SUBJECT: Progress Report - Item 2/1 Agenda of N.W. Italy Planning
Conference - March 3

TO : Executive Commissioner
(Through ~~Mr. Cole~~ ~~Dr. Morley Fletcher~~)

1. Reference Minute 14a. Meeting 12 February:

A. PRO, 5th Army ZMG is not in a position to present a definitive plan until PWB and AFHQ approve papers on press, radio and films already submitted by PWB section chiefs.

B. PRO, AC herewith submits as Tab A, B and C tentative plans for press, radio and films as prepared by PWB section chiefs which proposals are, however, subject to the final PWB and AFHQ approval.

2. Reference Minute 14b: overall plan cannot be presented until PWB submits its final authorized plans. As regards newsprint arrangements, PRO understands AC plans to import 1,000 monthly until July 1 and thereafter 1,500 tons, of which approximately 300 tons monthly will be needed in liberated Italy. The amount required in N.W. Italy will depend on the number of newspapers authorized to publish under the Press plan.

Revised Draft Press Plan for Northern Italy.

NOTE: This is framed as a working plan and is based exclusively on the Press Plan dated the 9th February as amended in conference with Mr. John Rayner and Mr. C.A. Raleigh Radford. It is also in keeping with the suggestions made at a conference with prospective Regional Commissioners of Lombardy and Piedmont.

1. New Orders.

The following Press Plan for Northern Italy supersedes all previous instructions. Responsibility for carrying out this Press plan lies with P.W.B. 15th Army Group, through P.W.B. Chief Press Officer, in conformity with AFHQ directives, but subject to 15th Army Group Military Command and in strict co-operation with A.C. and A.P.B.

2. Suppression of Fascist Papers.

On entering a newly liberated town or area, all newspapers and other periodicals of Fascist creation or papers identified with Fascist leaders, such as Farinacci's "Regime Fascista" of Cremona, will be suppressed and not allowed to re-appear.

3. Suspension of Pre-Fascist Papers.

Papers with a pre-Fascist history which had, however, been taken over and run as Fascist periodicals will be suspended until responsibility for the Italian Press shall be passed over to the Italian Government when it eventually assumes jurisdiction. In this way the Allies will be kept clear of juridical, financial and epuration complications concerning proprietorship and the rights of property.

Newspapers affected by this ruling will include:

"Resto di Carlino" of Bologna.
"Corriere della Sera" of Milan.
"La Stampa" and)
"Gazzetta del Popolo") of Turin.
"Gazzettino" of Venice.
"Piccolo" of Trieste.
"Il Secolo XIX" of Genoa.

4. Combat Team Information Sheet.

PWB Combat Teams will issue "Corriere Alleato" as an emergency news and information sheet. The conduct, allocation and duration of these Combat Team papers will be on the initiative and at the discretion of PWB Combat Teams with the respective armies, acting under general PWB 15th Army Group directions. In addition to news, they will carry AMG and Army proclamations, as required.

The personnel of such papers form a part of PWB 15th Army Group.

(56) (5)

5. Treatment of Clandestine Press.

Newspapers and other periodicals favourable to the Allied cause and publishing clandestinely prior to Allied liberation may continue to publish, openly, on the following conditions:

- (a) Application for a provisional permit must be made within seven days of the Military Governor's proclamation.
- (b) All such papers must be subject to military censorship (see para 12)

6. Provisional Permits.

These provisional permits in the Army forward area will be issued by the PWB Press Officer in consultation and agreement with A.M.G. Headquarters with the Army.

The issue of such provisional permits and their suspension or withdrawal in the forward army area is always subject to any countermanding order by the Military Governor.

7. Printing Plants.

The suspension order referred to in Paragraph 3 will not prevent the requisitioning or employment of the printing and publishing establishments from which such papers have issued.

8. Paper Stocks.

As each town or area is entered by the Allied troops, every stockholder of newsprint or flatbed paper will be required by PWB Printing Officer to declare what stocks and resources he has in hand and to what purpose they are being used.

