SUBJECT : Discharge of U.S. Military Personnel
in Italy
TO : AFHQ (G-5)

1. Reference your G-5 : 210.85-4 dated 19 September 1945, and previous correspondence, the Italian Government has now stated its position in this matter.

2. The Italian Government has proposed that the rules and procedure agreed upon with the British Embassy for the discharge in Italy of members of the British Armed Forces should be similarly adopted by the United States Embassy for the discharge of members of the United States Armed Forces.

3. This Headquarters is informed that the procedure adopted for British personnel provides that the Italian Government be informed of certain specified data, such as the name and surname, date and place of birth of the applicant for discharge and the reasons why he wishes to establish himself in Italy. It is also required that the Italian Government be given assurances as to the applicant's means of support.

4. It is understood by this Headquarters that the procedure for the local release of British Military personnel is as follows :

- (a) a soldier desiring release in Italy applies to his C.O. who provides him with a special form put out by G-1(B), AFHQ ;
- (b) the completed form is sent to G-1(B), AFHQ ;
- (c) G-1(B), AFHQ, send the form to the British Embassy ;
- (d) the British Embassy take up the application with the Italian Government ;
- (e) upon the Italian Government approving the application, ^{b5} Inform the Embassy, which transmits this information through channels to the man's unit so that release can proceed.
- (f) at the same time, the Italian Government informs the Prefect of the Province in which the applicant proposes to establish himself :

6. It is suggested that contact be made with G-1(B), AFHQ for the purpose of obtaining a fuller explanation of the procedure already in practice for the release in Italy of British Military personnel. On the basis of the information
