SUBJECT: Miss Laurence Guiseisse
entry into Italy.

TO : Italian Ministry of Foreign Affairs.

A/COMB Sydney George Carpenter, 7016845, of Regiment I.I.R., a Canadian and member of the British Armed Forces has received military permission to marry after April 6 a mademoiselle Laurence Guiseisse, a French citizen whose address is 29 Rue Charles de Gaulle, Tunis.

The sergeant is to leave in a few days for Tunis to marry Mademoiselle Guiseisse and desires to bring her back with him by air.

Since Allied Force permits are no longer valid and no Italian Consulate is as yet operating in Tunisia, it is kindly requested that some special means be employed in this meritorious case.

It is suggested that a letter from your Ministry be issued to the sergeant authorizing his wife's entry into Italy so that on arriving in Italy the young lady can present it to the Italian visa control agents at the airport. Immediately upon arrival, she will present herself to the visa department of your Ministry in order to regularize her entry.

Dear Captain Tunnard,

With reference to our telephone conversation this morning I enclose herewith a copy of a letter from an Austrian Dr. Gorlitzer at New Delhi asking permission to enter Italy.

2. We are informed that his object in coming to Italy is to endeavour from here to return to Austria to resume work as a Doctor. Before the Anschluss he was the head of a big hospital in Vienna, but being a friend of Schuschnigg he was obliged to leave his country, and eventually settled in India where he is well-known to the Archbishop of New Delhi, and has achieved a brilliant reputation.

3. As you suggest, it would therefore seem advisable first to request clearance for him into Austria, and only when this has been obtained to ask for a transit visa for Italy.

4. I should therefore be grateful if you could let me know whether clearance for Austria can be granted.

Yours sincerely,

Dear Lady Winefride,

It is very kind of you to take so much trouble for my sake, your suggestion for me to go to Rome is excellent and I shall be most grateful, if you could write to the British Minister at the Vatican Sir D'Arcy Osborne. It would be a long procedure from here as I must get the permission from the Allied military Control Commission to enter Italy. If you can approach the British Minister at the Vatican, he will get this permission more easily. Ask him, please, when he has got the permission kindly to telegraph or write to the Secretary, External Affairs Department, Government of India, New Delhi (telegram address: Foreign, New Delhi). On receipt of this the Secretary, External Affairs Department, New Delhi will endorse my letter of Identity-certificate, which is given to me by him, the number of which is 814, dated 24.4.1945.

In order to post this letter as soon as possible I close now with many thanks for your help.

Dear Mr. McK. Key,

I am replying to your letter of 29 March 1946, addressed to Admiral Stone, in which you enquire about the documentary permission required for entry into Italy from countries where no Italian Diplomatic or Consular representation exists.

With effect from 25 March 1946, the Italian Government has reassumed responsibility for control of entry into Italy and it is therefore suggested that the matter be taken up by the American Embassy directly with the Italian Ministry of Foreign Affairs.

It is understood, however, that the Egyptian Government has agreed to accept an Italian Diplomatic Representative who will be authorized to issue visas. It is expected that this official of the Italian Ministry of Foreign Affairs will leave for Cairo at about the end of the present month.

My dear Admiral Stone:

I enclose paraphrases of telegrams exchanged between this Embassy and the American Legation at Cairo relative to the abolition of the Military Permit System as it affects the entry of persons into Italy from countries such as Egypt where no Italian Diplomatic or Consular representation exists.

From the enclosed paraphrases, which are believed to be self-explanatory, it will be noted that the American Legation at Cairo has requested specific information, now that it is not possible to obtain either Allied Force Permits or Italian visas in Egypt, regarding what documentary permission, if any, will henceforth be required of persons who are traveling from that country to the United States by air and who would be transient at Italian airfields until their onward flight would be resumed.

While the enclosed message from the Legation refers to the passenger traffic of Transcontinental-World Airways, it is presumed that civilians also entering Italy on Allied military aircraft from countries such as Egypt where it is not possible to obtain Italian visas will be similarly affected. I should, therefore, greatly appreciate urgently receiving from you a precise indication of the regulations which have been established with respect to the required documentation of civilians entering Italy in transient air travel status so that appropriate information may be given the Legation at Cairo and to American missions

PARAPHRASE OF TELEGRAM

From: American Embassy, Rome

March 16, 1946.

