SUBJECT: Conference Lecture, Civil Affairs School

MAP 15 1945

TO: Brigadier M. S. Lash,

1. This letter will confirm your agreement to deliver a lecture on the Allied Commission and Allied Military Government in Italy on Monday 19 March at 1030 to 1200 hours to the officers of the Civil Affairs School.

2. The school is located in the Conference Room across the hall from the American Officers' Post Exchange at Allied Commission Headquarters building.

STATEMENT OF PURPOSE OF PROPOSED CIVIL AFFAIRS COURSE

1. It is the purpose of the Commission to give a brief course of instruction to several small groups of American officers, with a view to their eventual service as civil affairs officers with the armies and with the regions in Venezia and North East Italy.

2. The students will be officers of company grade who have been on combat duty here in Italy. They have been chosen not because of knowledge of any of the various specialties useful in military government but because of their fitness to serve as civil affairs officers in that echelon of military government where direct contact is had with the population and where the officer must deal at first hand with the varied problems that confront CAGs at the communal level. The course is designed to make these officers well-rounded civil affairs officers, competent to deal with immediate and general problems at communal level, with only enough attention being given to higher echelons of military government to enable the officers to understand what they are doing and the relation it bears to the work being done at higher AG levels.

3. Visiting instructors are asked to bear in mind the fact that none of these students has ever served in AG or AC, and that it will not be possible, in a two-week's period, for student officers to do more than grasp some of the fundamental principles of the problems of military government. They must get a glimpse into every aspect of civil affairs work. Experienced AC officers occupying the highest positions in AGC have been asked to make their contribution. It should be realized that too much detail will serve only to confuse these newcomers. Only enough background and detail is desired as is necessary to high-light and delineate closely those aspects of the work that have significance at communal levels.

EXBARR

SOA.6.

Chief of Staff
H.Q. Allied Commission
A.P.C. 394.

27 Feb 45.

1. This School is in receipt of a proforma dated 22 Feb 45 signed by J/Comd Llewellyn stating that Lt.Col. SIMPSON will give a lecture here on 10 Mar. This was in reply to our SOA.6/4 dated 6 Feb 45.
2. On his last visit to the School on 10 Feb 45 Brig DUNLOP, however, stated that for various reasons Civil Affairs' lectures here would be discontinued for the while and it was assumed that this would also apply to the lecture on this course arranged for 10 Mar. For this period therefore another lecture on another subject has been arranged.
3. It is assumed therefore that your communication of the 22 Feb is cancelled and that the lecture by Lt.Col. SIMPSON will NOT be given on this course.
4. It is very much regretted that this School misunderstood the position relative to this particular date and any inconvenience caused to Lt.Col. SIMPSON is deplored.
5. It is hoped that it will be possible in the near future to have other lectures on Civil Affairs in our programmes in the School of Administration, because these have been very much appreciated both by the students and the Directing Staff. It is hoped that when such lectures are again reintroduced that we shall have the pleasure of a visit from Lt.Col. SIMPSON.

Again with real apologies for our misunderstanding of the position as regards the current course -

My dear

Stone,

With regard to your telegram 7232 of 29 November, I agree that the officers in question would be very valuable at schools of Military Government. However, since your message was sent off, you will have received our Log P 154 of 29 November.

This will involve you in a considerable amount of planning for N.W. Italy; and therefore, before agreeing to your proposal, I should like your assurance that the officers in question can be spared.

If you have any particular officers in mind whom you think could be spared, I shall be very glad to have your recommendations.

Dear Maurice,

46

Your letter of the 21 November telling me about the lecture at the School of Administration, Benevento, arrived while I was away on tour, and I am afraid that there has been some delay in reply. We have however, already telephoned your office to say that I shall be very glad to give the lecture.

My tour last week took me down to Calabria; I was able to see the two ports of Reggio and Crotona, the forestry work in the Sila, and the large electric power plants in the same locality. It was all most interesting.

SUBJECT: Lecture on Civil Affairs for A.M. Staff College at Haifa

(Attn: Brigadier H. S. Lush, Executive Commissioner)

1. The Middle East Staff College at Haifa would like to have a lecture given to them on civil affairs at 1100 hours on 13 October. They ask particularly that the lecture should deal with how the Allied Control Commission takes over from the army and how the Allied Control Commission and the army work together.

2. The complete organization and method of working of the ACC is not known in the Middle East and the provision of a lecturer by you would be much appreciated and of very great help to civil affairs generally.

