Vice Sampson. 24 Nov. 1944.

I have spoken with Marchese Cittadini and he is of the opinion that the question of the political background of these Italian deportees is beside the point. If in the lists we are submitting, there are a number of ex-Fascists and other undesirables he feels that these also should be returned to Italy and that the question of dealing with past misdeeds should be one for the Italian Government and should not affect the question of whether or not we approach through diplomatic channels the Yugoslav Government. I think he has already spoken to Mr Halford on this matter and as I am away for the next few days I shall be glad if you could find out Mr Halford's reactions to the views expressed by Marchese Cittadini.

Please see 150 above - I would be glad to know Mr. Halford's views, whether the political background of deportees does in fact affect the issue.

22. 150 30/10.

In principle Marchese Cittaadini is of course quite right. But in practice I think it is unwise to waste our ammunition on a lot of Republican-Fascists. I should be inclined to continue to press for a statement on his political antecedents of the people. But should be glad of view of Pol. Adv. (a).

3. Para (b) is of the opinion that the Chief Commissioner should mention to Sir D. Gosper, en passant & informally, that the N. Gov. should investigate the political needs of those departed since Anglo-American relations are already strained with the Yugoslavs, the Embassies are naturally unwilling to achieve in very dubious cases. Perhaps you would bring this to Sir C's notice so that he could mention it to the Chief Commissioner if he agrees.

SUBJECT: Italians Deported from Venezia Giulia by
Jugoslav Authorities.

TO : Headquarters, Allied Commission,
APO 394.

1. Reference is made to your letter 2221/EC of 3 Oct 45, subject "List of Italians Deported from Venezia Giulia by Jugoslavs" copy of which was sent to AFHQ enclosing a list of these Italians. Attached are copies of the note presented to Belgrade by the U.S. Embassy on this matter, and the Jugoslav reply.

2. It is now desired that the Jugoslav statements be checked wherever possible. While such a check is the responsibility of the Italian Government who originated the protest against the alleged deportations, it is unlikely that they will be able to accomplish a satisfactory check in a reasonable time. They should, however, be requested to do this as quickly and as thoroughly as possible. Meanwhile the Italian Government should be asked to give their immediate reactions to the Jugoslav note without delay so that the State Department can be advised early.

3. In order to obtain a reliable cross-check you are requested to select a proportion of the items set out in para II of the Jugoslav note, to send the requisite information to AMG Venezia Giulia and to require the latter to carry out a spot check on these selected items. The results of this check should be forwarded to AFHQ through Allied Commission.

4. You should request the Italian Government that no publicity be given to the Jugoslav reply until the Department of State has had an opportunity to study the results of the present investigation regarding the points raised by the Jugoslav Government.

No. 195

The American Embassy presents its compliments to the Ministry of Foreign Affairs and has the honor to refer to Section 6 of the Belgrade Agreement of June 9, 1945, whereby the Yugoslav Government agrees to return residents of the area whom they have arrested or deported, with the exception of persons who possessed Yugoslav nationality in 1939.

Under instructions from its Government, the Embassy encloses a list comprising the names of 2,472 Italian nationals reported to have been forcibly removed from Venezia Giulia by the Yugoslav authorities, together with their addresses and the dates on which they were deported. This list has been furnished by the Headquarters of the Allied Commission in Rome. It may contain certain inaccuracies, such as names of persons returned to Venezia Giulia since the list was prepared, but there is evidence that the total number of Italian nationals forcibly removed from the area is considerably greater than the number listed.

In view of the conclusive evidence of large-scale deportations now available, the United States Government requests the Government of Yugoslavia to take immediate steps to return to their homes all Italian nationals who have been forcibly deported by Yugoslav authorities, pursuant to the above-listed Section of the Belgrade Agreement.

The Embassy takes this occasion to renew to the Ministry of Foreign Affairs the assurances of its high consideration.

No. 5324

The Ministry of Foreign Affairs of the Federative Peoples' Republic of Yugoslavia present their compliments to the Embassy of the United States of America and, with reference to the Embassy's Note no 195 of October 24th last - and the enclosed list of 2472 persons who have allegedly been deported by Yugoslav authorities from that part of the Julian March which is under the administration of Allied Military authorities, - beg to transmit the following views of the Yugoslav Government relating to this question.

I. The Government of the Federative Peoples' Republic of Yugoslavia consider that so far they have been strictly observing the obligations which they assumed in various treaties with their Allies and wish to express their firm resolution to fulfill also in the future all their obligations.

This attitude has also been adopted and is still being adopted by the Yugoslav Government in respect of the terms of the Belgrade Agreement.