Repeated to Amgled, Caserta,
and Department of State, Washington.

In answer to your enquiry, you are advised that either Theater Permits issued by appropriate Military Permit issuing officials or Italian passports or visas issued by Italian Consular officers are required of civilians entering Italy. Persons in Egypt should obtain Permits through C.M.F. Cairo, since there exists no Italian representation from which passports or visas may be obtained. It is understood, however, that the Theater Permit System will be abolished on or about March 25th. However, applications for Theater Permits made at C.M.F. prior to the date of the discontinuance of the system will be acted upon. Thereafter, the entry of civilians into Italy will depend upon their being able to obtain appropriate documentation from Italian Consular officers or possibly upon presentation of their requests to enter Italy through foreign diplomatic channels to the Italian Government.

Restoration of normal diplomatic and Consular representation between countries, such as Egypt, and Italy which has not yet occurred should be expedited by the development of this situation. Only the cases of American civilians who happen to be in areas where there is no Italian diplomatic or Consular representation and whose entry into Italy is important or urgent will be presented by this Embassy to the Italian Government. Advice should be given American citizens who are proceeding to countries which have not resumed relations with Italy and who eventually intend to proceed to Italy, that they should obtain their Italian visas in the United States or in other areas where Italian diplomatic or Consular offices have been established.

PARAPHRASE OF TELEGRAM

From: American Legation, Cairo

March 21, 1946.

To : American Embassy, Rome

Beginning the first part of the month of April, Transcontinental-World Airways expects to initiate a regular service to the United States from Cairo.

Besides American citizens, the passenger lists will include a considerable proportion of Egyptians and other persons whose travel would be considered to be in the national interest and who are citizens or subjects of countries which have no representation in Italy. Practically all passengers will be booked without stop-over privileges in Italy on through tickets to the United States from Egypt. Does your telegram dated March 16, 1946 apply to such transient passengers? If so, because of the impossibility of obtaining clearance for certain non-American passengers whose travel would be in the national interest and because of the inevitable delay involved in obtaining clearance for Americans, would it not be possible to make arrangements by virtue of which Transcontinental-World Airways passengers who are booked through to the United States would be permitted, at least pending the establishment of an Italian visa issuing authority in Egypt, to pass through Italy in transit without documentation?

Spanish Planes Cloud Ciampino Atmosphere

By Sgt. CHARLES DOWNE
Staff Correspondent

ROME, Mar. 14.—The high policy question of whether U. S. Army personnel should service Spanish planes today troubled authorities at Ciampino airport near here.

The question first arose on Mar. 2 when Lt. William Allen, weather forecaster at the airport, refused to have any relations with Spanish pilots landing at Ciampino.

The issue sharpened today with the sudden transfer of Allen to Germany and a request for names, serial numbers and MOS of the nine officers composing the weather station complement at Ciampino.

Whether this indicated possible mass transfer of such personnel was not known.

Disaffection over handling of Spanish planes arose when weather station personnel were informed that they would be required to pro-

Authorities At Ciampino Deny Report

CIAMPINO, Mar. 14.—Maj. John B. Harding, executive officer at Ciampino air base, today declared "untrue" the report that Army personnel had refused to cooperate in servicing Spanish planes using the field.

"We are getting full cooperation," Harding stated flatly. "Sometimes there are differences of opinion. We are interested only in the opinions of our men while on duty, not at any other time."

Maj. Harding explained that all Spanish planes using Ciampino have had clearance from AFHQ and that there was "nothing illegal about it all."

He said that approximately six Spanish planes have landed at Ciampino in the past few months, those carrying Spanish cardinals to and from the Consistory and those labeled diplomatic.

"All this has been explained to personnel here and they are satisfied now," Harding said.

Maj. Ralph Slater, head of operations at the field, said that "we go out of our way to prevent any unpleasantness" with the Spanish and that he had personally handled such planes, giving them extra service.

Harding added that any disaffection among weather station officers had been ironed out and there was no "official" trouble from any of the other sections.

that has no bearing to this issue," he said. "It was just a romantic kid notion. My mother spanked me and that was the end of it."

After Allen's refusal to brief the Spanish pilot, the lieutenant said Maj. Ralph Slater, head of operations at Ciampino, upbraided him for his attitude.

