Spoke to Mr. Secretary Belgian Embassy. 4 note re: on former state visit to the House of Commons to the Belgian Embassy. 20/12 5 PM

The Belgian Embassy presents its compliments to the Allied Commission and has the honour to submit the following case:

At the commemorative exhibition of Leonardo da Vinci, in Milan, in 1939, three pictures by this artist, property of the Royal Museum of Fine Arts in Belgium, were exposed.

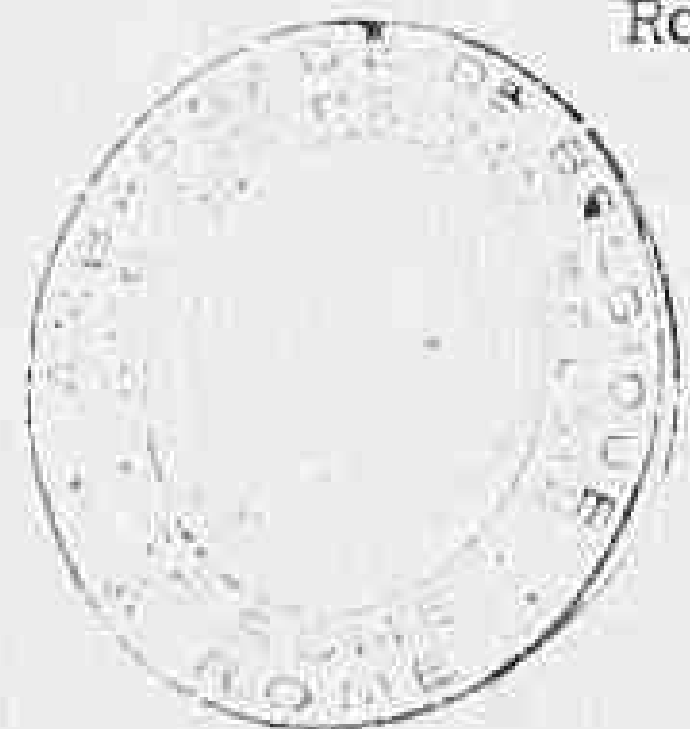

These paintings are still in deposit with Mr Baroni, director of the Milan Museum, who received them in trust from the Allied Commission after the latter had taken them back from the Germans.

Mr. Baroni, who has been requested to return the paintings to the Belgian Museum, wants a permit from the "Property Control Office" by which he was entrusted with the pictures and to which he signed a receipt.

As the offices of Property Control no longer exist in Milan, the Belgian Embassy would be grateful to the Allied Commission, to give to Mr. Baroni the necessary permit to allow the return to Belgium of the aforesaid paintings.

Don Guido Colonna, in the few days since he has taken up his post, has demonstrated that he will be a most acceptable replacement for Dr. Bombassei.

I wish to take this opportunity to express my deep appreciation of the most valuable collaboration which Dr. Bombassei has given to the Allied Commission from the date of his appointment. I have recommended him for an American decoration in recognition of his splendid services and trust that it may be awarded him before long.

I refer to my letter no. 699/141/80 dated 15 November 1946 and am happy to state that the United States Authorities too have given authority for Mrs Ybert to be located at the U.S. "Station Hospital", Rome.

The U.S. Station Hospital is fully equipped for this type of work and has on its staff a well-trained obstetrician.

In view of this you may wish to utilize the U.S. rather than the British Hospital but in either case it is recommended that Mrs Ybert contact the obstetrician at the chosen hospital as soon as possible to allow for adequate prenatal examination and such prenatal care as may be necessary.

I enclose a copy of the authority in case it is requested.

Ref. 699/131/EC

22 October 1946

Dear Mr. Rogov,

I have been advised by the Russian Representative to the Allied Commission to contact you with regard to obtaining some Russian orchestral music on behalf of Headquarters MEXIA who are organising a goodwill concert tour for Allied Occupation troops in Germany, Austria and Italy.

The musical scores requested are Shostakovich symphonies No. 8 and No. 9, and Gliere symphony No. 3 in B minor. The parts necessary for the performance of each of the above mentioned works are: 1 conductor's score; 2 1st violin parts; 3 2nd violin parts; 6 cello parts; 5 contrabass parts; plus necessary woodwind, brass, tympany, full percussion and double harp parts.