II. The list which has been enclosed to the above-mentioned Note and which was to corroborate the assertion that the Yugoslav Government have violated the Article 6 of the Belgrade Agreement, proves by itself more than conclusively that what in reality is the matter here is not a violation of Article 6 of the above-mentioned Agreement, but an attempt by certain Italians to mislead the public opinion of the world and an unheard-of method of political campaign which has been started against the Federative Peoples' Government of Yugoslavia by these same Italians.

Enclosure No. 2 to Despatch No. 177, dated December 13, 1945, from American Embassy, Belgrade, entitled: "Italians deported from Venezia Giulia by Yugoslav authorities."

of the United States of America. Note no 193 of October 24th last - and the enclosed list of 1472 persons who have allegedly been deported by Yugoslav authorities from that part of the Julian March which is under the administration of Allied Military authorities, - beg to transmit the following views of the Yugoslav Government relating to this question.

I. The Government of the Federative Peoples' Republic of Yugoslavia consider that so far they have been strictly observing the obligations which they assumed in various treaties with their Allies and wish to express their firm resolution to fulfill also in the future all their obligations.

This attitude has also been adopted and is still being adopted by the Yugoslav Government in respect of the terms of the Belgrade Agreement.

One can easily establish that the names of many people who have nothing in common with the Belgrade Agreement have been included in the list. As a matter of instance the following examples can be quoted of persons included in the list.

/1/ Several hundreds of people who, according to the list itself, are residing in the zone B of the Julian March which is under Yugoslav administration, as e.g. Nos: 20, 55, 90, 118, 313, 390, 448, 562, 588, 603, 613, 616, 717, 765, 810, 822, 838, 839, 843, 847, 854, etc.

/3/ A certain number of Germans who found themselves in the Julian March as soldiers or as collaborators of the CP as e.g. Nos: 1525, 1735, 2203, etc.

/4/ Several hundreds of Italians born in, or coming from, Italy (outside the zone A) as e.g. Nos: 37, 96, 98, 322, 420, 429, 611, 624, 642, 654, 833, 768, 812, 813, 832, 1111 - 1123, etc.

/10/ Persons who according to information at hand are moving about freely as e.g. No 22 (Redmarzik Rudzof) who lives at Ajdovszina in Zone B, No 284 (Gherzini Desiderio) who lives at Labin in the zone B as member of the Regional National Liberation Committee, No 261 (Antonio Cerlentizza) who lives in Trieste in the zone A, and No 267, 295, 305 and 331 who are free and living in Pola. Relating to one of them, Giordano Gurnara (No 97), the Gorizian newspaper "L'Informatore" writes in the issue of October 11th, 1945, that he is to be seen regularly in the most crowded streets of Gorizia, while the Italian authorities claim that he has been deported by the Yugoslav authorities to an unknown destination and ask for his return.

/11/ Persons who served as republican soldiers of the new Italian Republic or with SS troops and some of whom have already been sentenced by tribunals as e.g. Nos: 1, 6, 24, 44, 53, 101, 110, 121, 132, 200, 212, 226, 462, 470, 584 etc. It may well be that

these people

785017

195

these people are hiding somewhere in the Zone A or somewhere in Italy in order to escape a just punishment or also they may be prisoners of war. Thus Tragic Vincento (No 673) a Republican Major, Squadrist, is at present in the Yugoslav prisoners-of-war camp No III as prisoner No 233. Similarly the following Fascists are in the prisoners-of-war camp in Karlovac: De Angelis Memo (No 919), Geris Riegs (No 2307), Cherti Lino (No 1156) and D'Alessio Alberto (No 360).

/13/ Prisoners of war who have already been handed over by the Yugoslav authorities to the Allied authorities as e.g. Brun Radic (No 230) prisoner of war from the camp at Sorovnice, returned to Allied authorities on August 21st, 1945, and Romie Josip (No 916) returned as prisoner of war to the Allied authorities on August 6, 1945.

/13/ Some persons who were still in the concentration camp at Buchenwald, waiting for repatriation on August 1, 1945, i.e. two months after Yugoslav troops left Zone A, as e.g. Hon: 1016, 1017, 1018, and 1019.

All these instances prove sufficiently even without other documents that the enclosed list of allegedly deported persons is in itself very unreliable and that the examples quoted do not enter within the category of persons whom the Yugoslav Government is obliged to return according to the terms of the Belgrade Agreement.

III. Apart from that, the persons enumerated in the list and who are not covered by the examples mentioned may without exception be classified either as Fascists who fell or disappeared in the course of partisan struggles and of the operations of the Yugoslav Army in the Julian March, fighting on the side of the Germans, or as war criminals, of whom the people themselves disposed at the time of their liberation.

