In view of a series of difficulties regarding our vehicles your assistance is kindly requested in the following matter:

1. The vehicle used by me "Buick" S 1940, Model 51, HQ.AC No. 2130, is at present out of order due to the damage of water & petrol pumps. There is an urgent need to substitute these parts in order that the vehicle could be put in good running conditions once more.
2. Another of our vehicles "Lancia", HQ.AC.No. 2103, cannot be used either, because the tires are completely worn out. Altogether 5 new tires are required. The size of the tires normally used for this vehicle is 14 x 45, but tires can be replaced by jeep-tires (size 6 x 16). New tires can be provided by the Supergarage with a proper authorization.

I would greatly appreciate it if you could assist in solving as soon as possible the above-mentioned transport problems.