It would be greatly appreciated if you could possibly obtain these orchestral parts and if necessary send for them to Moscow as the goodwill tour is being launched in the interest of inter-Allied cultural relationships and it is very much desired to include the works of these two contemporary Russian composers.

Yours very truly,

N. W. HIND-SMITH

I am sorry to disturb you again, but I have suffered and I am still suffering heavy losses that my generosity did not deserve. It is a year now that on the land of my propriety located at Livergnano (Commune of Pianoro) has been erected a War Memorial to the deaths of the 361 Infantry of the U.S. Army. Meanwhile the promoters of the erection of such Monument (Captain Wanderpool and others) have gone back to their country, leaving it uncomplete, after having damaged the surrounding land and destroyed the hedges. I've written not less than 20 letters to the Hqs of the U.S. Army here in Bologna without any reply.....

The three quintals of barbed wire promised me by Captain Wanderpool for the substitution of the destroyed hedges have not been consigned to me as yet.

In this way my generosity has been rewarded.....
To my letter dated 15 May (registered No.1197) addressed to Your Excellency has been replied with the attached letter. After that I have not known anything else.

I cannot wait any longer because the vineyards around the Monument (partly ruined because of the works) are open places as a consequence of the destroying of the hedges and nobody seems able to give me the necessary barbed wire promised at the presence of testimonies at the Prefettura of Bologna.

If within a month from today I'm not supplied with these 3 quintals of barbed wire here at the place where the War Memorial has been erected, I'll claim - no doubt - the payment of the value of the land occupied for which nobody has given me a single penny. Otherwise I'll inform by letter the US President and will turn the matter up to our Courts so that I'll be allowed (as proprietor of the land) to completely dispose of it.

I'm sorry to expose my decisions to you but I've been waiting a full year for the keeping of the promises made to me and I think it is enough.

Devotedly

A S. E. l'Ammiraglio
ELLERJ S. NE - Presidente della

Mi dispiace di tediarla ancora ma io ho subito e sto subendo danni che la mia generosità non meritava. E' da un anno che sul terreno di mia proprietà in LIVERGNANO (Comune di Pianoro) è stato eretto il monumento ai Caduti del 361 Fanteria dell'Esercito degli Stati Uniti. Intanto i promotori della erezione del monumento (Capitano WANDERPOOL del 4°) se ne sono tornati in patria, lasciando detto monumento incompleto dopo avermi danneggiato il terreno circostante e distrutte le siepi d'intorno. HO SCRITTO NON MENO DI VENTI LETTERE AI COMANDI DELL'ESERCITO STATUNITENSE QUI IN BOLOGNA SENZA OTTENERE NULLA!!!!!!- I 3 quintali circa di filo di ferro spinato promessomi dal Capitano WANDERPOOL per sostituire le siepi distrutte non mi sono ancora stati consegnati!!!! -

Così è stata compensata la mia generosità !!!- Alla lettera mia del 15 maggio corrente anno (raccomandata n. 1197) diretta a Vostra Eccellenza è stato risposto colla lettera unita che accludo; poi non ho saputo più nulla.

Mi è impossibile attendere ancora perché i vigneti vicino al monumento (in parte rovinati dai lavori) sono scoperti per devastazione delle siepi che nessuno ha pensato a sostituire; e nemmeno mi si dà il filo spinato promessomi in presenza di testi qui in Bologna nei locali della Prefettura.

Se entro un mese da oggi detti tre quintali di filo di ferro spinato non

mi verranno forniti sul luogo del monumento si provvederà non ne dubito a pagarmi il valore del terreno di mia proprietà occupato, e il quale nessun mi ha dato un solo centesimo. Venendosi a nessuna di queste due soluzioni io informerò per lettera il Presidente degli Stati Uniti d'America S.Eccellenza TRUMAN poi mi rivolgerò ai nostri Tribunali perché dichiarino (quale proprietario del terreno) la completa disponibilità di esso.

Mi rincresce di esporre a Vostra Eccellenza queste mie ferme decisioni ma ha atteso un anno il mantenimento delle promesse fattemi e non posso ancora pazientare.

