1. It is desired to give HQ 1 District and HQ 2 District some idea of the administrative troops which will be available to them when they take over IE and IW ITALY respectively. (This HQ IG 323/064 SACS-0 of 16 Mar refers).

2. The control of M.I.T.L.Y. is likely to fall into two phases :-

(a) The seizure

(b) The subsequent occupation

The former will be an operation controlled by 15 Army Gp; the latter will be the responsibility of HQ 1 and 2 Districts direct to HQ, becoming effective as soon as the rear boundaries of FIFTH and EIGHTH Armies have moved forward.

3. Allocation of combat troops will be made by 15 Army Gp in conformity with events. In order, however, to have some foundation on which to base administrative planning and availabilities, it has been assumed that the following will be the lay-out of BRITISH, U.S., and Dominion divisions when HQ 1 and 2 Districts take over :-

(a) AUSTRIA.

- Three BRITISH Divisions
Three U.S. Divisions

(b) VERZEL. GRILL.

- One Division (possibly Dominion)

THE 100/50

1. It is desired to give HQ 1 District and HQ 2 District some of the administrative troops which will be available to them when they take over NE and NW ITALY respectively. (This HQ LG 323/064 SACCS-0 of 18 War Refers).

2. The control of N.ITALY is likely to fall into two phases :-

- (a) The seizure
- (b) The subsequent occupation

The former will be an operation controlled by 15 Army Gp; the latter will be the responsibility of HQ 1 and 2 Districts direct to HQ, becoming effective as soon as the rear boundaries of FIFTH and EIGHTH Armies have moved forward.

3. Allocation of combat troops will be made by 15 Army Gp in conformity with events. In order, however, to have some foundation on which to base administrative planning and availabilities, it has been assumed that the following will be the lay-out of BRITISH, U.S., and Dominion divisions when HQ 1 and 2 Districts take over :-

- (a) AUSTRIA - Three BRITISH divisions
Three U.S. divisions
- (b) VERONA, GALLI - One division (possibly Dominion)
- (c) N.E. ITALY - NIL
- (d) N.W. ITALY - One and a half BRITISH divisions (including possibly one Dominion Division).
One and a half U.S. divisions.

It is not certain where the remaining U.S., BRITISH, INDIAN, POLISH and ITALIAN formations will be. Depending on the course of the battle, the above formations may be wholly or partly in any or all of the above areas.

4. It is clear that the requirements of all the above areas in respect of administrative troops may fall due almost simultaneously. It has been necessary therefore to review all our commitments conjointly, and spread the allotment of administrative units to cover as much as possible of the requirements in all areas. Planning will therefore be based on the allotments shown in Appendix "A" attached. If requirements do not fall due simultaneously it may be possible to increase allotments.

5. ... units and Gen Tpt Coys have been omitted from Appendix "A" as it is not possible at this stage to make any firm allotment. Instructions will be issued later.

6. It is emphasised that the details in Appendix "A" are given in order to assist HQ 1 District and HQ 2 District to plan. Subsequent events may well cause radical alterations in policy and details. For the same reason availabilities and nominations cannot be given at present, but will be notified at the earliest possible date.

7. Appendix "A" covers BRITISH air units only.

By Command of Field Marshal ALLAN :

FILE NO : IND/313

24 March 1945

SUBJECT : Orders of Battle - N. ITALY and AUSTRIA.

TO : All Concerned.

1. It is necessary to make provision for the Order of Battle requirements of the following four inter-connected commitments :-

(a) N.E. ITALY

(b) N.E. ITALY

(c) AUSTRIA and VENETIA GIGLIA.

(4) Allied Command (AUSTRIA) Disarmament and Disbandment Staff's and Units.

2. There are a number of alternative circumstances in which the requirements will have to be met. The enemy may withdraw into AUSTRIA by stages; in this case the requirements may fall due separately. The enemy may surrender in N. ITALY; if this happens, the requirements of (a), (b) and (d) above may fall due simultaneously, and those of (c) be superimposed shortly afterwards.

3. As it is inevitable that personnel or units will be available from outside this theatre, it must be assumed that these requirements will have to be met from our own resources. Furthermore, since demands may possibly overlap one with another, it is clear that they must all be considered in conjunction.

4. The following draft Orders of Battle are already in existence and are available to addressees as shown below :-

(a) N.E. ITALY. Produced by HQ 2 District under ref 21190(SM) of 20 Feb with amt dated 23 Feb, is forwarded herewith as appx 1.

(b) AUSTRIA. Forwarded under ref IND/397. of 24 Feb 45.

3137

(b) N.S. ITALY

(c) AUSTRIA and ITALY, GERMANY

(d) Allied Commission (AUSMIL) Disarmament and Disarmament Staffs and Units.

There are a number of alternative circumstances in which the requirements will have to be met. The enemy may withdraw into AUSTRIA by stages; in this case the requirements may fall due separately. The enemy may surrender in N. ITALY; if this happens, the requirements of (a), (b) and (c) above may fall due simultaneously, and those of (d) to be superimposed shortly afterwards.

As it is improbable that personnel or units will be available from outside this theatre, it must be assumed that these requirements will have to be met from our own resources. Furthermore, since demands may possibly compete one with another, it is clear that they must all be considered in conjunction.

The following draft Orders of Battle are already in existence and are available to address as shown below :-

(a) N.S. ITALY. Produced by HQ 2 District under ref 2149G(SB) of 20 Feb with unit dated 23 Feb, is forwarded herewith as appx 'A'.

(b) AUSTRIA. Forwarded under ref 188/397L of 24 Feb 45.

(c) Allied Commission (AUSMIL) Staffs and Units. Forwarded herewith as appx 'B'. 1 37 19 3137

Addresses are requested to study in conjunction with the above Orders of Battle, Log Plans paper, Log 177 dated 19 Mar 45, and forward to G-3 (GRC) (B) by 1200 hrs 23 Mar 45 a list of units which they recommend to meet the requirements of N.S. ITALY and AUSTRIA, together with any comments which they consider should consequently be made to the other Orders of Battle. Returns should include a table showing the overall recommendations for all four commitments. Staff Branches are requested to co-ordinate the replies of their respective Services, bearing in mind that plans must be made on the assumption that requirements may have to be met concurrently.
