commission to the effect that that Sub-Commission had lost three officers but that three British civilians had arrived. Officers who have volunteered to stay on have, in some cases, been looking forward to some advancement. Civilians frequently arrive carrying not only high military status but often with advantageous rates of pay and allowances and with their wives and families.

4. I therefore consider that information should be sent out immediately as to what is the policy in regard to the introduction of civilians into the Allied Commission and as to whether any arrangements are being made under which such Officers as are qualified would be given the opportunity of continuing their service with the Allied Commission in a civilian capacity.