Con ogni devoto ossequio mi professo

The office of Military Government for Bavaria reveals the following facts referring to your demand in this above mentioned matter:

a. Four wagon-loads of records and files originating from the Ministry of Italian Africa were directed to Dillingen, Bavaria, via Bismarck-Leipa (Czechoslovakia) in the autumn of 1944. In Dillingen the records were placed in the care of the former German Major Brennflock at the Ludwig-Kasernen, where they remained until the early days of April 1945. No furniture or personal baggage ever reached Dillingen.

b. Upon orders of high German authorities and the Revolutionsrat Deutscher General in Italy, on 4 April 1945 Brennflock dispatched two wagon-loads of the most important material from Dillingen toward the Brenner Pass. They were addressed to the Ministero Africa Orientale Italiana, and destined for a village on Lake Como. However, since all the covering documents of this equipment were destroyed at Dillingen, more definite information can not be furnished.

c. The two remaining loads of Italian material were still stored at the Ludwig Kasernen was occupied by displaced Poles and Russians, and it has been ascertained that the remaining Italian material was Archives, Furniture and other Property of Ministry for Italian Africa, NO 007 (R55/AFIA), GMRB, 29 May 46.

completely burned by the DP's between April and September 1945. An inspection of the Ludwigkasernen on 16 May 1946 revealed that absolutely nothing remained.

Dear Monsignor,

75

In answer to your letter N. 127242/SA of the 4th June.

The granting of Venezia Giulia exit permits is no longer one of the functions of this office for Italian civilians.

You should advise Mrs Giovanna Grabyan to apply to the Quastura at Gorizia for an exit permit from Venezia Giulia.

Yours sincerely,

TO : Admiral Stone,

BOLOGNA.

MAY 20 1946

N.R.

Writer requests a reply to his letter of 12 April in which he stated that he gave permission for the erection of a War Memorial to the soldiers of the 361 Infantry on his property in Idvergano (Bologna). Capt. WINDERTOP, Chaplain to the 361 Inf., promised that they would erect a metal barrier in place of the hedges they would have to cut down. A year has passed and this has not yet taken place, despite his requests to the American Hq in Bologna that they should at least give him a little barbed wire. Writer offered the land as a donation, but according to Italian law it is his own property, and if he is forced to enclose it at his own expense, he will take it back. If the promises made to him are carried out he will abide by his own promise.

Eccellenza,

Nessun risposta mi é pervenuta alla lettera da me diretta a Vostra Eccellenza il 18 aprile, nella quale esponevo che avendo io permessa la erezione del monumento ai Caduti del 361 Fanteria in Livergnano (Bologna) su terreno di mia proprietà, non si é ancora (dopo un anno) ~~ancora~~ adempito alla promessa fatta mi in presenza di testi dal Capitano WANDERPOOL (Cappellano militare del 361 Fanteria) di sostituire con siepe metallica le siepi che verrebbero abbattute.

Io ho subita una vera devastazione nei vigneti attui al monumento e sono riuscite vane le richieste da me rivolte al Comandi di truppe americane in Bologna (Piazza ROOSWEL) perché mi si desse almeno un po' di filo spinato per sostituire le siepi abbattute. Dopo quanto é avvenuto dichiaro che, potendo tornare indietro, non avrei permesso con tanta correntezza la erezione del monumento senza adeguate garanzie o senza il pagamento del valore del terreno!!!-