"If this were war," Allen quoted Slater as saying, "I would give you a direct order and have you court-martialed on the spot."

Allen said that if the U. S. were at war, he would perform the service without question.

Subsequently Maj. Slater asked Capt. Arnold P. Schueler, second in command of the weather station, whether he had "control" of his men, and described the seven lieutenants as "schoolboys and politicians."

DEFINITE POLICY

When asked his opinion, Capt. Schueler declared that he felt that use of the Ciampino field by Spanish planes should be given publicity, and a definite policy on the use of Army personnel to service civilian planes should be announced.

Capt. Schueler said he had no idea whether the demand for all weather station personnel names and MOS had any relation to a statement by Maj. Slater that he would "clean out" the whole weather station crew and get new men, if necessary, in order to get full cooperation.

Allen said that following the incident of the cardinal's plane, he was told to ask for a transfer to another base. Allen refused.

He was then told he would have to go to Naples for a psychiatric examination. The orders which he received, however, read that he was to report to Naples for "coordination of weather supply activities."

Allen said that he did not "coordinate weather supplies" while in Naples. He reported to the psychiatrist for examination.

DOCTOR SURPRISED

"The doctor was very much surprised that they would allow someone sent down for a psychiatric examination to drive alone in a jeep. I don't know the result of the examination," Allen said, "but they let me drive back alone, too."

Upon his return, Allen was unofficially informed he was being transferred to Weisbaden. Germany, weather station headquarters for the ETO, MTO and Africa. The orders came through while Lt. Allen told his story.

Yesterday Lt. Richard Gosselin, another forecaster, was told to give a forecast to a Spanish pilot, who was flying a diplomatic plane through to Spain. In the presence of the Spanish pilot, Gosselin replied:

"I object, but I'll give him the

under the Spanish pilot on weather conditions, Lt. Allen objected, and in the absence of a direct order to do so, refused to handle the briefing of the plane which was to carry Spanish cardinals home from the Rome Consistory. He explained that he felt too strongly concerning U. S.-Spanish relations. The task was then performed by Maj. J. H. Barber, head of the weather station. The 25-year-old weather forecaster was asked if he had served in the Spanish Civil War. Allen replied that he had attempted to enlist in the Lincoln Brigade, "But (Continued on page 8)

Sir,

I have the honour to request that a permit to enter Italy be granted to Mr. B.J. Olivier, a National of South Africa: he is the holder of a South African passport and is at the present time waiting in Cairo for the necessary permission to enter Italy.

The reason for Mr Olivier's desire to come to Italy is to attend a conference of his business associates of the Fira "Societa Italo Sudafricana" of which he is a director.

Mr. Olivier is known personally to this Legation and his Society S.I.S. is preparing an important trade agreement between the Union of South Africa and Italy. We therefore are pleased to recommend that Mr. Olivier be granted permission to enter Italy for a period of one month.

Thanking you,
yours faithfully

Ref. No. 2945

Dear Sir,

I have the honour to inform you that:

1. The Greek national, Mr. Eusebio VINTIADIS, a shipping agent and the representative of many Greek ship-owners, was established in Genoa since 1924.
2. Following the declaration of war by Italy against Greece, Mr. Vintiadis left Genoa for Athens. Being a Greek subject, all his property was subsequently seized by the Italian authorities. He is, since then, ignorant of its fate.
3. Mr. Vintiadis has, on the 24th May 1945, submitted an application to AFHQ, through the British Military Police, 212 Area, in Athens, in order that authority be granted him and his family to return to Genoa.
4. As Mr. Vintiadis has not yet received the necessary authority and, following instructions from my Government, I would be very grateful if you would kindly intervene with AFHQ for hastening the granting of this authority, given that he has to return to Genoa for the settlement of questions relative to the interests of Greek ship-owners.

Thanking you in anticipation,
I remain,

Sincerely yours,

Caro Gigino,

scuserai il modo brusco, con il quale, dopo anni di silenzio, mi sono fatto vivo presso di te.

Ti ringrazio vivamente dell'interessamento che hai subito preso al mio caso, e spero che esso ^{potrà} portare, al più presto, i suoi frutti, dato che, come ti racconterò, ne ho proprio estrema necessità.

