C30. 30-9-45

Having been advised by telephone that the subject of folio 106 was to be presented to this Commission, I cabled S3AO XIII Corps at folio 101, asking for particulars of the case. AMG XIII Corps, replied at folio 102 saying that they were following AFHQ's letter G-5-944.03 of 23 Aug. 45, not to us. At folio 103 I signalled AFHQ asking for a copy of that letter. Their reply is at folios 107 and 108.

In this case I consider that a copy should automatically have been sent to us. Do you wish a letter drafted to AFHQ on this point, please?

With regard to the letter itself. As the Danish Consul has been in office since 1929, he cannot be considered a "new Consul" vide para 2 of AFHQ letter. I therefore suggest that the Danish Legation be advised to make official application to continue to operate (not open) a Consular Office in Trieste.

Do you concur, please?

LEGATION DE DANEMARK
ROME

⁵²
J. No. Trieste 2.

P. - M.

./, The Danish honorary consul at Trieste, Mr. Harry Katomeris, has reported to this Legation, that the Allied Military Government has asked him to cease to exercise his consular functions. Copy of the Allied Military Government's letter to Consul Katomeris, dated September 12th, is attached hereto. The Legation begs to state, that Mr. Katomeris was appointed Danish Consul in 1929.

With reference to the above, the Legation would appreciate to be informed, which procedure is being desired in this matter, whether the Legation, or eventually the consul himself, should make an application to the Allied Military Government in view of obtaining permission for continued exercise of Mr. Katomeris' functions as Danish honorary consul at Trieste.

Sig. Harry Katomeris,

Trieste.

Dear Sir,

I draw your attention to the fact that consular functions cannot be exercised without approval of the government of the Territory within which it is proposed to perform them.

No such approval has either been applied for or given in your case, and you are therefore advised not to represent in any way that you have any consular powers or are exercising consular functions in this territory. Action will include the removal of all consular signs from buildings and discontinuance of the use of consular letterheads.

It is not intended, during the period ^{from} to the establishment of the Free Territory, to permit the opening of any new consular offices. National property will be left in the hands of a caretaker. Arrangements can be made with this headquarters for the care of national interests.

If special circumstances arise which make it desirable, no objection will be raised to an accredited consul, having offices elsewhere, making an occasional visit to Trieste to transact necessary consular business, subject to individual application to Allied Military Government for the necessary entry permit.

NO. 250

The Honorable
Alexander C. Kirk
U.S. Political Adviser
American Embassy, Rome

Sir:

With reference to my letter No. 238 of April 14, transmitting a list of self-styled Consular authorities in Trieste, I am quoting below the text of AIS Guidance No. 43, dated April 22, 1945. This guidance directs that no AIS medium will refer to these "authorities" in any way until further notice.

"A. BACKGROUND

Lists etc of Consular authorities in Trieste have appeared in the local Press. This list is erroneous and clarification is still awaited as to whom exactly these Consular Authorities, career or honorary, are credited.

"B. INSTRUCTIONS

1. No report, list or announcement will be carried in AIS media on behalf of these Consular authorities until further notice.
2. No advertisement will be carried by AIS newspapers by these gentlemen if and when they use their consular title.
3. Nothing will be done or said in AIS media to constitute Allied Military Government or other recognition of their consular status.
4. As regards Press Office Guidance to other newspapers the answer to all questions is to point out that there has been no announcement of recognition of these Consular authorities by authorized bodies as yet.
5. Special care should be taken over such matters as reports of social functions etc e.g.
'Among those present was Mr. ---, Nicaraguan Consul at Trieste.'

Respectfully yours,

I enclose, as of possible interest, copy of a report which we have received from the representative in Trieste of the U.S. Political Adviser, AFHQ, concerning consular establishments in Trieste.

I am inclined to agree with his view that our position vis-a-vis the French is difficult to reconcile with this list of neutral and ex-enemy consular offices already there.

The Honorable

Sir:

I refer to my letters No. 110 of January 22, 118 of January 28, 121 of February 2, and previous correspondence from Mr. Meester and myself regarding consular representation and offices in Trieste.

In its issue for March 1948, "Il Traffico", a monthly publication dealing with industry and commerce between Trieste and the Central European states, published a list of "consular representatives" at Trieste. I enclose a copy, in translation, of this list. It will be noted that, with the exception of the Swiss Consul, the representatives are described as honorary consuls.

I am informed that the CC AIS has transmitted a copy of this list to the Senior Civil Affairs Officer with a request for a ruling on the authoritative status of these consular authorities as their names and addresses are cropping up in the press world and some guidance to the press is desirable. I am not yet informed of the nature of the SCAG's reply.

