For twelve months I risked my life to help Allied soldiers, even helping them to escape during the Fascist occupation. For this I received 6,000 lire and a certificate of gratitude.

Being unemployed, I sent the certificate to the Ministry of War, which not only ignored it, but insulted me into the bargain. The reason for this, no doubt, is that all the ministries are controlled by friends of the fascists.

I beg nothing from you but a recommendation in order to enable me to find myself stable employment.

Al Maresciallo Sittanico Comandante

Dopo 12 mesi di inutili sacrifici e di continui
disturbi contro i nazisti dopo per 12 mesi più volte
aver rischiata la vita ad essere crivellato dal piompo
navista per salvare i nostri alleati ma non soltanto
dal piompo nazista ma più facile dal piompo
fascista ecco gli alleati che ci salvano da questi
barbari nemici. Ecco una ricompensa semplice di £ 1000
più un certificato il quale è accertato di graditudine
e riconoscimento per l'aiuto dato ai membri delle
Forze armate degli alleati che li ha messi in grado
di evadere o di evitare di essere catturati dal nemico
assente disoccupato da molto tempo e non avendo
nessun modo di fortuna lo presento il certificato
da Voi rilasciato e l'ho presentato al Ministero
della guerra il quale non o avuto nessun rispetto e

dal certificato da Voi rilasciato oggi da qualsiasi

Villa Literno, 10 January 1947

To: The Allied Force Headquarters

I, the undersigned, Tullio Paolo, have been held as Prisoner of War in the Concentration-camp of Himburg (Germany) from September 8th 1943 to April 1945. While in Germany, I married a white Russian girl. Upon the termination of the war, being destitute of everything, I returned to Italy.

Being unemployed and having to support with means of livelihood my wife and a child who was born to me, I find myself in the most dire conditions.

Therefore I am applying to your Headquarters in the hope that you will soften my present sufferings.

In the certainty that you will accede to my request, I thank you wholeheartedly.

TO : The Allied Commission,
R o m e.

Idro di Camoscio, 23 Dec 45.

The undersigned having heard through the press that the U.S. Government intends to indemnify the services rendered to the Allied troops during the period of co-belligerence, take the liberty of making the following statement regarding their aid to Allied fighting troops in the front line from the 20 September 1944 until the end of operations here which terminated with the advance towards the North on the 25 April 1945, in the hope that it may be included among those receiving indemnity.

As soon as the Versilia area was liberated the undersigned, all workmen of the Societa' Anonima Acquedotti Ferraresi which supplies drinking water to the Communes of Camoscio, Pietrasanta and Forte dei Marmi, immediately placed themselves at the disposition of the Allied Military Governors and military fighting Commands with the object of rapidly supplying the Allied troops with the drinking water necessary for their requirements.

This work was carried out by the undersigned under continuous German gunfire and always on minefields.

It was necessary to repair the main pipe line which together with the central pipe of the acqueduct had been blown up by the German SS before their retreat.

While repairing the good pipes the undersigned frequently found mines, warning of which they gave to the Allied troops.

In a brief space of time the principal damages to the pipes were repaired in such a way as to permit the Allied troops to be supplied regularly with drinking water even in the front line, from the area of Idro di Camoscio to the front line of Cinquale (Forte di Marmi.)

Frequently the Military Governors and fighting section Commands reported damages to the water pipe line from German gunfire and the undersigned, both by day and by night, always carried out the necessary repairs despite the dangers confronting them.

For this work the Governors provided the undersigned with a special permit which enabled them to circulate any hour of the day or night and even to visit the front line.

They would be immensely grateful if their case could be given kindly consideration and express their thanks in advance.

My husband, Dr. Kurt GUTENBERG, born in 1913 in Vienna, (Austrian national), veterinary surgeon in 278 Inf. Div., killed in action on 3 April '45 near TRIESTE, is temporarily buried in the cemetery of the civil cemetery at VERONA/ITALY.