Several Italian papers have thrown some light on the case of these so-called deportees. Thus e.g. "Il lavoratore" of Trieste in its issue of October 22, 1945, has given the following description of the deportees in question:

returned as prisoner of war to the Allied authorities on August 8, 1945.

/13/ Some persons who were still in the concentration camp at Buchenwald, waiting for repatriation on August 1, 1945, i.e. two months after Yugoslav troops left Zone A, as e.g. Nos: 1016, 1017, 1018, and 1019.

All these instances prove sufficiently even without other documents that the enclosed list of allegedly deported persons is in itself very unreliable and that the examples quoted do not enter within the category of persons whom the Yugoslav Government is obliged to return according to the terms of the Belgrade Agreement.

III. Apart from that, the persons enumerated in the list and who are not covered by the examples mentioned may without exception be classified either as Fascists who fell or disappeared in the course of partisan struggles and of the operations of the Yugoslav Army in the Julian March, fighting on the side of the Germans, or as war criminals, of whom the people themselves disposed at the time of their liberation.

Several Italian papers have thrown some light on the case of these so-called deportees. Thus e.g. "Il Lavoratore" of Trieste in its issue of October 25, 1945, has given the following description of the deportees in question: "The deportees are up to 75 per cent foreigners mostly Carabinieri, Republicans, SS-men, Quasturini, Squadristi and so forth. Besides Italians there are Slovenes among them who betrayed their people. In order to increase the number of the persons listed, even people who were killed or missing in the course of operations or in some other way while in the occupiers' service, were entered in the list. Having proved the lack of good faith regarding the compilation of the list we shall shortly deal with the misdeeds of all these "innocent people" who have been persecuted to such an extent only because "they were Italian". Here are some examples: Renato Bazo and Alberto Abille, Squadrista; Mario Atri, Squadrist and spy of the Avra, Carlo del Colle, lieutenant

of the Republican

of the Republican Militia; Angelo Fulani, Squadrist, guilty of many
crimes, and much at the pay of every police; Umberto Cecolet, a spy
of the Fascists and Nazis; Luciano Jordan, Squadrist, liaison officer
between the Germans and General Asposito, etc.

It is obvious that the Yugoslav Government cannot be made re-
sponsible for the fate of such people who have fought on the German
side or who were German exponents and probably perished in the course
of war operations.

The Government of the Federative Peoples' Republic of Yugoslavia
very much regret that the Government of the United States repose so
much trust in those who have fought on the side of Nazism and Fascism
in the most difficult periods of the war and thus caused enormous
sacrifices to all the Allies and especially to the peoples of Yugo-
slavia, and yet have done nothing with regard to reparation of the
damage and sacrifices caused by them.

The Government of the Federative Peoples' Republic of Yugo-
slavia, conscious of their peoples' sacrifices contributed on the
side of the allies towards the final breakdown of Nazism and Fascism
express their firm decision that also in the future similar attempts
of defeated Fascists shall not interfere with their efforts aimed at
a close international co-operation based on the mutual confidence
among democratic nations.

The Ministry of Foreign Affairs avail themselves of this oppor-
tunity to renew to the Embassy of the United States of America the
assurance of their high consideration.

Belgrade, December 8th, 1945.

The side-memoire which forms the enclosure to your memorandum 2221/46 of November 24th is, I think, the reply to the suggestion you made to the Italian authorities that they should be careful, in asking for the repatriation of deportees, not to include in their lists the names of prima facie Fascists or employees of the Fascist Republican Government. I think that the Italian attitude, though understandable, is wholly unrealistic.

2. In these circumstances, there is no point in arguing further with the Italian authorities. I suggest that you now ask the Italians to supply the names of the Public Safety agents deported from Fiume and promise to include them in some future list for presentation to the Yugoslav Government.

Subject: Italian citizens deported from the Venezia Giulia
by the Yugoslav Authorities.

It has been suggested that a differentiation be made between alleged "fascist-republican" and other Italian citizens in requesting the Allied Authorities' intervention with the Yugoslav Government in order that all Italians deported from the Venezia Giulia by the Yugoslav Authorities be released and returned to their homes, pursuant to article 6 of the Morgan agreement.

In the matter it may be useful to point out again that the Italian Government holds that all Italian citizens - irrespective of their possible political affiliations - illegally deported and arbitrarily still detained by Yugoslav Authorities should be forthwith released and returned to their home towns.

