For your information the average weekly figure for the last 2 months of foreign representatives drawing from British Sources has been

It is not possible to determine the exact figure for the British Delegation but it is suggested that this would cancel the U.S. Delegation's figure.

From this it will be seen that the British Supply a little over half the entitled personnel with ration.

With reference to the recent conversation between Col. Battersby and Capt. These dollars or dollar instruments are required in order that PX. supplies may be purchased and the sum of \$ 250 represents \$ 6 per head per week, the normal amount of a weeks issue of PX. stores, thus reducing the risk of the dollars finding their way to the black market.

SUBJECT: Payment for P.X. Rations.

TO : All Representatives, A.C.I.
All Foreign Representatives A.C.

As you will no doubt be aware the United States Army Authorities have introduced a "Script Dollar" form of Currency in all theatres where U.S. troops are stationed.

These "Script Dollars" are the only type of currency acceptable in any U.S. Army installation including the Army Exchange stores.

This necessitates the use of "Script" by all purchasers of P.X. Rations from the Road P.X., and to facilitate this arrangements have been made for U.S. Dollars to be exchanged at the 47th U.S. Finance Office, A.C. Building at any time.

Arrangements to obtain U.S. Dollars should be made through normal banking channels.