According to information received from Italian authorities the bodies of Austrian and German soldiers will soon be put together in special graves. The father of my husband, Alois Guttenberg Dr. Josef GUTTENBERG, Vienna, as well as myself most fervently wish to bury the body of the only son and the husband respectively in our family tomb. The railway police of Reggio Calabria in 1937 began to persecute him and charged him with speaking badly of the above named railway police. On 21 Apr 37 the well known Vincenzo Simonetto, commander of the railway police, kept him under the observation of certain policemen who are still in the employ of the railway at S. The observation lasted each day from morning to night. He was later transferred to Siderno Marina, and was kept under the observation of the local marshall of the Carabinieri.

In the same year he was compelled to go to Rome to see General Raffaldi, commander of all the railway police. This general treated him as though he were a criminal and ordered his dismissal from the railway as an unsatisfactory worker. TRANSLATION

Verona, 22 November 1946.

The Allied Commission,
Rome.

The undersigned, Comino Fedora, having had the misfortune to lose her brother Comino Antonio di Pompeo, born at Verona on 14.2.1908, residing at Verona, whose death took place on the 12th January 1944 at the Allied Military Hospital ex S. C.C.S., which at that time was stationed at Vasto (Abruzzi-Prov. of Chieti), while he was employed as an interpreter of the 2 L.A.A. Royal Canadian Artillery, begs the Allied Commission to inform her of the present location of the hospital in which her brother died. This because, wishing to know in which way her dear one met his death, the fact is causing her a nightmare, and she would like to get in touch with the commandant and the Catholic chaplain of the said hospital to get more news and, if possible, the "Clinical card" of the lost brother. She would like to point out to the Allied Commission that she already has made repeated enquiries in Italy and in Germany (where she had been told that the above hospital had been transferred) but all in vain. The Office of the Italian Liaison Section 39th Inf. Regt. Co. F APO 9, U.S. Army, Munich, Berkommerstrasse 8, suggested to her during the last few days to apply to the Allied Commission in Rome.

In the hope of obtaining at last this much desired information, and thanking in advance, I remain,

Yours sincerely

/s/ Comino Fedora

The directors of the Benefit Asylum, in these moments, are getting really discouraged, having to satisfy many wants in such hard times.

It is difficult to get food which is expensive, but the shopkeepers allow us to delay the payment of our debts. Even then, we have many other wants really urgent and we cannot satisfy them completely.

Our 30 orphan children need underwear, dresses, wooden shoes, stockings and aprons. The old people need trousers, underwear, shoes and slippers.

I have got $\frac{1}{2}$ quintal of hemp and now I should get 80 pounds of cotton in order to weave the bedclothes, but I cannot buy the cotton because it is too expensive.

Another urgent want, is to get window panes, because the winter is approaching.

You can see how many wants we have. I do not expect that you send us so many things, but will you be so good as to try to aid us with money or with any sort of clothes.

I beg your pardon for my demand, and rely upon your attention.

Many thanks.

From 1920 through September 1923, I was employed with the Italian State Railroad as a clerk in the telegraph and ticket Office. I was a member of the Socialist Section of Castel di Sangro as such were my ideas. Yet, later on, though I had joined the Fascist Party in order to prevent being dismissed and was married with children, I was laid off. Since then I have been living a very miserable life as I did only found jobs with low wages. Further, though I was still a member of the Fascist Party, I was persecuted by the Fascists because of my old Socialist ideas.

Upon the fall of the Fascist Regime, all those who were in the same conditions as mine requested to be hired again. I too applied to the General Directorate of the State Railroad in Rome, and exhibited documents attesting that my dismissal was due to political motives only as I was a socialist. Yet the big-shots, who presumably are still Fascist, have not taken a favourable decision on my case alleging that I had belonged to the Fascist Party, as if my documents and the information given by the Carabinieri were not sufficient to prove that I have always been a socialist.

Now, I beg your Command, in consideration of the merits of my son, on whose behalf also General Clark intervened, to recommend my case to the Directorate of the State Railroad, so that I may be hired again. Thus I will be able to provide for the living of my family consisting of 8 children and you'll do justice to the father of a boy who has given his blood for America.

I rely on the benevolent consideration of your Command and thank you in advance.