In support of said point of view, the special attention is called to the following considerations:

- (a) - The Italian Government is not in a position to prepare two lists, differentiating between the "fascist-republican" and other Italian deportees;
- (b) - Should the general principle of differentiation be accepted, it would be only too easy for the Yugoslav Authorities to allege the "fascist activity" of some

- (c) - Deportations carried out by the Yugoslav Authorities, both from "Zone A" and from "Zone B" of the Venezia Giulia, are illegal actions in themselves, regardless of any subjective valuation of the persons so deported. It is never within the province of the occupying Power to deport citizens of the occupied Countries. As it is known, such system was practiced during the war by Germany and it was universally condemned.

(D) - The Italian Government have the duty as well as the right to protect all Italian citizens, specially when confronted with methods such as those used by the Yugoslavs, methods with which the Allies are by now well acquainted.

(e) - As the Italian Government is anxious that their citizens be returned in order that they be freed from an extremely distressing situation, in any case it would be up to the Italian Government and to Italian justice to proceed - according to the Italian law - against citizens who may have to be subjected to some legal action because of their political past in Italy.

Dear Admiral Stone,

NOV 14 1945

As you know, the Ministry of Foreign Affairs has repeatedly addressed the Allied Commission and the American and British Embassies in Rome to interest them in the cases of arrests, deportations and internment of Italian civilians and members of the Armed Forces, in Yugoslavia and in the Yugoslav occupied territories of the Venezia Giulia.

It is a question of thousands of Italian citizens on whose behalf we receive constant requests of action from many institutions and from the families concerned, who for about six months have been awaiting the return of their dear ones.

You have certainly noticed that also the Italian Press has echoed such serious plight, and a state of discontentment towards the Italian authorities - who are held responsible for the situation - has ensued in the Italian public opinion from the want of information as to the difficulties confronting us in the solution of the problem. Any possibility of intervention is actually precluded to the Italian Government by the absence of diplomatic relations between Rome and Belgrade and by the attitude of the Yugoslav Government ostentatiously pretending to be still at war with Italy. Even the Yugoslav delegation to the Allied Commission has thus far refused to enter into even unofficial relations with the Italian Government.

As for the deportees from the Venezia Giulia, lists containing about 2,500 names for the Trieste, Gorizia and Pola districts alone, have been already forwarded to the Allied Commission. As you know, this figure is far from representing the total amount of deportees from the zone under Allied Administration. To the above there are to be added too the deportations carried out from territories to the East of the Morgan line, from the islands and from the Province of Zara. As to these, unfortunately the Italian

Government is not in a position to furnish detailed information, but their number is undoubtedly considerable, especially so far as Fiume and Zara are concerned.

Furthermore there are thousands of Italian soldiers, for the greater part former internees of the Germans, who have been put in concentration camps, forced to the hardest labour and subject to an inhuman treatment. Even the U.N.R.R.A. reports point out their plight.

Please find, herewith enclosed, a report, dated 24 September 1945, by the U.N.R.R.A. mission in Belgrade. From the same we have learned of the Yugoslav authorities' decision to detain all Italians, at present deported or interned in Yugoslavia, with the exception of a small group, pending the Italian Government's decision to repatriate Yugoslav citizens, now residing in Italy. Such Yugoslav attitude is very serious and disturbing, also because, as it can be easily understood, Yugoslav citizens in Italy - even without considering they do not wish to return to Yugoslavia - are not subject to the Italian Government's, but to the Allied Authorities' control and responsibility. The possibility of exchange, suggested by the Yugoslav Government, is thus excluded.

I am therefore compelled, dear Admiral Stone, again to apply to you in order that the attention of the competent Allied authorities be drawn to the above mentioned facts and considerations. It is necessary that the Allied in their action (see your letter 221/96 of 18 September 1945) bear in mind the gravity of the matter in question and its repercussions on Italian public opinion and on Italo-Yugoslav relations.

Believe me,

Very sincerely yours

SUBJECT: Italians in Jugoslavia.

I reply to your memorandum of September 11th, 1945. We have had considerable correspondence on various groups of Italians in Jugoslavia, but have been unable to obtain definite figures on numbers and locations of Italian citizens still remaining in this country. The position appears to be that all Italians, with the exception of a very small group, are being detained in Jugoslavia pending the settlement of the question of repatriation of Jugoslavs from Italy, and possible the final settlement of the Trieste problem.

We were advised officially by the Bureau of Repatriation on September 5, 1945, the three following statements:

1. The Jugoslav authorities will move only those Italian subjects who joined the Partisans during the last two years.
2. Only those Italian subjects who are transit through Jugoslavia coming from Germany, Austria, Czechoslovakia, etc.
3. All other Italian subjects are held up pending action on behalf of the Italian Government to move the Jugoslav subjects living at present in Italy.