Se dovrò a mie spese provvedere a recingere i miei terreni senza che, non dico la promessa siepe metallica, ma nemmeno mi sia dato il filo spinato necessario mi rifiuto ~~alla~~ la stipulazione dell'atto di donazione del terreno sul quale sorge il monumento. Datto terreno resterà di conseguenza di mia assoluta proprietà colle conseguenze e i diritti che le leggi italiane conferiscono in proposito. Io manterrò la parola se verranno prima adempite le promesse fattemi.

~~~~~  
Donare il terreno e subire i danni anche delle siepi abbattute é troppo.

può essere interpellato sugli impegni presi meco.

Si mantengano questi impegni ed io manterrò i miei.

Con ogni deferente ossequio mi professo

The Directorate General of Monks Camaldolesi (Casentino) informed the President, that the Allied HQ was ready to give them a truck and a tractor as reward for the contribution given by these monks to the Allied Cause. Besides other things this Monastery, during the German occupation gave hospitality to several British Generals. The monks pointed out that the a/m HQ is desirous of the concurrence of the Italian government to the above assignment.

In order to facilitate the matter for the monks Camaldolesi it is asked to inform the Allied HQ that this Ministry is entirely favourable at the a/m assignment and begs the HQ to speed up the matter.

## APPUNTO PER IL DOTTOR COMBASSETI

La Procura Generale dei Monaci Camaldolesi (Casentino), ha fatto presente al Presidente che il Quartiere Generale Alleato, in segno di riconoscimento del contributo dato da quei Padri alla Causa Alleata (nel Monastero furono, fra l'altro, ospitati in periodo clandestino alcuni generali britannici) sarebbe disposto a donare loro un camion ed un trattore.

Il predetto Quartier Generale desidera però - a quanto fanno presente i Padri - un consenso alla cessione, da parte governativa italiana.

Al fine di venire incontro alla aspirazione dei Frati di Camaldoli, si prega voler cortesemente comunicare al Quartier Generale Alleato che questo Ministero è pienamente favorevole alla preposta operazione di cessione e rivolge anzi le sue premure al Quartier Generale stesso affinché la pratica abbia sollecito corso.

Dear Monsigneur Carroll,

In reply to your N. 113108/SA of 21 January 1946 requesting the removal of the ammunition stores in the vicinity of the city of Aversa the head quarters concerned informs as follows:

" That there presently remain, in certain areas in Italy, stores of ammunition and other military supplies, is an unavoidable aftermath of the recent war. Ammunition and explosives, due to their hazardous nature, cannot safely be moved or stored in great quantities, as may other types of supplies, but must be stored in widely scattered stacks, and transported in relatively small quantities.

In spite of limitations as mentioned in paragraph 1, well over half of all U.S. ammunition which remained in Italy at the cessation of the war with Japan has been shipped out of Italy as of this date. Removal of all remaining ammunition now on hand in U.S. depots, with the exception of a relatively small quantity to be retained for the occupational forces, is proceeding as rapidly as safety will permit. It is hoped that the depot at Aversa will be completely cleared by the end of this spring.

It is here desired to reiterate a point which has frequently been voiced by this base section, in the hope that the honest, public spirited Italian citizens will take action to assist in the general effort for safety. A certain minority group of Italians of unscrupulous motive, in the vicinity of such ammunition depot, has engaged in the willful disassembly of ammunition to obtain certain valuable materials such as brass, fabric and fuel, for sale on the black market. In so doing, these thieves invariably add materially to the ever present hazard of fire and explosion by scattering gunpowder and similar material. To date, punishment meted out by the Italian civil authorities in the case of ammunition thieves delivered into their hands has been most inadequate. A typical sentence in the case of theft or destruction of U.S. ammunition worth thousands of dollars has been a 1000 lire fine, or perhaps a few days imprisonment. If the Italian courts could be induced to regard the ammunition thief in his true light as a menace to public safety, it is believed that proper punishment of such criminals might deter many others from this dangerous crime, during the time required for our safe removal of all remaining ammunition from Italy."

Sincerely,

VICTOR L. ODDI

MEMORANDUM FOR THE ALLIED COMMISSION

Subject: Caravallo Armando - Sale of Motor-truck.

1. Armando Caravallo, a former resident of Mogadiscio (Italian Somaliland) was recruited in the Italian Air Force in 1940 and captured by the Allies in Adis Ababa on April, 6th, 1941. He was thereafter a prisoner of war in Kenya up to June 1945 and has now returned to Italy.

2. On February 22nd, 1941 a/m entrusted a Chevrolet motor-truck belonging to him to the custody of Aniello Amarante, a resident of Merca (Somaliland).

3. Caravallo wrote from the Concentration Camp to Amarante enquiring what became of the truck, eliciting the reply that it was advisable to sell same to prevent its deterioration.