9. New papers.

Papers other than the ex-clandestine ones referred to in Paragraph 5 may submit applications for permits to publish to the local C.A.O. of A.M.G. as soon as he begins to function.

10. C.E.L.

In order to prevent discrimination among applicants and to help towards the equitable distribution of available newsprint or flatbed paper, it is recognised on principle that the parties of the C.E.L. shall have first priority when applications for political papers are being eventually considered.

11. Allied Publications Board.

All permits will be provisional and will be notified with adequate particulars to Allied Publications Board. If proven desirable, the provisional permits will be endorsed by A.P.B. to ensure that useful publications are safeguarded and that they will thus pass within the competence of A.P.B. which, in due course, merges Allied control with Italian responsibility as territory is ceded to the Italian jurisdiction.

12. Military Censorship.

Military censorship is essential. No permits will be considered or allowed unless military censorship control on the spot can be guaranteed and sustained. This censorship will be exercised by responsible persons appointed by the AMG Provincial Commissioner. These censors will work in accordance with military censorship directives laid down by AFHQ. PWB Combat Team Press Officers have copies of these directives which will be issued by them to the appropriate local AMG authorities.

1559

13. Circulation Proviso.

No party or other newspapers published outside the 15th Army Group area will be allowed to enter any point within the said area without the specific approval of the Military Commander.

14. P.W.B. Information Papers.

As freedom of the Press automatically excludes the right of the Allies to impose their own information directives or policy on Italian editors, the Allies will reserve their own channel by means of openly declared Allied news sheets which may be published in the Italian language at the following centres: Bologna, Milan, Turin, Genoa, Venice, Trieste, Trento. To emphasize their Allied character, they will be called "Corriere di.....Lombardia", etc.

All leading articles, comments and the general layout of these papers will follow Allied directives through P.W.B. Chief Press Officer.

In no case will such leaders or comment be signed by their Italian writers. They will rank as operational activities, which may be opened up or closed down without obligation or reference to any Italian commercial or proprietary interest.

In no case may the titles of these papers be adopted by any Italian group after the cessation of their publication by the Allies.

15. Finance and Management.

With the exception of PWB's responsibility for the combat "Corriere Alleato" publications, neither PWB nor AMG will concern themselves with the financial or administrative side of newspapers or other periodicals. In the case of the PWB information papers referred to in Paragraph 15, Italian groups will be financially and administratively responsible, PWB confining itself to editorial control.

16. News Service.

P.W.B. will provide on demand a free Italian language news service, special articles, maps and photographs, to all authorized publications within the limits of whatever communications exist or may be established.

I. S. MUNRO,
Lt. Colonel,
Chief Press Officer.

As promised, I give below in brief PWB's proposals for radio in north Italy.

1. Existing broadcast transmitters are to be taken over, if intact, or replaced, if destroyed, in Bologna, Milan, Turin, Genoa, Venice and Trieste.
2. These transmitters will be programmed by screened Italian staff under the supervision of PWB personnel.
3. Broadcasts will comprise news bulletins compiled from the PWB news file, commentaries, instructions issued by the competent military authority, feature programs, and entertainment.

Memorandum on operation of P.W.S. Film Section in Northern Italy

Our Section already has plans to open branches when this will be possible in the following cities:

Rome
~~Genoa~~
Venice
Milan
Genoa
Turin
Trieste

Our Northern Operation will have the same pattern followed up to now in liberated Italy and we will employ chiefly Italian film officers in the above cities. However, we have the following Allied personnel: Lt. P. Levi - Mr. S. Fallico - Lt. Peter Moore. Further, we have been promised the transfer to our section of another Allied officer.

Our main problem will be the insufficient number of prints, chiefly of American feature pictures, but Mr. Reginald Armour, Head of O.W.I. Film Section for Europe is on his way to the United States to try and obtain the required additional prints for the northern operations.