With regard to the treatment of Italians in Yugoslavia, we have had no opportunity of observing this at first hand since all are in military controlled camps. Complaints do reach us but whenever these have been taken up through the Commission for Repatriation, we are informed that all that is possible is being done for Italian prisoners but in view of all the shortages in the country it is unlikely that the standard of support will approach the standard reached in those camps and centers supplied by the allied armies or directly supplied by UNRRA.

Caro Ammiraglio,

come Lei sa, il Ministero degli Affari Esteri si è rivolto più volte alla Commissione Alleata e alle Ambasciate degli Stati Uniti e di Gran Bretagna per interessarle ai casi di arresti, deportazioni, internamenti e simili verificatisi in Jugoslavia e nei territori occupati dalle truppe jugoslave nella Venezia Giulia ai danni di militari e civili italiani.

Si tratta di migliaia di cittadini italiani, per i quali vengono continuamente richieste di interessamento da parte di numerosi enti e delle rispettive famiglie, le quali da circa sei mesi attendono invano il ritorno dei loro cari.

Come Ella avrà notato, anche la stampa italiana si è fatta eco di questo grave stato di cose e, non concedendosi le difficoltà che si frappongono alla soluzione della questione, ne deriva nell'opinione pubblica uno stato di malcontento verso le Autorità Italiane ritenute responsabili. Ogni possibilità di intervento diretto a loro favore è in realtà preclusa al Governo Italiano dalla mancanza di relazioni diplomatiche tra Roma e Belgrado e dall'atteggiamento del Governo jugoslavo, il quale ostenta di trovarsi tuttora in stato di guerra con l'Italia. A queste devono aggiungersi poi le deportazioni effettuate ad oriente della linea stessa, dalle isole e dalla provincia di Zara, per le quali il Governo Italiano non è purtroppo in grado di dare precise indicazioni ma il cui numero soprattutto per la città di Fiume e Zara, è senza dubbio rilevante.

Vi sono poi ancora migliaia di militari italiani, in gran parte già internati dai tedeschi, i quali sono stati messi in campi di concentramento e costretti ai più duri lavori e sottoposti a un trattamento inumano. Gli stessi rapporti dell'UNRRA segnalano la loro precaria condizione.

Da una relazione in data 24 settembre u.s. inviata dalla Missione dell'UNRRA a Belgrado, che qui si allega, si è appreso che le Autorità jugoslave hanno deciso di trattenere gli Italiani sia deportati che internati in Jugoslavia, ad eccezione di un piccolo gruppo, in attesa che il Governo italiano decida di rimpatriare i cittadini jugoslavi attualmente residenti in Italia.

My dear Admiral,

among the numerous requests for us to take an interest in the fate of the Italian citizens residing in Venezia Giulia and deported by the Yugoslav authorities last May, an anxious and moving appeal sent to H. Z. De Gasperi by a group of wives, mothers and sisters of the Trieste P.S. agents, about whom nothing is known, deserves particular attention.

133
I enclose the text of the above mentioned appeal, so that you may fully realize the painful state of mind of the women who signed it, and the necessity of taking action without delay to put an end as soon as possible to this serious and painful situation.

What is more, the request is perfectly legitimate, for, as you know, according to art. 6 of the Morgan agreement, the Yugoslav Government is obliged to hand over all Italian citizens residing in the parts of Venezia Giulia at present under Allied control, who were arrested or deported.

Knowing your humanitarian feelings and your spirit of comprehension, I trust that you will support in the most efficacious way the request of all these unfortunate women.

Will you kindly let me know what action has been taken on this matter to enable this Ministry to send a few words of encouragement to these poor women, assuring them that the Allied Authorities are taking action to have their relatives returned.

To H. E. De Gasperi, Minister of Foreign Affairs

Rome

Excellency,

In our despair, we appeal to you and ask for help. You are our last anchor of salvation and we put all our trust in your feelings as an Italian.

We are the wives, mothers, sisters of P.G. agents and live in anxiety because of our fate during the sad days in Trieste, only because we happened to be Italian. It was then an offence to be Italian, and we were ill treated and scorned in our own land, because of the masterfulness of a foreigner that had nothing to do there. In a mad thirst for vengeance, the Yugoslav partisans then deported our men and we haven't had any news about their fate ever since. We vainly looked for them in the nearest Yugoslav concentration camps, we made endless researches, but all for nothing.

You may well understand how we are feeling.

We have been forsaken by everyone. Even the chiefs of the questura do nothing, and when we think that those of the Guardia di Finanza managed so well that they obtained the repatriation of their dependents, it is enough to drive one mad, through sheer despair.