4. On November 16th, 1942 Caravallo sent a Power of Attorney to Amarante authorizing him to sell the truck.

5. Not having further heard from him, Caravallo asked the intervention of the Italian Red Cross of Somalia which on 25th, 1945 informed him that to repossess the truck they needed his Power of Attorney.

6. On January 18th, 1944, Caravallo sent a Power of Attorney to Francesco Beero, the President of the Italian Red Cross Committee in Somalia, revoking the previous one issued in favour of Amarante, and authorizing a public auction sale of the truck.

7. On May 20th, 1944 Beero wrote to Caravallo that the matter had been referred to the Comptroller of Enemy Property and that further communications would have followed.

8. In spite of his repeated attempts to get in touch with the Red Cross, no further word was received and Caravallo is anxious to know whether the truck has been sold and in the affirmative.

as possible, in order to join the American Armed Forces and then go to America.

I would be very proud to serve the American Armed Forces, and particularly the Police. The point is that I am an Italian subject, but have never been in the Italian Armed Forces yet. I was born in Sicily on Sept 16th, 1923, and had to join the Italian Air Force in December 1943 and go to an Officers' Course, but I produced appropriate documents certifying I was still at school, nearly getting a degree, otherwise I had to expect the papers in April 1943. Then the invasion came on and I remained a civilian.

Now I think, I should join the Italian Army or Air Force on March 28th, 1946, and go to an Officers' Course, But I would be very glad if I could be enlisted as a volunteer in the American Armed Forces, and in this case this letter could be considered as an application, otherwise I think I will not be in time to make a new application before receiving the papers for the Italian Army, if I should get any.

I have got all the merits to join the United States Army; I am fit, speak very good English, fairly good French, and of course Italian, and come from a very good family, respectable and well known.

The only obstacle against me would be my Italian citizenship, but I would accept or better apply for the American nationality.

I have been working in the British Military Police for about 18 months, and my father has been in the Italian Police (Guardia di Finanza) for 25 years, from 1900 until 1925, year when he went for pension. This will show you that my relations have had and still have a good conduct. I hope you want to test me, and satisfy my great wish to join the glorious United States Forces.

Sir, will you then explain to me, please, how otherwise I should manage to make such an application? What a fortune! Some people who cannot speak English, but who were born in America, have joined the American Army, and therefore why couldn't I? I would be proud to be an American soldier or policeman. Why wasn't I born in America? I have got some relations in America, and I think two cousins of mine are serving in the United States Army. One of my uncles is an American citizen, but at present he is in Sicily and hopes to go back to America as soon as possible.

Your letter addressed to the Supreme Allied Commander A.F.S. was referred to this Headquarters for consideration with the request that, if possible, employment be given you.

The G-1 officer in charge of employing civilians to whom your request was forwarded has pointed out that this Headquarters is no longer hiring but on the contrary has had to discharge many employees due to the continual contraction of this Headquarters.

It is advised that expanding organizations such as UNRRA, Via Doria - Rome, should offer great possibilities.

C O P Y

Sir,

As Captain of the Royal Yugoslav Navy I served in this Navy until August of this year when the ships were handed over to the Belgrad Government. Of the officers  $\frac{1}{2}$  only returned into the country,  $\frac{3}{4}$  of them preferred to remain abroad. I was one of them and am the senior of the officers remaining in Italy. We are obliged to stay abroad until the conditions of Home undergo a change, at least a change of such a way that one may be sure to live without fear and to remain alive. This sort of freedom from fear, security or guarantee doesn't exist now. I don't know if a change will take place in the near future, if it will last a long while or if a change will take place at all.

I stay under the pressure of the reality of the life and am obliged to care for my existence. So I apply to you, Sir, with the request to help me to find an employment, for the finding of a job is less a question of qualities and ability than a matter of recommendation and connections because there are many in the same condition as I am.

I speak besides Slovene (my native tongue) and Serbocroate also English, French, Italian and German, all three last languages almost perfectly. As to the English it is not perfect yet for the moment but should I have the opportunity of practice I shall acquire a fluent command in very short time.