I would further refer in this connection to telegram No. 260, dated March 3, from Ampleto, Caserta, to the Department, reporting refusal of a request by the French Government to establish a consular office, or at least consular representation, in Trieste. I am informed that during the recent visit here of the boundary commission, the French representative on that commission raised this matter with officials here. I find it difficult to reconcile refusal of the French request with toleration of individuals who publicly proclaim themselves consular representatives, honorary or otherwise.

Respectfully yours,

Joseph N. Greene, Jr.

I am not yet informed of the nature of the SCAC's reply.

I would further refer in this connection to telegram No. 260, dated March 5, from Anjolet, Caserta, to the Department, reporting refusal of a request by the French Government to establish a consular office, or at least consular representation, in Trieste. I am informed that during the recent visit here of the boundary commission, the French representative on that commission raised this matter with officials here. 10 April 1946

SUBJECT: Italian Yugoslav Relations.

TO : G-5 Section, AFHQ.

1. I discussed your G-5: 333.7/2 of 27 Feb 46 with the United States and British Embassies who are the chief diplomatic representatives through whom Dr. Smolaka would communicate, under your interpretation. I have found however that your directions are at variance with the views of the two Embassies who in turn have received instructions from their Governments.
2. The original terms of Reference of the Allied Commission included a directive to the effect that it would handle relations between the United Nations and the Italian Government in the absence of direct relations between Italy and the individual United Nations. (Admin. Memo 74 of 2 Nov 45).
3. The Yugoslav Government does not have direct relations with the Italian Government and it therefore seems questionable whether the Yugoslav representative could take up problems relating to the Italian Government "through diplomatic channels".
4. I consider that the recommendation made by the British and American Embassies should be followed, viz that problems be referred by the Allied Commission directly to the Yugoslav representative on the Advisory Council for Italy. Such problems etc., could be referred to Dr. Smolaka as Yugoslav representative in Italy and not to the Advisory Council as a body.
5. Moreover, such procedure may be a means, through which the Yugoslavs can, in reciprocity, be induced to take measures in Yugoslavia to the advantage of the Italian Government.
6. In this connection I have received a letter from the British Embassy dated 1 April, copy enclosed, stating that it is the policy of the United States and British Governments to endeavour to promote the resumption of direct relations between Italy and Yugoslavia. In pursuance of this policy the British and United States Ambassadors at Belgrade have recently been instructed to suggest to the Yugoslav authorities that the latter will doubtless wish to arrange with the Italian Government for the continuation of whatever Yugoslav consular

offices they wish to maintain in Italy. This decision has been reached by the Allied Government since the Allied Military authorities in Italy are no longer competent to sanction the continued functioning of consular offices of foreign powers in territory which has been transferred to the Italian Government's administration.

7. The following (other than questions arising out of the Allied occupation of Venezia Giulia) give an indication of matters which need to be transacted between the Italians and Yugoslavs.

- (a) The Italian Government frequently alleges that small Italian vessels are seized on the high seas by the Yugoslavs and retained by them, and that in many cases traces of the crews of these vessels are lost.
- (b) The Yugoslav Government has recently alleged that Italian fishing boats have been contravening the laws regarding fishing in Yugoslav waters.
- (c) The Yugoslavs, on many occasions allege that the Italian Government are wrongfully detaining Yugoslav subjects in prison or concentration camps. The Italian Government on its part, maintains that such individuals are not Yugoslav subjects, or that they are being rightfully detained.

Acting Chief Commissioner.

The British Embassy does not feel that it is justifiable or necessary to put the French Consul at Venice under a greater disability as regards visiting Venezia Giulia than is suffered by private individuals. The request that he should be allowed to visit Trieste from time to time need not, in the British Embassy's opinion, be read as a request for a blanket waiver of the need for a permit, but rather as a request for an assurance that permits for occasional visits will normally be granted.

The British Embassy would certainly expect such permission to be granted to the British Consul General at Milan (who will be in charge of the Trieste Consular district from April 1st.) and recommends that the French consul at Venice should, on the same grounds, be assured of similar treatment.

Monsieur l'Executive Commissioner

O B J E T : Consulat Français à Trieste. 61

En réponse à votre lettre 578/61/EC du 8 Mars 1946,
j'ai l'honneur de vous faire connaître que :

1. Il est toujours dans les intentions du Gouvernement français d'envoyer à Trieste un Consul qui est déjà désigné, dès que les circonstances le permettront.
2. En attendant, les archives du Consulat de France à Trieste seront placées sous la garde d'un Français de la ville, M. RIGASSI, que le Consulat de Suisse emploie officieusement pour la protection des intérêts français.
3. Le Gouvernement Français a décidé de confier à son Consul à Venise les affaires administratives relevant de la circonscription consulaire de Trieste sans que cette dernière soit rattachée à celle de Venise.