We speak to you openly, Excellency, for we feel as if you were our chief listening to us in a fatherly and understanding way.

For what concerns the financial question, we had the obvious proof of the interest of our superiors. However, how is it possible to think of depriving us of financial help, in the conditions in which we find ourselves, considering that besides the high cost of living, we have to spend a lot to travel in Yugoslavia, where we often go in the hope of finding our men.

You must understand us, Excellency, and God will reward you for the kindness you show us. You represent Italy abroad; please intervene with the Yugoslav Government about the fate of our relatives, and have them sent home before the Trieste problem is solved. If they don't come back before that, the hatred and vengeance of the Yugoslavs will be let loose on our men who are innocent. They are innocent; their tasks consisted in maintaining public order in the town; they were mistaken for criminals during these days of confusion and hatred towards Italy; however, it isn't fair that they should have to pay for those who are really guilty.

Our empty houses are dismal; our children are asking for their father and cry when they hear their mother's sobs.

Don't forsake us, Excellency, as everyone else did. Please get us back our men, help our children and support our rights - unfortunately, we are also in great need of financial help and we must also ask you for this.

Your kindness will never be rewarded enough, but we pray that all you do for us be for the good of our Country.

We thank you and put our trust in you.

Signor Ammiraglio,

fra le numerose richieste di interessamento per la sorte dei cittadini italiani residenti nella Venezia Giulia e deportati dalle Autorità jugoslave nel gergio u.s., merita particolare attenzione un angosciato e commovente appello rivolto a S.E. De Gasperi da un gruppo di mogli, madri e sorelle degli agenti di P.S. di Trieste, dei quali non si sono più avute notizie.

Le accludo il testo del ricorso anzidetto acciocché anche Ella possa rendersi pienamente conto del penoso stato d'animo delle firmatarie di esso e della necessità di provvedere urgentemente per porre fine al più presto ad una così grave e triste situazione.

Si tratta del resto di una richiesta legittima poiché, come le è noto, la ba

all'art. 6 dell'accordo Morgan il Governo Jugoslavo ha l'obbligo di restituire tutti i cittadini italiani arrestati e deportati che risiedevano nelle zone della Venezia Giulia ora sottoposta all'amministrazione alleata.

Ben conoscendo i Suoi elevati sentimenti di umanità e il Suo alto spirito di comprensione confido che Ella non mancherà di appoggiare nel modo più efficace la preghiera di tante infelici.

La prego di volermi informare del seguito dato a tale questione, acciocché questo Ministero possa inviare alla predetta qualche parola di conforto assicurandole che anche le Autorità alleate si stanno interessando per il ritorno dei loro cari.

Voglia credere, Signor Ammiraglio,

Eccellenza,

nella disperazione di un dolore che annienta, volgiamo piangenti lo sguardo a Voi e chiedere soccorso. Ci appigliamo a Voi come all'ultima ancora di salvezza e poniamo in Voi, nel Vostro nobile cuore di italiano, tutta la nostra fede.

Siamo un gruppo di donne, mogli, madri, sorelle degli agenti di P.S. angosciate per il destino che ci è toccato nei giorni tristi di maggio a Trieste solo perché eravamo italiani. Allora era una colpa essere italiani e siamo stati maltrattati e beffati nella nostra terra dalla prepotenza di uno straniero che non c'entrava. Così, nella sete di vendetta che si scatenò in quei giorni, ci furono deportati gli uomini in un modo bestiale dai partigiani jugoslavi e da allora non abbiamo mai saputo nulla della loro sorte. Li abbiamo invano cercati nei campi di concentramento della Jugoslavia più vicini, abbiamo fatto infinite ricerche ma mai nulla.

Ora Voi Eccellenza, potete capire come stiamo noi qui, quant'è grande la nostra pena.

Tutti ci hanno abbandonate; i superiori stessi della Questura non si occupano per nulla, se si pensa che quelli della Guardia di Finanza hanno fatto tanto da ottenere il rimpatrio dei loro dipendenti c'è da impazzire dalla disperazione.

Parliamo a Voi Eccellenza a cuore aperto, perché - perdonateci - ci sembra di parlare ad un nostro vero superiore che ci ascol-

Parliamo a Voi Eccellenza a cuore aperto, perché - perdonateci - ma ci sembra di parlare ad un nostro vero superiore che ci ascolta perennemente e ci comprende.