R O M E
=====

Pardon me if I apply, to you disturbing for an act of justice:
I am CARTELLA Paul fu Giuseppe employed in the railway director of movement of trains in the station of Canicatti (Agrigento) Sicily.
From 1922, of 21 years of age I was a young director of movement and passed the list with matricular 224904.
In 1923 the fascist for vengeance I was discharged from the railway five of the family: my father, my two brothers my brother -in-law and myself returning from the army.

Ruining all my family bringing us to the utmost of poverty, because we were democrats with the honorable Guarino Amella, that was nominated major in Canicatti from the American's during the occupation.
We were compelled to expatriate because we were refused labour.

During this war my brother ran away from France not to fall into the hands of the German's, my other brother died because of the German's.
I returned after thirteen years.

I was employed in the railway in 1941 I endured all the bombardment of S. Cataldo remaining alive for a miracle.

I did all not to let the German's steal the merchandise and emptied the cistern of water so as not to give it to them.

When the American's entered I put myself under the gun firing of the German's bringing to reestablish the rails under the gun firing of the German's bringing food and munition to the Allied Forces.

For my honesty and behaviour I was praised by the inspector of railway-traffic of Caltanissetta Mr. Celosi.

The American captain Mr. Griffin of the R.T.O. after promoted major, asked me what I desired. I did not ask for nothing to demonstrate that my service was done with feeling's of my heart in favor for the American's I asked only for a pair shoes in April 20 1944 because my house was stolen during invasion.

My practice of systemation is definitely from the Section of Movement of Palermo, General Direction P.S. of Rome. With favorable report and information of my Inspector of Caltanissetta good in my favor.

I pray Your Excellency if you can help me by the General Direction Railway State of Rome (Villa Patrizi) for my definite systemation because it seems they want to discharge me once again.

At the time I did not ask for nothing of Major Griffin because I did not fear an eventual exoneration of the service after the chase of the fascist when other railwaymen asked for promotion and had it.

To-day I am compelled to turn to Your Excellency alone if you can help me.

sed the list with matricular 224904.

My practice of systemation is definitely from the Section of Movement of Palermo, General Direction F.S. of Rome. With favorable report and information of my Inspector of Caltanissetta good in my favor.

I pray Your Excellency if you can help me by the General Direction Railway State of Rome (Villa Patrizi) for my definite systemation because it seems they want to discharge me once again.

At the time I did not ask for nothing of Major Griffin because I did not fear an eventual exoneration of the service after the chase of the fascist when other railwaymen asked for promotion and had it.

To-day I am compelled to turn to Your Excellency alone if you can help me to have work, bread, tranquillity because it is 22 years that I have suffered. In name of the democratic party.

I will be grateful to you and also my mother in heaven.

TRANSLATION

Rotondi, 19 November 1946

To: The Supreme Allied Commander
in Chief - Allied Force Headquarters
Caserta

I, the undersigned, Giuseppe Maccaro, son of the late Pasquale and of the late Stella Gallo, born on 14 November 1886 at Rotondi and a resident thereof Contrada Casavalle No. 22, a farmer, am honored to apply to your Command for the following:

On 5 October 1943, during the German occupation, my son-in-law Eugenio Bove was murdered at Valle Candina. He had married a daughter of mine, by name Rosaria, who died on July 22nd 1943. He was survived by a one-year-aged daughter by name Giuseppina.

The father of this child was murdered, as above-said, by German Officers at Paolisi (Province of Benevento) where he was residing with his own family.

I, as tutor ad litem of the survived child, on February 1945 forwarded an application to your Command in order to obtain a compensation for the damages my pupil had suffered in consequence of her father's assassination. As until so far no answer has been given to me, I am driven to forward you, Sir, another application, in the sincere hope that you will do your best in order to alleviate the grievous misfortune my grand-daughter suffered, during the Nazi-occupation, owing to her father's assassination.

Encouraged by your fine feelings of goodness and generosity, I am sure that you will pay your highest and benevolent consideration to the case I lay before you.

While awaiting your kind reply, I beg you to accept my most heartfelt thanks and the feelings of my endless, warm devotion.

Devoutly yours,

437
