This seems to be an attempt to be in part of the
front. to establish their formal position in anticipation
of a French ~~statement~~ action in Piedmont. I will send
copies should be sent to A.F.H.R. and to the Embassy for
the two fronts. I do not think it calls for any reply.

TRANSLATION NO. 900

UNIONE DEMOCRATICA FEDERALISTA
DELLA LIGURIA INTERMEDIA

Ventimiglia, 28 August 45

SEP 17 1945

TO: COMANDANTE DELL'AMC
ROME

We are forwarding the appeal which the people of Liguria Intemelia decided to send to the Governments of Italy, France and the Allied Nations in order that the vital question of the reunification of the Roia basin will be resolved in the coming Italy-French peace treaty.

We wish to express our desire that the plan drawn up by us will be examined in the next conference of the Ministers of Foreign Affairs for the treaty of peace between Italy and France.

We trust that the Allied Military Government will examine the project objectively and support it as it is the sole solution which can conciliate all the divergent interests and place the relations between Italy and France for said question on a basis of common and lasting understanding.

HH.

Yours sincerely

The app. plan is at enclosed, but I suspect that it is the one that was received at the Embassy some days ago from this group & was forwarded & signed by H/C. Western Dept.

I don't think any action is required here, just from a simple ack.