Ora poi, riguardo la questione finanziaria, abbiamo avuto la prova lampante dell'interesse dei nostri superiori. Ma come si può pensare di toglieroci anche l'aiuto pecuniario in queste condizioni in cui ci troviamo, specie se si premette che, oltre all'alloggio, posto del-

la vita, si spende molto per viaggiare in Jugoslavia, dove spesso ci avventuriamo con la speranza di poter trovare i nostri uomini?

Eccellenza comprendeteci; l'odio Vi proteggerà e Vi ricompenserà del bene che vorrete prodigarci in maniera disinteressata e benevola. Voi che rappresentate la nostra cara Italia all'Estero, interessatevi presso il Governo jugoslavo della sorte dei nostri cari, fate che prima che si risolva la questione di Trieste essi ritornino alle loro case. Fatelo Eccellenza, Vi supplichiamo, pesate che se essi non dovessero rientrare prima, la vendetta e l'odio che il popolo jugoslavo nutre per noi italiani, si scatenerà sui nostri uomini che sono innocenti. Sì, essi sono innocenti: il loro servizio consisteva nell'ordine pubblico della città, sono stati presi per criminali in quei giorni di pazzia confusione e di odio per noi, ma non è giusto che essi debbano pagare per quelli che hanno peccato.

Le nostre case vuote sono tristi, i nostri bimbi vogliono i loro papà e li chiamano, li chiamano smarriti e piangenti alla notte quando sentono il singhiozzo convulso della mamma che piange e prega.

Ancora Eccellenza, non abbandonateci anche Voi; Vi supplichiamo o fateci rivedere i nostri uomini, aiutate i nostri bimbi, fate loro dimenticare questo triste incubo, fate valere i nostri diritti di fronte ai superiori - purtroppo abbiamo anche molto bisogno dell'aiuto finanziario e dobbiamo pregarvi anche per questo.

La bontà Vostra non sarà mai abbastanza ricompensata, ma la preghiera che noi rivolgiamo ognora a Dio, farà sì che tutto ciò che Voi volete, noi lo otteniamo.

SUBJECT: Italians Deported from Venezia Giulia by
Yugoslavs.

1. I am returning herewith original memorandum for the Allied Commission regarding the arrest and deportation of Dr. Giuseppe Arnaldo enclosed with your memorandum of September 18 (File 2221/100/TC) with the suggestion that this name be included in the list of those Italians, arrested and deported from Venezia Giulia, which is now being prepared in your office for use by the United States and United Kingdom Diplomatic Missions in Belgrade.

2. With reference to the list of Questore Agents at Fiume enclosed in a second memorandum of September 18 (File 2221/100/TC) I would suggest that those names likewise be included in the general list being prepared in your office. In this connection the Allied Commission may wish to obtain further information from the Ministry of Foreign Affairs regarding the political status of these agents who were presumably employees under the Republican Fascist regime at the time of the occupation of Fiume by Yugoslav forces.

On being notified of the contents of your telegram under reference, the Foreign Office asked H.M. Embassy, Rome, to forward to them full evidence regarding deportations in possession of the Allied Commission. In their reply H.M. Embassy, Rome, stated that the available evidence consists largely of:

(a) lists of names reported to Allied Commission without other details. The total number so far is about 2,000 but one cannot be sure that there is no overlapping. This is being checked. Further lists of about 1,000 names are still being investigated by XIII Corps A.M.G. What numbers were actually carried off into Yugoslavia is clearly quite unknown, e.g. of the 151 deportees known to have returned by August 4th only four have been reported missing:

(b) about 60 names (including four fascists) sent direct to the Embassy by Allied Information Services (P.W.B.) Trieste.

(c) about a dozen cases of brutal treatment etc. contained in detailed reports supplied to Allied Commission by Italian Red Cross and others:

(d) two memoranda to Allied Commission from Italian Ministry of Foreign Affairs containing ten names and reporting deportation of 262 unnamed (two groups undecypherable).

(e) materials from I.S.L.D. similar to that in (c)

the Yugoslav Government without endangering the lives of sources in Venezia Giulia and would be useless without sources' names. Evidence at (d) can be utilized if fused with (a) and (b).

3. After discussion with the U.S. Embassy in Rome, H.M. Embassy suggest therefore, simply fusing the lists of names in (a), (b) and (d) and using these as a basis for a broad demand that all deportees be returned in accordance with the Morgan Agreement. Neither the U.S. nor H.M. Government will want to give the Yugoslav Government an opening to start arguments on details of individual cases and no details should therefore be given to them.

4. The Foreign Office agree with the action suggested to H.M. Embassy Rome, above have cabled to H.M. Embassy Washington, suggesting that the two Ambassadors in Belgrade be authorized to act in the manner they decide most suitable.