En conséquence, je demande que des facilités soient accordées à notre Consul à Venise soit pour aller de temps à autre à Trieste, soit, si cela paraît impossible, pour

Executive Commissioner,
Allied Commission.

MAR 7 1946

I think I have mentioned to you, some time ago, that the Foreign Office had decided to appoint a Consul at Bolzano. The object of this appointment is to enable H.M. Government to keep themselves directly informed of political and other developments in the Province, particularly once the Allied Commission Liaison team is withdrawn. It will also, they feel, afford satisfaction to both the German speaking and Italian speaking population and provide an impartial observer through whom their views can be made known to H.M. Government.

The officer selected for this post is Mr. Keith Melborester who was a former SOI officer at Bergamo. He went to Bolzano at the time of its liberation and he is understood to be respected by both German and Italian speaking elements as having a sympathetic and objective understanding of the problems of both sides. He has now arrived in Rome, having been to England for release from the Army, and he will shortly be proceeding to his post. I am giving him a letter of introduction to Colonel Miller but I think you may wish to send the latter a telegram informing him of the appointment. I have no doubt that Mr. Melborester and Colonel Miller will be able to work in together satisfactorily.

It has been decided to inform the Yugoslav Government that in view of the extent to which the Italian Government has now resumed control of Italian Territory, the Allied authorities are no longer competent to authorize the continued functioning of Yugoslav or Greek consular offices in Italy. These governments are therefore being informed through diplomatic channels that if they desire the continuance of these offices they must make the necessary arrangements with the Italian Government. The Italian Government is also being appropriately notified through diplomatic channels.

TO : Allied Force Headquarters.
Attn: G-5 Section.

1. I have received the attached letter from the French Representative to the Allied Commission and have discussed the request with the US and British Ambassadors.
2. With their agreement I can only recommend that the request be not granted. There is little or no precedent for the appointment of Consuls in AEG territories directly under military command and in what could be justly called, an operational zone: in VERONIA GIULIA the appointment would doubtless lead to applications from the Russian and other Embassies which could scarcely be tolerated. It is also fair to say that the US and British Embassies have been careful not to appoint Consuls and the representatives in VERONIA GIULIA of the Political Advisers at AFHQ have been given instructions to restrict their duties to political advice and not to become involved in consulate duties.
3. I therefore seek your authority to inform the French Representative that the request can not be granted. I should like also to add a refusal to the next request which will be for the French Consul at VERONA to visit VERONIA GIULIA from time to time. This would also create a dangerous precedent.
4. At the same time a decision must be made as to who will take charge of French and other national interests in Zone "A" when the Swiss can no longer take charge of these matters.

Brigadier,
Acting Chief Commissioner.

To: Executive Commissioner
Subject: French Consulate in Trieste

With reference to the request of the French Representative that permission be granted for a French Consul to take up his appointment in Trieste (no. 43), it is my understanding that the United States Political Adviser to AFHQ informed the Department of State on October 1 that SACMED was at that time transmitting instructions to XIII Corps that it is the general policy that no consulate should be opened in Trieste while AMG is functioning, pointing out that British and United States representatives are not being given consular status. SACMED's telegram, as reported by AMPOLAD, Caserta, concludes that nomination of French Consul at Trieste which had previously been made was not approved and XIII Corps is instructed to so advise the French Representative.

I have received no indication of any change in this policy and it is therefore assumed that it will not be possible to grant the request of the French Representative.

Rome 25th January 1946

SUBJECT: French Consulate at Trieste

TO : Executive Commissioner

1. The French Embassy has been informed that the Swiss Consulate at Trieste, which up to the present time has taken care of the Allied Consular interests thereat, will not, after 31st March 1946, be able to carry out this duty.

2. It will be appreciated by the French Government if the Allied authorities give their approval in order that Mr. REMERAND, appointed French Consul at Trieste three months ago, can reassume his post thereat in a near future.

3. It is very important that the a/s Consul take his appointment in Trieste before the discharge of the present management.

Attached is a copy of a memorandum left with the Italian Ministry of Foreign Affairs about the future status and administration of the hitherto diplomatic officials of the former Polish Government in London. It will be seen that these Polish Missions and their personnel will, in so far as they are not yet to be liquidated, be controlled in effect by the British Embassy, together with the welfare services whose temporary maintenance is deemed essential.

2. Mr. A.S. Halford, Second Secretary of this Embassy has been designated to supervise Polish affairs and will be at the Allied Commission's disposal to discuss any points which in the Commission's view require consideration. In the same way the British Embassy trusts that the Commission will be good enough to examine any points raised by Mr. Halford on the Embassy's behalf.