I appeal to you, Sir, because I hope that you will have as soldier's understanding for another soldier who - owing to the political circumstances of his country, found himself in a difficult situation. Please to consider this letter as what it is really i.e. an appeal on the part of a man who strives hard and honestly for a way out of his difficult position.

I am, Sir, your most obedient servant

British Mission here has agreed to fly in the oil provided we can arrange for its procurement in Italy. It therefore request that your office procure the oil through the us rep in Vatican city. Turn same over to air of British representation on your control commission, who should arrange for pickup by British air transport for delivery in Bucharest. I would appreciate your comments as to whether such procedure is possible.

Dear Captain Oddi:

The Secretariat of State of His Holiness takes the liberty to request that you recommend to the competent Allied Authorities the petition of His Eminence Raffaello Carlo Cardinal Rossi, Secretary of the Sacred Concistorial Congregation for the removal of ammunition stores in the vicinity of the city of Aversa.

In his request His Eminence states that he has been informed by Bishop Teutonico of Aversa that, as a result of repeated explosions on August 15 and November 30 of 1945 of large quantities of ammunition stored on the outskirts of Aversa grave damage was done both to life and property of the inhabitants of the city. The Cathedral itself, the episcopal residence and diocesan seminary and the chancery office were seriously damaged; every church in the city suffered static and artistic damage and some of them had to be closed to the public.

I have in my camp a very good specimen of an African Lioness. She is now about 12 months old, and has been in my possession since she was 4 months old.

2. If possible, I should be very pleased to present this Lioness to any Zoological Gardens in Italy. My reason for suggesting this is that she has been in charge of an Italian PW Officer since her arrival.

3. This Officer has complete control of the Lioness, and has had previous experience with wild animals. In civilian life he was a Ship's Officer on Italian passenger ships, and would, therefore, be quite capable of looking after the Lioness on the voyage.

4. If this could be arranged, with your kind assistance, it would be necessary for a recommendation to be made for this Italian Officer, No. 457 Lieut. Mantelli, to escort the animal to its destination.

5. A reply by airmail would be much appreciated.

C A S E R T A

With further reference to my letter dated 2nd inst, to let you know that in consequence of further inquiries tending to find your file as to your request about the price of the ply wood, of which was asked, has answered under the date of the 13th of December 1945, No. 12821 to the

Cap. MORRIS Jones

D.W.

A.F.H.Q.

C.M.F

that the price of ply wood is Lit 360 at sq. m. for the pieces 3mm. thick and Lit 600 at sq. m. for pieces 5 mm. thick, what means that in both cases it was valued at Lt. Lit 120.000 at cub.m., thus without any specification of the ply wood quality.

As the ply wood that I supplied is of the best quality (beechwood of Croatia), the same price is logically higher.

Awaiting your kind answer on the matter I am, dear Sirs Yours

C A S E R T A

In consequence of what I learned on December 29th ult. from Sgt Rowly as to my file of the ply wood, that I delivered in last January to the Directorate of Works (Finance), H.Q. 15 Army Group (BS) Rear c/o RAAC (Capt. Borger), namely that Office has asked the Italian Ministry of Treasury for the current price of said goods, I have been this morning to the above mentioned Ministry to solicit the file.

Notwithstanding the many researches, it was not possible to find said file, on account of which I beg you to let me know exactly to what Italian Office the file was sent (or the letter of inquiry), so that I may solicit its settlement.

Anyhow I think it necessary to bring into evidence that I cannot understand how it is possible to make inquiry about the price to pay, if I myself on account of express and urging request of the Directorate of Works (Finance) HQ 15 Army Group (BS) Rear was asked to purchase the ply wood at a quite known price, fixed in full accordance with Cpt. Borger, as it appears from the order, which he gave me by letter on December 29th 1944 and which that Command knows very well.

Looking forward a kind reply, I am, dear Sirs yours,

/s/ Borra Aldo

The above mentioned is the son of the late Chief Rabbi of Lemberg (Lwow), who was murdered by the Nazis on their entry to that town. The son is now here in Rome and wishes to recover two manuscripts of his father's work which were deposited by him with the Archbishop Andreas SZEPTYKI in Lemberg. This Archbishop has since died, but his brother PROTOHUMEN Klemens SZEPTYKI, Chief of the ORDEN STUDITEN, Yura Platz 5, Lemberg., is able to verify this matter. The manuscripts are to be found in the archives of O.HRYCAT.

It is requested, please, that through Vatican circles contact be made with appropriate persons so as to recover the documents and forward them through your channels to me for handing over to the son of the late Chief Rabbi. It is felt that this will be the safest way of restoring the M.S.S., to their rightful owner. Your assistance in this matter will be much appreciated.