Dal 26 di agosto dell'anno scorso sono passato attraverso gli Ospedali di Asmara, e dalle mani dell'uno all'altro dottore. Colpito da una pleurite con travaso di liquido (non sono mai riuscito a capire ed a spiegarmene il motivo), sono stato in un primo tempo ricoverato all'Ospedale I.N.A.I.L., da dove sono stato dimesso, nella metà di novembre, in istato di convalescenza e inviato a Massaua.

Il clima di questa città, causa lo stato di deperimento e di debolezza, nel quale ero stato dimesso, anziché portare giovamento, mi ha portato una forma di artrosismo tale da dover dopo 15 giorni ritornare all'Asmara per le cure del caso. Cure che per imperizia dei medici curanti, i quali non avevano riscontrato subito il nuovo genere di malattia, che mi aveva colpito, mi ha portato ad altra degenza di mesi con conseguente aggravamento del mio stato di deperimento organico.

Quarita o quasi l'artrite, sono stato costretto a ricoverarmi nuovamente in Ospedale, e questa volta al Regina Elena, per il persistere di febbre, della quale ad oggi che ti scrivo non si conosce ancora il motivo.

Analisi, raggi, tutto quanto poteva essere fatto è stato fatto, tutto con risultato negativo e quindi si naviga nel buio.

Come vedi anche per consiglio dei medici stessi ho assoluta necessità di tornare temporaneamente in Italia, dove solo spero potermi rimettere.

L'essenziale è di ottenere il nulla osta per l'andata e ritorno, ma ciò che più è importante è di ottenere la preferenza sugli aerei in partenza dal Cairo, dove si corre il rischio di essere trattenuti per settimane, il che, nelle attuali mie condizioni di salute sarebbe un gravissimo danno.

Ti prego caldamente di non far cenno di questo ti ho scritto a Lulla, la quale ignora la mia malattia, e alla quale ho scritto di essere rivolto a te per ottenere l'autorizzazione a rientrare temporaneamente in Italia, ma senza specificare il motivo.

Ti sarò grato di quanto farai per me e nella speranza di riabbracciarti personalmente, ti ringrazio. = Abbracci

On several occasions in the past weeks the Spanish Minister has requested landing permission at Ciampino airport for a diplomatic airplane, Douglas D.C.3-EO-GAV, EO-GAU, EO-GAX, EO-GAF which on special occasions operates between Madrid-Rome carrying the Spanish ambassador, a cardinal, or a staff member of the embassy. On each occasion the Spanish Embassy had cleared the flights through the Italian Ministry of Foreign Affairs.

However, the Operations Office of Ciampino airport near Rome has requested that a written approval be obtained from A.P.H.Q. which will indicate that future Spanish diplomatic flights, such as the above (not commercial), are authorized to land on the Ciampino airport.

The Spanish Embassy has been informed of the above stipulations made by Operations Ciampino and has asked this office to refer the matter to A.P.H.Q. for proper authorization.

May this office please be advised as to the nature of the reply to be forwarded to the Spanish Minister.

Dear Mr. Cowen:

16, 17

Reference your 112733/3A dated January 19, 1946, subject: Petition of Prince Ruffo Ruffo.

It is kindly advised that Travel Control G-2, A.F.H.Q. wishes to inform Prince Ruffo Ruffo that any request for travel authority must be made at the point of origin, in this case in Germany. Thus Prince Ruffo should inform his sister Hiven von der Leyen to make application to the proper Allied Headquarters in Germany under whose jurisdiction she is at present residing.

Reference the liberation of his nephew, Oberwachmeister Rudolf Graf von Schontorn, P.G. Nr. 1418311, Depot des P.G. Nr. 87, Belfort. As it is evident that the above mentioned is a prisoner of war under French jurisdiction and in France the matter falls within the jurisdiction of the French Government.

It is kindly suggested that Prince Ruffo deal directly with the French Embassy at Rome on this matter.

Sincerely yours,

VICTOR L. ODDI

No. 112733/SA

The Secretariat of State of His Holiness takes the liberty to request the good offices of the Assistant to the Personal Representative of the President of the United States to the Holy See to recommend for the consideration of the competent authorities the petition of Prince Rufo Ruffo that his sister Niven von der Leyen be authorized to travel from Germany to Rome.

The request states that Niven von der Leyen suffered a nervous breakdown following the death of her son Wolfram. She would return to Germany after a period of convalescence of a few weeks in Italy.