3. The Sub-Commissions most likely to be concerned are:

- (1) The Displaced Persons and Repatriation Sub-Commission which will no doubt have to consider the position of numerous Polish civilians in this connection; and
- (2) The Liaison Division of the Executive Commissioner's Office. It is requested that the latter may forthwith be informed of the withdrawal of all cypher facilities hitherto enjoyed by any of the Polish Missions concerned and instructed to communicate this decision to the appropriate authorities.

8th August, 1945.

A I D S M E M O I R E

As has been publicly announced, an interim Treasury Committee for Polish questions, consisting of officials of the British Treasury and Foreign Office and served by Polish officials experienced in various branches of administration, has been appointed to carry on for the present that part of the administration of the former Polish Government in the United Kingdom which is essential for the welfare of Poles in that country, and for the administration of the Polish armed forces. It is essential that administration of the Polish welfare services abroad should also continue.

When recognition was withdrawn from the Polish Government in London on July 5th, they informed their Missions abroad that their entire personnel was relieved from duty "as from July 31st" and would then receive a gratuity of three months salary. Heads of Missions were told to remain at their posts meanwhile, and to maintain essential services until further notice.

The Polish Embassy in Rome and the Polish Consulate-General in Rome, as well as the Polish Embassy to the Holy See are among the posts which have hitherto been financed from London with funds supplied to the Polish Government by His Majesty's Government. The latter have now taken control and will supervise the liquidation of the affairs of these posts.

The Polish Consulate-General in Rome has been entirely concerned with welfare and other services essential for the maintenance of persons hitherto financially and economically dependent on the London Polish Government. Its staff will therefore be maintained in full for the time being. The two Polish Embassies, however, are to be liquidated as soon as possible, only purely subordinate staff, e.g. an archivist and porters, being retained. All Polish missions and camps, schools, hospitals, etc. administered by the Polish posts in Italy, are now to be regarded as controlled by the interim Treasury Committee pending discussions and agreement with the Polish Provisional Government as to their future.

The Polish posts and staffs to be retained, as described above, will not be described or treated by the British Embassy as diplomatic posts or diplomatic personnel. If the Italian Government sees no objection however, it is proposed that they should have the status of non-diplomatic annexes to the British Embassy, through which, in fact, all their funds and their correspondence with the Treasury Committee will now pass.

Should the Italian Government be agreeable to this arrangement, Mr. Ralford, Second Secretary of this Embassy, will be instructed to discuss with the competent officials of the Ministry of Foreign Affairs any questions of detail that require to be settled in consequence of the altered status of these Polish officials. It is presumed that those others whose services are shortly to be dispensed with will be allowed to remain in Italy as purely private persons until their country of permanent residence is determined.

The foregoing information is being communicated also to the Allied Commission in view of the fact that most of the Poles whose welfare it is desired to ensure by the temporary maintenance of the Polish welfare services are of potential interest to the Allied Commission, Displaced Persons and Repatriation sub-Commission.

It will be observed from this memorandum that the British Embassy proposes, as a matter of convenience, to administer the Polish Embassy to the Holy See as well as the Polish Embassy in Rome, owing to the very small staff of His Majesty's Legation to the Holy See.

Dear Alexander:

Replying to your letter of the 26th,
I shall see that instructions are issued to my
Regional Commissioners to extend the fullest co-
operation to consular officers in the North. I
am sure you and the consuls will understand that
for some time ANG officers will have their hands
rather full, but we should be glad to assist them
in any way we can.

Sincerely,

Dear Ellery:

As an extension of the practice established in your letter of April 9, 1945 with respect to the interchange of information between this Embassy and the several Subcommissions of the Allied Commission, I should like to suggest that a similar degree of cooperation be recommended, if you perceive no objection, between Regional Offices of AAC in forward areas and American consular establishments in those districts.

The American Consul at Florence, and later the Consuls General at Genoa, Milan and other cities, must of course depend heavily upon the Regional Offices in those areas for information concerning conditions in their consular districts. I should be grateful, therefore, if Civil Affairs officers in those regions could be informed of our needs and could extend their cooperation in matters relating to citizenship, economic and other questions.

Sincerely yours,

/s/ A. KIRK

SUBJECT: Information for Commercial Counsellors.

TO: Acting Vice President, Economic Section.
(FROM: Acting Executive Commissioner)

APR - 9 1945

1. Messrs. Livingood and Nosworthy, as Commercial Counsellors of the American and British Embassies respectively, should be supplied with all information of an economic or financial character which might be of interest to their two governments.

2. This instruction will be given orally to the Heads of Sub-Commissions affected.

3. In the same manner, papers likely to be of interest to the two governments on these subjects should be made available normally to the Commercial Counsellors for information.

4. Wherever possible, notice should be given of important meetings which the two Commercial Counsellors should be asked to attend.