There would appear to be no special circumstances which would justify the handling of the case of Dr. Giuseppe Araldo differently from those of the many other Italians deported from Venezia Giulia. I, therefore, recommend that, if the doctor's name does not already appear on any of the lists in our possession, it be added to the list which Miss Llewellyn is preparing and his case treated in the same way as the others.

It seems to me that we may be treading on very dangerous ground if we take up the case of these Questura agents with the Yugoslavs. Anyone who was a police agent in Fiume when the Yugoslavs entered the town must have been more or less acceptable to the Nazi-Fascist authorities: none can have ever been employed by the democratic Government in Rome. I do not, therefore, think that we should ask the U. S. and British Embassies at Belgrade to make special representations about these persons until we know more about them. If the Italian Government can certify them as known anti-Fascists, we might reconsider making a demarche at Belgrade but we cannot afford to take up any case which is not water-tight.

2. I am not clear what our locus standi is for making representations in respect of persons deported from places east of the Morgan line. I am inclined to think that the Belgrade Agreement (Art. 6) does justify our intervention on behalf of such deportees. Clearly the Italians think so. If so, and, if there are no grounds for special representations in this case, the names might be added to the general lists now under preparation.

3. I recommend that the Ministry of Foreign Affairs be asked for further information about these agents. I have already raised this unofficially with Marchese Cittadini, but a formal inquiry would also be necessary.

Rome, September 17, 1945

Dear Admiral Stone,

I refer to your letter of August 22 (CC 1008) and previous correspondence concerning the preparation of list of Italians who have been deported from Venezia Giulia by Yugoslav authorities. On September 11, the Embassy received a memorandum from the Allied Commission (2221/90/EC) enclosing the remainder of the lists of these unfortunate individuals.

We were distressed to find, however, that the lists are not in a form in which they could be used by the American and British Missions in Belgrade in connection with their representations to the Yugoslav Government. In order to make the lists useful to the Allied Missions in Belgrade, I would suggest that:

1. They be compiled in one list.
2. Those discussions which are in Italian or bad English be properly translated.
3. The names and addresses of relatives whose complaints are the basis for the compilation of the lists be omitted.
4. The complete list be mimeographed or otherwise be printed in sufficient quantity to satisfy the needs of the Allied Embassies in Rome and Belgrade, the Foreign Office and State Department, the two Political Advisers at AFHQ and the appropriate Allied military authorities.

Could you assign an officer of the Commission to be responsible for the revision of the lists as outlined above and their immediate preparation? I am being pressed by my Government to submit the necessary data to the U.S. Mission to Belgrade at the earliest possible moment and I would be grateful if you could treat this request as a matter of urgency.

I am returning the lists, as received, directly to the office of the Executive Commissioner, with a copy of this letter.

Sincerely yours,

David McK. Key

Executive Commissioner (thru' Polad A)

Subject: Italians deported from Venezia Giulia by
the Yugoslav authorities.

Reference Executive Commissioner's memorandum No. 2321/90/20
of September 11th to the United States Embassy.

The copies of the 11 lists of deportees from Venezia Giulia
have been examined at the British Embassy and the following
comment is made on them.

The lists seem to come from different sources and present
a very mixed appearance. Some of them are in Italian and
others in badly translated English. The details given in the
lists are not always the same - some lists having descriptions
of the deportees and others merely the date of their deportation.
Finally some of the lists give the names and addresses of the
persons who have testified to the disappearance of friends or
relations. The dangers of passing this information to the
Yugoslav Government need not be emphasized.

It will be recalled that the representations which we
propose to make at Belgrade are Anglo-American and not Italian
ones. We are protesting by virtue of our position as trustees
for Venezia Giulia. In order not to detract from the value
of these representations, the British Embassy feels that the
lists we hand in should be an Anglo-American production.
Any indication of the Italian origin of the lists would inevitably
weaken their case. We cannot afford to present any surface for
the Yugoslavs to attack. The lists should therefore be uniform
in appearance, in good English, give the names and addresses
of the deportees and the date of their deportation and contain
no information which might prove harmful to individuals who may
later come under Yugoslav rule. Also several copies of the
lists are required for London, Washington and Belgrade.
Perhaps the lists could be mimeographed.

The British Embassy regrets that it has insufficient staff
to carry out the work of consolidating these lists in the
way suggested. It is doubtful whether the United States
Embassy has sufficient staff either. In any case the lists
which the two Embassies receive should be identical. In
these circumstances, it is suggested that an officer and clerk
of the Allied Commission be specially detailed to carry out this
work with the least delay. It has already taken many weeks
to get the lists at all and the two Governments are anxious to
make their representations in Belgrade.