Prince Rufo Ruffo would also request the liberation of his nephew, Oberwachtmeister Rudolf Graf von Schonborn, P.G. Nr. 1418311, Depot Des P. G. Nr. 87, Belfort.

In this request the prince points out that Rudolf Graf von Schonborn was expelled from the National Socialist Youth Organizations because he refused to attend their meetings. His 64 year-old mother is sickly and is practically confined to bed. His presence in the home, Prince Ruffo asserts, would be of great assistance and solace to her.

JAN 25 1946

Dear Sir,

In reference to my letter of January the 5th 1946, concerning His Grace the Archbishop of Simla, I have today had a letter from the Archbishop, Most Reverend Dr. Sylvester Mulligan, O.F.M. Cap., from Cathedral House, New Delhi, India, giving the approximate date when he would like to be able to report at the Vatican. He says:-

" I intend to pay my Quinquennial Visit to the Holy Father this coming Spring and report on my Mission in India. I would like to leave about the end of February or the beginning of March 1946. There is just one difficulty in the way; it seems I must first have the permission of the Commander of the Allied Forces in Italy to visit Rome. The Government of India assure me that if I get that permission they will facilitate me in every other way. It seems the procedure is to secure the permission which will be cabled to the External Affairs Department of the Government of India, and, that once had, the rest will be done by them".

May I add that when the permission is granted, I should be most grateful if the Allied Commission would kindly cable it to the Department of External Affairs of the Government of India?

Yours sincerely,

Therefore Ing. Tabacco's patrimony was trusted to Mr Ferrando, who, it would appear, is not, at the moment, entitled, to do any operations in order to facilitate the social interests.

As it is necessary to regularise this situation, and first of all, examine the possibility of getting in touch with the above named Mr Ferrando, in order to get information regarding the inventory of all machinery and provide to issue proper instructions for the resuming of the works, also in view of the necessity of give Mr. Ferrando power of Attorney on behalf of this Administration, the AC are kindly requested to examine the case, as above shown, and to grant, through the British Authorities in Eritrea, Mr Ferrando with a temporarily authorisation to return to Italy for a period of one month, and also grant him the visa to return to Assab. His presence in Italy is deemed essential, for, he will be given all the legal powers to represent our society in Assab.

La Società Anonima Imprese Coloniali - con sede in Roma: Piazza del Popolo 18 tel. 63638, ha un Cantiere in Assab che - in atto - è affidato alle cure di un suo impiegato il Sig. Ferrando Giovanni fu Giacomo e di Merlo Maria nato a Genova il 22/2/1905 - residente in Assab per i lavori della Società fin dal 1938 e già domiciliato in Roma : Via del Vignola 70 int. 2.-

La Società all'inizio delle ostilità ha cessato di avere contatti diretti col proprio Cantiere e non ha colà più alcun legale rappresentante, in quanto il Direttore Ing. Tabacco è "internato civile".-

Pertanto il suo vistoso patrimonio è stato affidato fiduciariamente al predetto Ferrando che però non ha alcun potere per agire e tutelare quindi, nel migliore dei modi, gli interessi sociali.-

Essendo necessario pertanto regolarizzare tale situazione e soprattutto prendere contatti diretti col Ferrando, per prendere visione della contabilità e dell'inventario del macchinario e provvedere a dare istruzioni sul suo riattamento, anche in vista della necessità di concedergli procura non solo per la normale Amministrazione ma per la rappresentanza legale della Società anche per l'assunzione di nuovi lavori che pare siano richiesti alla Società da parte delle Autorità di Governo dell'Eritrea, si chiede che l'ALLIED COMMISSION voglia benevolmente prendere in esame la richiesta di concedere, tramite le Autorità Britanniche dell'Eritrea, al Ferrando l'autorizzazione al Temporaneo Rimpatrio in Italia - per una durata di soggiorno non superiore a un mese - concedendogli anche il VISTO per il ritorno ad Assab, in quanto questa sua presenza in Roma è richiesta appunto per metterlo in grado di ritornare in Eritrea, munito di tutti quei poteri necessari perchè Egli possa completare, per conto della S.A.I.C. tutti gli incarichi che le Autorità Britanniche potrebbero affidargli per l'esecuzione di opere pubbliche.-

Si confida in un benevolo accoglimento.-