3. Could you supply the lecturer? I suggest somebody of the standing of Brigadier Upjohn or yourself should give the lecture. We will, of course, ask G-3 Training British to arrange air passages, etc.

When the course for officers was being planned we were asked to provide a lecturer on Civil Affairs.

It was agreed that Lt Col ROWELL should be the first which was given on 29 APR.

The plan for subsequent courses has included his lecture. — The second was given again by Col Rowell on 24 MAY. Roughly 16 days he didn't. He told me himself he had. The third is scheduled for 22 JUN. Lt Col Rowell may not be available so we have asked for his notes and suggestions for a substitute (see 14 & 15).

18 asks for a fourth lecture.

Lt Col Rowell will almost certainly not be available.

I think his lecture should be given whenever it is asked for.

We should therefore look round for someone to give it. He reply has yet been sent to

THE WORK OF ACC IN ITALY

Maj. Driffield-White traced the history of Military Government back to the Roman occupation of Britain, and cited instances from that time to the present. He explained that Military Government was not a new thing, but that this experiment in Allied Military Government was new in that preparations had been made for the civil administration of the country concerned before the occupation began. He stated the desirability of a peaceful and cooperative community to the rear of the fighting forces in order both to relieve them of heavy administrative responsibilities and to ensure maximum possible advantage from local resources.

He gave an outline of the development of military government in Sicily and Italy, stating the reasons for the change from AMGOT to ACC, and explained the relationship between the Italian Government and the Allied Control Commission, defining the areas of responsibility.

A chart was produced on the black board (a copy of which is attached) showing the organization of the Headquarters of Allied Control Commission, and the duties and responsibilities of the various Sections and their subordinate Sub-Commissions were outlined. He drew a very clear distinction between the operating and "housekeeping" sides of the organization, and stated how necessary this latter was for the smooth running of the work of the Allied Control Commission.

Sjt. Packham asked that a slightly more detailed account of the chain of responsibility down to Regions and below might be given, as it would be useful basic information, and that future talks would better fit into the general picture presented at this first lecture.

Maj. Driffield-White then indicated which of the Sub-Commissions at Headquarters were represented at Regional Headquarters level, and mentioned the chain of responsibility down to Provinces. He then drew a comparison between ACC and AMG conditions, pointing out that two Governments could not operate satisfactorily in the same area; therefore in ACC territory the Allies acted only in an advisory capacity.

In answer to a question, Maj. Driffield-White gave the composition of the Advisory Council, which is also shown on the attached chart.

P.P. Packham,
Sjt.

ALLIED CONTROL COMMISSION

Declassified E.O. 12356 Section 3.3/NND No. 785017Ref: 17/6/CA.5th April 1944.

SUBJECT: Lecturers from Public Safety
Sub-Commission to visit M. E. P.

TO : Executive Officer (Br).

1. I attach two letters in original which have come to this office through the Liaison Officer, Mr. A.A.I. The subject originated when this officer recently visited Cairo and was asked whether A.E.C. could provide two lecturers. Major Friend James reported on his return to Brigadier Lush and was instructed to ring up Public Safety Sub-Commission which he did.

2. This seems to be a matter which concerns your Branch. I therefore pass the correspondence to you in original and would be grateful, if you do not already know the names of the two officers who have been selected, if you could get in touch with the Public Safety Sub-Commission. Major Friend James has stated that he would be interested to know their names as well.

1. The location in question is BENEVENTO. The only reliable method of reaching this area at the present moment is by road. The AVELLINO or CASERTA routes are most preferable.
2. Accommodation is at present very limited, but if Major Rowell desires to rest for one night after his lecture every effort will be made to arrange this.
3. Your co-operation is greatly appreciated.

Your assistance is requested in the following project.

1. A "School of Administration" is shortly to open in this theatre. It has as its object the training in Adm duties of potential C.Os., Adjts, Q.Ms. and R.Q.M.Ss.
 2. Instruction in the M.E. (previous location) included a lecture on "Civil Affairs" given by an instructor from that school. It is hoped that you may be able to assist by providing a lecturer on this subject.
 3. The lecture included points as follows :-
 - (a) Outline org of AMG
 - (b) Short account of type of work carried out.
 - (c) Liaison with Units and Plans - How the unit can assist.
 4. The period allotted is of one hour, incl ten mins for questions.
 5. If such a lecturer is available would you please inform me as to whether 1400 hrs on 28 April 44 would be convenient for his visit to this centre.
